

QUALITY POLICY

DRUG REGULATORY AUTHORITY OF PAKISTAN

(To promote and protect public health through access to quality therapeutic goods)

We believe in health for all through access to therapeutic goods for advancement in health care system in Pakistan. Management of Drug Regulatory Authority of Pakistan is committed and endeavor to ensure access to safe, quality and efficacious therapeutic goods and the earliest availability of the latest treatment opportunities for people of Pakistan. We are determined to work in highly professional manners at par with international standards and best practices.

We, together with our partners, ensure compliance of therapeutic goods with statutory and regulatory requirements. We are dedicated to offer equivalent growth opportunities, ensure transparency and accountability with continual improvement of quality management system as per international standard ISO 9001:2015.
