	Type of Form	Form 5
	Finished product Specification	BP
	Pack size & Demanded Price	5'sx1ml (Polyethylene); As per SRO
	Approval status of product in Reference Regulatory Authorities	AERON 250 ipratropium bromide anhydrous 250 microgram/mL inhalation ampoule (LDPE). TGA approved, wherein active is ipratropium bromide monohydrate 261 microgram/mL. IPRATRIN UNI-DOSE ipratropium bromide monohydrate 250microgram/1mL inhalation ampoule. TGA approved
	Me-too status	Optra Nebuliser Solution. Reg. No. 57885
	GMP status	The firm was inspected on 03.04.2019, wherein **acceptable level** of GMP compliance was reported.
	Remarks of the Evaluator	• The firm was asked to revise label claim to "Ipratropium bromide as monohydrate. The firm did not revise the same.
	Previous decision	The Board in its 293rd meeting deferred the case for revision of label claim to Ipratropium bromide as monohydrate as per the label claim of the reference product.
	Evaluation by PEC	• The firm revised the label claim to Ipratropium bromide as monohydrate.

	Decision: Deferred for submission of requisite fee for revision of formulation.	
2767.	Name and address of manufacturer / Applicant	M/s Semos Pharmaceuticals Pvt Ltd. Plot No. 11, Sector 12-A, North Karachi, Krachi-75850, Pakistan
	Brand Name +Dosage Form + Strength	Sepgen 1000mg Dry Powder Injection
	Composition	Each Vial Contains: Cefepime as HCl monohydrate (with L-arginine)…1000mg
	Diary No. Date of R& I & fee	Dy No. 25675: 24.07.2018 PKR 20,000/-: 24.07.2018
	Pharmacological Group	
	Type of Form	Form 5
	Finished Product Specification	USP
	Pack size & Demanded Price	1's glass vial; as per PRC
	Approval status of product in Reference Regulatory Authorities.	MAXIPIME (cefepime hydrochloride) for injection, for intravenous or intramuscular use. **USFDA** approved
	Me-too status	Cefevial Injection 1.0gm IV. Reg. No. 80030 (does not depict L-argenine)
	GMP status	The firm was inspected on 19.09.2017, wherein grant of GMP certificate was recommended.
	Remarks of the Evaluator.	• The firm submitted revised Form 5, wherein name of signatory is not present on Form 5. • The reference product contains Cefepime as HCl monohydrate. Correction along with adjustment of its weight as per salt factor in Master Formula was asked from the firm. The firm did not revise the same.
	Previous decision	The Board in its 291st meeting deferred the case for revision of salt form in line with the reference product
	Evaluation by PEC	The firm did not revise the label claim meant for monohydrate salt form.
	Previous decision	The Board in its 293rd meeting deferred the case for revision of label claim along with submission of requisite fee.
	Evaluation by PEC	The firm revised "Cefepime as HCl and with L-arginine" to "Cefepime as HCl monohydrate (with L-arginine)". As per practice the Board usually does not demand fee for addition/deletion of hydrate form of API.
	Decision: Approved.	
2768.	Name and address of manufacturer / Applicant	Rock Pharmaceutical laboratories (Pvt.) Ltd., 134-B & 135-B Noweshera Industrial Estate, Risalpur
	Brand Name +Dosage Form + Strength	Zes Capsule 40mg
	Composition	Each capsule contains: Omeprazole (as enteric coated pellets)…..40mg
	Diary No. Date of R& I & fee	Dy No. 2675: 26.01.2017 PKR 100,000/-: 26.01.2017
	Pharmacological Group	Proton pump inhibitors
	Type of Form	Form 5
	Finished Product Specification	USP
	Pack size & Demanded Price	2x7's; As per SRO
	Approval status of product in Reference Regulatory Authorities.	Losec 40 mg hard gastro-resistant capsules. Approved by **MHRA**
	Me-too status	Omecap Capsule. Reg. No. 84494
	GMP status	The firm was inspected on 18.07.2018, wherein grant of GMP certificate was recommended. Source of pellets: not provided
	Remarks of the Evaluator.	• The firm submitted stability data of imported pellets of Ocean Pharmacoat (Pvt) Ltd, Hyderabad, India, which has already been approved for Zes 20mg capsules. • Latest GMP of the source of pellets is required.

		• The pellets have been tested as per in-house specifications.
	Previous decision	The Board in its 291st meeting deferred the case for GMP certificate of the source of pellets and clarification regarding testing of pellets as per in-house specifications.
	Evaluation by PEC	• The firm submitted GMP certificate of the source of pellets. • The firm submitted that the testing of pellets is not available in pharmacopeia therefore the testing is performed as per testing method of manufacturer.
	Previous decision	The Board in its 293rd meeting deferred the case for clarification for testing the pellets according to In-House specifications while the product is pharmacopoeial.
	Evaluation by PEC	The firm submitted that: • Pharmacopeial method will be followed for the finished product • Delayed release pelelts is not available in USP. • The pharmcopiea only contains monograph for API and these specifications are not applicable to omeprazole pellets. Morover the monograph of omeprazole API does not metion dissolution test.
	Decision: Approved.	
2769.	Name and address of manufacturer/ Applicant	M/s Hicon Pharmaceuticals. 131-Industrial Estate, Hayatabad

	Me-too status	Dopamat 250mg Tablet. Reg. No. 56148
	GMP status	The firm has been issued GMP certificate on the basis of inspection dated 03.11.2017.
	Remarks of the Evaluator.	•
	Previous decision	The Board in its 292nd meeting deferred the case for correction of pharmacological group.
	Evaluation by PEC	The firm revised the pharmacological group.
	Decision: Approved.	
2771.	Name and address of manufacturer / Applicant	M/s Wimits Pharmaceuticals (Pvt.) Ltd. Plot No. 129, Sundar Industrial Estate, Raiwind Road, Lahore
	Brand Name +Dosage Form + Strength	Danso 2mg/ml Injection
	Composition	Each ml Contains: Ondansetron as Hydrochloride dihydrate…2mg
	Diary No. Date of R& I & fee	Dy No. 25427: 23.07.2018 PKR 20,000/-: 23.07.2018
	Pharmacological Group	Serotonin (5HT3) antagonists
	Type of Form	Form 5
	Finished Product Specification	The claimed BP specifications. Available in USP
	Pack size & Demanded Price	4mlx5's; As per SRO
	Approval status of product in Reference Regulatory Authorities.	Ondansetron 2mg/ml Solution for Injection or Infusion (2ml, 4ml ampule). MHRA approved.
	Me-too status	Ondenles 8mg Injection (4ml). Reg. No. 80548 Adosetron 4mg Injection (2ml). Reg. No. 78789
	GMP status	The firm has been issued GMP certificate on the basis of inspection dated 03.11.2017.
	Remarks of the Evaluator.	• The applicant/signatory's name was missing in Form 5. The firm submitted revised form 5. • The firm was asked to clarify the pack size as you can get one filled volume (either 4ml or 2 ml) per registration. The firm did not respond to the clarification. • Revise 'Ondansetron as Hydrochloride dihydrate' to "Ondansetron Hydrochloride dihydrate' in master Formula only.
	Previous decision	The Board in its 291st meeting deferred the case for • Clarification of the pack size as you can get one filled volume (either 4ml or 2 ml) per registration • Revisision 'Ondansetron as Hydrochloride dihydrate' to "Ondansetron Hydrochloride dihydrate' in master Formula only.
	Evaluation by PEC	The firm demanded 4ml filled volume and revised 'Ondansetron as Hydrochloride dihydrate' to "Ondansetron Hydrochloride dihydrate' in master Formula.
	Decision: Approved.	
2772.	Name and address of manufacturer/ Applicant	M/s Scotmann Pharmaceuticals. 5-D, I-10/3, Industrial Area, Islamabad
	Brand Name + Dosage Form+ Strength	Metscot XR 750mg Tablets
	Composition	Each Extended Release Tablet Contains: Metformin Hydrochloride…750mg
	Diary No. Date of R & I & fee	Dy. No. 30411; 10.09.2018

		PKR. 20,000/-; 10.09.2018
	Pharmacological Group	Biguanides
	Type of Form	Form-5
	Finished product Specification	USP
	Pack size & Demanded Price	3x10's, 2x15's, 5x6's; as per SRO
	Approval status of product in Reference Regulatory Authorities	Metabet SR 750mg Prolonged-Release Tablets. MHRA approved DIABEX XR 750 metformin hydrochloride 750 mg extended release tablets blister pack. TGA approved
	Me-too status	Xormet XR Tablets 750 mg. Reg. No. 77131
	GMP status	The firm was inspected on 10.10.2018 and 17.10.2018 wherein grant of GMP certificate was recommended.
	Remarks of the Evaluator	• The firm has mentioned XR coating in the dossier. Upon clarification, the firm referred to the product in TGA which is white to off-white, capsule-shaped, biconvex tablet, debossed "750" on one side and "Merck", on the other side. • It is further submitted that the tablet in MHRA has no coating compositions and contain Hypromellose (E464), however, in the PAR of 500mg tablet, it is mentioned that the product is film-coated and the core does not contains any release retardant polymer.
	Previous decision	The Board in its 293rd meeting deferred the case for clarification of applied formulation with reference to the innovator's product, since the applied formulation has been coated with "extended release polymer" whereas the innovator product does not contain any such coating.
	Evaluation by PEC	The firm provided another reference product, i.e., Metforem 750 mg prolonged-release tablets, approved in **Finland,** wherein Hypromellose as used in the tablet core as well as in coating. It is pertinent to mention that metformin HCl Sr tablet in MHRA has film-caoting composed of Opadry white OY-7300 (hypromellose, titanium dioxide and macrogol 400).
	Decision: Approved.

	Diary No. Date of R & I & fee	Dy. No. 9219; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Treatment for intestinal coccidiosis
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	AMPROCIDIA WATER SOLUBLE POWDER. Reg. No. 28568
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	•
	Decision: Approved with USP specifications.	
2869.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Tiagence Powder
	Composition	Each 1000gm contains: Tiamulin as hydorgen fumarate…100gm Chlortetacycline as HCl …300gm
	Diary No. Date of R & I & fee	Dy. No. 9220; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Antibiotics
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	SB TIACLOR ORAL POWDER. Reg. NO. 48223
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	•
	Decision: Approved with innovator's specifications.	
2870.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Enro Ts Liquid
	Composition	Each ml contains: Enrofloxacin…75mg Sulphamethoxy Pyridazine…75mg Sulphamethazine…50mg Trimethoprim…25mg
	Diary No. Date of R & I & fee	Dy. No. 9229; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Antibiotics
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100ml, 500ml, 1L; Decontrolled
	Me-too status	CINA T.S ORAL SUSPENSION. Reg. NO. 31456 (enroflodicaine

		has been mentioned instead of enrofloxacin).
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	• The firm mentioned Sulphamethoxy Pyridazine in the label claim and Sulphamethoxy Pyridazine as sodium in the master formula and manufacturing outlines. Upon justification the firm revised the master formula.
	Decision: Deferred for clarification of composition of applied formulation since ratio of trimethoprim and sulphamethazine should be 1:5.	
2871.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Bro M Powder
	Composition	Each gm contains: Bromhexine HCl…20mg Menthol…4mg
	Diary No. Date of R & I & fee	Dy. No. 9230; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Expectorants
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	TUSNIL 2% POWDER. Reg. No. 75627
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	•
	Decision: Approved with innovator's specifications.	
2872.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Chlorotech Powder
	Composition	Each 100gm contains: Chlortetracycline HCl…..20gm
	Diary No. Date of R & I & fee	Dy. No. 9214; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Tetracyclines
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	W.S. CTC 20% POWDER. Reg. No. 41268
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	•
	Decision: Approved with innovator's specifications.	
2873.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Doc Powder
	Composition	Each 100gm contains: Doxycycline HCL…20gm Colistin sulphate…40,000,000IU Carrier q.s.…100gm
	Diary No. Date of R & I & fee	Dy. No. 9222; 28.02.2019

		PKR. 20,000/-; 28.02.2019
	Pharmacological Group	
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	DOXYCOL DS ORAL POWDER. Reg. no. 31482
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	• The firm has mentioned the carrier in the label claim. Upon clarification the firm submitted they have applied as per label of me-too product available in the market.
	Decision: Deferred for clarification of carrier in the applied formulation.	
2874.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	E Linco Powder
	Composition	Lincomycin HCl…4.4%
	Diary No. Date of R & I & fee	Dy. No. 9215; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Lincosamide
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	LINCOS-P POWDER. Reg. No. 49667
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	• The firm was asked to clarify Lincomycin HCl…4.4%. The firm submitted they have applied as per label of me-too product available in the market.
	Decision: Deferred for correction in the label claim of applied formulation.	
2875.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Elecox Powder
	Composition	Each 100gm contains: Amprolium HCL…30gm Sulphaquinoxalin sodium…20gm Vitamin K3…600mg
	Diary No. Date of R & I & fee	Dy. No. 9223; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Treatment of coccidiosis + vitamin K
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100g, 500g, 1kg; Decontrolled
	Me-too status	DYECOX WATER SOLUBLE POWDER. Reg. No. 74064
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	• The firm was asked to revise the strength of APIs in line with the me-too product along with submission of applicable fee. The firm submitted they have applied as per laebl of me-too product available in the market.
	Decision: Evidence of applied formulation/drug already approved by DRAP (generic / me-too status) alongwith registration number, brand name and name of firm.	

2876.	Name and address of manufacturer/ Applicant	M/s Elegance Pharmaceuticals. Chak Belli Pandori Road, Distt. Rawalpindi
	Brand Name + Dosage Form + Strength	Norfim S Liquid
	Composition	Each 100ml contains: Norfloxacin…10gm Sulphamethoxypyridazine sodium…15gm Trimethoprim…30gm
	Diary No. Date of R & I & fee	Dy. No.9224; 28.02.2019 PKR. 20,000/-; 28.02.2019
	Pharmacological Group	Antibiotics
	Type of Form	Form 5
	Finished product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	100ml, 500ml, 1 L; Decontrolled
	Me-too status	NORTRIM-S ORAL LIQUID. Reg. No. 75779
	GMP status	The firm was inspected on 29.11.2018 and 04.05.2019 with the following conclusion: The observation mostly been complied & working good level of GMP as of today.
	Remarks of the Evaluator	• Revise the strength of APIs in line with the me-too product along with submission of applicable fee.
	Decision: Deferred for revision of formulation as per me-too reference.

	Finished product Specification	Manufacturer's specification
	Pack size & Demanded Price	50ml; Decontrolled
	Me-too status	Neo Strep-Pen Injection (10ml, 50ml, 100ml). Reg. 053997 (Penicillin procaine, streptomycin Sulphate)
	GMP status	New Section Veterinary Liquid Injection Penicillin
	Remarks of the Evaluator	• Finished product is available as Procaine penicillin G, dihydrostreptomycin Sulphate injectable suspension in BP. The firm revised procaine penicillin to Penicillin G procaine without submission of fee.
	Previous decision	• The Board in its 294th meeting deferred the case for submission of fee for revision of salt form.
	Evaluation by PEC	• The frim submitted Rs. 5000/- fee.
	Decision: Approved with innovator's specifications.	
2882.	Name and address of manufacturer / Applicant	Grand Pharma Pvt Ltd Plot No. 5-A, Street No. N5, National Industrial Zone, Rawat, Rawalpindi
	Brand Name + Dosage Form + Strength	Streptocaine Injection
	Composition	Each ml contains: Penicillin G procaine……..200 mg dihydrostreptomycin Sulphate……...160 mg
	Diary No. Date of R&I & Fee	Dy. No. 21202: 18-10-2019, Rs. 20,000/-: 18-10.2019
	Pharmacological Group	Antibiotic
	Type of Form	Form-5
	Finished product Specification	Manufacturer's specification
	Pack size & Demanded Price	100ml; Decontrolled
	Me-too status	Neo Strep-Pen Injection (10ml, 50ml, 100ml). Reg. 053997 (Penicillin procaine, streptomycin Sulphate)
	GMP status	New Section Veterinary Liquid Injection Penicillin
	Remarks of the Evaluator	• Finished product is available as Procaine penicillin G, dihydrostreptomycin Sulphate injectable suspension in BP. The firm revised procaine penicillin to Penicillin G procaine without and streptomycin Sulphate to Dihydrostreptomycin Sulphate without submission of fee..
	Previous decision	• The Board in its 294th meeting deferred the case for submission of fee for revision of salt form.
	Evaluation by PEC	• The frim submitted Rs. 5000/- fee.
	Decision: Approved with innovator's specifications.	
2883.	Name and address of manufacturer / Applicant	Grand Pharma Pvt Ltd Plot No. 5-A, Street No. N5, National Industrial Zone, Rawat, Rawalpindi
	Brand Name + Dosage Form + Strength	Tri-Pen LA Injection
	Composition	Each ml contains: Benzathine Pencillin G…..…….100,000 IU Procaine Penicillin G……..150,000 IU Dihydrostreptomycin sulphate……..200 mg
	Diary No. Date of R&I & Fee	Dy. No. 21204: 18-10-2019, Rs. 20,000/-: 18-10.2019
	Pharmacological Group	Antibiotic
	Type of Form	Form-5
	Finished product Specification	Manufacturer's specification
	Pack size & Demanded Price	50ml; Decontrolled
	Me-too status	BPS-LA Injection (50ml). Reg. 080951
	GMP status	New Section Veterinary Liquid Injection Penicillin
	Remarks of the Evaluator	• Revise "Dihydrostreptomycin sulphate" to "Dihydrostreptomycin as sulphate" in the label

		claim only and adjust the weight of Dihydrostreptomycin sulphate in Master formula as per salt factor.
	Previous decision	The Board in its 294th meeting deferred the case revision of formulation including the salt form as per the DRAP approved generic product along with submission of revised master formulation and requisite fee.
	Evaluation by PEC	The frim submitted Rs. 5000/- fee. However, they did not revise "Dihydrostreptomycin sulphate" to "Dihydrostreptomycin as sulphate" in the label claim. In previous cases, the Board did not demand fee for revision of API in terms of salt equivalency.
	Decision: Deferred for revision of formulation as per me-too reference.	

Case no. 05 Registration applications of categories to be considered on priority

d. Local manufacturing applications of priority categories defined by Registration Board in its 257th meeting

e. Export facilitation

The following cases have been referred by Assistant Director (PR-I/EFD) Vide Letter No. 1-6/2019-PR.I (EFD): 27.12.2019, wherein the firm M/s Bio labs has achieved benchmark of USD 516077. The following 12 products are placed in the agenda.

2884.	Name and address of Manufacturer/ Applicant	M/s Bio-Labs (Pvt) Ltd. Plot No. 145, Industrial Triangle, Kahuta Road, Islamabad
	Brand Name + Dosage Form + Strength	Bio-Tim 45 Powder
	Composition	Each gram contains: Tiamulin hydrogen fumarate…450mg
	Diary No. D of R & I & Fee	Dy. No 1166: 09-01-2019 Rs. 20,000/-: 04-01-2019
	Pharmacological group	Antibiotics
	Type of Form	Form 5
	Finished product Specifications	Innovator's specifications
	Pack Size & demanded price	As per SRO
	Me-too status	Dynamutillin WSP 45 % Soluble PDR. Reg. No 14532
	GMP Status	Last inspection report: 05 & 06-12-2017 concludes fair level of GMP compliance.
	Remarks of Evaluator	Form 5 has been signed by the quality control manager.
	Decision: Approved.	
2885.	Name and address of Manufacturer/ Applicant	M/s Bio-Labs (Pvt) Ltd. Plot No. 145, Industrial Triangle, Kahuta Road, Islamabad
	Brand Name + Dosage Form + Strength	Super TD Powder 20/25g
	Composition	Each 100 gram contains: Tylosin Tartrate…20g Doxycycline hyclate…25g
	Diary No. D of R & I & Fee	Dy.No 1160: 09-01-2019 Rs. 20,000/-: 04-01-2019
	Pharmacological group	Antibiotics
	Type of Form	Form 5
	Finished product Specifications	Innovator's specifications
	Pack Size & demanded price	As per SRO
	Me-too status	RAPID-TD WATER SOLUBLE POWDER (20%/25%). Reg. No. 75660
	GMP Status	As above
	Remarks of Evaluator	• Form 5 has been signed by the quality control manager. • The firm had mentioned "Each gram contains: Tylosin Tartrate…20g, Doxycycline hyclate…25g in the label claim and Tylosin Tartrate…200g, Doxycycline

		HCl…250g per kg in master formula. Upon clarification, the firm revised the label claim to "Each 100 gram contains: Tylosin Tartrate…20g, Doxycycline hyclate…25g" without submission of fee. • Revision of Doxycycline HCl to Doxycycline hyclate in master formula is required.
	Decision: Deferred for revision of formulation alongwith applicable fee.	
2886.	Name and address of Manufacturer/ Applicant	M/s Bio-Labs (Pvt) Ltd. Plot No. 145, Industrial Triangle, Kahuta Road, Islamabad
	Brand Name + Dosage Form + Strength	Super Dox 80 Powder
	Composition	Each 1000gram contains: Doxycycline as hyclate…800g

	Previous remarks of the Evaluator.	
	Previous decision(s)	Deferred for confirmation/justification for manufacturing of

		the applied product in Liquid Ampoule (Oncology) section as applied product is not cytotoxic anti-cancer. Moreover, source of Octreotide (synthetic or biological) shall be submitted by the applicant along with relevant documents (M-275). Deferred for clarification of origin of API whether biological source or synthetic (M-287). Registration Board deferred the case for further delibration regarding source of API (M-289).
	Evaluation by PEC	The firm is granted GMP certificate based on inspection conducted on 17-03-2017. The firm has submitted that API source is BCN peptides, SPAIN and Octreotide produced by BCN peptides is claimed as synthetic origin material. (Declaration from BCN peptides, Spain and Certificate of analysis of is attached herewith).
	Decision: Registration Board deferred the case for confirmation of source of API whether biological or synthetic.	

Case no. 02 Registration applications of import cases

c. Deferred Cases (Human)

	Fee including differential fee	Rs. 50,000/- Dated 3-9-20178
	Brand Name +Dosage Form + Strength	Fluomizin vaginal tablet
	Composition	Each tablet Contains: Dequalinium chloride ……10 mg
	Finished Product Specification	Manufacturer
	Pharmacological Group	Gynecological anti-infective and antiseptic.
	Shelf life	36 months

	Demanded Price	Rs. 1705/-
	Pack size	1 blister (PVC/PE/PVdc) of 6 vaginal tablet
	International availability	Fluomizin 10 mg vaginal tablets (MHRA approved)
	Me-too status	NA
	Detail of certificates attached	**CoPP** Original legalized CoPP confirms free sale status in the exporting country With following details: Certificate No: Pierre fabre phrma-005-2017 Certifying Authority: Regierungsprasidium Tubingen Leitstelle Arzneimitteluberwachung Baden-Wurttemberg Konrad-Adenauer-Strasse 20 D-72072 Tubingen Date of issue: 13-October-2017 **Letter of authorization** The firm has submitted notarized copy of letter of authorization between Medinova, AG Switzerland and Zam Zam pharmaceuticals Issue Date: 7-June 2018
	Remarks of the Evaluator.	The firm has submitted Stability study data for following 3 batches as per Zone IV-B conditions. 380088 380098 380152 Upon clarification, the firm has submitted that Medinova AG is the marketing authorization holder in Switzerland. Pierre fabre pharma GmbH located at Germany is the distribution partner of Medinova AG for Fluomizin Vaginal Tablets. Pierre fabre pharma GmbH is the marketing authorization holder in Germany and therefore the CoPP issued by German authorities is indicating Pierre Fabre GmbH as the product licence holder.
	Deferred for clarification regarding details of marketing authorization holder of applied formulation (M-291). **Evaluation by PEC:** The firm has submitted clarification from principal as below: "We, Medinova AG, located at Eggbühlastrasse 28, 8050 Zürich confirm that Medinova AG is the product owner of Floumizin vaginal tablets that is marketed currently in 60 countries. Medinova AG is the marketing authorization holder in Switzerland, however, has licensed the distribution of Fluomizin vaginal tablets to pharmaceutical companies in different countries. The collaboration between Medinova AG and Pierre fabre pharma GmbH is defined in distribution agreement like the one with Zam Zam Pharmaceuticals, our distribution partner for Pakistan. Pierre fabre pharma GmbH is the marketing authorization holder in Germany and therefore the CoPP issued by German authorities is indicating Pierre Fabre GmbH as the product licence holder."	
	Registration Board deferred the case for clarification regarding details of marketing authorization holder of applied product (M-292). **Evaluation by PEC:** The firm has submitted copy of CoPP (certificate No. 20001403) issued on 23/03/2020. According to which the product is available in market of exporting country and GMP is as per WHO recommendation. The firm has submitted that they will submit original legalized CoPP at the time of issuance of letter and has clarified that the product License holder is M/s Medinova AG, Switzerland which is true according to submitted copy of CoPP. **Following details were provided in the CoPP** **Name and address of Product licence holder:** M/s Medinova AG, Eggbuhlstr 28 CH-8050 Zurich Switzerland **Name and address of manufacturer:**	

	M/S Rottendorf pharma, GmbH Ostenfelder str 51-61 DE-59320,Enigerloh Germany **Exporting Country:** Switzerland **Letter of authorization** The firm has submitted notarized copy of letter of authorization between Medinova, AG Switzerland and Zam Zam pharmaceuticals Issue Date: 7-June 2018 **Additional manufacturers** **A. Active pharmaceutical Ingredient (API)** **----------X----------** **B. Packaging** M/S Rottendorf pharma, GmbH Am Fleigendahl 3 DE-59320,Enigerloh Germany **C. Analysis** M/s Medinova AG, Eggbuhlstr 28 CH-8050 zurich Switzerland M/s Labor Zollinger AG Scharenmoostr 105 CH-8050 zurich Switzerland **D. Batch release** M/s Medinova AG, Eggbuhlstr 28 CH-8050 zurich Switzerland The firm has submitted of Fee of Rs. 5000/- (deposit slip # 0789383) dated 19-05-2020 for variation in application. The firm has submitted Revised Form-5A with correct address of manufacturer and applicant.
	Decision: Approved as per policy for inspection of manufacturer abroad.

Case no. 03 Registration applications of drugs for which stability study data is submitted

a. Verification of stability study data

Manufacturing Date	22-10-2018	23-11-2018	23-11-2018
Date of Initiation	10-01-2019	10-01-2019	10-01-2019
No. of Batches	03		
Date of Submission	25236 (27-11-2019)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT		
Sr. No.	**Documents To Be Provided**	**Status**
1.	COA of API.	Copy of COA (Batch# 201612001) from M/s Nantong Chanyoo Pharmatech Co., Ltd, China is submitted.

2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP certificate issued to M/s Nantong Chanyoo Pharmatech Co., Ltd, China by Nantong Food and Drug administration. Valid up to 07-09-2020.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted copy of commercial invoice attested by ADC, DRAP, Karachi dated 26-01-2017.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

Sr. No.	Observations	Response of the firm
1.	GMP certificate of the API manufacturer i.e., M/s Nantong Chanyoo Pharmatech Co, Ltd. China, issued by relevant provincial or state regulatory authority is required.	As the China Food and Drug Administration (CFDA) has closed the issuance of cGMP since January 2019. Instead, the city FDA that is Nantong Food and Drug Administration issues the provided cGMP having validity 07-09-2020. Moreover, the firm has enclosed the copy of Drug manufacturing license issued by provincial FDA has been submitted.
2.	Justify dissolution specifications NLT 80% (Q) in 45 min since dissolution specifications of FDA approved product Entresto 24/26mg Tablet is NLT Q in 25min	The firm has submitted that based on scientific rationale, we have revised dissolution specifications of our subject product range i.e., NLT 80% (Q+5%) in 25 min in line with USFDA approved product Entresto and performed onward stability study on this revised specification. A complete study report on dissolution study is enclosed.

3350.	Name and address of manufacturer / Applicant	M/s Scilife Pharma (Pvt.) Limited., Plot # FD-57/58-A2, Korangi Creek Industrial park, Karachi

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets by M/s. Scilife Pharma (Pvt) Ltd., Plot # FD-57/58-A2, Korangi Creek Industrial Park, Karachi.

Reference No: F.1-2/2020-PEC dated 22nd April, 2020.
Investigation Date and Time: 05-05-2020 (Morning).
Investigation Site: Factory premises of M/s. Scilife Pharma (Pvt) Ltd., Plot # FD-57/58-A2, Korangi Creek Industrial Park, Karachi.
Background:
Registration Board meeting considered the applications of M/s. Scilife Pharma (Pvt) Ltd., Plot # FD-57/58-A2, Korangi Creek Industrial Park, Karachi for registration of Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets. Registration Board considered scientifically rational laboratory scale data submitted by the firm as pre-requisite of registration being new formulation and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm as per decision of Registration Board and to submit report for further consideration.
Composition of Panel:

4. Mr. Syed Adnan Rizvi, Director, Drug Testing Laboratory, Government of Sindh, Karachi.
5. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.
6. Dr. Krishan Das, Assistant Director, DRAP, Karachi.

Scope of investigation:
Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.
Tools for Investigation:
The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the import of API?	Firm has imported 2.0 kg Sacubitril + Valsartan trisodium hemipentahydrate (LCZ696) from M/s Nantong Chanyoo Pharmatech Co. Ltd, China having Invoice No CY116378 Dated: 29-12-2016, Batch number 201612001 and material is cleared by DRAP Karachi on 26-01-2017.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation criteria being implemented by the firm. The parameters included in this criteria are, DMF status, GMP certificate, Stability data, provision of reference standard of API and impurities standards etc. The source is already qualified with respect to NDMA & NEMA. The firm has evaluated on these criteria and selected accordingly.
3.	Do you have documents confirming the import of reference standard and impurity standards?	The firm has documents confirming the import of reference standard of the API having invoice number CY118172 dated 13-06-2018 while impurity standards received directly from manufacturer.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis of the API, reference standard and impurities standards.
5.	Do you have any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has GMP certificate of API manufacturer issued by NANTONG FOOD AND DRUG ADMINISTRATION CHINA (Valid till 07-09-2020).
6.	Do you use API manufacturer method of testing?	Firm has used API manufacturer`s method for testing Sacubitril + Valsartan API (LCZ696).
7.	Do you have stability studies reports on API?	Firm has stability studies reports on API as provided by the manufacturer.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	Stability testing has been performed as per Stability Indicating Method (SIM) and impurities/related substances/degradation products quantified.

<table>
<tr><td>9.</td><td>Do you have method for quantifying the impurities in the API?</td><td>The firm has method for quantifying the impurities in the API. The method has been provided by the API manufacturer.</td></tr>
<tr><td>10.</td><td>Do you have some remaining quantities of the API, its reference standard and impurities standards?</td><td>The firm has remaining quantities of the API, reference standards of API and impurities standards.</td></tr>
<tr><td>11.</td><td>Have you used pharmaceutical grade excipients?</td><td>Firm has used pharmaceutical grade excipients including Microcrystalline Cellulose 102, Crospovidone, Magnesium Stearate, Talcum Powder, Aerosil 200, Hydroxy propyl cellulose low substituted, PEG 6000, HPMC 6CPs, Titanium dioxide and Ferric Oxide Red.</td></tr>
<tr><td>12.</td><td>Do you have documents confirming the import of the used excipients?</td><td>Firm has purchased some excipients from the local market and other imported. Necessary documents available and the certificate of analysis for all the excipients available.</td></tr>
<tr><td>13.</td><td>Do you have test reports and other records on the excipients used?</td><td>Firm has test reports and other records on the excipients used.</td></tr>
<tr><td>14.</td><td>Do you have written and authorized protocols for the development of the product?</td><td>Firm has written and authorized protocol for the development of the product.</td></tr>
<tr><td>15.</td><td>Have you performed Drug-excipients compatibility studies?</td><td>Firm has not performed Drug-excipients compatibility studies as their formulation is similar to that of the innovator formulation (Entresto Tablets).</td></tr>
<tr><td>16.</td><td>Have you performed comparative dissolution studies?</td><td>The firm has performed comparative dissolution studies in three media including pH 1.2, pH 4.5 and pH 6.8 buffers with Entresto 24/26 mg, 49/51mg and 97/103mg tablets of M/S. Novartis Europharm limited UK. All strengths of the firm‘s product results are comparable to that of the Reference product strengths which are given below,

<tr><td>19.</td><td>Are the equipment's in product development section qualified?</td><td>Equipment in product development section are qualified.</td></tr>
<tr><td>20.</td><td>Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?</td><td>Firm has proper maintenance / calibration / re-qualification program for the equipment used in PD section.</td></tr>
<tr><td>21.</td><td>Do you have qualified staff in product development section with proper knowledge and training in product development?</td><td>The firm has trained and qualified staff in product development section including two pharmacists and three chemists, with proper knowledge and training in product development.</td></tr>
<tr><td>22.</td><td>Have you manufactured three stability batches for the stability studies of the product as required?</td><td>The firm has manufactured three stability batches for the stability studies of Intreztu 24/26mg, Intreztu 49/51mg tablets and Intreztu 97/103mg tablets respectively. The details are given below,
<table>
<tr><td rowspan="2">S. #</td><td colspan="2">Intreztu 24/26mg,</td><td colspan="2">Intreztu 49/51mg,</td><td colspan="2">Intreztu 97/103mg,</td></tr>
<tr><td>B. No.</td><td>B. Size</td><td>B. No.</td><td>B. Size</td><td>B. No.</td><td>B. Size</td></tr>
<tr><td>1</td><td>182B18</td><td>2,500</td><td>183B18</td><td>2,500</td><td>184B18</td><td>1,250</td></tr>
<tr><td>2</td><td>197B18</td><td>1,250</td><td>199B18</td><td>1,250</td><td>201B18</td><td>625</td></tr>
<tr><td>3</td><td>198B18</td><td>1,250</td><td>200B18</td><td>1,250</td><td>202B18</td><td>625</td></tr>
</table>
</td></tr>
<tr><td>23.</td><td>Do you have any criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing the batch size of stability batches, as informed by the firm, was based on the quantity required for stability study (i.e. number of tablets per testing frequency and number of testing frequencies / intervals).</td></tr>
<tr><td>24.</td><td>Do you have complete record of production of stability batches?</td><td>Firm has complete record of production of stability batches.</td></tr>
<tr><td>25.</td><td>Do you have protocols for stability testing of stability batches?</td><td>Firm has detailed protocol for stability testing of stability batches.</td></tr>
<tr><td>26.</td><td>Do you have developed and validated the method for testing of stability batches?</td><td>The Firm has developed and performed detailed analytical method validation studies for testing of stability batches.</td></tr>
<tr><td>27.</td><td>Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?</td><td>Firm has not conducted method transfer studies, however, they have validated their method properly.</td></tr>
</table>

28.	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of API and the finished drug?	Firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of API and the finished drug.
29.	Do your method of analysis stability indicating?	Firm's method of analysis is stability indicating as evidenced by records of forced degradation and impurities spiking studies.
30.	Do your HPLC software is 21CFR compliant?	The HPLC software is 21CFR Compliant as per record of the firm. Audit trail was active on all HPLC systems used in the method validation and stability study. Individual user log in and IDs were available.
31.	Can you show Audit Trail reports on product testing?	Audit trail reports were available and randomly checked.
32.	Do you have some remaining quantities of degradation products and stability batches?	Firm has remaining quantities of stability batches.
33.	Do you have stability batches kept on stability testing?	Firm has completed the accelerated stability testing on the three stability batches of every strength however the real time stability testing is in progress on all the stability batches. Currently 12 months' study has been completed with satisfactory results.
34.	Do you have valid calibration status for the equipment's used in production and analysis?	Firm has valid calibration status for the equipment used in production and analysis of the product.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Continuous power supply and monitoring are available for stability chambers.
36.	Do related manufacturing area, equipment's, personnel and utilities be rated as GMP compliant?	The related manufacturing area, equipment, personnel and utilities are rated as GMP compliant.
37.	To verify whether the firm has revised their dissolution specification as per innovator in the finished product specification document.	The firm has revised their dissolution specification as per innovator in the finished product specification document which is NLT 80% (Q+5%) in 25 minutes and performed studies on all strengths kept on real time study at 14 months as a special case which will be followed onward for stability batches.

Conclusions:

4. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets is verifiable to satisfactory level.
5. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets.

Recommendations:

The Firm may kindly be granted registration Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets.

Decision: Registration Board decided to approve registrations of "Intreztu 24/26mg, 49/51mg and 97/103mg (Sacubitril + Valsartan) Tablets by M/s Scilife Pharma (Pvt.) Limited., Plot # FD-57/58-A2, Korangi Creek Industrial park, Karachi. Manufacturer will place first three production batches of the product on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Batch Size	1500 tablets	1500 tablets	1500 tablets
Manufacturing Date	09-07-2018	09-07-2018	10-07-2018
Date of Initiation	11-07-2018	12-07-2018	12-07-2018
No. of Batches	03		
Date of Submission	11-07-2019 (Dy. No. 11530)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT		
Sr.#	Documents To Be Provided	Status
1.	COA of API	Copy of COA of Sacubitril-Valsartan (LCZ696) from M/s Zhejiang Tianyu pharmaceutical Co. Ltd., China is submitted.

2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP Certificate (Certificate#ZJ20160065) for M/s Zhejiang Tianyu pharmaceutical Co. Ltd., China issued by China Food and Drug Administration, China. It is valid till 05-12-2021.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted copy of commercial invoice for the purchase of Sacubitril-Valsartan (1.5Kg) attested by ADC, DRAP Peshawar dated 08-05-2018.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

Sr. No.	Observations	Response by the applicant
1.	Justify dissolution specifications NLT 75% (Q) in 30 min since dissolution specifications of FDA approved product Entresto 24/26mg Tablet is NLT Q in 25min.	The firm has submitted that dissolution rate of both test and reference product submitted in phosphate buffer (pH 6.8) is more than 85% in 10min as shown in dissolution comparison. So for routine quality control test of dissolution in commercial batches we will adopt the innovator specifications i.e., NLT 80% (Q) in 25 minutes.
2.	Stability study data sheet shows that there is a difference of 8 months from date of manufacturing and date of initiation of stability studies. Clarification is required.	The firm has submitted that in stability reports the manufacturing 15-12-2017 and Expiry 14-12-2019 is mentioned for API mistakenly instead of the Mfg and expiry of product.We apologize for our mistake and committed to avoid such mistake in coming dossiers.

Decision:

INSPECTION REPORT VERIFICATION OF AUTHENTICITY OF STABILITY DATA
M/s Genome Pharmaceuticals Pvt Ltd plot#16/I- Phase IV, Hattar

Product:

1. Valsac 24mg/26 mg Tablets
2. Valsac 49mg/51 mg Tablets
3. Valsac 97mg/103 mg Tablets

Date of inspection 10-03-2020 in compliance to letter No.F.-2/2020-PEC dated 18-02-2020

Q. No.	QUESTION	OBSERVATION BY PANEL
1.	Whether the firm has documents confirming import of API?	The firm has imported 1.5 Kg Sacubitril - Valsartan (LCZ696 49%:51%) API complex from M/s ZHEJIANG Tianyu Pharmaceutical Co., Ltd China, vide invoice No. MT1803019C dated 26-05-2018.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation form being implemented by the firm and the rationale behind selecting the manufacturer is its GMP status.
3.	Whether documents confirm the import of Valsartan/Sacubitril reference standard and impurity standards?	The Firm Purchased reference standard of Valsartan/Sacubitril and impurities standard LCZ696 LACTAM Impurity and LCZ696 DIACID Impurity from API manufacturer with Lot of material. COA of working standard and impurity standard are available
4.	Whether the firm has certificate of Analysis of the API, reference standards and impurity standards from exporter?	COA of working standard LCZ696 Batch No 71101 and impurity standard LCZ696 LACTAM Batch No. IRS160901 and LCZ696 DIACID Batch No. IRS 160101 are available
5.	Whether the firm has any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has GMP Certificate of API manufacturer issued by regulatory authority of country of origin (China) bearing date 15/03/2018 valid till 14/03/2023.
6.	Whether firm use API manufacturer method of testing?	Firm has used manufacturer method for testing of co-crystallized API complex. Furthermore the validation data has also been provided by manufacturer.
7.	Whether firm has stability studies reports on API?	Firm has accelerated and real time stability studies reports on API co-crystal complex Valsartan + Sacubitril performed by manufacturer of API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	Stability testing has been performed by manufacturer method, and manufacturer method is stability indicating (SIM). Degradation products have been quantified.
9.	Whether firm has method for quantifying the impurities in the API?	Firm has manufacturer validated method for quantifying impurities in API complex Valsartan + Sacubitril
10.	Whether firm have some remaining quantities of the API, its reference standard and impurities standards?	Firm has consumed the co-crystal API Valsartan + Sacubitril in manufacturing of Trial batches VLC50-T001, VLC50-T002, VLC50-T003, VLC100-T001, VLC100-T002, VLC100-T003, VLC200-T001, VLC200-T002 and VLC200-T003. The remaining portion of reference standards and

		impurity standards are available.
11.	Whether firm has used pharmaceutical grade excipients?	Excipients used are: Core: Magnesium Stearate BP/ USP (FACI Asia pacific Pte Ltd), Crospovidone USP (Boai NKY Pharma, China), LHPC (Shandong Head co., China), Avicel-200BP/USP (JRS Pharma Germany), Aerosil-200 BP/USP (Evonik Industries), Talcum BP, IPA BP Taiwan Coating HPMC E5 BP/USP, (Dow chemical USA), Titanium dioxide BP/USP (Kronos Titan), Polyethylene glycol 6000 BP/USP (PAN Asia Chemical Taiwan, Talcum BP, IPA BP Taiwan. All the excipients are pharmaceutical grade.
12.	Whether firm has documents confirming the import of the used excipients?	Magnesium Stearate BP/ USP (FACI Asia pacific Pte Ltd), Crospovidone USP (Boai NKY Pharma, China), LHPC (Shandong Head co., China), Avicel-200BP/USP (JRS Pharma Germany), Aerosil-200 BP/USP (Evonik Industries)Are imported While Polyethylene glycol 6000 BP/USP (PAN Asia Chemical Taiwan, Titanium dioxide BP/USP (Kronos Titan), Talcum BP and IPA BP Taiwan are purchased from local vendor.
13.	Whether firm have test reports and other records on the excipients used?	Firm provided Lab test reports and certificate of analysis for all excipients.
14.	Whether firm has written and authorized protocols for the development of Valsartan + Sacubitril tablets?	Firm has written protocol for the development of Valsartan + Sacubitril (Valsac 24mg/26 mg, Valsac 49mg/51 mg and Valsac 97mg/103 mg Tablets) The firm also developed detailed Standard manufacturing procedure and batch processing sheet for manufacturing of trial batches.
15.	Whether firm has performed Drug-excipients compatibility studies?	The firm have not performed drug-excipients compatibility studies.
16.	Whether firm has performed comparative dissolution studies?	Firm has performed In vitro comparative dissolution studies with innovator product (Entresto 50 mg, 100 mg and 200 mg) Novartis Switzerland in three different medium. The dissolution profile is comparable and similarity factor and difference factor are calculated according to FDA guidelines.
17.	Whether firm has product development (R&D) section	The firm has product development (R&D) with requisite manufacturing and testing facility.
18.	Whether firm has necessary equipment available in product development section for development of Valsartan + Sacubitril tablets?	The firm has all necessary equipment for manufacturing and testing of Valsartan + Sacubitril tablets in product development section.
19.	Are the equipment in product development section qualified?	All the equipment in R&D section are calibrated and qualified.
20.	Whether firm have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	Proper external calibration and maintenance implemented and all the equipment are calibrated.
21.	Whether firm has qualified staff in product development section with proper knowledge and training in product development?	Firm has qualified staff with proper knowledge with product development in product development section.

22.	Whether firm has manufactured three stability batches for the stability studies of Valsartan + Sacubitril Tablets as required?	Firm has manufactured three stability batches for each Valsac 24mg/26 mg, Valsac 49mg/51 mg and Valsac 97mg/103 mg Tablets with batch size of 1500 tablets for Valsac 24mg/26 mg, Valsac 49mg/51 each, and 1250 for Valsac 97mg/103 mg. For each bacth.
23.	What were the criteria for fixing the batch size of stability batches?	Criteria for fixing batch size of stability batches is number of tablets per testing and number of testing frequencies according to 276th DRB meeting.
24.	Whether firm has complete record of production of stability batches?	Firm has complete record of production of stability batches.
25.	Whether firm have protocols for stability testing of stability batches?	Firm has developed protocols for stability testing of stability batches. Procedure of stability studies, Log registers with complete schedule and monthly schedule of testing available. Testing was done on monthly basis i.e. Real time stability studies: 0, 3rd, 6th, 9th, 12th, 18th and 24th months Accelerated stability studies: 0, 1st, 2nd, 3rd, 4th & 6th months as per 276 DRB meeting.
26.	Whether firm has developed and validated the method for testing of stability batches?	Firm has used In-house validated HPLC method for testing of Assay and Dissolution in stability batches.
27.	Whether firm has method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies are not performed Firm has used In-house validated HPLC method for testing of Assay and Dissolution in stability batches.
28.	Whether firm has documents confirming the qualification of equipment / instruments being used in the test and analysis of Valsartan + Sacubitril API and the finished drug?	Firm has documents confirming the qualification of equipment / instruments of quality control being used in the test and analysis of Valsartan + Sacubitril API and the finished product Valsartan + Sacubitril tablets.
29.	Whether firm has stability indicating method of analysis?	Firm has used Manufacturer method for testing of API complex and finished product. The method is stability indicating and impurities in API are quantified.
30.	Whether firm has HPLC software 21CFR compliant?	The HPLC (KNAUER Azura UVD2.1L Germany) software ClarityChrome V 2.1 is 21CFR Compliant.
31.	Whether firm could you show Audit Trail reports on Valsartan + Sacubitril testing?	Complete Audit trail on the testing reports were provided by the firm and demonstrated accordingly.
32.	Whether firm have some remaining quantities of degradation products and stability batches?	Firm has remaining quantities of stability batches however there is no quantity of degradation products.
33.	Whether firm has commitment batches kept on stability testing?	Firm has three commitment batches kept on stability testing in stability chamber with accelerated and real time stability conditions.
34.	Whether firm has valid calibration status for the equipment used in Valsartan + Sacubitril tablets production and analysis?	Firm has proper calibration schedule and valid calibration status for the equipment used in Valsartan + Sacubitril tablets.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Firm possess two stability chambers for accelerated and real time stability testing. Both chambers were found qualified. The chambers have been provided with continuous power supply and digital data loggers with record of test period.
36.	Do related manufacturing area, equipment, personnel and utilities be	Firm was operating under satisfactory level of cGMP compliance.

	rated as GMP compliant?	

Conclusions:

- On the basis of risk based approach the genuineness / authenticity of stability data submitted by the firm for registration of Valsac 24mg/26 mg Tablets, Valsac 49mg/51 mg Tablets and Valsac 97mg/103 mg Tablets (Valsartan + Sacubitril) is verifiable to satisfactory level.

Decision: Registration Board decided to approve registrations of "Valsac 24mg/26 mg Tablets, Valsac 49mg/51 mg Tablets and Valsac 97mg/103 mg Tablets (Valsartan + Sacubitril) by M/s Genome Pharmaceuticals Pvt Ltd plot#16/I- Phase IV, Hattar. Manufacturer will place first three production batches of the product on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

REMARKS OF EVALUATOR

- The firm has applied Dexlansoprazole enteric coated pellets while reference formulation contains dual delayed release pellets.

Name of Manufacturer	M/s. DeMont Research Laboratories (Pvt.) Ltd.,
Physical Address	20 Km. Sharikpur Road, Sheikhupura.
Drug Manufacturing license No. and Validity (Date of application for DML renewal)	000844.
Contact Address	20 Km. Sharikpur Road, Sheikhupura.
Date of inspection	16-01-2020.

Purpose of inspection	Verification of Authenticity of Stability Data
Name of inspector (s)	Mr. Shaheen Iqbal, Director DTL, Lahore. Mrs. Majida Mujahid, Federal Inspector of Drugs, Lahore. Ms. Maham Misbah, Assistant Director, Lahore.
Name of Firm's Representative (s) accompanying during inspection	Mr. Bilal Ajmal, (CEO), Mr. Shahid Niazi, (Production Manager), Mr. Basit Majid, (Quality Control Manager), Ms. Tyaba Rasool, (Quality Assurance Manager).

Sr. No	Questions	Observations
1	Whether the firm has documents confirming import of API?	Not Applicable. Firm had locally purchased Dexlansoprazole DDR 17% pellets from M/s. Vision Pharmaceuticals vide invoice No. 402171 dated 20-03-2018.
2	What was the rationale behind selecting the particular manufacturer of API?	The rationale for selecting the manufacturer was the cGMP status of M/s Vision Pharmaceuticals, and compliance with the vendor qualification SOP, as informed by the firm's management.
3	Whether documents confirm the import of API reference standard and impurity standards?	Not applicable. Firm had locally purchased Working standard of API from principal manufacturer. Impurity standards were taken as a loan from M/s Dyson Research Laboratories (Pvt) Ltd..
4	Whether the firm has certificate of Analysis of the API, reference standards and impurity standards from exporter?	Firm had certificates of analysis for the APIs, working standards and impurity standards. API Batch No: DLP252, Mfg date: 02/18, Exp. date: 02/21. Working standards Batch No: 1706013, Mfg date: 04/17, Exp. date: 03/22. Impurity standards i. Sulfide. Sulfide/WS-01/17, Mfg date: 12/17, Exp. date: 11/18. ii. Sulfone. Sulfone/WS-01/17, Mfg date: 12/17, Exp. date: 11/18.
5	Whether the firm has any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Last cGMP inspection conducted on 11.02.2019 by DRAP team and the report concludes that the firm was operating at a good level of cGMP compliance.
6	Whether firm use API manufacturer method of testing?	Yes.
7	Whether firm has stability studies reports on API?	Yes.
8	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	Yes.
9	Whether firm has method for quantifying the impurities in the API?	Yes.
10	Whether firm has some remaining quantities of the API, its reference standard and impurities standards?	Firm had some remaining quantities of API, working standards and impurity standards.
11	Whether firm has used pharmaceutical grade excipients?	No excipients used in the process. Firm is only filling the pellets in capsules.
12	Whether firm has documents confirming the import of the used excipients?	Not applicable.
13	Whether firm has test reports and other records on the excipients used?	Not applicable.

14	Whether firm has written and authorized protocols for the development of tablets?	Yes.
15	Whether firm has performed Drug-excipient compatibility studies?	Not applicable.
16	Whether firm has performed comparative dissolution studies?	Firm had performed comparative dissolution studies with Dexilant capsules manufactured by M/s Takeda Pharma Co., Ltd, Japan.
17	Whether firm has product development (R&D) section?	No. Capsules were filled with pellets using semi-automatic capsule filling machine installed in the commercial production area.
18	Whether firm has necessary equipment available in product development section for development of finished product?	No.
19	Are the equipment in product development section qualified?	Equipment of commercial production was used. The equipment was qualified. Firm was advised to upgrade to automatic capsule filling machine.
20	Whether firm has proper maintenance / calibration / re- qualification program for the equipment used in PD section?	Firm had valid calibration certificates of the major equipment used in product development.
21	Whether firm has qualified staff in product development section with proper knowledge and training in product development?	No. Separate staff for product development was not available.
22	Whether firm has manufactured three stability batches for the stability studies of finished product tablets as required?	Firm had manufactured three stability batches each for the stability studies of finished products Dexlansoprazole 30mg and Dexlansoprazole 60mg. Dexlansoprazole 30mg (Batch No.s TC001, TC002, TC003) and Dexlansoprazole 60mg (Batch No.s TC004, TC005, TC006).
23	What was the criteria for fixing the batch size of stability batches?	As stated by the firm's management, criteria for fixing batch size of stability batches was the available quantity of API.
24	Whether firm has complete record of production of stability batches?	Firm had BMRs of all relevant stability batches.
25	Whether firm has protocols for stability testing of stability batches?	Yes.
26	Whether firm has developed and validated the method for testing of stability batches?	Firm had developed testing method based on API test method. However, protocols for testing method validation needed improvement.
27	Whether firm has method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Not Applicable.
28	Whether firm has documents confirming the qualification of equipments / instruments being used in the test and analysis of API and the finished drug?	Yes.
29	Whether firm has stability indicating method of analysis?	Firm had included detection/quantification of impurities in its method of analysis for finished product.
30	Whether firm has HPLC software 21CFR compliant?	Firm had HPLC of Model Series 200. Audit trail option was enabled; password protection and date and time lock features were present.
31	Whether firm could you show Audit Trail reports ?	Yes.
32	Whether firm has some remaining quantities of degradation products and stability batches?	Firm had remaining quantities of stability batches. Degradation products had not been isolated.
33	Whether firm has commitment batches kept	Yes.

	on stability testing?	
34	Whether firm has valid calibration status for the equipment used in production and analysis?	Yes.
35	Do proper and continuous monitoring and control are available for stability chamber?	Firm had two stability chambers. Details are as follows: Real time stability chamber: Sanyo, DRL-QA-SC-007, 300L. Accelerated stability chamber: Supico, DRL-QA-SC-007, 200L. Firm has purchased one more stability chamber (300L capacity) on the advice of the panel (Invoice No. I-003 LHR dated 23-03-2020) as the real time stability chamber was overcrowded. Humidifier of accelerated stability study chamber was broken and required maintenance.
36	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	Firm had valid cGMP compliance certificate from DRAP (Ref. No. 82/2019-DRAP (AD-701833-228) dated 03-04-2019; validity: three years). However, the experience of Quality Assurance manager was less than the experience required vide SRO 1460(I)/2019 dated 27-11-2019 i.e. seven years. Firm was advised to hire QA manager having the required experience.

Remarks:-

With reference to DRAP, Islamabad letter No. F.13-11/2017-PEC (Vol.I) dated 27.06.2019 the inspection of M/s DeMont Research Laboratories was conducted on 16-01-2020. Relevant sections, documents and personnel were verified by the panel and details are provided in the table above. Additional point mentioned in above-mentioned letter was also verified during the inspection and raw data for dissolution testing of dual delayed release pellets before filling was also shown by the firm.

Decision: Registration Board decided to approve registrations of "Denver Capsule 30mg and 60mg (Dexlansoprazole) by M/s Demont Research Laboratories. 20km, Lahore-Sharikpur Road, Sheikhupura, Pakistan. Manufacturer will place first three production batches of the product on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

No. of Batches	03		
Date of Submission	26978 (13-12-2019)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr. No.	Documents To Be Provided	Status
1.	COA of API.	Firm has submitted copy of COA of LCZ696 (Sacubitril/valsartan, batch # 2019021101) from M/s Shandong Sihuan Pharmaceutical Co., Ltd, China Firm has submitted copy of COA of working standard from API supplier.
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of GMP certificate issued from Shandong Pharmaceutical Industry Association valid until 11-05-2021.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted copy of invoice for the import of Raw material Sacubitril/Valsartan complex attested by Assistant Director (I&E), DRAP, Peshawar.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

Sr. No.	Observations	Response of the firm
1.	Clarification is required since weight of raw material (Sacubitril/Valsartan) mentioned on courier slip is 0.5 Kg while that mentioned on commercial invoice is 1.5 Kg. Moreover, submitted commercial invoice is not attested by ADC DRAP.	The firm submitted that we purchased two different consignments from same source and mistakenly that list was attached. The firm submitted copy of invoice attested by Assistant Director (I&E), DRAP, Peshawar.
2.	GMP certificate of API manufacturer from concerned regulatory authority is required to be submitted	Firm has submitted copy of GMP certificate which is not issued by relevant regulatory authority.
3.	Justify dissolution specifications NLT 80% (Q) in 45 min since dissolution specifications of FDA approved product Entresto 24/26mg Tablet is NLT Q in 25min.	We performed comparative dissolution which fall in limits for both our product and innovator.

Decision: Registration Board deferred the case for following:

- **Submission of GMP certificate of API manufacturer from concerned regulatory authority.**
- **Submission of dissolution limits in finished product specifications in numerical values.**

Drug	ESMELIN TABLET 7.5mg		
Name of Manufacturer	M/s Pacific Pharmaceuticals Limited, 30km Multan road Lahore		
Manufacturer of API	M/s Megafine pharma (Pvt.) Ltd, Plot No. 31 to 35 & 48 to 51, 5,26 &K/201, Lakhmapur, Tal Dindori, Dist. Nashik -422 202, Maharashtra, India		
API Lot No.	DB1804002		
Description of Pack (Container closure system)	Alu-Alu Blister		
Stability Storage Condition	Accelerated: 40°C ± 2°C/75%±5% RH Real Time: 30°C ± 2°C/65%±5% RH		
Time Period	Accelerated: 06 (months) Real Time: 06 (months)		
Frequency	Accelerated: 0,1,2,3,4,6 (06 months) Real Time: 0,3,6 (06 months)		
Batch No.	P000306O		
Batch Size	8000 Tablets		
Manufacturing Date	18-07-2019		
Date of Initiation	20-07-2019		
No. of Batches	01		
Date of Submission	(02-03-2020)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT		
Sr. No.	**Documents To Be Provided**	**Status**
1.	COA of API.	Copy of COA of API (batch # DLP363) from M/s Megafine Pharma, Maharashtra, India is submitted.
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP certificate for M/s Megafine Pharma (P) Ltd, India issued from Food and Drug Administration, Maharashtra, India. It is valid till 12-02-2022.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted invoice for import of Darifenacin hydrobromide (0.5Kg) attested by Assistant Director (I & E), DRAP, Lahore dated 29-10-2018. Invoice No: NX18190203

6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data of 01 Batch only.
- Upon clarification, the firm has submitted following:

The firm has submitted that we got permission for 0.5Kg of Darifenacin to plan trial batches of both strengths. We conducted initial small trials to set the dissolution after which we are left with materials to prepare 3 batches of Esmelin 15mg tablet and **one batch of Esmelin 7.5mg Tablet** of 8000 tablets each.

We developed the product as per brand leader Enablex tablet in which average weight of both strengths was the same i.e., 190mg. The only differenc is the quantity of Calcium hydrogen phosphate which is 98mg in Esmelin 7.5mg tablet and 90mg in Esmelin 15mg tablet which is less than 5% of total average weight of tablet. That's why we prepared 3 batches of higher strength and one batch of lower strength to assess the final stability of the formulation.

Decision: Registration Board deliberated the matter in detail and decided to defer the case for submission of complete stability study for three batches of applied strength as per decision of 278th meeting of Registration Board.

3361.	Name and address of manufacturer / Applicant	M/s Pacific Pharmaceuticals Limited, 30km Multan road Lahore

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:
Date of submission: 28-01-2020 (Dy. No. 31770)

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their products "Lansodex Capsule 60mg and 30mg, Sofopas Tablet 400/90", which were presented in 287th meeting of Registration board. Registration Board decided to approve registration of Lansodex Capsule 60mg and 30mg, Sofopas Tablet 400/90 of M/s Jenner Pharmaceuticals (Pvt) Ltd,. Sheikupura. Date of inspection : 10-12-2018 According to the report generated following points were confirmed a) The HPLC used for analysis of stability batches is Shimadzu 20 ATVP with auto sampler and gradient system and it was 21 CFR compliant. b) The firm has two separate Memmert (Germany) stability chambers for real time and accelerated stability studies which are equipped with data loggers.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of commercial invoice for the purchase of Sacubitril/Valsartan (1.4Kg), attested by Assistant Director (I & E) DRAP, Lahore dated 21-03-2019 has been submitted.
3.	Documents for the procurement of reference standard and impurity standards.	The firm has submitted that Sacubitril-Valsartan working standard and impurity standards were received along with shipment of API, Air way bill is attached.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP Certificate for M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China issued by Huaian Marketsupervision Administration, China valid upto 31-12-2020.
5.	Mechanism for Vendor pre-qualification	The firm has submitted SOP for Evaluation of Vendors.
6.	Certificate of analysis of the API, reference standards and impurity standards	• Copy of COA of Sacubitril/valsartan (batch # 2400-201903001) from M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China is submitted. • Copy of COA of working standard (LCZ696) from API supplier alongwith following impurities have been submitted: Impurity A Impurity B Impurity C Impurity D Impurity E
7.	Documents for the procurement of excipients used in product development?	The firm has submitted documents for the procurement of excipients used in product development
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in R&D department.

<table>
<tr><td colspan="3">Production Data</td></tr>
<tr><td>9.</td><td>Authorized Protocols/SOP for the development & stability testing of trial batches.</td><td>The firm has submitted photocopy of “Protocols/SOP for Pharmaceutical Product Development”.</td></tr>
<tr><td>10.</td><td>Complete batch manufacturing record of three stability batches.</td><td>The firm has submitted photocopy of Manufacturing protocols of following 03 Batches:
<table>
<tr><th>Batch No.</th><th>Batch Size</th><th>Mfg. Date</th></tr>
<tr><td>JNS-PB-015001</td><td>1,000 Tabs</td><td>07-2019</td></tr>
<tr><td>JNS-PB-015002</td><td>1,000 Tabs</td><td>07-2019</td></tr>
<tr><td>JNS-PB-015003</td><td>1,000 Tabs</td><td>07-2019</td></tr>
</table></td></tr>
<tr><td>11.</td><td>Record of remaining quantities of stability batches.</td><td>

<tr><td colspan="3">QA / QC DATA</td></tr>
<tr><td>12.</td><td>Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)</td><td>Firm has submitted photocopies of data logger record for chambers used in Real Time & Accelerated stability studies of applied product.</td></tr>
<tr><td>13.</td><td>Method used for analysis of API along with COA.</td><td>The firm has submitted photocopy of Raw Material Specifications, Raw Material Testing Procedures along with COAs for Sacubitril-Valsartan.</td></tr>
<tr><td>14.</td><td>Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)</td><td>The firm has submitted photocopy of Finished Product Testing Procedure for “Jensac Tablet 24/26” along with Stability Study Reports.</td></tr>
<tr><td>15.</td><td>Reports of stability studies of API from manufacturer.</td><td>The firm has submitted 12 months accelerated and 24 months real time stability study data of three batches.</td></tr>
<tr><td>16.</td><td>Analysis reports for excipients used.</td><td>The firm has submitted analytical reports of excipients used.</td></tr>
<tr><td>17.</td><td>Drug-excipients compatibility studies.</td><td>The firm has submitted that as the formulation of Jensac tablet 24/26mg (Sacubitril/Valsartan) is qualitatively same to that of the innovator brand ‘’Entresto Tablets 24/26mg’’ that provides reason to exclude any excipients-excipients or drug-excipients incompatibility.</td></tr>
<tr><td>18.</td><td>Record of comparative dissolution data.</td><td>It is important to mention the medium in which comparative dissolution study has been carried. Moreover comparative dissolution study needs to be submitted in three mediums as recommended in guidelines. Clarification is required.</td></tr>
<tr><td>19.</td><td>Compliance Record of HPLC software 21CFR & audit trail reports on product testing.</td><td>The firm has submitted audit trail reports of applied product.</td></tr>
<tr><td colspan="3">The firm has submitted 6 months accelerated and 6 months real time stability studies data of 3 batches.
<table>
<tr><th>Sr.#</th><th>Observations</th><th>Response of the applicant</th></tr>
</table></td></tr>
</table>

1.	Label claim of applied formulation is not as per innovator. Justification / revision of formulation is required.	Label claim is taken from regulatory authority EMC i.e., Electronic Medicine compendium (EMC).
2.	GMP certificate of API manufacturer from concerned regulatory authority is required to be submitted.	GMP certificate of China Chamber of international commerce is attached. Issuing authority is Huaian Market Supervision Administration which is not verified
3.	Record of remaining quantities of stability batches i.e., Tablets used for stability testing and remaining quantities of tablets are not mentioned in submitted BPRs.	Submitted
4.	Justify dissolution specifications NLT 80% in 45 min since dissolution specifications of innovator product Entresto 24/26mg Tablet is NLT Q in 25min.	The firm has submitted that dissolution time was selected from USFDA dissolution database. Since results of both test product and innovator product are more than 90% in 20 min as per Already submitted CDP data, hence our product specifications are as per FDA chemistry review data.
5.	It is important to mention the medium in which comparative dissolution study has been carried. Moreover comparative dissolution study needs to be submitted in three mediums as recommended in guidelines. Clarification is required.	The firm has submitted that comparative dissolution profile already submitted was carried out in phosphate buffer 6.8 as per USFDA method. Now CDP data of two more mediums i.e., 0.1 N HCl and acetate buffer pH 4.5 is attached.

Decision: Decision: Registration Board decided to defer the case for following:

- **Revised label claim as per reference formulation.**
- **Submission of GMP certificate of API manufacturer from concerned regulatory authority.**

DOCUMENTS / DATA PROVIDED BY THE APPLICANT	
Documents To Be Provided	**Status**
Certificate of analysis of API.	Copy of COA of Sacubitril/valsartan (batch # 2400-201903001) from M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China is submitted.
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP Certificate for M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China issued by Huaian Marketsupervision Administration, China valid upto 31-12-2020.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	The firm has submitted copy of commercial invoice for the purchase of Sacubitril/Valsartan (1.4Kg), attested by Assistant Director (I & E) DRAP, Lahore dated 21-03-2019 has been submitted.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:
Date of submission: 28-01-2020 (Dy. No. 31771)

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their products "Lansodex Capsule 60mg and 30mg, Sofopas Tablet 400/90", which were presented in 287th meeting of Registration board. Registration Board decided to approve registration of Lansodex Capsule 60mg and 30mg, Sofopas Tablet 400/90 of M/s Jenner Pharmaceuticals (Pvt) Ltd,. Sheikupura. Date of inspection : 10-12-2018 According to the report generated following points were confirmed a) The HPLC used for analysis of stability batches is Shimadzu 20 ATVP with auto sampler and gradient system and it was 21 CFR compliant. b) The firm has two separate Memmert (Germany) stability chambers for real time and accelerated stability studies which are equipped with data loggers.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of commercial invoice for the purchase of Sacubitril/Valsartan (1.4Kg), attested by Assistant Director (I & E) DRAP, Lahore dated 21-03-2019 has been submitted.

<table>
<tr><td>3.</td><td>Documents for the procurement of reference standard and impurity standards.</td><td>The firm has submitted that Sacubitril-Valsartan working standard and impurity standards were received along with shipment of API, Air way bill is attached.</td></tr>
<tr><td>4.</td><td>Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.</td><td>The firm has submitted copy of GMP Certificate for M/s Jiangsu Yongan Pharmaceutical Co., Ltd. </table>

		COAs for Sacubitril-Valsartan.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted photocopy of Finished Product Testing Procedure for "Jensac Tablet 97/103" along with Stability Study Reports.
15.	Reports of stability studies of API from manufacturer.	The firm has submitted 12 months accelerated and 24 months real time stability study data of three batches.
16.	Analysis reports for excipients used.	The firm has submitted analytical reports of excipients used.
17.	Drug-excipients compatibility studies.	The firm has submitted that as the formulation of Jensac tablet 97/103mg (Sacubitril/Valsartan) is qualitatively same to that of the innovator brand ''Entresto Tablets 97/103mg'' that provides reason to exclude any excipients-excipients or drug-excipients incompatibility.
18.	Record of comparative dissolution data.	It is important to mention the medium in which comparative dissolution study has been carried. Moreover comparative dissolution study needs to be submitted in three mediums as recommended in guidelines. Clarification is required.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	The firm has submitted audit trail reports of applied product.

The firm has submitted 6 months accelerated and 6 months real time stability studies data of 3 batches.

Sr. No.	Observations	Response of the applicant
1.	Label claim of applied formulation is not as per innovator. Justification / revision of formulation is required.	Label claim is taken from regulatory authority EMC i.e., Electronic Medicine compendium (EMC).
2.	GMP certificate of API manufacturer from concerned regulatory authority is required to be submitted.	GMP certificate of China Chamber of international commerce is attached. Issuing authority is Huaian Market Supervision Administration which is not verified
3.	Record of remaining quantities of stability batches i.e., Tablets used for stability testing and remaining quantities of tablets are not mentioned in submitted BPRs.	Submitted
4.	Justify dissolution specifications NLT 80% in 45 min since dissolution specifications of innovator product Entresto 24/26mg Tablet is NLT Q in 25min.	The firm has submitted that dissolution time was selected from USFDA dissolution database. Since results of both test product and innovator product are more than 90% in 20 min as per Already submitted CDP data, hence our product specifications are as per FDA chemistry review data.
5.	It is important to mention the medium in which comparative dissolution study has been carried. Moreover comparative dissolution study needs to be submitted in three mediums as recommended in guidelines. Clarification is required.	The firm has submitted that comparative dissolution profile already submitted was carried out in phosphate buffer 6.8 as per USFDA method. Now CDP data of two more mediums i.e., 0.1 N HCl and acetate buffer pH 4.5 is attached.

Decision: Decision: Registration Board decided to defer the case for following:

- **Revised label claim as per reference formulation.**
- **Submission of GMP certificate of API manufacturer from concerned regulatory authority.**

3365.	Name and address of manufacturer / Applicant	M/s NovaMed Pharmaceuticals (Pvt) Ltd., 28-Km, Ferozpur Road, Lahore – Pakistan

QA / QC DATA					
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted photocopies of data logger record for chambers used in Real Time & Accelerated stability studies of applied product.			
13.	Method used for analysis of API along with COA.	The firm has submitted photocopy of Raw Material Specifications, Raw Material Testing Procedures along with COAs for Empagliflozin and metformin hydrochloride.			
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted photocopy of Finished Product Testing Procedure for "Empagmet 5/500mg Tablet" along with Stability Study Reports.			
15.	Reports of stability studies of API from manufacturer.	**Empagliflozin:** The firm has submitted 6 months accelerated and 6 months real time stability study data of 3 batches. **Metformin hydrochloride:** The firm has submitted 6 months accelerated and 60months real time stability study data of 3 batches.			
16.	Analysis reports for excipients used.	The firm has submitted analytical reports of excipients used.			
17.	Drug-excipients compatibility studies.	The firm has performed Drug-excipient compatibility studies by reverse phase HPLC method and studies did not reveal any incompatibility.			
18.	Record of comparative dissolution data.	The firm has performed comparative dissolution profile of Empagmet 5/500mg Tablet with innovator product Synjardy 5/500mg Tablet (Lot # 955663) in pH 6.8 phosphate buffer, 0.1 N HCl and 4.5 pH acetate buffer. Moreover, f2 factor was calculated to compare the dissolution profiles.			
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	The firm has submitted audit trail reports of applied product.			

The firm has submitted 6 months accelerated and 6 months real time stability studies data of 3 batches.

Observations	**Response of the applicant**
Evidence of procurement of reference standard and impurity standard of Empagliflozin are required.	The firm has submitted Empagliflozin working standard and impurity standards were received alongwith Empagliflozin raw material since they were FOC so not mentioned on invoice.
Justify dissolution specifications NLT 80% in 30min while dissolution specifications of innovator product (Synjardy) are NLT Q in 20min.	The firm has submitted that we have revised the dissolution specifications as per innovator and accordingly revised finished product specifications are enclosed. Furthermore we commit to follow these specifications in future testing.

Decision: Registration Board decided as follows:

- **Accept the stability study data as the dissolution specifications falls within the definition of immediate release drug product and approved registration of following drug with innovator's specification, wherein manufacturer will adopt the dissolution specifications i.e. NLT Q at 20 minutes for commercial production batches.**
    - **Empagmet 5/500mg Tablet**

Furthermore, manufacturer will place first three production batches on long term stability studies throughout

proposed shelf life and on accelerated studies for six months.		
3367.	Name and address of manufacturer / Applicant	M/s High-Q Pharmaceutical, Plot No. 224/23 Korangi industrial Area, Karachi
	Brand Name +Dosage Form + Strength	EMPAGMET 5/850MG TABLET
	Composition	Each film coated tablet contains: Empagliflozin……..5mg Metformin hydrochloride……850mg
	Diary No. Date of R& I & fee	1476, 03-04-2017, Rs.50,000/- dated 30-03-2017
	Pharmacological Group	SGLT2 inhibitor
	Type of Form	Form-5D
	Finished product Specification	Innovator specifications
	Pack size & Demanded Price	As per brand leader
	Approval status of product in Reference Regulatory Authorities	Synjardy Tablets 5/850MG (EMA Approved; EU number EU/1/15/1003/001)
	Me-too status	N/A
	GMP status	Last GMP inspection was conducted on 10/04/18 and report concludes an acceptable level of GMP compliance.
	Remarks of the Evaluator	

STABILITY STUDY DATA			
Drug	EMPAGMET 5/850MG TABLET		
Name of Manufacturer	M/s High-Q Pharmaceuticals, Plot No. 224/23 Korangi industrial Area, Karachi		
Manufacturer of API	**Empagliflozin:** M/s Zhejiang Hongyuan Pharmaceutical Co., Ltd., Zhejiang, China. **Metformin hydrochloride:** M/s Shouguang Fukang Pharmaceutical Co., Ltd, Shangdong Province, China		
API Lot No.	**Empagliflozin:** 20180401 **Metformin hydrochloride:** A-81411810057		
Description of Pack (Container closure system)	Alu-Alu Blister		
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0,1,3,6 months Real Time: 0,3,6 months		
Batch No.	PD01/19	PD02/19	PD03/19
Batch Size	994 Tablets	994 Tablets	994 Tablets
Manufacturing Date	July-2019	July-2019	July-2019
Date of Initiation	23-07-2019	23-07-2019	23-07-2019
No. of Batches	03		
Date of Submission	19-03-2020 (Dy. No.4951)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT	
Documents To Be Provided	**Status**
Certificate of analysis of API.	**Empagliflozin:** Copy of COA of API (Batch # A81411810057) from M/s Zhejiang Hongyuan Pharmaceutical Co., Ltd., Zhejiang, China has been submitted. **Metformin hydrochloride:** Copy of COA of API (Batch # 20180401) from M/s Shouguang Fukang Pharmaceutical Co., Ltd, Shangdong Province, China has been submitted.

Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Empagliflozin:** The firm has submitted copy of GMP certificate of API manufacturer issued by China Food and Drug Administration valid upto 14-03-2023. **Metformin hydrochloride:** The firm has submitted copy of GMP certificate of API manufacturer issued by Shangdong Food and Drug Administration valid upto 22-11-2022.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	**Empagliflozin:** The firm has submitted copy of invoice for the purchase of Empagliflozin (2.0Kg) attested by Assistant Director (I & E) DRAP, Karachi dated 30-04-2018. **Metformin hydrochloride:** The firm has submitted copy of commercial invoice for the purchase of metformin hydrochloride (6000Kg) attested by Assistant Director (I & E) DRAP, Karachi dated 22-11-2018.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:
Date of submission: 19-03-2020 (Dy. No.4951)

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Basovir 400mg Tablet and Vesoft 400/100mg Tablet", which was presented in 279th and 284th meeting of Registration board. Date of inspection : 16-02-2018 & 12-07-2018 According to the report, following points were confirmed a) The HPLC software is 21CFR Compliant as per record available with the firm. b) Continuous monitoring and power supply are available for stability chambers.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	**Empagliflozin:** The firm has submitted copy of invoice for the purchase of Empagliflozin (2.0Kg) attested by Assistant Director (I & E) DRAP, Karachi dated 30-04-2018. **Metformin hydrochloride:** The firm has submitted copy of commercial invoice for the purchase of metformin hydrochloride (6000Kg) attested by Assistant Director (I & E) DRAP, Karachi dated 22-11-2018.
3.	Documents for the procurement of reference standard and impurity standards.	**Empagliflozin:** **Metformin hydrochloride:** The firm has procured USP reference standard for metformin hydrochloride.
4.	Approval of API/ DML/GMP certificate of	**Empagliflozin:** The firm has submitted copy of GMP

M/s Moringa Pharmaceuticals (Pvt) 35-A Sundar Industrial Estate, Raiwind Road Lahore has submitted the following applications for contract manufacturing on 01-02-2019 on Form 5.

Later the firm submitted CTD dossiers for these applications to avail out of que priority. CTD dossiers were evaluated and found deficient for which the shortcomings were communicated to the firm.

Now the firm vide its letter dated 20-02-2020, has requested to consider these applications on Form 5 instead of CTD. The firm has submitted that "The CTD version of above dossiers were submitted later in the year in order to pursue out-of-queue, early registration. However, it could not be successful since required compliance could not be met. It is therefore requested that our dossiers may please be considered on the previous format and evaluated accordingly to be put in the upcoming board meeting for registration"

3395.	Name and address of manufacturer / Applicant	M/s Briell Pharmaceutical Pvt. Ltd., 538- C Sundar Industrial Estate Multan Road, Lahore.
	Brand Name +Dosage Form + Strength	Doxair tablet 400mg
	Composition	Each uncoated tablet contains: Doxofylline……..400mg
	Diary No. Date of R& I & fee	Dy.No.27783; 13-08-2018; Rs.20,000 (10-08-2018)
	Pharmacological Group	Anti- histamine
	Type of Form	Form- 5
	Finished product Specification	Innovator's
	Pack size & Demanded Price	10's & as per SRO
	Approval status of product in Reference Regulatory Authorities.	Italian Medicine Agency (AIFA) Italy approved
	Me-too status	Profylline tablet 400mg of M/s Kaizen (Reg. # 073744)
	GMP status	Last GMP inspection was conducted on 24-05-2019 and the report concludes satisfactory level of GMP compliance.
	Remarks of the Evaluator	• Firm has General tablet section as mentioned in the submitted section approval letter. • Coating was mentioned in the flowchart of manufacturing method. • When asked through letter, firm replied: "*Doxair tablet 40mg are uncoated coated tablets as mentioned in Form- 5, due to some typographic mistake coating was mentioned in flowchart of manufacturing process."* • Firm has submitted Rs. 5000/- fees for revision of formulation and has submitted the master formulation according to the reference but again *uncoated coated tablets* have been mentioned in the reply.
	Decision of 293rd meeting of Registration Board	Deferred regarding the applied type of dosage form as "uncoated coated" tablets.
	Evaluation by PEC	Firm has submitted that we have applied for doxofylline uncoated tablet as per the Italy approved formulation, however due to typographic error coating step was mentioned in the method of manufacturing. In response to the letter of shortcoming we have already revised the master formulation as well as method of manufacturing to uncoated tablet along with submission of 5,000 fee for revision of formulation. However our case was again deferred for the same reason. Therefore we are requesting your kind office to consider the case.
	Decision: Approved.	

3396.	Name and address of manufacturer / Applicant	M/s Briell Pharmaceuticals Pvt. LTD. 538-C, Sundar Industrial Estate, Lahore
	Brand Name +Dosage Form + Strength	Cvox Dry Powder Suspension 125mg
	Composition	Each 5ml contains: Ciprofloxacin as HCl…125mg
	Diary No. Date of R& I & fee	Dy. No.17972; 12-10-2017; Rs.20,000/- (12-10-2017)
	Pharmacological Group	Quinolones
	Type of Form	Form-5
	Finished product Specification	Innovator
	Pack size & Demanded Price	Glass bottle, 60ml , As per SRO
	Approval status of product in Reference Regulatory Authorities.	Not available.
	Me-too status	077456 "Ciproking 125 mg Dry powder Suspension " Medicraft Pharmaceuticals (Pvt) Ltd.,126-B, Industrial Estate, Jamrud Road, Peshawar
	GMP status	24-05-2019 Conclusion: The firm was evaluated for facilities like building, HVAC Sytem, quality control, quality assurance and production oerations. The Briell Pharma found to be operating at satisfactory level of GMP compliance.
	Remarks of the Evaluator	• Firm has the relevant section. • Taste masked micropellets obtained from Vision Pharmaceuticals.(in-house specifications). • Box Warning for Quinolones. <u>Shortcomings:</u> • Clarification regarding brand name whether CVOX or CIVOX. • The innovator product is marketed with a solvent containing following ingredients o Soya lecithin, o Medium chain triglycerides, o Strawberry flavour, o Sucrose, o Purified water. Registration Board Decision (M-269). Keeping in view the following statement written in Qualitative and quantitative composition "2.5 mL suspension after reconstitution (1/2 measuring spoon) contains 125 mg ciprofloxacin" and domestic conditions for difficulties in dispensing 250mg/5ml suspension for children under 2 years of age, Registration Board decided to approve the formulation of ciprofloxacin 125mg/5ml granules and solvent for oral suspension as per reference product approved by USFDA and MHRA.
	Decision of 292nd meeting of Registration Board	Deferred the following reasons: • Clarification regarding brand name whether CVOX or CIVOX. • Revision of formulation as per innovator product i.e. "Ciprofloxacin", as the applied formulation is "Ciprofloxacin as hydrochloride". • Submission of details of solvent for oral suspension as per reference product as approved by USFDA and MHRA.
	Evaluation by PEC	Firm has submitted the following documents: • Our applied brand name is CIVOX Dry Powder suspension 125mg. However in case of any brand name

		resemblance we undertake to change the brand name. • We are submitting the revised correct master formulation with following label claim. Each 5ml of reconstituted suspension contains: Ciprofloxacin……125mg o The firm also submitted following documents o COA of micropellets of Vision Pharmaceuticals, Islamabad. o Revised master formulation containing ciprofloxacin base. • Fee PKR 5,000/- for revision of formulation. • We will use the solvent / diluent having the following composition as per the innovator product and as per the decision of Registration Board. o Soya Lecithin o Medium chain triglycerides o Flavor o Sucrose o Purified water
	Decision: Approved with USP specifications and with following composition / label claim: **Each 5ml of reconstituted suspension contains:** **Ciprofloxacin……125mg**	
3397.	Name and address of manufacturer / Applicant	M/s Briell Pharmaceuticals Pvt. LTD. 538-C, Sundar Industrial Estate, Lahore

	Pharmacological Group	Quinolones
	Type of Form	Form-5
	Finished product Specification	Innovator
	Pack size & Demanded Price	Glass bottle, 60ml , As per SRO
	Approval status of product in Reference Regulatory Authorities.	USFDA Approved Ciprofloxacin Microcapsules
	Me-too status	077457 "Ciproking 250 mg Dry powder Suspension " Medicraft Pharmaceuticals (Pvt) Ltd.,126-B, Industrial Estate, Jamrud Road, Peshawar."
	GMP status	24-05-2019 Conclusion: The firm was evaluated for facilities like building, HVAC Sytem, quality control, quality assurance and production oerations. The Briell Pharma found to be operating at satisfactory level of GMP compliance.
	Remarks of the Evaluator	Firm has the relevant section. Taste masked micropellets obtained from Vision Pharmaceuticals.(in-house specifications). Box Warning for Quinolones. <u>Shortcomings:</u>. • Clarification regarding brand name whether CVOX or CIVOX. • Evidence of approval of applied formulation in reference regulatory authorities/agencies which were declared/approved by the Registration Board in its 275th meeting. • Internationally the approved formulation is Ciprofloxacin whereas, the firm has applied for

		ciprofloxacin as hydrochloride.
	Decision of 292nd meeting of Registration Board	Deferred the following reasons: • Clarification regarding brand name whether CVOX or CIVOX. • Revision of formulation as per innovator product i.e. "Ciprofloxacin", as the applied formulation is "Ciprofloxacin as hydrochloride". • Submission of details of solvent for oral suspension as per reference product as approved by USFDA and MHRA.
	Evaluation by PEC	Firm has submitted the following documents: • Our applied brand name is CIVOX Dry Powder suspension 125mg. However in case of any brand name resemblance we undertake to change the brand name. • We are submitting the revised correct master formulation with following label claim. 	Decision: Approved with USP specifications and with following composition / label claim: **Each 5ml of reconstituted suspension contains:** **Ciprofloxacin……125mg**	
3398.	Name and address of manufacturer / Applicant	Panacea Pharmaceuticals, Plot no.4, Street no. S-6, National Industrial Zone, Rawat, Islamabad.
	Brand Name +Dosage Form + Strength	Valopine Tablet 5mg/80mg
	Composition	Each film-coated tablet contains: Amlodipine Besylate eq.to Amlodipine ……..……....5mg Valsartan…….80mg
	Diary No. Date of R& I & fee	Dy. No.2999; 19-12-2016; Rs.20,000/- (16-12-2016)
	Pharmacological Group	Antihypertensive
	Type of Form	Form-5
	Finished product Specification	U.S.P.
	Pack size & Demanded Price	As per SRO & as recommended by the PRC (MOH)
	Approval status of product in Reference Regulatory Authorities.	Exforge of M/s Novartis Pharmaceuticals (UK) MHRA Approved
	Me-too status	Exforge of M/s Novartis Pharmaceuticals, Karachi
	GMP status	Last GMP inspection was conducted on 15-03-2017 which concludes an acceptable level of GMP compliance.
	Remarks of the Evaluator	• The proposed formulation is available in USP while the firm has claimed manufacturer's specifications.
	Decision of 277th meeting of Registration Board	Registration Board deferred the case for rectification of all the short coming as stated in GMP inspection report. The Board further directed to send a reference to QA & LT Division to conduct GMP inspection of Firm on priority.

	Evaluation by PEC	Three cases of the same formulation of the firm were presented in 277th meeting: 1. Valopine Tablet 5mg/80mg 2. Valopine Tablet 5mg/160mg 3. Valopine Tablet 10mg/160mg The cases of 5/160mg strength and 10/160mg strength were later approved in 291st meeting but mistakenly the case of 5/80mg strength could not be added, and the case of 10/160mg were approved twice in 291st meeting vide Sr. No 1398 and 1403. Now the firm has requested to consider the case of 5/80mg strength. • Based on inspection conducted on 27-02-2018, it is concluded that the firm is complying cGMP as of today. However, compliance of the observations is advised to be submitted along with an action plan at an earliest. • QA division vide letter No.F.4-5/2007-QA dated 26-08-2019 has clarified that current GMP status of the firm shall be considered as compliant.
	Decision: Approved.

	Composition	Each vial contains: Calcium folinate…. 100mg
	Finished Product Specification	BP
	Pharmacological Group	Anti dot to folic acid antagonist/Detoxifying agent for antineoplastic treatment
	Shelf life	2 years
	Type of Form	Form 5-A
	Diary No. & Date of R& I	Dy. No. 385 Dated 16/03/2017
	Fee including differential fee	Rs. 100,000/- Dated 15/03/2017
	Demanded Price	As per SRO
	Pack size	1×1's
	International availability	Calcium folinate powder for solution 100mg/vial by M/s Mylan, ANSM France Approved
	Me-too status	Calcium flogen 100mg injection by M/s Genetech (IMPORTED from China) (Reg # 059269)
	Detail of certificates attached	Original Legalized CoPP (certificate No. 20150008) issued by Shanxi Food and Drug Administration valid till 31/08/2017 confirms the free of the product in exporting country. The facilities and operation conform to GMP as recommended by WHO.
	Remarks of the Evaluator.	• The firm has applied for registration with generic name. • Firm has initially submitted real-time stability data conducted at 25 ± 2°c and 65 ± 5%RH, letter was issued to submit stability study data conducted according to the conditions of zone IV-A. In response to the letter firm has submitted stability data sheet specifying stability conditions as 30 ± 2°c and 65 ± 5%RH with same results at each time point.
	Previous Decision(M-274): The Registration Board deferred the cases for; • Submission of clarification regarding since the data/assay values in the stability studies are unjustifiable/irrational as there is no difference in assay values of initially submitted stability data (at 25 ± 2°c and 60 ± 5%RH) and the stability data submitted after issuance of letter (at 30 ± 2°c and 65 ± 5%RH). Since this ambiguity shows that the revised data (at 30 ± 2°c and 65 ± 5%RH) is not true. • Detail of diluent to be used for reconstitution.	

- Evidence of approval of the product in reference regulatory authorities in the same strength/volume/dosage form.
- Submission of original, legalized and valid CoPP.

Evaluation by PEC:

Shortcomings	Response by the firm
Submission of clarification regarding since the data/assay values in the stability studies are unjustifiable/irrational as there is no difference in assay values of initially submitted stability data (at 25 ± 2°c and 60 ± 5%RH) and the stability data submitted after issuance of letter (at 30 ± 2°c and 65 ± 5%RH). Since this ambiguity shows that the revised data (at 30 ± 2°c and 65 ± 5%RH) is not true.	Firm has submitted stability study data sheets duly signed by the authorized personnel of manufacturer of 3 batches conducted as per the conditions of zone IV-A. The data submitted is only for 6 months. The firm has NOT submitted any clarification regarding already submitted stability data sheets having same values at both conditions.
Detail of diluent to be used for reconstitution.	Firm has submitted details of preparation and administration of the applied formulation.
Evidence of approval status of the product in reference regulatory authorities in the applied strength.	Firm has not submitted any reference
Submission of original, legalized and valid CoPP	Firm has submitted new CoPP which is valid till 26-02-2020.

After the evaluation of the response, another letter of shortcoming No. F.1-1/2017/PEC-DRAP(AD PEC-V) was issued by dated 23-11-2018. Now the response of the firm against that letter is also received.

Shortcomings	Response by the firm
Clarifythe formulation whether Freeze dried cake or lyophilized powder	Lyophilized powder
The certifying authority for CoPP is Jinning Food and Drug Administration which is not a state or provincial certifying authority.	Firm has submitted that "as per the announcement of Shandong province food and drug administration, shandong province food and drug administration authorize the city level food and drug administration to issue CoPP. Since the manufacturer M/s Cisen Pharmaceutical Co. Ltd. is in Shandong province, therefore the city level Jinning food and drug administration is authorized to issue CoPP. Firm has also submitted following link but it could not be accessed http://www.sfda.gov.cn/art/2017/12/20/art_8045_782171.html
Evidence of approval of applied formulation in reference regulatory authorities which were approved by Registration Board in its 275th meeting	Firm has submitted evidence of USFDA which could not be verified
Variation in address mentioned on DSL and Form 5A. Clarify	Firm has submitted revised Form 5A
Long term stability data of at least one year is required for grant of 2 years shelf life whereas you have provided data of 6 months with results of related substances out of specification.	Firm has submitted accelerated stability study stability data of 3 batches for one year instead of long term stability study data till claimed shelf life

Decision of 289th meeting of Registration Board	Deferred for following submissions: • Evidence of approval of applied formulation in reference regulatory authorities / agencies which were adopted by the Registration Board in its 275th meeting • Real time stability study data of 3 batches as per zone

		IV-A for the complete shelf life.
	Evaluation by PEC	Firm has submitted following documents; 1. The firm has submitted the evidience of approval of the product in Austria but it could not be verified. Leucoverin Injection by M/s Wyeth Lederle Pharma GMBH, Austria. 2. Real Time stability studies according to the conditions of zone IV-A for 2 years signed by Director QC of following batches; Accelerated stability study data also submitted. • 170501 (Mfg date; May, 2017 & Exp. Date: May, 2020) • 170502 (Mfg date; May, 2017 & Exp. Date: May, 2020) • 170503 (Mfg date; May, 2017 & Exp. Date: May, 2020)
	Decision of 292nd meeting	Deferred for evidence of approval of applied formulation in reference regulatory authorities which were adopted by Registration Board in 275th meeting.
	Evaluation by PEC	The applied formulation is approved in ANSM France with following details: **Name:** CALCIUM FOLINATE AGUETTANT 100 mg powder for solution for injection **Composition:** Calcium folinate eq to folinic acid 100 mg. **MA Holder:** AGUETTANT Laboratory since 08/31/2001 The Product data sheet attached in the submitted dossier and the original CoPP contains the following composition: Calcium folinate eq to folinic acid 100mg The original, legalized CoPP present in the file confirms free sale status of the product in country of origin and the GMP status of the manufacturer. The CoPP certificate was valid till 26-02-2020.
	Decision: Approved as per Policy for inspection of Manufacturer abroad.	

ii. Veterinary

3411.	Name and address of Applicant	M/s Geevet International First floor Naz Medicine Market Namak Mandi Peshawer
	Detail of Drug Sale License	Drug sales license by way of whole sales/distribution no. 634 valid upto 01/01/2020
	Name and address of manufacturer & marketing authorization holder	M/s Inner Mongolia Huatian Pharmaceutical Co., Ltd. Economic Development & Experiment Zone for Economical transformation of Resource dependent city, Chifeng, Inner Mongolia, PR. China
	Name of exporting country	China
	Type of Form	Form 5-A
	Diary No. & Date of R& I	Dy. No 19736 Dated 30-05-2018
	Fee including differential fee	Rs. 100,000/- Dated 30-05-2018
	Brand Name +Dosage Form + Strength	Doxy Gold Doxycycline hydrochloride 40% + Tylosin tartrate 20% soluble powder
	Composition	Each 100g contains: Doxycycline hydrochloride….40g Tylosin tartrate ……20g
	Finished Product Specification	In-house
	Pharmacological Group	Antibiotic
	Shelf life	24Months

Demanded Price	Decontrolled
Pack size	1kg, 2.5kg
Me-too status	REOCIN-TD POWDER of M/s DELUX CHEMICAL INDUSTRIES, KARACHI.
Stability studies	Firm has submitted long term (24 months) at 30oC 65% RH & accelerated (06 months) stability data at 40oC, 75% RH for three batches.
Detail of certificates attached	Original Legalized CoPP (Certificate#. 05019) Certifying Authority "veterinary Bureau of the Inner Mongolia autonomous Region" declaring the free sale of applied product and GMP compliant status of the manufacturer i.e., M/s Inner Mongolia Huatian Pharmaceutical. Valid until 02-07-2023.
Remarks of the Evaluator.	Submitted stability data of three batches are mirror image of each other identity to assay. Firm reply as under: We get documents/data from M/s Inner Mongolia Huatian Pharmaceutical China. Unfortunately, they provide us wrong stability studies data result. That we submitted to DRAP. After reviewing the stability data we found some mistakes in provide data so we again requested to M/s Inner Mongolia Huatian Pharmaceutical China to provide us the exact/actual stability data. Latest stability studies data is submitting to your authority. We assure that his type of mistakes will not be happen in future.

Decision of 293rd meeting of Registration Board:
Registration Board deferred the case and decided that Secretary Registration Board will forward the submitted stability data of above product to M/s Inner Mongolia Huatian Pharmaceutical (Marketing Authorization Holder) via e-mail to manufacturer for confirmation of authenticity of the said data.

Evaluation by PEC:
Secretary Registration Board has sent email to the manufacturer and the following response has been received from the manufacturer:

Dear Mr Abdullah,

Glad to receive you kindly email. Hope you are fine.
1. Yes, I confirm that the veterinary drug products is manufactured by us (Inner Mongolia Huatian Pharmaceutical Co., Ltd Economic Development & Experiment Zone for Economical Transformation of Resource Dependent City, Chifeng, Inner Mongolia, P.R. China) and our best partner (Geevet International, First Floor, Naz Medicine Market, Namak Mandi, Peshawar, Pakistan) is in charge of registration and distribution of our veterinary antibiotic drugs in Pakistan.
2. The answer from our best partner (Geevet International, First Floor, Naz Medicine Market, Namak Mandi, Peshawar, Pakistan) is true. Once again sorry for the inconvenience caused by our fault.
3. Thanks for your help. We guarantee that we will not make such mistakes again
4. We confirm that the stability report of Amoxy Gold (Amoxicillin 50% Soluble Powder,Batch No: 20150204,20150205,20150206), Doxy Gold (Doxycycline hydrochloride 40% + Tylosin tartrate 20% Soluble Powder,Batch No: 20150204,20150205,20150206) and Enrocid (Enrofolxacin 20% Oral Solution,Batch No: 20150901,20150902,20150903) is true.

Best Regards
Lee

		Firm has submitted three batches long term stability data (24 months) at 30 ± 2^0C, 75±5%RH and 6 months at 40^0C±75%RH.

Remarks of evaluator:

Shortcomings communicated	Response by the firm
Original legalized CoPP/GMP+FSC	Firm has submitted original, legalized CoPP and GMP certificate. The details of CoPP and GMP certificate are mentioned in the relevant row of the evaluation summary of the case.
Original Product Specific Sole Agency agreement.	Firm has submitted copy of product specific sole agency agreement
Firm submit against section 1.5.6 USP specification without submitting official monograph.	Firm has not submitted any document against this observation. The firm has claimed USP specifications
Commitments of module 1 are not submitted.	Firm has submitted commitments of module 1
In Module 2 only single page non-clinical overview & 5 pages clinical overview is submitted, Section 2.3 Quality Overall Summary as per WHO template is not submitted.	Firm has submitted QOS as per WHO QOS-PD template.
In Submitted Module 3, drug substance part is not submitted.	Firm has submitted drug substance part of module 3.

Decision: Approved as per Policy for inspection of Manufacturer abroad.

Sr. No	**Name and address of applicant**	**M/s Himmel Pharmaceuticals (Pvt.) Ltd, 793-D, Block C Faisal Town Lahore**
3415.	Brand name	Sunitinib AqVida 25mg Hard Capsule
	Detailed composition	Each capsule contains: Sunitinib Malate, 33.5mg eq. to 25mg Sunitinib

1.3		Applicant Information Submitted
	1.3.1	Name, address and contact details of Applicant / Marketing Authorization Holder: M/s Himmel Pharmaceuticals (Pvt.) Ltd, 793-D, Block C Faisal Town Lahore
	1.3.2	Name, address and contact details of Manufacturing site. **Product License Holder**: Aqvida GmbH Kaiser-Wilhelm-Strabe 89 20355 Hamburg Germany. **Manufacturer:** M/s Combino Pharm (Malta) Ltd. HF 60, Hal Far Industrial Estate, Hal Far, Birzebbugia, BBG3000, Malta.
	1.3.3	Specify whether the Applicant is: Importer
	1.3.4	**Drug Sale License** License to Sell drugs as a Distributor No: 05-352-0065-016174D valid upto 06-Feb-2022
1.4		Type of Application Submitted
	1.4.1	Application is for the registration of: Generic Drug Product
	1.4.1	Pharmaceutical product is intended for: Domestic sale
	1.4.2	For imported products, please specify one of following: Finished Pharmaceutical Product Import
1.5		Detailed Information of Drug, Dosage From & Labelling Claims Submitted
	1.5.1	Generic name with chemical name & synonyms of the applied drug. Sunitinib Malate
	1.5.2	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit **Each capsule contains:** **Sunitinib Malate, 33.5mg eq. to 25mg Sunitinib**
	1.5.3	The proposed proprietary name / brand name under which the drug is intended to be sold with trademark certification / clearance. **Sunitinib AqVida 25mg Hard Capsule**
	1.5.4	Proposed Pack size and Proposed unit price of drug e.g., per tablet / capsule. Maximum Retail Price (MRP) per pack shall also be mentioned. 30's & As per SRO
	1.5.5	Pharmacotherapeutic Group of Active Pharmaceutical Ingredient (API) ATC Code: L01XE04 **OTHER ANTINEOPLASTIC AGENTS, Protein kinase inhibitors**
	1.5.6	Pharmacopoeial reference / Status of applied formulation USP
	1.5.7	Route of administration Oral
	1.5.8	For Generic Drug Product, reference of other similar approved medicines with information pertaining to Manufacturer name, brand name, strength, composition, registration number & dosage form, Pack size and Price SUTENT 25MG CAPSULE of M/s Pfizer
	1.5.9	The registration status of applied drug in same molecule and salt, strength, dosage form, container closure system, indications and route of administration etc. in other countries. The status in reference regulatory authorities is mandatory to mention. Sutent 25 mg hard capsules (Belgium)
	1.5.10	Dosage form of applied drug Capsule
	1.5.11	Proposed label (outer (secondary) & inner (primary)) & colour scheme in accordance with Drug (Labelling & Packing) Rules, 1986 along with specimens Submitted
	1.5.12	Description of Batch numbering system
	1.5.14	Summary of Product Characteristics (SmPC) including Prescribing Information (PI) along with Patient information Leaflet (PIL) of the Finished Pharmaceuticals Product (FPP).

		Submitted
	1.5.15	Commitment / Undertaking that after registration of applied drug, the Pharmacovigilance department of the applicant / manufacture is liable to impose similar restrictions, addition of any clinical information (like in Indications, Contra-indications, Side effects, Precautions, Dosage & Adverse Drug Reactions etc. in Summary of Product Characteristics (SmPC), Labelling & Promotional material) or withdraw the drug from market in Pakistan within fourteen days after knowing that such information (which was not available or approved by the DRAP at the time of registration) / actions taken (for safety reasons) by any reference / stringent drug regulatory agency / authority & also inform the DRAP (Drug Regulatory Authority of Pakistan) for further action in this regard.
	1.5.16	Commitment / Undertaking that the applicant shall recall the defective Finished Pharmaceutical Products (FPP) and notify the compliance to the authority along with detail of actions taken by him as soon as possible but not more than ten days. The level of recall shall also be defined. Submitted
	1.5.17	Commitment / Undertaking that in case of any false claim / concealing of information, the DRAP has the right to reject the application at any time, before and even after approval or registration of the product in case if proved so.
	1.5.18	Commitment / Undertaking that the firm shall follow the official pharmacopoeia specifications for product / substance as published in the latest edition & shall update its specification as per latest editions of the same. In case, the specifications of product / substance not present in any official pharmacopoeia the firm shall establish the specifications. In both cases, the validation of specifications shall be done by the applicant. Submitted
	1.5.19	Commitment / Undertaking that in case of any post approval change, the applicant shall ensure that the product with both approvals shall not be available in the market at the same time. And the product with new approvals shall be marketed only after consumption / withdrawal of stock with previous approvals. The company shall be liable to inform the same regarding marketing status of product to the DRAP after getting such post-registration approvals. Submitted
	1.5.20	Other commitment e.g., regarding stability studies etc.
	1.5.21	Protocols along with the commitment to follow Good Laboratory Practices (GLP) by the Manufacturer.
	1.5.22	Protocols to implement Good Pharmacovigilance Practice by the Pharmacovigilance department/section of the Manufacturer / Company.
1.6		Miscellaneous Information Submitted
	1.6.5	Drug Substance related Document including following: Name and address of API manufacturer.
	• **Original Legalized CoPP (Certificate#. AQV/31082018/35)** issued on 31-08-2018 by Behorde fur Gesundheit und verbraucherschutz der Freien und Hansestadt Hamburg Abteilung V4 Pharmaziewesen und Medizinproduckte BillstraBe 80 20539 Hamburg Germany (*translated through google translator:* Authority for health and consumer protection of the free and Hanseatic city of Hamburg Department V4 Pharmaceuticals and Medical Devices BillstraBe 80 20539 Hamburg Germany). The certificate confirms the free sale status of the product in exporting country. The CoPP certificate does not confirm GMP status of the manufacturer. As per the CoPP the status of product license holder is (c). • Original, legalized GMP certificate (No. MT/016HM/2018) issued by Director Inspectorates and Enforcement Directorate Medicines Authority Malta dated 23-07-2018 is also submitted. • Copy of letter of authorization between the MA holder i.e. AqVida GmbH Hamburg Germany and Himmel Pharma Lahore is also submitted. The letter of authorization specifies the applied product as well.

	3.2.P.8.2	Post-approval Stability Protocol and Stability Commitment Not applicable
	3.2.P.8.3	Stability Submitted
		Firm has submitted three batches long term stability data (24 months) at 30±2^{0}C, 75±5%RH and 6 months at 40^{0}C±75%RH.

Remarks of evaluator:

Shortcomings communicated	Response by the firm
Original legalized CoPP/GMP+FSC	Firm has submitted original, legalized CoPP and GMP certificate. The details of CoPP and GMP certificate are mentioned in the relevant row of the evaluation summary of the case.
Original Product Specific Sole Agency agreement.	Firm has submitted copy of product specific sole agency agreement
Firm submit against section 1.5.6 USP specification without submitting official monograph.	Firm has not submitted any document against this observation. The firm has claimed USP specifications
Commitments of module 1 are not submitted.	Firm has submitted commitments of module 1
In Module 2 only single page non-clinical overview & 5 pages clinical overview is submitted, Section 2.3 Quality Overall Summary as per WHO template is not submitted.	Firm has submitted QOS as per WHO QOS-PD template.
In Submitted Module 3, drug substance part is not submitted.	Firm has submitted drug substance part of module 3.

Decision: Approved as per Policy for inspection of Manufacturer abroad.

b. Deferred cases of import

3417. **M/s Ahsan Pharma Importer and exporter Karachi, applied for registration of Pemetrexed on Form 5-F**

Remarks of Evaluators:

Provided Sole agency agreement with manufacturer M/s Sichuan Huiyu Pharmaceutical Ltd. No. 5 Road Chengxi economic area, Neijiang, Sichuan-641000, China which is not Product License Holder, and applicant submit a copy of original letter from manufacturer CEO Zhao Ding which is as under:

"M/s Sichuan Huiyu Pharmaceutical Ltd. (No. 5 Road Chengxi economic area, Neijiang, Sichuan-641000, China) confirms that M/s Seacross Pharmaceutical Limited, (Bedford Business centre, 61-63 st peters street, Bedford MK40 2PR, United Kingdom) is 100% subsidiary company of M/s Sichuan Huiyu

M/s Seacross Pharmaceutical Limited is the marketing company in UK, responsible for batch release. The centeralized pharmacovigilance & risk management, and quality, safety & efficacy of pharmaceutical products: and M/s Sichuan Huiyu Pharmaceutical Ltd. is the manufacturer in China, responsible for finished product manufacturing, primary & secondary packaging and batch control testing"

Decision of 292nd meeting of Registration Board:

Registration Board deferred the case and decided to coordinate (email) M/s Seacross Pharmaceutical Limited (UK) (Marketing Authorization Holder) for declaration of their sole agent in Pakistan.

Evaluation by PEC:

Secretary Registration Board has sent email to the manufacturer and the following response has been received from the manufacturer:

Dear Mr. Abdullah

First, we would like to thank you for sending us email to confirm this, and we sincerely apologize for the inconvenience caused.

For the 2 agents, we have been agreed below recently:
Ahsan Pharma, the products shall be:
Pemetrexed (100mg, 500mg)
Azacitidine(100mg)
Paclitaxel (30mg, 100mg, 300mg)

Merixil Pharma Islamabad , the product shall be:
Bendamustine(25mg,100mg)

We apologize this again , if you have any further questions, please don't hesitate to let us know, and we will fully cooperate with you. Hope you could start the assessment of the product and approve them soon.

Your sincerely

Qin He Commercial Operation Manager
Decision: Registration Board decided to approve registration of Pemetrexed Seacross 100mg and Pemetrexed Seacross 500mg with Innovator's specifications as per Policy for inspection of Manufacturer abroad. The Board further directed that case shall be further processed after having notarized authorization letter to both firms for respective products.

		Firm has submitted three batches long term stability data 3 batches 24 months at 30 ± 2^0C,75%RH and 6 months at 40^0C±75%RH for three batches for applied strengths separately (Bendamustine Seacross 100mg for Injection)

Decision of 292nd meeting of Registration Board:

Registration Board deferred the case and decided that Secretary Registration Board will contact M/s Seacross Pharmaceutical Limited (UK) (Marketing Authorization Holder) for declaration of sole agent in Pakistan.

Evaluation by PEC:

Secretary Registration Board has sent email to the manufacturer and the following response has been received from the manufacturer:

Dear Mr. Abdullah

First ,we would like to thank you for sending us email to confirm this, and we sincerely apologize for the inconvenience caused.

For the 2 agents, we have been agreed below recently:
Ahsan Pharma, the products shall be:
Pemetrexed (100mg, 500mg)
Azacitidine(100mg)
Paclitaxel (30mg, 100mg, 300mg)

Merixil Pharma Islamabad , the product shall be:
Bendamustine(25mg,100mg)

We apologize this again , if you have any further questions, please don't hesitate to let us know, and we will fully cooperate with you. Hope you could start the assessment of the product and approve them soon.

Your sincerely
Qin He
Commercial Operation Manager

Decision: Approved with Innovator's specifications as per Policy for inspection of Manufacturer abroad. The Board further directed that case shall be further processed after having notarized authorization letter to both firms for respective products.

3419. **Bortezomib applied by M/s Pfizer Pakistan Limited deferred in 292nd meeting of Registration Board**

MODULE 1: ADMINISTRATIVE

Section	Sub-Section	Heading
1.1		Covering Letter and Fee Deposit Slip Submitted Dy. No 8161 Dated 12-06-2019 PKR: 100,000/- dated 12-06-2019
1.2		Table of Contents (From Module 1 to Module 5) Submitted
1.3		Applicant Information Submitted
	1.3.1	Name, address and contact details of Applicant / Marketing Authorization Holder: M/s Pfizer Pakistan Limited (Formerly Parke davis & co. Ltd.) B-2, S.I.T.E, Karachi
	1.3.2	Name, address and contact details of Manufacturing site. Bulk Filled vial: M/s Gland Pharma Limited, Unit-II, Block C, Phase I, Visakhapatnam Special Economic Zone (VSEZ), Duvvada, 530049 Visakhapatnam, India Secondary Packaging (including Pakistan specific vial labelling) & Release Site: M/s Pfizer Pakistan Limited B-2, S.I.T.E., Karachi Marketing authorization holder: M/s Pfizer Europe MA EEIG, Boulevard de la Plaine 17, 1050 Bruxelles, Belgium
	1.3.3	Specify whether the Applicant is: Importer will import bulk filled vial from Belgium
	1.3.4	Drug Sale License Drug License by Way of Wholesale No. 10578 valid upto 17-Feb-2020
	1.3.8	Manufacturer's Site Master File and Credential (for importer) Submitted
1.4		Type of Application Submitted
	1.4.1	Application is for the registration of: □ Generic Drug Product
	1.4.1	Pharmaceutical product is intended for: □ Domestic sale
	1.4.2	For imported products, please specify one of following: □ Finished Pharmaceutical Product Import
1.5		Detailed Information of Drug, Dosage From & Labelling Claims Submitted

	1.5.1	Generic name with chemical name & synonyms of the applied drug. Bortezomib
	1.5.2	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit Each vial contains: Bortezomib (As mannitol boronic ester) …….3.5mg
	1.5.3	The proposed proprietary name / brand name under which the drug is intended to be sold with trademark certification / clearance. Bortezomib
	1.5.4	Proposed Pack size and Proposed unit price of drug e.g., per tablet / capsule. Maximum Retail Price (MRP) per pack shall also be mentioned. 1's single use vial & As per SRO
	1.5.5	Pharmacotherapeutic Group of Active Pharmaceutical Ingredient (API) Anticancer
	1.5.6	Pharmacopoeial reference / Status of applied formulation In-house
	1.5.7	Route of administration Solution for injection
	1.5.8	For Generic Drug Product, reference of other similar approved medicines with information pertaining to Manufacturer name, brand name, strength, composition, registration number & dosage form, Pack size and Price Bortezomib Pharmidea 3.5mg Powder For Solution For Iv Injection (093929)
	1.5.9	The registration status of applied drug in same molecule and salt, strength, dosage form, container closure system, indications and route of administration etc. in other countries. The status in reference regulatory authorities is mandatory to mention. BORTEZOMIB 3.5MG/VIAL (USFDA)
	1.5.10	Dosage form of applied drug Powder for solution for injection
	1.5.11	Proposed label (outer (secondary) & inner (primary)) & colour scheme in accordance with Drug (Labelling & Packing) Rules, 1986 along with specimens Submitted
	1.5.12	Description of Batch numbering system
	1.5.14	Summary of Product Characteristics (SmPC) including Prescribing Information (PI) along with Patient information Leaflet (PIL) of the Finished Pharmaceuticals Product (FPP). Submitted
	1.5.15	Commitment / Undertaking that after registration of applied drug, the Pharmacovigilance department of the applicant / manufacture is liable to impose similar restrictions, addition of any clinical information (like in Indications, Contra-indications, Side effects, Precautions, Dosage & Adverse Drug Reactions etc. in Summary of Product Characteristics (SmPC), Labelling & Promotional material) or withdraw the drug from market in Pakistan within fourteen days after knowing that such information (which was not available or approved by the DRAP at the time of registration) / actions taken (for safety reasons) by any reference / stringent drug regulatory agency / authority & also inform the DRAP (Drug Regulatory Authority of Pakistan) for further action in this regard.
	1.5.16	Commitment / Undertaking that the applicant shall recall the defective Finished Pharmaceutical Products (FPP) and notify the compliance to the authority along with detail of actions taken by him as soon as possible but not more than ten days. The level of recall shall also be defined. Submitted
	1.5.17	Commitment / Undertaking that in case of any false claim / concealing of information, the DRAP has the right to reject the application at any time, before and even after approval or registration of the product in case if proved so.
	1.5.18	Commitment / Undertaking that the firm shall follow the official pharmacopoeia specifications for product / substance as published in the latest edition & shall update its specification as per latest editions of the same. In case, the specifications of product / substance not present in any official pharmacopoeia the firm shall establish the specifications. In both cases, the validation of specifications shall be done by the applicant. Submitted

	1.5.19	Commitment / Undertaking that in case of any post approval change, the applicant shall ensure that the product with both approvals shall not be available in the market at the same time. And the product with new approvals shall be marketed only after consumption / withdrawal of stock with previous approvals. The company shall be liable to inform the same regarding marketing status of product to the DRAP after getting such post-registration approvals. Submitted
	1.5.20	Other commitment e.g., regarding stability studies etc.
	1.5.21	Protocols along with the commitment to follow Good Laboratory Practices (GLP) by the Manufacturer.
	1.5.22	Protocols to implement Good Pharmacovigilance Practice by the Pharmacovigilance department/section of the Manufacturer / Company.
1.6		Miscellaneous Information Submitted
	1.6.1	Information on Prior-related Applications
	1.6.2	Appendix
	1.6.3	Electronic Review Package
	1.6.4	QIS (Quality Information Summary)
	1.6.5	Drug Substance related Document including following: Name and address of API manufacturer. Approval of manufacturing facility of API by regulatory body of country and validity. M/s Laurus Labs Limited Plot No. 21, Jawaharlal Nehru Pharma City, Parawada, Visakhapatnam, Andhra Pradesh, India
	Original Legalized CoPP (Certificate#. 03/19/128940) dated 27-09-2018 by European Medicine Agency 30 Churchill Place, Canary Wharf, London E14 5EU, United Kingdom declaring the free sale of applied product and GMP compliant status of the manufacturer i.e M/s Gland Pharma Limited, Unit-II, Block C, Phase I, Visakhapatnam Special Economic Zone (VSEZ), Duvvada, 530049 Visakhapatnam, India

	3.2.P.8.3	Stability Submitted
		Firm has submitted three batches long term stability data 3 batches 36 months at 30±20C, 75±5%RH and 6 months at 400C±75%RH for three batches.

Decision of 292nd meeting of Registration Board:

Deferred for following:

Clarification regarding final QC release site.

Evidence of facility for secondary packaging (including Pakistan specific vial product) & release site for anti-cancer solution for injection dosage form.

Now the firm has submitted following reply:

Grand pharma India is responsible for manufacturing of bulk, Primary packaging (vial filling) and quality testing including issuance of Certificate of Analysis (COA).

Whereas, Pfizer Pakistan Limited is responsible for secondary packaging and final batch release based on physical inspection and CoA issued by Grand Pharma. Further, we hereby resubmitting complete procedure/ activities to be perform at Pfizer Pakistan Site.

GMP inspection report issued by Area FID Karachi dated 28-01-2019 showing Bulk Packaging Area:

The area is found neat & clean. It's a spacious hall equipped with packaging lines for the packaging of bulk imported products. Packaging lines are properly segregated, and line clearance performed before start of the batch.

Further to note that as mentioned above Pfizer Pakistan Limited is responsible for Secondary Packaging and final batch releaser based on Physical inspection and CoA issued by Grand Pharma.

Decision of 293rd : Registration Board deferred the case for following:

i. **Agreement between Pfizer Pakistan DML holder & DSL holder for secondary packaging of applied product.**
ii. **Clarify about the primary packaging of the vial (either naked vial or with primary label vial will be imported).**

Evaluation by PEC:

Queries in 293rd meeting	Pfizer response
Agreement between Pfizer Pakistan DML holder & DSL holder for secondary packaging of applied product	DSL and DML holder are single legal entity having same address i.e. Pfizer Pakistan Limited at B-2 SITE, Karachi, Pakistan. Therefore agreement is not applicable
Clarify about the primary packaging of the vial (either naked vial or with primary label vial will be imported).	We will be importing vial having following information pre-printed via inject printer for identification purpose. Brand Name: Batch/Lot number Expiry Date License No. (Country of Origin) After import , Pakistan specific vials will be pasted on vials along with secondary packaging at Pfizer Pakistan limited located at B-2, SITE Karachi Pakistan.

Decision: Approved with Innovator's specifications as per Policy for inspection of Manufacturer abroad.

c. New cases of local manufacturing

3420.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Ferozesons Laboratories Limited, P.O. Ferozesons Amangarh, Nowshera.**
	Name, address of Manufacturing site.	M/s Ferozesons Laboratories Limited, P.O. Ferozesons Amangarh, Nowshera.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	GMP status of the firm	Firm has submitted GMP certificate based on the inspection conducted dated 25-01-2019.
	Evidence of approval of manufacturing facility	Firm has submitted copy of Section approval letter dated 08-04-2015 specifying Tablet General section.
	Status of application	☐ New Drug Product (NDP) ☒ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☐ Domestic sale ☐ Export sale ☒ Domestic and Export sales
	Dy. No. and date of submission	Dy. No. 22032: 28-10-2019
	Details of fee submitted	PKR 20,000/-: 07-10-2019
	The proposed proprietary name / brand name	**MIREXIA XR TABLETS 25MG**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each film coated extended release tablet contains: Mirabegron…..25mg
	Pharmaceutical form of applied drug	Orange, Oval, coated tablet having "f" on one side and break line on other side
	Pharmacotherapeutic Group of (API)	beta-3 adrenergic agonist (G04BD12)
	Reference to Finished product specifications	Innovators specs
	Proposed Pack size	10's, 14's, 20's, 28's and 30's
	Proposed unit price	As per SRO
	The status in reference regulatory authorities	MYRBETRIQ tablets **(USFDA** Approved)
	For generic drugs (me-too status)	Mibega 25mg Tablets by Getz Pharma (Reg # 089375)
	Name and address of API manufacturer.	Jiangxi Synergy Pharmaceutical Co, Ltd Jiangxi Fengxin Industrail Park, Fengxin 330700, Jiangxi Province, China
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its

		validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance. The drug substance exhibits **stereoisomerism** due to one chiral center. The R enantiomer has been used in the manufacture of the finished product. Mirabegron free base exhibits **polymorphism** and is known to possess two crystalline forms, namely α-form and β-form crystals. The β-form crystals of Mirabegron is hygroscopic and tends to gain water content up to 3% under the relative humidity of about 20%, whereas α-form crystals did not show any increase in the water content over the entire range of relative humidity from 5% to 95% concluding that α-crystal form is stable and suitable for use as a medicine. Firm has submitted verification studies of analytical method for the testing of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated and real time conditions. The real time stability data is conducted as per zone IV-A conditions
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the innovator i.e. Myrbetriq of Astellas Pharma. Firm has also submitted results of comparative dissolution profile of their product with the innovator product i.e. Myrbetriq Tablet. Firm has performed CDP in 0.1 N HCl, acetate buffer pH 4.5 and phosphate buffer pH 6.8. The results of drug release specially in pH 4.5 shows sustained release effect. Firm also calculated factor f2 which was above 50. The formulation was developed like innovator product using The oral-controlled absorption system (OCAS) which represents a drug delivery refinement that incorporates a matrix of gel-forming and gel-enhancing agents to promote a constant drug release independent of food and pH. The firm has used Polyethylene Oxide (Polyox WSR N6OK LEO) and Polyethylene Glycol 8000 as XR polymer (gel forming).
	Analytical method validation/verification of product	Firm has submitted report of validation of analytical method for the drug product. Firm has submitted report of verification studies of analytical method for the drug substance.

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Firm has referred to onsite inspection report of their product "INVICTA (Sofosbuvir 400mg+ Velpatasvir 100 mg) Tablets" which was presented in 281st meeting of Registration Board wherein the Board decided to approve registration of INVICTA Tablet. Date of inspection: 16th March 2018. According to inspection report, following points were confirmed. • The firm has 21CFR compliant HPLC software. • The firm has audit trail reports available.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	The firm has submitted copy of Drug Manufacturing License (GAN 20160125) of M/s Jiangxi Synergy Pharmaceutical Co, Ltd Jiangxi Fengxin Industrail Park, Fengxin 330700, Jiangxi Province, China. The certificate is valid till 15-02-2021.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of Form 6 "License to Import drugs for clinical trial, examination, test or analysis" specifying import of 0.6kg Mirabegron. The license is issued by AD (I&E) DRAP Peshawar office. Firm has submitted copy of commercial invoice dated 19-03-2018 specifying import of 0.6Kg Mirabegron. The commercial invoice is not attested by AD (I&E) DRAP field office.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted complete record of testing of all batches along with chromatograms, raw data sheets, COA and summary data sheets.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of compliance along with audit trail record of product testing of HPLC for all test intervals.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of digital data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by PEC:

Shortcomings communicated	Response by the firm
Justify the time difference in manufacturing of batches in 12-2018 and initiation of stability studies on 08-02-2019.	Firm has submitted that all batches of Mirexia XR 25mg Tablet were manufactured in December 2018 and the final coating was performed on 9-01-2019, 10-01-2019 and 11-01-2019 for all the three batches respectively.

	The packing was performed on 16-01-2019 and the stability was initiated on 08-02-2019, wherein there was only difference and delay of 11 working days between the packing and initiation date. Firm further submitted that during every step of manufacturing and even after packing all the batches were placed under controlled temperature conditions.
Justify why the Butylated hydroxytoluene (BHT) contents were not analysed for stability batches as recommended in the EMA public assessment report for the product Betmiga.	Firm has submitted that BHT is used as an antioxidant in the formulation. The finished product release specifications vide assessment report # EMA/706651/2012) does not include content of BHT. Firm has submitted the chemistry review report of FDA which states that "*BHT specification limit was defined only for release. It is expected that during storage of the drug product level of BHT will decrease"*

Decision: Approved with Innovator's specifications.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated and real time conditions. The real time stability data is conducted as per zone IV-A conditions
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the innovator i.e. Myrbetriq of Astellas Pharma. Firm has also submitted results of comparative dissolution profile of their product with the innovator product i.e. Myrbetriq Tablet. Firm has performed CDP in 0.1 N HCl, acetate buffer pH 4.5 and phosphate buffer pH 6.8. The results of drug release specially in pH 4.5 shows sustained release effect. Firm also calculated factor f2 which

		was above 50. The formulation was developed like innovator product using The oral-controlled absorption system (OCAS) which represents a drug delivery refinement that incorporates a matrix of gel-forming and gel-enhancing agents to promote a constant drug release independent of food and pH. The firm has used Polyethylene Oxide (Polyox WSR N6OK LEO) and Polyethylene Glycol 8000 as XR polymer (gel forming).
	Analytical method validation/verification of product	Firm has submitted report of validation of analytical method for the drug product. Firm has submitted report of verification studies of analytical method for the drug substance.

STABILITY STUDY DATA

Manufacturer of API	Jiangxi Synergy Pharmaceutical Co, Ltd Jiangxi Fengxin Industrail Park, Fengxin 330700, Jiangxi Province, China.		
API Lot No.	20180105V		
Description of Pack (Container closure system)	Alu-Alu Blister		
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 1, 2, 3, 4, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	MBXR-004	MBXR-005	MBXR-006
Batch Size	1000 tablet	1000 tablet	1000 tablet
Manufacturing Date	01-2019	01-2019	01-2019
Date of Initiation	18-02-2019	18-02-2019	18-02-2019
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Firm has referred to onsite inspection report of their product "INVICTA (Sofosbuvir 400mg+ Velpatasvir 100 mg) Tablets" which was presented in 281st meeting of Registration Board wherein the Board decided to approve registration of INVICTA Tablet. Date of inspection: 16th March 2018. According to inspection report, following points were confirmed. • The firm has 21CFR compliant HPLC software. • The firm has audit trail reports available.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	The firm has submitted copy of Drug Manufacturing License (GAN 20160125) of M/s Jiangxi Synergy Pharmaceutical Co, Ltd Jiangxi Fengxin Industrail Park, Fengxin 330700, Jiangxi Province, China. The certificate is valid till 15-02-2021.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of Form 6 "License to Import drugs for clinical trial, examination, test or analysis" specifying import of 19-02-2018. The license is issued by AD (I&E) DRAP Peshawar office. Firm has submitted copy of commercial invoice dated 19-03-2018 specifying import of 0.6Kg Mirabegron. The commercial invoice is not attested by AD (I&E) DRAP field office.

4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted complete record of testing of all batches along with chromatograms, raw data sheets, COA and summary data sheets.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of compliance along with audit trail record of product testing of HPLC for all test intervals.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of digital data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by PEC:

Shortcomings communicated	Response by the firm
Justify why the Butylated hydroxytoluene (BHT) contents were not analysed for stability batches as recommended in the EMA public assessment report for the product Betmiga.	Firm has submitted that BHT is used as an antioxidant in the formulation. The finished product release specifications vide assessment report # EMA/706651/2012) does not include content of BHT. Firm has submitted the chemistry review report of FDA which states that "*BHT specification limit was defined only for release. It is expected that during storage of the drug product level of BHT will decrease"*

Decision: Approved with Innovator's specifications.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

3422.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Moringa Pharmaceuticals 35-A, Sunder Industrial Estate, Lahore.**
	Name, address of Manufacturing site.	M/s Seraph Pharmaceuticals Plot # 210, Industrial Triangle Kahuta Road Islamabad.
	Status of the applicant	☐ Manufacturer ☐ Importer ☒ Is involved in none of the above (contract giver) (Contract manufacturing agreement between both firms is provided)
	GMP status of the firm	**Moringa Pharmaceuticals:** The firm is granted GMP certificate based on inspection conducted on 30-5-2019. **Seraph Pharmaceuticals:** GMP certificate issued on the basis of inspection conducted on 11/07/2019.
	Evidence of approval of manufacturing facility	Firm (M/s Seraph Pharmaceuticals) has submitted copy of Issuance of DML letter dated 12-06-2017 specifying Dry Vial Cephalosporin section.
	Status of application	☐ New Drug Product (NDP) ☒ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☐ Domestic sale ☐ Export sale ☒ Domestic and Export sales

	Dy. No. and date of submission	Dy. No 4603 dated 01-02-2019 (Form 5) Dy No. 10254 dated 07-05-2020 (Form 5-F)
	Details of fee submitted	Rs.20,000/- Dated 31-01-2019 Rs. 30,000/- dated 06-05-2020
	The proposed proprietary name / brand name	**AXONE Injection 250mg IM**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each vial contains: Ceftriaxone (as sodium)……250mg
	Pharmaceutical form of applied drug	Sterilized white to off white crystalline dry powder contained in a glass vial with sterilized rubber stopper & aluminium flip seal on it.
	Pharmacotherapeutic Group of (API)	Cephalosporin antibiotic
	Reference to Finished product specifications	USP specs
	Proposed Pack size	1's
	Proposed unit price	As per SRO
	The status in reference regulatory authorities	Ceftriaxone 250mg powder for solution for injection **(MHRA** Approved)
	For generic drugs (me-too status)	Droncef injection 250mg by Seraph Pharmaceuticals
	Name and address of API manufacturer.	Sinopharm Weiqida Pharmaceutical Co. Ltd. First Medical zone, Economic & technological development zone, Datong Shanxi China.
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated and real time conditions. The real time stability data is conducted as per zone IV-A conditions till 36 months.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability. Firm has also submitted process validation report
	Pharmaceutical Equivalence and	Firm has submitted results of pharmaceutical equivalence for

	Comparative Dissolution Profile	all the quality tests for their product against the innovator i.e. Rocephin Injection 250mg. The results of all the tests of both products falls within the specifications and are comparable. The firm has also performed compatibility studies of the product with recommended diluent i.e. lignocaine. Firm has performed comparative analysis with innovator product after reconstitution as well. The reconstitution studies also demonstrate comparable results with the innovator product.
	Analytical method validation/verification of product	Firm has submitted report of validation of analytical method for the drug product. Firm has submitted report of verification studies of analytical method for the drug substance.

STABILITY STUDY DATA

Manufacturer of API	Sinopharm Weiqida Pharmaceutical Co. Ltd. First Medical zone, Economic & technological development zone, Datong Shanxi China.		
API Lot No.	Q011812004		
Description of Pack (Container closure system)	Vials containing powder for reconstitution, packed in unit carton		
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH

Manufacturing Date	01-2019	01-2019	02-2019
Date of Initiation	12-02-2019	14-02-2019	10-03-2019
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Firm has referred to following product specific inspection reports • Dexpro (Dexlansoprazole) 30 and 60mg Capsule. PSI was conducted on 11-09-2018 and the product was approved in 285th meeting of Registration Board. • Neovel 800mg Tablet. Its PSI was conducted on 14-12-2018 and the product was approved in 288th meeting of Registration Board. • Serbica 20mg Capsule. Its PSI was conducted on 29-10-2018 and the product was approved in 290th meeting of Registration Board. Firm has further submitted that their product Neogene 2g Injection was approved in 293th meeting of Registration Board. That product was applied by AGP and contract manufactured by Seraph and was submitted on Form 5F (CTD) along with complete data.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Copy of GMP certificate (No. SX20180229) issued by CFDA China is submitted by the firm. The certificate is valid till 05-06-2023
3.	Documents for the procurement of API with approval from DRAP (in case of	Firm has submitted copy of invoice specifying import of 100Kg ceftriaxone sodium dated 08-01-2019. The invoice is

	import).	signed by AD (I&E) DRAP Islamabad office.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted complete record of testing of all batches along with chromatograms, raw data sheets, COA and summary data sheets.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted that since the stability study of this product was initiated 2 years ago, at that time our HPLC (Schimadzu) was not 21 CFR compliant. However now we have 21 CFR compliant (Perkin Elmer) HPLC system. We undertake that in future we will use 21 CFR compliant HPLC system for stability testing.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted that their stability chambers are supplied with uninterrupted power supply and have digital data logger for monitoring temperature and humidity. The digital data logger have been verified by the panel during our onsite inspection as well.

Evaluation by PEC:

- Firm has initially applied for these product for contract manufacturing from English Pharmaceuticals on Form 5 with 20,000/- fee, later the firm has requested to change the manufacturer and submitted Form 5F (CTD) along with balance fee 30,000/-

Shortcomings communicated	Response by the firm
Submit data of pharmaceutical equivalence in section 3.2.P.2.2.1. to comply the decision of 293rd meeting of Registration Board, which states that "Pharmaceutical equivalence of the applied drug shall be established with the innovator / reference / comparator product and results of all the quality tests (mentioned in any official pharmacopoeia or section 3.2.P.5.1 of this application) of the developed formulation and the innovator / reference / comparator product should be submitted and discussed".	Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the innovator i.e. Rocephin Injection 250mg. The results of all the tests of both products falls within the specifications and are comparable. Firm has performed all the tests as per USP monograph.
Submit results of compatibility of your product with the diluent as recommended in the label	The firm has also performed compatibility studies of the product with recommended diluent i.e. lignocaine. Firm has performed comparative analysis with innovator product after reconstitution as well. The reconstitution studies also demonstrate comparable results with the innovator product.
Submit the results of in-use stability studies in line with the storage conditions mentioned in the label of innovator product.	Firm has submitted the results of in use stability studies conducted at 2-8^{o}C for 24 hours. The in-use stability results are also in line with the innovator product. The stability study recommends the label "Reconstituted injection can be stored at 2-8^{o}C for 24 hours"
Submit the data of verification of analytical method for drug substances in section 3.2.S.4.3 to comply the decision of 293rd meeting of Registration Board, which states that "Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for both compendial as well as noncompendial drug substance(s) shall be submitted".	Firm has submitted protocols and results of verification of analytical method of drug substance based on recommendations of USP.

Decision: Deferred for capacity assessment of M/s Seraph Pharmaceuticals and evaluation of product development data of Form5F.

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Firm has referred to following product specific inspection reports • Dexpro (Dexlansoprazole) 30 and 60mg Capsule. PSI was conducted on 11-09-2018 and the product was approved in 285th meeting of Registration Board. • Neovel 800mg Tablet. Its PSI was conducted on 14-12-2018 and the product was approved in 288th meeting of Registration Board. • Serbica 20mg Capsule. Its PSI was conducted on 29-10-2018 and the product was approved in 290th meeting of Registration Board. Firm has further submitted that their product Neogene 2g Injection was approved in 293th meeting of Registration Board. That product was applied by AGP and contract manufactured by Seraph and was submitted on Form 5F (CTD) along with complete data.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Copy of GMP certificate (No. SX20180229) issued by CFDA China is submitted by the firm. The certificate is valid till 05-06-2023
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of invoice specifying import of 100Kg ceftriaxone sodium dated 08-01-2019. The invoice is signed by AD (I&E) DRAP Islamabad office.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted complete record of testing of all batches along with chromatograms, raw data sheets, COA and summary data sheets.
5.	Compliance Record of HPLC software	Firm has submitted that since the stability study of this product

	21CFR & audit trail reports on product testing	was initiated 2 years ago, at that time our HPLC (Schimadzu) was not 21 CFR compliant. However now we have 21 CFR compliant (Perkin Elmer) HPLC system. We undertake that in future we will use 21 CFR compliant HPLC system for stability testing.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted that their stability chambers are supplied with uninterrupted power supply and have digital data logger for monitoring temperature and humidity. The digital data logger have been verified by the panel during our onsite inspection as well.

Evaluation by PEC:

- Firm has initially applied for these product for contract manufacturing from English Pharmaceuticals on Form 5 with 20,000/- fee, later the firm has requested to change the manufacturer and submitted Form 5F (CTD) along with balance fee 30,000/-

Shortcomings communicated	Response by the firm
Submit data of pharmaceutical equivalence in section 3.2.P.2.2.1. to comply the decision of 293rd meeting of Registration Board, which states that "Pharmaceutical equivalence of the applied drug shall be established with the innovator / reference / comparator product and results of all the quality tests (mentioned in any official pharmacopoeia or section 3.2.P.5.1 of this application) of the developed formulation and the innovator / reference / comparator product should be submitted and discussed".	Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the innovator i.e. Rocephin Injection 1g. The results of all the tests of both products falls within the specifications and are comparable. Firm has performed all the tests as per USP monograph.
Submit results of compatibility of your product with the diluent as recommended in the label	The firm has also performed compatibility studies of the product with recommended diluent i.e. sterile water for injection. Firm has performed comparative analysis with innovator product after reconstitution as well. The reconstitution studies also demonstrate comparable results with the innovator product.
Submit the results of in-use stability studies in line with the storage conditions mentioned in the label of innovator product.	Firm has submitted the results of in use stability studies conducted at 2-8^{o}C for 24 hours. The in-use stability results are also in line with the innovator product. The stability study recommends the label "Reconstituted injection can be stored at 2-8^{o}C for 24 hours"
Submit the data of verification of analytical method for drug substances in section 3.2.S.4.3 to comply the decision of 293rd meeting of Registration Board, which states that "Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for both compendial as well as noncompendial drug substance(s) shall be submitted".	Firm has submitted protocols and results of verification of analytical method of drug substance based on recommendations of USP.

Decision: Deferred for capacity assessment of M/s Seraph Pharmaceuticals and evaluation of product development data of Form5F.

3425.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Moringa Pharmaceuticals 35-A, Sunder Industrial Estate, Lahore.**
	Name, address of Manufacturing site.	M/s Seraph Pharmaceuticals Plot # 210, Industrial Triangle Kahuta Road Islamabad.
	Status of the applicant	☐ Manufacturer

		☐ Importer ☒ Is involved in none of the above (contract giver) (Contract manufacturing agreement between both firms is provided)
	GMP status of the firm	**Moringa Pharmaceuticals:** The firm is granted GMP certificate based on inspection conducted on 30-5-2019. **Seraph Pharmaceuticals:** GMP certificate issued on the basis of inspection conducted on 11/07/2019.
	Evidence of approval of manufacturing facility	Firm (M/s Seraph Pharmaceuticals) has submitted copy of Issuance of DML letter dated 12-06-2017 specifying Dry Vial Cephalosporin section.
	Status of application	☐ New Drug Product (NDP) ☒ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☐ Domestic sale ☐ Export sale ☒ Domestic and Export sales
	Dy. No. and date of submission	Dy. No 4602 dated 01-02-2019 (Form 5) Dy No. 10259 dated 07-05-2020 (Form 5-F)
	Details of fee submitted	Rs.20,000/- Dated 31-01-2019 Rs. 30,000/- dated 06-05-2020
	The proposed proprietary name / brand name	**Saf-Xime 400mg Capsule**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each capsule contains: Cefixime (as trihydrate)……400mg
	Pharmaceutical form of applied drug	Capsule contained in Alu Alu blister
	Pharmacotherapeutic Group of (API)	Cephalosporin antibiotic
	Reference to Finished product specifications	JP specs
	Proposed Pack size	1x5's
	Proposed unit price	As per SRO
	The status in reference regulatory authorities	Suprax Capsule 400mg **(USFDA** Approved)
	For generic drugs (me-too status)	Tripsan 400mg capsule by Seraph Pharmaceuticals
	Name and address of API manufacturer.	Saakh Pharma (Pvt) Ltd. C-7/1, North Western Industrial Zone Port Qasim Karachi.
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification

		of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated and real time conditions. The real time stability data is conducted as per zone IV-A conditions till 12 months.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability. Firm has also submitted process validation report
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has performed comparative analysis of their developed formulation against the comparator product i.e. "Cefspan Capsule 400mg". Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the comparator product. The analysis of all quality tests were performed according to JP monograph. The results depicts that the developed formulation is comparable to the comparator product. Firm has further performed comparative dissolution profile (CDP) testing as per the WHO guidelines in three dissolution mediums. The results of CDP also demonstrates similarity of the developed formulation in terms of release profile from the comparator product.
	Analytical method validation/verification of product	Firm has submitted report of validation of analytical method for the drug product. Firm has submitted report of verification studies of analytical method for the drug substance.

3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of invoice dated 12-01-2018 specifying purchase of 50Kg cefixime from Saakh Pharma (Pvt) Ltd.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted complete record of testing of all batches along with chromatograms, raw data sheets, COA and summary data sheets.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted that since the stability study of this product was initiated 2 years ago, at that time our HPLC (Schimadzu) was not 21 CFR compliant. However now we have 21 CFR compliant (Perkin Elmer) HPLC system. We undertake that in future we will use 21 CFR compliant HPLC system for stability testing.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted that their stability chambers are supplied with uninterrupted power supply and have digital data logger for monitoring temperature and humidity. The digital data logger have been verified by the panel during our onsite inspection as well.

Evaluation by PEC:

- Firm has initially applied for these product for contract manufacturing from English Pharmaceuticals on Form 5 with 20,000/- fee, later the firm has requested to change the manufacturer and submitted Form 5F (CTD) along with balance fee 30,000/-

Shortcomings communicated	Response by the firm
Submit data of pharmaceutical equivalence in section 3.2.P.2.2.1. to comply the decision of 293rd meeting of Registration Board, which states that "Pharmaceutical equivalence of the applied drug shall be established with the innovator / reference / comparator product and results of all the quality tests (mentioned in any official pharmacopoeia or section 3.2.P.5.1 of this application) of the developed formulation and the innovator / reference / comparator product should be submitted and discussed".	Firm has performed comparative analysis of their developed formulation against the comparator product i.e. "Cefspan Dry powder for suspension 200mg/5ml". Firm has submitted results of pharmaceutical equivalence for all the quality tests for their product against the comparator product. The analysis of all quality tests were performed according to USP monograph. The results depicts that the developed formulation is comparable to the comparator product.
Submit results of compatibility of your product with the diluent as recommended in the label and also submit the results of in-use stability studies in line with the storage conditions mentioned in the label of innovator product.	The firm has also performed compatibility studies of the product with diluent i.e. purified (boiled and cooled water). Firm has performed testing of assay pH and other parameters for 7 days at room temperature and 14 days at 2 – 8^{o}C and the results after reconstitution were within the acceptable range specified by the firm.
Submit the data of verification of analytical method for drug substances in section 3.2.S.4.3 to comply the decision of 293rd meeting of	Firm has submitted protocols and results of verification of analytical method of drug substance based on recommendations of USP.

Registration Board, which states that "Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for both compendial as well as noncompendial drug substance(s) shall be submitted".	
Justify the significant difference (i.e. more than 5% from initial assay values) in Batch 001 and 002 during accelerated conditions.	Firm has submitted that there was a difference of assay values greater than 5% from initial value in Batch 001 and 002 in accelerated study, but we have completed the real time stability studies till 24 months and there is no difference in the results at real time conditions and the product falls within specifications throughout the shelf life of 24 months. This is also justified in the light of ICH guidelines.

Decision: Deferred for capacity assessment of M/s Seraph Pharmaceuticals and evaluation of product development data of Form5F.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Lanzol-X 30mg and Lanzol-X 60mg (Dexlansoprazole) Capsules by M/S. Pharmatec Pakistan (Private) Limited, D-86/A, S.I.T.E, Karachi.

Reference No: F.13-11/2017-PEC (Pt) : Dated 14th November, 2019.

Investigation Date and Time: 20-03-2020 (Morning).

Investigation Site: Factory premises of M/S. Pharmatec Pakistan (Private) Limited, D-86/A, S.I.T.E, Karachi.

Background:

Registration Board meeting considered the applications of M/S. Pharmatec Pakistan (Private) Limited, D-86/A, S.I.T.E, Karachi for registration of Lanzol-X 30mg and Lanzol-X 60mg (Dexlansoprazole) Capsules. Registration Board considered scientifically rational laboratory scale data submitted by the firm as pre-requisite of registration being new formulation and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm as per decision of Registration Board and to submit report for further consideration.

Composition of Panel:

7. Dr. Aslam Shah, Ex-Member Registration Board, Senior Manager Pharmacy & Supply Chain, Indus Hospital, Karachi.
8. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.

9. Dr. Mahrukh Mughal, Assistant Director, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Detail of Investigation:

Q. NO.	QUESTION	OBSERVATION BY PANEL
1.	Do you have documents confirming the import of API including approval from DRAP?	The firm has procured 17% and 22.5% Dexlansoprazole pellets each of 5kg from M/S. Vision Pharmaceuticals (Pvt.) Limited, Islamabad, dated: 20-03-2018.
2.	What was the rationale behind selecting the particular manufacturer of API?	The firm has selected the vendor on the basis of authorization for manufacturing of Dexlansoprazole pellets and GMP certificate issued by DRAP.
3.	Do you have documents confirming the import of reference standard and impurity standards?	The firm has obtained working standard of the API from API manufacturer. Impurities standards have been procured 12 months later than starting stability studies on the stability batches.
4.	Do you have certificate of analysis of API, reference standards and impurity standards?	The firm has certificate of analysis for Dexlansoprazole Pellets, Dexlansoprazole working standard and impurity standards.
5.	Do you have GMP certificate of API manufacturer issued by regulatory authority of country of origin?	The firm has provided the copy of GMP certificate issued by DRAP.
6.	Do you use APIs manufacturer method of the testing?	The firm has used API Manufacturer's method for testing the pellets.
7.	Do you have stability studies report on APIs?	The firm has stability studies report of API (Dexlansoprazole pellets) conducted by API manufacturer.
8.	If yes, whether the stability testing has been performed as per SIM and degradation products have been quantified?	The manufacturer of API has performed the stability studies on API as per SIM Method and the Related Substance/ impurities have been quantified.
9.	Do you have method for quantifying the impurities in API?	The API manufacturer has developed method for quantifying impurities in the API. The method is available with M/S. Pharmatec Pakistan.
10.	Do you have some remaining quantities of API, the reference standards and impurities?	The firm has remaining quantity of API pellets, Dexlansoprazole working standard and impurity standards.
11.	Have you used pharmaceutical grade excipients?	The firm has used cap shell size no 3 for 30mg and cap shell size no 2 for 60mg capsules.
12.	Do you have documents confirming the import of used excipients?	The firm has documents confirming the import of capsule shells.
13.	Do you have test reports and other records on the excipients used?	The firm has test reports on empty capsules shell sizes no. 3 and 2.

<table>
<tr><td>14.</td><td>Do you have written and authorized protocols for the development of products?</td><td>The firm has protocol for the development of Lanzol-X Capsules 30mg/60mg.</td></tr>
<tr><td>15.</td><td>Have you performed drug-excipient compatibility studies?</td><td>The API manufacturer performed specificity by placebo method in analytical method validation.</td></tr>
<tr><td>16.</td><td>Have you performed comparative dissolution studies?</td><td>Firm has performed comparative dissolution studies with Dexilant Capsules in three recommended dissolution media, however, the analytical method being used is developed by the manufacture but the method has not been validated till date. The same analytical method is used for routine dissolution testing at different time intervals. Analysis with non-validated method especially when developed by the firm itself is a critical negligence rendering the whole study questionable and non-acceptable.</td></tr>
<tr><td>17.</td><td>Do you have product development (R&D) section?</td><td>The firm has product development section with some equipment for manufacturing tablets dosage form only. The area, equipment and environmental conditions need gross changes and upgradation.</td></tr>
<tr><td>18.</td><td>Do you have necessary equipment available in product development section for development of product?</td><td>• The firm has used commercial equipment for development of Lanzol-X Capsules 30mg/60mg as PD area does not have any facility for manufacturing capsules dosage form.
• For analysis routine QC analytical instruments have been used. As per record all the relevant commercial manufacturing equipment and QC instruments are qualified.</td></tr>
<tr><td>19.</td><td>Are the equipment in product development section qualified?</td><td>Not Applicable</td></tr>
<tr><td>20.</td><td>Do you have proper maintenance/ calibration/ requalification program for the equipment used in PD section?</td><td>The firm has maintenance / calibration / requalification program for the equipments in the PD section.</td></tr>
<tr><td>21.</td><td>Do you have qualified staff in product development section with proper knowledge and training in product development?</td><td>The firm has qualified staff for Product Development including 02 Pharmacists and 02 Chemists.</td></tr>
<tr><td>22.</td><td>Have you manufactured stability batches for the stability studies of the product as required?</td><td>The firm has manufactured three stability batches each for Lanzol-X 30mg and Lanzol-X 60mg capsules with batch size 2500 capsules each.
<table>
<tr><td colspan="3">Lanzol-X 30mg Capsule</td></tr>
<tr><td></td><td>Mfg: date</td><td>Exp: date</td></tr>
<tr><td>18PD097DEXT01</td><td>Sep-2018</td><td></td></tr>
<tr><td>18PD107DEXT02</td><td>Nov-2018</td><td></td></tr>
<tr><td>18PD108DEXT03</td><td>Nov-2018</td><td></td></tr>
<tr><td colspan="3">Lanzol-X 60mg Capsule</td></tr>

<tr><td>18PD102DEX60T02 (B)</td><td>Nov-2018</td><td></td></tr>
</table>
The capsules are packed in blisters.</td></tr>
<tr><td>23.</td><td>Do you have criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing the batch size of stability batches is based on testing frequencies and number of capsules required per testing frequency and DRAP guidelines.</td></tr>
</table>

24.	Do you have complete record of production of stability batches?	The firm has detailed record of the stability batches of Lanzol-X Capsules 30mg & 60mg.
25.	Do you have protocols for stability testing of stability products?	The firm has protocol for testing of stability batches.
26.	Do you have developed and validated the method for testing of stability batches?	Firm has used a testing method derived from literature for testing their product upto 12 months. This method was used without any validation activity. After 12 months, the firm has used the API manufacturer method of testing after proper validation. However, chromatograms with both methods show significant variation from one testing point to another and within the same testing point. This behavior reflects the whole testing questionable and unacceptable.
27.	Do you have method transfer studies in case when the method of testing used by your firm is given by another firm?	Not done.
28.	Do you have documents confirming the qualification of equipment/instruments being used in the test and analysis of API and the finished products?	The firm has documents confirming the qualification of equipment / instruments being used in the test and analysis of the Lanzol-X Capsules 30mg & 60mg.
29.	Do your method of analysis stability indicating?	Firm has used two methods of testing, one without validation and another with validation, but chromatograms with both the methods show significant variation in Rt i.e. from 2.1 – 8.99 for Dexlansoprazole peak at both intra & inter testing points, therefore, the method is used on HPLC systems which are probably not qualified properly, hence making the method non validated and not stability indicating. This scenario raise fingers on the whole validation / qualification program of the firm.
30.	Do your HPLC software 21 CFR compliant?	The firm has HPLC software which is 21CFR Compliant.
31.	Can you show audit trail reports on product testing?	The firm has audit trail Reports on their testing.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has some remaining quantities of stability batches.
33.	Do you have stability batches kept on stability testing?	The firm has three stability batches of each strength kept on stability for Real time stability testing.
34.	Do you have valid calibration status for the equipment used in production and analysis?	The firm has valid calibration status for the equipment used in Lanzol-X Capsules 30mg & 60mg production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has online monitoring software available for stability chamber.
36.	Do related manufacturing area, equipment, personnel, and utilities be rated as GMP compliant?	Related manufacturing area, equipment, personnel and utilities can be rated as GMP compliant.
37.	<u>Any Query raised by PEC:</u> Stability initiation date for batch 18PD097DEXT01 / 18PD098DEX60T01 mentioned in stability summary sheets is verifying	04-10-2018 is the manufacturing date whereas 22-10-2018 is the date of initiation of stability studies.

	date 22-10-2018 while that mentioned in covering letter is manufacturing date 04-10-2018.	

Conclusions:

6. Record related to testing method development, validation and testing at various time points in stability studies program show that there are significant negligencies and variations, hence the overall stability studies are technically questionable and inappropriate.
7. Qualification of related HPLC systems and facilities and conditions of product development area are also gray areas, requiring immediate attention of the management.
8. Keeping in view the above, Lanzol-X 30mg and 60mg (Dexlansoprazole) Capsules is NOT VERIFIABLE.

Recommendations:

1. Firm must redesign the whole study and conduct proper testing as per proper validated stability indicating method.
2. Firm must also reassess their whole qualification program especially including the QC equipment / instruments.
3. Firm must also upgrade their product development area for future development work as per proper guidelines.

Decision: Registration Board deliberated the matter and discussed the observations raised by inspection panel. The Board determined that the firm has performed stability studies and the same is also verified by inspection panel; however the firm has used non-validated method of analysis for testing of the product which makes the whole testing and stability studies questionable. On the basis of the observations of the inspection panel, Registration Board decided to reject the application of Lanzol-X 30mg and Lanzol-X 60mg of M/s Pharmatec Pakistan (Private) Limited, D-86/A, S.I.T.E, Karachi due to following reasons:

- **Use of non-validated method of analysis for performing dissolution testing and comparative dissolution profile**
- **Firm has used testing method derived from literature for testing their product upto 12 months stability time point without performing validation studies. After 12 months, the firm has used the API manufacturer method of testing after proper validation. However, chromatograms with both methods show significant variation from one testing point to another and within the same testing point.**
- **Firm has used two methods of testing, one without validation and another with validation, but chromatograms with both the methods show significant variation in Retention time Rt i.e. from 2.1 – 8.99 for Dexlansoprazole peak at both intra & inter testing points, therefore, making the method non validated and not stability indicating.**

Case No. 05 Registration applications of drugs for which stability study data is submitted

a. New cases

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks
3430.	M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi.	Byflanz Capsule 6/50mg Each capsule contains: Olanzapine ….6mg Fluoxetine HCl……50mg (Antipsychotic in combination with SSRI)	Form 5-D 16-12-2012 PKR 8,000/- (16-02-2012) + PKR 12,000/- (13-11-2013) +	Symbyax Capsule (**USFDA** Approved) 29-01-2018. GMP rated as GOOD.

			PKR 30,000/- (14-06-2019) PKR 8000 and 12000 chalan is duplicate	

Evaluation by PEC:

- Firm has initially applied the product with brand name "Lanco capsule" but later the firm has requested to change the brand name to Byflanz Capsule while submitting balance fee 30,000/-. Already 3 other strengths of the same drug has been registered with brand name Byflanz
- Firm has submitted accelerated and real time stability data of 6 months as per the requirement of Registration Board.

3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by	Yes

	attested respective documents like chromatograms, laboratory reports, data sheets etc.	
5.	Documents confirming import of API etc.	**Olanzapine**: Copy of commercial invoice attested by ADC dated 29/08/2018 for import of 1.2 Kg Olanzapine by Divis Pharma
		Fluoxetine HCl: Copy of commercial invoice attested by ADC dated 07/2018 for import of 4.18 Kg Fluoxetine HCl by Divis Pharma is submitted
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

The panel may be advised to verify the following:

- Verify the ADC attested invoice for import of both API along with date of clearance, since the invoices submitted along with stability data are not clear.
- Verify whether the firm has performed testing as per USP method.

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks
3431.	M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi.	Byflanz Capsule 12/50mg Each capsule contains: Olanzapine ….12mg Fluoxetine HCl……50mg (Antipsychotic in combination with SSRI)	Form 5-D 16-12-2012 PKR 8,000/- (16-02-2012) + PKR 12,000/- (13-11-2013) + PKR 30,000/- (14-06-2019) PKR 8000 and 12000 chalan is duplicate	Symbyax Capsule (**USFDA** Approved) 29-01-2018. GMP rated as GOOD.
	Evaluation by PEC: • Firm has initially applied the product with brand name "Lanco capsule" but later the firm has requested to change the brand name to Byflanz Capsule while submitting balance fee 30,000/-. Already 3 other strengths of the same drug has been registered with brand name Byflanz • Firm has submitted accelerated and real time stability data of 6 months as per the requirement of Registration Board.

REMARKS OF EVALUATOR

The panel may be advised to verify the following:

- Verify the ADC attested invoice for import of both API along with date of clearance, since the invoices submitted along with stability data are not clear.
- Verify whether the firm has performed testing as per USP method.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Byflanz 6/50mg and 12/50mg (Olanzapine / Fluxetine HCl) Capsules by M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi.

Reference No: F.13-11/2017-PEC (Pt) : Dated 28th August, 2019.

Investigation Date and Time: 15-04-2020 (Morning).

Investigation Site: Factory premises of M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi.

Background:

Registration Board meeting considered the applications of M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi for registration of Byflanz 6/50mg and 12/50mg (Olanzapine / Fluxetine HCl) Capsules. Registration Board considered scientifically rational laboratory scale data submitted by the firm as pre-requisite of registration being new formulation and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm as per decision of Registration Board and to submit report for further consideration.

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Dean Faculty of Pharmacy, Ziauddin University, Karachi, Member Registration Board, Islamabad.
2. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.
3. Ms. Sanam Kausar, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Detail of Investigation:

Sr. No	Question	Observation by panel
38.	Do you have documents confirming the import of APIs?	The firm has imported 1.2kg API of Olanzapine from Cadila Pharmaceutical Limited India, batch No. 18OLZ006 and 4.18kg API of Fluoxetine HCl from Divis Pharmaceuticals Pvt, Ltd India Batch No. 0790618 for manufacturing of stability batches of Byflanz 6/50mg and 12/50mg capsules. They have taken approval from DRAP-Karachi for import.
39.	What was the rationale behind selecting the particular manufacturer of APIs?	There is proper vendor qualification program being implemented by the firm which include an audit by means of a questionnaire which is filled by the manufacturer, GMP Status, provision of DMF, provision of reference standard, impurity standards etc. The firm was evaluated on above mentioned criteria and selected.
40.	Do you have documents confirming the import of APIs reference standard of APIs and impurity	The firm has documents confirming the import of APIs working standards of APIs and their impurities.

	standards?	
41.	Do you have certificate of Analysis of the API, reference standards of the APIs and impurity standards?	The firm has certificates of analysis for both APIs, reference standards of both APIs and their impurity standards.
42.	Do you have any approval of APIs or GMP certificate of APIs manufacturers issued by regulatory authorities of countries of origin?	The firm has GMP certificate no. (1809989) valid till 31/08/2021 for Olanzapine manufacturer issued by Food and Drug Control Administration Gujrat, India. and GMP certificate no. (2810/E(G)/TS/2018) valid till 31/12/2021 for Fluoxetine HCl manufacturer issued by Drug Control Administration Telangana, India.
43.	Do you use API manufacturer method of testing	The firm has used USP methods of testing for APIs.
44.	Do you have stability studies reports on APIs?	The firm has stability studies reports on both APIs.
45.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per SIM methods and degradation products have been quantified.
46.	Do you have method for quantifying the impurities in the APIs?	The firm has methods for quantifying the impurities in both APIs.
47.	Do you have some remaining quantities of the APIs, their reference standards and impurities standards?	The firm has remaining quantities of both APIs, reference standard of APIs and their impurities.
48.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients including Olanzapine, Fluoxetine HCl, Sodium Lauryl Sulfate, Starch STA-RX 1500 and Megnesium Stearate.
49.	Do you have documents confirming the import of the used excipients?	The firm has documents confirming the import/purchase of all excipients used.
50.	Do you have test reports and other records on the excipients used	The firm has test reports and other records on the excipients used.
51.	Do you have written and authorized protocols for the development of Byflanz 6/50mg and 12/50mg capsules?	The firm has written and authorized protocols for the development of Byflanz 6/50mg and 12/50mg capsules.
52.	Have you performed Drug excipient compatibility studies?	Drug-excipients compatibility studies were not performed as the firm has used the same excipients as of innovator.
53.	Have you performed comparative dissolution studies?	The firm has performed comparative dissolution studies of their products against innovator products (Symbyax by M/s Lilly, USA) and their products have shown comparable dissolution profiles.
54.	Do you have product development (R&D) section.	The firm has product development (R&D) section with equipment for manufacturing of capsule dosage form. The analytical part is performed on equipment dedicated for R&D activities.
55.	Do you have necessary equipment available in product development section for development of API Capsules?	The firm has necessary equipment for product development of Byflanz 6/50mg and 12/50mg capsules. The product in question has been packed using packing machine of commercial packaging. Furthermore, the analytical part has been performed via the dedicated quality control equipment & laboratory established for R&D activities.
56.	Are the equipment in product development section qualified?	The available equipment in product development section are qualified.

57.	Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	The firm has SOP for the maintenance / calibration / requalification of equipment used on PD section. All the equipment are qualified as per above SOP.
58.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has qualified staff which include One PhD Chemistry and six Pharmacists in product development section with relevant work experience.
59.	Have you manufactured three stability batches for the stability studies of API Capsules as required?	The firm has manufactured three consecutive stability batches for the accelerated and real time stability studies of • Byflanz (Olanzapine 6mg+Fluoxetine HCl 50mg) Capsules having batch No. NPD-C-384-P,NPD-C-363-L,NPD-C-383-P with batch size of 2500 capsules each. The capsules are packed in Alu-Alu blisters of pack size 1x 10's. • Byflanz (Olanzapine 12mg+Fluoxetine HCl 50mg) Capsules having batch No. NPD-C-365-L, NPD-C-385-P, NPD-C-386-P with batch size of 2500 capsules each. The capsules are packed in Alu-Alu blisters of pack size 1x 10's.
60.	What was the criteria for fixing the batch size of stability batches?	The criteria for fixing the batch size of stability batches is the number of capsules per testing and the number of capsules required for whole stability testing.
61.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches. Necessary logbooks of equipment used has been available with the firm.
62.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocol for stability testing of stability batches.
63.	Do you have developed and validated the method for testing of stability batches?	The firm has pharmacopeial and verified method for testing of stability batches.
64.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Not Applicable
65.	Do you have documents confirming the qualification of equipment / instruments being used in the test and analysis of API and the finished drug?	The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of API and finished drug.
66.	Do your method of analysis stability indicating?	The firm's method of analytical testing has stability indicating parameters.
67.	Do your HPLC software is 21CFR compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
68.	Can you show Audit Trail reports on API testing?	The firm showed the audit trail reports on API testing.
69.	Do you have some remaining quantities of degradation products and stability batches?	The firm does not have remaining quantities of stability batches for accelerated studies but has remaining quantities for real time stability studies.
70.	Do you have commitment batches kept on stability testing?	The firm has completed accelerated stability testing on the three stability batches. The real time stability testing is in progress on all the three stability batches. Currently 06 months studies have been completed with satisfactory results.
71.	Do you have valid calibration status for the equipment used in API	The firm has valid calibration status for the equipment used in production and analysis.

	capsules production in analysis?	
72.	Do proper and continuous monitoring and control are available for stability chamber?	Continuous power supply and monitoring are available for stability chambers.
73.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The related manufacturing area, equipment, personnel and utilities be rated as GMP compliant.
74.	Any Query raised by PEC: • Verify the ADC attested invoice for import of both APIs along with date of clearance, since the invoices submitted along with stability data are not clear. • Verify whether the firm has performed testing as per USP method.	The following invoices were verified. 1 Olanzapine 1.2 kg 32018500029 25-07-2018 2 Fluoxetine 4.18 kg FLU/EXP/051/2018-19 07-07-0218 • The use of USP method for testing was also verified.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Byflanz 6/50mg and 12/50mg (Olanzapine + Fluxetine HCl) Capsules is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Byflanz 6/50mg and 12/50mg (Olanzapine + Fluxetine HCl) Capsules.

Recommendations:

The firm may kindly be granted necessary registration of Byflanz 6/50mg and 12/50mg (Olanzapine + Fluxetine HCl) Capsules.

Decision: Registration Board decided to approve registration of Byflanz 6/50mg and 12/50mg (Olanzapine + Fluxetine HCl) Capsules with Innovator's specifications by M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. Board further decided that verification of fee challan may be done as per decision of 285th meeting of Registration Board.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

#	Documents To Be Provided	Status
1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin	Firm has submitted copy of "License for Drug production" issued by the Jiangsu Food and Drug Administration in the name of M/s Nantong Chanyoo Pharmatech Co., Ltd., China with License number "S. 20160512" and valid up to 31-12-2020.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Firm has submitted copy of commercial invoice specifying import of 1.4 Kg Ticagrelor, the invoice is attested by AD, DRAP dated 12-01-2019.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978	Yes

REMARKS OF EVALUATOR

- The firm has adopted acceptance criteria for dissolution testing as NLT 85% (Q+5, where Q=80%) in 60 minutes, while the USFDA approved reference product has defined a two point dissolution test at 45 and 60 minutes time.
- The panel may be requested to verify the exact polymorphic form of ticagrelor used.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Igrelor 90mg (Ticagrelor) Tablets by M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi.

Reference No: F.1-2/2020-PEC : Dated 18th February, 2020.

Investigation Date and Time: 08-04-2020 (Morning).

Investigation Site: Factory premises of M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi

Industrial Area, Karachi.

Background:

Registration Board meeting considered the applications of M/S. Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi for registration of Igrelor 90mg (Ticagrelor) Tablets. Registration Board considered scientifically rational laboratory scale data submitted by the firm as pre-requisite of registration being new formulation and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm as per decision of Registration Board and to submit report for further consideration.

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Dean Faculty of Pharmacy, Ziauddin University, Karachi, Member Registration Board, Islamabad.
2. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.
3. Ms. Sanam Kausar, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Detail of Investigation:

Sr. No	Question	Observation by panel
1.	Do you have documents confirming the import of API?	The firm has imported 1.4kg Ticagrelor API from Nantong Chanyoo pharmatech Co. Ltd, China Batch No. RD-TG-201810081 and has taken approval from DRAP-Karachi for import.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor qualification being implemented by the firm which include an audit by means of a questionnaire which is filled by the manufacturer, GMP Status, provision of DMF, reference standard, impurity standards etc. The firm was evaluated on above mentioned criteria and selected
3.	Do you have documents confirming the import of API reference standard and impurity standards	The firm has documents confirming the import of API of said batches and working standards of API and major mpurities.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis for API and working standards of API and major impurities.
5.	Do you have any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	The firm has GMP certificate (No.2017006 valid up to 07-09-2020) of Ticagrelor manufacturer issued by Nantong Food and Drug Administration, China.
6.	Do you use API manufacturer method of testing	The firm has used API manufacturer method of testing for API.
7.	Do you have stability studies reports on API?	The firm has accelerated stability studies reports of six months and two years on real time on API stability studies reports.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per SIM method and degradation products have been quantified
9.	Do you have method for quantifying the impurities in the API?	The firm has method for quantifying the impurities in the API. The testing method has been obtained from the API manufacturer.

10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	The firm has remaining quantities of API, reference standard of API and impurities.
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients including, Ticagrelor, Mannitol, Di-calcium phosphate dihydrous DC grade, sodium starch glycolate, hydroxypropyl cellulose, magnesium stearate.
12.	Do you have documents confirming the import of the used excipients?	The firm has documents confirming the import/purchase of all excipients used.
13.	Do you have test reports and other records on the excipients used	The firm has test reports and other records on the excipients used.
14.	Do you have written and authorized protocols for the development of Igrelor 90mg tablets?	The firm has written and authorized protocols for the development.
15.	Have you performed Drug excipient compatibility studies?	Drug-excipients compatibility studies were not performed as the firm has used the same excipients as of innovator.
16.	Have you performed comparative dissolution studies?	The firm has performed comparative dissolution studies of their product against innovator product (Brilique by M/s AstraZeneca AB Sweden) and their product have shown comparable dissolution profile.
17.	Do you have product development (R&D) section	The firm has product development (R&D) section with equipment for manufacturing of tablet dosage form. The analytical part is performed on equipment dedicated for R&D activities.
18.	Do you have necessary equipment available in product development section for development of Igrelor 90mg tablets?	The firm has necessary equipment for product development of Igrelor 90mg tablets. The product in question has been packed using packing machine of commercial packaging. Furthermore, the analytical part has been performed via the dedicated quality control equipment & lab.
19.	Are the equipment in product development section qualified?	The available equipment in product development section are qualified.
20.	Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	The firm has SOP for the maintenance / calibration / requalification of equipment used in PD section. The program is properly implemented.
21.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has qualified staff which include One PhD Chemistry and six Pharmacists in product development section with relevant work experience.
22.	Have you manufactured three stability batches for the stability studies of Igrelor 90mg tablets as required?	The firm has manufactured three consecutive stability batches for the accelerated and real time stability studies of Igrelor (Ticagrelor 90mg) Tablet (NPD-T-573-P, NPD-T-574-P, NPD-T-567-L) with batch size 2500 tablets each. The tablets are packed in Alu-Alu blisters of pack size 2 x 10's.
23.	What was the criteria for fixing the batch size of stability batches?	The criteria for fixing the batch size of stability batches is the number of tablets per testing and the number of tablets required for whole stability testing.
24.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches. Necessary logbooks of equipment used has been available with the firm.
25.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocol for stability testing of stability batches.
26.	Do you have developed and validated the method for testing of stability batches?	The firm has developed and validated their own method for testing of stability batches based upon the API testing method.
27.	Do you have method transfer studies	Not Applicable

	in case when the method of testing being used by your firm is given by any other lab?	
28.	Do you have documents confirming the qualification of equipment / instruments being used in the test and analysis of API and the finished drug?	The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of API and finished drug.
29.	Do your method of analysis stability indicating?	The firm's method of analytical testing has stability indicating parameters. The stability indicating nature of the method has been supported by forced degradation and spiking studies.
30.	Do your HPLC software is 21CFR compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
31.	Can you show Audit Trail reports on API testing and product testing?	The firm showed the audit trail reports on API and product testing.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm does not have remaining quantities of stability batches for accelerated studies but has remaining quantities for real time stability studies. Some quantities of impurities standards are also available.
33.	Do you have commitment batches kept on stability testing?	The firm has completed accelerated stability testing on the three stability batches. The real time stability testing is in progress on all the three stability batches. Currently 06 months studies have been completed with satisfactory results.
34.	Do you have valid calibration status for the equipment used in Igrelor 90mg tablets production in analysis?	The firm has valid calibration status for the equipment used in production and analysis of Igrelor 90mg tablets.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Continuous power supply and monitoring are available for stability chambers.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The related manufacturing area, equipment, personnel and utilities are rated as GMP compliant.
37.	<u>Any query of PEC:</u> • The firms has adopted acceptance criteria for dissolution testing as NLT 85% (Q+5, where Q=80%) in 60 minutes, while the USFDA approved reference product has defined a two point dissolution test at 45 and 60 minutes time? • Verification of the exact polymorphic from of ticagrelor use in the stability studies?	• The firm has performed the testing of their product (test) as well as innovators product (reference) at 45 minutes during comparative dissolution profile (CDP) analysis and found that the results of both test and reference product are comparable at 45 minutes in all 03 dissolution media. However, the will incorporate the testing specification of 45 minutes for dissolution in finished product specifications and will perform this test in scale-up batches. • The firm has used polymorphic form-II as evidenced by the documents they provided to the inspection team.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Igrelor (Ticagrelor 90mg) Tablet is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Igrelor (Ticagrelor 90mg) Tablet.

Recommendations:

1. The firm may kindly be granted necessary registration of Igrelor (Ticagrelor 90mg) Tablet.
2. Since Ticagrelor falls in class-IV API as per BCS classification therefore, post-registration bioequivalence studies are also recommended. The product has also efficacy and safety problems in the real world data therefore PMS, as requirement, is also recommended.

Note: The firm has submitted written commitment for post-registration bioequivalence and PMS studies which is attached herewith for consideration.
Decision: Registration Board decided to approve registration of Igrelor (Ticagrelor 90mg) Tablet with Innovator's specifications by M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks
3433.	M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi.	Amlidy Tablet 25mg Each film coated tablet contains: Tenofovir alfenamide (as fumarate) ….25mg (Anti-viral)	Form 5D 03-09-2018 PKR 50,000/- (31-08-2018)	Vemlidy Tablet by Gilead Sciences (**USFDA** Approved) 29-01-2018. GMP rated as GOOD.
	Evaluation by PEC: Firm has submitted accelerated and real time stability data of 6 months as per the requirement of Registration Board.			

STABILITY STUDY DATA

Drug	Amlidy Tablet 25mg		
Name of Manufacturer	M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi.		
Manufacturer of API	Shanghai Desano Chemical Pharmaceutical Co. Ltd. No. 417 Binhai Road, Laogang Town Pudong New Area Shanghai China.		
API Lot No.	DBH251-B15A-180702		
Description of Pack (Container closure system)	Yellow color round biconvex film coated tablet plain on both sides in Alu-Alu blister pack		
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 1, 2, 3, 4, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	NPD-T-374-P	NPD-T-359-L	NPD-T-388-P
Batch Size	2500 Tablet	2500 Tablet	2500 Tablet
Manufacturing Date	23-10-2018	12-10-2018	25-10-2018
Date of Initiation	30-10-2018	30-10-2018	30-10-2018
No. of Batches	03		
Date of Submission	Dy.# 6507 dated 20-05-2019		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

#	Documents To Be Provided	Status
1.	COA of API	Yes

2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate issued by Shanghai Food and Drug Administration
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Firm has submitted ADC attested invoice which is not clear
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

Shortcomings	Response by the firm
GMP certificate of the API manufacturer issued by relevant (i.e. provincial or federal) regulatory authority of China, since the submitted GMP has been issued by Shanghai Food and Drug Administration which is a district authority and does not have mandate to issue GMP certificate as per Chapter I General Provisions; Article 5 of Regulations for Implementation of the Drug Administration Law of the People's Republic of China.	Firm has submitted GMP certificate No. SH20170046 issued by China Food and Drug Administration which is valid till 03-12-2022.
Submit clear invoice attested by ADC in which the date of clearance along with signature / stamp is readable, since the submitted invoice is not clear.	Firm has submitted copy of commercial invoice which is cleared by ADC on 17-8-2018 specifying import of 0.47Kg tenofovir
Provide detailed method of testing / analysis of finished product.	Firm has submitted copy of testing method and analysis of finished drug.
Justify the acceptance criteria of dissolution test i.e. NLT 80% in 30 minutes without defining the time and value of "Q" since the value of Q at level S1 is defined between 75 to 80 in various guidance documents of EDQM, FDA guidance documents and USP and the overall acceptance criteria for level S1 is set as Q+5. The FDA guidance "Dissolution Testing and Acceptance Criteria for Immediate-Release Solid Oral Dosage Form Drug Products Containing High Solubility Drug Substances" specifies under the heading **DISSOLUTION ACCEPTANCE CRITERIA** that *for immediate release solid oral drug products containing a high solubility drug substance, the dissolution criterion is Q=80% in 30 minutes*. Furthermore, USFDA chemistry review for the innovator product "Vemlidy Tablet" specifies that the acceptance criteria for dissolution test is NLT (Q+5) in 15 minutes.	Firm has submitted commitment to revise the specification to NLT 80% (Q=75%) in 15 minutes. Firm has further submitted that they have tested the product at 9th month stability time point and the results are satisfactory in 15 minutes. • **The dissolution results as per revised specification (i.e. NLT 80% in 15 minutes) at 9th month time point cannot be applied on 6 months real time and accelerated stability study data as per previous specifications i.e. NLT 80% in 30 minutes.** • **Firm has initiated stability studies on 10-2018 and the letter of shortcoming for difference in specifications was issued on 19-08-2019 (10 months after initiation of stability studies) and the firm has in its reply dated 28-08-2019 submitted that they have tested dissolution at 9th**

	month time point.
Specify the exact storage conditions at which the API was kept after import in August 2018 till the manufacturing of batches in October 2018.	Firm has submitted that the storage condition recommended by its manufacturer is 2-8 degree and the firm has kept the material under the same conditions at MDL warehouse with continuous temperature monitoring.

Decision of 292nd meeting:

Deferred for following:

- Scientific justification how the stability study data at 9th month conducted as per revised dissolution specification [i.e. NLT 80% in 15 minutes] with values close to acceptance criteria can be representative of whole 6 months stability conducted at accelerated and real time conditions with dissolution specifications different from innovator product [i.e. NLT 80% in 30 minutes].

Response by the firm:

The firm has responded as follows:

Tenofovir alafenamide belongs to **BCS Class III**, having solubility of 4.7mg/mL in water at 20°C, which is considered as a rapidly dissolving API, posing no intrinsic risk to dissolution of the developed product. Due to this characteristic of API (high solubility), it is expected that dissolution profile at accelerated conditions at 15 minutes will also meet its acceptance criteria. Further, it is also depicted by long term stability studies at 9 & 12 months (15 minutes), which was also confirmed by stability studies conducted by innovator as there was no impact on dissolution at different stability conditions. The limit of dissolution test for the said product was derived from FDA *1074043 FNL*, dated *08/09/18*, titled "Dissolution testing and acceptance criteria for Immediate-release solid oral dosage form drug products containing high solubility drug substances", where the dissolution time point is given as 30 minutes. Also, the results of CDP of both formulations (MDL as well as Innovator's) are similar at 15 minutes and 30 minutes time points in all (03) dissolution media.

Root cause:

- Since the analytical data of innovator's formulation is not available publicly in most cases, therefore, Q value of dissolution at 15 minutes was missed in literature survey for this product.

Justification of selection of dissolution time:

- Tenofovir alafenamide belongs to BCS Class III, having solubility of 4.7mg/mL in water at 20°C, which is considered as a rapidly dissolving API, posing no intrinsic risk to dissolution of the developed product.
- The FDA method available for dissolution testing of the said product has the maximum time point of 30 minutes.
- As per USP Chapter <701>, the general criteria for disintegration test (DT) for coated tablets is NMT 30 minutes. Based on this consideration, it was inferred that since the produced tablet (Amlidy) is coated tablet, its DT should be achieved in 30 minutes, so the same time was adopted by MDL for Amlidy tablets as the dissolution time while setting the testing parameters.

Impact Assessment

- The said product is developed qualitatively according to the innovator (Vemlidy) formulation, which is mentioned as follows:

Excipients used by Innovator	**Excipients used by MDL**
Core:	**Core:**
Lactose Monohydrate	Lactose Monohydrate
Microcrystalline Cellulose	Microcrystalline Cellulose
Croscarmellose Sodium	Croscarmellose Sodium
Magnesium Stearate	Magnesium Stearate
Film Coating:	**Film Coating:**
Polyvinyl alcohol	Sheffcoat PVA White 5Y00079 (It contains Polyvinyl alcohol, Titanium Dioxide, Macrogol and Talc)
Titanium dioxide	
Macrogol	
Talc	
Iron Oxide Yellow	Iron Oxide Yellow

- As per the EMEA assessment report of Vemlidy (Procedure No. EMEA/H/C/004169/0000), following were

the evaluations by the innovator during stability studies of the product:

- **Under Long term:** There were no significant changes to any of the measured parameters except for a small increase in degradation products. All parameters including dissolution remained within specification limits.
- **Under intermediate conditions:** More degradation was observed, along with a decrease in assay although levels remained within specification. The other parameters including dissolution remained unchanged.
- **Under accelerated conditions:** Significant degradation was observed after 6 months coupled with a decrease in assay but remained within specification limits, the other parameters including dissolution remained unchanged.

- The results of CDP of both formulations (MDL as well as Innovator's) are similar at 15 minutes and 30 minutes time points in all (03) dissolution media.
- 9th month and 12th month stability analysis of Amlidy tablet has been performed and the results of dissolution are as under, which are more than 80% at 15 minutes. Further, according to ICH Q1A (R2), 30°C / 65% RH is defined as the intermediate conditions for stability studies, for which, 12 months study data should be minimally covered for submission.

Batch #	**Storage Conditions**	**9 months**	**12 months**
		% release at 15 min (Avg. of 6 units)	**% release at 15 min (Avg. of 6 units)**
NPD-T-359-L	30°C / 65% RH	105	101
NPD-T-374-P		105	98
NPD-T-388-P		101	99

- The dissolution results of same batches at following stability time points, performed at 30 minutes are also given below:

Storage Conditions	30°C / 65% RH			40°C / 75% RH		
Batch #	**0 Month**	**3rd Month**	**6th Month**	**0 Month**	**3rd Month**	**6th Month**
	% release at 30 min (Avg. of 6 units)	% release at 30 min (Avg. of 6 units)	% release at 30 min (Avg. of 6 units)	% release at 30 min (Avg. of 6 units)	% release at 30 min (Avg. of 6 units)	% release at 30 min (Avg. of 6 units)
NPD-T-359-L	106	108	106	106	100	106
NPD-T-374-P	98	100	109	98	100	95
NPD-T-388-P	100	105	102	100	99	101

- Based on the above data, it is visible that the variance of dissolution results at different time points during stability studies is minimal and poses no impact on product quality.

Conclusion:

Based on above discussion, it is observed that the variation in dissolution results at 15 minutes & at 30 minutes in Amlidy tablets is insignificant up to 12-months of intermediate stability conditions. Furthermore, the developed product also gave similar results in CDP as that of the innovator. EMEA assessment report of Vemlidy (Procedure No. EMEA/H/C/004169/0000) also indicates that there is no impact on dissolution during stability till expiry of the product. Therefore, it can be inferred that the product will produce the desired results for dissolution as per the set specifications till product shelf life. QC specifications for dissolution of the said product has been revised to NLT 80% in 15 minutes.

Commitment:

The dissolution testing will be continued at 15 minutes' time point on the developed batches till 24 months and the same will also be conducted for the validation batches as well.

Decision of 293rd meeting of Registration Board:

Registration Board decided to defer the case and directed the firm to submit dissolution testing data at 15 minutes at initial and one month time point at both accelerated and real time stability conditions for 2 batches.

Evaluation by PEC:
Firm has submitted stability real time and accelerated study data for following 2 new Batches at 0 and 1 month interval in which dissolution acceptance criteria was "NLT 80% Q in 15 minutes."
1. NPD-931-P (Mfg date: 21-01-2020, initial testing date: 22-01-2020)
2. NPD-932-P (Mfg date: 21-01-2020, initial testing date: 22-01-2020)

The panel was requested to verify the development of two new batches and performance of dissolution test with revised acceptance criteria.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Amlidy (Tenofovir Alafenamide fumarate) 25mg Tablets by M/s Martin Dow Limited, Karachi.

Reference No: F.1-2/2020 dated 22nd April, 2020
Investigation Date and Time: 12th May, 2020
Investigation Site: Factory premises of M/s Martin Dow Ltd. Karachi.

Background:
Registration Board in its 293rd meeting considered the applications of M/s. Martin Dow Limited, Karachi for registration of Amlidy (Tenofovir Alafenamide fumarate) 25mg Tablets and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm and to submit report for further consideration. The panel was also advised to verify:
"The development of two new batches and performance of dissolution test with revised acceptance criteria"
Composition of Panel:
1. Dr. Rafeeq Alam, Meritorious Professor and Dean Faculty of Pharmacy Ziauddin University, Karachi.
2. Dr. Hira Bhutto, Assistant Director, CDL, DRAP, Karachi.
3. Dr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:
Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:
The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Details of Investigation:

S.No	Description	Observation by panel
1	Do you have documents confirming the import of API including approval from DRAP?	The firm has imported 470.0g Tenofovir Alafenamide fumarate raw material from M/S Shanghai Desano Pharma, China, and taken proper approval from DRAP, Karachi dated 17-08-2018. Batch No. | Quantity Imported DBH251-B15A-180702 | 470.0 g
2	Do you have any rationale behind selecting the particular manufacturer	There is proper vendor evaluation process being implemented by the firm and the rationale behind vendor selection is controlled through: • Postal Audit checklist • GMP approval by competent authority
3	Do you have documents confirming the Import of Reference standard and Impurities standards?	The firm has imported 65.0gm of working standard, 10mg of impurity 1, and impurity 2 each and 13.5mg 251-4 Isomer 6&7 from Shanghai Desano Pharma, China through indenter.
4	Do you have certificate of analysis of the API reference standard and impurities standards?	The firm has Certificate of Analysis for API, working standards and impurities.
5	Do you have any approval of API or GMP certificate of manufacturer	The firm has provided copy of GMP certificate and written confirmation of API Tenofovir Alafenamide fumarate by

<table>
<tr><td></td><td>issued by regulatory authority of country of origin?</td><td>Shanghai Food and Drug Administration.</td></tr>
<tr><td>6</td><td>Do you use API manufacturer method of Testing for testing of API?</td><td>The firm has used API Manufacturer’s method of testing</td></tr>
<tr><td>7</td><td>Do you have stability Studies Report on API?</td><td>The firm has stability studies report of API Tenofovir Alafenamide Fumarate conducted by API manufacturer.</td></tr>
<tr><td>8</td><td>If Yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified.?</td><td>The manufacturer of API has performed the stability studies of API as per SIM Method and impurities have been quantified by the API manufacturer</td></tr>
<tr><td>9</td><td>Do you have method for quantifying the impurities in the API?</td><td>The firm has methods for quantifying the impurities in API.</td></tr>
<tr><td>10</td><td>Do you have some remaining quantities of the API, Its reference standard and impurities standard?</td><td>The firm has remaining 48.0g of Tenofovir Alafenamide Fumarate API but no quantity of initially imported impurity and working standard, however the firm has also imported more working standard and impurity standards.</td></tr>
<tr><td>11</td><td>Have you used pharmaceutical grade excipients?</td><td>The firm has used pharmaceutical grade excipients.
Lactose Monohydrate, Microcrystalline cellulose, Croscarmellose Sodium and Magnesium Stearate.</td></tr>

</table>

23	Do you have any criteria for fixing the batch size of stability of batches?	The criteria for fixing the batch size of stability batches is the number of Tablets per testing frequencies.
24	Do you have complete record of production of stability batches?	The firm has complete record for the stability batches of Amlidy 25mg tablets.
25	Do you have protocols for stability testing of stability batches	The firm has protocols for testing of stability batches.
26	Do you have developed and validated the method for testing of stability batches	The firm has developed and validated method of testing of finish product Amlidy 25mg Tablets, based on method of testing of API.
27	Do you have method transfer studies in case when the method of testing being used by your firm is by any other lab.	Method transfer studies is not applicable as the firm developed and validated their own method.
28	Do you have documents confirming the qualification of equipment / instruments being used in the test and analysis of the product's API and product Amlidy 25mg tablets?	The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of the Amlidy 25mg tablets.
29	Do your method of analysis Stability indicating?	The firm's Method of analysis is Stability indicating.
30	Do your HPLC software 21CFR compliant?	The HPLC software is 21CFR compliant and having certificates of Compliance by USFDA
31	Can you show audit trail reports on Amlidy 25mg Tablets testing?	The firm has complete audit trail Reports on testing.
32	Do you have some remaining quantities of degradation products and stability batches?	The firm has some remaining quantities of stability batches only.
33	Do you have batches kept on stability testing?	The firm has three stability batches kept on stability for Real time stability testing. 12 Months Real Time and 6 months Accelerated stability studies has been completed.
34	Do you have valid calibration status for the equipment's used in Amlidy 25mg tablets production and analysis?	The firm has valid calibration status for the equipment used in Amlidy 25mg tablets production and analysis.
35	Do Proper and Continuous monitoring and control are available for stability chamber?	Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software 21CFR compliance.
36	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	Related manufacturing area, equipment, personnel and utilities can be rated as compliant to minimum GMP standards.
37	Any other query raised by Registration Board: Verify the development of two new batches and performance of dissolution test with revised acceptance criteria	The firm has developed following two batches and performed complete stability testing at 0, 1 and 3 months including dissolution tests with revised specifications: NPD-T-931-P Mfg Date: Jan-2020 NPD-T-932-P Mfg Date: Jan-2020

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Amlidy 25mg Tablets (Tenofovir alafenamide) is verifiable to highly satisfactory level.

2. The related manufacturing area, equipments, personnel and utilities are GMP compliant and are well suited for the manufacturing of Amlidy 25mg Tablets.

Decision: Registration Board decided to approve registration of Amlidy (Tenofovir alafenamide) 25mg Tablets with Innovator's specifications by M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

#	Documents To Be Provided	Status
1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority	Firm has submitted copy of GMP certificate (No. HB20170363) issued by China Food and Drug Administration valid till 28-08-2022

	of country of origin.	
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Firm has submitted copy of ADC attested invoice and Form-6 dated 26-7-2017 specifying import of 300g Ibuprofen
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

The panel may be requested to verify the following:

- Justification of the pH of finished product 7.2 to 8.5 while the pH of MHRA approved reference product is 6.5 to 7.8.
- Sterilization process of the ibuprofen injection since the submitted Certificate of Analysis (COA) specifies that the API is non-sterile. Furthermore, to confirm where the sterilization and filling was carried out.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Brofex (Ibuprofen 400mg) IV Infusion by M/s. Brooks Pharma, (Pvt) Ltd., Korangi Industrial Area, Karachi.

Reference No: F.13-11/2017-PEC (pt) dated 14th November, 2019.

Investigation Date and Time: 13th February, 2020 (Morning).

Investigation Site: Factory premises of M/S. Brooks Pharma, (Pvt.) Ltd., Korangi Industrial Area, Karachi.

Background:

Registration Board meeting considered the applications of M/s. Brooks Pharma, (Pvt.) Ltd., Korangi Industrial Area, Karachi for registration of Brofex (Ibuprofen 400mg) IV Infusion. Registration Board considered scientifically rational laboratory scale data submitted by the firm as pre-requisite of registration being new formulation and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm as per decision of Registration Board and to submit report for further consideration.

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Dean Faculty of Pharmacy, Ziauddin University, Karachi, Member Registration Board, Islamabad.
2. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.
3. Dr. Asfandyar Ajab Khan, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Detail of Investigation:

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the	The firm has Approval from DRAP for the import of

	import of API, Ibuprofen including approval from DRAP?	300g, China, Ibuprofen Raw material from M/S HUBEI BRANULES-BIOCAUSE PHARMACEUTICAL, China having invoice number W170613-130.
2.	What was the rationale behind selecting the particular manufacturer of API?	The rationale behind selecting the manufacture of API was firm's established criteria including: 1. GMP Certificate 2. Availability of Stability data 3. DMF Availability, free availability etc.
3.	Do you have documents confirming the import of Ibuprofen reference standard and impurity standards?	Firm has imported Ibuprofen Reference Standard and Impurity standard from USP.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	Firm has certificates of Analysis of API from API manufacturer M/S HUBEI BRANULES-BIOCAUSE PHARMACEUTICAL, and Reference standard of API and Impurity standard from USP.
5.	Do you have GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has valid GMP certificate " HB20170363' of API manufacturer M/S HUBEI BRANULES-BIOCAUSE PHARMACEUTICAL issued by China Food and Drug Administration is available
6.	Do you use API manufacturer method of testing for testing API?	The firm has used USP method for API testing.
7.	Do you have stability studies reports on API?	The firm has satisfactory stability studies record of API, performed by manufacturer on following condition. Long term stability at 30±2ºC and 65%±5% RH for 72 months & Accelerated stability study, at 40±2ºC and 75%±5% RH for 6 months.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability studies have been performed as per SIM method and degradation products have been quantified by API manufacturer.
9.	Do you have method for quantifying the impurities in the API?	USP Method has been used for the testing of API for impurities.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	The firm has some remaining quantities of API, reference standard of API and impurities.
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients including NaCl, HCl and Tris (hydroxy methyl aminomethane) from Merck (Pvt.) Ltd. & L-Arginine from Shanghai Kyowa Aminio acid Co Limited.
12.	Do you have documents confirming the import of the used excipients?	The firm has necessary documents confirming the Local purchase of Excipient from Merck (Pvt.) Ltd. & Import documents from Shanghai Kyowa Aminio acid Co Limited for L-Arginine.
13.	Do you have test reports and other records on the excipients used?	The firm has test reports and other record on excipients used.
14.	Do you have written and authorized protocols for the development of product Ibuprofen Infusion 100ml?	The firm has written and authorized protocols (Manufacturing direction) for the development of Ibuprofen Infusion 100ml.
15.	Have you performed Drug-excipient compatibility studies?	As the composition is qualitatively similar to that of the Patent "caldolor" Injection therefore the firm has not performed Drug-Excipients compatibility studies.
16.	Have you performed comparative studies?	Not done
17.	Do you have product development (R&D) section?	The firm has product development (PD) section, however, the product in question has been developed in

<table>
<tr><td></td><td></td><td>commercial manufacturing area.</td></tr>
<tr><td>18.</td><td>Do you have necessary equipment available in the product development section for development of Ibuprofen Infusion?</td><td>All the stability batches for the stability studies have been manufactured in sterile production area.</td></tr>
<tr><td>19.</td><td>Are the equipment in product development section qualified?</td><td>The equipment in production development department are qualified, however Ibuprofen infusion 100ml batches have been manufactured in production sterile area, where all equipment are qualified</td></tr>
<tr><td>20.</td><td>Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?</td><td>All the batches for stability studies manufactured in sterile area, where equipment are properly maintained /calibrated and qualified.</td></tr>
<tr><td>21.</td><td>Do you have qualified staff in product development section with proper knowledge and training in product development?</td><td>The firm has qualified and trained staff in product development section with proper knowledge and training in product development. For the said product technical assistance has been obtained from staff of commercial product manufacturing area.</td></tr>
<tr><td>22.</td><td>Have you manufactured three stability batches for the stability studies of the product Ibuprofen Infusion as required?</td><td>The firm has manufactured three stability batches for the stability studies of the product Ibuprofen Infusion with details as below:
<table>
<tr><th>Sr. No.</th><th>Batch No.</th><th>Mfg. date</th></tr>
<tr><td>1.</td><td>PD/PS-006G8</td><td>18-07-2018</td></tr>
<tr><td>2.</td><td>PD/PS-009G8</td><td>24-07-2018</td></tr>
<tr><td>3.</td><td>PD/PS-002H8</td><td>11-10-2018</td></tr>
</table>
having batch size 10 liter each. The product is packed in 100ml glass vials.</td></tr>
<tr><td>23.</td><td>Do you have any criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing batch size of the stability batches is as per DRAP and ICH guidelines.</td></tr>
<tr><td>24.</td><td>Do you have complete record of production of stability batches?</td><td>The firm has complete record of production of stability batches. All the batch documents are properly maintained.</td></tr>
<tr><td>25.</td><td>Do you have protocols for stability testing of stability batches?</td><td>The firm has detailed protocols for stability testing of stability batches.</td></tr>
<tr><td>26.</td><td>Do you have developed and validated the method for testing of stability batches?</td><td>The firm has used USP method for testing the product. Complete record of the method validation is also available with the firm.</td></tr>
<tr><td>27.</td><td>Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?</td><td>Not Applicable at this stage.</td></tr>
<tr><td>28.</td><td>Do you have documents confirming the qualification of equipment / instruments being used in the test and analysis of Ibuprofen and Brofex Infusion?</td><td>The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of Ibuprofen API and finished product.</td></tr>
<tr><td>29.</td><td>Do your method of analysis stability indicating?</td><td>Method of analysis is stability indicating as supported by forced degradation & spiking studies.</td></tr>
<tr><td>30.</td><td>Do your HPLC software 21 CFR Compliant?</td><td>Firm has 21CFR part 11compliant HPLC system as evidenced by the record presented by the firm.</td></tr>
<tr><td>31.</td><td>Can you show Audit trial reports on Ibuprofen Infusion testing?</td><td>Related audit trail was checked and found ok.</td></tr>
<tr><td>32.</td><td>Do you have some remaining quantities of degradation products and stability batches?</td><td>The firm has some remaining quantities of stability batches.</td></tr>
</table>

33.	Do you have stability batches kept on stability testing?	The firm has stability batches kept on real time (30±2°C, 65±5% RH) stability condition, 12 month stability testing is completed with satisfactory results.
34.	Do you have valid calibration status for the equipment used in Ibuprofen Infusion production and analysis?	The firm has valid calibration status for the equipment used in Ibuprofen Infusion production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has monitoring and control available for stability chambers.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The related manufacturing area, equipment, personnel and utilities be rated GMP compliant.
37	Any observation by the PEC 1. Justification of pH of finished product 7.2 to 8.5 while the pH of MHRA approved reference product is 6.5 to 7.8	Justification: Ibuprofen intravenous infusion solution is internationally available in polyolefin bags or glass vials with different pH ranges. The design specifications (Composition, container / Closure system and Controls) of M/s. Brookes Pharmaceuticals, Karachi are based on the Ibuprofen Intravenous Infusion of M/s. Pharmaceutical Solution Industry Ltd., Jeddah (SA) having US patent No. 9,351,926B2, dated May 31, 2016 and European patent No. EP 2636 406 A1 dated 11-09-2013 wherein the pH ranges from 7.2 to 8.5 and the containers in both cases are glass vials. Furthermore, two ibuprofen infusion formulations with UK marketing authorization No. PL 033551/0152 (B. Braun, Germany) and PL 08553/0619 (Dr. Reddy's Laboratories, UK) have pH 6.8 – 7.8 and 7.8 – 8.4 respectively, whereas the container in both the cases is polyolefin bags. In order to get strong scientific evidence in the issue, M/s. Brooks, was directed to conduct pH rate profile within pH range of 6.0 – 8.5. The firm submitted the pH rate profile (copy attached) within the above pH range with the following observations and conclusions. Observations: a. There is no significant impact on Assay observed throughout the pH range i.e. 6.0 to 8.5 when sample kept for 12 days o 80 ^{o}C. Following is the study outcome. b. The Samples shows very stable behavior with respect to Assay between pH range 7.5 to 8.5 with only 1.5% degradation after 12 days at 80 ^{o}C. c. Where as there is comparatively high rate of degradation between pH 6.0 to 7.0 with about 3.18% to 3.66% degradation after 12 days at 80 ^{o}C, although well within the specification
	2. Sterilization process of the ibuprofen injection since the submitted certificate of analysis (COA) specifies that the API is non-sterile. Furthermore, to confirm where the sterilization and filling was carried out.	Conclusion: On the basis of above data it is evident that ibuprofen shows very stable trend in "Infusion" between pH 7.5 to 8.5 and there is no significant change, where as slightly higher comparative degradation trend between pH 6.0 to 6.5. Therefore it is concluded that ibuprofen is very stable compound throughout pH range of 6.0 to 8.5, but more stable between pH range 7.2 to 8.5. (Brookes pH Range) *Keeping in view the above the pH range of 7.2 – 8.5 as*

		mentioned by M/S. Brooks Pharma, Karachi can be considered justified scientifically in our opinion. Justification: The product solution is first sterilized through filtration and then terminally sterilized after being filled in the glass vials. The whole process of manufacturing and sterilization for all the three stability batches has been performed in commercial manufacturing and sterilization areas of liquid injectable section.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Brofex (Ibuprofen 400mg) IV Infusion is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Brofex (Ibuprofen 400mg) IV Infusion.

Recommendations:

The firm may kindly be granted necessary registration of Brofex (Ibuprofen 400mg) IV Infusion.

Note: Copy of pH rate studies conducted by the firm are attached.

Brookes
Quality Control Department
Brookes Pharma Private Limited.

pH profiling effect on Assay of Brofex Infusion 400mg/100ml

Objective : To determine the effect of pH on Assay of Ibuprofen Infusion with respect to pH range established for Brofex Infusion.

Background of the study: This study was designed with relation to the "pH profiling study" to determine the effect of proposed pH range on Assay.
Study was performed on entire pH range i.e. from pH 6.0 to pH 8.5, sample was kept on 80°C for 12days and Assay testing was performed on three different time points i.e. initial, after 6 days & after 12 days.
Assay Results & graphical presentation are as follow;

S.No.	Batch	Time Days	Assay Limit		pH Points					
			Lower Limit	Upper Limit	pH 8.5	pH 8	pH 7.5	pH 7	pH 6.5	pH 6
1	PD-PT-003C0	0	90	110	101.16	98.21	99.65	98.99	100.83	101.83
2		6	90	110	101.35	97.24	98.08	98.14	99.23	100.64
3		12	90	110	99.63	96.55	98.15	95.34	97.22	98.59
Percent Degradation from Initial					-1.61%	-1.69%	-1.61%	-3.66%	-3.88%	-3.18%

(Graphic Presentation is given on Page # 02)

Observation
1 There is no significant impact on Assay observed throughout the pH range i.e. 6.0 to 8.5 when sample kept for 12 days on 80°C. Following is the study outcome.

a. The Samples show very stable behavior with respect to Assay between pH range 7.5 to 8.5 with only 1.5 % degradation after 12 days at 80°C

b. Where as there is comparatively high rate of degradation between pH 6.0 to 7.0 with about 3.18% to 3.66% degradation after 12 days at 80°C, although well within the specification

Conclusion: On the basis of above data it is evident that Ibuprofen shows very stable trend in "Infusion" between pH 7.5 to 8.5 and there is no significant change, where as slightly higher comparative degradation trend between pH 6.0 to 6.5.
Therefore it is concluded that Ibuprofen is very stable compound throughout pH range of 6.0 To 8.5, but more stable between pH range 7.2 to 8.5. (Brookes pH Range)

Performed By Recommended By Approved By

Decision: Registration Board decided to approve registration of Brofex (Ibuprofen 400mg) IV Infusion with Innovator's specifications by M/s Brookes Pharma (Pvt) Ltd., 58 & 59, Sector 15, Korangi Industrial Area, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. Board further decided that verification of fee challan may be done as per decision of 285th meeting of Registration Board.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT			
Documents To Be Provided	**Status**		
COA of API	Yes		
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin	Firm has submitted copy of GMP certificate (No. 1808977) issued by Food and Drugs Control Administration Gujrat State India and valid till 12-08-2021		
Protocols followed for conduction of stability study and details of tests.	Yes		
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes		
Documents confirming import of API etc.	Firm has submitted copy of commercial invoice (No. 2218177) dated 31-12-2018 specifying import of 4Kg Pirfenidone, which is signed by AD, DRAP Peshawar.		
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes		
Commitment to continue real time stability study till assigned shelf life of the product.	Yes		
Commitment to follow Drug Specification Rules, 1978	Yes		
REMARKS OF EVALUATOR			
The dissolution acceptance criteria of the firm is NLT (Q=80%) in 30 minutes, as per the innovator product. The panel may be requested to verify the following:			

- Validation of analytical method of assay and dissolution, since firm has used HPLC method for assay and UV method for dissolution testing.
- Confirmation that the firm has performed dissolution testing using USP apparatus-II (paddle) along with sinkers.

INSPECTION REPORT VERIFICATION OF AUTHENTICITY OF STABILITY DATA
M/s Genome Pharmaceuticals Pvt Ltd plot#16/I- Phase IV Hattar

Product: IPF Capsule 267 mg
Active ingredient: Pirfenidone..... 267mg
Date of inspection: 27-02-2020 in compliance to letter No.F.-2/2020-PEC dated 18-02-2020

Inspection panel:
- Director DTL Peshawar
- Atiq ul Bari AD/ FID-I & II DRAP Peshawar
- Adnan shahidullah Assistant Director DRAP Peshawar

Q. No.	QUESTION	OBSERVATION BY PANEL
1.	Whether the firm has documents confirming import of API?	ADC attested invoice, Form 6 available.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation form being implemented by the firm and the rationale behind selecting the manufacturer is its GMP status.
3.	Whether documents confirm the import of Pirfenidone Reference Standard and impurity standards?	The firm purchased 100mg working standard of Pirfenidone from API manufacturer and details are mentioned on Invoice of API. Reference Standard of Pirfenidone from British pharmacopeia also purchased. The import documents from EDQM were available. Impurities standards are not available.
4.	Whether the firm has certificate of Analysis of the API, reference standards and impurity standards from exporter?	Firm has certificates of analysis of API (Pirfenidone) and working standards of manufacturer. Reference standard of Pirfenidone from British pharmacopeia was also available. Characterization data of impurities were provided by manufacturer.
5.	Whether the firm has any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has GMP Certificate of API manufacturer issued by regulatory authority of country of origin (India) bearing date 13/08/2018 valid until 12/08/2021.
6.	Whether firm use API manufacturer method of testing?	Firm has Used BP method for testing of API. Furthermore the manufacturer method and validation data also provided by API manufacturer.
7.	Whether firm has stability studies reports on API?	Firm has accelerated and real time stability studies reports on API (Pirfenidone) performed by manufacturer of API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	yes
9.	Whether firm has method for quantifying the impurities in the API?	Firm has BP method for quantifying impurities in API (Pirfenidone).
10.	Whether firm have some remaining quantities of the API, its reference standard and impurities standards?	Firm has consumed the Pirfenidone in manufacturing of Trial batches IPF267-T001, IPF267-T002 and IPF267-T003. The remaining portion of API reference standards is available.
11.	Whether firm has used pharmaceutical grade excipients?	Excipients used are: Povidone K30 (KoVidone k30) (Boai NKY Pharmaceuticals,

		China), Magnesium Stearate BP/ USP (FACI Asia pacific Pte Ltd). Croscarmellose sodium (Maple Bio-tech) Microcrystalline cellulose BP/USP (JRS Pharma Germany), EHGC Shells Size "0" purple cap and white body (Pharmacap) All the excipients are pharmaceutical grade as per documents provided
12.	Whether firm has documents confirming the import of the used excipients?	Excipients Magnesium stearate BP/ USP (FACI Asia pacific Pte Ltd), Povidone K30 (KoVidone k30)((Boai NKY Pharmaceuticals, China), Croscarmellose sodium (Maple Bio-tech) Microcrystalline cellulose BP/USP (JRS Pharma Germany), are directly imported from manufacturer. While EHGC Shells are purchased from local vendor.
13.	Whether firm have test reports and other records on the excipients used?	Firm provided Lab test reports and certificate of analysis for all excipients.
14.	Whether firm has written and authorized protocols for the development of Pirfenidone tablets?	Firm has written protocol for the development of Pirfenidone Capsules 267 mg. the firm also developed detailed Standard manufacturing procedure and batch processing sheet for manufacturing of trial batches.
15.	Whether firm has performed Drug-excipient compatibility studies?	The firm have not performed drug-excipient compatibility studies.
16.	Whether firm has performed comparative dissolution studies?	Firm has performed In vitro comparative dissolution studies with innovator product (Esbriet 267 mg hard capsules) Roche Pharma AG Germany, in three different medium using FDA methods Apparatus II, with Sinker at 50RPM. The dissolution profile is comparable and similarity factor and difference factor are calculated according to FDA guidelines. Furthermore the dissolution testing in stability studies were performed using FDA method i.e. 1000 ml deionized water, USP Apparatus II, with Sinker at 50RPM.
17.	Whether firm has product development (R&D) section	The firm has product development (R&D) with requisite manufacturing and testing facility.
18.	Whether firm has necessary equipment available in product development section for development of Pirfenidone tablets?	The firm has all necessary equipment for manufacturing and testing of IPF-267 mg Capsules in product development section.
19.	Are the equipment in product development section qualified?	All the equipment in R&D section were calibrated and qualified.
20.	Whether firm have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	Proper external calibration and maintenance implemented and all the equipment are calibrated.
21.	Whether firm has qualified staff in product development section with proper knowledge and training in product development?	Firm has qualified staff with proper knowledge with product development in product development section.
22.	Whether firm has manufactured three stability batches for the stability studies of Pirfenidone Capsules as required?	Firm has manufactured three stability batches for the stability studies of IPF-267 mg with batch No IPF267-T001, IPF267-T002 and IPF267-T003. Having batch size of 1200Capsules each.
23.	What were the criteria for fixing the batch size of stability batches?	Criteria for fixing batch size of stability batches is number of Capsules required per testing and number of testing frequencies according to 276th DRB meeting.
24.	Whether firm has complete record of	Firm has complete record of production of stability batches.

	production of stability batches?	
25.	Whether firm have protocols for stability testing of stability batches?	Firm has developed protocols for stability testing of stability batches. Procedure of stability studies, Log registers with complete schedule and monthly schedule of testing available. Testing was done on monthly basis i.e. Real time stability studies: 0, 3rd, 6th, 9th, 12th, 18th and 24th months Accelerated stability studies: 0, 1st, 2nd, 3rd, 4th & 6th months as per 276 DRB meeting.
26.	Whether firm has developed and validated the method for testing of stability batches?	Firm has used in-house HPLC method for Assay determination and dissolution testing are performed on UV method. Both methods were validated and record was available.
27.	Whether firm has method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Firm has developed and validated analytical method for testing of finished product. Method transfer studies not performed
28.	Whether firm has documents confirming the qualification of equipment / instruments being used in the test and analysis of Pirfenidone API and the finished drug?	Firm has documents confirming the qualification of equipment / instruments of quality control being used in the test and analysis of Pirfenidone API and the finished product IPF 267 mg Capsules
29.	Whether firm has stability indicating method of analysis?	Firm has used Manufacturer method for testing of API and finished product. The method is stability indicating and impurities in API are quantified.
30.	Whether firm has HPLC software 21CFR compliant?	The HPLC (KNAUER Azura UVD2.1L Germany) software ClarityChrome V 2.1 is 21CFR Compliant.
31.	Whether firm could you show Audit Trail reports on Pirfenidone testing?	Complete Audit trail on the testing reports were provided by the firm and demonstrated accordingly.
32.	Whether firm have some remaining quantities of degradation products and stability batches?	Firm has remaining quantities of stability batches however there is no quantity of degradation products.
33.	Whether firm has commitment batches kept on stability testing?	Firm has three commitment batches kept on stability testing in stability chamber with accelerated and real time stability conditions.
34.	Whether firm has valid calibration status for the equipment used in Pirfenidone Capsules production and analysis?	Firm has proper calibration schedule and valid calibration status for the equipment used in IPF-267 mg Capsules
35.	Do proper and continuous monitoring and control are available for stability chamber?	Firm possess two stability chambers for accelerated and real time stability testing. Both chambers were found qualified. The chambers have been provided with continuous power supply and digital data loggers with record of test period.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	Yes, firm is GMP compliant as per date of inspection.

- Firm has used In-house HPLC method for Assay determination and dissolution testing are performed on UV method. Both methods are validated and record was available.

- The dissolution testing in stability studies were performed using FDA method i.e. 1000 ml de-ionized water, USP Apparatus-II, with sinker at 50RPM. (sinkers available in QC)

Conclusions:

On the basis of risk based approach the genuineness / authenticity of stability data submitted by the firm for registration of IPF-267 mg Capsules (Pirfenidone-267 mg) is verifiable to satisfactory level.

Decision: Registration Board decided to approve registration of IPF-267 mg Capsules (Pirfenidone-267 mg) with Innovator's specifications by M/s Genome Pharmaceuticals (Pvt) Ltd. 16/1, Phase IV, Industrial Estate Hattar. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. Board further decided that verification of fee challan may be done as per decision of 285th meeting of Registration Board.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT	
Documents To Be Provided	**Status**
COA of API	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin	Firm has submitted copy of GMP certificate (No. ZJ20160046) issued by CFDA China and valid till 28-02-2021

Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	Firm has submitted copy of commercial invoice (No. MT1809013C) dated 17-09-2018 specifying import of 0.2Kg Tenofovir alafenamide hemifumarate. **The invoice is not attested by ADC, DRAP.**
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978	Yes

REMARKS OF EVALUATOR

The dissolution acceptance criteria of the firm is NLT (Q=80%) in 15 minutes, as per the innovator product.
The panel may be requested to verify the following:

- Evidence of import of API from Zhejiang Warrant Pharmaceutical Co. Ltd., China since the firm has not provided copy of commercial invoice attested by DRAP field office.
- Validation of method of assay and dissolution, since firm has used HPLC method for assay while UV method for dissolution testing.

Q. No.	QUESTION	OBSERVATION BY PANEL
1.	Whether the firm has documents confirming import of API?	Firm has used Tenofovir Alafenamide 0.2 Kg imported from M/s ZHEJIANG Warrant Pharmaceutical Co., Ltd China, Vide invoice No.MT 1809013C and has clearance from DRAP office, Peshawar date 05/10/2018. from M/s ZHEJIANG Warrant Pharmaceutical Co., Ltd
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation form being implemented by the firm and the rationale behind selecting the manufacturer is its GMP status.
3.	Whether documents confirm the import of Tenofovir Alafenamide reference standard and impurity standards?	The Firm Purchased reference standard of Tenofovir Alafenamide and impurities standard TAF-Impurity A, TAF-Impurity B, TAF-Impurity C, TAF-Impurity D, TAF-Impurity E, from API manufacturer with Lot of material. The details are mentioned on invoice of material.
4.	Whether the firm has certificate of Analysis of the API, reference standards and impurity standards from	Firm has certificates of analysis for the API (Tenofovir Alafenamide), reference standards and impurities standards i.e. (TAF-Impurity A, TAF-Impurity B, TAF-Impurity C, TAF-

	exporter?	Impurity D, TAF-Impurity E)
5.	Whether the firm has any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has GMP Certificate of API manufacturer issued by Regulatory authority of country of origin (China) bearing date 29/02/2016 valid until 28/02/2021.
6.	Whether firm use API manufacturer method of testing?	Firm has used manufacturer method for testing of API. Furthermore the validation data has also been provided by manufacturer.
7.	Whether firm has stability studies reports on API?	Firm has accelerated and real time stability studies reports on API (Tenofovir Alafenamide) performed by manufacturer of API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	Stability testing has been performed by manufacturer method, and manufacturer method is stability indicating (SIM). Degradation products have been quantified.
9.	Whether firm has method for quantifying the impurities in the API?	Firm has manufacturer validated method for quantifying impurities in API (Tenofovir Alafenamide).
10.	Whether firm have some remaining quantities of the API, its reference standard and impurities standards?	Firm has consumed the Tenofovir Alafenamide in manufacturing of Trial batches CHB-T001, CHB-T002 and CHB-T003. The remaining portion of reference standards and impurity standards are available.
11.	Whether firm has used pharmaceutical grade excipients?	Excipients used are: Core: Magnesium STEARATE BP/ USP (FACI Asia pacific Pte Ltd), Crospovidone USP (Boay Nky Pharma china), Avicel-200BP/USP (JRS Pharma Germany), Lactose MH USP/BP (Malkara Birliksutvesut Mamulleri AS) Coating Polyvinyl alcohol, (Shandoong Xinhua China), Titanium dioxide BP/USP (Kronos Titan),Polyethylene glycol 6000 BP/USP (PAN Asia Chemical Taiwan), Talcum BP,Iron Oxide Yellow HZ, and IPA BP LCY Taiwan. All the excipients are pharmaceutical grade as per record shown.
12.	Whether firm has documents confirming the import of the used excipients?	Excipients Magnesium Stearate BP/ USP (FACI Asia pacific Pte Ltd), Crospovidone USP (Boay Nky Pharma china), Avicel-200BP/USP (JRS Pharma Germany), Lactose MH USP/BP (Malkara Birliksutvesut Mamulleri AS), Croscarmellose sodium USP Maple Biotechare directly imported from manufacturer as per record. While Polyvinyl alcohol, (Shandoong Xinhua China), Titanium dioxide BP/USP (Kronos Titan),Polyethylene glycol 6000 BP/USP (PAN Asia Chemical Taiwan), Talcum BP, Iron Oxide Yellow HZ, and IPA BP LCY Taiwan are purchased from local vendor.
13.	Whether firm have test reports and other records on the excipients used?	Firm provided Lab test reports and certificate of analysis for all excipients.
14.	Whether firm has written and authorized protocols for the development of Tenofovir Alafenamide tablets?	Firm has written protocol for the development of CHB-25 mg. the firm also developed detailed Standard manufacturing procedure and batch processing sheet for manufacturing of trial batches.
15.	Whether firm has performed Drug-	All excipients are according to Innovator product (Tafnat 25 mg)

	excipients compatibility studies?	Mylan Laboratories Ltd.(as per online data available) The firm have not performed drug-excipients compatibility studies.
16.	Whether firm has performed comparative dissolution studies?	Firm has performed In vitro comparative dissolution studies with innovator product (Tafnat tablets) Mylan Laboratories Ltd. in three different medium. The dissolution profile is comparable and similarity factor and difference factor are calculated according to FDA guidelines.
17.	Whether firm has product development (R&D) section	The firm has product development (R&D) with requisite manufacturing and testing facility.
18.	Whether firm has necessary equipment available in product development section for development of Tenofovir Alafenamide tablets?	The firm has all necessary equipment for manufacturing and testing of CHB-25 mg tablets in product development section.
19.	Are the equipment in product development section qualified?	All the equipment in R&D section were calibrated and qualified.
20.	Whether firm have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	Proper external calibration and maintenance implemented and all the equipment were calibrated.
21.	Whether firm has qualified staff in product development section with proper knowledge and training in product development?	Firm has qualified staff with proper knowledge with product development in product development section.
22.	Whether firm has manufactured three stability batches for the stability studies of Tenofovir Alafenamide Tablets as required?	Firm has manufactured three stability batches for the stability studies of CHB-25with batch No. CHB-T001, CHB-T002 and CHB-T003 with batch size of 2072 tablets each.
23.	What were the criteria for fixing the batch size of stability batches?	Criteria for fixing batch size of stability batches is number of tablets per testing and number of testing frequencies according to 276th DRB meeting.
24.	Whether firm has complete record of production of stability batches?	Firm has complete record of production of stability batches.
25.	Whether firm have protocols for stability testing of stability batches?	Firm has developed protocols for stability testing of stability batches. Procedure of stability studies, Log registers with complete schedule and monthly schedule of testing available. Testing was done on monthly basisi.e. Real time stability studies: 0, 3rd, 6th, 9th, 12th, 18th and 24th months Accelerated stability studies: 0, 1st, 2nd, 3rd, 4th & 6th months as per 276 DRB meeting.
26.	Whether firm has developed and validated the method for testing of stability batches?	Firm has used HPLC method for Assay and dissolution testing are performed on UV method. Both methods are validated and record was available.
27.	Whether firm has method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies not performed. Firm has developed their own analytical method for assay and dissolution testing. Both methods are validated accordingly.
28.	Whether firm has documents confirming the qualification of equipment / instruments being used in the test and analysis of Tenofovir Alafenamide API and the finished drug?	Firm has documents confirming the qualification of equipment / instruments of quality control being used in the test and analysis of Tenofovir Alafenamide API and the finished productCHB-25 mg tablets.

29.	Whether firm has stability indicating method of analysis?	Firm has used Manufacturer method for testing of API and finished product. The method is stability indicating and impurities in API are quantified.
30.	Whether firm has HPLC software 21CFR compliant?	The HPLC (CECIL-Adept-CE-4200) software PowerStream version 4.2 (Build 20255) is 21CFR Compliant.
31.	Whether firm could you show Audit Trail reports on Tenofovir Alafenamide testing?	Complete Audit trail on the testing reports were provided by the firm and demonstrated accordingly.
32.	Whether firm have some remaining quantities of degradation products and stability batches?	Firm has remaining quantities of stability batches however there is no quantity of degradation products.
33.	Whether firm has commitment batches kept on stability testing?	Firm has three commitment batches kept on stability testing in stability chamber with accelerated and real time stability conditions.
34.	Whether firm has valid calibration status for the equipment used in Tenofovir Alafenamide tablets production and analysis?	Firm has proper calibration schedule and valid calibration status for the equipment used in CHB-25 mg tablets.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Firm possess two stability chambers for accelerated and real time stability testing. Both chambers were found qualified. The chambers have been provided with continuous power supply and digital data loggers with record of test period.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	Firm has valid GMP status, manufacturing area provided with necessary qualified equipment and utilities. HVAC system and its control were adequate.

- The Firm has imported 0.2Kg Tenofovir Alafenamide from M/s ZHEJIANG Warrant Pharmaceutical Co., Ltd China, Vide invoice No.MT 1809013C and has clearance from DRAP office, Peshawar date 05/10/2018. Other Import Documents i.e. form-6, Form-7, from -3 from M/s ZHEJIANG Warrant Pharmaceutical Co., Ltd and Airwaybill were also seen during inspection.
- Firm has used HPLC method for Assay and dissolution testing are performed on UV method. Both methods are validated and record is available.

Conclusions:

On the basis of risk based approach the genuineness / authenticity of stability data submitted by the firm for registration of CHB-25mgTablets (Tenofovir Alafenamide 25 mg) is verifiable to satisfactory level.

Decision: Registration Board decided to approve registration of CHB-25mgTablets (Tenofovir Alafenamide 25 mg) with Innovator's specifications by M/s Genome Pharmaceuticals (Pvt) Ltd. 16/1, Phase IV, Industrial Estate Hattar. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

b. Deferred cases

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks
3437.	Ameer & Adnan Pharmaceuticals (Pvt) Ltd. Plot No. 47, Sundar Industrial Estate, Raiwind Road Lahore. 	Evaluation by PEC: Firm has submitted accelerated and real time stability data of 6 months as per the requirement of Registration Board.			

STABILITY STUDY DATA

Drug	Omdexo 30mg Capsule		
Name of Manufacturer	Ameer & Adnan Pharmaceuticals (Pvt) Ltd. Plot No. 47, Sundar Industrial Estate, Raiwind Road Lahore.		
Manufacturer of API	Vision Pharmaceuticals, Islamabad		
API Lot No.	DLP420		
Description of Pack (Container closure system)	Alu-Alu foil blister sealed with aluminium foil. The blister are introduced into unit carton.		
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 1, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	CZ-001	CZ-002	CZ-003
Batch Size	1900 capsule	1900 capsule	1900 capsule
Manufacturing Date	20-02-2019	20-02-2019	20-02-2019
Date of Initiation	22-02-2019	23-02-2019	25-02-2019
No. of Batches	03		
Date of Submission	Dy.# 16453 dated 02-09-2019		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

#	Documents To Be Provided	Status
1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm was inspected on 11.02.2019, wherein the panel recommended the grant of GMP certificate.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by	Yes

	attested respective documents like chromatograms, laboratory reports, data sheets etc.	
5.	Documents confirming import of API etc.	Firm has submitted copy of commercial invoice dated 11-02-2019 specifying purchase of 2 Kg of pellets.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

Panel may be requested to verify the following

- Testing of pellets at pH 1.2, 5.5 and 6.75/7 to confirm dual delayed release profile as per the decision of 276th meeting of Registration Board.
- Dissolution testing at buffer stage at pH 7.0 with 5mM SLS as per the FDA dissolution database.

REMARKS OF EVALUATOR

Panel may be requested to verify the following

- Testing of pellets at pH 1.2, 5.5 and 6.75/7 to confirm dual delayed release profile as per the decision of 276th meeting of Registration Board.
- Dissolution testing at buffer stage at pH 7.0 with 5mM SLS as per the FDA dissolution database.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Omdexo 30mg and 60mg capsules by M/s Ameer & Adnan, 47-Sunder industrial Estate, Lahore.

The panel inspection of Ameer & Adnan, 47-Sunder industrial Estate, Lahore for verification of authenticity of stability data of Omdexo 30mg and 60mg capsules was conducted on 07-11-2019 and 23-01-2020.

The panel comprised of

a) Shaheen Iqbal, Director, Drug Testing Laboratory, Lahore
b) Ufaq Tanveer Federal Inspector of Drugs, DRAP, Lahore
c) Anam Saeed Assistant Director, DRAP, Lahore

S. No.	Question	Observation by Panel
1	Do you have documents confirming the import of API including approval from DRAP?	The firm purchased API from M/s. Vision Pharmaceuticals (Pvt) Ltd,
2	What was the rationale behind selecting the particular manufacturer of API?	The rationale behind selecting the particular manufacturer was its GMP compliant status and good well in the market.
3	Do you have documents confirming the import of reference standard and	Working standards and impurities standards were given to the firm by M/s. Vision Pharmaceuticals

	impurity standards?	(Pvt) Ltd,
4	No you have certificate of Analysis of the API, reference standards and impurity standards	Yes
5	Do you have GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Yes
6	Do you use API manufacturer method of testing for testing API?	No. The firm developed its own method for testing of API.
7	Do you have stability studies report of API?	Yes. M/s. Vision Pharmaceuticals (Pvt) Ltd, Provided stability studies on two batches of API.
8	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	No.
9	Do you have method for quantifying the impurities in the API?	Yes-HPLC was used for this purpose. In house method was used.
10	Do you have some remaining quantities of the API, its reference standard and impurities standards?	No API was left Some quantity of working standard and impurities standards were left.
11	Have you used pharmaceutical grade excipients?	N/A
12	Do you have documents confirming the import of the used excipients?	N/A
13	Do you have test reports and other records on the excipients used?	N/A
14	Do you have written and authorized protocols for the development of applied product?	SOP for product development was provided but product development protocol was not developed.
15	Have you performed Drug-excipients compatibility studies?	N/A
16	Have you performed comparative dissolution studies?	Yes. However, the firm purchased reference product from M/s. Sami Pharmaceuticals (Delanzo) not from the innovator. The innovator comparative dissolution profile was incomplete. Testing at buffer PH 5.5 was missing for accelerated study stability batches. It was advised to do dissolution at PH 5.5 for the remaining quantities of stability hatches.
17	Do you have product development (R&D) section	Yes.
18	Do you have necessary equipments available in product development section for development of applied product?	No. Firm utilized production area of capsules section for manufacturing their product.
19	Are the equipments in product development section qualified?	Yes
20	Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?	Yes
21	Do you have qualified staff in product development section with proper knowledge and training in product development?	Yes. List attached.
22	Have you manufactured three stability batches for the stability studies of applied product as required.	Yes. Omdexo 30mg Omdexo 60mg CZ-001 1900 CZ-001 961 CZ-002 1900 CZ-002 961

		CZ-003 1900 CZ-003 961
23	Do you have any criteria for fixing the batch size of stability batches?	As per stability protocol.
24	Do you have complete record of production of stability batches?	Yes
25	Do you have protocols for stability testing of stability batches?	Yes
26	Do you have developed and validated the method for testing of stability batches.	Firm had developed its own method but the method was not stability indicating.
27	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	N/A
28	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of API and the finished drugs?	Yes.
29	Is your method of analysis stability indicating?	No.
	Is your HPLC software is 21CFR compliant?	No.
30	(Details of Model, software, description/version (i.e. software validation report for 21 CFR Part 11 compliance including audit trail, password protection, date & time lock and user authorizations shall also be reported).	No.
31	Can you show Audit Trail reports on stability studies testing?	No.
32	Do you have some remaining quantities of degradation products and stability batches?	Yes. Stability batches are still in stability chamber.
33	Do you have stability batches kept on stability testing?	Yes. For long term stability.
34	Do you have valid calibration status for the equipments used in production and analysis?	Yes.
35	Do proper and continuous monitoring and control are available for stability chamber? (Number and utilized/available capacity of stability chambers shall also be reported).	Yes.
36	Do related manufacturing area, equipment, personnel and utilities berated as GMP compliant?	Yes.

Conclusion:

The panel inspection of Ameer & Adnan, 47-Sunder industrial Estate, Lahore for verification of authenticity of stability data of Omdexo 30mg and 60mg capsules was conducted on 07-11-2019 and 23-01-2020 and the details are as given above. The panel also verified the following.

i) Testing of pellets at pH 1.2,5.5 and 6.75/7 to confirm dual delayed release profile as per the decision of 276th meeting of Registration Board.

ii) Dissolution testing at buffer stage at pH 7.0 with 5mM SLS as per the FDA dissolution database.

However it seems from the data that the firm did not perform accelerated salability studies testing at PH 5.5.

Also the firm developed its own method for testing of raw material and stability batches. The detailed report is being submitted to the competent authority for further consideration.
Discussion: Registration Board deliberated on the analytical method adopted by the firm and reiterated that the firm can either adopt the API manufacturer's method of testing (since it is a validated method) or develop and validate analytical method based on ICH guidelines. The Board further deliberated that in any case the analytical method should be properly validated. **Decision of 294th meeting:** Registration Board decided to defer the case of Omdexo 30mg and 60mg capsules for submission of data of validation of analytical method since the firm has not used API manufacturer's method of testing.
Evaluation by PEC: Firm has submitted protocols as well as report of analytical method validation along with chromatograms and signed raw data sheets.
Decision: Registration Board decided to approve registration of Omdexo (Dexlansoprazole) 30mg and 60mg capsules with Innovator's specifications by M/s Ameer & Adnan Pharmaceuticals (Pvt) Ltd. Plot No. 47, Sundar Industrial Estate, Raiwind Road Lahore. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

c. Exemption from onsite verification of stability data

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr. No.	Documents To Be Provided	Status
1.	COA of API.	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Dapagliflozin:** Firm has submitted copy of GMP certificate (No. ZJ20170047) issued by CFDA, valid till 02-07-2022.
		Metformin: Copy of GMP certificate (No. 19101625) issued by Food and Drugs Control Administration Gujrat state India, valid till 02-10-2021.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	**Dapagliflozin:** Firm has submitted copy of commercial invoice dated 16-03-2018 specifying import of 300g dapagliflozin propanediol monohydrate. The invoice is attested by AD (I&E) DRAP Islamabad.
		Metformin: Firm has submitted copy of commercial invoice dated 6-09-2017 specifying import of 1000Kg metformin hydrochloride. The invoice is attested by AD (I&E) DRAP Islamabad.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Registration Board decided to approve registration of "DASCOT 30 mg Tablets (Daclatasvir 30 mg)" & "DASCOT 60 mg Tablets (Daclatasvir 60 mg)" as well as

		VELSCOT 400mg/100mg Tablet by M/s Scotmann Pharmaceuticals, 5-D, I-10/3, Industrial Area, Islamabad. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. Date of Inspection: 26-01-2018. • The HPLC software is 21 CFR compliant. • The firm has demonstrated all audit trail reports for DASCOT 30 & 60mg tablet.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	**Dapagliflozin:** Firm has submitted copy of commercial invoice dated 16-03-2018 specifying import of 300g dapagliflozin propanediol monohydrate. The invoice is attested by AD (I&E) DRAP Islamabad.
		Metformin: Firm has submitted copy of commercial invoice dated 6-09-2017 specifying import of 1000Kg metformin hydrochloride. The invoice is attested by AD (I&E) DRAP Islamabad.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted documents for procurement of working and impurity standards.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Dapagliflozin:** Firm has submitted copy of GMP certificate (No. ZJ20170047) issued by CFDA, valid till 02-07-2022.
		Metformin: Copy of GMP certificate (No. 19101625) issued by Food and Drugs Control Administration Gujrat state India, valid till 02-10-2021.
5.	Mechanism for Vendor pre-qualification	The firm has submitted copy of vendor evaluation and qualification form.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted certificate of analysis of API, working standard and impurity standard.
7.	Documents for the procurement of excipients used in product development?	The firm has submitted copy of Commercial invoices/COAs of all the excipients used in the formulation of applied product
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in R&D department.
Production Data		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted copy of protocols for product development for applied product.
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted copy of Batch Manufacturing Records of three Batches
11.	Record of remaining quantities of stability batches.	Firm has submitted record of remaining quantities of the stability batches as: T#01: 166 tablets T#02: 166 tablets T#03: 166 tablets
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copies of data logger record for stability chambers with real time and accelerated stability testing
13.	Method used for analysis of API along with COA.	The firm has submitted method used for analysis of API along with COA.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e.	The firm has submitted Finished Product Testing method for the finished product

	chromatograms, lab reports, raw data sheets etc.)	
15.	Reports of stability studies of API from manufacturer.	The firm has submitted data sheets for real time and accelerated stability study data for both API as per the conditions of Zone IV-A.
16.	Analysis reports for excipients used.	The firm has submitted copy of Analytical reports of excipients used.
17.	Drug-excipients compatibility studies.	The firm has submitted the compatibility profile of all excipients used in their formulation through various literature sources including handbook of pharmaceutical excipients and FDA NDA product chemistry review.
18.	Record of comparative dissolution data.	The firm has performed comparative dissolution studies in three media including pH 1.2, pH 4.5 and pH 6.8 buffers against reference product. The firm has calculated f2 values and their results are within acceptance criteria.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Firm has submitted audit trail reports for the testing of their product.

Remarks of the evaluator:

- Firm's dissolution specification for dapagliflozin layer was NLT 85% in 30 and 45 minutes, the dissolution for the FDA approved reference product is performed at 30 minutes. The results of dissolution were above 85% at 30 minutes.

Shortcomings communicated	Response by the firm
Record of Comparative Dissolution Profile (CDP) needs to be submitted as per the checklist of 278th meeting of Registration Board.	The firm has submitted that following strengths of the same product have been already approved by Registration Board. • Dapaduo XR Tablet 5/500mg • Dapaduo XR Tablet 10/1000mg • Dapaduo XR Tablet 10/500mg The comparative dissolution profile (CDP) for the applied product i.e. Dapaduo XR Tablet 5/1000mg was not submitted with the exemption data due to unavailability of the Innovator product. The excipients of the lower strength and higher strength of Dapaduo product were same, however quantities of active were different. Therefore you are requested to kindly waive off CDP for Dapaduo XR Tablet 5/1000mg Tablet.

Decision: Registration Board decided to approve registration of Dapaduo XR Tablets 5/1000mg with Innovator's specifications by M/s. Scotmann Pharmaceuticals, 5D, I-10/3, Industrial Area, Islamabad. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Date of Submission	22269 (29-10-2019)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT	
Documents To Be Provided	**Status**
COA of API.	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. HB20190516) issued by CFDA China. The certificate is valid till 04-07-2024.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	Firm has submitted copy of commercial invoice dated 29-03-2017. Firm has submitted that due to small quantity of API, the firm has received the material through DHL. The firm has submitted DHL invoice.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION
The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

ADMINISTRATIVE PORTION		
1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	• Firm has referred to their last onsite inspection conducted for product Rofair (Roflumilast) 500mcg Tablets on 25th June, 2019. The said inspection report was discussed in 290th meeting of Registration Board held on 3rd – 4th July, 2019 and the case was approved. The inspection report confirms following points: • The firm has Shimadzu's LC 20A, with software ―Lab solution DB‖ which is 21 CFR part 11 compliant with audit trail and date time stamped and with complete multi-level user authorization • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice dated 29-03-2017. Due to small quantity of API, the firm has received the material through DHL. The firm has submitted DHL invoice.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted that the API supplier has sent them reference standard along with the API through DHL courier.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. HB20190516) issued by CFDA China. The certificate is valid till 04-07-2024.
5.	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor certification checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted certificate of analysis of tenofovir alafenamide fumarate.
7.	Documents for the procurement of excipients used in product development?	The firm has submitted documents for procurement of excipients used in the formulation of applied product.
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted copy of protocols for product development
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted copy of Batch Manufacturing Records of all the three Batches.
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: TF-01: 680 Tablet TF-02: 710 Tablet TF-03: 710 Tablet
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copy of record of digital data logger for stability chambers with real time and accelerated stability testing
13.	Method used for analysis of API along with COA.	The firm has submitted copy of Raw Material Specifications, Raw Material Testing Procedures along with COA.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e.	The firm has submitted copy of Finished Product Testing Procedure and specification.

	chromatograms, lab reports, raw data sheets etc.)	
15.	Reports of stability studies of API from manufacturer.	Firm has submitted stability study data of 3 batches of API
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in applied product development
17.	Drug-excipients compatibility studies.	Firm has submitted that they have used same excipients in their formulation as used by the innovator. Therefore drug-excipient compatibility studies are not required.
18.	Record of comparative dissolution data.	Firm has submitted comparative dissolution at 0.1 N HCl pH 1.2, 4.5 pH acetate buffer and 6.8pH phosphate buffer.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Remarks of the evaluator:

<table>
<tr><th>Shortcomings communicated</th><th>Response by the firm</th></tr>
<tr><td>Justify the acceptance criteria of dissolution test i.e. NLT 75% in 30 minutes without defining the time and value of “Q” since the value of Q at level S1 is defined between 75 to 80 in various guidance documents of EDQM, FDA guidance documents and USP and the overall acceptance criteria for level S1 is set as Q+5. The FDA guidance “Dissolution Testing and Acceptance Criteria for Immediate-Release Solid Oral Dosage Form Drug Products Containing High Solubility Drug Substances” specifies under the heading DISSOLUTION ACCEPTANCE CRITERIA that for immediate release solid oral drug products containing a high solubility drug substance, the dissolution criterion is Q=80% in 30 minutes. Furthermore, USFDA chemistry review for the innovator product “Vemlidy Tablet” specifies that the acceptance criteria for dissolution test is NLT (Q+5) in 15 minutes.</td><td>Our value of “Q” for dissolution testing of tenofovir tablet is 75%, we have used the dissolution specification i.e. NLT 75% (Q) in 30 minutes because the specifications of the innovator product was not available at FDA dissolution database. Later on as per the guidelines and decision of 293rd meeting of Registration Board we have revised our dissolution specifications to NLT 75%(Q) in 15 minutes. To comply with the decision of Registration Board, we have also performed dissolution testing of two batches i.e. TF-02 and TF-03 at 15 minutes time point and performed one month stability studies at both real time as well as accelerated conditions using the same revised specification. The results of 1 month stability study of both batches performed at 15 min time point is found within specifications. The firm has submitted results along with raw data sheets and other associated documents.
The results are as under:
<table>
<tr><th>Batch number</th><th>Initial</th><th>1st month (Accelerated)</th></tr>
<tr><td>TF-02</td><td>89.63</td><td>92.92</td></tr>
<tr><td>TF-03</td><td>94.83</td><td>96.96</td></tr>
</table>
<table>
<tr><th>Batch number</th><th>Initial</th><th>1st month (R.T)</th></tr>
<tr><td>TF-02</td><td>89.63</td><td>92</td></tr>
<tr><td>TF-03</td><td>94.83</td><td>92.82</td></tr>
</table></td></tr>
<tr><td>Specify the exact storage conditions at which the API was kept after import till the manufacturing of batches.</td><td>Firm has submitted that they have kept the API as per the storage conditions recommended by API supplier. The storage conditions were 2 – 8 °C.</td></tr>
</table>

Decision: Registration Board decided to approve registration of Tenovir Tablet 25mg with Innovator’s specifications by M/s Kaizen Pharmaceuticals (Pvt) Ltd. E-127-129, North Western Industrial Zone, Bin Qasim, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Remarks of the evaluator:

Shortcomings communicated	Response by the firm
Justify the acceptance criteria of dissolution test i.e. NLT 75% (Q) in 45 minutes since USFDA chemistry review for the innovator product "Eliquis Tablet" specifies that the acceptance criteria for dissolution test is NLT (Q+5) in 30 minutes.	We have used the dissolution specifications i.e. NLT 75% (Q) in 45 minutes because the specifications of innovator product were not available at FDA dissolution database. Later on as per the guidelines and decision of 293rd meeting of Registration Board, we have revised out specifications of NLT 75% (Q) in 30 minutes as per the innovator product. Our product has also complied to the revised specifications as well.
Real time stability study data of 3 batches of API needs to be submitted as per the conditions of zone IV-A, since the submitted long term stability data is conducted at 25°C / 60% RH.	Firm has submitted stability study data of 3 batches of API at accelerated (6 months) and long term conditions (48 months). The long term stability study data has been conducted as per zone IV-A conditions.

Decision: Registration Board decided to approve registration of Apixa 5mg Tablet with Innovator's specifications by M/s Kaizen Pharmaceuticals (Pvt) Ltd. E-127-129, North Western Industrial Zone, Bin Qasim, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Documents To Be Provided	Status
COA of API.	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. JS20191190) issued by CFDA China. The certificate is valid till 29-11-2024.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	Firm has submitted copy of Form 6 License to import drugs for clinical trial / examination / test or analysis dated 15-06-2017 specifying import of 150 gm Vortioxetine hydrobromide. Firm has submitted copy of commercial invoice signed by AD (I&E) specifying import of 150gm API.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

ADMINISTRATIVE PORTION

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	• Firm has referred to their last onsite inspection conducted for product Rofair (Roflumilast) 500mcg Tablets on 25th June, 2019. The said inspection report was discussed in 290th meeting of Registration Board held on 3rd – 4th July, 2019 and the case was approved. The inspection report confirms following points: • The firm has Shimadzu's LC 20A, with software ―Lab solution DB‖ which is 21 CFR part 11 compliant with audit trail and date time stamped and with complete multi-level user authorization • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of Form 6 License to import drugs for clinical trial / examination / test or analysis dated 15-06-

		2017 specifying import of 150 gm Vortioxetine hydrobromide. Firm has submitted copy of commercial invoice signed by AD (I&E) specifying import of 150gm API.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted that the API supplier has sent them reference standard along with the API..
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. JS20191190) issued by CFDA China. The certificate is valid till 29-11-2024.
5.	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor certification checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted certificate of analysis of tenofovir alafenamide fumarate and vorking standard 100mg.
7.	Documents for the procurement of excipients used in product development?	The firm has submitted documents for procurement of excipients used in the formulation of applied product.
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted copy of protocols for product development
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted copy of Batch Manufacturing Records of all the three Batches.
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: TF-01: 375 Tablet TF-02: 205 Tablet TF-03: 205 Tablet
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copies of data logger record for stability chambers with real time and accelerated stability testing
13.	Method used for analysis of API along with COA.	The firm has submitted copy of Raw Material Specifications, Raw Material Testing Procedures along with COA.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted copy of Finished Product Testing Procedure and specification.
15.	Reports of stability studies of API from manufacturer.	Firm has submitted stability study data of 3 batches of API at accelerated (6 months) and long term conditions (24 months). The long term stability study data has been conducted as per zone IV-A conditions.
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in applied product development
17.	Drug-excipients compatibility studies.	Firm has submitted that they have used same excipients in their formulation as used by the innovator. Therefore drug-excipient compatibility studies are not required.
18.	Record of comparative dissolution data.	Firm has submitted comparative dissolution at 0.1 N HCl pH 1.2, 4.5 pH acetate buffer and 6.8pH phosphate buffer.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Remarks of the evaluator:

Shortcomings communicated	Response by the firm
Specify the exact polymorphic form of API used in the manufacturing of stability batches	Our supplier has provided us with vortioxetine hydrobromide salt containing β polymorph. The same polymorph is also used by the innovator product.

Decision: Registration Board decided to approve registration of Vortiox 10mg Tablet with Innovator's specifications by M/s Kaizen Pharmaceuticals (Pvt) Ltd. E-127-129, North Western Industrial Zone, Bin Qasim, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. Registration letter will be issued after comments of Legal affairs division, about patent issue of applied formulation.

Commitment to follow Drug Specification Rules, 1978.	Yes

DATA FOR EXEMPTION FROM ONSITE INVESTIGATION OF SUBMITTED STABILITY DATA

ADMINISTRATIVE PORTION

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Daplozmet Tablet 5mg/1000mg and Daplozmet Tablet 5mg/850mg (Dapagliflozin propanediol monohydrate + metformin HCl) Tablets", which was presented in 288th meeting of Registration Board wherein the Board decided to approve registration of Daplozmet Tablet. Date of inspection: 1st January, 2019. According to inspection report, following points were confirmed. • The firm has 21CFR compliant HPLC software. • The firm has audit trail reports available.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice dated 02-10-2018 specifying import of 5Kg Ticagrelor. The invoice has been signed by AD DRAP Lahore.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted that the reference standard was received through DHL.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of GMP certificate (certificate No.2017006) issued by Nantong Food & Drug Administration, China. It is valid until 07/09/2020. Firm has also submitted copy of inspection report letter issued by FDA on 05-08-2019 in which the facility of Nantong Chanyoo was considered to be in minimally acceptable state of compliance to GMP
5.	Mechanism for Vendor pre-qualification	Firm has submitted flow chart for vendor qualification mechanism.
6.	Certificate of analysis of the API, reference	Firm has submitted COA of API, and working standard.

	standards and impurity standards	
7.	Documents for the procurement of excipients used in product development?	Firm has submitted documents for procurement of excipients.
8.	List of qualified staff involved in product development with relevant experience.	Firm has provided list of technical staff of product development section.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	Firm has submitted protocols / SOPSs for product development.
10.	Complete batch manufacturing record of three stability batches.	Firm has provided Batch Manufacturing Record for all the three batches of each strength.
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: **TICALOR 60MG TABLET** RD-19030: 8 Packs on real time stability RD-19031: 8 Packs on real time stability RD-19032: 8 Packs on real time stability **OCLAWIL TABLETS 10MG** RD-19039: 8 Packs on real time stability RD-19040: 8 Packs on real time stability RD-19041: 8 Packs on real time stability
QA/QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of Digital data logger for temperature and humidity monitoring of stability chambers.
13.	Method used for analysis of API along with COA.	Firm has submitted COA and method of analysis of API.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	Firm has submitted method of analysis of FPP and complete record of testing of stability batches along with chromatograms
15.	Reports of stability studies of API from manufacturer.	Firm has submitted both accelerated (40°C ± 2°C & 75±5%RH) stability studies & long term (30°C ± 2°C & 65±5%RH) stability studies reports of three batches of both API's. The stability study data till 1 year was provided.
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used.
17.	Drug-excipients compatibility studies.	Firm has submitted results of compatibility study report of ticagrelor API with all the excipients using binary mixtures and study of compatibility using HPLC analysis.
18.	Record of comparative dissolution data.	Firm has submitted CDP data of their 60mg strength with 90mg strength of innovator product
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Firm has submitted audit trail reports for HPLC analysis for all the three batches.

Evaluation by PEC:

Shortcomings communicated	Response by the firm
Justify the dissolution specification NLT 80%(Q) after 45 minutes, since the USFDA chemistry review document of the innovator product specify	The dissolution acceptance criteria was not disclosed in NDA available on FDA website, therefore based on comparative dissolution prodile

dissolution testing at two time points i.e. NLT (Q) at 45 minutes and NLT (Q) at 60 minutes. USFDA guidelines "*Dissolution Testing of Immediate Release Solid Oral Dosage Forms*" recommends that for slowly dissolving or poorly water soluble drugs, a two-point dissolution specification, one at earlier time to include a dissolution range (a dissolution window) and the other at a later point (30, 45, or 60 minutes) to ensure 85% dissolution, is recommended to characterize the quality of the product. The innovator product has also used the same approach and selected two time points for dissolution, justify how your finished product specification without a test for measure of dissolution range at 45 minutes and at 60 minutes to ensure 85% drug release be considered similar to that of innovator product. If your product shows more than 85% release in 45 minutes, how can it be considered similar with innovator product in terms of drug release.	in proposed dissolution media the lower drug release 85% was achieved as single time point for dissolution with acceptance criteria of 80%(Q). This selection was based on ICH Q6A decision tree #7 according to which generally single point dissolution acceptance criteria with lower limit are acceptable. Please note that we have compared CDP profile of both innovator product and our product in proposed media and submitted the data. The results are comparable with f2>50. Based on this study we selected the lower time point 45 minutes for single time point testing. However to comply with instructions of DRAP we have revised our specifications and incorporated two time point testing at 45 min and 60 min as per the innovator product. We have tested the stability batches at additional 13 month time point at 45 and 60 min and the results fall in acceptance criteria.. The remaining time points of stability will also be performed as per revised specifications.
Specify the exact polymorphic form of ticagrelor used in the manufacturing of stability batches.	Polymorphic form used in the stability batches was Form-II.
Justify why comparative dissolution profile of 60mg strength is studied against the 90mg strength of innovator product.	As both 60 and 90mg formulations are proportionate therefore due to non-availability of 60mg strength in the market we have performed CDP of 60mg strength with 90mg of innovator product. Please note that both 60 and 90mg tablets have proportionate composition therefore their dissolution will have similar release rates. Based on this we have compared the dissolution profile of ticagrelor 60mg tablet with Brilinta 90mg Tablet in FDA suggested media as well as in proposed media.

Decision: Registration Board decided to approve registration of Ticalor 60mg Tablet and Ticalor 90mg Tablet with Innovator's specifications by M/s Highnoon Laboratories Limited 17.5 K. M. Multan Road, Lahore. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Documents To Be Provided	Status
COA of API.	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. 1808977) issued by Food and Drug Administration Gujrat State India. The certificate is valid till 12-08-2021.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	Firm has submitted copy of commercial invoice dated 18-12-2017 specifying import of Lurasidone HCl 350gm. The firm has submitted that due to small quantity of API our supplier has sent the API through DHL courier. Firm has submitted DHL invoice dated 18-12-2017.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

ADMINISTRATIVE PORTION

1.	Reference of last onsite panel inspection for instant dosage form conducted during last	• Firm has referred to their last onsite inspection conducted for product Rofair (Roflumilast) 500mcg Tablets on 25th

	two years.	June, 2019. The said inspection report was discussed in 290th meeting of Registration Board held on 3rd – 4th July, 2019 and the case was approved. The inspection report confirms following points: • The firm has Shimadzu's LC 20A, with software ―Lab solution DB‖ which is 21 CFR part 11 compliant with audit trail and date time stamped and with complete multi-level user authorization • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice dated 18-12-2017 specifying import of Lurasidone HCl 350gm. The firm has submitted that due to small quantity of API our supplier has sent the API through DHL courier. Firm has submitted DHL invoice dated 18-12-2017.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted that they have received reference standard along with API from their supplier. Firm has submitted copy of DHL invoice.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. 1808977) issued by Food and Drug Administration Gujrat State India. The certificate is valid till 12-08-2021.
5.	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor certification checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted certificate of analysis of Lurasidone HCl.
7.	Documents for the procurement of excipients used in product development?	The firm has submitted documents for procurement of excipients used in the formulation of applied product.
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted copy of protocols for product development
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted copy of Batch Manufacturing Records of all the three Batches.
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: TF-02: 168 Tablet TF-03: 168 Tablet TF-04: 168 Tablet
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copy of record of data logger for stability chambers with real time and accelerated stability testing
13.	Method used for analysis of API along with COA.	The firm has submitted copy of Raw Material Specifications, Raw Material Testing Procedures along with COA.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets	The firm has submitted copy of Finished Product Testing Procedure and specification.

	etc.)	
15.	Reports of stability studies of API from manufacturer.	Firm has submitted stability study data of 3 batches of API at accelerated (6 months) and long term conditions (36 months). The long term stability study data has been conducted as per zone IV-A conditions.
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in applied product development
17.	Drug-excipients compatibility studies.	Firm has submitted that they have used same excipients in their formulation as used by the innovator. Therefore drug-excipient compatibility studies are not required.
18.	Record of comparative dissolution data.	Firm has submitted comparative dissolution at 0.1 N HCl pH 1.2, 4.5 pH acetate buffer, 6.8pH phosphate buffer and mcllvaine buffer.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Remarks of the evaluator:

Shortcomings communicated	Response by the firm
Justify the acceptance criteria of dissolution test i.e. NLT 75% (Q) in 30 minutes witsince USFDA chemistry review for the innovator product "Latuda Tablet" specifies that the acceptance criteria for dissolution test is NLT (Q+5) in 20 minutes.	We have used the dissolution specifications i.e. NLT 75% (Q) in 30 minutes because the specifications of innovator product were not available at FDA dissolution database. Later on as per the guidelines and decision of 293rd meeting of Registration Board, we have revised out specifications of NLT 75% (Q) in 20 minutes as per the innovator product. Our product has also complied to the revised specifications as well.
Real time stability study data of 3 batches of API needs to be submitted as per the conditions of zone IV-A, since the submitted long term stability data is conducted at 25°C / 60% RH.	Firm has submitted stability study data of 3 batches of API at accelerated (6 months) and long term conditions (36 months). The long term stability study data has been conducted as per zone IV-A conditions.

Decision: Registration Board decided to approve registration of Lurasid 40mg Tablet with Innovator's specifications by M/s Kaizen Pharmaceuticals (Pvt) Ltd. E-127-129, North Western Industrial Zone, Bin Qasim, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

ADMINISTRATIVE PORTION

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	• Firm has referred to their last onsite inspection conducted for product Rofair (Roflumilast) 500mcg Tablets on 25th June, 2019. The said inspection report was discussed in 290th meeting of Registration Board held on 3rd – 4th July,

		2019 and the case was approved. The inspection report confirms following points: • The firm has Shimadzu's LC 20A, with software ―Lab solution DB‖ which is 21 CFR part 11 compliant with audit trail and date time stamped and with complete multi-level user authorization • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice dated 18-12-2017 specifying import of Lurasidone HCl 350gm. The firm has submitted that due to small quantity of API our supplier has sent the API through DHL courier. Firm has submitted DHL invoice dated 18-12-2017.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted that they have received reference standard along with API from their supplier. Firm has submitted copy of DHL invoice.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. 1808977) issued by Food and Drug Administration Gujrat State India. The certificate is valid till 12-08-2021.
5.	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor certification checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted certificate of analysis of Lurasidone HCl.
7.	Documents for the procurement of excipients used in product development?	The firm has submitted documents for procurement of excipients used in the formulation of applied product.
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted copy of protocols for product development
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted copy of Batch Manufacturing Records of all the three Batches.
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: TF-01: 185 Tablet TF-02: 185 Tablet TF-03: 185 Tablet
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copy of record of data logger for stability chambers with real time and accelerated stability testing
13.	Method used for analysis of API along with COA.	The firm has submitted copy of Raw Material Specifications, Raw Material Testing Procedures along with COA.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted copy of Finished Product Testing Procedure and specification.
15.	Reports of stability studies of API from	Firm has submitted stability study data of 3 batches of API

	manufacturer.	at accelerated (6 months) and long term conditions (36 months). The long term stability study data has been conducted as per zone IV-A conditions.
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in applied product development
17.	Drug-excipients compatibility studies.	Firm has submitted that they have used same excipients in their formulation as used by the innovator. Therefore drug-excipient compatibility studies are not required.
18.	Record of comparative dissolution data.	Firm has submitted comparative dissolution at 0.1 N HCl pH 1.2, 4.5 pH acetate buffer, 6.8pH phosphate buffer and mcllvaine buffer.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Remarks of the evaluator:

Shortcomings communicated	Response by the firm
Justify the acceptance criteria of dissolution test i.e. NLT 75% (Q) in 30 minutes witsince USFDA chemistry review for the innovator product "Latuda Tablet" specifies that the acceptance criteria for dissolution test is NLT (Q+5) in 20 minutes.	We have used the dissolution specifications i.e. NLT 75% (Q) in 30 minutes because the specifications of innovator product were not available at FDA dissolution database. Later on as per the guidelines and decision of 293rd meeting of Registration Board, we have revised out specifications of NLT 75% (Q) in 20 minutes as per the innovator product. Our product has also complied to the revised specifications as well.
Real time stability study data of 3 batches of API needs to be submitted as per the conditions of zone IV-A, since the submitted long term stability data is conducted at 25°C / 60% RH.	Firm has submitted stability study data of 3 batches of API at accelerated (6 months) and long term conditions (36 months). The long term stability study data has been conducted as per zone IV-A conditions.

Decision: Registration Board decided to approve registration of Lurasid 80mg Tablet with Innovator's specifications by M/s Kaizen Pharmaceuticals (Pvt) Ltd. DATA FOR EXEMPTION FROM ONSITE INVESTIGATION OF SUBMITTED STABILITY DATA		
ADMINISTRATIVE PORTION		
1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to their last inspection report for their product "saferon tablet " Registration Board in its 278th meeting decided to approve Registration of "Saferon (Sofosbuvir 400mg) tablets by M/s Wilson Pharmaceuticals, I-9 Industrial Area, Islamabad. Date of Inspection: 10-12-2015 , 19-04-2017 & 20-01-2018 • Software of HPLC present in the firm is 21CFR compliant and audit trail on the testing reports was available and confirmed.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice dated 03-04-2018 specifying import of 120gm obeticholic acid. The invoice has been signed by AD DRAP Islamabad.
3.	Documents for the procurement of reference standard and impurity standards.	Firm has submitted copy of invoice of purchase of working reference standard and impurity standard.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate (No. 5884/E1/2018) of M/s Virupaksha organics Ltd, issued by Drugs Control Administration, Government of Telangana. The certificate is issued on 27-3-2019. The certificate is valid for a period of three years from the date of issue.
5.	Mechanism for Vendor pre-qualification	Firm has submitted copy of SOPs for vendor pre-qualification.
6.	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted COA of API, working standard and impurity standards.
7.	Documents for the procurement of excipients used in product development?	Firm has submitted documents for procurement of excipients.
8.	List of qualified staff involved in product development with relevant experience.	Firm has provided list of technical staff of product development section.
PRODUCTION DATA		
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	Firm has submitted protocols / SOPSs for the development of applied product.
10.	Complete batch manufacturing record of three stability batches.	Firm has provided Batch Manufacturing Record for all the three batches
11.	Record of remaining quantities of stability batches.	Firm has provided following remaining quantities for each batch: **OCLAWIL TABLETS 5MG** Trial # 02: 284 Tablets Trial # 03: 284 Tablets Trial # 04: 284 Tablets **OCLAWIL TABLETS 10MG** Trial # 01: 284 Tablets Trial # 02: 284 Tablets Trial # 03: 284 Tablets
QA/QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers	Firm has submitted record of Digital data logger for temperature and humidity monitoring of stability

	(real time and accelerated)	chambers.
13.	Method used for analysis of API along with COA.	Firm has submitted COA and method of analysis of API.
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	Firm has submitted method of analysis of FPP and complete record of testing of stability batches along with chromatograms
15.	Reports of stability studies of API from manufacturer.	Firm has submitted both accelerated (40°C ± 2°C & 75±5%RH) stability studies & long term (30°C ± 2°C & 65±5%RH) stability studies reports of three batches of both API's.
16.	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used.
17.	Drug-excipients compatibility studies.	Firm has submitted that their formulation is as per reference product so they do not require drug excipient compatibility studies. Firm has also submitted references of each excipient for compatibility from handbook of pharmaceutical excipients.
18.	Record of comparative dissolution data.	Firm has submitted that reference product is not available in Pakistan therefore they have requested to exempt CDP.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Firm has submitted audit trail reports for HPLC analysis for all the three batches.

Evaluation by PEC:

The dissolution acceptance criteria of the firm is NLT 80% (Q=75%) in 15 minutes, as per the innovator product.

Shortcomings communicated	Response by the firm
Specify the value of "Q" for dissolution test as per United States Pharmacopoeia (USP) General Chapter <711> Dissolution.	We specify the value of Q as 75% as per the USP monograph<1092>
Comparative dissolution profile (CDP) data with the innovator / reference product along with calculation of factor *f*2 needs to be submitted as per the FDA guidelines on three media including pH 1.2 hydrochloric acid, pH 4.5 acetate buffer and pH 6.8 phosphate buffer.	Firm has submitted that the reference product is not available in Pakistan therefore they have not conducted by comparative dissolution profile.

Decision: Registration Board decided to approve registration of Oclawil Tablets 5mg and Oclawil Tablets 10mg with Innovator's specifications by M/s Wilson's Pharmaceuticals, I-9, Industrial Area Islamabad. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

REMARKS OF EVALUATOR

Shortcoming	Response by the firm
GMP certificate of the API manufacturer issued by provincial or federal regulatory authority since the submitted GMP certificate is issued by Shaoguan Food and Drug Administration which is a district regulatory authority.	Copy of GMP Certificate for M/s Ruyuan HEC Pharm Co., Ltd, China issued by Shaoguan Food and Drug Administration, China is submitted. It is valid till 12-04-2021.
Scientific justification for selection of dissolution specifications i.e. type of apparatus, volume, speed (rpm), dissolution medium and dissolution time.	Due to un availability of monograph for trelagliptin and there is no reference for dissolution available at US FDA. We, selected the dissolution specification of Sitagliptin from FDA dissolution data base for trelagliptin because both molecules are of same therapeutic class having same BCS classification and have similar mechanism of action.
Justify the variation in dissolution results of individual tablets i.e. 90.11% to 116.71% at first time point for batch 18PD-116	We have checked dissolution results of the said batch and the average values are within specified limits.

DATA FOR EXEMPTION FROM ONSITE INVESTIGATION OF SUBMITTED STABILITY DATA

Firm has submitted data for exemption from onsite investigation of submitted stability data as per the guidelines of 293rd meeting of Registration Board.

1.	Reference of previous approval of applications with stability study data of the firm	Firm has referred to last onsite inspection of their product Tapendol Tablets 50mg, 75mg and 100mg (Tapentadol) which was considered and approved by Registration Board in its 289th Meeting with following

		details: • Date of Inspection: 11-03-2019
2.	Certificate of Analysis of API from both API Manufacturer and Finished Product manufacturer.	Firm has submitted CoA of API from API manufacturer. Firm has also submitted copy of CoA of the API generated by FPP manufacturer.
3.	Method used for analysis of API from both API Manufacturer and Finished Product Manufacturer	Firm has submitted method of analysis of API from both API manufacturer as well as FPP manufacturer.
4.	Stability study data of API from API manufacturer	Firm has submitted stability study data of 3 batches of API as per the conditions of zone IV-A.
5.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Copy of GMP Certificate for M/s Ruyuan HEC Pharm Co., Ltd, China issued by Shaoguan Food and Drug Administration, China is submitted. It is valid till 12-04-2021.
6.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of Assistant Director (I & E) DRAP attested invoice confirming import of 1Kg trelagliptin succinate dated 30-01-2018.
7.	Protocols followed for conduction of stability study	Firm has submitted protocols for conduction of stability studies.
8.	Method used for analysis of FPP	Firm has submitted drug product testing method.
9.	Drug-excipients compatibility studies (where applicable)	Firm has submitted that their formulation is as per reference product so they do not require drug excipient compatibility studies.
10.	Complete batch manufacturing record of three stability batches.	Firm has submitted batch manufacturing record of three batches of both strengths.
11.	Record of comparative dissolution data (where applicable)	Firm has submitted results of CDP of both strengths with the innovator product. The results of CDP were within acceptable limits.
12.	Data of 03 batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Yes submitted by the firm
13.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Firm has submitted record of HPLC including audit trail reports for testing on the applied product
14.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of Digital data logger for temperature and humidity monitoring of stability chambers.

REMARKS OF EVALUATOR

Scientific justification for selection of dissolution specifications i.e. type of apparatus, volume, speed (rpm), dissolution medium and dissolution time was provided by the firm in which they have responded that "Due to un availability of monograph for trelagliptin and there is no reference for dissolution available at US FDA. We, selected the dissolution specification of Sitagliptin from FDA dissolution data base for trelagliptin because both molecules are of same therapeutic class having same BCS classification and have similar mechanism of action"

Decision of 294th meeting of Registration Board:

Deferred for scientific justification of using dissolution specifications of Sitagliptin tablets for performing dissolution test of trelagliptin tablets.

Evaluation by PEC:

Firm has submitted following justifications:

- There is no reference for dissolution parameters available in FDA or PMDA site or review documents.
- We have performed CDP of our product against the innovator and from the CDP data it is evident that the innovator product as well as our product show similar release in all the three mediums.
- Our dissolution parameters as well as specifications falls within the recommendations of USP general chapter 1092 having title "The dissolution procedure: Development and validation".

Based on the above stated justifications, firm has requested to consider their case keeping in view the USP

recommendations of general chapter.
Decision: Registration Board decided to approve registration of Trelaglip 50mg Tablet and Trelaglip 100mg Tablet with Innovator's specifications by M/s The Searle company Limited F-319 S.I.T.E Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months. The Board further decided that verification of fee challan may be done as per decision of 285th meeting of Registration Board.

Case no. 06 Miscellaneous Cases

3453. **Request of M/s Vision Pharmaceuticals (Pvt) Ltd. Islamabad to hold the evaluation of CTD dossier of Tramax 100mg/2ml Injection**

M/s Vision Pharmaceuticals (Pvt) Ltd. Islamabad has submitted the following applications on CTD format on 01-07-2019.

Sr. No	Applied product	Details of Fee & Date of submission in DRAP
1.	Tramax 100mg/2ml Injection	Form-5F Dy.No 10294 dated 01-07-2019 Rs.20,000/- Dated 01-07-2019

The firm has submitted stability study data of 3 batches which was performed by using API which was procured and imported by M/s Global Pharmaceuticals (Pvt) Ltd, Islamabad.

Now the firm vide its letter dated 22-01-2020, has requested to hold the evaluation of CTD dossier of the applied product. The firm has submitted that "Initially we got a loan of API of Tramadol HCl from M/s Global Pharmaceuticals (Pvt) Ltd and we have performed stability of three trial batches. But due to legal issues, we M/s Vision Pharmaceuticals (Pvt) Ltd. have decided to import API of tramadol HCl for our own trial purpose and stability studies. It will take almost seven months to perform trials and conclude stability data. That's why we are requesting you to kindly hold our dossier evaluation for the said product."

Decision: Registration Board acceded to the request of firm and directed to submit data of Tramax 100mg/2ml Injection as per the requirements of Form5F.

Registration board appreciated efforts of PEC team of PE&R Division for their extensive working during COVID-19 pandemic. Registration Board applauded several times during the meeting for PEC team for timely evaluation and presentation of COVID-19 applications in Registration Board received even during the meeting as well.

Case No.1: Request for Change in Registration Status of Product from M/s OBS Pakistan (Pvt.) Ltd, Karachi to M/s. Aspin Pharma, Karachi.

Registration Board, in its 287th meeting held on 3rd & 4th January, 2019, deferred the request of M/s. Aspin Pharma (Pvt.) Ltd; Plot No.10 & 25, Sector 20, Korangi Industrial Area Karachi-74900 for change of registration status of following product from M/s. OBS Pakistan (Pvt.) Ltd; Karachi to their name "***till the case regarding correction in registration certificates (as mentioned alongside the case) is under process"***. Details are given as under:

S. No.	Reg. No.	Brand name and composition	Registration History	Remarks
I	II	III	IV	V
1.	085632	Ursodol 250mg/5ml Suspension Each 5ml contains: Ursodeoxycholic acid.....250mg (BP Specification)	Initial date of Reg. 13-12-2017	UK MHRA approved. M/s OBS has already applied for correction in registration letter (regarding Contract Manufacturing from AGP) of instant product that is under process.

Management of the firm has provided following documents:-

i. Original challan Fee of Rs. 20,000/- for each product.
ii. Copies of initial letters of registration and renewal status as stated in column IV above.
iii. Section approval of M/s Aspin verified from Licensing Division's letter for renewal of DML (dated 09th June, 2016) confirming following sections;
   - Tablet (General)
   - Capsule (General)
   - Liquid Syrup
   - Ointment/ Cream.
iv. Copy of last GMP inspection report of M/s Aspin, Karachi dated 08th August, 2018 indicating "Satisfactory" level.
v. NOC from M/s. OBS Pakistan (Pvt.) Ltd; Karachi dated 19th November, 2018.
vi. DML of M/s Aspin dated 31st May, 2015.
vii. Form 5 dated 04.12.2018

M/s OBS Pakistan, Karachi has now been issued corrigendum (vide letter No.F.3-10/2017 Reg-II (M-273) dated 06-02-2020) for correction in manufacturer of Ursodol Suspension 250mg/5ml (Reg.No.085632) which was inadvertently mentioned as M/s OBS Pakistan (Pvt) Ltd, C-14, S.I.T.E, Karachi instead of M/s. AGP Ltd, B-23 S.I.T.E, Karachi (i.e., Contract Manufacturer).

Decision: Registration Board decided as follows:

i. **Cancellation of registration of Ursodol Suspension 250mg/5ml (R#085632) from the name of M/s. OBS Pakistan (Pvt.) Ltd., C-14, S.I.T.E, Karachi.**
ii. **Approved registration of Ursodol Suspension 250mg/5ml in the name of M/s. Aspin Pharma (Pvt.) Ltd, Plot No. 10 & 25, Sector 20, Korangi Industrial Area Karachi-74900 for manufacturing at their facility.**
iii. **Reference will be sent to Costing and Pricing Division for confirmation of maximum retail price (MRP).**

Case No.2. Request of Martin Dow Limited, Karachi for Registration of Fexinol Capsule (Reg. No. 024311)

Registration Board in its various meetings considered the request of Martin Dow Limited, Karachi for change in registration status of Fexinol Capsule, Reg. No. 024311 (from M/s Martin Dow Pharmaceutical (Pakistan) Ltd., 45 K.M Multan Road, Lahore to their name) Brief of the case is as under:

i. Initially the product was registered in the name M/s Martin Dow Pharmaceutical (Pakistan) Ltd., 45 K.M Multan Road, Lahore on 20th March, 2002.

ii. In 246th meeting of Registration Board, request for change in registration status in the name of M/s Martin Dow Limited, Plot No. 37, Sector19, Korangi Industrial Area, Karachi (change of manufacturing site) was approved. However, "Fexofenadine…80 mg" was recorded instead of "Fexofenadine… 60 mg" in the minutes of 246th meeting of Registration Board i.e reproduced below:

Name of applicant(s)	Name of existing manufacturer	Date of application, Diary No. & Form	Registration No.	Name of product with composition
M/s Martin Dow Ltd, Karachi	M/s Martin Dow Pharmaceuticals (Pakistan)Ltd, 45-KM, Multan Road, Lahore	14-04-2014 Dy.No.342 Form-5 Rs.20000/-	024311	Fexinol capsule Each capsule contains:- Fexofenadine HCl…….80mg

iii. The firm later on requested for correction in the minutes of 246th meeting and issuance of Registration letter.

iv. Registration Board in its 277th meeting reconsidered the case & deferred for confirmation of RRA status of product in capsule dosage form. Accordingly, approval status of the product in TGA Australia was provided by the firm.

v. The case was again presented in 282nd meeting & deferred for confirmation of renewal status.

vi. The firm then submitted initial registration letter & renewal history of the product, details of which have been tabulated below. The firm further informed that they did not submit the renewal due in 2017 because they were waiting to conclude its transfer case in the name of M/s Martin Dow Limited, Plot No. 37, Sector19, Korangi Industrial Area, Karachi. As after transfer they could have the renewal validity for 5 years. But due to mistake in minutes of M-246 for mentioning the strength "80mg" instead of "60mg" they are unable to get its transfer till now.

Name of product with composition & Reg. No.	Initial Registration Letter	1st Renewal	2nd Renewal	Transfer of registration
Fexinol capsule Each capsule contains:- Fexofenadine HCl…..60mg Reg. No. 024311	20-03-2002	Letter for M/s Martin Dow Pharmaceuticals (Pakistan) Ltd, Lahore dated 14-04-2008. Valid from 20-03-2007 to 19-03-2012.	Renewal applied by M/s Martin Dow Pharmaceuticals (Pakistan) Ltd, Lahore acknowledged on 11-05-2010	Acknowledged on 14-04-2014

vii. Registration Board in its 290th meeting reconsidered the case and observed that M/s Martin Dow Limited, Karachi had applied for registration of above mentioned product before expiry of validity of registration, therefore, the concerned section shall process the case for change in registration status accordingly.

The case is now placed for final decision of the Board regarding change in registration status from M/s Martin Dow Pharmaceutical (Pakistan) Ltd., 45 K.M Multan Road, Lahore to M/s Martin Dow Limited, Plot No. 37, Sector19, Korangi Industrial Area, Karachi along-with correction in strength (mentioned in M-246) from "80mg" to "60mg".

Decision: Registration Board decided as follows:

i. **Cancellation of registration of Fexinol Capsule 60mg (R#024311) from the name of M/s Martin Dow Pharmaceutical (Pakistan) Ltd, 45-KM, Multan Road, Lahore (New Title: M/s Seatle (Pvt) Ltd).**
ii. **Approved registration of Fexinol Capsule 60mg in the name of M/s Martin Dow Limited, Plot No. 37, Sector 19, Korangi Industrial Area, Karachi.**
iii. **Reference will be sent to Costing and Pricing Division for confirmation of maximum retail price (MRP).**

Case No.3. Request of M/s Getz Pharma (Private) Limited, Karachi for Issuance of Separate Brand Names for DPI Capsule and MDI Dosage Forms of Same Molecule/API.

Registration Board in its 290th meeting approved the following products of M/s Getz Pharma (Pvt.) Ltd., Karachi.

I	II	III
Sr. No.	**Brand name of drug with composition and demanded specifications**	**Decision of M-290**
1.	Saltra DPI Powder for Inhalation 50mcg+500mcg Each capsule contains: Salmeterol Xinafoate eq. to Salmeterol……..…50mcg Fluticasone Propionate……...500mcg USP	Registration Board decided to approve applied formulation for "Dry Powder Inhaler" section with innovator's specifications. The Board directed the firm to submit following before sale and marketing of the product: • Performance Data for the test of "Uniformity of Delivered Dose" and "Aerodynamic particle size distribution". • Label claim for "Target Delivery Dose" based upon the studies with the intended delivery system under defined test conditions (i.e., flow rate, duration). • Description of Drug delivery device.
2.	Saltra DPI Powder for Inhalation 50mcg+250mcg Each capsule contains: Salmeterol Xinafoate eq. to Salmeterol……50mcg Fluticasone Propionate……..250mcg USP	

Applied brand name "**Saltra**" is already registered in the name of M/s Getz for same molecule in Inhaler (MDI) Dosage form (R# 081557). However the firm has requested for grant of brand name "**Salmiget**" stating that M/s Highnoon Laboratories, Lahore has been granted two different brand names for their registered DPI (i.e., Combivair Rotacaps R# 054316) & MDI (i.e., Foracort HFA Inhaler R# 072586) having same APIs/molecule.

Accordingly, the case has been placed for guidance in the light of decision taken by the Registration Board vide its 248th meeting which states that:

> *"One brand name will be assigned for one molecule / API in all dosage forms for a manufacturer / importer. Moreover, it will be the responsibility of manufacturer / importer to declare that he has no other brand name for same molecule / API."*

Decision: Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:

a) Issuance of same brand names to same formulations of different manufacturer/importer.
b) Issuance of diffeeferent brand names for different dosage forms of same formulation
c) Issuance of same brand names for different similar formulation
d) Issuance of different brand names for different dosage form/ strength and indications
e) Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No.4. Request of M/s Martin Dow Marker Limited, Quetta for Issuance of Same Brand Names for Products Having Different Molecule/ Composition.

Registration Board in its 288th meeting approved the following products M/s Martin Dow Marker Limited. 7, Jail Road, Quetta:

I	II	III
Sr. No.	**Brand name of drug with composition and demanded specifications**	**Decision of M-288**
1.	Cosome Fort 200/30 mg Tablets each film coated tablet contains: Ibuprofen……..…200mg Pseudoephedrine HCL……30mg USP	**Approved with change of brand name.**
2.	Cosome 400/60 mg Forte Tablets each film coated tablet contains: Ibuprofen…….400mg Pseudoephedrine HCL……60mg USP	

The firm has requested for grant of registration with brand name "**Cosome Plus**" stating that "**Cosome**" is their registered brand name for "**Cosome Cough Syrup**" containing Dextromethorphan + Pseudoephedrine + Chlorpheniramine & "**Cosome-E Cough Syrup**" containing Ammonium Chloride + Diphenhydramine + Aminophylline.

The firm has further informed that both registered products/ cough syrups have different APIs but brand name "**Cosome**" is awarded as both drugs are "**Anti Histamine**" and form one family. In Cosome Tablet & Cosome syrup, "**Pseudoephedrine**" is common active ingredient and "**Ibuprofen"** is additional active ingredient in Cosome Tablets & therefore the firm wants to form family with brand name of "**Cosome**"

Accordingly, the case has been placed for guidance in the light of decision taken by the Registration Board vide its 248th meeting which states that:

> *"One brand name will be assigned for one molecule / API in all dosage forms for a manufacturer / importer. Moreover, it will be the responsibility of manufacturer / importer to declare that he has no other brand name for same molecule / API."*

Decision: Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:

a) **Issuance of same brand names to same formulations of different manufacturer/importer.**
b) **Issuance of diffeeferent brand names for different dosage forms of same formulation**
c) **Issuance of same brand names for different similar formulation**
d) **Issuance of different brand names for different dosage form/ strength and indications**
e) **Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.**

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No.5. Request of M/s Amarant Pharmaceuticals, Karachi for correction in pack size/ volume of Amta-Rose Injection.

Registration Board in its 290th meeting approved the following product M/s Amarant Pharmaceutical (Pvt) Ltd., 158-D Tore, Gadap Road, Super Highway Karachi with contract manufacturing from M/s Caraway Pharmaceutical, Islamabad:

Contract Giver / Applicant	Contract Acceptor / Manufacturer
M/s Amarant Pharmaceuticals (Pvt.) Ltd. 158, D. Tore, Gadap Road, Super Highway, Karachi.	M/s Caraway Pharmaceuticals Plot No. 12, street # N-3, National Industrial Zone, Rawat, Islamabad.

Amta-Rose Injection

1. Name of drug(s)
Amta-Rose Injection (Iron Sucrose)

2. Composition
Each ampoule (1ml) contains: Iron Sucrose Complex eq. to Elemental Iron…100mg

3. Dosage Form
Injection

4. Form, Fee, DY Date
Form 5
1024 dated 02-05-2013
Rs 150,000/-

5. Decision of Registration Board in 246th meeting
Deferred for rectification of following observation in the dossier:

i. Reference will be sent to B & A Division for verification of challan.
ii. Confirmation of installation and operational qualifications for TOC analyzer and liquid particle counter by the area FID.
iii. Initially on Form 5, firm mentioned quantity of active as 420 mg/ ampoule, in reply firm mentioned it as 1873 mg/ ampoule. Clarification is required. No clarification is provided in second reply.
iv. Letter of approval of injection section is required. Not provided in second reply. Inspection report dated 24-09-12 mentions Ampoule and Vial sections.

Submission by the Firm:

1. The original dossier of the firm has been traced with original fee deposit slip.
ii. Evidence of Approval status in Reference regulatory authorities
iii. Firm has submitted Approval of Liquid Ampoule (Injectable) manufacturing facility from Licensing Division
iv. Correct labelling information for treatment of Vit-D3 deficiency.

The original dossier has been traced out with original fee challans. Moreover, the firm has submitted following documents in support:

1. Justification of point raised in point No. 5
2. Undertaking of installation of TOC and liquid practical counter.
3. Section approval dated 15.04.2015.

Decision 271st Meeting of Registration Board:

Registration Board deferred the request of M/s Amarant Pharmaceuticals Karachi for submission of latest GMP report of M/s Amarant Pharmaceuticals, Karachi (contract giver / applicant) and M/s Caraway Pharmaceuticals, Rawat, Islamabad (contract acceptor / manufacturer).

Later on, the firm submitted the inspection reports in favor of M/s Amarant Pharmaceuticals, Karachi conducted on 26-February-2019 and M/s Caraway Pharmaceuticals, Rawat, Islamabad conducted on 24-July-2018, respectively.

Decision of M-290:

Registration Board approved registration of above mentioned products of M/s Amarant Pharmaceuticals, Karachi on contract manufacturing basis by M/s Caraway Pharmaceuticals, Rawat, Islamabad.

Registration Letter could not be issued as demanded pack size was not mentioned in minutes of 290th meeting. Furthermore, as per minutes the firm has applied: **"Each ampoule (1ml) contains: Iron Sucrose Complex eq. to Elemental Iron…100mg"**

However, the standard formulation approved by reference regulatory authority states:

"**Each 5ml ampoule contains: Iron (III) Hydroxide Sucrose Complex Eq. to Elemental Iron 100mg"**

Original Dossier/ Form-5 could not be retrieved. However, the firm has now submitted revised label claim along-with fee of **Rs.5000/-** (DS#1908821 dated 27-12-2019) as per following details:

"Each 5ml ampoule contains:
Iron (III) Hydroxide Sucrose Complex Eq. to Elemental Iron 100mg"

The firm has also informed that their demanded pack size and MRP is **"As Per SRO"**

Decision: Registration Board deferred for submission of remaining fee Rs.15000/-

Case No.6. Correction in composition of Mirofer Injection of M/s Epharm Laboratories, Karachi.

Registration Board in its 278th meeting approved the following product of Epharm Laboratories, A-40, Road No. 1, S.I.T.E, Super Highway Industrial Area, North , Karachi as per below mentioned details:

Name and address of manufacturer / Applicant	M/s. Epharm Laboratories, A-40, Road No. 1, S.I.T.E, Super Highway Industrial Area, North , Karachi
Brand Name +Dosage Form + Strength	Mirofer Injection
Composition	Each 5ml contains: Iron-III Hydroxide **Polymaltose** Complex eq. to elemental Iron…100mg
Diary No. Date of R& I & fee	Dy. No. 289, 25-08-2015 , Rs. 20,000/- (24-08-2015)
Pharmacological Group	Haematinic
Type of Form	Form 5
Finished product Specifications	USP
Pack size & Demanded Price	5mlx5, Ampoule As per SRO
Approval status of product in Reference Regulatory Authorities	USFDA approved
Me-too status	**Venofer by Gastro care**
GMP status	Last inspection conducted on 15-09-2016, "Good".
Remarks of the Evaluator	• Method of sterilization of product is filtration rather than terminal sterilization. Firm has not justified on the basis of scientific data. • Pharmacotherapeutic group: Anti-anaemic preparation, iron, parenteral preparation.(MHRA)
Previous Decision	Deferred in 274th meeting for the submission of GMP inspection report within the period of last one year.
Evaluation by PEC	The firm has submitted copy of panel inspection on 27-4-2017 recommending grant of GMP certificate to the site.
Decision: Approved	

M/s Epharm, Karachi has submitted clarification regarding their applied product i.e., Iron (III) Hydroxide Sucrose Complex eq. to Elemental Iron" instead of "Iron (III) Hydroxide Polymaltose Complex eq. to Elemental Iron" (mentioned in minutes of 278th meeting). Original dossier couldn't be retrieved, however, the firm has submitted DRAP's endorsed receipt (25-08-2015) & copy of form-5 stating **"Iron Sucrose Eq. to Iron 100mg/5ml Injection"**.

Accordingly, the case regarding correction in composition along-with standardization of label claim is submitted for consideration of Registration Board.

Decision: Registration Board deferred the case for verification of applied composition from original dossier submitted submitted by the firm at the time of initial application.

Case No.7. Request of M/s Akhai Pharmaceuticals Pvt. Ltd. H.I.T.E. Baluchistan for correction in Packaging Material/ Container Closure System of Atracurium Besylate Injections

Registration Board in its 290th meeting approved the following products of M/s Akhai Pharmaceuticals Pvt. Ltd. H.I.T.E. Baluchistan as per below mentioned details:

Name and address of manufacturer / Applicant	M/s Akhai Pharmaceuticals Pvt. Ltd. H.I.T.E. Baluchistan Contract Manufactured By: M/s NovaMed Pharmaceuticals Pvt. Ltd. Lahore
Brand Name +Dosage Form + Strength	Atracurium Besylate 25mg/2.5ml Injection
Composition	Each 2.5ml vial contains: Atracurium Besylate…….25mg
Diary No. Date of R& I & fee	Dy. No 17946 Dated 15-05-2018, Rs. 50,000/- 15-05-2018
Pharmacological Group	muscle relaxant
Type of Form	Form 5
Finished product Specifications	USP Specification
Pack size & Demanded Price	5'sx2.5ml
Approval status of product in Reference Regulatory Authorities	Atracurium 10mg/ml Solution for Injection or Infusion (UK)
Me-too status	Efacurim 25mg /2.5ml I.V Injection of M/s Pharmedic
GMP status	Last GMP inspection dated 5th & 27th December conclusion by Panel "The firm (M/s NovaMed Pharmaceuticals Pvt. Ltd. Lahore) is compliant to Good cGMP guidelines at the time of inspection"
Remarks of the Evaluator	
Decision: Approved	
Name and address of manufacturer / Applicant	M/s Akhai Pharmaceuticals Pvt. Ltd. H.I.T.E. Baluchistan Contract Manufactured By: M/s NovaMed Pharmaceuticals Pvt. Ltd. Lahore
Brand Name +Dosage Form + Strength	Atracurium Besylate 50mg/5ml Injection
Composition	Each 5ml vial contains: Atracurium Besylate…….50mg
Diary No. Date of R& I & fee	Dy. No 17947 Dated 15-05-2018, Rs. 50,000/- 15-05-2018
Pharmacological Group	muscle relaxant
Type of Form	Form 5
Finished product Specifications	USP Specification
Pack size & Demanded Price	5'sx5ml
Approval status of product in Reference Regulatory Authorities	Atracurium 10mg/ml Solution for Injection or Infusion (UK)
Me-too status	Arium Injection 50Mg of M/s Cirin
GMP status	Last GMP inspection dated 5th & 27th December conclusion by Panel "The firm (M/s NovaMed Pharmaceuticals Pvt. Ltd. Lahore) is compliant to Good cGMP guidelines at the time of inspection"
Remarks of the Evaluator	
Decision: Approved	

Registration letter has been issued. However, the firm has now informed that their applied packaging material was "**Ampoule**" instead of "**Vial**". Original Dossier/ Form-5 couldn't be retrieved, however, the firm has submitted copy of form-5 wherein "Ampoule" is mentioned on 1st page and against S.No. 4 (strength of active ingredient per unit). Furthermore, the firm has also submitted a copy of approval for addition section issued to M/s NovaMed Pharmaceuticals (Pvt.) Ltd., Lahore (Contract Manufacturer) vide letter No.F.6-1/2013-Lic (M-232) dated 29-08-2013 stating following sections:

1. General Liquid Injection (Ampoule)
2. General Liquid Injection Vial (SVP)

Decision: Registration Board deferred the case for verification of applied packaging material/container closure system from original dossier submitted by the firm at the time of initial application.

Case No.8. Request of M/s Barret Hodgson, Karachi for correction in Demanded MRP of Opsilk Lubricant Eye Drops

Registration Board in its 275th meeting approved Opsilk Lubricant Eye Drops of M/s Barrett Hodgson Pakistan, F/423, S.I.T.E, Karachi as per below mentioned details:

Name and address of manufacturer / Applicant	M/s Barrett Hodgson Pakistan, F/423, S.I.T.E, Karachi.
Brand Name +Dosage Form + Strength	Opsilk Lubricant eye drops
Composition	Each ml contains: Polyethylene Glycol 400 …… 4 mg Propylene Glycol …….. 3 mg
Diary No. Date of R& I & fee	Dy. No.46; 06-07-2015; Rs.20,000/- (06-07-2015)
Pharmacological Group	Ocular lubricant
Type of Form	Form-5
Finished product Specification	Manufacturer specifications
Pack size & Demanded Price	**10ml; Rs.33.35/- 15ml; Rs.19.55/- 30 ml; Rs. 575/-**
Approval status of product in Reference Regulatory Authorities.	Approved by MHRA of UK
Me-too status	Systane Lubricant Eye Drops M/s Ali Gohar & Company (Pvt) Ltd., Karachi (Reg.# 044834)
GMP status	Last inspection report dated 8-8-2017 confirms satisfactory compliance to GMP
Remarks of the Evaluator.	
Decision: Approved with innovator's specification.	

Price has not been fixed for demanded pack sizes. Furthermore, MRP demanded for 10ml pack appears to be less than that approved for 5ml pack vide 12th DPC. Accordingly, as per practice in vogue, the case was referred to C&P Division for Price confirmation/fixation.

However, the firm has informed that there are discrepancies in demanded prices mentioned in M-275 (held on 25th - 27th Oct, 2019) and their applied demanded prices as per following details. Furthermore, the firm has also stated that they intimated timely via letter dated 2-04-2018. In this regard, the firm has also submitted copy of form-5 along-with undertaking because the original dossier couldn't be retrieved.

S/N	Pack Size	Actual Demanded Price On Form-5 at the Time of Registration Application	Demanded Price Erroneously Mentioned in Minutes of 275th Meeting
1.	10ml	Rs.210/-	Rs.33.35/-
2.	15 ml	Rs.300/-	Rs.19.55/-
3.	30ml	Rs.575/-	Rs.575/-

Decision: Registration Board deferred the case for verification of demanded MRP from original dossier submitted by the firm at the time of initial application.

Case No.9. Issuance of duplicate registration letter of "Paingay Ointment" (Reg. No. 012777) of M/s Marvi Pharmaceuticals, Karachi

M/s Marvi Pharmaceuticals, Karachi has requested for issuance of duplicate registration letter of their product "Pain Gay Ointment" containing Methyl Salicylate 150mg + Menthol 100mg (Methyl Salicylate 15% + Menthol 10%), Registration number 012777.

The case regarding renewal has been discussed in various meetings of Registration Board & in last meeting i.e., 292nd it was decided that ***the firm will be asked to apply for issuance of duplicate registration letter for further grant of renewal.***

Detail of the complete case is as under:

i. M/s Marvi Pharmaceuticals, Karachi applied for regularization of renewal of registration of following product of year 2015 vide SRO 1005(I)/2017 05th October, 2017 along with 3 times applicable fee i.e. Rs.30,000. The firm was advised to submit the evidence of initial registration letter and post registration variation (if any) for further preceding the case. In reply, the firm submitted only the evidence of renewal of year 2010. However, the firm was again requested for

submission of initial registration letter. In response, they stated that due to ill health followed by demise of one of their directors, several documents were stolen or misplaced/ lost including registration letters issued by Ministry of Health. Due to the reason they fail to apply renewal within due time. The firm has also submitted the copy of daily dairy record of concerned Police Station regarding the report of stolen/ misplaced/ lost registration letter. In this regard the case has been placed in various Registration Board meetings with the detail of evidence of registration in the name of M/s Marvi i.e as under :

ii. The product "Pain-Gay Ointment", Registration # 012777 was registered in the name of M/s Marvi, Karachi with reference to record available in the form of National Formulary, RDI database and provisional list of registered medicines available on official website of DRAP.

iii. Furthermore, registration letter number along-with date of registration and the then MRP/pack sizes of the product have been mentioned in register containing old record of registered products (Column III & IV of below table). Detail of product is as under:

Reg. No.	Brand Name & Composition (As per National Formulary)	Reg. Letter No. & Date of registration (As per Register)	MRP/ Pack size (As per Register)
I	**II**	**III**	**IV**
012777	Pain Gay Ointment Methyl Salicylate….....15gm Menthol……...10gm	F.3-6/91-Reg-II (M-94) dated 18-07-1991	Rs.4.50/30gm Rs.7.25/45gm

iv. Further to inform that the same brand name i.e., Pain-Gay Cream (R# 060314) has also been registered in the name of M/s Friends Pharma (Pvt) Ltd., Lahore, having same composition as that of Pain-Gay Ointment.

In the light of above submission the case has been placed before the Registration Board for issuance of **duplicate** registration letter as well as regularization of onward renewal of registration.

Decision: **Registration Board decided to refer the case to Legal Affairs Division, DRAP along-with complete details regarding available facts and seek guidance regarding contents of duplicate registration letter especially with reference to mentioning of MRP.**

Case No.10. Court Case Filed by M/s Zafa Pharmaceutical Laboratories (Pvt) Ltd. Karachi versus FOP & others in Sindh High Court, Karachi

Registration Board in its various meeting considered the case regarding *"Risks and Cncerns associated with mislabeled Dydrogesterone"* and referred the case to the Appellate Board with the request to review the decision taken vide its 134th meeting, held on 17-06-2008 with respect to appeal filed by M/s Zafa Pharmaceutical Laboratories (Pvt) Ltd. Karachi.

The case was considered by the Appellate Board in its 152nd meeting held on 24th and 25th April, 2019 and order dated 26.04.2019 was passed, whereby the Appellate Board directed the pharmaceutical Evaluation and Registration Division to ensure that all registered formulation/products and evaluation of Dydrogesterone products must comply with the official pharmacopeial monograph i.e USP. The board further directed the division of QA&LT to allow the import of API for registered products of Dydrogesterone as per official monograph only and to issue a circular for information of all concerned.

Accordingly, Registration Board (in its 289th meeting) advised to comply directions / decision of Appellate Board.

Later on, M/s Zafa Pharmaceutical Laboratories (Pvt) Ltd. Karachi filed suit No. 840/2019 versus FOP & others in Sindh High Court, wherein the the decision of Appellate Board was challenged and stay has been granted to M/s Zafa vide court order dated 10-05-2019. Accordingly, all registration holders of dydrogesterone containing products (including fixed dose combinations) were issued letters regarding "Conformance to USP Specifications" except M/s Zafa Pharmaceutical Laboratories (Pvt) Ltd. Karachi.

Recently, a copy of order dated 13.03.2020 passed by the Hon'ble High Court of Sindh, Karachi in CMA No. 7247/2019 in Suit No. 840/2019 filed by M/s. Zafa Pharmaceutical Labs (Pvt) Ltd Vs. Federation of Pakistan and Others has been received from Deputy Director (Legal Affairs). It has been informed that *the Hon'ble Court has allowed the aforesaid CMA and suspended the impugned order*

dated 26.04.2019 passed by the Drug Appellate Board to the extent of the Plaintiff till final decision in the Suit. However, it is clarified by the court that suspending the impugned order dated 26.04.2019 does not , in any manner, overrides or can be considered as an impediment for the Registration Board to act in accordance with Section 7(11) of the Drugs Act, 1976, and so also Rule 27 of the Drugs (Licensing, Registering and Advertising) Rules, 1976. Section 7(11) reflects that if the Registration Board, on the basis of information received or any inquiry conducted by it, is of the opinion that the registration of a drug was procured by fraud or misrepresentation; or the circumstances in which a drug was registered no longer exist; or there has been a violation of the conditions subject to which a drug was registered; or it is necessary in the public interest so to do; the Registration Board may, after affording opportunity of showing cause to the person on whose application the drug was registered for the action proposed to be taken including its cancellation, suspension or specifying any further conditions, to which the said registration shall be subject to.

Furthermore, in pursuance to aforementioned order, a complaint has been received from M/s Abbott Laboratories Pakistan Ltd. requesting to consider it as a fresh complaint in respect of the mislabeled product i.e. Dirogest, which is claimed to contain the 'Cis-Isomer of Dydrogesterone' or '6-Dehydroprogesterone'. The firm has requested the Registration Board to issue notice to both Zafa and Abbott for a hearing in respect of the cancellation/suspension of the registration of Dirogest and if their complaint is found to be correct, then the Registration Board may be pleased to either suspend the registration of Dirogest till Zafa is able to provide internationally recognized clinical data and scientific evidence supporting the safety, efficacy and quality of Dirogest or cancel the registration.

Decision: **Registration Board deliberated and decided the case as under:**

Member from Law and Justice reviewed the court order dated 13.03.2020 and apprised that the Board can proceed in accordance with Section 7(11) of the Drugs Act, 1976 in all other cases except "Dirogest Tablet (R#024214)" of M/s Zafa Pharmaceutical Laboratories (Pvt) Ltd., Karachi for which the Hon'ble Court has allowed the CMA No. 7247/2019 and suspended the impugned order dated 26.04.2019 passed by the Drug Appellate Board till final decision in the Suit No. 840/2019.

Accordingly Registration board decided/advised to prepare a fresh reference for the Hon'ble Sindh Court including complete details of the case on which the Drug Appellate Board passed order dated 26.04.2019 along-with proceedings of current meeting and request for urgent hearing in the case.

Case No.11. Request of M/s Abbott, Karachi for Registered Products Containing Dydrogesterone

Registration Board in its 289th meeting, held on 14th-15th May, 2019 considered the case regarding ***"Risks and Concerns associated with Dydrogesterone"*** and advised to comply directions /decision of Appellate Board i.e., as under:

> ***"The Appellate Board directed the pharmaceutical Evaluation and Registration Division to ensure that all registered formulation/ products and evaluation of Dydrogesterone products must comply with the official pharmacopeial monograph i.e USP."***

Accordingly, all registration holders of dydrogesterone containing products (including fixed dose combinations) were issued letter regarding "Conformance to USP Specifications".

Later on, M/s Abbott responded w.r.t to their following registered products stating that Abbott's Dydrogesterone (API) and Duphaston (Finished Product) is a research-based API and the Finished Product respectively. Hence being the Innovator, Abbott follows the in-house Manufacturers Specifications for the release of API and the Finished Product. In addition, the Appellate Boards in its own proceeding has accepted Abbott's Dydrogesterone as original molecule. Moreover, Abbott is also inventor of European Pharmacopoeia monograph for this molecule and internal specification/methods are fully aligned with European Pharmacopoeia. As product is not marketed in US for commercial reason, USP monograph will be withdrawn accordingly to USP committee notification to Abbott.

Furthermore, w.r.t products at Sr.No.02-04 (below table), the firm also informed that the products are imported as Finished Products and currently none of the combination listed above are part of USP. Abbott being the innovator for these products, the internal specification/methods are fully aligned with European Pharmacopoeia. Hence, considering above facts and information, the firm requested to be exempted from conformance to USP Specifications for above listed products.

Sr.No	Reg. No.	Brand Name of Drug(s) with Composition
1.	006654	Duphaston 10mg Tablet Each tablet contains: Dydrogesterone…….10mg
2.	027349	Femoston 1/10 Tablets Each tablet of one strip (14 Tabs.) contains: Estradiol…….……..1mg Each tablet of 2nd strip (14 Tabs.) contains: Estradiol…….……..1mg Dydrogesterone……...…….10mg
3.	019420	Femoston (R) 2/10 Tablets Each tablet contains: Estradiol Miconized……..2mg Dydrogesterone Miconized …….10mg
4.	027354	Femoston Conti Tablets Each film coated tablet contains: Estradiol……1mg Dydrogesterone…….5mg

- Dydrogesterone is a research molecule of Abbott Laboratories.
- Dydrogesterone is manufactured using a unique technology in which normal steroid structure of Proketal is converted into retrosteroid i.e Retroketal under the influence of UV light. This Retroketal is then converted into Dydrogesterone. No chemical alternative exists to achieve the same conversion from steroid to retrosteroid ring system.
- Nowhere in the world, Dydrogesterone is manufactured as a generic whether be stringent regulatory authority or any other country. This is evident by extract from Martindale 39th edition. Despite mentioned in USP.
- All claimed data available by research companies of more than 649 published articles is conducted on Abbott's Dydrogesterone which established clinical safety/efficacy of the API.
- The registered specifications of Dydrogesterone is manufacturer's (Originator) Specs hence there is no change in specifications of Dydrogesterone for already approved registered specifications by the Registration Board.

M/s Abbott has also submitted statement from Abbott Healthcare B.V. The Netherlands regarding comparison of Abbott in-house Specifications vs USP Specifications stating that ***"specifications of Abbott (who is the innovator of the product) are more stringent than the USP Specifications. The method use by Abbott and the method described in the USP are equivalent. It is claimed that Abbotts Specification is superior to the specification as given in the USP monograph for Dydrogesterone."***

Table 1. Abbott in-house specification versus USP specification

Test	In-house Acceptance Criteria	USP Acceptance Criteria
Appearance	A Round, biconvex, scored white film-coated tablet, one side with inscription '155' on either side of the score.	-
Identification		
Infrared Spectroscopy	-	Corresponds to reference
Retention time (HPLC)	Positive	-
UV spectrum	Positive	-
Colour additive Titanium dioxide	Positive	-
Purity (HPLC)		-
Unspecified , each	≤0.2%	-
Sum of degradation products (HPLC)	≤1.0%	-
Content		
Dydrogesterone (HPLC,mg/tablet)	9.5-10.5	90-110% of label claim
Uniformity of dosage units	Complies with EP 2.9.40	Meet the requirement <905>
Average tablet weight (mg)	136.8-151.2	-
Dissolution	Q= 75% after 45 min	Q= 75% at 60 min

Microbiological quality TAMC(Total aerobic microbial count) TYMC(Total aerobic yeasts/moulds count) Escherichia coli	Complies with Ph.Eur. 5.1.4 (non-aqueous preparations for oral use) $<10^3$ CFU/g $<10^2$ CFU/g absent /g	-

Table 2. Abbott in-house specification versus USP specification

Test	Abbot in-house methods (=Innovator FPT method)	USP methods
Appearance	Visual	-
Identification		
Infared	IR	IR
Retention time (HPLC)	HPLC (same method as used for determination of the content)	-
UV spectrum	HPLC Diode array (same method as used for determination of the content)	-
Colour additive titanium dioxide	Color reaction	-
Purity (HPLC)	Same method as used for determination of the content	-
Unspecified , each		-
Sum of degradation products (HPLC)		-
Content Dydrogesterone (HPLC)	310nm C18 column 4.6mmx15cm; 3µm particles Column temperature 40°C Flow:1ml/min Water/acetonitrile (600:425) Injection of 20ul of 0.1mg/ml solution	280nm C18 column 4.6mmx15cm; 3µm particles Column temperature 40°C Flow:1ml/min Water/ethanol/acetonitrile (530:260:210) Injection of 20ul of 0.1mg/ml solution
Uniformity of dosage units[1)]	Complies with EP 2.9.40	Meet the requirement <905>
Average tablet weight (mg)	Weighing	-
Dissolution	0.3% SLS, 500ml 100rpm NLT 75% (=Q) dissolved in 45 min	0.3% SLS, 500ml 100rpm NLT 75% (=Q) dissolved in 60 min
Microbiological quality	Ph.Eur 2.6.12 Ph.Eur 2.6.13	-
TAMC(Total aerobic microbial count)		
TYMC(Total aerobic yeasts/moulds count)		
Escherichia coli		

1) EP 2.9.40 and USP <905> method for uniformity of dosage units are harmonized.

Decision of M-293:

Registration Board advised the firm to submit numeric ranges of analytical results instead of mentioning statements such as "meet the requirements" or "complies" for all pharmacopeial parameters to establish that their limits are more stringent to pharmacopeial limits.

The firm has now submitted following documents:

i. EP monograph (EP 2.9.40)
ii. EP monograph (EP 2.6.12)
iii. EP monograph (EP 2.6.13)
iv. USP monograph <905>
v. In-house testing methods with ranges and test records

vi. Certificate of Analysis of Dupahston 10mg Tablet
vii. Letter from Abbott Healthcare Products B.V. The Netherlands, for numeric values and pharmacopoeial references.

Table- 3

Test	In-house Acceptance Criteria Highnoon	Acceptance Criteria USP
Appearance	A Round, biconvex, scored white film coated tablet, one side inscribed with '155' and break mark.	-
Identification		
Retention time (HPLC)	Corresponds to reference	-
Infrared Spectroscopy	-	Corresponds to reference
Average tablet weight (mg)	144mg (139.7-148.3mg)	-
Weight Variation	18/20± 7.5% (133-155mg) 2/20± 15% (122-166mg)	-
Disintegration	Not more than 30minutes	-
Dissolution	Q= 75% after 45 min	Q= 75% after 60 min
Content Uniformity	85.00-115.00%	Meet the requirement <905>
Purity		
Sum of degradation products (HPLC)	Not more than 1.0%	-
Assay	95.00-105.00%	90-110%

- Both the in-house specification and the USP specification include a test on identification using a reference standard, applying HPLC or infrared spectroscopy, respectively.
- The in-house specifications has additional test parameters included:
  Appearance, average weight, weight variation, disintegration, purity.
- The acceptance criteria for dissolution and assay are more stringent for the in-house specification compared to the USP specification.

In support of their request the firm has further stated:

1. The Appellate Board passed the Order dated: 26-04-2019 whereby, it directed the Pharmaceutical Evaluation and Registration Division to ensure that all registered formulations of Dydrogesterone products must comply with the official pharmocopeial monograph i.e. USP. It is essential to understand the reason why the said Order was passed and on what basis it was passed. Firstly, the Order dated: 26-04-2019 was passed on the specific complaint filed by Abbott in respect of mislabeled and misbranded products claiming to contain Dydrogesterone. Secondly, the Order dated: 26-04-2019 was passed making our product, Duphaston, and the molecule Dydrogesterone, the criterion for safety and efficacy to judge other products. Thirdly, the evidence provided by Abbott was considered as the basis for safety and efficacy of all registered manufacturers of products containing, or claiming to contain, Dydrogesterone. Therefore, it follows from the above that the aforementioned Order dated: 26-04-2019 was passed on our Complaint, on the basis of our product and molecule as a benchmark for judging other products and in view of the evidence submitted by Abbott in relation thereto. Hence, the safety and efficacy of Abbott's product, Duphaston and its molecule, Dydrogesterone was impliedly upheld by the Appellate Board vide the Order dated: 26-04-2019.
2. It is obvious from the aforementioned that the purpose and spirit of the Order dated: 26-04-2019 is to ensure the safety and efficacy of all registered formulations of products containing, or claiming to contain, Dydrogesterone, which is why the Appellate Board has directed that the USP specifications be complied with. However, as explained to you in our previous correspondence, the in-house specification used by M/s Highnoon Laboratories Limited, who manufactures Duphaston for Abbott under a Contract Manufacturing Agreement, is more stringent than the USP specification and the methods used by Highnoon are equivalent to those described in the USP. It is submitted that the in-house specification is superior to the specification as given in the USP monograph. Therefore, as no question has been raised on

the safety and efficacy of Duphaston and the in-house specification used for its manufacture are more stringent, it is obvious and apparent that Abbott is in compliance with the spirit and purpose of the Appellate Board Order dated: 26-04-2019, which is to ensure the safety and efficacy of all registered products containing, or claiming to contain, Dydrogesterone.

3. In view of the foregoing, it is requested that the in-house stringent specifications and methods used by Abbott may be considered and approved as they are in compliance with the spirit and purpose of the Appellate Board Order dated: 26.04.2019.

Decision: **Registration Board acceded to the request of M/s Abbott Laboratories (Pakistan) Ltd., Opposite Radio Pakistan Transmission Centre, Hyderabad Road, Landhi, Karachi to continue with "Manufacturer's Specifications" of Duphaston Tablet 10mg (R#006654) for being more stringent than "USP Specifications". The Board also advised to mention complete specifications (as mentioned in Table-3 above) on approval letter.**

Case No.12. **Request of M/s Pfizer Pakistan Limited, Karachi for issuance of Innovator's specifications for Zoloft Tablet (Reg. No.)**

Registration Board in its 278th meeting approved Zoloft Tablet of M/s Pfizer Pakistan, Limited, B-2 SITE Karachi as per below mentioned details:

Name and address of manufacturer / Applicant	M/s Pfizer Pakistan Limited, Head Office: 12, Dockyard Road, West Wharf, Karachi. Plant site:B-2 SITE, Karachi
Brand Name +Dosage Form + Strength	ZOLOFT Tablets 100mg
Composition	Each film coated tablet contains: Sertraline as HCl…… 100mg
Diary No. Date of R& I & fee	Dy. No. 944, Dated 16/11/2015, Rs 20,000/= Dated 16/11/2015,
Pharmacological Group	Anti-Depressant (SSRI Inhibitor)
Type of Form	Form – 5
Finished product Specifications	USP
Pack size & Demanded Price	Pack Size: 3×30's/ Price: As per S.R.O
Approval status of product in Reference Regulatory Authorities	Lustral film coated tablets 100mg by M/s Pfizer, MHRA Approved.
Me-too status	Ertalin 100mg tablet by M/s Genome Pharmaceuticals (Reg # 076845)
GMP status	Last inspection report Dated 16/05/2016 confirms the maintenance of GMP in warehouse, manufacturing and packaging areas.
Remarks of the Evaluator	• The firm has claimed In House manufacturing specifications while the product is present in USP/BP. • Registration letter for the same product was issued to the firm on 27th December, 1997 for the same product. The firm has stated that the product could not be renewed in time and the registration became invalid. The firm has submitted the application for re-registration of the product.
Previous Decision	Deferred in 274th meeting for the submission of last inspection report conducted within the last one year.
Evaluation by PEC	• Panel inspection conducted on 30-10-2017 found an optimal level of compliance and unanimously recommended the renewal of DML. • However, it was advised that the firm must have separate facility for manufacturing of their only registered corticosteroid products.
Decision: Approved as per Innovator's specifications.	

In the light of decision taken by the Central Licensing & Registration Board in its 197th meeting held on 3rd - 4th May, 2006 (reproduced below) and subsequently decision taken by the Registration Board in its 267th meeting, Registration letter of "Zoloft Tablet" was issued with "**USP Specification**" as USP monograph is available for "**Sertraline Hydrochloride Tablet**".

Decision of M-197

"All the firms shall adopt the specifications mentioned in the official pharmacopeias for all the formulations except those drugs not included in the official pharmacopeias. For these drugs manufacturer may adopt their own specifications till the inclusion of that formulation in the official pharmacopeias. After this decision firms will not be allowed to adopt their own specifications for the drugs which are included in any of the official pharmacopeias, listed in the section 3 of Drugs Act, 1976"

M/s Pfizer Pakistan has now requested for issuance of corrigendum regarding finished product specifications stating that the product was approved in M-278 with "As per innovator's Specifications", however, the approval letter bears "USP Specifications". In this regard, the firm has also informed that all the parameters of shelf life and release specifications are same as USP Specification except one Pfizer release parameter i.e., **Assay** which is more stringent than USP. Following specifications comparison of Sertraline Hydrochloride Tablet has also been submitted by the firm:

Sr.No.	Test	USP Specification	Pfizer Specification (Shelf Life)	Pfizer Specification (Release)
1.	Identification	By HPLC	BY HPLC	BY HPLC
2.	Weight Variation	± 7.5% of its average weight	N/A	± 7.5% of its average weight
3.	Assay	**90.0%-110.0%**	**90.0%-110.0%**	**95.0%-105.0%**
4.	Dissolution Test	NLT 85%	NLT 85%	NLT 85%
5.	Content Uniformity	L1 NMT 15.0	N/A	L1 NMT 15.0

Decision: Registration Board deferred the case and advised the firm to submit complete comparison including all testing parameters mentioned in updated edition of USP.

Case No.12. Request of M/s GSK Pakistan Limited, Karachi for Regularization of Manufacturing Site Address.

M/s GSK Pakistan Limited, Karachi has applied for regularization of manufacturing sites of their already registered locally manufactured products stating that:

- The site address mentioned on initial registration certificate of the product was not specific to actual manufacturing site.
- Historically, the practice of mentioning specific manufacturing site address was not regular which time and again resulted in queries.
- The product practically cannot be manufactured at any other GSK site except West Wharf site since our manufacturing sites have specific sections for dosage forms.

In this regard, the firm has submitted the following information/ documents:

i. Fee of Rs.5000/- per product.
ii. Evidence confirming approval of relevant manufacturing facility/section (i.e., copy of section approval issued by Licensing Division/ Panel Inspection Report for renewal of DML)
iii. Copies of initial registration letters/certificates along-with post registration approvals (where available) confirming current manufacturing sites.
iv. Previous and current in-use cartons.
v. Copies of Form-5B submitted for renewal.

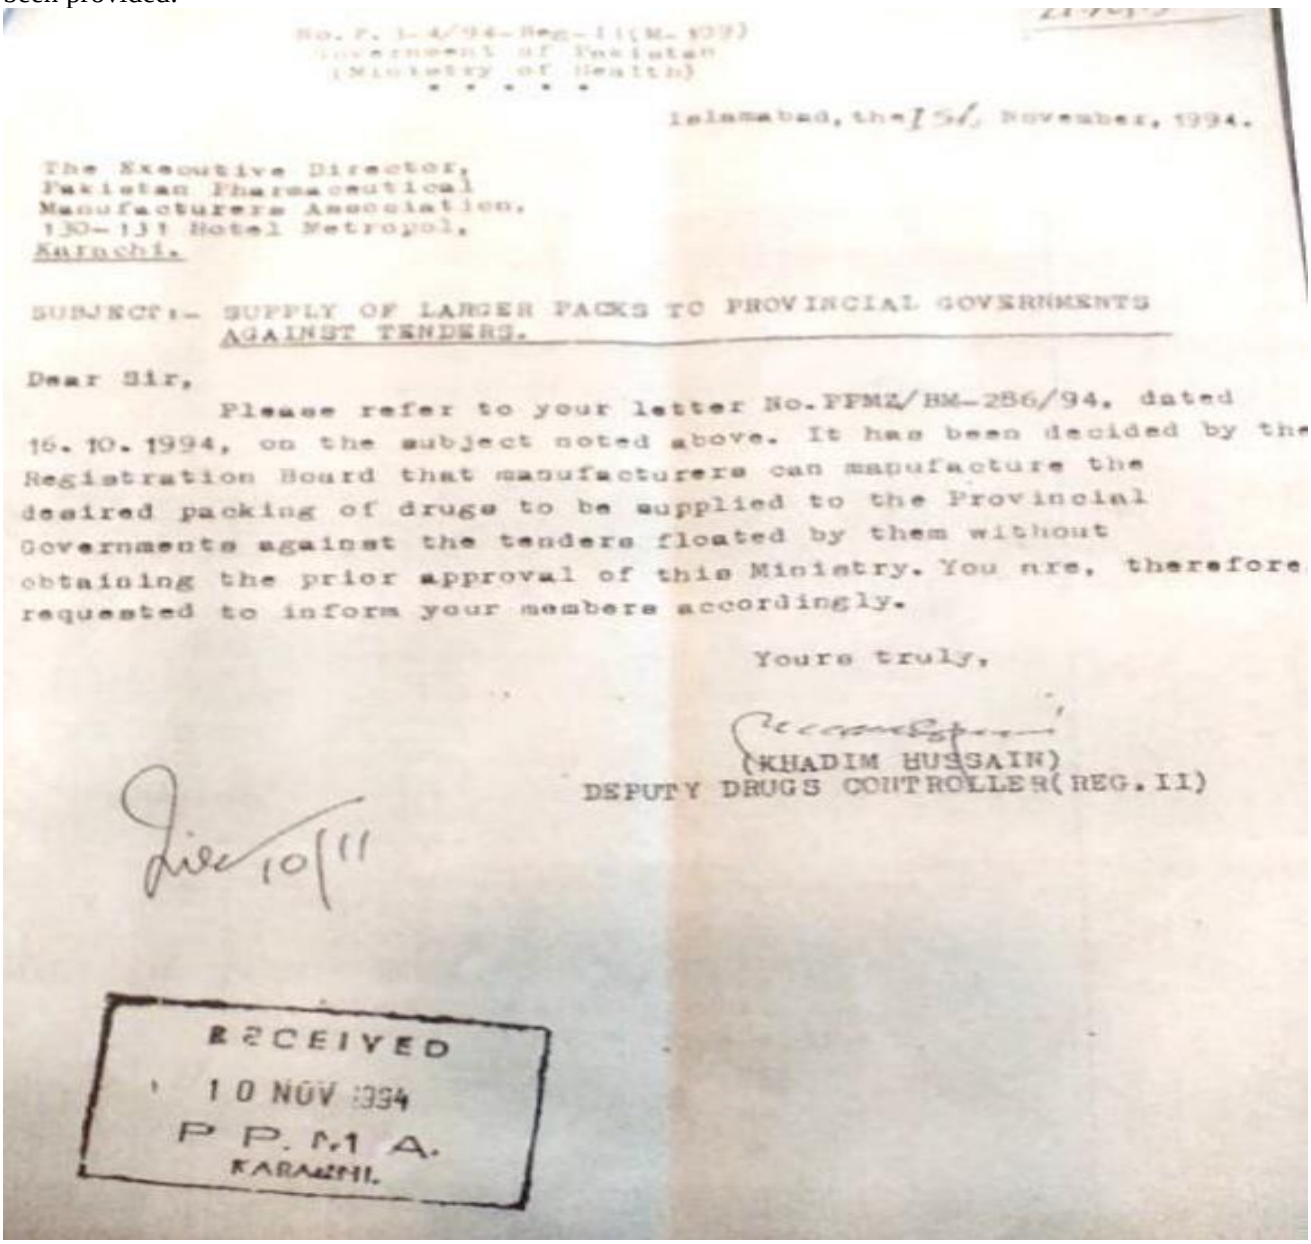
71	027802	Actifen Tablet 600mg Each tablet contains: Ibuprofen 600mg	05-09-2002 GlaxoWellcome Pakistan Ltd.F-268 S.I.T.E & West Wharf, Karachi.	15-Sep-03 GlaxoSmithKline Pakistan Limited,D/43, Textile Avenue, SITE, Karachi	Tablet (New) Section Approval dated No.F.2-11/97-Lic (M-156) dated 19-12-2000	Copy of Form-5B. Last renewal applied on 04-09-2018

Decision: Registration Board decided as under:

i. **Regularized M/s GSK Pakistan Ltd., 35-Dockyard Road West Wharf, Karachi (DML 000017) as manufacturing site address for products at S.No.1-22 & 24-31 of TABLE-I.**
ii. **Regularized M/s GSK Pakistan Ltd., F-268, S.I.T.E, Karachi (DML 000233) as manufacturing site address for products at S.No.1-15, 18-20, 22-29 & 31-71 of TABLE-II.**
iii. **Deferred the products at S.No. 23 of TABLE-I and S.No.16,17 & 30 of TABLE-II for confirmation of requisite manufacturing facility from Licensing Division, DRAP.**
iv. **Deferred the product at S.No. 21 of TABLE-II and advised the firm to submit evidence for approval of composition mentioned on unit carton.**

Case No.13. Clarification Regarding Former Approval/Permission Letters Issued by the then Ministry of Health

Director General Health Services, Punjab has requested to clarify whether a firm/ manufacturer can quote the product in larger packs to Provincial Governments against tenders. In this regard, a copy of following letter No. F.3-4/94-Reg-II (M-109) dated 01-11-1994 issued by the then Ministry of Health stating "Supply of Larger Packs to Provincial Governments against Tenders" has also been provided:



No. F. 3-4/94-Reg-II(M-109)
Government of Pakistan
(Ministry of Health)

Islamabad, the 1st November, 1994.

The Executive Director,
Pakistan Pharmaceutical
Manufacturers Association,
130-131 Hotel Metropol,
Karachi.

SUBJECT:- SUPPLY OF LARGER PACKS TO PROVINCIAL GOVERNMENTS AGAINST TENDERS.

Dear Sir,

Please refer to your letter No.PPMA/BM-286/94, dated 16.10.1994, on the subject noted above. It has been decided by the Registration Board that manufacturers can mapufacture the desired packing of drugs to be supplied to the Provincial Governments against the tenders floated by them without obtaining the prior approval of this Ministry. You are, therefore requested to inform your members accordingly.

Yours truly,

(KHADIM HUSSAIN)
DEPUTY DRUGS CONTROLLER(REG.II)

10/11

RECEIVED
10 NOV 1994
P.P.M.A.
KARACHI.

As the above referred letter dates back to almost 25 years. However, the case has been placed before the Board for deliberation regarding rationality/requirement of such permission in current situation. Furthermore, guidance is also requested regarding authenticity of all such former approvals/permissions which require confirmation from old record.

Decision of M-294:

Registration Board deferred the case for further deliberation.

Decision: **Registration Board deliberated the case keeping in view the existing practice regarding grant of additional pack size for which formal approval from Costing & Pricing Division is required and accordingly referred the case to DRAP's Authority with request to withdraw the above mentioned approval issued vide letter No. F.3-4/94-Reg-II (M-109) dated 01-11-1994. The Board further recommended to DRAP's Authority that provincial governments may be advised to confirm status of similar type of other letters issued by former Drugs Control Administration, Ministry of Health before their implementation to avoid any later confusion.**

Case No.14. Request of M/s Sayyed Pharmaceutical Industries (Pvt) Ltd, Hattar for Import of Controlled Drug Substances for Trial/Development and Stability Purposes.

M/s Sayyed Pharmaceutical Industries (Pvt) Ltd.,67/2, Phase 3, Industrial Estate, Hattar has requested for permission to import controlled drug substances for trial/development and stability Purposes as required in Form-5F. Details are given below:

1. Alprazolam

S.No.	Product Name	Quantity Required	Source
1	Alprazolam tablet 0.25mg	18.25gm	**Centaur Pharmaceuticals Pvt.Ltd. API Division Plot Nos.75,76 & 76/1,Chikhloli MIDC Ambernath (West) District:Thane-421501 Maharashtra (India)**
2	Alprazolam tablet 0.50mg	16.50gm	
3	Alprazolam tablet 1.00mg	33.00gm	
	Total	**67.75gm**	
4	Alprazolam working standard	600mg	
5	Alprazolam related compound A	30mg	
6	2-Amino-5-chlorobenzophenone	30mg	
7	Chlordiazepoxide related compound A	30mg	

The breakup of quantities for three strengths are as follows.

i. Alprazolam 0.25mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Alprazolam 0.25mg Tablet**	Alprazolam	**0.25**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3) Stability batches (3)	8.25	For chemical testing:5.0 Retention sample:5.0 Total:10.0	18.25

ii. Alprazolam 0.5mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Alprazolam 0.5mg Tablet**	Alprazolam	**0.5**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3) Stability batches (3)	16.50	--	16.50

iii. Alprazolam 1.0mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Alprazolam 1.0mg Tablet**	Alprazolam	**1.0**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch**	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g

				(10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial batches (3) Stability batches (3)	33.00	--	33.00

2. <u>Bromazepam</u>

S.No	Product Name	Quantity Required	Source
1	Bromazepam tablet 1.5 mg	59.5gm	**Centaur Pharmaceuticals Pvt.Ltd. API Division Plot Nos.75,76 & 76/1,Chikhloli MIDC Ambernath (West) District:Thane-421501 Maharashtra (India)**
2	Bromazepam tablet 3.0 mg	99.00gm	
3	Bromazepam tablet 6.0 mg	198.00gm	
	Total	**356.5gm**	
4	Bromazepam working standard	1000mg	
5	Bromazepam Impurity A	40mg	
6	Bromazepam Impurity B	40mg	
7	Bromazepam Impurity C	40mg	
8	Bromazepam Impurity D	40mg	
9	Bromazepam Impurity E	40mg	

The breakup of quantities for three strengths are as follows.

i. Bromazepam 1.5mg

S #	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Bromazepam 1.5mg Tablet**	Bromazepam	**1.5**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						<u>g</u>	<u>g</u>	<u>g</u>
					Trial batches (3) Stability batches (3)	49.50	For chemical testing:5.0 Retention sample:5.0 0 Total:10.0	59.50

ii. Bromazepam 3mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Bromazepam3mg Tablet**	Bromazepam	**3.00**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						<u>g</u>	<u>g</u>	<u>g</u>
					Trial batches (3) Stability batches	99.00	--	99.00

				Batch size for Pilot batch 2 (10,000 tablets)	(3)			

iii. Bromazepam 6mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Bromazepam6mg Tablet**	Bromazepam	**6.0**	**Batch size for trial batch** (1,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
				Batch size of Lab batch (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial batches (3) Stability batches (3)	198.00	--	198.00

3. Methylphenidate HCl

S.No	Product Name	Quantity Required	Source
1	Methylphenidate Hcl tablet 10 mg	340.00g	**Centaur Pharmaceuticals Pvt.Ltd. API Division Plot Nos.75,76 & 76/1,Chikhloli MIDC Ambernath (West) District:Thane-421501 Maharashtra (India)**
	Total	**340.00g**	
2	Methylphenidate Hcl working standard	600mg	
3	Methylphenidate Hcl Related compound A	30mg	
4	Phenyl acetic acid	30mg	
5	Erythro Isomer	20mg (10ml)	
6	Methyl Phenidate	30mg	
7	Ethyl Phenidate	30mg	
8	Bis Methyl Phenidate	30mg	

The breakup of quantities is as follows.

i. Methylphenidate HCl tablet 10mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Methylphenidate Hcl tablet 10 mg**	**Methylphenidate Hcl**	**10.0**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch**	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3)	330.00	For chemical testing:5.0 Retention	340.00

				(10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Stability batches (3)		sample:5.00 Total:10.0	

4. Clonazepam

S.No	Product Name	Quantity Required	Source
1	Clonazepam tablet 0.5 mg	26.5gm	**Centaur Pharmaceuticals Pvt.Ltd. API Division Plot Nos.75,76 & 76/1,Chikhloli MIDC Ambernath (West) District:Thane-421501 Maharashtra (India)**
2	Clonazepam tablet 2.0 mg	66.00gm	
	Total	**92.5gm**	
3	Clonazepam working standard	400mg	
4	Clonazepam Related compound A	20mg	
5	Clonazepam Related compound B	20mg	
6	Clonazepam Related compound C	20mg	

The breakup of quantities for two strengths are as follows.

i. Clonazepam 0.5mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Clonazepam 0.5mg Tablet**	Clonazepam	**0.5**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3) Stability batches (3)	16.50	For chemical testing:5.0 Retention sample:5.00 Total:10.0	26.50

ii. Clonazepam 2mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	**Clonazepam 2mg Tablet**	Clonazepam	**2.00**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3) Stability batches (3)	66.00	--	66.00

5. Zolpidem Tartrate

S.No	Product Name	Quantity Required	Source
1	Zolpidem tartrate tablet 10 mg	340.00gm	**AARTI DRUGS LIMITED E-22,MIDC,TARAPUR,TAL-PALGHAR,DIST-THANE 401506 MAHARASHTRA STATE,INDIA.**
	Total	**340.00gm**	
2	Zolpidem tartrate working standard	200mg	
3	Zolpidem Related compound A	15mg	

The breakup of quantities is as follows.

i. Zolpidem 10mg

S#	Product	API	Mg/Tab	No of Tab/batch	No of batches	Quantity of API Required		
1.	Zolpidem tartrate tablet 10 mg	Zolpidem tartrate	**10.0**	**Batch size for trial batch** (1,000 tablets) **Batch size of Lab batch** (10,000 tablets) **Batch size for Pilot batch 1** (10,000 tablets) **Batch size for Pilot batch 2** (10,000 tablets)	Trial + Stability	For formulation development	For QC testing and retention	Total
						g	g	g
					Trial batches (3) Stability batches (3)	330.00	For chemical testing:5.0 Retention sample:5.00 Total:10.0	340.00

Decision: **Registration Board decided to recommend allocation of controlled drug substances i.e., i) Alprazolam ii) Bromazepam iii) Methylphenidate iv) Clonazepam v) Zolpidem Tartarate along-with above mentioned Reference Standards for trial/stability batches of above mentioned products.**
The Board further advised the firm to maintain records of used substances and waste materials having above APIs and shall be destroyed after approval of Controlled Drug Division, DRAP.

Case No.15. Deferred Products of M/s Hicon Pharmacuticals, Peshawar

Registration Board in its 238th meeting deferred the following products of M/s Hicon, Pehsawar as per details given below (Column I-VI);

S. No.	Brand Name / Label Claim	Demanded Pack Size	Demanded Price	Date of Submission	Recommendations of Me-Too Committee	Remarks
I	**II**	**III**	**IV**	**V**	**VI**	**VII**

Case No.20. Request of M/s Pfizer Pakistan Limited, Karachi for De-Registration of Ponston Suspension (Mefenamic Acid) 60ml (Reg. No. 005539)

M/s Pfizer Pakistan Limited, Karchi has applied for de-registration of Ponston Suspension (Mefenamic Acid) 60ml (Reg. No. 005539) stating that the product manufactured by Pfizer in Karachi, Pakistan is in accordance with approved product specifications, arisk assessment was performed by Pfizer in the light of the updated International Council for Harmonization (ICH) Q3 guidelines. Based on Risk Assessment, Pfizer has consucted a global recall of Ponstan Suspension due to risk of exceeding ICH Q3D Permitted Daily Exposure levels for the elemental impurities lead and lithium caused by Aluminum Magnesium Silicate used in the formulation. This recall is only specific to Ponstan Suspension 500mg/5ml, and has no impact on other formulations of Ponstan. Subsequently, Pfizer has decided to withdraw license of Ponstan Suspension Worldwide.

S/N	Reg.No.	Brand name and composition	Alternate Brands/ Registration Holders submitted by the firm.	Date of Registration & Last Renewal Status

Case No.24. Withdrawal of Registration Application of "Fermax-Plus Injection (Ferric Carboxymaltose 50mg) of M/s Cirin Pharmaceuticals (Pvt) Ltd, Hattar.

M/s Cirin Pharmaceuticals (Pvt) Limited, 32/2A Phase III Industrial Estate Hattar, was granted approval for registration of "Fermax Plus Injection" in 269th meeting of Registration Board but approval letter couldn't be issued due to patent issue.

In terms of settlement/joint application filed and order dated 19-11-2019 (mentioned below) passed by the Intellectual Property Tribunal in Civil Suit 12/2018 Vifor (International) AG vs M/s Cirin Pharmaceuticals (Pvt) Limited, the firm has requested to withdraw their application for registration of Fermax Plus.

"After filing of the suit the defendant put up his appearance in the court and the case was fixed for inter see settlement between the parties. Today a joint application has been filed by the plaintiff and defendant, and as per application under order 23 rule 3 CPC in terms of the agreement settled between the parties, the suit in hand is partially decreed that the defendant will not infringe the registered patent No. 138733 of the plaintiff in any manner, while to the extent of damages the suit of the plaintiff is dismissed as not been pressed. The application filed by the parties will become the part of the decree sheet."

Decision: Registration Board acceded to the request of M/s Cirin Pharmaceuticals (Pvt) Ltd, (New Tiltle: ICI Pakistan Limited) 32/2A Phase III Industrial Estate Hattar, Haripur for withdrawal of registration application of "Fermax-Plus Injection (Ferric Carboxymaltose 50mg)" approved in 269th meeting of Registration Board.

Case No.01 Approval status of Diclofenac Potassium 75mg & 100mg in Reference Regulatory Authorities

The Registration Board in its 254th meeting deferred the following product of M/s Vision Pharmaceuticals, Islamabad for verification of their registration status in the reference agencies while considering the request of firm for change of registration of these products from their previous site Plot No.224, Street No.1, I-10/3, Islamabad to new site Plot No.22-23, Industrial Triangle, Kahuta Road, Islamabad:

S. No	Reg. No	Product Name
1	037574	Diclovis -K 75mg Tablets Each tablet contains:- Diclofenac potassium….75mg

The firm requested to re-considered these products for change of registration of these products from their previous site Plot No.224, Street No.1, I-10/3, Islamabad to new site Plot No.22-23, Industrial Triangle, Kahuta Road, Islamabad. They have ensured that "At time when show cause notices are issued to all other companies, same could be issued to us as well and we will accept this whole heartedly".

Registration Board in 258th meeting considered the request of M/s. Vision Pharma, Islamabad and decided as Diclofenac Potassium is not registered in any reference country in dose more than 50mg, thus Registration Board decided to issue show cause notices to manufacturers of Diclofenac Potassium (75 and 100mg) for de-registration of these products. Accordingly, show case notices were served to the firms having registration of Diclofenac Potassium (75mg & 100mg) Tablet. In response M/s. Quper Pharma, Sargodha, submitted petition No. 1695 of 2017 in the Islamabad High Court, Islamabad, against the decision of the Registration Board. The Islamabad High Court, Islamabad dismissed the application of M/s. Quper Pharma, Sargodha vide its orders dated 29-01-2020 being without merit.

Decision: Registration Board deliberated on the matter in details and decided to give an opportunity of personal hearing as per Drug Act, 1976 and Rules framed there under to all the firms who have registration of Diclofenac Potassium 75mg & 100mg in forthcoming meeting of Registration Board.

Case No.02: Allocation of Quota for Control Substances Ephedrine HCl for the year 2017 to M/s. Sharex Laboratories, Sadiqabad.

The case of M/s. Sharex Laboratories, Sadiqabad was considered in 275th and 286th meeting of Registration Board as per detailed below:-

Proceedings of 275th of Registration Board:

The instant case was presented based on the letter received from Assistant Director (CD) (Dated 21st Sep, 2017) wherein it has been stated that M/s Sharex Laboratories, sadiqabad applied for quota allocation of product ―Tracodil syrup (Reg. 003158). The case was presented before 43rd meeting of committee on allocation of controlled drug held on 26th July, 2017, the comittee deferred the case for issuance of show cause by DRAP for manufacturing of Tracodil syrup (Reg. 003158) 60ml, 400ml pack without approval. It was requested to verify the status of product registration of Tracodil syrup (Reg. 003158) 400ml pack size.

The approved pack sizes of product ―Tracodil Syrup‖ (Reg no. 003158) have been verified as per available record i.e 120ml, 450ml (National Formulary 1981) and 60ml (dated 27th October 1988).

Decision of 275th meeting of Registration Board:-

Registration decided to call M/s Sharex Laboratories, Sadiqabad for personal hearing and for deliberating above mentioned matter before the Registration Board.

Proceedings of 286th meeting of Registration Board:-

Mr. Muhammad Ishfaq, production pharmacist, appeared before Registration Board and apologized on behalf of the firm for applying quota of 400ml pack size of product ―Tracodil syrup (Reg.003158) without approval.

Decision of 286th meeting of Registration Board:-

Registration Board in its 286th meeting decided to refer the case to Legal Affair division for legal opinion.

Accordingly, the case was refer to Legal Affairs, Division and in response, Legal Affairs, Division has provided following opinion:-

i. That M/s. Sharex Laboratory applied for the quota allocation of product ―Tracodil Syrup‖ (Reg.No.003158).

ii. That the Committee on Allocation of Controlled Drugs held on 26.07.2017 deferred the case for issuance of show cause by DRAP for manufacturing of ―Tracodil Syrup‖ (Reg.No.003158) 60ml, 400ml pack without approval. It was requested to verify the status of product registration of ―Tracodil Syrup‖ (Reg.No.003158) and 60ml (dated 27th October, 1988).

iii. That the approved pack size of the product ―Tracodil Syrup‖ (Reg.No.003158) have been verified as per available record i.e 120ml, 450ml (National Formulary 1981) and 60ml (dated 27th October, 1988).

iv. That Mr. Muhammad Ishfaq production pharmacist, appeared in 286th meeting before Board and apologized on behalf of the firm for applying quota of 400ml pack size of product ―Tracodil Syrup‖ (Reg.No.003158) without approval.

v. That the Registration Board in 286th meeting referred the case to Legal Affairs, Division for legal opinion.

vi. Drug Regulatory Authority of Pakistan Act, 2012 in Schedule-II A(1) (a) (vii) prohibits export, import or manufacture and sale or sell of any therapeutic goods which is not registered or is not in accordance with conditions of registration as disclosed in the registration dossier and that has undergone pharmaceutical evaluation. Furthermore, Schedule-II(A)(c) prohibits to sell any therapeutic goods except under, and in accordance with the conditions of a license issued under this Act. In addition, Schedule-II A(a)(f) prohibit to supply an incorrect, imcomplete or misleading information when required to furnish any information under this Act or the rules.

vii. In this regard, DRAP Act, 2012 under section 27 read with schedule-III (6) provides penalty for violating the prohibitions mentioned above.

Decision of 289th meeting of Registration Board: -

In light of the opinion of Legal Affair's Division on the matter, Registration Board deliberated the case and decided to issue show cause notice to M/s Sharex Laboratories, Sadiqabad for violation of condition of drug registration, as follows:

- Cancellation of registration.
- Suspension of registration.
- Prosecution in Drug Court

Accordingly show cause notice has been served to M/s. Sharex Laboratories, Sadiqabad.

Decision: Registration Board deliberated on the matter in details and decided to give an opportunity of personal hearing as per Drug Act, 1976 and Rules framed there under to M/s. Sharex Laboratories, Sadiqabad in forthcoming meeting of Registration Board.

Case No.03 Registration of Drug(s) of M/s. Jawa Pharmaceuticals (Pvt.) Ltd; Lahore.

ii. **Deferred the products at Sr. No. 1-4, 9 &10 for evidence of approval status of formulation in the reference regulatory authorities.**

Case No.04 Registration of Drug(s) of M/s. Pharma Lord, Layyah.

Registration Board in its 237th meetings approved the following product of M/s. Pharma Lord, layyah, Lahore as per below mentioned details. In minutes of 237th meeting of Registration Board, there was typographic error where Ciprofloxacin 250mg Dry Powder Suspension was mentioned instead of Ciprofloxacin 125mg Dry Powder Suspension however Ciprofloxacin 250mg Dry Powder Suspension is already registered (076845) in the name of Pharma Lord.

Name of product.	Proposed correction	Demanded MRP/ Pack size	Date of Submission
Cpro 250mg Dry Powder Suspension Each 5ml contains:- Ciprofloxacin……250mg (anti-infectives, quinolones)	Cpro 125mg Dry Powder Suspension Each 5ml contains:- Ciprofloxacin……125mg (anti-infectives, quinolones)	60ml Rs.220.00	22.01.2013

Case was presented before Registration Board in 275th meeting and Registration Board deferred for further deliberation.

Supportive documents (copy of fee challan and receiving of application in R&I section etc) have been verified. Firm requested for granting registration of their applied product i.e. Cpro 125mg Dry Powder Suspension

Registration Board in its 277th noted the correction in minutes i.e. Cpro (ciprofloxacin) 125mg Dry Powder Suspension instead of Cpro (ciprofloxacin) 250mg Dry Powder Suspension. However, product deferred for deliberation in light of decision taken in 269th Registration Board meeting regarding manufacturing facility of diluent for reconstitution of ciprofloxacin suspension.

Now the firm has submitted fee of Rs.5000/- for correction of formulation in light of decision of Registration Board in its 290th meeting. The source of granules is M/s. Vision Pharmaceuticals, Islamabad.

Decision: Registration Board deferred the case for confirmation of applied strength from registration dossier.

Case No.05 M/s Ambrosia Pharmaceuticals, Islamabad.

M/s Ambrosia Pharmaceuticals, Islamabad have requested for correction in brand name, pack and MRP of their registered product with following details.

S. No.	Reg. No.	Existing Name of drug(s) with formulation	Demanded Corrections	Existing Pack & MRP	Demand pack & MRP	Decision of 9th PRVC
I	II	III	IV	V	VI	VII
1.	040815	Amrotose comples syrup Each 5ml contains: Iron (III) Hydroxide Polymaltose complex …..…50mg	Amrotose **Complex** Syrup Each 5ml contains: Iron (III) Hydroxide Polymaltose complex ……50mg	Rs.70/120ml	Rs.133/120ml	The Committee evaluated the case in the light of SOPs approved by the Registration Board. Chairman Registration Board, upon recommendation(s) of Committee decided to defer the request of M/s Ambrosia Pharmaceuticals, Islamabad for submission of copy of form-5 for verification of brand name and decided to advise the firm to apply in C & P Division for additional pack of 120ml.

Now the firm has submitted copy of Form-5 which shows that firm has applied with the brand name of **Polytose complex syrup**.

Remarks of the section:

The approved price for Iron (III) Hydroxide Polymaltose complex 50mg/5ml syrup is Rs.70/60ml. The demanded price i.e. Rs.133/120ml is not available in pricing minutes.

The firm has submitted following documents:

i. Copy of registration letter dated 13-07-2005
ii. Last Renewal applied: 10-07-2015
iii. NOC of CRF clearance valid till 31-12-2018

Decision of Chairman RB taken in 11th meeting of PRVC:-

The Committee evaluated the case in the light of SOPs approved by the Registration Board. Chairman Registration Board, upon recommendation(s) of Committee decided to approve the request of M/s Ambrosia Pharmaceuticals, Islamabad for issuance of corrigendum in brand name of above product while for correction of pack and MRP, the case is referred to Registration Board.

Decision of RB taken in its 284th meeting: Registration Board deferred the request of the firm for confirmation of demanded MRP and pack size from record.

Now the record has been checked and found that firm has demanded Rs.98.80 for 60ml pack.

Registration Board in its 286th meeting decided to refer the case to C & P Division.

Latterly it was discussed that firm's demanded MRP/Pack size is Rs.98.80/60ml as mentioned in 286th meeting. Firm has also submitted an undertaking regarding demanded MRP/Pack size. Accordingly, case is re-submitted for consideration of Registration Board.

Decision: Registration Board deferred the case for confirmation of demanded MRP and pack size from registration dossier.

Case No.06 Deferred product of M/s Nimrall Pharmceuticals, Rawat, Islamabad

Registration Board in its 234th meeting approved following product of M/s Nimrall Pharmceuticals, Rawat, Islamabad.

S.No.	Name and Composition of Product	Pack size	Demanded Price	Decision (M-234)
1.	Xinia Plus Injection Each ml contains:- Diclofenac Sodium……..25mg Lidocaine Hydrochloride…....20mg	3mlx5's Amps	As Per SRO	Approved

The firm later on pointed out that the above formulation was actually applied for **75mg of Diclofenac Sodium** with 20mg Lidocaine hydrochloride instead of above mentioned formulation wherein **Diclofenac Sodium is 25mg** with 20mg Lidocaine hydrochloride. The stance of firm has been found valid from the original file and the same formulation is registered in the name of M/s Bosch, (Aram), Global, (Articure) & English Pharma (D-Pain).

The firm has requested for grant of registration of above product.

Registration Board in its 254th meeting deferred the case for issuance of registration letter till confirmation of formulation status in the reference drug regulatory authorities.

The firm has informed that the product is available in Switzerland which is verified from following link.

https://www.swissmedicinfo.ch/

Decision: Registration Board deferred the case for confirmation of applied strength from registration dossier.

Case No.11 Registration of Drug of M/s. CCL Pharmaceuticals (Pvt.) Ltd; Lahore.

The Registration Board in its 227th meeting approved the following products of M/s. CCL Pharmaceuticals (Pvt.) Ltd; Lahore and registration letter was not issue due to Court case regarding patent rights by M/s. Amson Phamra, Islamabad:-

S. No.	Name of Drug(s)	Demanded Pack size	Demanded MRP	Decision of Board	Remarks
1.	Pulmonol D Syrup Each 5ml contains:- Dimemorfan phosphate ph.ext…12.5mg (Non-narcotic Antitussive)	60ml	As per SRO	Deferred for confirmation of International Availability	Approved in PMDA

The firm has stated the Additional District Judge, Islamabad and Islamabad High Court, Islamabad had dismissed the suit of the plaintiff firm i.e. M/s. Amson Vaccine & Pharma, Islamabad and requested to issue the registration letter. The firm has also submitted copy of judgement of Additional

District Judge, dated 15-05-2013 and copy of cause list of Islamabad High, Court dated 24-10-2013 regarding the dismissal of the case.

Firm has also submitted differential fee of Rs.12000/-.

Registration Board deferred the case in 293rd meeting due to confirmation of International availability.

Product is approved in PMDA and verified from following link.
http://www.pmda.go.jp/PmdaSearch/iyakuDetail/GeneralList/2229001

Decision: - Registration Board approved registration of above product in the name of M/s. CCL Pharmaceuticals, Lahore with change in brand name due to different formulations.

Case No.12 M/s. Vision Pharmaceuticals Islamabad.

M/s Vision Pharma Islamabad had been granted three additional sections, enlisted below, in its 247th CLB meeting:

i. Liquid Ampoule (General)
ii. Liquid vial (General)
iii. Dry Powder Injection (Steroids)

The firm had submitted various applications against above cited sections. Registration Board in its 260th meeting had considered 10 molecules Liquid Ampoule (General) section.

In 264th DRB meeting the firm submitted to surrender three products due to marketing reasons, which were approved in 260th registration board meeting but the registration letter is awaited, and requested to consider three products tabulated hereafter.

Sr.#	Products considered in 260th RB meeting	Alternate products requested by Firm for replacement
1	Tramax 50 mg injection Each ampoule (1ml) contains : Tramadol Hydrochloride ……. 50 mg	Tramax 100 mg injection Each 2ml ampoule contain: Tramadol Hydrochloride…100 mg Opioid analgesics Manufacturer's Specifications
2	Zytec 25 mg Injection Each ampoule (1 ml) contains: Ranitidine Hydrochloride equivalent to Ranitidine……25 mg (USP Specifications)	Zytec 50 mg Injection Each 2ml ampoule contains: Ranitidine hydrochloride eq. to Ranitidine….. 50mg Histamine H2 Receptor Antagonist (U.S.P. Specifications)
3	Pyritec 150mg Injection Each ampoule (1 ml) contains: Paracetamol USP …. 150 mg (Manufacturere's Specifications)	Pyritec 300 mg Injection Each 2ml ampoule contain: Paracetamol USP…. 300 mg Analgesic & Antipyretic (Manufacturer's Specifications)

Registration Board did not accede to firm's request for replacement of already approved products with other applications. Now the firm has submitted that we do not intend to seek approval of any new molecule rather we have requested for additional strengths of our already approved molecules as enlisted below:

I. Tramax 50 mg injection
Each ampoule (1 ml) contains:
Tramadol Hydrochloride ……. 50 mg

II. Zytec 25 mg Injection
Each ampoule (1 ml) contains:
Ranitidine Hydrochloride equivalent to Ranitidine……25 mg
(USP Specifications)

Details of additional strengths of above formulations, requested by firm are as follows:

Sr.#	Name and address of manufacturer / Applicant	Brand Name (Proprietary name + Dosage Form + Strength) Composition Pharmacological Group Finished product Specification	Type of Form Initial date, diary Fee including differential fee Demanded Price / Pack size	Remarks on the formulation (if any) including International status in stringent drug regulatory agencies / authorities Me-too status GMP status as depicted in latest inspection report (with date) by the Evaluator
1.	M/s Vision Pharma Plot 22-23 Industrial triangle, Kahuta road, Islamabad	Tramax 100 mg injection Each 2ml ampoule contain: Tramadol Hydrochloride … 100 mg Opioid analgesics	Form 5 17-10-2016 Dy No. 1670 Rs 20,000 17-10-2016 1*5's 1*10's As per SRO	MHRA-UK approved Symol Injection of M/s Indus Pharma Last inspection report 9-2-2016 Confirms GMP.
2.	M/s Vision Pharma Plot 22-23 Industrial triangle, Kahuta road, Islamabad	Zytec 50 mg Injection Each 2ml ampoule contains: Ranitidine hydrochloride eq. to ranitidine ….. 50 mg Histamine H2 Receptor Antagonist (U.S.P. Specifications)	Form 5 17-10-2016 Dy No. 1669 Rs 20,000 17-10-2016 1*5's 1*10's As per SRO	MHRA-UK approved Anine Injection of M/s Nexus Pharma Last inspection report 9-2-2016 Confirms compliance to GMP.

Registration Board in its 270th deferred for clarification regarding confirmation of date of submission of registration applications.

Now firm has submitted a letter regarding withdrawal of replacement letter and requested to issue registration letter of the product Tramax 50mg/ml Injection.

Decision: - Registration Board deferred for further deliberaton with complete case

Case No.13 Registration of Drug(s) M/s. Candid Pharmaceuticals, Lahore.

M/s. Candid Pharmaceuticals Opp. Eden Avenue Extension Airport Road, Lahore was granted the registration of following products:-

Old Reg. numbers issued			
S.No.	**Old Reg. No.**	**Name of Drug(s) & Composition**	**Remarks**
1.	028384	Ozone Injection Each vial contains:- Ceftriaxone Sodium eq. to Ceftriaxone …… 250mg	The firm was granted registration vide letter No.F.3-3/2002-Reg-II (M-171) dated 21-08-2002 but the contract manufacturing condition was not mentioned initial letter of registration. Brand name was changed to Efxone vide letter dated 05-10-2002. These products contract manufacturing permission was extended vide letter No.F.3-1/2008-Reg-II-South(M-212) dated 18-09-2008 till 30-06-2010.
2.	028385	Ozone Injection Each vial contains:- Ceftriaxone Sodium eq. to Ceftriaxone …… 500mg	
3.	028386	Ozone Injection Each vial contains:- Ceftriaxone Sodium eq. to Ceftriaxone …… 1gm	

New Reg. numbers issued in 275th meeting			
4.	087354	Efxone Injection 250mg IV Each vial contains: Ceftriaxone (as sodium)..…….250 mg (USP Specifications)	The firm was granted registration of these products vide letter No.F.8-11/2017-Reg-III(M-275) dated 29-12-2017 after the approval of Ceph. Injectable section by Licensing Division.
5.	087355	Efxone Injection 250mg IM Each vial contains: Ceftriaxone (as sodium)…….250 mg (USP Specifications)	
6.	087356	Efxone Injection 1gm IV Each vial contains: Ceftriaxone (as sodium)……1000mg (USP Specifications)	

Registration Board in its 275th meeting approved transfer of registration from contract manufacturing to their own facility but due to typographical error firm was granted registration of Ceftriaxone 250mg Injection (IM) (Reg.No.087355) instead of Ceftriaxone 500mg Injection (IV). The firm has requested to correct the strength/rout of administration from "Efxone (Ceftriaxone) 250mg Injection IM (Reg.No.087355) to "Efxone (Ceftriaxone) 500mg Injection IV (Reg.No.087355).

Firm has also provided copies of application receiving which shows that the firm had applied "Efxome (Ceftriaxone) 250mg & 500mg Injection IV.

Decision:- Registration Board deferred for confirmation of manufacturing status of the product.

Case No.14 Registration of Drug(s) M/s. Arreta Pharmaceuticals (Pvt.) Ltd; Plot No. 13, Street No. N-5, RCCI, Industrial Estate, Rawalpindi (Formerly M/s. Tayyab Laboratories, Islamabad)

Rs.300/20x 10's Rs.150/100's Rs.30/20's	Approved with change of brand name.	The firm has now requested to change the brand name to **Bydin**.

Registration Board in its 277th meeting approved the following product of M/s. Tayyab Laboratories, Islamabad. The details are given as under:-

3.	DOXIVA TABLET Each Tablet Contains Doxofylline ….. 400 mg (Manufacturing Specs) Antiasthmatic	As per SRO 100s	Rs.138/10's	Approved with innovator's specifications.	BN ok

Title of the firm has been changed from "M/s. Tayyab Pharmaceuticals (Pvt.) Ltd; Plot No. 13, Street No. N-5, RCCI, Industrial Estate, Rawalpindi" to M/s. Arreta Pharmaceuticals (Pvt.) Ltd; Rawalpindi. Furthermore, Registration Board in its 290th meeting endorsed the decision of DRAP Authority that "***In case of change of title of the firm, relevant fee will be applicable and case shall be processed at Division level, Director (PE&R) being the Chairman, Registration Board shall issue approval letter for change in registration status of products within 10 working days***". The Registration Board decided to follow the above decision of DRAP Authority.

Firm has submitted fee or Rs.20000/- for each product and Registration letters of above mentioned products have been issued on the new title of the firm i.e., M/s. Arreta Pharmaceuticals (Pvt.) Ltd; Rawalpindi.

Decision: - Registration Board noted the information.

Case No.15 Registration for the drug(s) of M/s. Allmed (Private) Limited. Lahore.

Registration Board in 237th meeting considered the products of M/s. Allmed (Private) Limited Lahore. as per detailed below:-

S.No	Name of the drugs with composition	Pack Size	Proposed Price	Date of Submission	Remarks
1.	Isoflo Oral Solution Each 100ml contains:- Isoflurane….100ml (Anesthesia)	100ml	As per SRO	10-11-2011 Fee.8000 11-10-2012 Fee.12000 Fast track fee submission Fee.40000	USFDA approved formulation is intended for inhalation route *Firm has clarified that applied formulation is as per reference product approved by USFDA with strength Isoflurane 99.9% Also corrected brand name as Isoflo Solution*
2.	Sevoflo Solution Each ml contains:- Sevoflurane ..250ml (anesthesia)	250ml	-do-	10-11-2011 Fee.8000 11-10-2012 Fee.12000 Fast track fee submission Fee.40000	USFDA approved formulation is intended for inhalation route *Firm has clarified that applied formulation is as per reference product approved by USFDA with strength sevoflurane 100%*

Firm has submitted following documents:-

i. Application for this purpose.
ii. Copy of GMP conducted on 12.11.2018 (panel recommends DML renewal)
iii. Evidence of section (inhalants) approval by CLB not provided by the firm

Registration Board in its 287th meeting decided to confirm manufacturing facility for above mentioned formulations from Licensing division.
Accordingly Licensing Division was requested to confirmed the manufacturing facility of the above said product. Licensing Division has forwarded a letter of concerned FID which states that;

> "The representative of the firm informed that they will be manufacturing these products in syrup section (General) (Already Approved). However, a vessel in syrup manufacturing section was dedicated for these anesthetic inhalants. A separate syrup filling machine was also installed in a separate room for filling of these inhalant anesthetics. The filling machine was covered to avoid the accumulation of fumes in the room. The room had HVAC facility with separate AHU for this area. For the purpose of testing of these solutions, the firm had purchased GC apparatus of Agilent company."

Decision: Registration Board rejected the application as firm does not have approved section for manufacturing of anesthetic inhalants.

Case No.16 Brand name approval for the product of M/s. Rotex Pharma, Islamabad.

M/s. Rotex Pharma, Islamabad, registration letter was not prepared due to MRP clarification/fixation by Costing & Pricing Division. The Costing & Pricing vide SRO 1608 has fixed the MRP. The firm has requested to grant them different brand name for Everolimus 10mg Tablet due to different indication as said strength, which is used in anticancer therapies while strengths of 0.25mg & 0.75mg, for which firm holds registration with brand name of certimus, are used as an immunosuppressant. Registration Board in its 282nd meeting while considering the case of M/s. Schazoo Pharmaceuticals, Lahore decided to grant different brand names to same molecule (Bimatoprost) bearing different therapeutic indications. Furthermore, in MHRA different brand names are registered for Everolimus of different strengths i.e Afinitor 2.5mg, 5mg & 10mg and Certican 0.25mg & 0.75mg. Details are given as under:-

Sr. No.	Drugs Composition	Demanded pack & Price	Approved MRP, Pack size	Decision	Remarks
1.	Primus 10mg tablet Each tablet contains: Everolimus……..10mg Mfg	10's, 30's, 50's, 60's, 90's, As per SRO	Rs.111947 Rs.55973 Rs.18657 Rs.93285 / 60's 30's 10's 5x10's	Registration Board approved registration of product in general manufacturing areas with condition that manufacturer shall provide safety and protective measures for workers and personnel which remain in direct contact or are involved in close handling of these drugs.	The firm has requested to change the brand name to **Evnor**.

Decision: Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:

a) **Issuance of same brand names to same formulations of different manufacturer/importer.**
b) **Issuance of diffeeferent brand names for different dosage forms of same formulation**
c) **Issuance of same brand names for different similar formulation**
d) **Issuance of different brand names for different dosage form/ strength and indications**
e) **Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.**

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No.17 Transfer of Registration from M/s. Obsons Pharma Lahore to M/s. Synchro Pharma Lahore.

Registration Board in its 246th Meeting canceled the registration of following products from M/s. Obson Pharma Lahore and registered in the name of M/s. Synchro Pharma Lahore for the following products and decision was taken as follows:-

S.No	Name of drugs with composition	Reg. No	Initial date of Registration and valid date

3.	Obflox Tablet Each tablet contains:- Levofloxacin Hemihydrate equivalent to Levoflocaxin …500mg	054157	19-02-2009 Valid until 18-02-2014
4.	Obflox Tablet Each tablet contains:- Levofloxacin Hemihydrate equivalent to Levoflocaxin ……. 250mg	030488	5-5-2003 Valid until 29-09-2015
5.	Obpra Capsule 40mg Each capsule contains:- Enteric coated pellets of Esomeprazole magnesium trihydrate eq. to Esomeprazole …… 40mg	054166	19-2-2009 Valid until 18-2-2009
6.	Vincam Capsule 20mg Each capsule contains:- Piroxicam …… 20mg	029834	6-3-2003 Valid until 5-3-2013
7.	Rubinol Tablet Each tablet contains:- Flurbiprofen …….. 100mg	025406	11-11-1999 Valid until 10-11-2014
8.	Azrocin Capsule Each capsule contains:- Azithromycin dehydrate ……. 250mg	025403	11-11-1999 Valid until 10-11-2014
9.	LevortizinTablet Each tablet contains:- Leocetirizine dihydrate …….. 5mg	054153	19-02-2009 Valid until 18-02-2014
10.	Obpra Capsule Each capsule contains:- Esomeprazole magnesium trihydrate enteric coated pellets equivalent to Esomeprazole ……. 20mg	054165	19-02-2009 Valid until 18-02-2014

Decision: Registration Board decided as follows:

i. Cancellation of above registrations from name of manufacturer (column II) except item at S.No.45 as it is case for change of contract manufacturer, which is deferred for processing in light of contract manufacturing policy.

ii. Grant of above registrations in name of manufacturer (column III). Chairman, Registration Board will permit issuance of registration letter after evaluation /completion of Form 5A as per check list approved by Registration Board, renewal status and comments of Cost & Pricing Division about MRP of the drug.

The CEO of M/s. Obson Pharma Lahore has now submitted an application and stated that they had issued an NOC in 2013 in favor of M/s Scynchro Pharma for transfer of products. Since their agreement has been cancelled during this period therefore they withdraw NOC issued in favor M/s. Scynchro Pharma Lahore. He has requested to stop proceeding in this regard.

Meanwhile, M/s Synchro Pharmaceuticals, Lahore has submitted an application and stated that after cancellation of registration M/s. Obsons Pharmaceuticals are still manufacturing the same product while we are waiting for the issuance of transfer letter till to date.

The case was discussed in 257th meeting of the board wherein board decided to summon representative of the both firms to explain their position. Accordingly letter for personal hearing have been issued.

In 258th meeting of registration, Mr.Abbas Butt GM and Shams Mehmood of M/s Synchro Pharma, Lahore and Mr. Naeem Shakeel of M/s Obsons Pharma, Lahore appeared before the Board and presented their point of view. Representative of M/s Obson admitted that he had given NOC to M/s. Synchro for transfer of registration previously but later on he has withdrawn NOC as he has settled his matter by other means. Both parties failed to present any written agreement regarding the matter

Registration Board noticed that NOC issued by M/s Obson Pharma, Lahore in respect of M/s Synchro Pharma, Lahore was accepted and approved in 246th meeting of the Board. It was purely an internal arrangement between the two parties through an agreement as to the status of assests and liabilities of the transfer. The terms and agreements may be looked into by the parties to resolve the issue. Thus, M/s Obson Pharma, Lahore is not authorized to submit application before the Board for cancellation of NOC at this moment. Therefore, Registration Board decided to process the case as per decision of 246th meeting.

In the meanwhile, M/s. Obson Pharmaceuticals, 209-S Quaid-e-Azam Industrial Estate, Kot Lakhpat, Lahore, filed writ petition in the Islamabad High Court, Islamabad, against Federation of Pakistan through Secretary M/o. NHRSR, Drug Regulatory Authority of Pakistan and M/s. Synchro Pharmaceuticals, 77 Quaid-e-Azam Industrial Estate Kot Lakhpat, Lahore and no further action was taken in the case as per decision of 258th meeting of Registration Board being sub-judice in the Honorable Court.

The Islamabad High Court, Islamabad decided on 22-02-2017 as "the instant petition is without merit and is, therefore, accordingly, dismissed.

M/s. Obson again submitted an intra court appeal and Islamabad High Court, Islamabad has decided as "Despite repeated calls, no one has appeared for or on behalf of the appellant. The case is reflected in the cause list. There is no application for adjournment, therefore, the instant Intra Court Appeal is dismissed for non-prosecution on 13-11-2019.

Decision: **Registration Board deferred the case for seeking opinion of Legal Affair Division, DRAP for further processing of case.**

Case No.18 **Transfer of Registration from M/s. Wnsfield, Hattar to M/s. Horizon Pharma Lahore.**

Regisration Board in its 287th meeting cancelled the registration of following 16 products from the name of M/s. WnsField Pharmaceuticals, Hattar and registered in the name of M/s. Horizon Healthcare (Pvt.) Ltd; Plot No. 33, Sundar Indusrial Estate, Lahore on contract manufacturing by M/s. WnsField Pharmaceuticals, Hattar.

AmoxcinTrihydrate 20% Injectable Each ml contains: - AmoxycillinTrihydrate equivalent to 200mg amoxycillin base M/s. Shayan Traders Rawalpindi./ Manufactured by M/s. AlfasanInt Holland.	022144

While processing of registration letters it has been observed that the same products are already found registered in the name of other importers (M/s. Alina Combine Pharmaceuticals (Pvt) Ltd, Karachi and M/s. Shayan Traders Rawalpindi). M/s. ChakwalPharma International, Lahore informed that their principle had already cancelled the agency agreement dated 06-03-2009 due to not reaching the agreed annual targets for several years and provided a copy of it.

The case was again discussed in 291st meeting the Registration Board decided to issue show cause to M/s. Alina Combine Pharmaceuticals (Pvt) Ltd, Karachi and M/s. Shayan Trader, Rawalpindi as to why the registration of the abovementioned products may not be cancelled because of termination of their distribution agreement.

Accordingly show cause notices issued to both firms;

M/s. Alina Combine Pharmaceuticals (Pvt) Ltd., Karachi Reply against show cause is as under:

(i) We strongly object to the cancellation of subject registrations since it is violation of their agreement with M/s. Alfasan, Netherlands. We never received notice of termination of ouragreement with M/s. Alfasan, Netherlands and reason behind this invalid termination.Prior to agreement with M/s. Alfasan, Netherlands, the products of this company are being counterfeited in Pakistan by their previous agent M/s. Lexicon Pharma. It was Alina Combine Pharmaceuticals (Pvt) Ltd, Karachi that exposed M/s. Lexicon Pharma and its illegal counterfeit business and underwent extensive legal and operational costs in initiating legal proceedings against M/s. Lexicon Pharma.

(ii) M/s. Alina Combine Pharmaceuticals (Pvt) Ltd, Karachispent hugeamounts of money in getting Alfasan Netherlands out of the grips of counterfeiters M/s. Lexicon Pharma which is included legal costs, market surveys, travelling costs and products registration and transfer costs. Furthermore, Alina Combine pharmaceuticals has over the regularly paid the required DRAP fees to maintain the products registrations valid in Pakistan, hence they are asked to right to market these products in Pakistan given the extensive costs borne by us the effort and hardships faced by us in securing the interest of M/s. Alfasan in Pakistan.

(iii) Considering the above believe that DRAP should secure the interest of its genuine importers/manufacturers who have over the years exposed the counterfeit and spurious manufacturers and helped international manufactures as a result. They gone the extra length and paid exorbitant amounts in legal costs and various other expenses without any compensation to date from M/s. Alfasan Netherlands.

(iv) In lieu of above, we again submit that strongly object to the notion of consideration of cancellation of their registered products and hope that Board will give justified consideration to their case and not cancel our valid registration.

For product at Sr.No.5, show cause notice issued to M/s. Shayan Traders Rawalpindi but letter was undelivered. As per record the product has been transfer from M/s. Shayan Traders Rawalpindi to M/s. Alina Combine Pharmaceuticals (Pvt) Ltd, Karachi vide letter No.F.2-2/2007-Reg-I (Vet) dated 16th April, 2007.

Decision:- Registration Board defer the case for provision of fresh sole agency agreement /authorization letter from the manufacturer abroad in the name of M/s. Alina Combine Pharmaceuticals (Pvt) Ltd., Karachi.

Case.No.09:- Request of M/s. Breeze Pharma (Pvt.) Ltd., Islamabad registration of drugs.

M/s. Breeze Pharma (Pvt.) Ltd., Islamabad has requested for registration of following veterinary products for local manufacture in their name and cancellation of same from the name of M/s. Redex Pharmaceutical Industries (Private) Limited, Karachi.

S. No.	Reg. No.	Name of Drug(s)/ Composition	Already Approved Pack Sizes	Initial Date of Registration/ Remarks
1.	025349	Devermazole-CS Oral Solution Each ml contains:- Albendazole B.P……...…100mg Cobalt Sulphate B.P……0.382% Selenium Sulphide B.P……0.150%	100ml 500ml 1000ml	09-05-2000
2.	025350	Bovicin-20 Oral Solution Each ml contains:- Enrofloxacin Hcl…….200mg	100ml 500ml 1000ml	09-05-2000

Keeping in view the termination of distribution agreement of M/s. SS Associates, Lahore by M/s. Medicavet, Turkey, Registration Board decided to issue show cause notice to M/s. SS Associates, S-77-R8/10 Ground Floor Back Side Nirala Sweet, MozangChungi Jail Road, Lahoreas to why the approval for registration of veterinary products may not be cancelled because of termination of their distribution agreement.

Accordingly show cause notice issued to M/s. SS Associates, Lahore on 30th December, 2019 and letter is undelivered and again letter to the firm another company address but letter is again undelivered.

Decision:- Registration Board decided to issue final reminder to M/s. SS Associates, Lahore. A copy of same will also be sent to concerned DRAP office for handing over to the firm.

Case.No.15:- M/s. D-Maarson Pharmaceuticals, Rawat, Rawalpindi.

Secretary Central Licensing Board has forwarded the case of M/s. D-MaarsonPharmaeucticals, Rawat Rawalpindi wherein it has been informed that while considering the case of renewal of Drug Manufacturing License of M/s D-Maarson Pharmaceuticals Plot No. 17, SS-2, RCCI Rawat, Rawalpindi in 259th meeting of the Central Licensing Board, held on 29-30, March 2018, the Board observed that the firm have registration for following veterinary products which contains penicillin but firm does not possess section for manufacturing of these products.

i. Lox-20 (Reg. No.063514)
ii. Claumox-28 Powder (Reg. No. 072682)
iii. Moxibac-C Powder (Reg. No. 062175)

The Board was also informed that in addition to the above mentioned products identified by Central Licensing Board, the following product containing penicillin is found registered in the name of M/s. D-Maarson Pharmaceuticals, Rawat, Rawalpindi.

i. Salinobak Water Soluble Powder (Reg.No.063822)

Registration Board in its 282nd meeting decided to issue show cause notice to M/s. D-Maarson Pharmaceuticals, Rawat, Rawalpindi for cancellation/suspension of registration of above mentioned products registered in the name of M/s. D-Maarson Pharmaceuticals, Rawat, Rawalpindi for not possessing the manufacturing facilities.

Show Cause Notice issued to the firm. In response the firm has requested for personal hearing. Accordingly personal hearing letter has been issued to the firm.

Mr. Daulat Khan, CEO of M/s. D-Maarson Pharmaceuticals, Rawat appeared before the Board and informed the Board that they had already suspended the manufacturing of their registered penicillin containing products. He further informed that they are in process of developing a separate veterinary

penicillin manufacturing section and in the meantime arrangements will be made for contract manufacturing of these products from M/s. Farm Aid Group, Hattar.

The case was again discussed in 286th meeting of Registration Board suspended the registration of below mentioned products registered in the name of M/s. D-Maarson Pharmaceuticals, Rawat for not possessing the penicillin manufacturing facility till the firm make necessary arrangements for contract manufacturing of these products.

Approval letter shall be issued after verification of new local storage facility site.**

Case No. 18:- **Show Cause Notices issued to the firms having registration of products containing Norfloxacin.**

Registration Board in its 249th meeting while rejecting applications of veterinary drugs containing Norfloxacin due to development of resistance in human the Board also decided to issue show cause notice to already registered products for cancellation. Accordingly show cause notices were issued to the firms having registrations of aforementioned drug formulations. A number of firms have responded with their point of view including request for personal hearings.

The salient points, of the responses received are summarized as under:-

i) The drug is considered vital to combat stubborn bacterial infections faced by the poultry section.
ii) No scientific approval information regarding Norfloxacin resistance in human.
iii) Extensive study needs to be carried out before making a decision on this issue.
iv) Under Section 7 (11) of Drugs Act, 1976, detail of the information or enquiry conducted, on the basis of which the decision was taken, may be communicated for response.
v) The drug has no significant residual effect on human body.
vi) A few firms also agreed to withdraw the products.
vii) A number of the firm requested for opportunity for personal hearing.

The Board in 262nd meeting referred the case to Dr. Qurban Ali for further evaluation and recommendations. Dr. Qurban Ali in 265th meeting informed the Board that the case is under study for developing policy recommendations. The Board accordingly deferred the case in 265th and subsequent meetings.

The case was again discussed in 278th meeting decided that Dr. Qurban Ali, Member Registration Board informed that he will submit report after reviewing all relevant references and literature.

The case was accordingly discussed in 5th meeting of Expert Working Group on Veterinary Drugs held on 27th December, 2018wherein it has been decided as follow;

"The Group observed that Ciprofloxacin has already been banned for veterinary use so two antibiotics of Quinolone group i.e. Enrofloxacin and Norfloxacin may continue to be permitted for having more choice for controlling infections in veterinary practices"

Registration Board in its 289th meeting deferred the case for further deliberation on the matter in light of status in reference regulatory authorities.

Decision:- **Registration Board advised to present case with approval status of formulation in reference regulatory authorities and for veterinary.**

Case No.19:- **Show Cause Notices issued to the firms having registration of products containing Phenylbutazone.**

Registration Board in its 260th meeting while rejecting applications of veterinary drugs containing Phenylbutazone as drug is not recommended for use in food producing animals the Board also decided to issue show cause notices to all registered veterinary drug formulation containing Phenylbutazone. Accordingly show cause notices were issued to the firms having registrations of aforementioned drug formulations. A number of firms have responded with their point of view including request for personal hearings.

The salient points, of the responses received are summarized as under:-

i) The drug is used in equines like horse, donkeys etc. which is not meant for human consumption, therefore there is no problem of residual effect
ii) Extensive study needs to carry out before making a decision on this issue.
iii) Under Section 7 (11) of Drugs Act, 1976, detail of the information or enquiry conducted, on the basis of which the decision was taken, may be communicated for response.
iv) A few firms also agreed to withdraw the products

The Board in 262nd meeting referred the case to Dr. Qurban Ali for further evaluation and recommendations. Dr. Qurban Ali in 265th meeting informed the Board that the case is under study for developing policy recommendations. The Board accordingly deferred the case in 265th and subsequent meetings.

The case was again discussed in 278th meeting decided that Dr. Qurban Ali, Member Registration Board informed that he will submit report after reviewing all relevant references and literature.

The case was accordingly discussed in 5th meeting of Expert Working Group on Veterinary Drugs held on 27th December, 2018wherein it has been decided as follow;

"The Group, after deliberation, observed that since the Phenylbutazone is primarily used in equine animals so its use should be restricted to these animals only. Moreover, prominent warning on label of drugs containing Phenylbutazone, restricting its use in nonfood producing animals, should also appear in conspicuous manner."

Registration Board in its 289th meeting deferred the case for further deliberation on the matter in light of status in reference regulatory authorities.

Decision:- Registration Board advised to present case with approval status of formulation in reference regulatory authorities and for veterinary.

Case No.20:- Show cause notices issued to firms having registration of products containing Amantadine in combination with other antibiotics/ antibacterial.

Registration Board in its 249th meeting decided to issue show cause notices for cancellation of all the drug formulations having Amantadine in combination with antibiotic/ antibacterials for veterinary use for having drug interaction and resistance problem. Accordingly show cause notices were issued to the firms having registrations of aforementioned drug formulations. A number of firms have responded with their point of view including request for personal hearings.

The case was placed before the Registration Board in its 257th meeting and the Board directed to place comments of all firms / stake holders before the Board in its next meeting. Accordingly, the responses of the firms were placed before the Board in 258th meeting. The salient points, of the responses received are summarized as under:-

i) Huge financial losses to the firms /distributor as heavy investment have been made in the products.
ii) No complaints/information regarding interaction of Amantadine with antibiotic/ antibacterial, is reported.
iii) These combinations play very important role for treatment of diseases like Bird flu, Influenza.
iv) Extensive study needs to be carried out before making a decision on this issue.
v) Under Section 7 (11) of Drugs Act, 1976, detail of the information or enquiry conducted, on the basis of which the decision was taken, may be communicated for response.
vi) A few firms also agreed to withdraw the products and requested for grant of registration of other products instead.
vii) A number of the firm requested for opportunity for personal hearing.
viii) Pakistan Poultry Association has claimed that Amantadine based products are effective and safe for veterinary practices, that they have not received any complaint. The Association has requested for withdraw of the decision.
ix) Pakistan Veterinary Pharmaceutical Association has claimed that Amantadine based products are effective and safe for veterinary practices and they have received no complaint regarding such products. The Association has requested for withdrawal the decision.

Registration Board deferred the case in its 258th meeting due to paucity of time and took it again in 259th meeting. The following decision was taken.

Registration Board referred the matter to Dr. Muhammad Arshad, Member Registration Board, for giving his detail views (approval status of products by reference regulatory authorities, pharmacological and pharmaceutical compatibility etc) on the matter after consultation with other concerned experts in veterinary field.

Since no response was received from Dr. Muhammad Arshad so the Registration Board in its 262nd meeting decided to refer the matter to Dr. Qurban Ali, Director General, National Veterinary Laboratory, Islamabad/ Member Registration Board for expert views.

The Board in 262nd meeting referred the case to Dr. Qurban Ali for further evaluation and recommendations. Dr. Qurban Ali in 265th meeting informed the Board that the case is under study for developing policy recommendations.

The case was again discussed in 278th meeting decided that Dr. Qurban Ali, Member Registration Board informed that he will submit report after reviewing all relevant references and literature.

The case was accordingly discussed in 5th meeting of Expert Working Group on Veterinary Drugs held on 27th December, 2018 wherein it has been decided as follow;

"The group deliberated the matter in depth and in absence of any recognized scientific rational, regarding simultaneous use of antibiotic with antiviral drugs, all such combination are recommended to be withdrawn."

Registration Board in its 289th meeting deferred the case for further deliberation on the matter in light of status in reference regulatory authorities.

Decision:- Registration Board advised to present case with approval status of formulation in reference regulatory authorities and for veterinary.

Case No. 21:- Registration of Drugs under the Drugs Act, 1976-Inspection of Manufacturer Abroad.

Registration Board in 252nd meeting approved the following product of M/s. Ghazi Brothers, Karachi as per decision mentioned alongside;

S.No.	Name of Importer/Manufacturer	Product Name/Composition	Pack Size/shelf life	Decision/ Remarks
1	M/s. Ghazi Brothers, Karachi-75350 / **Product License Holder:-** M/s. Agrovet Market S.A., San Luis, Lima, Peru. **Manufacturer Under Product License Holder:-** M/s. Pharmadix Corp. S.A.C. Urbanizacion La Aurora-Ate Lima 3-Peru	Metri-CEF 3 Intrauterine Suspension Each 30ml contains:- Cephalexin monohydrate (Base)……600mg Neomycin sulfate (Base)……..1.02gm Cloxacillinbenzathine…1.50gm Vitamin A…30.000 IU	Decontrolled 30ml Pre-filled syringe 03 years	Approved

Inspection of manufacturer abroad was carried out by nominated panel, in accordance with the decision of Registration Board, on 03rd and 04th April, 2017. The panel was comprised of Dr. Amanullah Khan (Director-DTL, Quetta) and Ch. ZeeshanNazir (DD-QA, DRAP).

The nominated panel rated the "oral suspension" facility as good while "not recommended" the injection manufacturing facility of the said firm and the same was presented before Registration Board in its 287th meeting wherein the injection products were rejected by the Board in the light of recommendation of the inspection panel.

However, while processing for the issuance of registration letter of product "Metri-Cef intrauterine injection suspension" it has been observed that the said dosage form is pre-filled syringe (intrauterine injection) while the facility inspected was "oral suspension" which seems to be because of misunderstanding of the dosage form.

The case was discussed in 293rd meeting of Registration Board deferred the case for confirmation that whether the manufacturing of the said product is carried out aseptically or otherwise.

Firm has submitted that their product is intrauterine suspension and it is manufactured in non-sterile suspension area which is different from the aseptic section as Metri-Cef 3 is not intended to be injected parentally and this section is already inspected and approved by inspection panel. For further understanding manufacturing process is elaborated below:

(i) **Mixing of the Suspension Base:** In the stainless-steel reactor, Vaseline and peanut oil are heated to 100^{o}C for 15 minutes to dehydrate the mix, then passed through the sieve and later cool down.

(ii) **Addition of the API and Excipients:** then Cephalexin monohydrate, cloxacillinbenzathine, neomycin sulphate, vitamin A, aluminummonoesterate and chlorbutanol are mixed until these get the homogenized.

(iii) **Filling:** filling is performed with an adequate machine or through the gravity dispenser. Manufacturing process is also attached for your quick reference.

Decision:- **Registration Board rejected the application for registration of** Metri-CEF 3 **Intrauterine Suspension as panel in its report recommended oral liquid syrup/suspension section only for grant of registration and not recommended injection manufacturing facility of M/s. Pharmadix Corp. S.A.C. Urbanizacion La Aurora-Ate Lima 3-Peru and thus manufacturer does not have manufacturing facility for applied product.**

Case No. 22:- **Request of M/s. Evergreen Pharmaceuticals, Lahore for Grant o Additional Pack Size(s)for their already Registered Veterinary Drug.**

M/s. Evergreen Pharmaceuticals, Lahorehas applied for grant of additional pack of their followingregistered veterinary drug as per details mentioned against each:-

S. No.	Regn. No.	Name of Drug(s)/Composition	Already Pack Size Granted	Demanded Additional Pack	Initial registration with renewal	Diary No. /Justification

M/s. Vet Line International, Lahore has deposited fee of Rs.5,000 x 3 = Rs.15,000/- and submitted required supporting documents including;

(i) Copy of initial registration letter. Renewal not due.
(ii) Copy of Drug Sale License.
(iii) Original legalized CoPP shows demanded pack size.

Decision:- Registration Board approved M/s. Vet Line International, Lahore request for grant of additional pack sizes of "300g, 1Kg&3Kg" to their registered veterinary product Pyanosid Powder (Reg.No.093226) on same terms and conditions.

Case No.26:- **Request for Change the Salt Form of "OxytetracyclineDihydrate" to "Oxytetracycline Hydrochloride" in Composition of Registered Veterinary Products of M/s. Nawan Laboratories (Pvt) Ltd, Karachi.**

M/s. Nawan Laboratories (Pvt) Ltd, Karachi has requested for change of composition of their following registered drug as per detail mentioned against each:-

S. No.	Regn. No.	Product Granted Composition	Demanded Composition
I	II	III	IV
1.	021303	Nawacin-100 Injection Each 100ml contains:- OxytetracyclineDihydrate equivalent to 10gm Oxytetracycline base.	Nawacin-100 Injection Each 100ml contains:- Oxytetracycline (as Hydrochloride)……10gm
2.	020800	Nawacin L.A. Injection Each 100ml contains:- OxytetracyclineDihydrate equivalent to 20gm Oxytetracycline base.	Nawacin L.A. Injection Each 100ml contains:- Oxytetracycline (as Hydrochloride)…….20gm
3.	023417	Nawacin-50 Injection Each 100ml contains:- OxytetracyclineDihydrate equivalent to 5gm Oxytetracycline base.	Nawacin-50 Injection Each 100ml contains:- Oxytetracycline (as Hydrochloride)…….5gm
4.	081321	Nimtol Injection Each ml contains:- Oxytetracycline as dehydrate…….300mg Flunixin as Meglumine..20mg	Nimtol Injection Each ml contains:- Oxytetracycline(as Hydrochloride) ……300mg Flunixin as Meglumine…..20mg

The firm has deposited fee of Rs.5,000 x 4 = Rs.20,000/- and submitted following supporting documents:-

(i) Copies of initial registration letters.
(ii) Copy of renewal status.
(iii) Copy of Drug Manufacturing License.
(iv) Copy of CRF.
(v) Locally and internationally available brands with composition of "Oxytetracycline Hydrochloride".
(vi) Summary of product characteristics.
(vii) Undertaking.

The firm submitted the following reason for change of composition of above stated products:-

They are producing injectable form of veterinary drug therefore in the base of freely solubility in water, so therefore they are going to change the ***"Salt Form"*** of OxytetracyclineDihydrate to Oxytetracycline Hydrochloride in composition of their already registered above mentioned veterinary drugs.

They are clarify that the change of Salt Form in composition will not affect in fill volume of their already registered packs sizes i.e. 30ml,50ml & 100ml vial.

Remarks of Evaluator:
Submitted fee is 5000/- but salt form is changed.

Decision:- **Registration Board advised to present case with approval status of salts in reference regulatory authorities and generic status as well.**

Case No.27:- **Request of M/s. Tec-Man Internationl, Rawalpindi for change of local address for their already registered veterinary drugs.**

M/s. Tec-Man Internationl, Rawalpindi has requested for change of local address for their following registered imported products as per following details:-

Case. No.06: CORRECTION OF BRAND NAME IN REGISTRATION LETTER – FROM "PEYONA SOLUTION FOR INFUSION" TO "PEYONA SOLUTION FOR INFUSION & ORAL SOLUTION" (REG. NO. 079619).

The subject case was presented in 293rd meeting of Registration Board as under: -

M/s Chiesi Pharmaceuticals (Pvt) Ltd, 60/1A, XX, Phase-III, Commercial Zone, Khayaban-e-Iqbal, DHA, Lahore has stated that their product Peyona solution for infusion (Reg. No.079619) granted on 26th November, 2015 (M-243).

Submitted COPP (issued by EMA) by the firm the product name mentioned as "Peyona Solution for infusion and oral solution". In minutes of meeting 243rd held on 8th & 9th May, 2014 mentioned product name as "Peyona Solution for Infusion."

Now the firm has requested with a fee of Rs.5000/- that there was a typographic error in issued letter i.e. "Peyona Solution for Infusion" is mentioned while it is "Peyona Solution for Infusion and Oral solution" as per COPP. The firm has now submitted following supporting documents to rectify the typographic mistake as proposed.

Requirements as per SOP	Firms Response
Corrigendum for Correction in Registration Letter.	
a) Application with required fee as per relevant SRO, if error is on part of firm.	a) Fee of Rs.5,000/-.
b) Copy of registration letter and last renewal status.	b) Copy of initial registration letter with renewal trail.
c) Document in support of proposed correction.	c) Original & legalized COPP (issued by EMA) and Form-5A (previously submitted).
d) Undertaking that the provided information/ documents are true/ correct.	d) Not provided.

Decision of 29th PRVC Meeting: The Committee has advised to take up the case in upcoming Registration Board meeting along with the Original legalized COPP.
Fresh Proceedings

The original legalized COPP mentions the following Brand name:

"Peyona *Solution for Infusion & Oral Solution"*

Decision of M-293:
Deferred for submission of undertaking as per SOP approved in 283rd Registration Board Meeting.

Fresh Proceedings:

The firm has submitted undertaking as required

Decision: Registration Board approve the complete name of product (Reg. No.079619) as "Peyona Solution for Infusion & Oral Solution".

b. Copy of registration letter with post registration variation trial.
c. Copy of valid Drug Sale License (No.1051).

Decision: **Registration Board referred the case to Biological Division being biological drug.**

Case.No.11: REQUEST OF M/S CHIESI PHARMACEUTICALS (PVT) LTD, LHORE FOR DE-REGISTRATION/ CANCELLATION OF REGISTERED PRODUCT.

M/s Chiesi Pharmaceuticals (Pvt) Ltd, Lahore has submitted request for de-registration/cancellation of following registered imported products as per details mentioned alongside.

S. No	Product(s) Name	Reason for De-Reg (stated by firm)	Alternative registered product
1.	Atimos Pressurized Inhalation Solution. Each 100ml actuation contains: - Formoterol Fumarate 12mcg Reg. No. 045717	Its registration is being withdrawn because of its manufacturing in the country of origin i.e. Parma, Italy, has been dismantled as this product is of no more interest in the country of origin.	No alternate brand available as mentioned by firm
2.	Budiair Inhaler. Each 100ml actuation contains/delivers: - Budesonide……200mcg Reg. No. 053877	-do-	Brand Name. Budeform Ms Highnoon Laboratories Limited, Lahore

The firm has provided the following supporting documents:-

a. Copy of registration letter with last renewal status.
b. Justification (for de-registration/cancellation of registration).
c. An undertaking that no case is pending at any forum/court of law.

Decision: Registration Board referred the case for views of DRAP's availability committee.

Case.No.12: Request of M/s. Amgomed, Islamabad for Registration of Drug.

The case was presented in 287th meeting of Registration Board held on 3rd & 4th January, 2019 as under:-

Registration Board in its 262nd meeting approved the following products of M/s. Amgomed, Islamabad for import from Korea as per details mentioned alongside;

S.No	Name of importer / manufacturer	Name & Composition of Drug(s)	Demanded Pack size & Price	Decision of Board
1.	M/s Amgomed, Islamabad. **Manufacturer:** M/s Dong Kook Pharmaceutical Co. Ltd. 33-19, yongso 2-gil, Gwanghyewon-myeon, Jincheon-gun, Chungcheongbuk-do, Republic of Korea.	Diluent for Lorelin depot 3.75 mg Each ampoule (2ml) contains: D-Mannitol..100mg Sodium Carboxymethylcellulose…10mg Polysorbate 80……2mg Water for Injection…..q.s.	Free of Cost.	Approved
2.	M/s Amgomed, Islamabad. **Manufacturer:** M/s Dong Kook Pharmaceutical Co. Ltd. 33-19, yongso 2-gil, Gwanghyewon-myeon, Jincheon-gun, Chungcheongbuk-do, Republic of Korea.	Lorelin depot 3.75 mg Injection Leuprolide acetate 3.75mg Injection	As per SRO	Approved

While issuance of registration letter it has been observed the above mentioned product "Lorelin Depot 3.75mg injection" has already been granted registration in favor of M/s. Medisure Pharma International, Karachi from the same source having registration number ***027357***.

Accordingly M/s. Amgomed, Islamabad was informed about the above stated position. The firm informed that the principle has already cancelled/terminated the sole agency agreement from the name of

M/s. Medisure Pharma International, Karachi in 2013 (provided copy of that cancellation letter dated 16-03-2013) for the reasons that M/s. Medisure Pharma International, Karachi *has never imported a single vial since the time of registration i.e 2002* and *violation of conditions of agreement*.

It is pertinent to mention that the inspection of the above mentioned manufacturer has been carried out dated 21st -22nd June, 2018 by nominated panel comprised of Mr.Malik Irshad Hussain (Member Policy Board), Mr.Sayyad Hussain (Deputy Director, DRAP).

Decision of 287th meeing:-

Registration Board decided to issue show cause notice to the firm M/s. Medisure Pharma International, Karachi as to why not the registration of product *Lorelin depot 3.75 mg Injection* may not be cancelled because of the termination of their sole agency agreement by M/s. Dong Kook Pharmaceutical Co. Ltd, Korea, as reported by M/s. Amgomed, Islamabad.

Fresh Proceedings:

In the light of Registration Board decision a Show Cause Notice has been served to the firm on 21st June, 2019 but no reply has been received. Furthermore, a reminder (No.F.1-40/2007-Reg-I-Pt) through registered post has been issued on on 26th August, 2019 to the firm (C-145, K.D.A. Scheme No.1 Off Karsaz Road, Karachi) with advised to submit reply within seven days after issuance of this letter, the same has been received back with failed delivery status. Afterwards, on 18th September 2019 the reminder letter handed over to firm's representative (Mr. Atta) & till the date no reply from M/s Medisure Pharma Internatinal, Karachi has been reiceved.

Decision of M-292:

Registration Board advised to issue final showcase notice to M/s Medisure Pharma International Karachi and in case of no reply, case will be considered by Registration Board.

Fresh Proceedings:

M/s Medisure Pharma International has submitted their reply as under: -

M/s Medisure Pharma International is a respectable commercial pharmaceutical organization committed to provide best quality products registered and accredited from all concerned departments of Government of Pakistan.

M/s Medisure Pharma International is fully honored and respects the land of laws, to fulfil the Pakistan regulations and fully comply with the Drug Laws. Accordingly, a per mandate and requirements of Drugs Act, 1976 and Drugs (Licensing, Registration & Advertising) Rules, 1976, the Medisure Pharma International entirety is to follow the regulations.

The aforesaid product is currently registered with M/s Medisure Pharma International and has a valid registration number. Subsequent to registration, we are regularly maintaining its registration and last renewal was filed in DRAP in June 2017.

We are not aware about the letter of cancellation of sole agency agreement whit M/s Dong Kook Pharmaceutical Co., Ltd, 33-19, Yongso 2-gil, Gwnghewon-myeon, Jincheon-gun, Chungcheongbuk –do, Republic of Korea and even not have been officially informed regarding termination of sole agency agreement from M/s Dong Kook Pharmaceutical Co., Ltd.

We are also wondering that how DRAP pharmaceutical evaluation cell accepted and included the case in Drug Registration Board (M-287) meeting without taking consideration of No Objection Certificate (NOC) from existing Marketing Authorization Holder which is the basic requirement of DRAP Post Registration Variation SOP of Marketing Authorization transfer from one importer to another importer.

Decision: **Registration Board advised to M/s Medisure Pharma International to submit fresh Sole Agency Agreement/Authorization Letter in their name from Product License holder for above mentioned products.**

Case.No.13: CORRECTION IN LOCAL STORAGE FACILITY ADDRESS OF M/S GHAZALI BROTHERS KARACHI.

The Registration Board in its 270th meeting approved the following product of M/s Ghazali Brothers, 1st floor Azzainab Court, Campbell Street, Karachi as per decision mentioned below: -

- Copy of registration letter at their name with post registration variation.

Decision of 293rd: Registration Board deferred the case for submission of rule position under the provisions of Drug Act, 1976 and DRAP Act 2012.

Fresh Proceedings: -

The firm has submitted their reply as per following points: -

Shortage of product.

We have learned of numerous product shortage complaints from the market, leading institutions, and M&P (Fresenius Kabi Pakistan distributor) as Fresenius Kabi has not yet been able to import a fresh consignment manufactured on their label.

COVID-19 Emergency.

Fresofol (propofol 1%) is a short acting intravenous general anesthetic agent that is therapeutically indicated for:

- Induction and maintenance of general anesthesia and
- Sedation of ventilated patients receiving intensive care.

Various scientific literatures have been attached for your reference.

Furthermore, we are enclosing herewith DGHS KPK tender enquiry list highlighting procurement of propofol (serial # 29) as a required item for COVID-19 stage 2 emergency escalation. Other provinces & key institutional demands are expected in coming weeks

Given the current nationwide epidemic it will only be prudent to have stocks already arrived at Lahore airport cleared and in the market available for ICU usage.

Storage charges.

The consignment is at Lahore airport since November 2019and with further prolonged storage under warming weather conditions we would not want to risk quality of the product to be negatively impacted.

Furthermore, there are immense storage charges already accumulated and further compounding on daily basis

Humble request.

We therefore request your kind consideration:

1. For urgent DRAP approval of our one time import request for the consignments especially Fresofol, which will be critically required under imminent emergency circumstances.
2. Along with the above referred approval for DRAP formal advice to Gerry's cargo shed operations at Lahore airport for waiver of storage charges under present situation on humanitarian grounds.

Decision: Registration Board referred case to Legal Affair Division for their opinion on firm's request.

Case.No.16: **REQUEST OF ZAM ZAM CORPORATION, KARACHI FOR DE-REGISTRATION/ CANCELLATION OF REGISTERED PRODUCT.**

M/s Roche Pakistan Limited, 1st Floor, 37-B, Block-6, PECHS, Karachi has applied for change of manufacturing site & marketing authorization holder of their following already registered product as per details given below: -

S. No	Reg. No.	Name & Composition (as per initial letter) (issued on 27-11-2011)	Existing approved Site Manufacturing Site (as per approval letter) (18-01-2018)	New Proposed Site / Manufacturer (as per COPP)
1.	027375	Xeloda Tablet Each tablet contains:- Capecitabine…500mg	**Manufacturer:** M/s. Shanghai Roche Pharmaceuticals Ltd., 1100 Long Dong Avenue, Pudong New Area, Shanghai 201203, China. **Product License Holder:** M/s. Roche Registration Limited, 6 Falcon Way, Shire Park, Welwyn Garden City AL7 1TW, United Kingdom. **Exporting Site:** M/s. F.Hoffmann-La Roche Ltd., Grenzacherstrasse 124, CH 4070 Basel, Switzerland.	**Product License Holder:-** Roche Registration Gmbh, Emil-Barell-Strasse 1, 79639 Grenzach-Wyhlen, Germany. **Manufacturer:** Excella GmbH & Co. KG Nuernberger Str. 12 90537 Feucht Germany.

The firm has submitted documents as per following details: -

a) Fee of Rs.100,000/-.
b) Application on Form-5F
c) Copy of initial registration letter & Post Registration renewal trail.
d) Original & legalized COPP (Issued by EMA).
e) Sole Agency Agreement between F.Hoffmann La-Roche and MAH.
f) Proof / evidence of the contract between product license holder and manufacturer.
g) Undertaking.

Decision: **Registration Board approved the change of Product License Holder & Manufacturing site of following product subject to policy for imported finished drug registration. Other terms and conditions will remain the same.**

Reg. No.	Name & Composition	Previously approved Manufacturing Site, PLH & Exporting Site	New Approved Product License Holder & Manufacturing Site
027375	Xeloda Tablet Each tablet contains:- Capecitabine…500mg	**Manufacturer:** M/s. Shanghai Roche Pharmaceuticals Ltd., 1100 Long Dong Avenue, Pudong New Area, Shanghai 201203, China. **Product License Holder:** M/s. Roche Registration Limited, 6 Falcon Way, Shire Park, Welwyn Garden City AL7 1TW, United Kingdom. **Exporting Site:** M/s. F.Hoffmann-La Roche Ltd., Grenzacherstrasse 124, CH 4070 Basel, Switzerland.	**Product License Holder:-** Roche Registration Gmbh, Emil-Barell-Strasse 1, 79639 Grenzach-Wyhlen, Germany. **Manufacturer:** Excella GmbH & Co. KG Nuernberger Str. 12 90537 Feucht Germany.

Case.No.25: REQUEST OF M/S MEDINET PHARMACEUTICALS, RAWALPINDI FOR REGISTRATION OF DRUGS.

Registration Board in its 223rd meeting approved the following products of M/s Medinet Pharmaceuticals, Rawalpindi as per details given below:-

M/s. Medinet Pharmaceuticals Rawalpindi / M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina. **Manufactured by** M/s. Laboratorios IMA SAIC, Palpa Argentina	Anastrozol Coated Tablets Each Tablet contains; Anastrozole….1mg (Anticancer)	Pack of 28 tablets	2 year	Approved
M/s. Medinet Pharmaceuticals Rawalpindi / M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina. **Manufactured by** M/s. Laboratorios IMA SAIC, Palpa Argentina	Letrozol Tablets 2.5mg Each tablet contains; Letrozol….2.5mg (Anticancer)	28's Tablet	2 year	Approved

There is a typographic error by the respective evaluator in composition and the manufacturer of the above two products. The correct composition and manufacturer as per COPP is as follows:

As per M-223rd		**As per COPP**	
M/s. Medinet Pharmaceuticals Rawalpindi / M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina. **Manufactured by** M/s. Laboratorios IMA SAIC, Palpa Argentina	Anastrozol Coated Tablets Each Tablet contains; - Anastrozole….1mg (Anticancer)	M/s. Medinet Pharmaceuticals Rawalpindi / **Manufacturer & Product License Holder** M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina	Anastrozol Varifarma Coated Tablets Each Film Coated Tablet contains; - Anastrozole….1mg (Anticancer)
M/s. Medinet Pharmaceuticals Rawalpindi / M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina. **Manufactured by** M/s. Laboratorios IMA SAIC, Palpa Argentina	Letrozol Tablets 2.5mg Each tablet contains; - Letrozol….2.5mg (Anticancer)	M/s. Medinet Pharmaceuticals Rawalpindi / **Manufacturer & Product License Holder** M/s. Laboratorio Varifarma S.A Ernesto De Las Carreras Buenos Aires, Argentina	Letrozol Varifarma Tablets 2.5mg Each Film Coated Tablet contains; - Letrozol….2.5mg (Anticancer)

The case was again discussed for the change of manufacturer in 258th meeting held on 25-04-2016 for M/s Medinet's other products, wherein they informed that they are not interested in the import of above two products.

Initially firm has deposited a Fee of Rs.15000/- (deposit slip Nos 21&22) for each product on 25th July, 2009 and firm deposited additional / remaining fee Rs.85,000/- (deposit slip Nos 0547530 & 0547531) for each product

Now the firm has submitted request for the grant of registration of above products.

Decision: Registration Board approved the above products subject to policy for imported finished drug registration.

ii. Copy of registration letter dated 07-04-2017
iii. Proposed shelf-life, justification & data of long-term stability testing (as per conditions of zone IV-A)
iv. Original Legalized CoPP (No. 04/19/132175) dated 18-06-2019 issued by EMA showing 2-year shelf life of Blister packs and 3 years of Bottle pack Tykerb Tabler 250mg.
v. Undertaking that:
   - No change to the primary packaging type in direct contact with the FPP and to the recommended conditions of storage.
   - No change in formulation and specification either of finished product, API and excipients etc.
   - In case both the above conditions are involved then manufacturer will submit complete requisite information as per procedure.
   - provided information is true and correct

Decision: Registration Board approved has acceded to the request for the increase in the shelf life of Tykerb Tablet 250mg from 24 months to 36 months. Other terms and conditions will remain the same.

Case No: 29 M/s Sanofi-Aventis Pakistan request for Exemption of Labeling Text of Imported Product under registration namely: Aubagio 14mg Tablet (Teriflunomide)

M/s Sanofi-aventis Pakistan requested that Aubagio is indicated for a rare disease called Multiple Sclerosis and required to be imported in a limited quantity. Therefore, it is not possible for manufacturer to follow the Packaging and labeling rules of every country at the time of export plus production, packaging, quality controls of these sterile and temperature sensitive products require specialized methods and techniques of handling under highly controlled environment.

Keeping in view the above scenario we, sanofi-aventis Pakistan limited, would like to request for the exemption of **Urdu Text, Registration number and MRP on packs of above mentioned product and would request you to allow us to import the said product in Standard Export Packs**. We assure you that we will print the Urdu Text, Registration number and Maximum Retail Price (MRP) on each pack under cold chain process at our registered premises of sanofi-aventis Pakistan limited, Plot No. 23, Sector 22, Korangi Industrial Area, Karachi before releasing the goods into the market and also undertake the same.

In light of the above, this is to kindly request you to grant us exemption from labeling text (Urdu Text, MRP and Registration Number) for Aubagio **at the time of importation** into Pakistan.

Firm submitted processing fee Rs. 5000/-

Decision: Registration Board acceded to the request for import of already registered above product (Aubagio 14mg Tablet) in Standard Export Packs. The Board advised the firm to locally print MRP and Registration Number along with Urdu Text before sale of drug at their Licensed Premises (DML No.000007) to comply requirement as per Drugs (Labelling & Packing) Rules, 1986. This permission shall be valid for one (01) year only after issuance of registration letter. The firm shall submit the future plan regarding the import of Drugs (Labelling & Packing) Rules, 1986 compliant packs.

Case No: 30 M/s Sanofi-Aventis Pakistan requested for Extension in exemption from labeling text on - Fludara 50mg (Reg. no. 088890) Powder for solution for Injection/Infusion

M/s Sanofi-aventis Pakistan requested that **Fludara** is indicated for the treatment of B-cell chronic lymphocytic leukaemia (CLL) in adult patients with sufficient bone marrow reserves and low-grade Non-Hodgkin's Lymphoma. Since Fludara is a highly specialized **Life Saving Medicine** and **critically needed essential drug** provided to institutes therefore, it is our social responsibility to make it available for patients in need.

Fludara is being manufactured and primarily packaged in large volume at the source point in Germany, then it is supplied to United Kingdom for Secondary Packaging from where supplies are made to various countries as per their needs.

SALES RECORD:

The sales record of Fludara is mentioned below since the transfer of its registration in name of sanofi-aventis Pakistan limited:

Product name	No of unit packs imported			No of unit packs sold		
Fludara	2018	2019	2020	2018	2019	Jan - Feb 2020
	-	**60**	-	-	**37**	**21**

***2 Packs used for QI sampling**

Fludara is purely used by the Government and Private institutes. Below is the list of institutions where Fludara Injection is being supplied;

S. #	Institutes	City
1	Armed Forces Bone Marrow Transplant Centre	Rawalpindi
2	Pakistan Institute of Medical Sciences	Islamabad
3	Hayatabad Medical Complex	Peshawar
4	IRNUM	Peshawar
5	MINAR	Multan
6	Shaukat Khanum Memorial Lahore	Lahore
7	Hameed Latif Hospital	Lahore
8	NIBD	Karachi
9	CENAR Quetta	Quetta

In light of the above, we would like to request the competent authority for extension in labeling exemption of the said product. We wish to continue the import of Fludara in Standard Export Packs and **locally print the Registration Number, Maximum Retail Price and Urdu Text on the packs once imported**.

Firm submitted processing fee Rs. 5000/-

Decision: Registration Board acceded to the request for import of already registered above product (Fludara 50mg Powder for solution for Injection/Infusion (Reg. no. 088890) in Standard Export Packs. The Board advised the firm to locally print MRP and Registration Number along with Urdu Text before sale of drug at their Licensed Premises (DML No.000007) to comply requirement as per Drugs (Labelling & Packing) Rules, 1986. This permission shall be valid for one (01) year only. The firm shall submit the future plan regarding the import of Drugs (Labelling & Packing) Rules, 1986 compliant packs.

Case. No.31 REQUEST FOR ISSUANCE OF PANEL INSPECTION REPORT OF FOREIGN MANUFACTURING FACILITY.

M/s Genix Pharma (Pvt) Ltd, Karachi has submitted request for copy of panel inspection report of Refent (Remifentanil Hydrochloride) Injection 1mg and Sufent (Sufentanil Citrate) Injection 50mcg manufactured by Yichang Humanwell Pharmaceutical Co., Ltd., No. 19 of Dallan road, Yichange Developing Zone, Hubei Province, China.

The firm has submitted a fee of Rs.5000/- for approval of their request.

Decision of 41st PRVC: The firm's request was refer to Registration Board.

Decision: Registration Board acceded and approved the firm's request.

Case No.01: Cases Referred by Post Registration Variation Committee. (38-PRVC.)

i. Similarity of Brand Name of Drug(s) of M/s. Ambrosia Pharmaceuticals, Rawat
(Page No.198 - 207/C)

The application of M/s. Ambrosia Pharmaceuticals, Rawat-Islamabad was considered in 25th meeting of PRVC (PR-I Section); wherein M/s. Karachi Chemicals Industries (Pvt.) Ltd, Karachi was advised to change the brand name of their product "Mukast [Montelukast (as sodium) 10mg tablet] (Reg.No.055831) vide letter No.F.25-PRVC/2019 (PR-I) dated 22nd March, 2019 subsequently followed by a reminder dated 13th January, 2020.

In pursuance of this authority's advices M/s Karachi Chemicals Industries (Pvt.) Ltd, Karachi is reluctant to change the brand name of their product and has requested to advise (Page No.242-273/C) M/s Ambrosia Pharmaceuticals, Rawat-Islamabad to the brand name of their product Mukast [Montelukast (as sodium) 10mg tablet] (Reg.No.056572).

Remarks:

Dates of registration letters were issued to the both firms for the same formulations are as under;

a. M/s. Ambrosia Pharmaceuticals, Rawat-Islamabad. 04th April, 2009.
b. M/s Karachi Chemicals Industries (Pvt.) Ltd, Karachi. 27th April, 2009.

Decision of 38-PRVC:

The Committee referred the case to Registration Board.

Decision: Registration Board decided to issue show-cause notice to M/s Karachi Chemicals Industries (Pvt.) Ltd, Karachi for the change of Brand Name of "Mukast [Montelukast (as sodium) 10mg tablet] (Reg.No.055831).

ii. M/s Ferozsons Laboratories Ltd, Nowshera (Page No.274 – 284 /C).

M/s Gilead Sciences Ireland UC through Meer & Hasan (Attorneys at Law), 306, Al-Faisal Plaza, 48-The Mall, Lahore-54000, Pakistan as Special Attorney; wherein the firm has complained that their following product being imported by M/s Ferozsons Laboratories Limited, Nowshera has close resemblance with the product of M/s Sami Pharmaceuticals (Pvt.) Ltd, Karachi.

Sr. No.	Name of Drug with Composition	Reg. No.	Date of Initial Registration	Name of Firm
1.	Truvada Tablets Each tablet contains: Emticitabine…….200mg Tenofovir Disoproxil Fumarate 300mg eq.to 245mg of Tenofovir Disoproxil	072544	20-Dec-12 (M-231)	**Importer:** M/s Ferozsons Laboratories Ltd, P.O.Ferozsons, Amangarh, Nowshera. **Manufacturer:** M/s Nycomed GmbH Plant Oranienburg Lehnitzstrasse 70-98, 16515 Oranienburg, Germany.
2.	Truva 10mg Tablets Each tablet contains: Atorvastatin Calcium Trihydrate eq.to Atorvastatin……..….10mg	036351	31-Dec-04 (M-188)	**Manufacturer:** M/s Sami Pharmaceuticals (Pvt.) Ltd, Karachi.

The firm i.e. M/s Gilead Sciences Ireland UC through Meer & Hasan (Attorneys at Law) has requested that M/s Sami Pharmaceuticals (Pvt.) Ltd, Karachi may be directed to change the brand name of their already registered drug as their product is being marketed in 123 countries around the world for over fifteen (15) years to treat and prevent HIV/AIDS with the trademark TRUVADA.

Remarks:

The product Truva of M/s Sami Pharmaceuticals (Pvt.) Ltd, Karachi has been registered 08 years earlier than the applicant's product with the different formulation.

Decision of 38-PRVC:

The Committee referred the case to Registration Board.

Decision: Registration Board advised to seek legal opinion from Legal Affairs Division.

ii. M/s Pfizer Pakistan Limited, Karachi (Page No. 503 – 676/C).

The application of M/s Pfizer Pakistan Limited, B-2, S.I.T.E., Karachi for the change of Name/Title of Manufacturers abroad of their following registered imported products (Bulk) **from Pharmacia NV/SA to Pfizer Manufacturing Belgium NV**; Rijksweg 12, 2870 Puurs, Belgium (site remains the same) and local repacking at M/s Pfizer Pakistan Ltd, B-2, SITE, Karachi was discussed in **37th meeting of PRVC** and the Committee deferred the same.

Sr. No.	Reg. No.	Name of Drug(s) with composition	Date of Initial Reg. & Renewal Status
1.	000604	Solucortef Injection 100mg/2ml (IM/IV) Each 2ml contains: Hydrocortisone Sodium Succinate.....100mg	Renewal confirmed in 279th meeting of Reg. Board
2.	000603	Solucortef Injection 250mg/2ml (IM/IV) Each 2ml contains: Hydrocortisone Sodium Succinate.……250mg	
3.	008253	Solucortef Injection 500mg/4ml (IM/IV) Each 4ml contains: Hydrocortisone Sodium Succinate….....500mg	
4.	005806	Solu Medrol Injection 1000mg (IM/IV) Each vial contains: Methylprednisolone eq.to (as Methylprednisolone sodium succinate)……..1000mg	One Reg.No. granted for both strengths

6.	000599	Solu Medrol Injection 125mg/2ml (IM/IV) Each 2ml contains: Methylprednisolone eq.to (as Methylprednisolone sodium succinate)……..125mg	Renewal submitted within time
7.	000598	Solu Medrol Injection 40mg/ml (IM/IV) Each ml contains: Methylprednisolone eq.to (as Methylprednisolone sodium succinate)……..40mg	
8.	000606	Depo Medrol Injection 40mg/ml (IM/IV) Each ml contains: Methylprednisolone Acetate…….40mg	

The firm has submitted the following documents;

i. Application (14-Feb-14) for proposed change with fee Rs.100,000/- (Duplicate).
ii. Confirmation of change of title/name of Manufacturer Only (site remains same).
iii. Copies of CoPPs.
iv. Undertaking.

37-PRVC Decision:

The Committee deferred the request of firm for provision of evidence regarding change of Name/Title of the firm only (manufacturing site will remain same) from concerned Authority and original & legalized CoPP for the change of name only.

Updated Submission (Page No.286–313/C.): *Dy.No.3081 (R&I) dated: 28-Feb-20.*

Now, the firm has submitted the original/legalized CoPP for manufacturer of the above mentioned products; wherein the title of the manufacturer is written as **"Pfizer Manufacturing Belgium NV"**. However, manufacturing site is same i.e. Rijksweg 12, 2870 PUURS, Belgium.

Remarks: The Title/Name of manufacturer of products (imported in bulk and locally repacked) was changed on 17th October, 2005 and the firm submitted their application for the change of title of manufacturer on 11th February, 2014 (copies attached)

Decision of 39th meeting of PRVC:

The Committee referred the case to Registration Board.

Decision: Registration Board acceded to request of firm for change of title of manufacturer (abroad) from Pharmacia NV/SA to Pfizer Manufacturing Belgium NV; Rijksweg 12, 2870 Puurs, Belgium (site remains the same). Furthermore the Board also directed to allot separate registration number for product mentioned at Sr. No. 5 being different strengths.

iii. M/s. Pharmatec Pakistan (Pvt.) Ltd; Karachi. (Page No. 1496 – 1593/C)

Sr.#	Documents Required (as per SOP M-283)	Information Provided
1.	Application with required fee as per relevant SRO.	Date of applications 10-April-2020; Rs.5,000/- for each product.
2.	Copy of registration letter and last renewal status	Reg. No. 019762 (dated 07-08-1996) Last renewal dated 27.05.2015 (Rs.10,000/-) Reg. No. 017570 (dated 27-06-1995) Last renewal dated 27.05.2015 (Rs.10,000/-)
3.	Justification of proposed change including data on the suitability of the container-closure system (e.g. extractable/ leachable testing (where applicable), permeation testing, light transmission) demonstrating equivalent or superior protection compared to the current packaging system. For changes to functional packaging related to container closure (e.g. MDIs etc.), data to demonstrate the functioning of the new packaging	Data regarding suitability of proposed packaging material is provided from supplier i.e. Novatex Ltd. Following tests are performed: a) Leachable/extractable test as prescribed by FDA b) heavy metals determination
4.	If the container closure system of applied formulation is different from that of the reference product,	**Accelerated studies** (Temp 40◦C±2◦C/ RH 75%±5%)

	manufacturer will place first three lab scale batches or developmental scale batches as set by Registration Board in 276th meeting, at 3 months of accelerated and 3months of real time studies for compatibility of applied formulation with container closure system as directed by Pharmacopeia of Reference Regulatory Authorities. Registration Board shall be informed immediately and along with market withdrawal in case of any significant change about result of stability studies	Interval: 0,3,6 months **Long term studies** (Temp 30◦C±2◦C /RH 65%±5%) **Interval**: 0,3,6 months **Reltus DM liquid** **Testing parameters**: description, ph, assay (dextromethorphan, pseudoephedrine, chlorphineramine maleate, microbiological tests (total aerobic count, yeast and mold count, gas forming organism. Batch No: 0383, 0267, 0381 Type of container: Amber PET bottle with plastic cap **Reltus cough expectorant** **Testing parameters**: description, ph, assay (ammonium chloride, phenylephrine, chlorphineramine maleate, microbiological tests (total aerobic count, yeast and mold count, gas forming organism. Batch No: J67BH, J67B1,189PE Type of container: Amber PET bottle with plastic cap **Batch size:** 6000 bottles **Sample size**: 15 bottles for real time studies, 5 bottles for accelerated studies.
5.	Shelf life of the drug product supported with justification.	Provided
6.	Existing and proposed container closure system with differences (e.g. description, materials of construction of primary packaging components, specifications, if appropriate) highlighted in tabular form.	Comparison between Amber glass bottle and Amber PET bottle is provided in tabulated form.
7.	If the proposed change requires change in manufacturing section/ facility, then a new registration application with prescribed fee shall be submitted.	Not applicable
8.	An Undertaking that: • To perform stress studies. • In case of any quality complaint/OOS result observed by the marketing authorization holder as a result of this change, the same shall be reported to registration board and all the stock shall be recalled from the market immediately. • Provided information is true & correct.	provided

A study report for container closure system performed by Smithers lab for Novatex Ltd. As follow:

Sr.#	Tests performed
1.	Specific migration of mono and diethylene glycol, terephtalic acid and antimony by total immersion into simulants.
2.	FDA extraction test as specified inUS FDA code of federal regulations CFR21
3.	Determination of levels of Pd, Cd, chromium and mercury

Certificate of Analysis by packaging material supplier i.e. Avutronics Limited submitted. Avutronics Limited buy raw material from Novatex Ltd**.**

Remarks:

Shortcomings	Reltus Cough Expectorant (Reg.No.017570)	➢ Validated analytical testing method/pharmacopeial reference not provided

	Reltus DM liquid (Reg.No.019762)	➢ Related substances were not tested ➢ Validated analytical testing method /pharmacopeial reference not provided ➢ Chromatograms are not submitted ➢ Certificate of analysis for each point of time is not provided ➢ Stability protocol not provided

Decision 39-PRVC:

The Chairman Registration Board referred the case to Registration Board after submission of shortcomings by the firm as mentioned above.

Updated Submission:

The firm has now submitted validated analytical testing method for product Reltus Cough Expectorant (Reg.No.017570); however, documents submitted for product Reltus DM liquid (Reg.No.019762) were not satisfactory.

Decision: Registration Board deferred the request of firm for confirmation of primary packaging material of same/similar formulation approved in any Reference Regulatory Authorities.

Case No.02: Extension in Contract Manufacturing of Registered Drugs.

The following firms have submitted applications for extension in manufacturing of registered drugs on contract basis.

Sr.#	Name of Drug(s) with composition; Reg.No. & Name of Contract Manufacturer / Dy.No.(R&I) & date	Date of Initial Reg. & Validity	Registration / Post Reg. Variation History	Documents submitted/ Remarks

2.	Lidocaine 1% (3.5ml) Each ml solvent contains: Lidocaine Hydrochloride…….10mg (in form of lidocaine HCl monohydrate 10.66mg) (USP specification) (Reg.No.045356)				
3.	Water for Injection (5ml) Each ampoule contains: Sterilized water for Injections…….5ml (USP specification) (Reg.No.045353)				
4.	Water for Injection (10ml) Each ampoule contains: Sterilized water for Injections …….10ml (USP specification) (Reg.No.045354)				

Remarks:

Firm not provided documents pertaining to Drug Substance part in Module 3 while documents pertaining to Drug Product part was complete. The Reason/Justification provided was *"being diluents (of Ceftriaxone injection) manufacturer performed all studies on FPP rather than Drug Substance. Hence DMF related part was not included"*

Further, the title/name of firm has also been changed from M/s Martin Dow Pharmaceuticals Limited to M/s Martin Dow Limited (DML No.000267-Formulation) vide Licensing Division's letter No.F.6-4/2014-Lic (M-235) dated 30th June, 2014 (Manufacturing site remains the same) and the firm has also requested for the change of title /name of firm for the above mentioned products.

Decision: Registration Board deferred for provision of information regarding quality control release of the products.

Case No. 04: Request for Extension of Permission of Bulk Import & Local Repacking of Drug (s) of M/s. Atco Laboratories, Karachi.

M/s. Atco Laboratories Ltd; Karachi has requested for extension of permission of bulk import and local repacking of their following already registered products:-

Sr. No.	Name of Drug(s) with existing formulation	Reg. No.	Registration history
1.	Hirudoid Cream 100gm Each 100gm contains:- Mucopolysacchride Polysulfuric acid ester … 0.3gm	014995	The firm was granted previous extension of permission for bulk import & local repacking on 13-12-2012 which was valid till 5 years. The approved manufacturer was Sankyo Pharma GmBH, Germany.
2.	Hirudoid Gel 100gm Each 100gm contains:- Mucopolysacchride Polysulfuric acid ester … 0.3gm	017481	-do-

They have further stated that have equipped their facility to manufacture the above product and the manufacturer did not allow them to manufacture these products locally in Pakistan. They have therefore, requested to extend the permission of bulk import and local repacking for further 5 years.

The management of the firm has provided following documents:-

i. Original challans of fee of Rs.100,000/- per product for this purpose.
ii. Copies of initial letters of registration and subsequent permission letters.

The Committee in its 3rd meeting deferred the case for provision of complete documents as per approved SOPs and placement before Registration Board. Now the firm has provided original & legalized CoPP and requested for extension of bulk import and local repacking permission as requested above.

As per CoPP provided by the firm for the above products following information has been retrieved:-

S.No.	Name of active ingredient	Name of Manufacturer	Product License Holder
1	100 g ointment contains:- 300mg Chondroitin polysulfate from Bovine tracheal cartilage 300 gm corresp. 25000 U* *Units determined by means of the activated partial thromboplastin time (APTT).	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany.	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany
2.	100 g Gel contains:- 300 mg Chondroitin polysulfate from Bovine tracheal cartilage 300 gm corresp. 25000 U* *Units determined by means of the activated partial thromboplastin time (APTT).	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany.	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany.

The manufacturer is Mobilat Productions GmbH, Germany.

Decision of M-281

Registration Board in its 281st meeting deferred the case and advised the firm to confirm whether the composition mentioned in the initial registration letter and composition mentioned in the CoPP is same.

The firm has now submitted original signed clarification issued by their principal manufacturer M/s Mobilat Produktions GmbH, Germany, clarifying that the composition mentioned in the

initial registration certificate is same as mentioned in certificate of pharmaceutical product with scientific rationale, stated as under:

The active substance mucopolysaccharide Polysulfate has different names, such as Mucopolysaccharide polysulphuric acid ester, Chondroitin polysulfate, Glycosaminoglycan Polysulfate, however the stand all for the same active ingredient that is manufactured based on bovine tracheal cartilage. Mucopolysaccharide Polysulfate is the proprietary name for the active substance. The systematic chemical name (IUPAC) is 2-acetamido-2-deoxy-D-galacto-D-glucurnoglycan-polysulfate sodium. Depending on the Health Authorities and Drug application, one of the above names are indicated in the drug registration and thus the CoPPs.

As per evaluation of the dossier/documents submitted by the firm, certain clarifications were sought from the firm. Detail of queries along with firm's response has been placed below:

Sr.#	Queries	Response/ Documents Provided By M/s Atco, Karachi
1.	Clarification is required regarding dosage form, as the registered product is "cream" whereas CoPP states "ointment".	Actually, the product name is "Hirudoid Cream", we have already been argued to our principal manufacturer to provide CoPP mentioning dosage form as cream but, they denied by giving reason that: "We cannot provide CPP indicating wording a cream instead of ointment. We hope you understand our situation and you may advice to compare the formulation. Sorry for inconvenient may cause you.
2.	Clarification is required regarding name of manufacturer	The firm has informed that they have already got approval for change of name of manufacturer from Daiichi Sankyo GmbH, Germany to Mobilat Produktions GmbH, Germany for Hirudoid Cream and Hirudoid Gel vide letter dated 16-11-2011

Decision of M-287:

Registration Board deferred the case due to following reasons:

- **i.** Submission of rational justification regarding dosage form of "Hirudoid Cream" mentioned on CoPP.
- **ii.** Clarification regarding Marketing Authorization/License Holder & manufacturer of above mentioned products.

Updated Status:

Now, the firm has submitted clarification letter from principal manufacturer of Hrudoid ointment/gel i.e Mobilat Produktions GmbH, Germany (original/legalized) clarifying that:

a) Hirudoid cream as approved in Pakistan is identical to Hirudoid ointment as approved in Germany and Hirudoid cream as approved in Switzerland
b) There is no change in Marketing Authorization Holder in Germany, STADA GmbH, Germany.
c) The provided CoPP of Hirudoid cream is issued from regulatory authority of Switzerland (original/legalized) which is DRAP defined reference authority. In Switzerland the marketing authorization holder and product owner is Medinova AG but in Germany it is STADA GmbH.

The MAH/Product license holder and manufacturer is clarified as under:

Sr. No.	Reg. No.	Product name and composition	Name of Manufacturer	Product License Holder
1	014995	Hrudoid cream Each 100g contains: Mucopolysaccharide polysulphuric acid ester…….0.3g	.M/s Mobilat Produktions GmbhH, Germany	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany
2.	017481	Hirudoid gel Each 100g contains: Mucopolysaccharide polysulphate …….300mg	M/s Mobilat Produktions GmbhH, Germany	STADA GmbH Stadastraβe 2-28 61118 Bad Vilbel, Germany.

It is submitted that approval of above mentioned manufacturer was granted on 16th November 2011 vide Letter No. F1-43/2010-Reg-I (Vol-I) while manufacturer mentioned on last approval letter for extension in permission (for bulk import and local repacking) was rendered as M/s Sankyo pharma GmbH, Germany. Firm did not apply for correction considering aforementioned approval as permission for extension in permission of bulk import and local repacking, merely. Since they got separate approval for name change of manufacturer.

Decision of 291st Meeting:
Registration Board deferred the request of firm for comparison of formulations of Hirudoid Ointment (approved in Germany) and Hirudoid Cream (approved in Switzerland)**.**

Updated Status:

The firm has submitted legalized original signed declaration letter from Product License Holder (STADA, Germany) confirming that it is a product with same formulation and same manufacturing process but different brand names as Hirudoid **Salbe/Ointment** (approved in Germany) and Hirudoid Cream (approved in Switzerland) and **Salbe** is a German word that can be inconsistently translated as cream or ointment.
Decision 293rd meeting: Registration Board deferred the request of firm for further deliberation.

Now the firm has submitted comparative table for comparison of formulations of Hirudoid Ointment (approved in Germany) and Hirudoid Cream (approved in Switzerland) as under:

Formulation Approved in Germany (Hirudoid Salbe 300 mg/100 g: Salbe Ointment)	**Formulation Approved in Switzerland (Hirudoid Cream)**	**Formulation Approved in Pakistan (Hirudoid Cream)**
100 g Hirudoid Salbe 300mg/100g contain:	Unit formula of 100 g	Unit formula of 100 g

Thymol 0.15 g/100g	Thymol 0.15 g/100g	Thymol 0.15 g/100g
Propyl parahydroxybenzoate 0.04 g /100g	Propyl parahydroxy benzoate 0.04 g/100g	Propyl parahydroxybenzoate 0.04 g/100g
Purified water 60.60 g/100g	Purified water 60.60 g/100g	Purified water 60.60 g/100g

Decision: Registration Board approved the request of firm for extension of permission for bulk import (manufactured by M/s Mobilat Produktions GmbhH, Germany) for period (13.12.2017 to 12.12.2022) (and local repacking for the period of five years, for above mentioned products.

Case No.05: Request for grant of contract manufacturing permission to M/s Helix Pharma (Pvt.) Ltd, Karachi

M/s Helix Pharma (Pvt.) Ltd, Karachi has requested for grant of permission for contract manufacturing of their following registered products from M/s Opal Laboratories (Pvt) Ltd, Karachi.

S.#	Reg. No.	Name of Product with Composition	Initial date of registration/ last date of renewal	Demanded FPP specifications	Remarks
1.	028931	Tycef Capsule Each capsule contains: Cefixime……..400mg	13th August 2002 02 August 2017	JP	Firm performed CDP in comparison to Cebosh capsule 400mg in lieu of innovator's product i.e Suprax capsule.
2.	028165	Tycef Paediatric Suspension Each 5ml contains: Cefixime Trihydrate eq. to cefixime …….100mg	10th August 2002 02 August 2017	USP	Comparative study was performed against Vencef 100mg suspension by Opal Lab in lieu of innovator's product Suprax 100mg oral suspension
3.	048552	Tycef DS Suspension Each 5ml contains: Cefixime Trihydrate eq. to cefixime…..200mg	20th March 2008 19th March 2018	USP	Comparative study was performed against Vencef DS suspension by Opal Lab in lieu of innovator's product Suprax 200mg oral suspension

The reason provided by firm for proposed change is business feasibility considering the low volumes and turnover with low margins of the said product and excess capacity/manufacturing facility at M/s Opal Laboratories, Karachi.

In this regard, the firm has submitted the following documents;

i. Application on Form-F along-with Fee of Rs.50,000/- each product (dated 15-Oct-19)
ii. Copies of Initial Registration and renewal status.
    Contract manufacturing agreement between M/s Helix Pharma (Pvt.) Ltd, Karachi and M/s Opal Laboratories (Pvt) Ltd, Karachi dated 24.07.2019
iii. Section approval letter by CLB dated 09th April, 2014 (M/s Opal Laboratories (Pvt.) Ltd, Karachi)
iv. Last GMP inspection report of M/s Opal Laboratories (Pvt.) Ltd, Karachi dated 19th September 2019.

Decision of 293rd meeting: Registration Board deferred the request of firm for status of cephalosporin section (capsule/dry suspension) of M/s Helix Pharma (Pvt.) Ltd, Karachi.

Updated Submission:

The firm has submitted clarification regarding Capsule/dry suspension cephalosporin section which was approved in 13th June 2002 vide letter No. F.2-20/84-Lic Vol-II (M-192). Firm has initiated a major renovation/up gradation project, revised lay out plan has been approved by Licensing division dated 22nd July, 2019 vide letter No. F.2-20/1984-Lic (Vol-IV). Considering that current renovation/up gradation project firm's business viability of cephalosporin area complemented with available excess capacity at manufacturing facility of M/s Opal Laboratories, Karachi for interim period of 03 years.

Decision: Registration Board deferred the request of M/s Helix Pharma (Pvt.) Ltd, Karachi for manufacturing of their above mentioned products on contract manufacturing basis from M/s Opal Laboratories (Pvt.) Ltd, Karachi for submission of renovation plan alongwith clear timelines and undertaking.

Case No.06: Request for change of manufacturing site of registered product of M/s ICI Pakistan Ltd, S-33, Hawkes Bay Road, S.I.T.E., Karachi.

M/s ICI Pakistan Ltd, Karachi has requested for change of manufacturing site of their following registered products from M/s Pfizer Pakistan Ltd, Karachi to their own site.

S.#	Reg.No.	Name of Product with Composition	Remarks
1	097003	Citralka Liquid Each 5ml contains: Disodium Hydrogen Citrate…1.315g (As per innovator's specifications)	Stability data (both accelerated and real time studies) submitted for 6 months. Being titrimetric analytical method, chromatograms are not applicable.

In this regard, the firm has submitted the following documents;

i. Application on Form-5F along-with Fee of Rs.20,000/- (Dated 20-Nov-19)
ii. Copies of Initial Registration letter dated 28th June, 2019.
iii. Evidence of Section approval by CLB dated 28th June, 2019.

Decision: Registration Board deferred for evaluation of registration application for completetion of documentsa s per Form5F.

iii. Approval of regularization of layout plan by CLB dated 21st December 2018
iv. Revocation of suspension order of M/s TG Pharma by CLB dated 20th December 2018

Decision 293rd meeting: Registration Board deferred the request of firm for renewal status of above mentioned products and reason for request of contract manufacturing.

Updated Submission:

Firm is working on renovation according to new layout plan as approved by licensing division. In order to prevent shortage of already registered products in market firm requested to grant contract manufacturing permission for stipulated time. Moreover, firm undertake take they will not seek extension of contract manufacturing permission.

Regarding delay in renewal fee submission it is submitted that father of MD T.G pharma was sick, he was unable to give time to the factory, he directed regulatory manager to submit the renewal applications of product but he did not submitted renewal fee without informing firm.
It is submitted that firm's manufacturing is stop due to renovation reason if the permission will not be granted to us their business and employees lives will be on stake.

The firm requested to grant registration of above mentioned products on contract manufacturing basis as fresh registration and neglect the previous renewal application.

CLB in 273rd meeting decided to cancel the DML of the firm under section 41 of Drug Act 1976, read with Rule 12 of the Drug (L,R&A) Rules,1976 due to non compliance of Rule 16 and 19 of the Drug (L,R&A) Rules,1976, vide letter No. F.8-5/2019-QA(M-273-CLB) dated 6th February 2020.

Decision: Registration Board rejected the request of firm for contract manufacturing permission due to invalid/ cancellation of DML by CLB of M/s TG Pharma, Karachi.

Case No.09: Standardization of formulation in accordance with Innovator's Product of Registered Drug of M/s Barrett Hodgson Pakistan (Pvt.) Ltd, Karachi.

(Dy.No.9410 (R&I) Dated: 24-Jun-19)

The request of M/s Barrett Hodgson Pakistan (Pvt.) Ltd, F/423, SITE, Karachi was discussed in 291st meeting of Registration Board regarding standardization of formulation of following registered drug in accordance with the innovator's specification. The details are as under;

Sr. No.	Reg. No.	Name of drug with Existing formulation & Specification	Name of drug with Proposed formulation & Specification
I	II	III	IV
1.	067693	Clotnil Plus Tablet 75mg+75mg Each tablet contains: Clopidogrel bisulphate equivalent to Clopidogrel……..75mg Aspirin…….75mg (Manufacturer's Specification)	Clotnil Plus Tablet 75mg+75mg Each film coated bilayer tablet contains: Clopidogrel bisulphate equivalent to Clopidogrel USP……..75mg Aspirin USP…….75mg (Innovator's Specification)

In this regard, the firm has submitted the following documents;

2.	Bekchlogen 5% Solution Each ml contains: Benzalkonium Chloride……..50mg	Me too status /RRA approval status not available Purchase order from Afghanistan	Dy. No.667/2019-PE&R-(EFD) 02.07.2019. Rs.50000/- dated 25.06.2019

Decision of 291st meeting of Registration Board:

Registration Board deferred above mentioned products of M/s Biogen Pharma, 8-KM, Chakbeli Road, Rawat for evidence of approval of applied formulations in importing country.

Now, the firm has clarified that applied formulations Formicgen 60% Solution and Bekchlogen 5% Solution intended to be used as an insecticide to kill bee mites. Either used as Fumigant or applied directly on bee hives/bee path.

Applied formulation is available in China for the same purpose.

Decision 293rd meeting:

Registration Board deferred the request for clarification from the firm about indications of above mentioned products.

Now the firm has submitted detail regarding indication of above mentioned formulation as under:

Benzalkonium Chloride is primarily used as a preservative and antimicrobial agent. It works by killing microorganisms and inhibiting their further growth.

Formic acid is commonly used as preservative and antibacterial agent in livestock feed. It is widely used to preserve winter feed for cattle.

Decision: Registration Board deferred above mentioned products for further deliberation.

Case No.18: Registration of Drug(s) of M/s Scilife Pharmaceuticals, (Pvt.) Ltd. Plot No. FD-57/58-A2, Kornagi Creek Industrial Park (KCIP) Karachi for Export Purpose Only.

Firm has applied for registration of drug(s) only for export purpose as per following details:

Requirements As Per SOP	Submitted Documents
Application on Form-5/ Form 5-D with required fee as per relevant SRO.	Form5;
Copy of DML (Renewal status) along with approval of relevant sections verified by Licensing Division or inspection report for renewal of DML before 2005.	Copy of DML provided. Approval of relevant section verified from Licensing Section letter F.No.2-4/2011-Lic dated 01.6.2016 (Page.691/C).
GMP Status. Copy of Inspection report/GMP certificate.	GMP status verified from GMP inspection dated 24.04.19
Undertakings that the applied product is exclusively for export purpose and the proposed names/ label/ colour do not resemble with already registered brands in importing country.	Provided

Detail of the product is given below:

Sr.#	Name of Drug(s) with composition	Generic/RRA Status	Diary No. date & Remarks
I	II	III	IV
1.	Scifol 400 mcg tablet Each film coated tablet contains: L-Methyl Folate….400mcg	Me too status not confirmed	Dy.No.1426/19-EFD (PE&R) dated 20-01-2020 Rs. 20,000/- dated 31.03.2020 (pages 680-681/C)

Decision 39th PRVC: The Committee deferred the request of the firm for registration of above mentioned product of M/s Scilife Pharmaceuticals, (Pvt) Ltd. Plot No. FD-57/58-A2, Kornagi Creek Industrial Park (KCIP) Karachi for me too status of applied formulation

Now, the firm has submitted differential fee of Rs 30,000/- dated 20.05.2020 alongwith Form-5D and purchase order from Afghanistan.

Decision: Registration Board approved above mentioned product of M/s Scilife Pharmaceuticals, (Pvt.) Ltd. Plot No. FD-57/58-A2, Kornagi Creek Industrial Park (KCIP) Karachi for export registration. Since applied formulation is neither registered for local use nor approved by any RRA (as adopted by Registration Board in 275th meeting) hence manufacturer and importing country shall be responsible for safety, efficacy and quality of drug product.

Case No.19: Registration of Drug (s) of M/s Nabiqasim Industries (Pvt.) Ltd. 17/24, Korangi Industrial Karachi For Export Purpose Only.

Firm has applied for registration of drug(s) only for export purpose as per following details:

GMP Status. Copy of Inspection report/GMP certificate.	GMP status verified from GMP inspection report dated 05.08.2019
Undertakings that the applied product is exclusively for export purpose and the proposed names/ label/ colour do not resemble with already registered brands in importing country.	Provided

Detail of the products is given below:

Sr.#	Name of Drug(s) with composition	Generic/RRA Status	Diary No. date & Remarks.
I	II	III	IV
1.	Fosyject Injection 2g Each vial contains: Fosfomycin Disodium equivalent to Fosfomycin……2g	Me too status/ RRA status not available Purchase order from Philippines	Dy. No1726/ 2020-PE&R-(EFD) 03-06-2020. Rs.50000/- dated 26-11-2020

Decision: Registration Board deferred the request of firm for evidence of approval of applied formulation in importing country (Philippines).

Case No. 1 Request of M/s Linta Pharmaceuticals (Pvt.) Ltd., Islamabad for change of contract manufacturer of their already registered products.

M/s Linta Pharmaceuticals (Pvt.) Ltd., Islamabad has requested for change of contract manufacturer of their already registered products as detailed below.

Sr. No.	Applicant	Proposed contract manufacturer	Name of Drug(s) with composition	Reg. No.	Existing contract manufacturer	Initial date of Registration & Validity of contract manufacturing permission
1	M/s Linta Pharmaceuticals (Pvt.) Ltd., Islamabad	M/s Seraph Pharmaceuticals Industrial Triangle, Kahuta road, Islamabad	CT-X 250mg Injection IM Each vial contains: Ceftriaxone (as sodium)….250mg USP Specs	093275	M/s Wellborne Pharmachem & Biologicals, Hattar.	30-11-2018 29-11-2023
2			CT-X500mg Injection IM Each vial contains: Ceftriaxone (as sodium)….500mg USP Specs	093274		
3			CT-X 1gm Injection IV Each vial contains: Ceftriaxone (as sodium)….1gm USP Specs	093276		

Firm has submitted following documents:

i. Applications on Form-5F.
ii. Fee Rs.50,000/- per product dated 06-12-2019
iii. Registration letter and valid contract manufacturing permission
iv. Copy of agreement between M/s Linta Pharmaceuticals (Pvt.) Ltd., Islamabad and M/s Seraph Pharmaceuticals Industrial Triangle, Kahuta road, Islamabad, made on 04-12-2019
v. Evidence of approval of **Dry Vial (Cephalosporin)** section for M/s Seraph Pharma from Licensing Authority.
vi. GMP inspection reports of both the applicant and manufacturer.

Decision: Registration Board deferred the case for capacity assessment of M/s Seraph Pharmaceuticals Industrial Triangle, Kahuta road, Islamabad.

Case No. 2 Request for the permission of contract manufacturing of already registered drug of M/s Global Pharmaceuticals (Pvt.) Ltd. Islamabad from their own facility to M/s Vision Pharmaceuticals (Pvt.) Ltd. Islamabad

M/s Global Pharmaceuticals (Pvt.) Ltd. Islamabad has requested for the permission of contract manufacturing of their already registered drug from their own facility to M/s Vision Pharmaceuticals (Pvt.) Ltd. Islamabad as detailed below. The firm has stated that their facility is not ready at this moment to manufacture said product.

Sr. No.	Name of Drug(s) with composition	Reg. No.	Approved Packing	Date of initial registration & Renwal application
1	Linzy Infusion 600mg/300ml Each ml contains: Linezolid….2mg Global Specs	075071	100ml 200ml 300ml	26-12-2012 Renewal dated 24-11-2017

Previously the firm has three approved volumes but firm has now submitted stability of only one volume i.e, 300ml.

Firm has submitted following documents:

i. Applications on Form-5F with fee of Rs.50,000/-
ii. Registration letter and renewal application.
iii. Copy of agreement between M/s globalPharmaceuticals,Islamabad and M/s Vision Pharmaceuticals, Islamabad made on 03-06-2020
iv. Evidence of section approval Liquid Vial (General) LVP.
v. Already registered products on contract manufacturing are 06 and no of approved section are 08.
vi. GMP inspection reports of both the applicant and manufacturer.
vii. Long term stability (18 Months) and accelerated stability (06months) submitted for FPP at Zone-IV A conditions.
viii. Stability submitted for API at 25ºC ± 2ºC 60% rH ± 5% rH (Zone-II)
ix. Approval of manufacturing facility of API by regulatory body of country and validity, Vendor qualification / audit and its justification: **not submitted.**

Decision: Registration Board deferred the case for submission of following documents:

a) Complete submission of all documents as per Form5F.
b) Justification of seeking permission for only linzy infusion on contract manufacturing as firm also has other infusion preparations

Case No. 3 M/s. Reko Pharmaceuticals (Pvt.) Ltd., Lahore

M/s. Reko Pharmaceuticals (Pvt.) Ltd., Lahore has requested to mention composition in registration letter of following product;

Sr. No.	Reg. No.	Existing Brand name	Proposed Brand name with composition	Initial date of Registration & Renewal	Remarks
1	001456	Glygol Elixir	Glygol **Expectorant** Each 15ml contains:- Glyceryl Guaiacolate ……90mg Theophylline BP/USP……150mg	30-09-1976 29-09-2016 09-05-2016 Renewal is ok	Fee Rs. 5000/- deposited dated 10-04-2019 **Consignment is cleared by AD (I &E) with consumption restricted till the mentioning of API on Registration Letter.**

Decision of 36th PRVC:-

Deferred the above product for documentary evidence of same formulation since grant of registration/BMR of, at least, each decade and justification of mentioning expectorant with brand name instead of elixir as expectorant is a pharmacological class and not a dosage form.

Remarks:-

The firm told that our product Glygol has no alcohol in its formulation since 05th September, 1988 therefore our product is not considered as *Elixir.*

Decision of 37th PRVC:-

The Chairman Registration Board referred above request to the Registration Board along with letters of DRAP and summary of batch records & RRA status.

Fresh submission:

Firm has submitted following documents:-

i. Price re-fixation letter No.11-1/2010-DDC (P) (10th DPC) dated 28.05.2010 which shows composition/ label claim of Glygol Elixir
ii. Batch manufacturing record of last decade.
iii. Evidence of approval of applied formulation could not be confirmed.

After exclusion of alcohol from the said product, firm is using the terms "expectorant and syrup", interchangeably in various requests.

Decision: Registration Board directed to issue corrigendum mentioning name and composition as follows:

Glygol Syrup
Each 15ml contains:
Glyceryl Guaiacolate ……90mg
Theophylline ……150mg

Case No. 4 M/s. Hoover Pharmaceuticals (Pvt.) Limited, Lahore.

The request for change of brand name of following products of M/s. Hoover Pharmaceuticals Pvt. Limited, Lahore was referred to Registration Board in 37th PRVC meeting. It is informed that M/s CCL, Lahore is interested in distribution/marketing rights with brand name ownership of products with M/s Hoover Pharmaceuticals Pvt. Ltd. on mutual understanding. Moreover, proposed brand name is already registered for M/s CCL products.

Sr. No	Reg. No.	Brand name with formulation of Drugs	Proposed brand name	Date of issue & renewal status	Fee & date of deposited	Remarks
1.	065912	ISO-Acne Gel Each tube contains:- Isotretenoin……0.05% Erythromycin……2%	**Isotret Plus Gel**	06-10-2010 05-10-2015 29-09-2015 Renewal is ok	Fee Rs. 20,000/- deposited dated 02-12-2019	**The firm has Withdrawn its request for both products.**
2.	077208	Mycostin 1% Cream Each gram contains:- Terbinafine (as HCl)…..10mg	**Terbi Cream**	05-06-2014 04-06-2019 09-05-2019 Renewal is ok	Fee Rs. 20,000/- deposited dated 02-12-2019

6.	086358	Essopel Insta 20mg Enteric coated pellets Sachet				

		Each sachet contains: Esomeprazole Magnesium Trihydrate eq. to Esomeprazole ……20mg **Source: M/s Surge Laboratories, Lahore**				

Decision: **Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:**

a) Issuance of same brand names to same formulations of different manufacturer/importer.
b) Issuance of diffeeferent brand names for different dosage forms of same formulation
c) Issuance of same brand names for different similar formulation
d) Issuance of different brand names for different dosage form/ strength and indications
e) Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No. 5 Request to grant the same Brand name of the molecule of M/s Indus Pharma (Pvt.) Ltd. Karachi to the same molecule of M/s Dynatis Pakistan (Pvt.) Ltd. Lahore.

M/s Dynatis Pakistan (Pvt.) Ltd. Lahore has informed (Page 312-331/C) that M/s Indus Pharma (Pvt.) Ltd. Karachi bearing DML No. 000124 and M/s Dynatis Pakistan (Pvt.) Ltd. Lahore bearing DML No. 000891 are registered by the Security Exchange Commission of Pakistan (SECP), under the Companies Act 2017 as Private Limited Companies.

Moreover, the Directors/Management and share Holders of Both M/s Indus Pharma (Pvt.) Ltd and M/s Dynatis Pakistan (Pvt.) Ltd are the same. The same has been duly informed to and recorded by the Licensing Division.

In light of the above, M/s Dynatis Pakistan (Pvt.) Ltd. Lahore has requested to grant the same brand name of the molecule of M/s Indus Pharma (Pvt.) Ltd. Karachi to the same molecule of M/s Dynatis Pakistan (Pvt.) Ltd. Lahore, as detailed below:

Sr. No.	Name of Molecule	Dosage form/ Section approval	Brand name of M/s Indus Pharma (Pvt.) Ltd. Karachi	Existing Brand name of M/s Dynatis Pakistan (Pvt.) Ltd. Lahore and Registration Number	Requested Brand Name
1.	Esomeprazole	Enteric coated pellets/ sachets	Indazole	Natizol (Reg. No. 096599)	Indazole

The firm has submitted the following documents:
1. Application along with Rs**. 10,000/-** dated 16-12-2019
2. Copy of Registration letter dated 21-06-2019.
3. Justification for proposed change.
4. NOC regarding same brand names from M/s Indus Pharma (Pvt.) Ltd. Karachi.

Decision of 37th PRVC:

The Chairman Registration Board has considered the request of the firms for change of brand name and decided to refer the case to the Registration Board.

Moreover, The Registration Board in its 293rd meeting has approved following products M/s. Dynatis Pakistan Pvt. Limited with brand name Dyclo Emulgel 1% and Dyclo Emulgel 2%. Dyclo is also registered brand name of M/s. Indus Pharma and M/s. Dynatis has now requested to issue registration letter with same brand name.

Decision: **Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:**

a) **Issuance of same brand names to same formulations of different manufacturer/importer.**
b) **Issuance of diffeeferent brand names for different dosage forms of same formulation**
c) **Issuance of same brand names for different similar formulation**
d) **Issuance of different brand names for different dosage form/ strength and indications**
e) **Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.**

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No. 6 M/s. Don Valley Pharmaceuticals (Pvt.) Ltd., Lahore

The request of M/s. Don Valley Pharmaceuticals (Pvt.) Ltd., Lahore for correction of strength and change of specifications of FPP in Registration letter for following already registered product was referred from 37th meeting of PRVC to the Registration Board as detailed below:

Sr. #	Reg. No.	Name of Product with existing composition & Registration Number	Name of Product with proposed Change composition/Registration	Initial Date of Registration Renewal Application	Submitted Documents / Remarks
I	II	III	IV	V	VI

No. 28076 R&I dated **24-12-2019** Copy of Form-5 submitted at the time of initial application submission. The Proposed formulation is **USFDA and TGA approved** and the official monograph of the applied formulation **exists in BP**

Decision of 37th PRVC:

The Chairman Registration Board has considered the request of the firms for standardization/correction in composition and decided as under:

i. Referred the product to RRR section for confirmation of renewal, deferred for submission of fee and evidence of approval in RRAs, and then to Registration Board.

Fresh submission:-

Now the firm has deposited **fee Rs. 5000/-** dated 10-03-2020 and evidence of approval of proposed formulation from USFDA.

The firm has not submitted new application on form 5F, as per decision of Registration Board in its 283rd meeting.

Decision: **Registration Board decided to issue corrigendum for correct formulation as under:**

Each 5ml contains
Amoxicillin Trihydrate eq. to Amoxicillin....125mg
Clavulanic acid (as potassium salt)…..31.25mg

Case No. 7 M/s. Cunningham Pharmaceuticals Pvt. Ltd, Lahore

M/s Cunningham Pharmaceuticals Pvt. Ltd, Lahore has informed that they were granted registration of Acobmin 500mcg/ml Injection for IV route only. However, it can be administered through IM route as well. Now the firm has requested for correction of route of administration of the following registered product in registration letter as detailed below

Sr. #	Reg. No.	Name of Product with existing composition & Specifications	Name of Product with proposed Change, composition/specifications	Initial Date of Registration Renewal Application	Submitted Documents / Remarks
I	II	III	IV	V	VI
1.	094672	Acobmin 500mcg/ml Injection (IV) Each ampoule/ml contains: Mecobalamine……..500mcg (As per innovator's Specification)	Acobmin 500mcg/ml Injection **(IV/IM)** Each ampoule/ml contains: Mecobalamine….500mcg (As per innovator's Specification)	06-03-2019 05-03-2024 Renewal is not required	Rs. 5000/- deposited dated 20-02-2020 **Approved in PMDA for both IV and IM routes.**
Decision of 39th PRVC		The Chairman Registration Board referred the case to the Registration Board for its consideration.			

Decision: **Registration Board acceded to the request of the firm regarding correction in route of administration of Mecobalamine 500mcg/ml Injection.**

Case No. 8 M/s. Shaigan Pharmaceuticals, Rawalpindi

M/s. Shaigan Pharmaceuticals, Rawalpindi has requested for issuance of corrigendum with correct dosage form (Capsule) for following registered products as detailed below.

Sr.#	Reg. No.	Name of Product with existing composition & Registration Number	Name of Product with proposed Change composition/Registration	Initial Date of Registration Renewal Application	Submitted Documents / Remarks
I	II	III	IV	V	VI
1.	032960	Esso 20mg Tablet Each Tablet contains:- Esomeprazole magnesium trihydrate eq. to Esomeprazole……20mg	**Esso 20mg Capsule** **Each capsule contains:-** Esomeprazole magnesium trihydrate eq. to Esomeprazole…20mg	03-07-2004 02-07-2019	Fee not submitted due to **typo mistake while issuance of corrigendum**

2.	032961	Esso 40mg Tablet Each Tablet contains:- Esomeprazole magnesium trihydrate eq. to Esomeprazole……40mg	**Esso 40mg Capsule** **Each capsule contains:-** Esomeprazole magnesium trihydrate eq. to Esomeprazole…40mg		**date 13-10-2004 for correction of registration numbers.** Dy. No. 27308 R&I dated 17-12-2019

The firm was granted registration letter for capsule dosage form with incorrect registration number. Later on corrigendum was issued for correction in registration number but inadvertently dosage form tablet was mentioned instead of capsule.

Decision of 37th PRVC:-

"Deferred the products for submission of fee and all post-registration approvals and supporting documents".

Remarks:-

Now the firm has submitted following documents:-

i. Fee Rs. 5000/- deposited for each product dated 24-02-2020
ii. Application for renewal mentioned Esso 20mg and 40mg Capsule dated 22-04-2019.
iii. Approval for additional pack dated 22-01-2008 mentioned in Esso 20mg and 40mg Capsule dated 22-01-2008
iv. Undertaking on stamp paper,
"We undertake that, with the reference to registration letter no. F.3-5/2003-R-II (M-181) dated 18-10-2004 the products are registered in Capsule dosage since we are manufacturing in same dosage form. If at any stage any discrepancy/misinformation is detected/observed the firm/company will be held responsible as per law".

Decision of 38th PRVC:

The Chairman Registration Board referred the case to the Registration Board for its consideration.

Decision: Registration Board observed that correct composition was approved in initial registration letter No.F.3-5/2003-R.II (M-181) dated 3rd July, 2004 and by issuing corrigendum letter No.F.3-5/2003-R.II (M-181) dated 18th October, 2004 dosage form was inadvertngly mentioned as Tablet instead of Capsule. Accoreingly, Registration Board acceded to the request of the firm and advised to issue corrigendum as per following details:

Sr. No.	Reg. No.	Previous Name of Drug & composition	Newly Approved Name of Drug & composition
1.	**032960**	**Esso 20mg Tablet** **Each Tablet contains:-** **Esomeprazole magnesium trihydrate eq. to Esomeprazole……20mg**	**Esso 20mg Capsule** **Each capsule contains:-** **Esomeprazole magnesium trihydrate eq. to Esomeprazole…20mg**
2.	**032961**	**Esso 40mg Tablet** **Each Tablet contains:-** **Esomeprazole magnesium trihydrate eq. to Esomeprazole……40mg**	**Esso 40mg Capsule** **Each capsule contains:-** **Esomeprazole magnesium trihydrate eq. to Esomeprazole…40mg**

Decision of 39th PRVC:

The Chairman Registration Board decided to refer the case to the Registration Board for its consideration after submission of details of type and whether already registered or not regarding 20ml water to be used as solvent.

Fresh Submission/Remarks:

Now the firm submit registration letter of sterile water 20ml of following source from M/s. Unisa Pharmaceuticals, Nowshera vide Registration No. 088558.

Decision: Registration Board noted the information for its record. Firm shall comply all provisions of Drugs (Labelling & Packing) Rules, 1986.

Case No. 11 M/s Wilshire Laboratories, (Pvt.) Ltd, Lahore

The request of M/s Wilshire Laboratories, (Pvt.) Ltd, Lahore for correction of composition and change of specifications of FPP in Registration letter for following already registered product(s) was referred from 29th meeting of PRVC to the Registration Board as detailed below:

Sr. No.	Reg. No.	Existing Name of Drug(s) and Composition	Desired correction
1	052509	Sizzle D 60mg Tablet Each tablet contains:- Fexofenadine HCl … 60mg Pseudoephedrine … 120mg (Wilshire's Specs)	Sizzle D 60mg Tablet Each **extended release** tablet contains:- Fexofenadine HCl … 60mg Pseudoephedrine **HCl**… 120mg **(USP Specs)**
2	090142	Sizzle D Tablet Each tablet contains:- Fexofenadine HCl … 180mg Pseudoephedrine … 240mg (USP Specs)	Sizzle D 180mg Tablet Each **extended release** tablet contains:- Fexofenadine HCl… 180mg Pseudoephedrine **HCl**… 240mg (USP Specs)

The firm has provided following documents in support of their request as per approved SOP:

1. Application with required fee Rs. 5000/- for each product
2. Copy of registration letters dated 18-09-2008 & 13-06-2018 and renewal status dated 15-01-2018
3. Undertaking as per approved SOPs.

Decision of 290th meeting: Registration Board deferred the above products for confirming manufacturing status of the product.

Firm has submitted that they have manufactured Sizzle D 60/120mg Tablet and sold the same in 2018, while Sizzle D 180/240mg was registered on 13-06-2018 and they could not manufacture this product due to non-availability of raw material.

For ready reference, following documents are being enclosed: -

1. Registration letter no. F.13-2/2008-Reg-II- (M-213) dated 18-09-2008 for Sizzle D 60/120mg Tablet and Registration letter no. F.15-6/2018-Reg-V- (M-281) dated 13-06-2018 for Sizzle D 180/240mg Tablet
2. Application for quota allocation of Pseudoephedrine HCl submitted on 07-01-2019

3. Manufacturing Record of Sizzle 60/120mg Tablet
4. Sales Record of Sizzle 60/120mg Tablet for the year 2017-2018
5. Standard Manufacturing Procedure (SMP) of our both above products
6. Standard Analytical Procedure (SA) of our both above products
7. Letter no. F.02-042/2019 DD(CD) dated 26-06-2019 from Controlled Drugs Division, DRAP for provision of corrigendum letter for both above products
8. Letter no. WLH/AA/162/2019 & letter no. WLH/AA/163/2019 both submitted on 27-03-2019 for issuance of corrigendum of our above products

Decision of 291st meeting: Registration Board deferred for confirmation of firm's request from registration application

Fresh submission:

Now, the firm has submitted copy of form-5 submitted at the time of initial application submission mentioning complete salt forms. Moreover, Sizzle D tablets180mg/mg240 was approved in 213th meeting of the Registration Board as extended release tablets.

Decision of 293rd meeting of RB:

Registration Board deferred the above products for confirming manufacturing status of the product.

Fresh Submission:

Firm has submitted their Master formulation and Standard manufacturing procedure with label claim indicating that said product is bilayer tablet with Fexofenadine HCl as immediate release layer while Pseudoephedrine HCl as sustained release layer which is in line with USFDA.

Decision: Registration Board acceded to the request of the firm and advised to issue corrigendum to initial registration letter No.F.13-2/2008-Reg-II (M-213) dated 18th September, 2008 for Sizzle D 60/120mg Tablet and registrarion letter No.F.15-6/2008-Reg.V (M-281) dated 13th June, 2018 for Sizzle D 180/240mg Tablet as per following details:

Sr. No.	Reg. No.	Previous Name of Drug, composition & specifications	Newly Approved Name of Drug, composition & specifications
1.	**052509**	Sizzle D 60mg Tablet Each tablet contains:- Fexofenadine HCl … 60mg Pseudoephedrine … 120mg (Wilshire's Specs)	**Sizzle D 60mg Tablet** **Each Bi-layered Tablet contains:** **Fexofenadine HCl..… 60mg** **Pseudoephedrine HCl…...120mg (as extended release layer)** **(USP Specs)**
2.	**090142**	Sizzle D Tablet Each tablet contains:- Fexofenadine HCl … 180mg Pseudoephedrine … 240mg (USP Specs)	**Sizzle D 180mg Tablet** **Each Bi-layered Tablet contains:** **Fexofenadine HCl..… 180mg** **Pseudoephedrine HCl …...240mg (as extended release layer)** **(USP Specs)**

2.	026979	Nafcin Injection Each 100 ml contains: Ciprofloxacin (as Lactate)…….200 mg		
3.	026980	Ofloquin Infusion Each 100 ml contains: Ofloxacin(as HCl)…..…….... 200 mg		

Firm has submitted following documents in this regard:

i. Application and fee of Rs.50, 000/- dated 20-04-2020 for each product.
ii. Copy of registration letter and valid contract permission.
iii. Copy of drug manufacturing license
iv. Copy of last GMP Report
v. Copy of contract agreement.

Decision: Registration Board approved extension of the above products till 30.06.2025 in light of Rule 20A of (Drugs Licensing, Registering & Advertising) Rules, 1976.

Case No. 15. M/s. Trigon Pharmaceuticals Pvt. Limited, Lahore

M/s. Trigon Pharmaceuticals Pvt. Limited, Lahore has requested for change of brand name of their following registered product with details below.

Sr. No.	Reg. No.	Brand name with formulation	Brand name	Reg. date and renewal	Remarks
1	077194	T Drop-D Injection Each ml contains:- Cholecaleiferol (Vitamin D) 200,000IU/Ml	D-Lite	27-05-2014 Renewal dated 23-05-2019	Brand name resemblance with Indrop-D of M/s Neutro Pharmaceuticals, Lahore.

					Justification: Show cause notice for resembling of name, label & packing design with indrop-D

Decision of 36th PRVC:-

Deferred the request for status of production and renewal status of registered product.

Remarks:-

Now the firm has submitted last batch position manufactured in March,2019 and renewal application dated 23-05-2019.

Decision of 37th PRVC:-

The Chairman Registration Board decided to defer the above request for submission of more brand names.

M/s. Trigon Pharmaceuticals, Lahore informed that M/s. Kurative Green (Neutraceuticals) is our sister concerned firm (Vitamin D soft gel capsule enlisted under brand **D-Lite** soft gel capsule vide No. 09209 0002) and they have issued us NOC on July 10, 2019 that they have no objection if their sister concern M/s Trigon Pharmaceuticals Pvt. Ltd. Lahore uses same brand name for their allopathic product Vitamin D injection.

Decision of 38th PRVC:-

The Chairman Registration Board decided to refer case to Registration Board.

Decision: **Registration Board was apprised that that presently same brand names are issued to a manufacturer/importer having same formulations. Now various applications have been received for issuance of same brand name under different scenario as follows:**

a) Issuance of same brand names to same formulations of different manufacturer/importer.
b) Issuance of diffeeferent brand names for different dosage forms of same formulation
c) Issuance of same brand names for different similar formulation
d) Issuance of different brand names for different dosage form/ strength and indications
e) Issuance of same brand name to same/similar formulation of product registered as drug and enlisted as HOTC product.

Registration Board decided to seek guidance from DRAP Authority on above points.

Case No. 16 M/s. GT Pharma, Lahore

The request of M/s. GT Pharma, Lahore for clarification/correction in specifications of their following registered product was considered in 290th meeting of the Registration Board and deferred with details below:

S. No.	Reg. No.	Name of drug(s) with formulation	Desired specifications
I	II	III	IV
1	080881	ED-3 injection 1ml Each 1ml glass ampoule contains:- Cholecalciferol (Vitamin D3)…….5mg (BP Specifications)	ED-3 injection 1ml Each 1ml glass ampoule contains:- Cholecalciferol (Vitamin D3)…….5mg (As per Innovator's Specifications)

The firm had submitted that the BP recommends the quantity of Cholecalciferol (Vitamin D3) average 0.75% w/v in Ethyl Oleate per ampoule (i.e. 7.5mg/1ml ampoule), and lable claim is 5mg of Cholecalciferol/ampoule as per registration letter. There seems some controversy between specifications according to British Pharmacopeia and our registered product specifications in DRAP for our product ED-3 injection (Vitamin D3)……5mg/ml (BP

specifications).

Documents details as per SOPs approved 283rd Registration Board Meeting:-

Sr. No.	Requirement as per SOPs	Documents submitted
1	Application with Fee Rs. 5000/-	Provided
2	Copy of registration letter dated 07-06-2016	Provided
3	Documents in support of proposed correction	Provided
4	Analytical reports as per monograph of FPP	Provided
5	Undertaking that : The change is made exclusively to comply with the pharmacopeia of Reference Regulatory Authorities or as per Innovator's product specifications. No case is pending at any forum / court of law regarding this product. In case of any quality complaint/ OOS result observed by the marketing authorization holder as a result of this change, the same shall be reported to registration board and all the stock shall be recalled from the market immediately. The provided information/ documents are true/ correct.	Provided

Decision of 290th Meeting:-

Registration Board deferred for further deliberation.

Decision of 286th Meeting of RB:

Registration Board in its 286th meeting acceded to similar request of M/s Barrett Hodgson and M/s S. J. & G. FazulEllahie regarding correction in finished product specifications of Cholecalciferol 5mg/ml Injection from BP Specifications to "As per Innovator's Specifications" along with omission of "IM" (route of administration), mentioned alongside the brand name. **The Board further directed that finished product specifications of all other registered products of instant formulation shall be corrected accordingly.**

Decision of 292nd Meeting of RB:

Registration Board deferred the above product for status of applied formulation in pharmacopeia of RRA (ANSM).

Fresh submission

Firm has submitted that in various meetings of Registration Board Innovator Specification have been given to same product.

Decision: Registration Board acceded to the request of firm regarding correction in finished product specifications of Cholecalciferol 5mg/ml Injection from BP Specifications to "As per Innovator's Specifications".

Case No. 17: Request for change of route of administration of registered drug of M/s. Reliance pharma, Rawat

M/s. Reliance pharma, Rawathas requested for Change of route of administration for their registered drug (s). The details are as under;

Sr.#	Reg. No.	Existing Name of drug with composition& rout administration	ProposedName of drug with composition& rout administration	Date of Initial Reg. & Renewal	Remarks (if any)
I	II	III	IV	V	VI
1	099554	E-Rel 250mg Injection IV Each vial contains:- Ceftriaxone sodium eq. to Ceftriaxone …….250mg (USP Specs.)	E-Rel 250mg Injection **IM** Each vial contains:- Ceftriaxone sodium eq. to Ceftriaxone …….250mg (USP Specs.)	30-10-2019 29-10-2024 Renewal is not required	
2	099555	E-Rel 500mg Injection IV Each vial contains:- Ceftriaxone sodium eq. to Ceftriaxone …….500mg	E-Rel 500mg Injection **IM** Each vial contains:- Ceftriaxone sodium eq. to Ceftriaxone …….500mg		

		(USP Specs.)	(USP Specs.)		

The firm has submitted the following documents;

i. Fee Rs. 20,000/- deposited for each product dated 14-01-2020
ii. Copy of Registration Letter
iii. Justification of proposed changes (due to marketing purpose)
iv. Undertaking.

Decision: Registration Board acceded to the request of the firm regarding change in route of administration of above products from intravenous (IV) to "intramuscular (IM)".

Case No.18 Permission to use banned excipients in APIs manufacturing

A letter has been received from Assistant Director (I&E) Lahore regarding permission to use Methylene chloride in API manufacturing. It is informed that Registration Board in its 286th meeting has decided to prohibit the use of Methylene chloride and Sodium cyclamate in the formulation of pharmaceutical products on the basis of ban imposed by USFDA.

It is further informed that M/s. Pharmagen Ltd. use Methylene chloride as solvent in the manufacturing of APIs Amoxicillin, Ampicillin, Cephradine, Cephalexin, Cephadroxil, Cefaclor, Omeprazole, Betamethasone sodium phosphate, Betamethasone valerate and Betamethasone dipropionate.

Decision: Registration Board referred the case to Licensing Division, DRAP for consideration of firm's request as per prevailing rules.

Case No. 19: Change of Brand Name due to resemblance with products of M/s. Atco Laboratories, Karachi.

Chairman Registration Board in 28thmeeting of PRVC, considered the request of M/s. Atco Pakistan Limited, Karachi about resemblance of brand name with products of M/s. Searle IV Solution Pvt. Limited, Lahore. Since the brand name were granted to M/s. Atco Laboratories, Karachi prior, hence M/s. Searle IV Solution Pvt. Limited, Lahore where advised to change brand name due to resemblance. Since firm did not provided alternate brand name hence Remindersalso written (dated dated 12-06-2017, 25-08-2017 & 11-06-2019) but the firm has not responded yet.

S.#	Product name	Name of firm	Similar Brand
1.	Syngab ……..50mg (Reg. 048420) Syngab ……..100mg (Reg. 048421) Syngab ……..200mg (Reg. 048422) Syngab ……..75mg (Reg. 076691) Syngab ……..150mg (Reg. 076692) Syngab ……..300mg (Reg. 076693)	***M/s Searle IV Solution Pvt. Limited, Lahore***	Spingab 75mg (Reg. no. 079723) Spingab 100mg (Reg. no. 079724) Spingab 150mg (Reg. no. 079725) Spingab 300mg (Reg. no. 079726)

Decision of 292nd Meeting of Registration Board:

Registration Board decided to write a final letter with complete details to M/s Searle IV Solution Pvt. Limited, Lahore to change the brand name of their registered product i.e. spingab as Syngab of M/s. Atco Pakistan Limited, Karachi has been registered earlier to their product.

Fresh Submission:

The firm informed that recently this case appeared in 292nd meeting of the Registration Board bearing statement that the DRAP issued three letters on different dates to M/s. The Searle

Limited, Lahore herein we bring in your kind information that only a single letter dated 25-08-2017 received by our office and we had responded 04-09-2017. Here, one more clarity is needed that the registration of Spingab capsule belongs to M/s. The Searle Company Limited, 32 KM, Multan Road, Lahore; while in 292nd RB meeting shown the registration of Spingab capsule with M/s Searle IV Solution Pvt. Limited, Lahore.

Moreover, the brand name Spingab & Syngab is phonetically & morphologically quite different, further more they have informed that we also have Trade Mark (TM No. 440666), their artwork design also different from each other.

The firm has requested that they may be allowed to continued market spingab range with the same brand name.

Decision: Registration Board decided to issue show-cause notice to M/s Searl company limited, Lahore for the change of Brand Name of Spingab capsule range of products as mentioned above.

Item No. 01 Cases referred to Registration Board:

Registration Board in its 292nd meeting held on 01-02nd October, 2019 authorized Chairman Registration Board for grant of renewal of drugs registered for local manufacturing provided that these applications have been received within time as required under aforesaid rules. However, the renewal applications of imported products (Human & Veterinary), renewal applications wherein the fee is submitted after due date but within sixty days and application applied under SRO 1005(I)/ 2017 shall be placed before the Registration Board for decision. Accordingly application considered by renewal sub-committee and referred to Registration Board are tabulated below:

		Each ml Contains: Thiamine HCl (B1)…3mg Riboflavin 5 Phosphate Sodium (B2)…3mg Pyridoxine HCl (B6)…2mg Cyanocobalamine (B12)…1mcg Ascorbic Acid (Vit. C)…50mg Nicotinamide…10mg Calcium Pantothenate (D-pantothenol)…25mg L.Lysine monohydrate (as HCl)…5mg		13187 dated 25-07-2019 Rs. 10,000/-	evaluation under Vitamin Policy
114.	032619	Olivit Syrup Each 5ml Contains: Thiamine HCl (B1)…10mg Riboflavin 5 Phosphate Sodium (B2)…10mg Pyridoxine HCl (B6)…10mg Cyanocobalamine (B12)…5mcg Ascorbic Acid (Vit. C)…150mg Nicotinamide…50mg Calcium Pantothenate (D-pantothenol)…3mg L.Lysine monohydrate (as HCl)…20mg	07-11-2004	Dy. No. 13187 dated 25-07-2019 Rs. 10,000/-	Deferred for evaluation under Vitamin Policy

Decision: Registration Board considered the above case and decision is mentioned against each in the last column.

Item No. 3 Harmonization of Formulation as per Reference Product:

Registration Board in its 293rd meeting decided that Renewal letter shall be issued as per format approved by Registration Board and following condition will also be included as well

"The manufacturer shall apply for post registration variation approval for correction in description of dosage form (for e.g. sugar coated tablet, film coated tablet, enteric coated tablet etc. addition and deletion of salt etc.) change in specification i.e. USP, BP, JP or Eur Ph. etc. and any other change in product that requires the said approval in accordance with approval of formulation in reference regulatory authorities as approved by Registration Board / innovator drug product"

It has now been proposed that correction in description of dosage form (for e.g. sugar coated tablet, film coated tablet, enteric coated tablet etc., may be reviewed by the RRR section and correction in accordance with approval of formulation in reference regulatory authorities as approved by Registration Board / innovator drug product may be approved by the renewal committee and renewal letter may be issued after the firm submit the prescribed fee for said correction.

Decision: Registration Board approved that correction in description of dosage form (for e.g. sugar coated tablet, film coated tablet, enteric coated tablet etc.), salt form, specifications and any other minor correction in the label / formulation shall be reviewed by the RRR section in accordance with approval of formulation in reference regulatory authorities as adopted by Registration Board / innovator drug product. The same shall be approved by the renewal committee and renewal letter shall be issued, after submission of prescribed fee for said correction by the firm.

Item No. IV Division of Biological Evaluation & Research

Sr. No.	Detail of Products	No. of Cases
A	Imported Human Biologicals from Non-Reference Countries	01
B	Imported Veterinary Biologicals from Reference Countries	01
C	Imported Veterinary Biologicals from Non-Reference Countries	03
D	Miscellaneous/ Deferred cases	58
Additional Agenda		07
Total		70

Sr. No.	Assistant Director	Designated No.	No. of Cases
a.	Mr. Khurram Khalid	AD-I	09
b.	Mr. Saadat Ali Khan	AD-II	37
c.	Mr. M. Zubair Masood	AD-III	24

A: Imported Human Biologicals from Non-reference Countries

1.	**Name of Applicant**	**M/s Bristol Mayer Biotech Pakistan,** 73-B, Guldasht Town, Zarrar Shaheed Road, Lahore Cantt.
	DSL details	DSL License No.05-352-0066-027191D valid upto 03-Jan-2020.
	Name of Manufacturer	VEM ÌLAÇ San. Ve Tic. A.S. Sogutozu Mahallesi 2177. Cad. No:10 B/49 Cankaya / ANKARA / TURKEY **Factory Address:** Cerkezkoy Organize Sanayi Bolgesi Karaagac Mahallesi Fatih Bulvari No:38 Kapakli/TEKIRDAG/TURKEY.
	Brand Name Dosage Form Strength	**Vasparin 25000 IU/5mL I.V.** Solution for Injection Vial Each vial contains 25000 IU Heparin sodium
	Composition	Each 5ml (1 vial) Contains: Heparin sodium…….25000IU
	Finished product specifications	European Pharmacopoeia (Ph. Eur.)
	Pharmacological Group	Antithrombotic agent/heparin group,
	Shelf life	36 Months [3 Years] (Store at room temperature below 25^{o}C)
	International availability	Heparin 5,000 I.U./ml, solution for injection by PANPHARMA Z.I. du Clairay 35133 Luitré France.
	Alternate Products already registered in Pakistan	Heparin-Belmed Injectionby M/s Genome Pharma, Rawalpindi.
	Type of Form Dy. No. Date of Application, Fee submitted	Form 5-A Dy.No.14612(R&I)DRAP Dated 19-4-2018. Fee of 50,000/- dated 19-4-2018.
	Demanded Price Pack size	As per SRO 1 vial / box
	General documentation	i. Original Legalized Certificate of Pharmaceutical Product having Certificate No.2018/1615 issued by Turkish Medicines and Medical Devices Agency, Republic of Turkey, Ministry of Health valid until 26-04-2020. ii. Original Legalized GMP and Free Sales Certificate having Certificate No.2018/1553 issued by Turkish Medicines and Medical Devices Agency, Republic of Turkey, Ministry of Health valid until 25-04-2020.
	Evaluator Comments	Heparin is porcine sourced.
	Decision: Registration Board deferred the case till the decision of DRAP's Authority on products from porcine source.	

B: Imported Veterinary Biologicals From Reference Countries.

1.	**Name of Importer**	**M/s Saadat International,** 117-Habitat Appartments, Shadman-II, Jail Road, Lahore.
	DSL details	License No. 05-352-0063-034417D valid till 12-06-2020.
	Name of Manufacturer	**Product License Holder:** M/s Merial, 29 Avenue Tony Garnier, 69007 Lyon, France. **Manufacturer:** M/s Merial, Rue De L'Aviation, 69800 St Priest, France.
	Brand Name +Dosage Form + Strength	Avinew Neo Effervescent Tablet
	Composition	Each dose contains: Live Newcastle disease virus……..≥5.5$\log_{10}$$EID_{50}$(*) (*) EID_{50}: Egg Infectious dose 50%.
	Finished product specifications	Ph. Eur. Specifications.
	Pharmacological Group	Veterinary Vaccine

	Shelf life	19 months (2^0C -8^0C)
	International availability	France
	Products already registered in Pakistan	Avinew Neo 1 Blister of 10 Tablets of 1000 doses (Reg. No. 082024)
	Type of Form Dy No & Date of application, Fee submitted	Form-5A Dy. No. 1393, 26057, 2823 & 10608 Dated: 29-11-2016, 30-07-2018, 22-01-2019 & 03-07-2019 Rs. 100000/- Dated 29-11-2016
	Demanded Price /Pack size	1 Blister of 10 Tablets of 2000 doses / De-controlled
	General documentation	• Legalized GMP Certificate No. 18/213927 dated 06-09-2018 issued by French Agency for Veterinary Medicinal Products. • Legalized FSC No. 18-221829 dated 06-12-2018 issued by French Agency for Veterinary Medicinal Products.
	Remarks of Evaluator	• The firm already has registration of above product in pack size of 1 Blister of 10 Tablets of 1000 doses.
Decision: Keeping in view valid legalized GMP & Free Sale Certificate indicating product availability in country of origin and approval of France (Reference Regulatory Authority); Registration Board approved the product subject to compliance of current Import Policy for finished drugs.		

C: Imported Veterinary Biologicals From Non-Reference Countries.

1.	**Name of Importer**	**M/s Mustafa Brothers P-186-D, People Colony No. 1, Faisalabad**
	DSL details	CDSL No: 06-331-0168-031770D Expiry Date: 21-06-2020 Place: Faisalabad
	Name of Manufacturer	Federal state enterprise "Stavropol biofactory" Stavropol city, 18 Biological street, 355019, Russia.
	Brand Name +Dosage Form + Strength	**Pulmovac** Inactivated emulsified vaccine against pasteurellosis of ruminant animal
	Composition	**Each dose of one ml contains:** • *Pasteurella multocida* (Strain no. 796/Serotype B) …At least $3x10^9$CFU • *Pasteurella multocida* (strain № 1231/serogroup A)..At least $3x10^9$CFU • *Pasteurella multocida* (strain № T-80/serogroup D)..At least $3x10^9$CFU • *Manncheimia* (*Pasteurella*) *haemolytica* (strain № H-42/serotype A: 1) ……At least $3x10^9$CFU
	Finished product specifications	BP Specification
	Pharmacological Group	Veterinary Vaccine
	Shelf life	18 months (2^0C -8^0C)
	Products already registered in Pakistan	
	Type of Form Dy No & Date of application, Fee submitted	Form-5A Dy. No. 12801 (R&I) Dated 23-07-2019
	Demanded Price / Pack size	Decontrolled/ 100mL Vial
	General documentation	• Legalized copy of Free Sale Certificate dated 05-02-2019 issued by Russian Export Center Moscow • Legalized Certificate of compliance of GMP dated 16-02-2016 issued by

		Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System) valid until 25-02-2019 • GMP certificate issued by German Regulatory body but legalization is not from Germany and it is mentioned clearly on the said certificate "This certificate is exclusively applicable to contract manufacturing & quality control of ringworm vaccines by the above named manufacturer for delivery to IDT Biologika GnbH." • Certificate of GMP compliance issued by Bulgarian Food Safety Agency but legalization is done in Russia.
	Remarks of Evaluator	GMP certificate provided by the firm has been issued by Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System). The regulatory status is not clear. The clarification was sorted from the firm and the firm has submitted that in the Russia the same authority is authorized to issue GMP for veterinary products and couple of our already registered & under registration vaccines which are from the Russia the GMP are issued by the same authority .Furthermore the following documents are submitted. i. The copy of Manufacturing License/Permit from Ministry of Agriculture "Federal Service for Veterinary and Phytosanitary Supervision" (ROSSEKHOZNADZOR). ii. German GMP attached along with clarification from the manufacturer "FSE Stavropol Biofactory" Russia. iii. Russian GMP is issued by their nominated competent authority "Rosstandart-Certification Body of Management System Moscow (Voluntary Certification System) All-Russian Scientist Research Institute for the Certification (JSC"VNIIS"). Links translation is enclosed.
	Decision: Keeping in view valid legalized GMP & Free Sale Certificate indicating product availability in country of origin; Registration Board approved the product subject to compliance of current Import Policy for finished drugs. The panel of inspectors shall verify the authorization of Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System) for issuance of GMP certificate by regulatory body of country of origin. The registration letter shall be issued after said verification.	
2.	Name of Importer	M/s Mustafa Brothers P-186-D, People Colony No. 1, Faisalabad
	DSL details	CDSL No: 06-331-0168-031770D Expiry Date: 21-06-2020 Place: Faisalabad
	Name of Manufacturer	Federal state enterprise "Stavropol biofactory" Stavropol city, 18 Biological street, 355019, Russia,
	Brand Name +Dosage Form + Strength	Antox 9 Inactivated vaccine against clostridiosis of agricultural animals
	Composition	*Active components in one immunizing dose of the drug:* • *Clostridium perfringens* type A…..2.0 International Unit • *Clostridium perfringens* type C…..10.0 International Unit • *Clostridium perfringens* type D….5.0 International Unit • *Clostridium novyi* (oedematiens) type B…3.5 International Unit • *Clostridium novyi* (oedematiens) type A…3.5 International Unit • *Clostridium tetani*……..2.5 International Unit • *Clostridium sordellii* ……3.5 International Unit • *Clostridium septicum*……$8x10^9$ Cells * • *Clostridium chauvoei*……..$8x10^9$ Cells * * – Allows to get a 90% level of protection of antibodies on test animals
	Finished product specifications	BP Specification

	Pharmacological Group	Veterinary Vaccine
	Shelf life	18 months (2^0C -8^0C)
	Products already registered in Pakistan	Toxipra Plus
	Type of Form Dy No & Date of application, Fee submitted	Form-5A Dy. No. 12802 (R&I) Dated 23-07-2019
	Demanded Price / Pack size	Decontrolled/ 100mL Vial
	General documentation	• Legalized copy of Free Sale Certificate dated 05-02-2019 issued by Russian Export Center Moscow • Legalized Certificate of compliance of GMP dated 16-02-2016 issued by Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System) valid until 25-02-2019 • GMP certificate issued by German Regulatory body but legalization is not from Germany and it is mentioned clearly on the said certificate "This certificate is exclusively applicable to contract manufacturing & quality control of ringworm vaccines by the above named manufacturer for delivery to IDT Biologika GnbH." • Certificate of GMP compliance issued by Bulgarian Food Safety Agency but legalization is done in Russia.
	Remarks of Evaluator	GMP certificate provided by the firm has been issued by Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System). The regulatory status is not clear. **(Response of the as described in above product)**
	Decision: Keeping in view valid legalized GMP & Free Sale Certificate indicating product availability in country of origin; Registration Board approved the product subject to compliance of current Import Policy for finished drugs. The panel of inspectors shall verify the authorization of Rosstandart-Certification Body of Management Systems Moscow (Voluntary Certification System) for issuance of GMP certificate by regulatory body of country of origin. The registration letter shall be issued after said verification.

D: Miscellaneous/ Deferred cases

1. Registration of human biologicals from M/s Seignior Pharma, Karachi to M/s The Searle Company Limited, Karachi applied by M/s The Searle Company Limited, Karachi deferred in 293rd meeting of Registration Board.

M/s The Searle Company Limited, Karachi applied for the registration of following human biologicals in their name from M/s Seignior Pharma, Karachi. The detail of the product is as follows:

Reg. No.	Name of Manufacturer	Brand Name & Composition	Document Details/ Pack Size	Dy. No. Date of Application Fee Status
031321	M/s Bio Sidus S.A., Av de los Quilmes 137, Bernal Qeste, Quilmes, Province of Buenos Aires, Argentina	Neutromax 300ug Injection Each vial contains: Figrastim……300ug Shelf Life: 24 months (2^0C-8^0C)	Valid legalized CoPP No. 20132020000142-18 dated 05-03-2018/ 1's Vial	Dy. No. 83(R&I) 24-04-2017 Rs. 100000/- 24-04-2017
031322		Neutromax 480ug Injection Each vial contains: Figrastim……480ug Shelf Life: 24 months (2^0C-8^0C)	Valid legalized CoPP No. 20132020000145-18 dated 05-03-2018/ 1's Vial	Dy. No. 81(R&I) 24-04-2017 Rs. 100000/- 24-04-2017

The firm has submitted the following documents:

a. Application on Form-5A
b. Fee Challan of Rs. 100000/-

c. Copy of Initial Registration letter dated 11-11-2003.
d. Last renewal submissions dated 24-10-2018
e. Termination letter (original) from manufacturer for previous importer
f. Authority letter/sole agent letter (original) from manufacturer
g. NOC from M/s Seignior Pharma, Karachi dated 18-09-2018
h. Biosimilarity data submitted by the firm is detailed below:

Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill)manufactured from country of origin.	
WHO Bio-similarity guidelines	**Data submitted by the firm**
Quality Comparison Physicochemical characterization	Primary Structure: a. Determination of Primary Structure (Full Amino Acid and Disulfide Bond Sequencing) b. Determination of the number of free sulfhydryl groups c. Verification of the correct formation of disulfide bonds d. N and C Terminal Sequence Analysis e. Peptide Mapping by RP-HPLC Secondary and Tertiary Structure: a. Circular Dichorism b. Fluorescence Molecular Mass and Quaternary Structure a. Molecular mass determination by LC ESI-TOF-MS b. SDS-PAGE Electrophoretic Profiles a. Characterization by Isoelectric Focusing b. SDS-PAGE c. Western Blot HPLC a. RP-HPLC b. SEC-HPLC
Biological Activity	Stimulating effect on the specific proliferation of a line cell derived from myeloid leukemia.
Immunochemical properties	To evaluate the immunogenicity of filgrastim in rats that received different preparations of recombinant human filgrastim
Impurities	Product Related Impurities 1. Forced Degradation a. Impurities with molecular masses that differ from that of Filgrastim b. Dimer and related substances with higher molecular mass c. Impurities with charges that differ from that of Filgrastim d. Related proteins: Oxidized and deamidated species 2. Natural degradation a. Impurities with molecular masses that differ from that of Filgrastim b. Dimer and related substances with higher molecular mass c. Impurities with charges that differ from that of Filgrastim d. Related proteins: Oxidized and deamidated species Process derived impurities a. Absence of Host Cell DNA b. Absence of Host Cell Protein
Non-clinical Studies	a. To evaluate the biological activity by means of an in vivo technique in Balb C mice. b. To observe the response at different doses, in pre-treated mice with cyclophosphamide c. Acute Toxicity studies in mice. d. Chronic toxicity studies in mice. e. To evaluate the toxicity of Neutromax and Neupogen in rats, by the administration of high doses (the dose equivalent to the maximum used in

	humans to a dose 10-fold the highest dose) for 28 days by subcutaneous route.
Clinical Studies	a. Bioequivalence study of generic Filgrastim Injection to an Innovator Neupogen in Healthy Thai Volunteers. b. Use of Filgrastim (Neutromax) in patients with leukemia during induction and consolidation treatment. c. Utilization study of Neutromax during autologus haematopoietic precursor transplantation for myeloma and lymphoma patients. d. Assessment of two Neutromax formulations containing Mannitol or Sorbitol in the hematologic recovery and Survival outcomes in the Autologus Bone Marrow Transplantation.
Decision of RB in 287th meeting	*Registration Board deferred the case for submission of following by the firm:* *a. List of countries where the above products are imported along with regulatory requirements of respective countries.* b. *Regulatory requirements for registration of Filgrastim containing products in country of origin.*

The firm then submitted that the said product is registered in following countries:

Argentina	Bolivia	Brazil
Chile	Colombia	Dominican Republic
Ecuador	El Salvador	Georgia
Guatemala	Honduras	Ivory Coast
Lebanon	Mexico	Nicaragua
Pakistan	Paraguay	Peru
Republic of Congo	Sri Lanka	Thailand
Tunisia	Ukraine	Uruguay
Vietnam		

The firm has submitted the regulatory guidelines of above countries out of which guidelines of only following countries were in English while the rest were in their own language:

Brazil, Georgia, Lebanon, Mexico, Vietnam

All the above guidelines indicate that the therapeutic equivalence is part of comparability exercise.

The firm then now submitted the following studies:

a. Use of filgrastim (Neutromax) in Non-Hodgkin lymphoma treated with R-CHOP scheme (Phase-IV)
b. Low dose Filgrastim enhances neutrophil recovery and decrease incidence of febrile neutropenia following CHOP regimen in Non Hodgkin lymphoma patient.
c. Periodic Benefit-Risk Evaluation Report from January, 2014-December, 2017.

The case was considered in 292nd meeting of Registration Board wherein the Board decided as follows:

"Registration Board deferred the case for submission, of safety and efficacy studies of the product in comparison with Innovator, by the firm."

The firm then submitted the following:

"The ANMAT Health granted registration of Neutromax in the year 1995 & at that time safety and efficacy studies of product in comparison with Innovator was not required for registration of these types of products. As per their guidelines, only bioavailability data of product was required. They submitted this data to ANMAT and got the registration approval on the basis of bioavailability data."

The firm has submitted the following documents:

1) Notarized copy of Rules for registration, elaboration, fractionation, prescription, sale, marketing, export and import of medicines.
2) Notarized Copy of translation of registration certificate of Neutromax issued by ANMAT.

The case was considered in 293rd meeting of Registration Board wherein the Board decided as follows:

"Registration Board deferred the case for further deliberation in next meeting."

Decision: **Registration Board deliberated that the said case is of registration of a product from one importer to another and the said product is registered in Pakistan since 2003. Moreover, the firm has submitted the bioequivalence study in comparison to Innovator product along with single arm efficacy study. The firm has also submitted the periodic safety evaluation report from January, 2014 to December, 2017 to indicate the safety of the product. Keeping in view the said discussion, valid legalized CoPP indicating product availability in country of origin & data submitted in light of decision of 278th meeting; Registration Board cancelled the registration of Neutromax 300µg Injection (Reg. No. 031321) & Neutromax 480µg Injection (Reg. No. 031322) from the name of M/s Seignior Pharma, Karachi and granted registration in name of M/s The Searle Company Limited, Karachi as per current Import Policy for Finished Drugs. The Registration letter shall be issued after confirmation of cold storage facility by the area FID and MRP verification from Pricing Division.**

2. Registration of imported human biological applied by M/s Pharm Evo (Private) Limited, Karachi approved in 282nd meeting of Registration Board.

Following product of M/s Pharm Evo (Private) Limited, Karachi was approved in 282nd meeting of Registration Board as per following details:

Name of Manufacturer	Brand Name & Composition	Document Details	Decision of RB in 282nd meeting
Product License holder: M/s CJSC BIOCAD, Liter A, bld.34. Svyazi st., Strelna, Petrodvortsovy district, Saint Petersburg, 198515, Russia **Manufacturer:** M/s CJSC BIOCAD Petrovo-Dalnee Village Krasnogorsky district Moscow region, 143422, Russia	Traszeptin 440mg Powder for concentrate for solution for infusion Each dose contains: Trastuzumab…440mg Solvent (bacteriostatic water for injection) Benzyl Alcohol…11.0mg Water for injections…...q.s. to 1.0ml Shelf Life: 4 years (2^0C-8^0C)	Legalized CoPP No: 09/2016/0001823 dated 06-10-2016 valid till 16-06-2019 Pack Size: 1's Vials (440mg) + 1's Vial Solvent (20ml)	*Keeping in view the biosimilarity data and submitted CoPPs; Registration Board approved the above products subject to price fixation by Federal Government and compliance of current Import Policy for finished drugs.*

The panel inspection of manufacturer abroad was conducted on 09th-10th September, 2019 by following panel of Inspectors of DRAP:

i. Prof. Dr. Rafeeq Alam Khan
ii. Sayyad Hussain Khan

The panel recommended the facility and rated **"Good".**

The price of the product has already been notified by Federal Government vide SRO 252(I)/2018 dated 21-02-2018 as per following details:

Sr. No.	Brand Name & Composition	Pack Size	Approved MRP
158.	Trastuzumab 440mg Injection Each vial contains: Trastuzumab for Injection (r-DNA origin)……..440mg/vial	Single vial with water for injection Multiple use vial combipack	Rs. 89859/-

In this context, it is submitted that on the submitted CoPPs of above product, only address of manufacturer was mentioned while name was missing and same was recorded in

minutes of meeting. However, the registration letter was issued with the name of manufacturer applied on Form-5A as same was mentioned on panel inspection report of manufacturer abroad.

Decision: Registration Board acknowledged the above information.

3. Request of M/s RG Pharmaceutica (Pvt.) Ltd., Karachi for revised registration letters of Progeffik 100mg (Reg. No. 077513) and Progeffik 200mg (Reg. No. 077514) applied by M/s RG Pharmaceutica (Pvt.) Ltd., Karachi.

M/s RG Pharmaceutica (Pvt.) Ltd., Karachi requested to issue a revised registration letter at the earliest by rectification of following typo errors:

a. For Progeffik 200mg, Shelf life of 2 years being mentioned instead of 3 years. In this regard, a letter is already submitted in DRAP dated September 27th, 2013
b. Name of manufacturer is missing on the registration letter.

Manufacturer detail is as under:
Capsulgel Laboratory,
Z1 DE Camagnon, 56803 Ploermel- France

The details of the products are as follows:

Sr. No.	Reg. No. & Date of registration	Name of Manufacturer	Brand Name & Composition	Type of Form Dy No & Date of application Fee submitted Pack size/ Demanded Price	Document details (CoPP)
1.	077513 23-09-2013	M/s Effik Batiment le Newton, 9-11, rue Jeanne Braconnier-92366, Meudon la Foret, France	Progeffik 100mg (Soft capsules for oral or vaginal use) Each capsule contains: Progesterone…… …..100mg Shelf Life: 3 years	Form-5A Dy. No. 120(R&I) 10-09-2012 Rs. 15000/- 10-09-2012 Pack of 30's/ Rs. 1140/-	Legalized CoPP no. 12/06/0604 dated 22-06-2012
2.	077514 23-09-2013	M/s Effik Batiment le Newton, 9-11, rue Jeanne Braconnier-92366, Meudon la Foret, France	Progeffik 200mg (Soft capsules for oral or vaginal use) Each capsule contains: Progesterone…… ….200mg Shelf Life: 3 years	Form-5A Dy. No. 121(R&I) 10-09-2012 Rs. 15000/- 10-09-2012 Pack of 15's/ Rs. 1055/-	Legalized CoPP no. 12/06/0603 dated 22-06-2012

The case was evaluated in light of documents submitted at the time of application and registration letter issued to the firm and following deficiencies are observed:

i. Name of manufacturer applied on Form-5A is M/s Capsugel (Pfizer Group), Zl de Camagnon, 56803 PLOERMEL- France and Product license holder is Laboratories Effik, Batiment le Newton -9-11 rue Jeanne Braconnir-92366 Meudon la foret while as per CoPP product license holder and manufacturer is M/s Laboratories Effik, Batiment le Newton -9-11 rue Jeanne Braconnir-92366 Meudon la foret and is responsible for batch release.
ii. Name of manufacturer is not mentioned on Registration letter.
iii. Clinical trials were not submitted in the dossier
iv. The products were approved in 237th meeting of Registration Board but its reference along with signed minutes is not available.

v. Price fixation reference is not available.
vi. Shelf life applied on Form-5A of Progeffik 200mg is 3 years along with real time stability data of 3 batches for 36 months but shelf life mentioned on registration letter is 2 years which requires correction.
vii. Registration letter needs to be issued as per prescribed format.

The case was considered in 277th meeting of Registration Board wherein the Board decided as follows:

"Registration Board referred the case back to DBER for verification/ confirmation of the documents along with the details of the import (name of exporter & quantities) of above products since the date of registration."

The firm has already submitted the legalized GMP certificate of M/s Capsugel Ploermel, ZI de Camagnon, Ploermel, 56800, France issued by National Drug Safety Agency and Health Products. Now the firm has submitted the valid legalized Free Sale Certificates issued by Chamber of Commerce of above products indicating M/s Capsugel, France as manufacturer. Moreover, the firm has also submitted the import invoices of above products indicating M/s Effik on the invoices.

Regarding 237th meeting of Registration Board wherein the above products were approved but signed minutes are not available, a copy of letter of Dr. Obaid Ali, then Dy. Director Biological Drugs dated 21-05-2013 having subject **"Clarification regarding 237thMeeting"**is available in DBER which indicates the following:

"All three applications of M/s RG Pharmaceuticals, Karachi were completed and required just issuance of Registration letter. These products are registered in France and other European countries"

Moreover, the firm has provided a copy of letter of Dr. Obaid Ali, Dy. Director Biological Drugs dated 08-03-2013 indicating following products:

a. Progeffik 100 mg Soft Gel Capsule containing 100mg Progesterone
b. Progeffik 200 mg Soft Gel Capsule containing 200mg Progesterone
c. NewFlora Capsule containing 75 million Enterococcus faecium F68

The letter states the following:

"Your application(s) regarding the subject to Drug Regulatory Authority of Pakistan (DRAP) is considered in 237th meeting of Drugs Registration Board (DRB) under the Drugs Act, 1976 upon the recommendation of Expert Committee on Biological Drugs (ECBD) of Division of Biological Drugs. DRB approved waiver of your application for evaluation, assessment, under "iv" of Section 2 and "e" of Section 4 of newly promulgated Drug Regulatory Authority of Pakistan Act, 2012……."

The Pricing Division has verified the prices of above products.

The case was again considered in 293rd meeting of Registration Board wherein the Board decided as follows:

"Registration Board deferred the case and advised DBER to bring up the case in next Registration Board meeting with complete data along with already approved such other cases."

In this context, it is submitted that example of such other case is Ropegra of M/s Roche Pakistan Limited, Karachi which was approved in 237th meeting of Registration Board and registration letter was issued accordingly. Later, the firm applied for the change in manufacturing site of Ropegra and the case was finally approved in 256th meeting of Registration Board with following discussion:

"That the recorded minutes of 237th meeting of Registration Board pertaining to Biological Division are not available in routine format. The unsigned agenda and later communications including letter of the then DDC dated 29.05.2013 and F.1-11/2013-DDC 2nd ECBD dated 11.03.2013 reflect that the case of registration of Ropegra (Peg-interferon 180mcg 40 KD) 1ml vial was discussed in 237th meeting RB. Then registration letter of aforementioned product was issued by the then Director, Biological Drugs vide letter No. Human Biological Import-5 (HBI-5) dated 19th September, 2013 bearing Registration No. 077512. Accordingly, product is being

granted lot release certificate by National Control Laboratory of Biologicals, Islamabad and thus product is available in market. In the meanwhile a petition was filed in Honorable High Court of Sindh (W.P. No 1025/ 2015 and D-2190/ 2014 filed by M/s Getz Pharma Karachi Vs FOP & others) challenging status of registration of Ropegra vial, Registration No. 077512. In this case, DRAP has submitted para wise comments admitting that Ropegra vial, Registration No. 077512 was registered after due process of evaluation in accordance with Drug (L R & A), Rules 1976 and prayed that the Registration letter issued by the DRAP is based on European Medicine Agency Certificate of Pharmaceutical Product, declaring Ropegra for Pakistan is synonym of brand "Pegasys" as internationally available."

Dicussion: Registration Board deliberated the case in light of already regularized such case of Ropegra of M/s Roche Pakistan Limited, Karachi which was also approved in 237th meeting of Registration Board and for which a letter of the then DDC was available indicating the product's discussion in 237th meeting. The letter of the then DDC is also available in instant case indicating the completion of above application and only requirement of issuance of registration letters. Moreover, the firm has already submitted legalized Free Sale Certificates for above product indicating M/s Effik, Immeuble Le Newton -9-11 rue Jeanne Braconnier 92366 Meudon La Foret Cedex, France as product license holder & M/s Capsugel, Zone Industrielle de Camagnon 56803 Ploermel, France as manufacturer and same were applied on Form-5A in an initial application. The Free Sale Certificate indicates the shelf life as 03 years.

Decision: **Keeping in view the above discussion, legalized FSC indicating demanded product license holder & manufacturer and shelf life; Registration Board advised DBER to issue corrigendum of initial registration letter indicating following points:**

- **Product License Holder:** M/s Effik, Immeuble Le Newton -9-11 rue Jeanne Braconnier 92366 Meudon La Foret Cedex, France
- **Manufacturer:** M/s Capsugel, Zone Industrielle de Camagnon 56803 Ploermel, France
- **Shelf life of Progeffik 200mg:** 03 years

4. Registration of Dengue Vaccine applied by M/s Sanofi Aventis Pakistan Limited, Karachi.

Following vaccines of M/s Sanofi Aventis Pakistan Limited, Karachi were approved by the Registration Board in its 260th meeting held on 28th-29th June, 2016 on recommendations of WHO Strategic Advisory Group of experts (SAGE) dated 12th-14th April, 2016, expert from PMRC and representative of WHO in Pakistan:

Sr. No.	Brand Name	Composition
1.	DENGVAXIA, powder and solvent for suspension for Injection Single dose.	One dose (0.5 ml) contains: CYD dengue virus serotype1,2,3,4…….each 4.5-6.0 log10 CCID50/dose
2.	DENGVAXIAMD, powder and solvent for suspension for Injection Multi dose.	One dose (0.5 ml) contains: CYD dengue virus serotype1,2,3,4…….each 4.5-6.0 log10 CCID50/dose

Registration letters of above products were issued to M/s Sanofi Aventis Pakistan Limited, Karachi in the light of decision of Registration Board in its 273rd meeting held on 28th-29th August, 2017 wherein it was decided to issue letters for govt. supplies only.

Meanwhile, it was noticed that Registration of Dengvaxia vaccine and Dengue Immunization programme was suspended by Philippines due to the new findings by M/s Sanofi Pasteur, France that severe cases of dengue can occur in the longer term among those vaccinated

without prior infection. Accordingly, WHO on 22nd December, 2017 published its interim position regarding the use of Dengvaxia vaccine which is reproduced as under:

"WHO acknowledges that in high seroprevalence settings, the vaccine can have significant population-level benefits. However, until a full review has been conducted, WHO recommends vaccination only in individuals with a documented past dengue infection, either by a diagnostic test or by a documented medical history of past dengue illness.

Any further guidance, including a review by SAGE and update of the WHO position paper on Dengvaxia®, will likely be available no earlier than April 2018 after a rigorous review of the new data and additional activities, such as population based modeling, are undertaken."

Keeping in view WHO interim position, Registration Board in its 277th meeting held on 27th-29th December, 2017 decided that the vaccine is not indicated for a mass vaccination program as Dengvaxiavaccineis indicated only in individuals with a documented past dengue infection (seropositive persons), confirmed either by a diagnostic test or by a documented medical history of past dengue illness. Moreover, in case of not using the vaccine, possibility of mortality can be high as observed in previous years. It was further decided that Registration Board will review case further as soon as the decision of WHO Strategic Advisory Group of Experts (SAGE) on immunization becomes available in April 2018.

On 19th April, 2018, WHO published "Revised SAGE recommendation on use of Dengue vaccine" which is at **Annex-I**. Keeping in view revised SAGE recommendations, Registration Board in its 283rd meeting held on 27th-29th June, 2018 decided to deliberate the said matter in next Registration Board meeting withconcerned departments.

Discussion in 286th meeting:

Dr. Asaaf Deputy Director, Federal EPI and Mr. Massab Umair Sr. Scientific Officer, NIH attended the meeting and submitted the following:

Dr. Asaaf Deputy Director, Federal EPI:

Exact disease burden of Dengue fever is yet unknown. In the absence of disease burden data the age bracketing is not possible which is essential for primary health care vaccines. Screening of seropositivity is very difficult as no assay will be 100% specific.Moreover, once vaccinated the efficacy of vaccine for 2-3 years is established. What will happen after that period is yet unknown. Further, dengue surveillance centers and proper storage facilities for dengue vaccines should be established first. Therefore, until the exact disease burden, seropositivity identification and safety data, the vaccine should not be registered.

Mr. Massab Umair, Sr. Scientific Officer, NIH:

Sensitivity and specificity of dengue diagnostic test is a major hurdle.Therefore, sampling time and type of diagnostic test should be assessed properly.Highly sensitive and specific dengue diagnostic kits are available in NIH. NIH can provide technical support regarding the development of diagnostic test facilities.

Registration Board after discussion decided as follows:

"Registration Board considered the matter in light of comments by EPI and NIHon disease burden data, cost and effectiveness of available Dengue Diagnostic tests. Registration Board deferred the case for further deliberation and advised DBER to come up with the current status of Dengvaxia vaccine in neighboring and tropical countries in next registration Board meeting."

In this context, it is submitted that in Philippines Dengue Immunization Programme is still suspended while in India and Sri Lanka, Dengvaxia is not yet registered. However, European Medicine Agency has granted the approval to Dengvaxia vaccine with following conditions:

*"**Conditions or restrictions regarding supply and use**:*

Medicinal product subject to medical prescription.

***Official batch release**:*

In accordance with Article 114 Directive 2001/83/EC, the official batch release will be undertaken by a state laboratory or a laboratory designated for that purpose.

***Other conditions and requirements of the marketing authorization**:*

Periodic Safety Update Reports

The requirements for submission of periodic safety update reports for this medicinal product are set out in the list of Union reference dates (EURD list) provided for under Article 107c(7) of Directive 2001/83/EC and any subsequent updates published on the European medicines web-portal. The marketing authorisation holder shall submit the first periodic safety update report for this product within 6 months following authorisation.

***Conditions or restrictions with regard to the safe and effective use of the medicinal product**:*

Risk Management Plan (RMP)

The MAH shall perform the required pharmacovigilance activities and interventions detailed in the agreed RMP presented in Module 1.8.2 of the marketing authorisation and any agreed subsequent updates of the RMP.

An updated RMP should be submitted:

- *At the request of the European Medicines Agency*
- *Whenever the risk management system is modified, especially as the result of new information being received that may lead to a significant change to the benefit/risk profile or as the result of an important (pharmacovigilance or risk minimisation) milestone being reached.*

***Additional risk minimisation measures**:*

Prior to launch of Dengvaxia in each Member State the Marketing Authorisation Holder (MAH) must agree the content and format of the educational programme, including communication media, distribution modalities, and any other aspects of the programme, with the National Competent Authority.

The MAH shall ensure that in each Member State where Dengvaxia is marketed, all healthcare professionals who are expected to use Dengvaxia have access to/are provided with the following educational package:

- *Physician educational material*

The physician educational material should contain:

- *The Summary of Product Characteristics*
- *Guide for healthcare professionals*

The Guide for healthcare professionals shall contain the following key elements:

- *That there is an increased risk of severe and/or hospitalized dengue following vaccination in individuals not previously infected by dengue virus*
- *That healthcare professionals have to document before vaccination the previous dengue infection, which has to be assessed by laboratory confirmed history of dengue or through serotesting*
- *The healthcare professionals should be aware that the test they use should have adequate performance in terms of specificity and cross-reactivity based on the local disease epidemiology.*
- *That healthcare professionals should be aware of dengue early warning signs."*

Moreover, FDA has also granted the approval to Dengvaxia vaccine but with following limitations and warnings:

*"**Limitations of use:***

- *DENGVAXIA is not approved for use in individuals not previously infected by any dengue virus serotype or for whom this information is unknown. Those not previously infected are at increased risk for severe dengue disease when vaccinated and subsequently infected with dengue virus. Previous dengue infection can be assessed through a medical record of a previous laboratory-confirmed dengue infection or through serological testing prior to vaccination.*

- *The safety and effectiveness of DENGVAXIA have not been established in individuals living in dengue non-endemic areas who travel to dengue endemic areas.*

WARNINGS AND PRECAUTIONS:

- *Increased Risk of Severe Dengue Disease Following DENGVAXIA in Persons not Previously Infected with Dengue Virus in unvaccinated individuals, first dengue infections rarely cause severe dengue, while second dengue infections with a different serotype are associated with an increased risk of severe dengue. DENGVAXIA administration to individuals not previously infected by dengue virus is associated with an increased risk of severe dengue disease when the vaccinated individual is subsequently infected with any dengue virus serotype. Therefore, healthcare professionals must evaluate individuals for prior dengue infection to avoid vaccinating individuals who have not been previously infected by dengue virus.*
- *Previous infection by dengue virus can be evaluated through a medical record of previous laboratory-confirmed dengue infection or through serotesting prior to vaccination.*

There is no FDA cleared test available to determine a previous dengue infection. Available non-FDA cleared tests may yield false positive results (e.g., due to cross-reactivity with other flaviviruses).*"*

The case was considered in 292nd meeting of Registration Board wherein the Board decided as follows:

"Registration Board deferred the case for submission of all the documents as advised by EMA and USFDA by the firm and advised DBER to process the case before finalization of the minutes."

The firm has submitted the following documents as advised by EMA:

Sr. No.	Documents Required by EMA	Documents Submitted by the firm
1.	In accordance with Article 114 Directive 2001/83/EC, the official batch release will be undertaken by a state laboratory or a laboratory designated for that purpose.	Please note that the official batch release will be done by the ANSM Direction Des controls.
2.	The requirements for submission of periodic safety update reports for this medicinal product are set out in the list of Union reference dates (EURD list) provided for under Article 107c(7) of Directive 2001/83/EC and any subsequent updates published on the European medicines web-portal. The marketing authorisation holder shall submit the first periodic safety update report for this product within 6 months following authorisation.	Periodic safety update report of first six months from 07 Dec, 2018 to 07 June, 2019 is submitted to EMA. The firm has not submitted the report to DRAP.
3.	The MAH shall perform the required pharmacovigilance activities and interventions detailed in the agreed RMP presented in Module 1.8.2 of the marketing authorisation and any agreed subsequent updates of the RMP. An updated RMP should be submitted: • At the request of the European Medicines Agency • Whenever the risk management system is modified, especially as the result of new information being received that may lead to a significant change to the benefit/risk profile or as the result of an important (pharmacovigilance or risk minimisation) milestone being reached.	The firm submitted that M/s Sanofi Pasteur has performed the required pharmacovigilance activities and interventions detailed in the agreed RMP and any agreed subsequent updates of the RMP.
4.	Prior to launch of Dengvaxia in each Member State the Marketing Authorisation Holder (MAH) must agree the content and format of the educational programme, including communication media, distribution modalities, and any other aspects of the programme, with the National Competent Authority.	The firm has submitted the physician educational material as suggested by EMA which contains the following: 1. Background information on dengue disease

	The MAH shall ensure that in each Member State where Dengvaxia is marketed, all healthcare professionals who are expected to use Dengvaxia have access to/are provided with the following educational package: • Physician educational material The physician educational material should contain: • The Summary of Product Characteristics • Guide for healthcare professionals **The Guide for healthcare professionals shall contain the following key elements:** o That there is an increased risk of severe and/or hospitalized dengue following vaccination in individuals not previously infected by dengue virus o That healthcare professionals have to document before vaccination the previous dengue infection, which has to be assessed by laboratory confirmed history of dengue or through serotesting o The healthcare professionals should be aware that the test they use should have adequate performance in terms of specificity and cross-reactivity based on the local disease epidemiology. o That healthcare professionals should be aware of dengue early warning signs."	2. Background information on Dengvaxia indication 3. Summary of official national recommendations (Optional section to be adopted at the country level if relevant) 4. Tools to make appropriate vaccination recommendation to patient. 5. Checklist prior to vaccination recommendation 6. FAQs about dengue vaccination with Dengvaxia

FDA has also granted the approval to Dengvaxia vaccine but with following limitations and warnings:

"**Limitations of use:**

- DENGVAXIA is not approved for use in individuals not previously infected by any dengue virus serotype or for whom this information is unknown. Those not previously infected are at increased risk for severe dengue disease when vaccinated and subsequently infected with dengue virus. Previous dengue infection can be assessed through a medical record of a previous laboratory-confirmed dengue infection or through serological testing prior to vaccination.
- The safety and effectiveness of DENGVAXIA have not been established in individuals living in dengue non-endemic areas who travel to dengue endemic areas.

WARNINGS AND PRECAUTIONS:

- Increased Risk of Severe Dengue Disease Following DENGVAXIA in Persons not Previously Infected with Dengue Virus in unvaccinated individuals, first dengue infections rarely cause severe dengue, while second dengue infections with a different serotype are associated with an increased risk of severe dengue. DENGVAXIA administration to individuals not previously infected by dengue virus is associated with an increased risk of severe dengue disease when the vaccinated individual is subsequently infected with any dengue virus serotype. Therefore, healthcare professionals must evaluate individuals for prior dengue infection to avoid vaccinating individuals who have not been previously infected by dengue virus.
- Previous infection by dengue virus can be evaluated through a medical record of previous laboratory-confirmed dengue infection or through serotesting prior to vaccination.

There is no FDA cleared test available to determine a previous dengue infection. Available non-FDA cleared tests may yield false positive results (e.g., due to cross-reactivity with other flaviviruses)."

Decision: Registration Board deferred the case for submission of updated status of Dengvaxia vaccine in Reference Regulatory Authorities and Risk Management Plan by the firm.

5. Change in name of Product License Holder & Manufacturer of already registered human biological Shan 5 (Reg. No.090315) applied by M/s Sanofi Aventis Pakistan Limited, Karachi.

M/s Sanofi Aventis Pakistan Limited, Karachi applied for the change in name of Product License Holder & Manufacturer of already registered human biological as per following details:

Reg. No. & Date of Reg.	Name of Product	Already Approved Product License Holder & Manufacturer	Newly Applied Product License Holder & Manufacturer
090315 10-10-2018	Shan 5 Suspension for Intramuscular Injection	M/s Shantha Biotechnics Private Limited, India	M/s Sanofi Healthcare India Private Limited, India.

The firm has submitted the following documents as per SOP approved in 283rd meeting Registration Board for the said change:

Sr. #.	Required Documents As per SOP	Documents submitted by the firm
1.	Application with required fee as per relevant SRO.	• Application on firms letter head is provided. • Fee Challan of Rs.5000/- is provided.
2.	Copy of registration letter and last renewal status.	• Copy of initial registration letter dated 10-10-2018 is provided.
3.	Original and legalized Certificate of Pharmaceutical Product as per WHO format for new manufacturer's name Or Original and legalized GMP certificate of new manufacturing site with free sale certificate from regulatory body of country of origin Or any legalized document of concerned regulatory authority confirming change of name of Manufacturer/ Marketing Authorization Holder without change in manufacturing site.	Original Legalized CoPP No.0303/STORES/2020 dated 28-01-2020 valid till 25-11-2021 indicating new name of product license holder & manufacturer is provided.
4.	Revised Sole Agency Agreement when there is change in MAH.	Provided.
5.	Proof/ evidence of the contract between Product License Holder & manufacturer (with changed/ new name), where the manufacturer and product license holder are different entities.	Not applicable as both are same entities.
6.	g) Undertaking that the provided information/ documents are true/ correct.	Undertaking on the company letter head is provided.

The above product is WHO Prequalified and the status of change of name of product license holder and manufacturer is also verified from official website of WHO https://extranet.who.int/gavi/PQ_Web/PreviewVaccine.aspx?nav=0&ID=162 accessed on 04-06-2020.

Decision: **Keeping in view the valid legalized CoPP & official website of WHO indicating new name of product license holder and manufacturer; Registration Board approved the change in name of product license holder & manufacturer of Shan 5 injection (Reg. No. 090315) from M/s Shantha Biotechnics Private Limited, India to M/s Sanofi Healthcare India Private Limited, India.**

6. Exemption of Urdu text, registration number & MRP and Import of products in standard export packs applied by M/s Sanofi Aventis Pakistan Limited, Karachi.

M/s Sanofi Aventis Pakistan Limited has requested for the exemption of Urdu Text, Registration Number & MRP at the time of import on packs of below mentioned human biologicals:

S. No.	Name of Product	Pack Size
1.	Imojev Japanese Encephalitis Vaccine (Live, inactivated) Powder and Solvent for Suspension for Injection	1 dose of powder and 1 dose of solvent in separate vials with 1 sringe and 2 separate needles.
2.	Imojev Japanese Encephalitis Vaccine (Live, inactivated) Powder and Solvent for Suspension for Injection	10 vials of 4 doses of powder and 10 vials of 4 doses of solvent.
3.	Vaxigrip Tetra Suspension for injection in pre-filled syringe	1's PFS
4.	Cerezme 400U Powder for concentrate for solution for infusion	1's, 5's 25's Vials
5.	Adacel (Tetaus Toxoid, Reduced Diphtheria Toxoid and Acellular Pertussis Vaccine Adsorbed) Suspension for Injection	1's Vial 5's Vials

The firm has submitted the following documents:

1. Application with fee challan of Rs. 5000/- for each product
2. SOPs for control of repacking operations.
3. An undertaking that we will print the Registration Number and Maximum Retail Price (MRP) on each pack of above products at our Karachi site bearing DML No. 000007, before releasing the goods into the market.

The above mentioned products have already been approved by Registration Board in different meetings, however registration letters have not yet been issued as the Prices have not yet been fixed by the Federal Government. The firm submitted that they came to know through Pharma Bureau observer that it was discussed/ decided in 293rd meeting of Registration Board that such cases of exemption should be requested at the time of registration application/ before product registration.

The firm further submitted that vaccines b Saofi Pasteur are manufactured globally at a single source to fulfill the requirement of the whole world. Moreover, Cerezyme is indicated for a rare disease called Gaucher disease and required to be imported in limited quantit. Therefore, it is not possible for manufacturer to follow the packaging and labeling rules of every country at the time of export plus production, packaging, quality controls of these sterile and temperature sensitive products require specialized methods and techniques of handling under highly controlled environment.

Keeping in view the above, the firm has requested for the exemption of Urdu Text, Registration number & MRP on packs of above mentioned products and for permission to import above products in Standard Export Packs. However, in order to be compliant to the Pakistan Drugs Labeling and Packaging rules, they have given the undertaking that they will print Urdu text, Registration number and MRP on each pack under cold chain process before releasing the goods into the market.

Decision: **Registration Board acceded to the request of the firm for import of Imojev (1 dose), Imjev (4 dose), Vaxigrip Tetra (1's PFS), Cerezyme 400U (1's, 5's & 25's Vials) & Adacel (1's & 5's Vials) in Standard Export Packs. The Board advised the firm to locally print MRP and Registration Number along with Urdu Text and other parameters as per Drugs (Labelling & Packing) Rules, 1978 before sale of drug at M/s Sanofi Aventis, Plot 23, sector 22, Korangi Industrial area, Karachi to comply the requirement as per Drugs (Labelling & Packing) Rules, 1986. This permission shall be valid for one (01) year only after issuance of registration letter. The firm shall submit the future plan regarding the import of Drugs (Labelling & Packing) Rules, 1978 compliant packs.**

7. Change in manufacturing site of already registered human biologicals applied by M/s Roche Pakistan Limited, Karachi.

M/s Roche Pakistan Limited, Karachi applied for the change in manufacturing site of their already approved products as per following details:

Sr. No.	Reg. No.	Name of Product	Already Approved Manufacturing Site	Newly Applied Manufacturing Site
1.	059052	Mircera Injection 50mcg	M/s Roche Diagnostics GmbH, Sandhofer Strasse 116, D-68305 Manheim, Germany	M/s F. Hoffmann-La Roche Ltd., Wurmisweg CH-4303 Kaiseraugst, Switzerland
2.	059051	Mircera Injection 75mcg		
3.	059050	Mircera Injection 100mcg		

The firm has submitted the following documents as per SOPs formulated in 283rd meeting revised in 292nd meeting of Registration Board:

Sr. No.	SOPs formulated in 283rd Meeting revised in 292nd meeting	Documents submitted by the firm
1.	Application on Form-5F	Provided.
2.	Required fee as per relevant SRO.	Fee Challan of Rs. 150000/-
3.	Copy of registration letter and last renewal status.	Provided.
4.	Original and legalized Certificate of Pharmaceutical Product as per WHO format for new manufacturer's name OR Original and legalized GMP certificate of new manufacturing site with free sale certificate from regulatory body of country of origin.	Legalized CoPPs indicating new manufacturing site are Provided.
5.	Site master file of new manufacturing site in case of change of manufacturing site/ source.	Provided.
6.	Revised Sole Agency Agreement when there is change in MAH.	Not Applicable as MAH is not changed.
7.	Proof/ evidence of the contract between Product License Holder & manufacturer (with changed/ new name), where the manufacturer and product license holder are different entities.	Provided.
8.	Undertaking that provided information/ documents are true & correct.	Provided.

Decision: **Keeping in view the valid legalized CoPPs indicating new manufacturing site & approval of Swissmedic (Reference Regulatory Authority); Registration Board approved the change in manufacturing site of Mircera Injection 50mcg (Reg. No. 059052), Mircera Injection 75mcg (Reg. No. 059051) & Mircera Injection 100mcg (Reg. No. 059050) from M/s Roche Diagnostics GmbH, Sandhofer Strasse 116, D-68305 Manheim, Germany to M/s F. Hoffmann-La Roche Ltd., Wurmisweg CH-4303 Kaiseraugst, Switzerland as per current Import Policy for finished drugs.**

8. Change in manufacturing site of already registered human biological applied by M/s Pfizer Pakistan Limited, Karachi.

M/s Pfizer Pakistan Limited, Karachi applied for the change in manufacturing site of powder of their already registered product as per following details;

Reg. No.	Name of Product	Already Approved site	Newly Applied Site
091876	Nimenrix Powder and solvent for solution for injection	M/s GlaxoSmithKline Biologicals S.A., Parc de la Noire Epine, Rue Fleming 20, 1300 Wavre, Belgium.	M/s Pfizer Manufacturing Belgium NV, Rijksweg 12, B-2870 Puurs, Belgium.

The firm has submitted the following documents as per SOPs formulated in 283rd meeting revised in 292nd meeting of Registration Board:

Sr. No.	SOPs formulated in 283rd Meeting revised in 292nd meeting	Documents submitted by the firm
1.	Application on Form-5F	Provided.
2.	Required fee as per relevant SRO.	Fee Challan of Rs. 50000/-
3.	Copy of registration letter and last renewal status.	• Copy of initial registration letter • Copy of approval letter of change in manufacturing, secondary packaging & QA release sites • Copy of approval letter of change of product license holder.
4.	Original and legalized Certificate of Pharmaceutical Product as per WHO format for new manufacturer's name OR Original and legalized GMP certificate of new manufacturing site with free sale certificate from regulatory body of country of origin.	Legalized CoPP No. 06/19/134097 & 01/19/134098 dated 02-08-2019 for 1's and 10's packs respectively indicating new manufacturing site issued by EMA.
5.	Site master file of new manufacturing site in case of change of manufacturing site/ source.	Provided.
6.	Revised Sole Agency Agreement when there is change in MAH.	Not Applicable as MAH is not changed.
7.	Proof/ evidence of the contract between Product License Holder & manufacturer (with changed/ new name), where the manufacturer and product license holder are different entities.	Provided.
8.	Undertaking that provided information/ documents are true & correct.	Provided.

Decision: **Keeping in view the valid legalized CoPP indicating new manufacturing site & approval of EMA (Reference Regulatory Authority); Registration Board approved the change in manufacturing site of powder part of Nimenrix (Reg. No. 091876) from M/s GlaxoSmithKline Biologicals S.A., Parc de la Noire Epine, Rue Fleming 20, 1300 Wavre, Belgium to M/s Pfizer Manufacturing Belgium NV, Rijksweg 12, B-2870 Puurs, Belgium as per current Import Policy for finished drugs.**

9. Change in manufacturing site of already registered human biological applied by M/s Novo Nordisk Pharma (Private) Limited, Karachi.

M/s Novo Nordisk Pharma (Private) Limited, Karachi applied for the change in manufacturing site of their already registered product as per following details;

Reg. No.	Name of Product	Already Approved sites	Newly Applied Sites
010346	Mixtard 30 HM Penfill Pack Size: 1's x 3ml	**Manufacturer:** M/s Novo Nordisk A/s, Denmark. **Packaging Site:** M/s Novo Nordisk, Tianjin Plant, China.	**Manufacturing & Packaging Site:** M/s Novo Nordisk (China) Pharmaceuticals Co. Ltd., No. 99 Nanhai Road, TEDA, Tianjin, 300457-Peoples Republic of China.

The firm has submitted the following documents as per SOPs formulated in 283rd meeting revised in 292nd meeting of Registration Board:

Sr. No.	SOPs formulated in 283rd Meeting revised in 292nd meeting	Documents submitted by the firm
1.	Application on Form-5F	Provided.
2.	Required fee as per relevant SRO.	Fee Challan of Rs. 100000/-
3.	Copy of registration letter and last renewal status.	• Copy of initial registration letter dated 28-02-1990

		• Copy of approval letter of transfer of registration dated 24-04-1991 • Copy of approval letter of additional pack • Copy of approval letter of transfer of registration dated 11-11-2005 • Copy of approval letter of change in packaging site of 1's pack • Copy of last renewal submission dated 16-04-2015
4.	Original and legalized Certificate of Pharmaceutical Product as per WHO format for new manufacturer's name OR Original and legalized GMP certificate of new manufacturing site with free sale certificate from regulatory body of country of origin.	Legalized CoPP No. 2019110066 dated 04-11-2019 indicating new manufacturing site issued by Danish Medicine Agency valid for two years
5.	Site master file of new manufacturing site in case of change of manufacturing site/ source.	Provided.
6.	Revised Sole Agency Agreement when there is change in MAH.	Not Applicable as MAH is not changed.
7.	Proof/ evidence of the contract between Product License Holder & manufacturer (with changed/ new name), where the manufacturer and product license holder are different entities.	Not applicable as both are same entities i.e. M/s Novo Nordisk.
8.	Undertaking that provided information/ documents are true & correct.	Provided.

The firm has two (02) pack sizes registered against one number (010346) i.e. 1's x 3ml and 5's x 3ml while the firm has only applied for change of 1's x 3ml pack size. The firm further submitted that 5's pack has been discontinued and confirmed the suspension of registration of 5's pack.

Decision: **Keeping in view the valid legalized CoPP indicating new manufacturing & packaging sites & approval of Danish Medicine Agency (Reference Regulatory Authority); Registration Board approved the change in manufacturing and packaging sites of 1's pack of Mixtard 30 HM Penfill (Reg. No. 010346) from M/s Novo Nordisk A/s, Denmark & M/s Novo Nordisk, Tianjin Plant, China to M/s Novo Nordisk (China) Pharmaceuticals Co. Ltd., No. 99 Nanhai Road, TEDA, Tianjin, 300457- Peoples Republic of China as per current Import Policy for finished drugs. Registration Board further cancelled the registration of 5's pack of Mixtard 30 HM Penfill (Reg. No. 010346) as communicated by firm vide letter NoSC/REG/03/2020 dated 10.06.2020.**

10. Registration of Imported Human Biological applied by M/s Vikor Enterprises (Pvt.) Ltd., Karachi approved in 293rd meeting of Registration Board.

Following product of M/s Vikor Enterprises (Pvt.) Ltd., Karachi was approved in 293rd meeting of Registration Board as per following details:

Name of Manufacturer	Brand Name & Composition	Document Details/ Pack Size	Decision of RB in 293rd meeting
M/s Bharat Biotech International Ltd., Genome Valley, Shameerpet	Typbar TCV Typhoid Vi Conjugate Vaccine Each dose of 0.5mL contains:	Legalized CoPP No. 8735/STORES/2019 dated 11-01-2019 valid upto 15-04-2020.	*Keeping in view the above discussion, WHO Prequalification and valid legalized CoPP indicating product availability in country of origin; Registration Board cancelled the approval of Typbar TCV from the name of M/s Sind Medical Store, Karachi granted in*

Mandal, Medchal District-500 078, Telangana, India	Purified Vi Capsular Polysaccharide of *Salmonella typhi Ty2* conjugated to Tetanus Toxoid... ….25µg	1's Vial (0.5mL)/ Not Provided.	*284th meeting and granted approval in name of M/s Vikor Enterprises (Pvt.) Ltd., Karachi as per current Import Policy for Finished Drugs. The Registration letter shall be issued after confirmation of cold storage facility of by the area FID and price verification from Pricing Division.*

Initially, the product was approved in 284th meeting of Registration Board in name of M/s Sind Medical Store, Karachi wherein the Board decided as follows:
"Keeping in view the WHO Prequalification and valid legalized CoPP indicating the availability of product in country of origin; Registration Board approved the product subject to price fixation by the Federal government and compliance of current Import Policy for finished drugs. The firm will submit new brand name along with NOC from manufacturer abroad and Chairman Registration Board is authorized for issuance of Registration letter."

However, while the product was approved in name of M/s Vikor Enterprises (PVt.) Ltd., Karachi, the scenario of brand name was not discussed. The product has already been referred to Pricing Division for price fixation. In this context, it is submitted that M/s Vikor Enterprises (Pvt.) Ltd., Karachi has informed that the brand name change is not possible as M/s Bharat Biotech International Ltd., India is the originator of this product and Typbar TCV is their brand name which is internationally recognized, even it is WHO Preferred vaccine (with the same name) and till to date this product is not available with any other name globally, so that would not be possible for their principal to give new name for them.

Decision: Registration Board deferred the case for further deliberation in next meeting.

11. Basagine Injection approved in 256th meeting of Registration Board applied by M/s Getz Pharma (Pvt.) Limited, Karachi.

Following product of M/s Getz Pharma (Pvt.) Limited, Karachi were approved in 257th meeting of Registration Board as per following details:

Name of Manufacturer	**Brand Name & Composition as per CoPP**	**Brand Name & Composition as per minutes of RB**	**Decision of RB in 256th meeting**
M/s Gan & Lee Pharmaceuticals Ltd., No.8, Jingsheng North 3rd Street, Golden Bridge Science Industrial Base,Zhongguancun Science Park, Tongzhou District, Beijing,China.	Basagine (Recombinant Insulin glargine injection) Each ml contains; - Recombinant InsulinGlargine…..…..100U	BASAGINE Solution for Injection 100Units/ml Each ml contains: Recombinant Insulin Glargine.. …100Units / ml Shelf Life: 2years (2-8^{0}C)	*Approved as per valid Legalized CoPP subject to inspection of manufacturer abroad as per Import Policy for Finished Drugs, verification of storage facilities and fixation of MRP by Pricing Committee.*

Accordingly, the panel inspection of manufacturer abroad was conducted on 25th& 28thNovember 2016 wherein the panel "Recommended" the facility and rated "Very Good".

It is submitted that as per available record the product is already registered from same source in name of M/s East West Pharmaceuticals Pakistan (Pvt) Ltd., Karachi with brand name Basalin

Insulin 100IU/3ml cartridge **(Reg. No. 053809)**. M/s Getz Pharma (Pvt.) Ltd., Karachi applied as new application and has provided the authorization letter in their name from M/s Gan & Lee Pharmaceuticals Ltd., China.

It is submitted that initial registration letter was issued dated 19-12-2008 in the name of M/s East West Pharmaceuticals Pakistan (Pvt) Ltd., Karachi. However, it has been informed by renewal section that renewal application has not been received in 2018, neither available in previous years.

To confirm status of the product from M/s East West Pharmaceuticals Pakistan (Pvt) Ltd., Karachi letter was forwarded on 19th June 2019. However, the letter forwarded was received backwith a note that no company with this title exist at the given address.

After searching for contacts, the firm was asked for address to which the specified letter could be forwarded. The firm informed that address of the firm is still the same and requested to resend the letter. The firm was advised to submit response and clarify its position on the matter within seven (7) days. However, no response was received. The case was taken in 291st meeting of Registration Board wherein the board decided as under;

"Registration Board advised DBER to issue a reminder to M/s East & West Pharmaceuticals Pakistan (Pvt.) Ltd., Karachi and to ask DRAP office, Karachi to provide the data of import of Basalin by M/s East & West Pharmaceuticals Pakistan (Pvt.) Ltd., Karachi. "

As per decision of Registration Board;

i. A reminder to M/s East & West Pharmaceuticals Pakistan (Pvt.) Ltd., Karachi was issued dated 5th November 2019 but no response has been received yet.

ii. DRAP office, Karachi was asked to provide the data of import of Basalin by M/s East & West Pharmaceuticals Pakistan (Pvt.) Ltd., Karachi. The reply has been received wherein the concerned office has informed that Basalin Insulin 100IU 3mL & 10mL Cartridge has not imported through this office since January 2018 to date, as per available record.

Decision: **Registration Board advised DBER to issue final letter to M/s East & West Pharmaceuticals Pakistan (Pvt) Ltd., Karachi and advise them to appear before Registration Board in forth coming meeting for personal hearing to explain their position regarding the authorization of their product Basalin in name of M/s Getz Pharma (Pvt.) Limited, Karachi by their principal M/s Gan & Lee Pharmaceuticals Ltd., China. If M/s East & West Pharmaceuticals Pakistan (Pvt) Ltd., Karachi failed to attend the meeting, Registration Board will make ex-party decision & shall grant the registration in name of M/s Getz Pharma (Pvt.) Limited, Karachi.**

12. Change in address of Importer of already registered human biologicals applied by M/s Genome Pharma, Rawalpindi.

M/s Genome Pharma, Rawalpindi applied for the change in address of importer for their already registered human biological as per following details:

Reg. No.	Name of Product	Previous Address	Newly Applied Address
062255	Folinis-150IU Injection	House No. 593-B, Street 10, Chaklala Scheme 3, Rawalpindi.	House No. 166-A, Street No. 9, Chaklala Scheme III, Rawalpindi. **Go-down:** C-19, Main Commercial, Access Road, RCCI Industrial Estate Rawat, Rawalpindi.

The firm has submitted the following documents:

a. Fee Challan of Rs. 5000/- for each product
b. Copy of initial registration letters and last renewal submissions

c. Copy of previous DSL.
d. Copy of new DSL indicating proprietor is same.
e. Original last renewal application of product is available in DBER.

It is pertinent to mention that Registration Board in its 293rd meeting has granted approval of above-mentioned change for five other biological products.

Decision: **Keeping in view the valid Drug Sale License, Registration Board approved the change in address of importer of above product from M/s Genome Pharma, House No. 593-B, Street 10, Chaklala Scheme 3, Rawalpindi to M/s Genome Pharma, House No. 166-A, Street No. 9, Chaklala Scheme III, Rawalpindi subject to storage facility verification of new godown situated at C-19, Main Commercial, Access Road, RCCI Industrial Estate Rawat, Rawalpindi.**

13. Registration of biological drug applied by M/s AGP Limited, Karachi, deferred in 292nd meeting of the Reg. Board:

Following biological product was applied by M/s AGP Limited, Karachiwhich was discussed in 292nd meeting of the Reg. Board held on 1st – 2nd October, 2019 and was deferred as per following details;

	Name of Applicant	**M/s. AGP Limited** B-23-C, S.I.T.E., Karachi.
	DSL details	Copy of DSL No. 0427 valid till 21-09-2019
	Name of Manufacturer	Manufacturer & Product License Holder **M/s Biocon Limited,** Special Economic Zone,Plot No.2, 3, 4 & 5 Phase IV, Bommasandra – Jigani Link Road,Bommasandra Post, Bengaluru – 560 099, India. Applicant for Certificate **M/s. Mylan Pharmaceuticals Pvt Ltd.,** Plot No.1-A/2, MIDC Industrial Estate, Taloja, Panvel, Dist-Raigad, Maharashtra – 410208.
	Brand Name Dosage Form Strength	**FULPHILA** PFS 6mg/0.6mL
	Composition	Each prefilled syringe contains: Pegfilgrastim……6mg/0.6ml
	Finished product specifications	As per Innovator
	Pharmacological Group	Immunostimulants
	Shelf life	36 Months (2^oC to 8^oC)
	International availability	Neulasta
	Alternate Products already registered in Pakistan	Peg- Filgen PFS by M/s BF Biosciences
	Type of Form Dy. No.&Date Fee submitted	Form 5-F. Dy.No.35617/(R&I)DRAP dated 26thOct, 2018. 100,000/-
	Demanded Price / Pack size	Rs. 59,668.47/ I's PFS
	General documentation	Legalized CoPP No. DCD/CR- 215/Spl.Cell – 1/2018-19 valid up to 10-01-2020

Biosimilarity data provided by the Firm is with NEULASTA	
WHO Biosimilarity Guidelines	**Data Submitted by the firm**
Quality Comparison 1. Physicochemical Characterization	**IDENTITY (PEG-GCSF)** Intact Mass Analysis (Determination of Protein Molecular Mass) -MALDI-TOF-MS Reduced SDS-PAGE analysis **PRIMARY STRUCTURAL CHARACTERISTICS (PEG-GCSF)** i. Non-reduced Peptide Mapping - Endoproteinase Glu-C - primary structure identification (amino acid sequence identification) and Disulphide linkage identification - RP-HPLC with UV(@215 nm)-ESI-MS and MSMS detection ii. Non-reduced Peptide Mapping - Trypsin (2nd protease) - primary structure identification - RP-HPLC with UV(@215 nm)-ESI-MS detection iii. N-terminal PEGylation (PEG + Fragment 1) Mass analysis – MALDI-TOF-MS analysis of PEG + Fragment 1 derived after Glu-C and Trypsin digest. iv. Average Molecular Mass and Polydispersity of the PEG moiety **HIGHER ORDER STRUCTURAL CHARACTERISTICS -SECONDARY AND TERTIARY (PEG-GCSF)** a. Secondary structural analysis - Far UV - CD Spectroscopy b. Secondary structural analysis – FT-IR Spectroscopy c. Tertiary folding structural analysis - Intrinsic Fluorescence Assay d. Tertiary folding structural analysis – Extrinsic Fluorescence Assay e. Free cysteine analysis by UV spectroscopy **PRIMARYANDHIGHERORDERSTRUCTURALCHARACTERISTICS – IDENTIFICATION (Intermediate GCSFstage)** a. Intact Mass Analysis (Protein Molecular Mass) – RP-HPLC-ESI-MSdetection b. Non-Reduced Glu-C Peptide Mapping - RP-HPLC-ESI-MS/MSMSdetection - Primary structural (amino acid sequence) identification and **SIZE VARIANTS** a. SE-HPLC – identity, purity and Size variants analysis b. Non-reduced CE-SDS analysis c. SE-HPLC coupled with Static Light Scattering (SLS); SE-HPLCcoupled with Dynamic Light Scattering (DLS) **CHARGE VARIANTS** a. CIEX-HPLC – identity, purity and Charge/PEGylation variants analysis b. Determination of pI by Capillary Iso-Electric Focusing analysis **HYDROPHOBIC VARIANTS** a. RP-HPLC – identity, purity and Hydrophobic variants analysis
2. Biological Activity	Biological activity using M-NFS-60 proliferation assay
3. Immunochemical properties	GCSF-R Binding kinetic assay
Impurities	i. HMWP (PEG-GCSF): aggregates, Dimers of PEG-GCSF, Di-PEG-GCSF ii. LMWP (PEG-GCSF): Des PEG (GCSF), N-terminal truncation (LMWP-1, LMWP-2, LMWP-3) iii. Post translational modification (PEG-GCSF): Methionine oxidationM122, M127, and M138, Q108 deamidation iv. Post translational modification (GCSF): Methionine oxidation, Misfolded or partially reduced GCSF species, Acetylated form,Cysteinylated v. Co-translational modification (GCSF): Formyl-Met-GCSF variant, Norleucine substitution at methionine residue, Sequence variants, MGO

	adduct, Gluconoylated GCSF
Stability Studies	The firm has submitted the stability study
Non-clinical Comparison i. In-vitro Studies ii. In-vivo Studies a. Biological/ Pharmacodynamic activity b. Non- clinical toxicity as determined in one repeat dose toxicity study	• Comparative 28-day subcutaneous repeat-dose toxicity study in Sprague Dawley rats of MYL-1401H and EU- NEULASTA followed by a 2-week treatment-free recovery period. • Pharmacology Studies a. In vitro GCSF-R binding assay b. In vitro bioactivity assay c. In vivo pharmacodynamic study • Toxicology Studies a. 28 days repeat-dose toxicity study in Rats/Hsd:Sprague Dawley
Clinical Comparison	Phase-I single center, randomized, double-blind, 3-period, 3-treatments, 3-way crossover trial to evaluate the PK, PD, safety and tolerability of pegfilgrastim from a test product (MYL-1401H) compared to reference products EU- and US-Neulasta®. In 216 individuals. Phase single center, randomized, open-label, parallel trial to compare immunogenicity, safety, and tolerability of myl-1401h and us-licensed pegfilgrastim (neulasta®) after two subcutaneous (sc) injections at one dose level (6 mg) in healthy subjects. 50 Subjects. Phase III, Multicenter, Double-Blind, Randomized, Comparative Efficacy and Safety Study of MYL-1401Hand European Sourced Neulasta® in Stage II/III Breast Cancer Patients Receiving Neoadjuvant or Adjuvant Chemotherapy. 194 patients were randomized and received study treatment; 127 (MYL-1401H) and 67 (EU-Neulasta) **(Above mentioned studies are sponsored by: Mylan GmbH Thurgauerstrasse 408050 Zurich, Switzerland**
Remarks of Evaluator	1. All clinical data and some non-clinical data provided in biosimilarity reveals that it is sponsored by Mylan GmbH Thurgauerstrasse 40 8050 Zurich, Switzerland. The product with a brand name Fulphila is also approved in FDA. However, the product label shows following; **Manufactured by: Mylan GmbH, Turmstrasse 24, 6312 Steinhausen, Switzerland U.S. License No. 2062 Product of India. Code No.: KR/DRUGS/KTK/28D/7/2006 Distributed by: Mylan Institutional LLC, Rockford, IL 61103 U.S.A.** The firm claims that the product registered in FDA is manufactured by Biocon India and there is collaboration between Mylan GmbH & Biocon. 2. The firm has also submitted a copy of CoPP from USFDA which is not legalized and notarized and mentions following; <u>Manufacturer name and address</u> Biocon Limited PlotNo.2-5 Phase IV, Bommasandra – Jigani Link Road, Bengalore, Karnataka – 560099, India. <u>Applicant for Certificate</u> Mylan GmbH, Thurgauerstrasse 40, Zurich, Zurich CH-8050 Switzerland U.S. License No. 2062 3. The manufacturing address Special Economic Zone, Plot No.2, 3, 4 & 5 Phase IV, Bommasandra – Jigani Link Road, Bommasandra Post, Bengaluru –560 099, India, has been exempted for ABEVMY in 290th meeting of Registration Board.
Decision in 292nd RB meeting: *"Registration Board deferred the case for submission of clarification regarding the provision of clinical and non-clinical trials of product manufactured by Mylan GmbH, Turmstrasse 24, 6312 Steinhausen, Switzerland instead of the applied product manufactured by M/s Biocon Limited,*	

India."

In the above context, the firm has submitted legalized CoPP (Certificate No. 03/19/ 137598) from EMA with followng details;

"Biocon Limited Special Economic Zone,Plot No.2, 3, 4 & 5 Phase IV, Bommasandra – Jigani Link Road, Bommasandra Post, Bengaluru – 560 099, India" (Also responsible for quality control, primary, and secondary packaging) *Site responsible for batch release in EU: McDermott Laborateries t/a Mylan Dublin Biologics, Newenham Court, Northern Cross, Malahide Road, Dublin 17 Ireland. Site responsible for quality control: Charles River Laboratories Ireland Limited, Carrentrila, Ballina, County Mayo, Ireland (AND) Charles River Laboratories Edinburgh Limited, Elphistone Research Centre, Tranent, Edinburgh, EH33 2ne, United Kingdom. Site responsible for secondary packaging: DHL Supply Chain (Italy) S.p.A, Viale delle Industrie, 2, 20090, Settala, Milano, Italy."*

Moreover, the EMA assessment report available at www.ema.europa.eu/documents/assessment-report/fulphila-public-assessment-report_en.pdf reveals that the product has been registered as biosimilar having having biosimilarity studies done with Neulasta.

Furthermore, the Mylan website (www.Mylan.com) includes both countries India and Switzerland.

Decision: Keeping in view the valid legalized CoPP indicating product availability in country of origin & EMA Public Assessment Report; Registration Board approved the product subject to compliance of current Import Policy for finished drugs.

14. Change of address of importer for products under registration / approved Biological drugs of M/s CCL Pharmaceuticals Pvt. Limited, Lahore deferred in 292nd meeting of Reg. Board:

Following products of M/s CCL Pharmaceuticals Pvt. Limited, Lahore have been approved in 288th meeting of Registration Board held on 14th -15th February 2019. The details are as under;

Sr. No	Name of Manufacturer	Brand Name & Composition	Shelf life/ Pack size	Document Details	Decision of RB in 88th meeting
1.	M/s AryoGen Pharmed., address No: 140, corner of Tajbakhsh street, 24th Km Tehran- Karaj Makhsous road, Alborz, Iran	AryoTrust (Trastuzumab) 150mg White to pale yellow powder for concentrate for solution for IV infusion. Each vial contains: Trastuzumab…150mg	2 years at 2-8^{0}C 1's vial	CoPP, Certificate No. 665/37430 Dated 21/07/2018	Keeping in view the biosimilarity data and valid legalized CoPPs provided by the firm indicating the products are available in country of origin; Registration Board approved the products subject to compliance of current Import policy for finished drugs.
2.		AryoTrust (Trastuzumab) 440mg White to pale yellow powder and solvent for concentrate for solution for IV infusion. Each vial contains: Trastuzumab.…440mg + Bacteriostatic water for injection….20ml	2 years at 2-8^{0}C (1'sPowder vial + 1's 20ml BWFI vial) Combo pack	CoPP, Certificate No. 665/37442 Dated 21/07/2018	

The firm has been granted inspection exemption by the competent authority.

It is submitted that the firm has submitted two (2) DSLs which are in their name i.e.

DSL for which the product was registered	DSL for which cold storage facility has been verified
65-Industrial Estate, Kot Lakhpat, District Lahore	5-km, Sheikhupura Road, Tehsil Muridke

The case was taken in 292nd meeting of Reg. Board wherein the board decided as under;
"Registration Board refer the case to Legal Division of DRAP for confirming the legal provision as per Drug Act, 1976 and rules framed there under covering instant request of the firm."

The legal provision from Legal division was sought which is reproduced as under;
"As per Form 11 of the Punjab Drug Rules 2007 (Amended in 2014) the licensee can only stock/store registered products on the licensed premises or gowdown(s), if any, specified in the aforesaid license. Rule 17ibid stipulates that if a person desire to sell, store, exibit for sale or distribute drugsat more than one place, he shall apply for a separate license in respect of each place. However, this rule shall not apply in case the drugs are properly stored in gowdown, used only for storage of drugs and which meets the storage conditions and enlisted alongwith its complete address on the license."

However, meanwhile, the firm has applied for change of address for their above mentioned products. In this context, the firm has submitted following;

i. Fee of 5000/- for each product
ii. Revised Form 5A
iii. Previous DSL
iv. New DSL valid
v. Cold Storage facility report of the site is already available with the division.

The details of previous and new DSLs are as under;

DSL	Title of the firm	Proprietor / CNIC No.	Address
Previous	M/S CCL PHARMACEUTICALS (PVT.) LTD	Mr. Shoab Ahmed s/o Haji BAshir Ahmed 31303-2351640-5	65-Industrial Estate, Kot Lakhpat, District Lahore
New	M/S CCL PHARMACEUTICALS (PVT.) LTD	Mr. Shoab Ahmed s/o Haji BAshir Ahmed 31303-2351640-5	5-km, Sheikhupura Road, Tehsil Muridke, District Sheikhupura

Decision: **Keeping in view the valid Drug Sale License, Registration Board approved the change in address of importer of above products from M/s CCL Pharmaceuticals Pvt. Limited, 65-Industrial Estate, Kot Lakhpat, District Lahore to M/s CCL Pharmaceuticals Pvt. Limited, 5-km, Sheikhupura Road, Tehsil Muridke subject to storage facility verification of new address.**

15. Deferred case of Change of address for importer on registration letter of RhoGAM® Ultra-Filtered Injection. (Reg. No. 005571) applied by M/s Majeed Sons, Rawalpindi:

M/s Majeed Sons, Rawalpindi has applied for change of address on registration letter of RhoGAM® Ultra-Filtered Injection. **(Reg. No.** 005571**)**. The detail is as under;

Reg. No. & Date of Reg.	Brand Name of Product	Manufacturer	Address of importer on Reg. Letter	Applied / desired address of importer
005571 23-08-1995	RhoGAM® Ultra-Filtered Injection.	M/s Kedrion Biopharma USA 155, Duryea Road, Melville N.Y 11747, USA	M/s Majeed Sons, 55-A,Civil Lines, Mayo Road, P.O. Box 904, Rawalpindi Cantt.	M/s Majeed Sons, 115, Kahuta Industrial Triangle, Tehsil & District Islamabad

The firm has submitted;

i. Fee Rs. 5000/-
ii. Copy of registration letter and evidence of submission of renewal application
iii. Copy of DSL

It is pertinent to mention that in DSL, mentioned address is "115, Kahuta Industrial Triangle, Tehsil & District Islamabad*"* but cold storage facility report is not available with this division.
The case was deferred in 293rd meeting of Registration Board and the Board deferred the case for submission of NOC from previous proprietor**.**
Now the firm has submitted No Objection Certificate (NOC) given by the previous proprietor i.e. Mr. Shamim Ahmed Khan to the new proprietor.

Decision: Keeping in view the valid Drug Sale License and NOC given by previous proprietor, Registration Board approved the change in address of importer of above products from M/s Majeed Sons, 55-A,Civil Lines, Mayo Road, P.O. Box 904, Rawalpindi Cantt. to M/s Majeed Sons, 115, Kahuta Industrial Triangle, Tehsil & District Islamabad subject to storage facility verification of new address.

16. One Time Permission to Import RhoGAM® Ultra-Filtered Injection. (Reg. No. 005571) from previous filling and release site applied by M/s Majeed Sons, Rawalpindi:

The request of M/s Majeed Sons, Rawalpindi received through QA & LT division wherein they have applied for One Time Permission to Import RhoGAM® Ultra-Filtered Injection. (Reg. No. 005571) from previous filling and release site under the special SRO.
The request of the firm is reproduced as under for ready reference.

"With reference to our registered product RhoGAM® Ultra-Filtered Injection. (Reg. No. 005571) . Please note that we had applied for change of Filling and Release site received the letter of the same from the competent authority.

Now the new filling and release site (Kedrion) will take approximately 3 months to be functional while ready stock of previous filling and release site (Ortho) which is of short shelf life is available with the manufacturer.

This product is life saving and is used in RH Negative pregnant women to save the life of new born. Thus it is important that there must be availability of this product to handle such emergency cases because we already have in hand demands of this product. So it is requested to grant one time approval
to import consignment, under special SRO, on priority basis so that patient may not face shortage of the product which may be life threatening."

Decision: Registration Board decided to refer the case back to QA&LT Division as there is no rule that allows Registration Board to give such permission.

17. Imported Veterinary Vaccines applied by M/s Hilton Pharma (Pvt) Ltd, Karachi deferred in 292nd meeting of Registration Board.

Following product of M/s Hilton Pharma (Pvt.) Ltd., Karachi was deferred in 292nd meeting of Registration Board as per following details:

11.	**Name of Importer**	**M/s Hilton Pharma (Pvt) Ltd,Plot No.13 & 14, Sec 15, Korangi Industrial Area, Karachi**
	DSL details	CDSL No: 0751Expiry Date: 19-06-2020 Place: Karachi
	Name of Manufacturer	PT. MedionFarma Jaya Address Office: JI. BabarkanCiparay No.282, Bandung 40223, Indonesia Address Plant: JI. Raya Batujajar No.29, Bandung, Indonesia

	Brand Name +Dosage Form + Strength	**Medivac AE Pox** Freeze dried live vaccine for poultry
	Composition	Each dose contains:- Each dose of vaccine contains: Fowl pox virus of M-92 strain….at least $10^{3.0}EID_{50}$ Avian encephalomyelitis (AE) virus Calnek 1143strain……..at least $10^{2.5}$ EID_{50} **Composition of Diluent:** Each ml of Medivac AE Pox Diluent contains: Glycerol 20% Distilled water 80%
	Finished product specifications	Ph. Eur. Specifications
	Pharmacological Group	Veterinary Vaccine
	Shelf life	24 months (2^0C -8^0C)
	Products already registered in Pakistan	Gallivac AE+FP (Reg. No. 084603)
	Type of Form Dy No & Date of application, Fee submitted	Form-5A Dy. No. 8355 (R&I) Dated 13-06-2019 Rs. 50,000/- Dated 24-05-2019
	Demanded Price / Pack size	Decontrolled/ 5,00 Doses& 1000 doses with diluent
	General documentation	CoPP No.04135/PI.500/F/06/2018 dated 04-06-2018 issued by Ministry of Agriculture Directorate General of Livestock And Animal Health Services Indonesia CoPP No.08024/PI.500/F/10/2019 dated 18-10-2019 issued by Ministry of Agriculture Directorate General of Livestock And Animal Health Services Indonesia
	Decision of 292nd meeting of RB	*Registration Board deferred the case for submission of stability study data by the firm.*
	Remarks of Evaluator	Now the firm has submitted the stability study data along with the revised CoPP wherein the diluent is mentioned. The composition of the diluent is mentioned in the Form 5-A

Decision: Keeping in view the valid legalized CoPP indicating product availability in country of origin; Registration Board approved the product subject to compliance of current Import Policy for finished drugs.

18. Change in address of importer applied by M/s Hipra Pakistan (Pvt) Limited, Lahore.

M/s Hipra Pakistan (Pvt) Limited, Lahore has applied for the change in address of importer for their following veterinary vaccines as per following details:

S. No.	Reg. No.	Name of Product	Previous Address	Newly Applied Address
1.	094782	HIPRAGUMBORO-GM97	Office no.3&4,5th floor, 105-B-II, Ali Tower, M.M Alam Road, Gulberg, Lahore.	3rd floor, Plot no.8, Block CCA, Phas w 6-C,DHA, Lahore.

28.	Under Process. Approved in 286th meeting.	NASYM		
29.	Under Process. Approved in 286th meeting.	HIPRADOG-7		

The firm has submitted the following documents:

f. Fee Challan of Rs. 5000/- for each product
g. Copy of initial registration letter
h. Copy of previous DSL.
i. Copy of new DSL indicating proprietor is same.

All the products are recently transferred/fresh Registration (after 2018) in the name of the said importer therefore renewal is not yet.

It is to be noted that the proprietor of the company on the new DSL is also change and the NOC from the previous proprietor has not been submitted instead the firm has submitted notarized copy of the Resignation letter of the previous proprietor and notarized copy of the appointment letter of the new proprietor. And the firm has opinion that "**The NOC is not possible to have from his side as he himself has resigned so that for your reference we have submitted his resignation letter"**

Decision: Registration Board deferred the case for legal opinion by Legal Affairs Division of DRAP on above matter.

19. Deferred cases of M/s LDS pvt. Ltd., Rawalpindi, Pakistan.

Following product of M/s LDS Pvt. Ltd., Rawalpindi was deferred in 291st meeting as per follows:

Name of Importer	**M/s LDS pvt. Ltd. 111, Hali Road, Westridge 1, Rawalpindi, Pakistan**
DSL details	License No. 01-374-0176-041296D dated 07-03-2019 valid till 07-03-2021
Name of Manufacturer	**Manufacturer:** M/s Lyocontract GMBH Pulverwiese, Trift, Ilsenburg, D-38871, Germany **Marketing Authorization Holder:** Biofactor Gmbh Rudolf Huch Str 14, Bad Harzburg, D-38667, Germany
Brand Name +Dosage Form + Strength	**Biofactor** Streptokinase 15,00,000 Powder for infusion
Composition	Each vial contains: Streptokinase……15,00,000 IU
Finished product specifications	BP specifications
Pharmacological Group	Thrombolytic
Shelf life	12 months when stored at 30 ^{0}C 36 Months Store below 25^{0}C (Stability study not provided as per Zone IV-A)
International availability	Germany
Products already registered in Pakistan	DURAKINASE INJECTION of M/s Medisure Karachi
Type of Form Dy. No. Date of Application, Fee submitted	Form-5A Dy. No 6845 Dated 22-02-2018 Rs. 100,000/- Dated 22-02-2018
Demanded Price / Pack size	Rs. 11,800/1's vial
General documentation	**CoPP No.PP10138834** dated 23 July 2015 issued by MHRA UK declaring the free sale of applied product but does not conduct inspection of the facility. However it is mentioned in CoPP that the certifying regulatory has been satisfied by the applicant on all aspect of manufacture of the product including GMP. **GMP Certificate No.DE-ST-01-GMP-2017-0008 dated 3rd February,2017** issued by Landesverwaltungsamt Saxony-Anhalt Department of Public Health ,Pharmacy Ernst-Kamieth-Strabe 2 06112 Halle/ Saale Germany.
Remarks of Evaluator	i. Submitted Letter of authorization to M/s LDS pvt. Ltd Pakistan from M/s Karma Pharmatech GmbH Germany, which is neither manufacturer nor Product license holder. The firm submitted a copy of letter indicating that the transfer of MAH is already fixed by contract and the transfer is scheduled in 4th quarter in name of M/s Karma Pharmatech GmbH. ii. Clinical data is not provided and M/s LDS Pvt. Ltd submitted that applied product is generic hence no need of clinical data.

Decision of 291st meeting of Registration Board: Registration Board deferred the case for submission of following by the firm:

a. Valid legalized CoPP issued by concerned regulatory authority
b. Clarification of difference of product license holder on CoPP and letter of authorization
c. Clinical trial data Or any legalized document from regulatory body of country of origin indicating that clinical trial is not necessary for Streptokinase.

The firm has submitted reply in response which are summarized below;

For Point no. a, the firm has submitted New CoPP issued by MHRA which is not legalized. &notarized copy of the same CoPP legalized from the Pakistan Embassy in Germany. The firm has once again stated that as the original CoPP is released from MHRA UK and bears the hologram, therefore it is not possible to get it legalized by the Embassy in UK (Legalization is not possible in UK). The firm has submitted that the said product is registered in MHRA UK & manufactured in Germany and application has been submitted for registration in Germany (on 22.05.2019), the process is ongoing.

For Point no. b, the firm has submitted New CoPP, in which the Market Authorization holder M/s Karma Medica GmBH Germany which the same agent who has issued Authorization letter to M/s LDS in Pakistan.

For Point no. c, the firm has submitted that the clinical documentation of submitted product Streptokinase is completely literature based as the current submitted application makes reference to the data generated in the clinical trials of the originator product. The firm has further submitted that Karma Pharmatech has taken over the MA of the originator (Braun Streptokinase) and the composition of the product, the efficacy as demonstrated in the clinical studies is based on this product. The clinical studies have been performed in the 70s, since then the product is constantly marketed and there are no hints with regard to an impaired risk-benefit balance. The firm also submit the literature references & summaries clinical research studies of the Streptokinase molecule in different indications on the basis of which they claim the said product is registered.

Decision: **Keeping in view the valid legalized CoPP indicating product availability in country of origin & approval of MHRA (Reference Regulatory Authority); Registration Board approved the product subject to compliance of current Import Policy for finished drugs.**

20. Local human Biological applied for registration by M/s Macter International Limited, Karachi.

The following product for the local manufacturing biological drug was considered in 246th Meeting of Registration Board held on 10-11th December, 2014 but later on the Registration Board in its 270th meeting advise the division of Biological drugs to come up with working paper in the next meeting. The final guidelines regulatory requirements of Biological drugs using rDNA technology has been approved in 278th meeting of Registration Board. The Detail is as under;

1.	Name of Manufacturer	M/s Macter International Limited,F-216, Site, Karachi
	Brand Name +Dosage Form + Strength	Macgrastim ***300 mcg/1.2ml*** *(Filgrastim-Recombinant human granulocyte colon-stimulating factor*
	Composition	Each vial contains: Filgrastim…..300mcg/1.2ml
	Finished product specifications	BP Specification
	Pharmacological Group	Therapeutic Protein
	Shelf life	2 years when stored
	Products already registered in Pakistan	Grastim by CCL Pharma, Lahore.
	Type of Form Dy No & Date of application, Fee submitted	Form-5, Dy No.1118/2014(R&I) dated 10-10-2014 Rs. 20000 dated 16-09-2014
	Demanded Price / Pack size	Price: As per PRC Pack of 1's (Vial)

	Remarks of Evaluator	

The firm has submitted data as per the said guidelines. The submitted documents are evaluated as under;

Documents required as per 278th RB decision for Biological Drugs (Concentrated Form/Ready to fill Form)	**Documents submitted by firm**
1. The firms shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	Provided
2. The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	Provided
3. The firm shall provide the complete Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured either from country of origin or by any reference regulatory authority as adopted by Registration Board to demonstrate the bio-similarity.	Provided & Evaluated below
4. The firm shall provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	In China Filgrastim (rhG-CSF) is not included in products which require LOT Release Certificate.
5. The firm shall provide the 6 months accelerated and real time stability studies for drugsubstance.	Provided
6. The local manufacturer shall manufacture three trial batches of the finished biological product to finalize the formulation and then perform analytical studies(Physicochemical and biological) including protein content, appearance, pH, Osmolality, composition of key excipients including stabilizers (if formulation is same),visible/subvisible particles, identity testing to parent molecule, purity testing, in vitro biological activity, sterility, Pyrogen content, safety, potency and toxicity with support of iso-electro focusing data, gel electrophoresis, Western-Blot and other analytical techniques). **The firm shall submit the results for processing of registration application.**	Provided
7. The manufacturer shall perform all tests locally as detailed on Certificate of analysis.	Provided
8. The firm shall also provide the list of finished products being manufactured from same bulk concentrate or ready to fill form in any country of the world (if available).	Provided
9. The firm shall provide the agreement with the source (of bulk concentrate/ready to fill)that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Not Provided
10. Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will before forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event, immediate mandatory reporting procedure shall be followed.	Layout plane submitted.
11. The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk and finished product as required vide Rules 30 of Drug (LR&A) Rule.	Provided
12. If any of the conditions is not fulfilled or public health risk reported at any stage, the drug registration shall stand cancelled with immediate effect.	Provided
13. All the provisions as contained in the Drugs Act, 1976 and rules made there under including provisions of Lot Release certification from National Control Laboratory for Biologicals shall be strictly adhered to.	Provided

Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured from country of origin.	
WHO Bio-similarity guidelines	**Data submitted by the firm**
Quality Comparison Physicochemical characterization	i. Molecular Weight by Reducing SDS-PAGE ii. **Assay for chemical structure by following methods** a. Sequencing for recombinant DNA b. UV Spectrum c. Composition of Amino Acids d. Peptide Mapping e. N-terminal sequencing of rhG-CSF by Edman degradation
Biological Activity	**In-vivo activity** by Activity of rhG-CSF in vivo (Effects of rhG-CSF on CY-induced myelosuppression in rhesus Monkeys): In-vitro activity by a. 3H-TdR assay , b. MTT assay using NFS-60 cell line
Immunochemical properties	a. Identification (by Western Blot) b. ELISA (Enzyme-linked Immunosorbent Assay)
Impurities	**Purity assay by following methods** a. Non-Reducing SDS-PAGE & Reducing SDS-PAGE b. Isoelectric focusing c. Reverse Phase HPLC d. SEC-HPLC (Size Exclusion Chromatography HPLC) e. Capillary Electrophoresis
Stability Studies	Stability studies are provided.
Non-clinical Studies	**In Vitro Pharmacodynamic Study:** Effect of rhG-CSF on the proliferation of normal mouse and human bone marrow cells in vitro Effects of rhG-CSF on Acute Radiation-induced Hematopoietic Injury in Mice **Toxicity study is provided but not comparative.**
Clinical Studies	A Comparative Study between Jilifen (rhG-CSF) Hangzhou Jiuyuan Gene Engineering Co., Ltd China and Gran (rhG-CSF) manufactured by Kirin Brewery Company, Japan in Hematological Malignancy **(Conducted in 15 hospitals in Shanghai from Mar to Jun 1998)**

Decision of 291st meeting Registration Board: Registration Board deferred the case for submission of following by the firm:

a. Comparative toxicity studies data under biosimilarity studies.
b. Clarification regarding the import of finished product from same source with same name.

For the point no. (a) the firm has submitted that since comparative clinical studies in humans are provided and proving similarity in toxicity, importance of comparative toxicity data in animals is of secondary in importance and is not critical or confirmatory nature and ss per Chinese Biosimilar guidelines states that if Bio-similarity is proven by PK/PD and immunogenicity there is no need to do comparative toxicity in animals.

While the point (b), the firm has submitted that the finish product applied by them with the name brand name is from the different source and in the different dosage form i.e. PFS. And further it has been submitted by the firm that they will change the brand name of the finish product if required.

The original reply of the firm has been reproduced as under for ready reference and understanding.

a) "Our case of Macgrastim 300mcg, liquid solution for injection was deferred in 291st DRB meeting of DRAP on the basis of comparative toxicity data in bio

similarity studies, in this context we want to clarify that we have submitted comparative clinical trial in humans in which efficacy & safety (side effects & toxicity profile) are compared. (Refer to Vol.II annexure d.3 clinical study report page 1-7).

b) Since comparative clinical studies in humans are provided and proving similarity in toxicity, importance of comparative toxicity data in animals is of secondary in importance and is not critical or confirmatory nature.

c) As per Chinese Biosimilar guidelines states that if Bio-similarity is proven by PK/PD and immunogenicity there is no need to do comparative toxicity in animals.

d) Since robust comparative structural and quality data is given which suggests high similarity with innovator product (Refer to Macgrastim dossier as mentioned in annexure-d. biosimilarity study).

e) Since finished drug of same manufacturer is already registered in Pakistan and is marketed by AA pharma with brand name JILIFEN injection registration No.045618.

f) Accepting Dr. Sarfraz Niazi petition US FDA has accepted that if robust analytical data suggests similarity then comparative clinical trial data is unnecessary to prove similarity. (see attached recent US FDA draft guidelines on Insulin page 3, lines 95-107. Insulin and GCSF are similar size peptides of same class cytokines.

g) US FDA updated thinking reflects that requirement of even comparative clinical data can be waived while in our case comparative clinical trial data in humans is given and toxicity data in animals is provided but it is not comparative. As per current thinking of US FDA comparative toxicity in animals is of no importance. In Macgrastim case we have submitted robust comparative analytical, structural and human clinical studies and single arm extensive toxicity data in animals is also submitted which stands sufficient to prove bio-similarity. We request that our product Macgrastim solution for injection (300ug Filgrastim) may kindly be approved for registration.

h) Same product with same formulation is registered & marketed in china i.e. country of origin

Second query was clarification regarding the import of finished product from same source with same name.

a) We also want to clarify that Macgrastim prefilled syringes (PFS) & Macgrastim 300mcg, liquid solution for injection are two different dosage form and both of them are from two different sources. The source of Macgrastim prefilled syringes is BEIJING SL PHARMACEUTICAL.CO LTD while the source of Macgrastim vials containing liquid solution for injection is HANGZHOU JIUYUAN GENE ENGINEERING CO., LTD. As Macgrastim prefilled syringe was also applied by us for registration. We are waiting for some data from our source BEIJING SL PHARMACEUTICAL.CO LTD and we may change brand name if required.

Decision: **Registration Board deferred the case for further deliberation in next meeting regarding point number 6 of guidelines and advised DBER to bring up the details of all similar cases which have already been approved on the basis of guidelines approved in 278th meeting of Registration Board.**

ITEM NO. 01– OLD CASES RELATED TO DRAP OFFICE, QUETTA REFERRED BY HONOURABLE DRUG COURT QUETTA.

It is submitted that the FID,Q@K vide letter vide letter 3-1/2009-FID(Q)K dated 28.01.2019 stated that the Honorable Drug Court, Quetta has passed the orders during proceedings on 3rd December, 2018 in the case titled "Surat Khan Medical Store and others" to provide the list of pending cases of DRAP, Quetta. Moreover, the FID Quetta requested vide letter No.3-1/2019-FID(Q) K dated 05th August 2019 "the old pending cases may kindly be discussed in the Boards concerned on priority basis and necessary decisions may kindly be passed in order to submit the status/copies of decisions in the Honorable Drug Court, Quetta".

As per information provided regarding the cases referred by the Honorable Drug Courts, Quetta and FID, Quetta @ Karachi, as per records shared by DRAP Office Quetta, following are the details of cases. The FID Quetta claimed that the cases were submitted to the Chairman CLB&RB, Government of Pakistan, de-funct Ministry of Health, Islamabad in the said years. As per available record of the section it seems that the referred cases by the FID Quetta were not processed and found pending to date due to reasons not revealed yet.

In light of request of FID Quetta, the agenda of said pending cases have been prepared according to records available in the section and the records shared by DRAP Office Quetta, for the consideration of Board please. The details of the cases are as under:-

Case No. 01: CASES DECIDED BY BOARD FOR WHICH IMPLEMENTATION PART IS NOT TRACEABLE/PENDING.

Name of drug	Manufact-ured by	Declared by CDL as	Current Status of case	Decision of 291st Meeting of RB held on 02-04th September, 2019	Communication of Decision of 291st RB	Proceeding & Decision of 292ndmeeting of RB held on 01-02 Oct, 2019
1. Tabs. Paracetamol **Batch No.** 1595	M/s Pakistan Pharmaceutical and chemical Hyderabad	Substand-ard	Case decided by Drug Registration Board in its 234th Meeting held on 23.07.2012 and decided as under: • Suspension of registration of Paracetamol 500mg Tablet (Reg. No. 004251) for 2 months, • Panel inspection of the firm for qualitative investigation of case. • Resumption of production will be after satisfactory inspection report of panel and approval of chairman, Registration Board. • Sampling of drug after resumption of production. The decision of the Board was communicated vide letter no. 03-33/2009-DDC(QC-I) dated 10th August, 2012	The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under: • That area FID be directed to communicate the implementation of aforesaid Board's decision of the case. • The Board further directed area FID to comply with/enforce the Board's decision in its letter & spirit and where required conduct the panel inspection comprising of following panel members and submit report: 1. The area Additional Director, field office DRAP 2. The area FID 3. The area Assistant Director (I&E) That the area FID shall submit a complete report including	The decision has been communicated to quarter concerned vide letter 03-41/2019-QC (291-DRB) dated 19-09-2019 for compliance of the decision of Board.	The Board was apprised that the reply from the Federal Inspector of Drugs are still awaited because 15 days period was given to them for the said purpose which has yet not expired. The Board further directed to update Drug Court as per report of respective DRAP office and place the case in forthcoming meeting of Registration Board.

			and 29th August, 2012 to the quarter concerned for its implementation.	implantation status alongwith supporting documents/evidences/ annexures/inspection reports **within 15 days positively**. Non-compliance to the aforesaid directions will lead to disciplinary proceedings as per law.		

Response of FID vide letter no.F.SAA-001/2019-FID-V(K)(INV) dated 30th September, 2019:

"In compliance to decision of the Drug Registration Board undersigned along with Dr. Kirshan, Assistant Director, DRAP, Karachi visited the premises of M/s Pakistan Pharmaceuticals and chemicals, A-34, SITE, Hyderabad on dated 30th September, 2019 to ensure the implementation of the decision of the 234th Meeting of Drug Registration Board. During the course of the visit Mr. Sultan-ul-Haq Qureshi and Miss Maqsooda Begam (QC Incharge) were present at the premises, the manufacturing section of the firm was closed and it was observed that there was no any manufacturing activity being carried out for some time period, in addition there was no any record of said batch of paracetamol available at the premises of the firm and no any fresh stock of tablet paracetamol was available for re-sampling. The owner of the firm informed that they had never produced the said batch number (B.No. 10) of product paracetamol tablet and never received any letter pertaining to the said batch number from the DRAP, Islamabad / any concerned quarter."

Additional Director, DRAP, Karachi has been telephonically once again requested to send the implementation status before the meeting.

Proceedings and Decision of Board in its 293rd Meeting

The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

- That area FID be directed to again visit the firm and communicate the implementation of Board's decision of the case.
- The Board once again directed area FID to comply with/enforce the Board's decision in its letter & spirit and where required conduct the panel inspection comprising of following panel members and submit report:
    1. The area Additional Director, field office DRAP
    2. The area FID
    3. The area Assistant Director (I&E)

That the area FID shall submit a complete report including implantation status along with supporting documents/evidences/ annexures/inspection reports **within 15 days positively**. Non-compliance to the aforesaid directions will lead to disciplinary proceedings as per law.

In light of the above said decision of the Registration Board in its 293rd meeting, the area FID, DRAP, Karachi was requested vide letter No.F.03-65/2019-QC (293rd RB) dated 21st April, 2020 to comply with the decision of the Registration Board in its true letter and spirit. Reminder of the above said letter is also issued on 02-06-2020.

Till now, no report has been submitted by the area FID, DRAP, Karachi in the instant case.

Proceedings and Decision of Board in its 295th Meeting

The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

- **Last/final chance shall be given to the FID/Investigation officer for compliance of the already communicated decision in the instant matter and submit complete report including implementation status along with supporting documents/evidences/ annexures/inspection reports within 15 days positively.**
- **QA&LT Division, DRAP, Islamabad is advised to direct Federal Inspector of Drugs/Investigation**

officers for compliance of decision of Registration Board within stipulated time.						
2. AB -Clor **Batch No.** D-173	M/s Alience Pharmaceuticals Peshawar	Sub-Standard and Adulterated	Case decided by Drug Registration Board in its 234th Meeting held on 23.07.2012 and decided as under: • Suspension of registration of AB-Clor 250mg/5ml Suspension till the submission of stability data by the firm, • Panel inspection of the firm for qualitative investigation of case. • Resumption of production will be after satisfactory inspection report of panel and approval of chairman, Registration Board. • Sampling of drug after resumption of production. The decision was communicated vide no.F.3-28/2009-QC-I dated 10th August, 2012 and 29th August, 2012 to the quarter concerned for its implementation.	The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under: • That area FID be directed to communicate the implementation of aforesaid Board's decision of the case. • The Board further directed area FID to comply with/enforce the Board's decision in its letter & spirit and where required conduct the panel inspection comprising of following panel members and submit report: 1. The area Additional Director, field office DRAP 2. The area FID 3. The area Assistant Director (I&E) That the area FID shall submit a complete report including implantation status along with supporting documents/evidences/ annexures/inspect	The decision has been communicated to quarter concerned vide letter 03-41/2019-QC (291-DRB) dated 19-09-2019 for compliance of the decision of Board.	The Board was apprised that the reply from the Federal Inspector of Drugs are still awaited because 15 days period was given to them for the said purpose which has yet not expired. The Board further directed to update Drug Court as per report of respective DRAP office and place the case in forthcoming meeting of Registration Board.

				ion reports **within 15 days positively**. Non-compliance to the aforesaid directions will lead to disciplinary proceedings as per law.		

Response of FID-II, DRAP, Peshawar vide No.F.11-54/19-Alliance-DRAP(P)-FID-II-6092:
"[…]The firm has submitted in reply that they appeared for personal hearing before the 234th DRB Meeting held on 23rd July, 2012.
3. The panel constituted vide letter no. F.3-28/2009-QC-I dated 29th August, 2012 conducted inspection on 05th and 26th December, 2013 wherein panel recommended restoring the production of the product.
Recommendation.
Therefore the panel recommends restoring the production of AB-Clor dry powder suspension as the firm has done sufficient improvements on the advice of the panel. (Copy of inspection report attached).
4. However there is no approval of Chairman, Registration Board available as per available office record.
5. Sampling of drug has also not been done as the firm has not manufactured the said product batches as per their letter no. 104-All/QC-19-20 dated 25th Sep, 2019. (Copy attached).
[…]"
6. As per company statement dated 25-09-2019 in the light of decision by DRB, despite recommendation by the panel regarding restoring the said product until now we have not manufactured the said product. However, no stability data is attached with the report.

Proceedings and decision of 293rd meeting of the Board

In the light of report submitted by FID, Peshawar, the board decided to verify the claims of the firm by corroborating it with import data of raw material required for manufacturing of product AB-Clor and place the case in forthcoming meeting of Registration Board. Aforementioned data shall be verified by DRAP, Peshawar.

In light of the above said decision of the Registration Board in its 293rd meeting, the area FID, DRAP, Peshawar was requested vide letter No.F.03-65/2019-QC (293rd RB) dated 22nd April, 2020 to comply with the decision of the Registration Board in its true letter and spirit. Reminder of the above said letter is also issued on 02-06-2020.
Till now, no report has been submitted by the area FID, DRAP, Peshawar in the instant case.

Proceedings and Decision of Board in its 295th Meeting.

The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

- **Last/final chance shall be given to the FID/Investigation officer for compliance of the already communicated decision in the instant matter, to verify the claims of the firm by corroborating it with import data of raw material required for manufacturing of product AB-Clor and submit complete report within 15 days positively.**
- **QA&LT Division, DRAP, Islamabad is advised to direct Federal Inspector of Drugs/Investigation officers for compliance of decision of Registration Board within stipulated time.**

FID, DRAP, Lahore vide No. 13146 /2019-DRAP (L-IV) dated 18.10.2019 forwarded the inspection report, which was conducted on 03rd October, 2019 by a Panel of inspectors from DRAP Lahore and conclusion of report is reproduced as under:

> *"Samples of the available batches of the product under investigation were drawn and sent to CDL for test analysis. The panel of inspectors was of the view that the firm was not operating at a satisfactory level of compliance with GMP with respect to liquid injectable section. The firm was advised to upgrade the section immediately and to meet GMP requirements."*

It is submitted that the aforesaid inspection report has already been forwarded to QA-Section for taking legal

action with reference to the report of FID.

Proceedings and Decision of 293rd Meeting of the Board:

The Board after detailed discussion and deliberations after considering the facts of the case decided as under:

"the matter shall be placed again before the Board to decide the fate of registration of product in question, after having decision of Central Licensing Board on GMP non-compliance in Liquid Injectable Section by M/s Raazee Therapeutics, Lahore"

It is submitted that the Central Licensing Bord in its 273rd meeting held on 15-01-2020 decided as follows:-

1. Constitute following panel of Export for detailed GMP Inspection of the firm:-
   i. Dr. Munawar Hayat, CDI, Punjab.
   ii. Mr. Ajmal Sohail Asif, FID, Lahore
   iii. Area FID Lahore.
2. Direct the panel to submit detailed report with clear and candid recommendation:
3. Production in the Liquid injectable Section shall remain suspended till verification by panel of exports and subsequent approval by the Central Licensing Board
4. Refer the case to Drug Registration Board for necessary action at their end regarding manufacturing and sale of substandard Narobe Infusion B.No.104092.

Proceedings and Decision of Board in its 295th Meeting.

The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

"To issue show cause notice & personal hearing letter to the firm for suspension/cancellation of the said product."

4. Area FID, DRAP, Karachi vide No.F. 01-03/2019-FID-(K-iii&iv) dated 30th September, 2019 submitted as under:

"I have the honor to refer DRAP, Islamabad letter no. 03-41/2019-QC (291-RB) dated 19th September, 2019 on the subject cited above. In this regard it is submitted that at the time of visit there is "No'' shop/ distributor in the name of R.Y. International in Zeenat Medicines Market. Denso Hall Karachi. **As per directions the cGMP inspection could not be conducted as the subject product manufactured and imported from France as per the above subject."**

It is pertinent to mention that DRB decided in its meeting No. 219th held on 20th August, 2009 as under:

- **Conduct CGMP inspection**
- **Investigate the matter through a panel**
- **To draw the fresh samples.**

Furthermore, according the available record with Section the CDL test report of the said sample is time barred and received after 392 days.

As the shop of M/s R.Y. International in Zeenat Medicines Market Denso Hall Karachi could not be identified by the area FID and AD, DRAP, Karachi, so decision of the above said meeting could not be implemented.

Additional Director, DRAP, Karachi has been telephonically once again requested to send the implementation status before the meeting.

Registered Office: A62/15 chaudry khaliq-uz-zaman road, gizri road Karachi, Pakistan.
Liaison Office: 2nd floor Zeenat medicine market, north napeir road , Karachi 74000

Proceedings and Decision of 293rd Meeting of the Board:

That the Board was also apprised regarding following report submitted by FID-V, Karachi vide letter no. SAA.001/2020-FID-V(K)(INV) dated 02nd January, 2020 :

> "I have the honor to refer to the DRAP's letter no. F. 03-41/2019-QC(291-RB) (copy enclosed herewith) and the subsequent directions by the Addl. Director DRAP, Karachi, for investigation of subject matter in compliance of the decision of the Drugs Registration Board, the undersigned along with Mr. Abdul Rasool Shaikh, FID and Mr. Waqar Ahmed, Asst. Director, DRAP, Karachi visited to search the registered office of M/s R.Y. International, A62/15, Chaudhary Khaliq-uz-Zaman Road, Gizri, Karachi on 02 January, 2020, but the said office was not found at above mentioned address and the team moved to their Liaison Office located at 2nd Floor, Zeenat Medicine Market, Street No. 01,

Napier Road, Karachi where the area FID, Mr. Hakim Masood also joined the team for joint investigation on the matter. Mr. Muhammad Umar, the person present at said office, during investigation, informed that they have not imported the product NUTRIVAL POWDER since last fifteen (15) years and the registration rights of the said product have been transferred to any other company of Lahore. They also informed that all the imported stock was utilized/ sold out and currently there is no any stock on-hand for re-sampling. The firm also informed that currently they do not possess the old record in their office; however they will submit the import and registration record along with copies of relevant correspondence to the office of area FID within a week."

Board after detailed discussion and deliberations after considering the facts of the case decided as under:

"directed FID resubmit complete case with clear candid recommendations along with verify the claims of firm that it has not imported the product since last fifteen (15) years from concerned DRAP fields offices."

In light of the above said decision of the Registration Board in its 293rd meeting, the area FID, DRAP, Karachi was requested vide letter No.F.03-65/2019-QC (293rd RB) dated 22nd April, 2020 to comply with the decision of the Registration Board in its true letter and spirit. 				implantation status alongwith supporting documents/evidences/ annexures/inspection reports **within 15 days positively**. Non-compliance to the aforesaid directions will lead to disciplinary proceedings as per law.		

The Additional Director, DRAP, Lahore vide no. 16078/2019-DRAP(L-VI) dated 04.12.2019 informed that the inspection of M/s Neutro Pharmaceuticals, 9.5-Km Sheikhupura road, Lahore was conducted by the panel of inspectors on 02.10.2019. The conclusion of said report is reproduced as under:

"**Conclusion**:
In the light of above the panel has given some advises regarding GMP compliance and also observed that the firm is not manufacturing drug namely Neutim 250mg injection since last 7-8 years. No manufacturing record was available of the above said drug even no any raw material was available for sampling of the said product at the time of visit, so it is suggested that the registration of the said product Neutim 250mg Injection Registration No. 038852 may be suspended/ cancelled as the management also discontinued this drug since 7-8 years due to its unavailability of demand in local market (copy of firm's Reply attached) on the other hand, the firm GMP practices was found satisfactory and few shortcomings were noticed and communicated to the firm representative for immediate compliance and also asked for their compliance report as stated above"
It is proposed that as identified in the report, the firm is not manufacturing drug namely Neutim 250mg injection since last 7-8 years, so the registration of the said product may be withdrawn/cancelled as per prevailing law.

Proceedings and Decision of 293rd Meeting
Board after detailed discussion and deliberations after considering the facts of the case decided to issue show cause notice to the firm/responsible persons for cancellation/suspension of Registration of Neutim 250mg injection as recommended by the panel in inspection report dated 02-10-2019. The board Further decided to verify the claims of the firm by corroborating claim of not producing it with import data of raw material from DRAP Lahore required for manufacturing of product Neutim Injection and place the case in forthcoming meeting of Registration Board.

- The FID, DRAP, Lahore was requested vide letter No.F.03-65/2019-QC (293rd RB) dated 22nd April, 2020 to comply with the decision of the Registration Board in its true letter and spirit. Reminder of the above said letter is also issued on 02-06-2020.

Till now, no report has been submitted by the area FID, DRAP, Lahore in the instant case.

Proceedings and Decision of Board in its 295th Meeting.
The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

- **Last/final chance shall be given to the FID/Investigation officer for compliance of the already communicated decision in the instant matter and to verify the claims of the firm by corroborating claim of not producing it with import data of raw material from DRAP Lahore required for manufacturing of product Neutim Injection & submit report with clear and candid recommendations within 15 days positively.**
- **QA&LT Division, DRAP, Islamabad is advised to direct Federal Inspector of Drugs/Investigation officers for compliance of decision of Registration Board within stipulated time.**

ITEM NO. II: NEW QC CASES

Case No. 01: Manufacture & Sale of Imitation product Povidone-I Solution, Batch No. D299, Reg. No. 025552 Manufactured by M/s N.B.S Pharma, Lahore.

The FID-VI, DRAP Karachi visited the premises of M/s Madina Medical Store, Gulshan-e-Maymar, Karachi in light of the national task force on 09-01-2019 and taken the following sample U/S 18(1) (c) of the Drugs Act, 1976 for the purpose of test/analysis on prescribed Form-3. Details are as under:

Name:	Povidone-I Solution
Registration No:	025552
Batch No:	D299
Manufacturing Date:	Oct-2018
Expiry Date:	Oct-2020
Manufactured By:	M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore.

The FID-VI, Karachi has forwarded one sealed portion of sample to Central Drugs Laboratory, Karachi vide memorandum No.ARS-05/2019-FID-VI (K) dated 10-01-2019 as required under Section 19(3)(i) of the Drugs Act, 1976.

The Government Analyst, CDL, Karachi declared the sample as **Imitation product** vide test/analysis report **No.R.KQ.26/2019** dated 06th February, 2019 which is violation of Section 23 (1) (a) (ii) of the Drugs Act, 1976 and rules framed there under. Results of the test are reproduced as under;

Description:	*Brown colored solution in plastic bottle.*
Identification:	*Povidone Iodine identified.*
pH Determined:	*3.01*
Limits:	*1.5 to 6.5*
Assay for available Iodine:	
Determined amount/100ml:	*0.7159g*
Stated amount/100ml:	*0.75g*
Percentage:	*95.5%*
Limits:	*85.0% to 120.0% Complies.*

Remarks:

1) *The sample was suspected as counterfeit/imitation product with brand leader i.e. "Pyodine Solution" manufactured by M/s Brooks Pharma (private) Limited, Karachi. Therefore, the sample was tested for iodine and its label and outer packing compared with pyodine solution.*

2) *The label claim, color scheme, name of sample, text and presentation of outer packing of sample povidone-I solution nearly resemble as to be calculated to deceive the label and outer packing of the brand leader product "Pyodine solution" Registration number 009528, manufactured by M/s Brooks Pharma (private) Limited, Karachi. Hence sample is declared intimation product under section 3 (f) of the Drugs Act, 1976.*

The area FID-VI, Karachi vide letter No.ARS-05/2019-FID-VI (K) dated 12-02-2019 has asked the firm M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore to explain their position in the matter of manufacturing and selling of substandard drug with direction to recall the above said batch from the market.

M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore submitted their reply vide letter Nil dated 18-02-2019 wherein the firm intents to change the presentation of their product and design of its label and discarding & withdrawing 9000 bottles of drug in question for better regulatory compliance.

The FID DRAP Karachi recommended keeping in view the commitment of firm for better regulatory compliance the firm may be heard in person in the upcoming meeting of DRB to fix the charges deemed fit by the board. The FID has also provided names of the technical persons provided by the firm and are mentioned below;

i. Sheikh Shahzad Nabi (CEO)
ii. Dr. Abdullah (Production Incharge)
iii. Waseem Ahmed Chughtai (Quality Control Incharge)

The Drugs Licensing Division was requested for verification of the names provided by the FID DRAP Karachi for the period of October 2018 for further processing of the case. The Licensing Division provided the required details which are mentioned below;

i. Mr. Sh. Shahzad Nabi (Proprietor)
ii. Mr. Muhammad Abdullah (Production Incharge)
iii. Mr. Waseem Ahmed (Quality Control Incharge)

Show cause notice has been issued to the technical staff/management of the firm – responsible persons U/S 7(11) of the Drugs Act, 1976 vide letter no. 03-12/2019-(QC) dated 13-05-2019 and the reply of the firm is yet not received.

Proceeding of the 290th Meeting of Registration Board.

Mr. M. Abdullah (Production Incharge), Mr. Shahzad Nabi (Proprietor) and Mr. Waseem Ahmad (Q.C. Incharge) of M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore appeared on behalf of M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore to plead the instant case of manufacture & sale of Imitation product Povidone-I Solution, Batch No. D299, Reg. No.025552, before the Board in its 290th meeting on 04th July, 2019.

Representatives of the firm informed that they have already applied for change of color scheme of their product to the concerned section of DRAP for better regulatory compliance.

Decision of the 290th Meeting of Registration Board.

The Board after hearing the accused deliberated the matter in depth in the light of available record/ investigation report of FID decided as under:

i. The firm will process case for change in color scheme of the product in question and inform the Board.
ii. Registration shall remain suspended till the approval of color scheme by Chairman, Registration Board.
iii. A general advisory shall be issued to all manufacturers/ importers for refraining from imitating of the color scheme of the brand leaders to mislead the peoples. All the Chief Drug Inspectors and Additional Directors of field offices should enforce these directions in true letter and spirit. A comprehensive report may be submitted before the Registration Board.

The above said decision was communicated to the firm with direction to comply with the decision of the Registration Board in its true letter and spirit and submit compliance report before the resumption of production of the product in question vide letter No.F.03-37/2019-QC (290th RB) dated 26th September, 2019.

Current Status of the Case.

M/s N.B.S Pharma vide reference No. nil dated 22-01-2020 submitted that they have changed the design & color scheme of their product and also got approval of packing design and color scheme from DRAP vide letter No.F-35-PVRC/2019 (PR-II) dated 24-12-2019.They further requested to resume the production of their product.

Proceedings and Decision of Board in its 295th Meeting

Registration Board considered the facts/available record of the case, and after thorough deliberation decided to resume the production of Povidone-I Solution, Registration No. 025552, Manufactured by M/s N.B.S Pharma, 8th KM, Thokar Raiwind Road, Lahore. The Board further directed to comply Drugs (Labelling & Packing) Rules, 1986 and conditions of registration.

Case No. 02: **Manufacture & Sale of Sub-Standard Colistin S Water Soluble Powder (For Veterinary Use Only), Batch No. U08J17 by M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., Karachi.**

The FID-VI, DRAP Karachi visited the premises of M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi on 27-08-2018 to check the GMP compliance level of the firm and taken the following sample U/S 18(1) (c) of the Drugs Act, 1976 for the purpose of test/analysis on prescribed Form-3. Details are as under:

Name:	Colistin S water Soluble powder
Composition:	Each gram contain colistin Sulphate 4800000 I.U
Registration No:	058872
Batch No:	U08J17
Manufacturing Date:	10-17
Expiry Date:	09-20
Manufactured By:	M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., Karachi

The FID-VI, Karachi has forwarded one sealed portion of sample to Central Drugs Laboratory, Karachi vide memorandum No.ARS-123-125/2018-FID-VI (K) dated 03-9-2018 as required under Section 19(3)(i) of the Drugs Act, 1976.

The sealed portion of samples were also sent to Chairman, Registration Board, DRAP, Islamabad vide letter No.ARS-123-125/2018-FID-VI (K) dated 03-09-2018 as required under the provision of clause (b) (3) Schedule V (Procedure for Inspector) of DRAP Act, 2012.
The Government Analyst, CDL, Karachi declared the sample as of **Sub-standard** quality **on the basis of assay content** vide test/analysis report **No.KQ.627/2018** dated 01st November, 2018 which is violation of Section 23 (1) (a) (v) of the Drugs Act, 1976 and rules framed there under. Results of the test are reproduced as under;

Description:	*White powder in plastic container.*
Identification:	*Colistin and Sulphate identified.*
Assay for Colistin Sulphate:	
Determined amount/gm:	*6913183.38 I.U*
Stated amount/gm:	*4800000 I.U*
Percentage:	*144%*
Limits:	*90.0% to 110.0%* ***Does not comply.***

Remarks:- *The sample is of* ***" substandard"*** *quality under the Drugs Act. 1976.*

The area FID-VI, Karachi vide letter No.ARS-123-125/2018-FID-VI (K) dated 12th November & 12th December, 2018 has asked the firm M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi to explain their position in the matter of manufacturing and selling of substandard drug with direction to recall the above said batch from the market.

In response, M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi submitted their reply vide letters dated 07-12-18 & 21-12-18 wherein they have informed that total quantity of the batch manufactured was 50kg which is lying in their warehouse however they didn't accept the test report based on their finding and commercial viability.
That the firm did not request to retest the sample from Appellate laboratory, NIH, Islamabad rather they requested FID to kindly withdraw the show cause notice.
That the firm in another letter dated 07-01-2019 requested to send the sample to NIH, for retesting of the sample but their request was not acceded as the request was not made within stipulated time of 30 days under the Drugs Act, 1976.
Name of the technical persons provided by the FID are as under:

- Imran Rehman Memon, Director (CNIC No. 42201-2142624-1)
- Muhammad Abdul Aziz Moosa, Production Manager (CNIC No.42101-9964252-1)
- Mrs. Rizwan Nighat, QC Manager (CINC No. 42201-0657326-6)

The Drugs Licensing Division was requested to verify the names provided by the FID-VI, DRAP, Karachi for further processing of the case and they provided the following names being responsible persons;

M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi.	Imran RehmanMemon**(Director)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi
Abdul RehmanMemon**(Director)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi	Farida RehmanMemon**(Director)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi
Ali RehmanMemon**(Director)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi	RizwanaNighat**(Q.C Incharge)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi
Ajmal Ali Huda **(Production Incharge)** M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi	

Show cause notice has been issued to the technical staff/management of the firm – responsible persons U/S 7(11) of the Drugs Act, 1976 vide letter no. 03-87/2018-(QC) dated 28-08-2019.
M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi submitted their reply to show cause notice vide letter No. nil dated 06-09-19 which is reproduced as under:
This is in reference to your letter No.F.03-87/2018-QC dated 28th August, 2019 concerning our veterinary product Colistin S water soluble powder (B# V08K17) which was drawn from our premises by the respected Area FID during routine GMP inspection of our plant and was sent to CDL for test/analysis.

The Government Analyst of the CDL, Karachi declared our sample substandard on the basis of an assay percentage of 144%. The same was informed to us by the area FID.

We are enclosing herewith a copy of the area FID's letter No. ARS-123-125/2018-FID-VI (K) dated 12-12-2018 which was received by us on 21-12-18. Vide this letter the area FID in point No. 7 inquired from us if we would like to challenge the CDL test report. To its reply, through our letter dated 07-01-2019 we categorically stated that we are challenging the CDL test report. A copy of our reply dated 07-01-2019 is enclosed which also shows the receiving signature of the area FID's office. Hence we did not contravene any provisions of the Drugs Act, 1976 as we replied to the area FID within the stipulated time period of 30 days of receipt of this letter dated 12-12-18 requesting him to send our sample to NIH for retesting. Unfortunately, despite our request our sample has not been sent to NIH for retesting which is in contravention of our rights under the Drugs Act, 1976. Hence we are again requesting you to please heed to our request to send our product for retesting in NIH before the product is expired. We further reiterate that the entire stock manufactured of the subject batch is still lying in our warehouse and has not been sold in the local o export market.

Proceeding of the 292nd Meeting of Registration Board.

Mr.RehmatUllahBaig, Regulatory Representative (42201-0462916-1) appeared on behalf of M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, SITE Super Highway, Karachi to plead instant case of manufacture & Sale of Sub-standard Colistin S Water Soluble Powder (For Veterinary Use Only), Batch No. U08J17, manufactured by M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., Karachi.

Representatives of the firm re-iterated points already mentioned in their letter as recorded herein above and requested to retest their product from Appellate laboratory, NIH, Islamabad as they have applied for retesting within one month of the letter of FID wherein they were asked for retesting.

Decision:

The Board after hearing the representative of the firm deliberated the matter in depth in the light of available record/ investigation report of FID and letters issued by the FID to the manufacturer decided as under:

i. That the Board's portion of the sample (Colistin S Water Soluble Powder (For Veterinary Use Only), Batch No. U08J17, manufactured by M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., Karachi) shall be sent for testing by Appellate Laboratory, NIH, Islamabad.
ii. QA&LT Division shall prepare an SOP for processing of cases pertaining to test / analysis of samples and their further processing by Federal Inspector of Drugs.

The Said sample was received in NIH, Islamabad for retesting as per above decision dated 19-11-2019.

Current Status of the Case.

The Appellate Laboratory, NIH, Islamabad declared the sample of Colistin S Water Soluble Powder (For Veterinary Use Only), Batch No. U08J17, manufactured by M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., Karachi as of "Standard" quality vide their test report No. 023-M/2019 dated 09th January, 2020. Test report of NIH is reproduced as under:

Description:	*White powder contained in white labeled plastic bottle*			
Identification:	*Colistin Sulphate identified.*			
Assay:	*Stated*	*Found*	*Limit*	*Percentage*
Colistin Sulphate	*8400000 IU/gram*	*4648080 IU/gram*	*90-110%*	*96.835%*

Complies with manufacturer's specifications.

In the opinion of the undersigned the sample is of standard quality as defined in the Drugs Act, 1976 for the reasons given below:

Nomenclature:	*Colistin S water Soluble powder (for veterinary use only).*
Batch No.	*U08J17*
Date of Mfg.	*10-2017*
Date of Exp.	*09-2020*
Manufacturer:	*M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, S.I.T.E. Super Highway, Karachi.*

Description:	*White powder contained in white labeled plastic bottle*			
Identification:	*Colistin Sulphate identified.*			
Assay:	*Stated*	*Found*	*Limit*	*Percentage*
Colistin Sulphate	*8400000 IU/gram*	*4648080 IU/gram*	*90-110%*	*96.835%*

Complies with manufacturer's specifications.

Conclusion: The sample is of **standard** quality on the basis of tests performed.

Proceedings and Decision of Board in its 295th Meeting

As report of NIH, Islamabad (Appellate Laboratory) for Colistin S water Soluble powder (for veterinary use only), Batch No.U08J17, Manufactured by M/s Alina Combine Pharmaceuticals (Pvt.) Ltd., A-127, S.I.T.E. Super Highway, Karachi is of standard quality thus no further action is required.

Case No. 03: Manufacture & Sale of Sub-Standard Atrofate Sulphate Injection, Batch No. AT.10118 Manufactured By M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore.

FID-II, DRAP, Lahore visited the premises of M/s Bajwa Pharmaceuticals Industries, 36-km GT Road, Gujranwala Road, District Sheikhupura on 21-02-2018 and taken following sample U/S 18(1) (c) of the Drugs Act, 1976 for the purpose of test/analysis on prescribed Form-3:

Name:	Atrofate Sulphate Injection
Composition	Each ml contain 1mg of Atropine Sulphate
Registration No:	085776
Batch No:	AT.10118
Manufacturing Date:	Jan.2018
Expiry Date:	Dec.2019
Manufactured By:	M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore

FID-II, DRAP, Lahore has forwarded one sealed portion of sample to Central Drugs Laboratory, Karachi vide memorandum No.2999/2018-DRAP (L-II) dated 01-03-2018 as required under Section 19(3) (i) of the Drugs Act, 1976.

FID-II, DRAP, Lahore has also forwarded one sealed portion of sample as Board's Portion vide letter No.3000/2018-DRAP (L-II), dated 01-03-2018 as required under Section 19(3)(ii) of the Drugs Act, 1976.

The Federal Government Analyst, CDL, Karachi declared the sample as of **sub-standard** quality vide test/analysis **report No.LHR.26/2018**, on the basis of pH (**pH determined= 5.72, Limits= 2.8-4.5**) dated 20th April, 2018.

FID-II, DRAP, Lahore vide letter No.5464/2018-DRAP (L-II) dated 24-04-2018 directed M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore to recall the said drug on war foot basis.

M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore submitted their reply vide letter No.BPL/MOH/18/101dated 14-05-2018 wherein they challenged the results of the CDL, Karachi and requested for retesting of sample by appellate laboratory – NIH, Islamabad U/S 22 (4) of the Drugs Act, 1976.

On the request of the firm, sample was sent for the appellate testing from Appellate laboratory, NIH, Islamabad dated 13-08-2018 under section 22(5) of the Drugs Act, 1976 after seeking due approval from the Chairman, Registration Board (in exercise of delegated power of Registration Board in it 283rd Meeting held on 27 to 29th June, 2018) as required U/S 22(5) of the Drugs Act, 1976.

The Appellate Laboratory – NIH, Islamabad vide their test report No.018-M/2018 dated 04-10-2018, has also declared the sample as of **Sub-standard** quality on the basis of pH **(pH determined=6.08, Limits= 2.8-4.5)**.

Stance of The Firm:

M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore vide reference No.BPL/MOH/18/138 dated 03 November, 2018 have stated that upon testing of samples in quality control lab, pH of Atrofate sulphate (Atropine sulphate 1mg/ml) injection was found within limits as per BP 2017 specifications.

They stated that all other tests complied BP specs such as assay, physical Appearance, BET and sterility but pH showed compliance with USP 39 specifications instead of BP specifications. However pH results did not interfered physical appearance and no complaint was received from health section regarding pH doing harm for human.

They further requested that production of the said product is stopped on the orders of FID and if they are given a chance to resume production of the said injection, it would be very helpful to overcome the shortage of emergency product in major hospitals. They further requested to review their product as they are under immense pressure from major institutional hospitals.

Remarks of the Deputy Director (Quality Control):

The sample of Atropine Sulphate was declared on the basis of Ph limits. The company stopped production of the said product and conducted investigation. They also conducted the stability studies. Furthermore the said product is reportedly short item. The case is yet to be considered by the Registration Board. To save the time it is proposed that a panel may be constituted for verification of the stability data and product specific inspection, so that if the company fulfills the criteria, they may start production to avoid market shortage and to ensure free availability.

Proceeding and Decision of the 287th Meeting of Registration Board.

The facts of the case were presented before the Registration Board in its 287th meeting on 04th January, 2019. The Board deliberated the matter in depth in the light of available record/ remarks of the Deputy Director (Quality Control), decided as under:

I. Verification of the stability data provided by the firm as soon possible by the following panel of inspectors:
   - Additional Director, DRAP, Lahore.
   - Dr. Shafiq Ur Rehman, Director, DTL, Lahore.

The above said decision was communicated to the firm and panel members vide letter No.F.03-92/2018-QC (287-RB) dated 28th February, 2019.

M/s Bajwa Pharmaceuticals (Pvt.) Ltd., Lahore vide reference No.BPL/MOH/19/159 dated 29th April, 2019 stated that since the issuance of above said letter, the firm has still not been inspected by constituted panel of inspectors. They further requested to reconstitute the panel to resolve the matter and oblige.

Proceeding and decision of the Board.

The case was presented before the Registration Board in its 289th meeting on 16th May, 2019 for reconstitution of the panel which was constituted by the Board in its 287th meeting and the Board reconstituted the panel as follows;

a) Director, Drug testing Laboratory, Lahore.
b) Area Federal Inspector of Drugs.

The above said decision was communicated to the panel and the firm vide letter No.F.03-31/2019-QC (289th RB) dated 03rd July, 2019.

Current Status of the Case.

The FID-II, DRAP, Lahore vide reference No.1223/2020-DRAP (L-II) dated 20-01-2020 wherein she has forwarded the inspection report of M/s Bajwa Pharmaceuticals (Pvt.) Ltd, 36-k.m. GT Road, Gujranwala Road, District Sheikhupura. The Panel inspection was carried out on 19-12-2019 in response to No.3-92/2018-QC (287-RB), dated 28-02-2019 and F. No. 03- 31/2019-QC (289-RB) dated 03-07-2019 for the verification of stability data. Observations noted by the Panel are reproduced as under:

During the inspection of M/s. Bajwa Pharmaceuticals (Pvt.) Ltd., on 19/12/19, the panel checked the SOPs BMR, testing reports, water treatment plant validation and HVAC validation and noted the following observations:-

i) *Firm informed the panel that they have recalled and destroyed the Atrofate Sulfate Injection B. No. AT 10118. Firm was advised not to destroy recalled material in future without intimation and approval from area FID.*

ii) *Firm did not have vendor validation SOP for processing packing material. Ampoules for filling Atrofate Sulfate were procured from local vendor without CoA. Moreover, firm had also not conducted test for leachable substances on the empty ampoules.*

iii) *Firm had not done process validation for Atrofate Sulfate Injection.*

iv) *Firm had not conducted cleaning validation of equipment used in manufacturing and filling of Atrofate Injection.*

v) *Firm had not conducted since sampling of previous product (Noloxo-X) manufactured before Atrofate Injection on the same line.*

vi) *Firm had sterilized the batch in two autoclaves in parts as the batch size was 126,000 ampoules whereas autoclaves were smaller.*

vii) *BMR had several inconsistencies.*

viii) *Primary and secondary reference standards for Atropine Sulfate were not present.*

ix) *Master batch formula for Atrofate Injection was not developed.*

x) *Firm had imported Atropine Sulfate R/M complying with BP specifications but had generated in house CoA on USP specifications.*

xi) *Autoclave validation protocol was not proper. Validation had been done using biological indicators only.*

xii) *Firm had done incomplete testing of Atropine Sulfate RM and had not conducted tests for*

impurities.

xiii) *Finished product testing was done on UV whereas pharmacopoeial method stated testing on HPLC. Firm was advised to increase the number of HPLCs.*

xiv) *Atropine Sulfate is "to be protected from light" but product was packed in clear glass ampoules.*

xv) *Firm had not conducted validation of water treatment plant.*

In additional to the above the stability data and batches kept on stability testing were checked.

(i) *Firm could not provide accelerated stability study data reports provided to DRAP at the time of registration.*

(ii) *Stability studies protocol was not developed.*

(iii) *Only first two commercial batches of Atrofate Sulfate Inj. (B. No. AT10118 and AT 10218) were kept in stability chambers even though firm had manufactured more than three batches of Atrofate Sulfate Injection at that time.*

(iv) *Ampoules in stability chamber were not placed in commercial packing instead they were placed in clear plastic packs.*

(v) *AT 10218 batch, stability studies were started on 13/02/18 whereas batch was manufactured in January 2018.*

(vi) *Alarm system was not installed in stability chambers.*

(vii) *Continuous monitoring of stability chambers was not being done.*

		Observed pH
1	*Samples from retention samples*	*3.20*
2	*Samples from stability chamber*	*4.76*

Conclusion:-

On the basis of documents viewed, technical personnel met and the physical inspection of the firm it can be concluded that the stability studies of Atrofate Sulfate Injection were not conducted properly by the firm and the stability of the product could not be verified. However they were directed to submitted compliance report in this regard so panel inspection conducted accordingly.

Proceedings and Decision of Board in its 295th Meeting.

Registration Board considered the facts/available record of the case, Inspection report forwarded by the panel and after thorough deliberation decided as under:

- **Production of Atrofate Sulphate Injection, Reg. No. 085776 shall remain suspended till the firm submit product development data including real time & accelerated stability studies of the said product.**
- **Verification of the stability data by the already constituted panel in 289th meeting of Registration Board.**

Case No.04: **Manufacture & Sale of Substandard Dicmaf 50mg Tablets, Batch No.T-043 Manufactured by M/s Mafins Pharma, Karachi.**

The FID-VI, DRAP Karachi visited the premises of M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi on 15-11-2018 to check the GMP compliance level of the firm and taken the following sample U/S 18(1) (c) of the Drugs Act, 1976 for the purpose of test/analysis on prescribed Form-3. Details are as under:

Name:	Dicmaf Tablet 50mg.
Composition:	Each tablet contains 50mg Diclofenac Sodium.
Registration No:	079884
Batch No:	T-043
Manufacturing Date:	15-11-18
Expiry Date:	15-10-20
Manufactured By:	M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi

The FID-VI, Karachi has forwarded one sealed portion of sample to Central Drugs Laboratory, Karachi vide memorandum No.ARS-166-167/2018-FID-VI (K) dated 16-11-2018 as required under Section 19(3)(i) of the Drugs Act, 1976.

The Government Analyst, CDL, Karachi declared the sample as of **Sub-standard** quality **on the basis of dissolution** vide test/analysis report **No.KQ.770/2018** dated 12th November, 2018 which is violation of

Section 23 (1) (a) (v) of the Drugs Act, 1976 and rules framed there under. Results of the test are reproduced as under;

Description:	*Orange colored enteric coated tablet.*
Identification:	*Diclofenac Sodium identified.*
Uniformity of Dosage Units	
By Weight Variation:	*Complies.*
Dissolution test:	***Does not comply.***
Assay for Diclofenac Sodium:	
Determined amount/tablet:	*50.3mg*
Stated amount/tablet:	*50mg*
Percentage:	*100.6%*
Limits:	*90.0% to 110.0% Complies.*

Remarks:- The sample is of **Substandard** quality under the Drugs Act, 1976.

The area FID-VI, Karachi vide letter No. ARS-166-167/2018-FID-VI (K) dated 14-10-2018 has asked the firm M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway, Industrial Area, Karachi to explain their position in the matter of manufacturing and selling of substandard drug with direction to recall the above said batch from the market.

M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi submitted their reply vide letter No.MP/CDL/12/18 dated 31-12-2018 wherein they were not satisfied with the results of the Federal Government Analyst, CDL, Karachi and challenge the contents of the report under section 22 of the Drugs Act, 1976 and requested for retesting from Appellate Laboratory, NIH, Islamabad.

On the request of the firm, the sample was sent to appellate laboratory, NIH, Islamabad dated 18-03-2019 as required under section 22 (5) of the Drugs Act, 1976.

The Appellate Laboratory, NIH, Islamabad declared the said sample as of **Substandard** quality vide test report No.08-M/2019 dated 10th April, 2019. Results are reproduced as under;

Description:	*Orange colored triangular shaped, biconvex, coated tablets packed in blister packing further packed in polythene packing.*	
Identification:	*Diclofenac Sodium identified.*	
Dissolution Test:	***Determined:***	***Limits:***
Acid stage:	*Nil*	*Nil*
Buffer stage:	*57.47%*	*Not less than 75% (Q) of label amount. (Five tablets out of six deviated from the limits)* ***(Does not comply with USP 39)***
Assay for Diclofenac Sodium:		
Stated amount/Tablet:	*50mg*	
Determined:		*53.16mg/Tab (106.32%)*
Limits:		*90-110%*
Remarks;	*The sample is of **substandard** quality as defined in the Dug Act, 1976.*	

The FID-IV, DRAP, Karachi in pursuance of Section 19 (7) of the Drugs Act, 1976 submitted complete case for placement in the upcoming meeting of Registration Board and provided the names of responsible which are as under:

i. Mohsin Batala, Managing Director
ii. Muhammad Nadeem, Production Manager
iii. Umair Qayum, Quality Control Manager

The Drugs Licensing Division was requested to verify the names provided by the FID-IV, DRAP, Karachi for further processing of the case and they provided the following names being responsible persons;

M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi	Muhammad Ahmad **(Partner/Director)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi
Iqbal Ahmad **(Partner/Director)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi	Mohsin Ahmad **(Partner/Director)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi

Noor Ahmad **(Partner/Director)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi	Sultan Ahmad **(Partner/Director)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi
Mrs. Shabana Nafees **(Production Incharge)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi	Syed Fida Hussain **(QC Incharge)** M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi

Show cause notice has been issued to the technical staff/management of the firm – responsible persons U/S 7(11) of the Drugs Act, 1976 vide letter no. 03-93/2018-(QC) dated 13-05-2019.

M/s Mafins Pharmaceuticals (Pvt.) Ltd., Plot No. A-5, SITE-II, Super Highway Industrial Area, Karachi submitted their reply vide reference No.MP/ADR001 dated 18-05-2019 wherein they have stated that FID visited their factory and draw samples of the said drugs in semi finished form without unit cartons from the in process store area which was not released by the QC department by that time. The genuine manufacturing date from our record is 16-10-18; however the manufacturing date on CDL test report is 15-10-18 which is wrong statement and it may be possible that our sample has been mixed with some other samples and the test report send to us is not valid as it bears wrong manufacturing date. It is very strange to note that the test report from NIH shows date of manufacture; NIL, which doubtfully shows that the sample send to NIH may be mixed with some other samples. Due to controversy of manufacturing date, the sampling has been improper and further that it was packed and sealed in polythene bag without the original outer unit cartons.

The sample has been declared by the CDL, Karachi adopting USP 41 standards while the test report from NIH, Islamabad bears the reference of USP 39. In past the CDL has declared the same product as of standard quality which ensures that we follow the quality standards. They further requested to allow them to present their case before the Board in order to explain the matter personally.

Proceeding of the 290th Meeting of Registration Board.

Mr. Umair Qayum, Q.C. Manager (42101-1795971-5) of M/s Mafins Pharmaceuticals (Pvt.) Ltd., Karachi appeared on behalf of M/s Mafins Pharmaceuticals (Pvt.) Ltd., Karachi to plead the instant case of manufacture & sale of substandard Dicmaf 50mg Tablets, Batch No.T-043, before the Board in its 290th meeting on 04th July, 2019.

Representatives of the firm informed that the sample was taken in semi finished form by the FID which was not released by their Quality Control department. He further stated that it was packed and sealed in polythene bags without the original unit carton, and they believe that the environmental conditions may have changed the parameters of the product. The stock of 50,000 tablets is also placed in their premises as such till to date.

Decision of the 290th Meeting of Registration Board.

The Board after hearing the accused deliberated the matter in depth in the light of available record/ investigation report of FID decided as under:

i. Suspension of the Registration of the said product for six (06) months or till the verification of root cause analysis and satisfactory report by the panel whichever is later.
ii. Corrective and preventive action (CAPA) by the firm and product development data.
iii. Product Specific Inspection including verification of product development data and confirmation of CAPA by the following panel:
    - Prof. Ghulam Sarwar.
    - Area Federal Inspector of Drugs.
iv. Destruction of the stock (50,000 Tablets) in the presence of above said panel and certificate of destruction dully signed by the Owner/representative of the firm and the panel members.
v. Inspection report and destruction certificate shall be presented before the Board.

The above said decision was communicated vide letter No.F03-37/2019-QC (290th RB) dated 26th September, 2019 to the panel with request to comply with the decision of the Registration Board.

Current Status of the Case.

FID-VI, DRAP, Karachi vide reference No.F.03-02/2020FID-VI (K) Misc dated 28th January, 2020 regarding the subject of "Pending panel inspections" submitted that the following firm is ready for inspection but unfortunately one of the panel member Dr. Ghulam Sarwar, Member, Drug Registration Board is not feeling well since many days and he is not able to conduct inspections:-

S.NO.	NAME OF FIRM	PURPOSE	DRAP REFERENCE LETTER
01.	M/s. Mafins Pharma, SITE	Product Specific	F. No. 03-37/2019-QC (290th dated 26th

	Super Highway, Karachi	Inspection	September 2019

FID-VI, DRAP, Karachi further requested that another panel member may kindly be nominated to conduct the pending inspections and report for consideration of Registration Board within stipulated time.

Proceedings and Decision of Board in its 295th Meeting.

Registration Board after considering the request of the FID, DRAP, Karachi nominated Dr. Rafiq Alam Khan, Member Registration Board as a panel member in place of late Dr. Ghulam Sarwar.

Case No. 05: **CASE REFERRED BY PQCB, PUNJAB REGARDING DIFFERENT MANUFACTURERS FOR NOT PROVIDING THE METHOD OF ANALYSIS.**

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/F-Isu-11/212/19 dated 30-10-2019 has informed that the following manufacturers have not provided the method of analysis for testing of their products by the Drugs Testing Laboratories;

Sr#	DTL	Name of Drug	Batch No.	Manufactured By	Letters sent
01.	Multan	Inj. Murcobal 500mcg/ml	84	M/S Murfy Pharmaceuticals	Three letters were sent dated: 27-07-19, 21-08-19 and 28-08-19
02.	Lahore	Irosim Syrup 120ml	S1-017	M/S Simz Pharmaceuticals (Pvt.) Ltd	Two letters were sent dated: 29-06--19 and 13-07-19

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

Subject matter was considered by the provincial quality control board under section 11 of the Drugs Act, 1976 in its 211th meeting held on 30-09-2019. The board decided to left over the matter due to time constraints.

CURRENT PROCEEDINGS & DECISION BY THE BOARD:

Subject matter was placed before the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 212th meeting held on 30-10-2019. Secretary PQCB appraised the Board about background of the subject matter which was discussed at length. The Board observed that all the manufacturers/ drug registration certificate holders are legally bound to provide product specifications and method of analysis to the Government analyst/ Drug Testing Laboratories as and when required. The need for product specification/method of analysis become more critical when the drug is not available as monograph in official pharmacopeias'&/or the manufacturer has its own customized specifications/method of analysis. In such circumstances it become quite challenging &/or almost impossible for a Government Analyst to conduct testing of the drug sample.

The Board expressed its serious concerns over casual behaviour and-non-cooperation by the above listed firms in this regard. The Board after detailed discussion and deliberation decided to allow the Provincial Drug Testing Laboratories to file the above-mentioned cases. Furthermore, the Board decided to recommend the Drug Regulatory Authority of Pakistan (DRAP) Islamabad for cancellation of registration of the drugs enlisted above, in best public interest.

Proceedings and Decision of Board in its 295th Meeting.

Registration Board after detailed discussion & deliberations decided as under:

"To issue the show cause notice and personal hearing for suspension / cancellation of registration to the firm/ responsible persons as provided by the Provincial Quality Control Board (PQCB), Punjab for not providing the method of analysis & standards despite of multiple requests by the Drugs Testing Laboratories i.e. Multan & Lahore."

Case No. 06: CASE REFERRED BY PQCB, PUNJAB REGARDING KAYMAX 75MG SUGAR COATED TABLETS, B# GX1733, MANUFACTURED BY M/S QUAPER (PVT.) LT., 26-A S.I.E LAHORE ROAD, SARGODHA.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-325/2018 dated 17-09-2019 has informed that Provincial Inspector of Drugs Tehsil Jampur Rojhaan, district Rajanpur reported that:

i. He, on 26-06-2018, inspected the business premises of M/S Saleem Medical Store at Bangla Hidayat Tehsil Rojhan District Rajanpur and took samples of two different types of drug on Form No. 04 for the purpose of test and analysis.

ii. One out of these drug samples, after test/ analysis, was declared **Substandard** by Government Analyst Drug Testing Laboratory Multan as detailed below:

Name of drug	Batch No.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results
Sugar Coated Tablet. Kaymax 75mg (Diclofenac Potassium 75mg)	GX1733	M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan.	TRA No.01-56001323/DTL dated: 18-08-2018	**Analysis with Specifications:** Manufacturer's Specification **Disintegration Test:** Determined: **18 out of 18 tablets were not disintegrated in specified time** Limit: All the tablets should disintegrate within 30min **Does not comply).** Assay: Percentage: 97.42% Limit: 90-110% Result: The above sample is **Substandard** on the basis of test performed.

iii. M/S Saleem Medical Store at Bangla Hidayat Tehsil Rojhan District Rajanpur provided invoice/ warranty No.025644 dated 05-06-2018 issued by M/S Public Medical Store Whole Sale Chemist Muslim Bazar Kashmore who in turn provided invoice/warranty no.7640 dated 24-04- 2018 issued by M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan as a proof of its purchase.

iv. Warrantor portion was sent to M/S Public Medical Store Whole Sale Chemist Muslim Bazar Kashmore.

v. A copy of test report was sent to M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan with directions to explain their position and provide requisite information in this regard.

vi. In Response, the firm challenged the test/analysis report and requested to re-test the above-mentioned drug sample from Appellate laboratory NIH, Islamabad.

vii. Pursuant to the request of manufacturer the sample was sent to NIH, Islamabad, from where the same was declared as **Sub-standard,** as detailed below: -

Name of drug	Batch no.	Name of manufacturer	NIH Test Report No. & Date	NIH Test Report Results
Kaymax Tablets 75mg	GX1733	M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan	057-P/2019-dated: 09-04- 2019	**Specifications Applied** USP-39 **Dissolution Test:** Determined: **59.73% of the label amount. Five tablets out of six deviated from the limits (Q)** Limit: Not less than 75% (Q) of the label amount

				Does not comply with USP-39 **Result:** The sample is **Sub-standard** quality on the basis of tests performed.

viii. A copy of NIH Test Report was sent to M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan with directions to provide the requisite information and to explain their position in this regard.

Drug Inspector requested for grant of permission for prosecution against the above- mentioned accused persons who have contravened the provisions of Section 23/27 of the Drugs Act 1976 and Rules framed there under by the way of: -

a. **Manufacturing/stocking /selling of Substandard Drug**
b. **Issuance of false warranty**

Show cause/personal hearing notice(s) issued to accused person(s)

REPLY OF THE FIRM TO THE DRUG INSPECTOR:

- *M/S Quaper (Pvt.) Ltd stated that our firm is one of the leading and trusted national company, best known for its high-quality products, which are fully compliant with Drugs Act 1976 and rules framed there under. Its firm commitment to quality and adherence to high standards/ cGMP guidelines is the hallmark of the company to meet the high expectations of the patients as well as Health care providers.*
- *That retained sample of the same batch no. kept under prescribed conditions was tested at our well-equipped QC Lab, which fully complied with approved specifications and was found of standard quality.*
- *That we neither received any warrantors portion of the sample nor manufacturer portion despite the lapse of three months which was required to be required to be received within statutory period of one week.*
- *The storage conditions of the medical store where sample was drawn, not mentioned by the drug inspector.*
- *Our product is sugar coated tablet, the limits defined by the British Pharmacopoeia for disintegration time for sugar coated is not more than 60minutes, but DTL erroneously applied specifications of the film coated tablets which is not justified.*

PROCEEDINGS & DECISION BY THE BOARD:

PQCB 208th meeting held on 27-06-2019:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 208th meeting held on 27-06-2019. Drug Inspector briefed the Board about facts of the case and requested for the permission for prosecution against the accused persons. No one appeared before the Board on behalf of M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan. Secretary PQCB apprised the Board that request for adjournment was received from the firm. The Board after discussion decided to adjourn the case in the best interest of justice. The Board further decided to provide another but final opportunity of personal hearing to the accused persons.

Personal hearing notice(s) issued to accused person(s)
Case is placed before the Board or further necessary action

PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **210th meeting** held on **17-09-2019.** Mr Sadiq Hussain Secretary DQCB District Rajanpur & Mr Muhammad Kaleem Bhutta Drug Inspector Tehsil Jampur Rojhan were present. Drug Inspector briefed the Board about the facts of the case and requested for permission of prosecution. Accused Person Muhammad Saleem (Quality Control Manager) appeared before the Board on the behalf of M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan and submitted that;

a) Quaper Pharmaceutical industry is one of the leading and trusted national Pharmaceutical company, best known by its high-quality products, which are fully compliant with the Drugs Act 1976 and rules framed there under.

b) The storage condition of the medical store from where sample was drawn, not mentioned by the drug inspector.

c) Our sample was sent to NIH Islamabad by this honorable Board but NIH report tested our product applying USP method instead of BP and declared our product Substandard on physical basis for not complying with Dissolution test which was unwarranted and defective report as the whole test was performed without Pancreatic Enzyme without any legal justification which made the whole report doubtful.

d) Both DTL and NIH are contradictory and highly doubtful and benefit of doubt always goes to the accused.

e) He also mentioned that we have recalled all the stock from our distributors as good will gesture and we have also given the public notice through newspaper. So, He requested for the linnet view.

The Board after comprehensive perusal of the records and statements of the representatives of the firm observed that as the monograph of the subject drug product is not mentioned in BP. The label claim is false and the product is misleading in addition to substandard as declared by DTL & NIH, Islamabad. Moreover, the firm provided Manufacturer specifications to DTL Multan and it was declared as substandard based on disintegration test. On request of the firm the sample was sent to NIH, Islamabad for retesting and NIH, Islamabad has declared it substandard based on Dissolution test as it is the mistake on the part of the firm that label claim does not mention that the product is gelatinized sugar coated tablet so NIH, Islamabad applied USP-39 as the notification vide No. F-3-2/2006 DATED 05-06-2006 that stated that *"All the firms shall adopt the specifications mentioned in the official pharmacopoeias for all the formulations except those drugs not included in the official pharmacopoeia. For these drugs manufacturers may adopt their own specifications till the inclusion of that formulation in the official pharmacopoeias. After this decision firms will not be allowed to adopt their own specifications for the drugs, which are included in any of the official pharmacopoeias"* Furthermore honorable members rebutted firm arguments that due to unavailability of monograph in B.P, NIH Islamabad apply U.S.P Specifications. The Board further observed that dissolution is not a minor parameter in the drug testing. There is a linear relationship between bioavailability and dissolution rate of the drug product. Hence, the drug having low dissolution will have lower bioavailability and will be unable to reach up to the therapeutic concentration and therefore, will lead to therapeutic failure and may cause development of resistance as 'well. Keeping in view the foregoing facts, the Board unanimously decided to grant **permission for prosecution** against the following accused persons in the Drug Court:

1. M/S Quaper (Pvt.) Ltd., 26-A S.I.E Lahore Road Sargodha, Pakistan through its Managing Director Muhammad Iftikhar.
2. Muhammad Iftikhar — Managing Director.
3. Fozia Naheed — Production manager/Warrantor.
4. Muhammad Saleem — Quality Control Manager.

Of **M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan** for the offences of:

a). Manufacturing/stocking /selling of Substandard Drug.

b.) Issuance of false warranty.

The Board after due deliberation and discussion at length, decided to send a letter to Registration Board to review the registration documents of the products of M/S Quaper (Pvt.) Ltd 26-A S.I.E Lahore Road Sargodha, Pakistan.

Proceeding and Decision of 295th Meeting of Registration Board.

The Board was appraised that similar case was presented in 293rd meeting of the Registration Board wherein the Board decided to take the views comments of the Legal Affairs Division, DRAP, Islamabad.

Legal Affairs Division, DRAP, Islamabad provided their opinion that Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No. 07: **CASE REFERRED BY PQCB, PUNJAB REGARDING NON PROVISION OF METHOD OF ANALYSIS.**

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/CF-2-214/19 dated 30-11-2019, received on 30-01-2020, has informed that Government Analyst Drug Testing Laboratory, Faisalabad vide letter no.10358 dated 03-10-19 requested Board to grant permission to file the case pertaining to testing of the following product due to non provision of Method of analysis.

Request for case file by	Name of drug	Mfg. by	Request for	Request dates & Letter #	Letter to CDC, Punjab to ask said firm for provision of method	Reason of case file
DTL Faisalabad	Inj. Uni-Neuro (Mecobalamin)	M/S Unison Pharma	Method of analysis	9998 Dated 19/8/19 10059 Dated 26/8/19 10133 Dated 03/09/19	Letter # 10203/DTL/FSD dated 12-09- 2019	No response from manufacturer yet

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

Subject matter was placed before the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 212th meeting held on 30-10-2019. The matter was left over due to time constraints.

Subject matter was placed before the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 213th meeting held on 15-11-2019. The Board after due deliberation and discussion decided to give an opportunity of personal hearing to the above-mentioned firm before recommendation to the DRAP for cancellation of their products registration.

Personal hearing notice issued to the firm.

PROCCEDINGS & DECISION BY THE BOARD:

The subject matter was considered by the Provincial Quality Control Board (PQCB) in its 214th meeting held on 30-11-19.

Mr Saleem Iqbal, CEO/MD appeared before the Board, to defend/justify his position. He stated that the letter sent to the firm did not bear any batch number, and that was the reason why the firm could not respond to the request for provision of method of analysis.

The Board after detailed discussion expressed its concern that the batch number had no concern with the method of analysis. Poor response of the firm is not acceptable, as per the directions given by the Registration Board vide No.F.03-37/2019-QC (290th RB), Dated: 26-September-2019.

The Board thus decided to recommend the subject case for cancellation of registration to the Drug Regulatory Authority of Pakistan.

Proceedings and Decision of Board in its 295th Meeting.

Registration Board after detailed discussion & deliberations decided as under:

"To issue the show cause notice and personal hearing for suspension / cancellation of registration to the firm/ responsible persons as provided by the provincial quality control board (PQCB), Punjab for not providing the method of analysis despite of multiple requests by the Drugs Testing Laboratory Faisalabad."

Case No. 08: **CASE REFERRED BY PQCB, PUNJAB REGARDING NON PROVISION OF METHOD OF ANALYSIS BY M/S UNISON CHEMICAL WORKS.**

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/CF-1-214/19 dated 30-11-2019, received on 30-01-2020, wherein he has informed that Director Drug Testing Laboratory, Bahawalpur vide letter no.1456 and 1628 dated 21-09-19 and 06-11-19 requested Board to grant permission to file the case pertaining to testing of the following products due to non provision of manufacturers specifications.

Request for case file by	Name of drug	Batch #	Mfg. by	Receiving date	Request for	Request dates & Letter #	Reason of case file
DTL Bahawalpur	Tab. Ubrin (Piroxicam Beta Cyclodextrin equivalent to piroxicam 20mg)	1344	M/S Unison Chemical Works	29-07-19	manufacturers specifications	1409 Dated 2/9/19 1374 Dated 22/8/19 1348 Dated 6/08/19	No response from manufacturer yet.

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

PREVIOUS PROCCEDINGS & DECISION BY THE BOARD:

213 Meeting held on 15-11-2019

Subject matter was placed before the Provincial Quality Control Board, under section 11 of the Drugs Act in its **213th meeting held on 15-11-2019. The** Board after due deliberation and discussion decided to give an Opportunity of personal hearing to the above-mentioned firms before recommendation to the DRAP for cancellation t of their products registration.

Personal hearing notice served to the firm.

CURRENT PROCCEDINGS & DECISION BY THE BOARD:

Subject matter was placed before the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **meeting held on 14-12-2019.** Secretary PQCB apprised the Board about background of the subject matter which was discussed at length. The Board observed that all the manufacturers/ drug registration certificate holders are legally bound to provide product specification and method of analysis to the Government Analyst/Drug Testing Laboratories and Drug Regulatory Authority of Pakistan vide letter no. F. No.03-37/2019-QC(290th RB) dated 26-09-2019 has issued guide under Testing Specifications. The need for product specifications /method of analysis become more critical when the drug is not available in official pharmacopoeias and/or the manufacturer has its own customized specifications/method of analysis. In such circumstances it becomes quite challenging and almost impossible for a Government Analyst to conduct testing of the drug sample without having manufacturer specification / method of test / analysis.

The Board expressed its serious concerns over casual behavior and non-cooperation on the part of above listed firms in this regard. The Board after detailed discussion and deliberation decided to allow the Provincial Testing Laboratory, Faisalabad to file only those cases where Manufacturer Specifications are not provided by respective firm and also not available in official compendia. Furthermore, the Board decided to recommend the Regulatory Authority of Pakistan (DRAP) Islamabad for cancellation of

registration of the drug listed above, in best public interest.

Proceedings and Decision of Board in its 295th Meeting.

Registration Board after detailed discussion & deliberations decided as under:

"To issue the show cause notice and personal hearing for suspension / cancellation of registration to the firm/ responsible persons as provided by the provincial quality control board (PQCB), Punjab for not providing method and standards for test/analysis despite of multiple requests by the Drugs Testing Laboratory Faisalabad."

Case No. 10: CASE REFERRED BY PQCB, PUNJAB REGARDING INJECTION SULFAPRIME, BATCH NO. I-109, MANUFACTURED BY M/S ATTABAK PHARMA ISLAMANBAD.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-331/2019 dated 14-12-2019 has informed that Provincial Inspector of Drugs Tehsil & District Sahiwal reported that:

i. She, on 13-07-2019 inspected the premises of Medicine Store of office of Directorate Live Stock, Jogi Chowk, Sahiwal and took samples of four different types of drugs on Form No. 04 for the purpose of test and analysis.

ii. One out of these drug samples after test/analysis, was declared **Substandard and Misbranded by** Government Analyst Drug Testing Laboratory, Bahawalpur as detailed below:

Name of drug	Batch No.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results
Injection Sulfaprime [(Trimethoprm 80mg Sulfadiazine 400mg)/ml 50ml]	1-109	M/s Attabak Pharmaceutical Industries. 5-C. 1-10/3 Industrial Area, Islamabad	TRA No 01-25004258/DTL dated:28-08-2019	**Analysis with specifications applied:** MS/BP 2018 **Description (MS):** Suspension of almost white solid in pale straw solution filled in sealed amber glass vial (stated volume: 50ml) The label of the product does not bear the name of pharmacopoeia or document according to which product is manufactured (**The product is misbranded).** **Volume (BP) :** Limit: Not less than nominal (50ml) Determined: 50mL **pH (BP):** Limit: 10.0-10.5 Determined: **11.313 (Does not comply)** **Sterility (BP):** The product is sterile. **Assay (MS):** (Trimethoprim) Percentage: 100.72% Limit: 90-110% (Sulfadiazine) Percentage 98.65% Limit: 90-110% **Result:** The sample is **Substandard** on the basis of pH test and **Misbranded** as defined under clause (vi) of sub-section (s) of section 3 of the Drugs Act 1976.

iii. Store keeper, office of Directorate Live Stock, Jogi Chowk, Sahiwal provided invoice/ warranty No. DG-LS-SWL_0005-14-06-2019 dated 14-06-2019 issued by M/s Attabak Pharmaceutical Industries, 5-C, 1-10/3 Industrial Area, Islamabad as a proof of its purchase of the said drug, whereas the Drug Inspector accepted the above mentioned bill/warranty.

iv. Whereas, warrantor portion and a copy of test report of the drug sample was sent to M/s Attabak Pharmaceutical Industries, 5-C, 1-10/3 Industrial Area, Islamabad with directions to provide the requisite information and to explain their position in this regard.

Drug Inspector requested to grant permission for prosecution against the accused persons nominated in the instant case who have contravened the provisions of Section 23/27 of the Drugs Act, 1976 (as amended) /DRAP Act, 2012 and Rules framed there under by the way of -

i. **Manufacturing/ Selling/ Stocking of Substandard/Misbranded drug**
ii. **Issuance of false warranty**

Show-cause notice(s) were issued to accused person(s).

Reply of The Firm to Showcause Notice:

M/s Attabak Pharmaceutical Industries, 5-C, 1-10/3 Industrial Area, Islamabad submitted that:

> *'That the product injection Sulfaprime have manufacturer specification and the PH determined by the DTL Bahawalpur are as per manufacturer specification.*
> *That the PH limit of injection Sulfaprime Is 10— 13 and the PH determined i.e. 11.3 is within limits which are as per manufacturers' specification.*
> *That the chemical assay of both the actives Trimethoprime and Sulphadiazine is with the limits.*
> *That same product injection Sulfaprime is supplied to Gujranwala which is analyzed from DTL Multan and the DTL Multan follow our manufacturers specification and the PH determined by DTL Multan is 11.73 which is as per manufacturers specification.*
> *That how it is possible that on some component of analysis of the same product i.e. Description and Assay manufacturers specification is applied while on some components of analysis i.e. sterility and pH, BP is applied.*
> *That the matter regarding the misbranded of the product we rectify the labels of the said product and a label and an affidavit is already submitted to PQCB Lahore Letter No PQCB/P- 101209/19 "*

Personal hearing notice(s) were issued to accused person(s).

PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **215th meeting** held on **14-12-2019.** Ms. Roquia Parveen, Secretary DQCB Sahiwal and Ms. Sadaf Drug Inspector Tehsil & District Sahiwal were present along with original record of the case. Among accused persons, Sajid Hussain (Quality Control Manager) of M/s Attabak Pharmaceutical Industries, 5-C, 1-10/3 Industrial Area, Islamabad was present and submitted that the Government Analyst wrongly applied BP specifications (pH range=10.0-10.5) for pH determination instead of applying manufacturer's specifications (pH range=10-13) and declared the subject drug sample substandard. Thus, he disagreed with the DTL results and requested for lenient view based on application of wrong specifications.

In reply to a query from a Board member, representative of the firm stated that the subject drug sample got registered in 2009, since then they are producing this product according to firm's in-house specifications with pH range 10-13.

The Board, after careful scrutiny of the DTL report and statements of firm representative, observed that the subject drug sample has been declared substandard by the Government Analyst Drug Testing Laboratory on the basis of pH. The determined value of pH (11.313) is greater than the upper permissible limit i.e., **10.0-10.5** as given in British Pharmacopoeia. The Board was of the opinion that injecting more alkaline solutions (above the upper permissible limit of pH) may lead to discomfort, erythema and oedema at the site of injection. The Board further observed that the firm is continuously producing subject drug sample with more alkaline/out of range pH according to their own set, unjustified pH range.

Keeping in view the facts of the case, the Board after due deliberation and discussion, **unanimously** decided **to** grant **permission for prosecution** against the following accused persons in **Drug Court:**

1. **M/s Attabak Pharmaceutical Industries, 5-C, 1-10/3 Industrial Area, Islamabad** through its Managing Director Dr. Israr Hussain Shah
2. Dr. Israr Hussain Shah — Managing Director/Warrantor
3. Shaid Ahmad Yousafzai — Production Incharge
4. Sajid Hussain — Quality Control Manager

of M/s Attabak Pharmaceutical Industries, 5-C. 1-10/3 Industrial Area. Islamabad., for the offences of:

a) Manufacturing/ Selling/ Stocking of Substandard/Misbranded drug
b) Issuance of false warranty

The Board further decided to direct office of secretary PQCB to report to DRAP, the matter of unexplained and unjustified pH range specifications being used by the firm without performing any product development or stability studies.

Proceeding and Decision of 295th Meeting of Registration Board.

The Board was appraised that similar case was presented in 293rd meeting of the Registration Board wherein the Board decided to take the views comments of the Legal Affairs Division, DRAP, Islamabad.
Legal Affairs Division, DRAP, Islamabad provided their opinion that Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.
However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No. 11: CASE REFERRED BY PQCB, PUNJAB REGARDING DOLOGIN TABLETS, B# 346, MANUFACTURED BY M/S OPAL LABORATORIES (PVT.) LTD., LC-41, L.I.T.E., LANDHI, KARACHI.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-327/2018 dated 15-11-2019 wherein he has informed that Provincial Inspector of Drugs Tehsil Depalpur, District Okara reported that:

i. He on 04-01-2018 inspected the business premises of M/S Macca Medical Store, Kasur Road Rajowal Depalpur, District Okara and took samples of three different types of drugs on form No 4 for the purpose of test/analysis.

ii. Out of which one drug sample after test/analysis was declared **Substandard** by the Government Analyst Drug Testing Laboratory Punjab, Bahawalpur as detailed below:

Name of drug	Batch No.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results
Tabs. Dologin [Mefenamic acid; 250mg]	346	M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan	TRA No: 01-01010653/DTL Dated: 21.03.2018	**Analysis with specifications applied:** Manufacturer's Specifications **Composition:** Each dispersible tablet contains: Mefenamic acid..... 250mg **Description:** A white colored tablet, oblong in shape, bisected on one side and plain on other side. Packed in blister packing of 10 units. **Disintegration:** Eight tablets out of eighteen were not disintegrated within specified time, i.e. 3 minutes. **Limit: 16 tablets out of 18 must be disintegrated within specified time, i.e. not more than 3 minutes** **(Does not comply specifications)** **Identification:** Mefenamic acid is identified. **Assav: (Mefenamic acid)** Stated:……250mg Determined: ……..253.365mg Percentage: ……101.346% Limit:……..95-105 % **Result:** The sample is Substandard on the basis of test performed.

iii. M/S Macca Medical Store Kasur Road Rajowal Depalpur, District Okara provided invoice/warranty No.19853(A) dated 16-10-2017 issued by M/S Asif Trading Corporation, 45 Akbar Road Okara who in turn provided invoice/warranty No. PH-88085 dated 18-09-2017

issued by M/S Opal Laboratories (Pvt.) Ltd., LC-41, L.I.T.E., Landhi, Karachi-Pakistan as a proof of its purchase of the said drug, whereas the Drug inspector accepted the above-mentioned bill/warranty.

iv. Whereas, warrantor portion and a copy of test report was sent to M/S Asif Trading Corporation, 45 Akbar Road Okara.

v. Whereas, a copy of test report of drug sample was sent to M/S Opal Laboratories (Pvt.) Ltd., LC- 41, L.I.T.E., Landhi, Karachi-Pakistan with directions to explain their position and provide requisite information in this regard.

REPLY OF THE FIRM TO DRUG INSPECTOR:

M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan submitted that:

"portion of sealed sample was received on 03-04-2018 after passage of 89 days, although according to law it should have been dispatched within 7 days. Moreover, we had thoroughly checked, upon detail evaluation both warrantor sample and reference sample, found OK and meets specification It is worth noting that we have not been asked for testing method and other required relevant detail for Quality Control laboratory testing. "

Drug Inspector requested for grant of permission for prosecution against the accused persons involved in the subject case who have contravened the provisions of Section 23/27 of the Drugs Act 1976 and Rules framed there under by the way of: -

a. Manufacturing for sale/Sale of Substandard drug.

b. Issuance of false warranty.

Showcause/personal hearing notice(s) was issued to accused person(s).

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

209th meeting held on 17-07-2019:

Case was considered by the Provincial Quality Control Board, under section 11 of The Drugs Act, 1976 in its 209th meeting held on 17-07-2019 Mr. Zaheer-udin Babar Secretary DQCB Okara and Mr. M Irfan Munir Drug Inspector Tehsil Depalpur & District Okara were present. Drug Inspector briefed the Board about facts of the case and requested to grant permission for prosecution against the accused persons. Secretary PQCB apprised the Board that showcause/personal hearing notice was duly served to the accused persons. Counsels of the firm, Sarnia Khalid (Advocate) and M. Zohaib Shahid (Advocate) were present on behalf of M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan and submitted written request for adjournment of the subject case.

The Board after due deliberation and discussion decided to **adjourn** the case in the best interest of justice and provide another but final opportunity of personal hearing to the accused persons

Personal hearing notice(s) issued to accused person(s).

211th meeting held on 30-09-2019:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act. 1976 in its **211th**meeting held on 30-09-2019. Mr. Zaheer-udin Babar Secretary DQCB Okara was present along with the original case record. Secretary DQCB Okara briefed the Board about facts of the case and requested to grant permission for prosecution against the accused persons. Secretary PQCB apprised the Board that personal hearing notice was duly served to the accused persons. Counsel of the firm, M. Zohaib Shahid (Advocate) appeared before the Board on behalf of M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan and submitted that a similar case of Tablet Dologin [Mefenamic Acid: 250mg] with batch no. 348 was previously considered by the Board. The DTL report of both these cases declared Tablet Dologin [Mefenamic Acid: 250mg] substandard on the basis of Disintegration test. He further stated that inspection of Batch manufacturing record was recommended in the other case and requested that the subject case may be clubbed with case of Tablet Dologin [Mefenamic Acid: 250mg] with batch no. 348

The Board after detailed scrutiny of the record and in light of the arguments raised by the

Counsel of the firm observed that a case of Tablet Dologin [Mefenamic Acid: 250mg] Batch no. 348 with R. no. 36/2018 was considered by the Board in its 207th meeting held on 13-06-2019. The Board further observed that there are similarities in these two cases as both the batches (batch no. 348 & 349) were manufactured in similar time period and they failed on same grounds i.e . Disintegration test. The inspection of Batch manufacturing record was conducted on 23rd September 2019 by the nominated team and the final report is still awaited.

The Board after due deliberation and discussion, unanimously decided to accept the request of the counsel of the firm and directed the office of Secretary PQCB to club the case of Tablet Dologin [Mefenamic Acid. 250mg] Batch no 346 with the other case of Tablet Dologin [Mefenamic Acid 250mg] Batch no 348 of R. no. 36/2018 for further consideration by the Board

INSPECTION REPORT OF M/S OPAL LABORATORIES (PVT.) LTD, LC-41, L.I.T.E., LANDHI, KARACHI.

Panel Members:

Dr. Prof(R) Mahmood Ahmad, Member, PQCB.

Dr. Muhammad Munawar Hayat CDC Punjab

Date of Inspection: 23-09-2019.

Detail of matter and Firm:

- *The management of the firm is changed on 19th December 2017 which was approved in 256th meeting of CLB DRAP on 09 & 10 November 2017.*
- *QA of Firm generated request for change the art work of label on 15-01-2018*
- *Tablet Dologin (Mefenamic acid) 250mg. Batch No. 348 was manufactured on 09/2017*
- *The said drug was declared substandard on basis of Disintegration test by DTL Rawalpindi on 07-05-2018.*

OBSERVATIONS:

a) *The firm is manufacturing **"dispersible"** tablets but having the registration of plain tablets.*
b) *Product Specification of Tablet Dologin is B.P.as mentioned in method and assay is by titration.*
c) *At time of inspection, the production manager of firm informed that firm is now manufacturing the plain dologin tablets from last one year.*
d) *Currently, the firm is using the same formulation as before without any variation.*
e) *API Mefenamic acid is of BP specification.*
f) *On 18/08/2018 firm destroyed the remaining packing material /label bearing dispersible word through Gel Pvt. Ltd.*

Batch Processing Record of specific product:

01. *BMR Record: available.*
02. *QC retain sample: Not available Expired.*
03. *Testing method: available*
04. *Manufacturing started on 29/09/2017 and completed on 09/10/2017.*

Manufacturing Process of tablet Dologin 250mg:

1. *The firm provided the record of process of manufacturing of tablets Dologin, the firm has no reference of dispersible tables of Mefenamic acid of any other firm in the world.*
2. *The firm developed the method of manufacturing of tablet Dologin by using the one disintegrant at 5% percentage only in final blending and found Primogel (Sodium starch glycolate) as suitable for manufacturing of dispersible Dologin tablets.*

Conclusion:

The panel is of the opinion that:

01. *This defect in tablet is due to improper development of dispersible tablet formulation and the firm has not performed any in-vitro tests or study to evaluate the status of dispersible formulation.*
02. *The Firm has given self-life of 3 years to Plain tablets whereas 2 years of shelf-life has been given to dologin DS tablets.*
03. *The firm is performing only Disintegration test and not performing dissolution test.*
04. *The firm has not recalled the drug from the market which is still not expired. The expiry of the drug is 08/2020.*
05. *The firm is manufacturing **"dispersible"** tablets illegally while they have the registration of plain tablets.*
06. *The firm is advised to redesign its formulation to differentiate between plain and dispersible Tablet and stop manufacturing of dispersible tablets.*

Submitted for final decision to Board

Personal hearing notice(s) issued to accused person(s).

CURRENT PROCEEDINGS & DECISION BY THE BOARD:

Inspection report was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **213th** meeting held on 15-11-2019. Ms. Barkhoona Waheed Secretary DQCB Jhelum was present along with original record of the case. Counsel of the firm, M Zohaib Shahid (Advocate) appeared before the Board on behalf of M/S Opal Laboratories LC-41, L.I.T.E., Landhi, Karachi and submitted that the statement mentioned on the DTL report that "no monograph of Mefenamic acid dispersible tablet is available in official monographs" as dispersible tablets monograph is available in European Pharmacopeia. He further submitted that Mefenamic acid is commonly used to treat mild to moderate pain and its repeated use can cause serious gastrointestinal toxicity, thus, the clinical justification for manufacturing of dispersible Dologin Tablet is to avoid these adverse effects.

Dr. Munawar Hayat, Chief Drugs Controller, Punjab apprised the Board about the observations made by the inspection team during the visit of the firm. In the light of the facts stated in the inspection report, the Board observed that

- The firm has registration of plain tablets of Mefenamic acid but it was manufacturing dispersible tablet which is illegal. Moreover, the firm is manufacturing Mefenamic acid dispersible tablets, the reference of which is neither available in any pharmacopeia nor such reference is available for its manufacturing by any firm in the world.
- The defect in the tablet was due to improper development of dispersible tablet formulation and that the firm has not performed any in-vitro tests or study to evaluate the stability of dispersible formulation.
- The firm was performing only Disintegration test and not performing dissolution test while according to official pharmacopoeia, both tests are necessary to be performed.
- The expiry date of the subject drug is 08/2020 but the firm has still not recalled it from the market.
- According to the letter from DRAP to M/S Opal Laboratories LC-41, L.I.T.E., Landhi. Karachi, the management of the firm was changed on 19th December 2017 which was approved in 256th meeting of CLB DRAP on 09 & 10 November 2017. However, in PQCB 194th meeting dated 18-10-2018, the current CEO of the firm appeared before the Board and stated that the firm has been acquired by the new management in June 2017. The subject drug was manufactured in September 2017 i.e. after the new management acquired the firm. Moreover, no sale deed has been provided by the firm about handing/taking over of the firm, in support of the claim that on such date they were having the responsibility of this offense or not. Further, in writ petition no 24146/2019, as reflected by the orders of Ayesha A. Malik J dated 16-05-2019 the petitioner has not taken any such stance rather he was in the proper defense of case in the High Court in said writ petition.

Keeping in view the foregoing facts, the Board unanimously decided to grant permission for Prosecution against the following accused persons in the Drug Court

01. M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan through its Chief Executive Officer Dr. Ali Afzal

02.	Dr. Ali Afzal	Chief Executive Officer
03.	Jhanzaib Akram	Managing Director
04.	Rozina Babar	Quality Control Manager/Warrantor
05.	Ikram Zubairi	Production Manager

of M/S Opal Laboratories (Pvt.) Ltd, LC-41, L.I.T.E., Landhi, Karachi-Pakistan for the offences of:

a. Manufacturing for sale/Sale of Substandard drug.
b. Issuance of false warranty.

The Board further decided to recommend the Registration Board, Drug Regulatory Authority of Pakistan for cancellation of registration of Tablet Dologin (Mafenamic acid) 250mg manufactured by M/S Opal Laboratories LC-41, L.I.T.E., Landhi, Karachi.

Proceeding and Decision of 295th Meeting of Registration Board.

The Board was appraised that similar case was presented in 293rd meeting of the Registration Board wherein the Board decided to take the views comments of the Legal Affairs Division, DRAP, Islamabad.

Legal Affairs Division, DRAP, Islamabad provided their opinion that Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No. 12: CASE REFERRED BY PQCB, PUNJAB REGARDING DOLOGIN TABLETS, B# 348, MANUFACTURED BY M/S OPAL LABORATORIES (PVT.) LTD., LC-41, L.I.T.E., LANDHI, KARACHI.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-36/2018 dated 15-11-2019 has informed that Provincial Inspector of Drugs Tehsil Jhelum reported that:

iii. He on 27-02-2018 inspected the business premises of M/S M/s Tariq Pharmacy, Amin market, Muhammadi chowk, Tehsil Jhelum and took sample of two different type of drugs on Form No. 04 - for the purpose of test and analysis.

iv. One of drug sample after test/ analysis, was declared **Substandard** by Government analyst Drug Testing Laboratory Rawalpindi as detailed below:

<table>

iii. M/s Tariq Pharmacy, Jhelum provided invoice/warranty No.PH-88716, dated 13-10-2017 issued by M/S Opal Laboratories (Pvt.) Ltd., LC-41, L.I.T.E., Landhi, Karachi-Pakistan as the proof of their purchase.

iv. Copy of test/analysis report and warrantor portion was sent to warrantor M/s Opal Laboratories LC-41, L.I.T.E., Landhi, Karachi with the direction to explain their position and provide requisite information in this regard.

v. Drug Inspector requested for grant of permission for prosecution against the above-mentioned accused persons who have contravened the provisions of Section 23/27 of the Drugs Act 1976/DRAP Act 2012 and Rules framed there under by the way of: -

(Accused No. 1)

a. Stocking/Selling of Substandard drug

(Accused No. 2-5)

a. Manufacturing for sale/stocking/Selling of Substandard drug

b. Issuance of false warranty

Show-cause/Personal hearing notice(s) issued to accused person(s)

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Qua ty Control Board, under section 11 of the Drugs Act 1976 in its **194th meeting held on 18-10-2018.** Drug Inspector briefed the Board about facts of the case and requested for the permission for prosecution against the accused persons Accused Muhammad Qasim (Proprietor) of M/s Tariq Pharmacy, Amin market, Jhelum stated that he purchased the drug directly from manufacturer M/s Opal Pharma and submitted the copy of bill/warranty to the office of Drug Inspector within seven days. Chief Executive Officer of M/s Opal Pharma that the firm was acquired by the new management in June 2017. The said Batch of the drug was manufactured by old management; hence they are not responsible for commission of the offence. In response of a query, QC manager of the firm replied she has been working with the firm since 2016 and the product is being manufactured under B.P specifications. She added that the said drug is registered as a plain tablet not as a dispersible tablet and she raised this issue before the management with the request rectify the label claim. CEO of the firm apprised the Board that in response to the intimation by the QCM the firm has stopped manufacturing of the said drug as dispersible tablet. QC retained portion was tested and its disintegration time was found within required limits. He requested to drop the case.

The Board, after detailed scrutiny of the record, due deliberation and detailed discussion observed that no monograph of Mefenamic acid dispersible tablet is available in official pharmacopoeias. The product was not registered as a dispersible tablet by the **MOH/DRAP.** The said batch of drug was manufactured in September 2017 after acquisition of the firm by the new management. Hence, new management is responsible for manufacturing of the substandard drug in a dosage form not approved by the regulatory authority. In the view of foregoing facts the Board, decided to grant **permission for prosecution** against the following accused persons in the Drug Court:

1. M/S Opal Laboratories LC-41, LITE, Landhi, Karachi through its Chief Executive Officer Dr. Ali Afzal
2. Dr. Ali Afzal — Chief Executive Officer
3. Ikram Zubairi — Production Manager
4. Rozina Baber — Quality Control Manager/Warrantor

of M/S Opal Laboratories LC-41, LITE, Landhi, Karachi for the offences of:

a. Manufacturing for sale/stocking/Selling of Substandard drug

b. Issuance of false warranty

The Board further decided to drop the proceedings against the accused Muhammad Qasim (Proprietor) of M/s Tariq Pharmacy, Amin market, Muhammadi chowk, Tehsil Jhelum.

Review Petition:

The firm has filed the Review Petition against the orders of Provincial Quality Control Board of even No. dated 05-11-2018:

Dr. Ali Afzal Presently CEO of M/s Opal Laboratories (Pvt.) Ltd., LITE, Landhi, Karachi Verses Provincial Drug Inspector, Tehsil Jhelum, Jhelum,

A. That at the time of sampling of the product in question by the Respondent, the Petitioner was not Chief Executive officer of the company the rather Mr Tariq Ikram was the Chief Executive Officer/ Managing Director of the company at that time of manufacturing of the Product in question and the same is evident from the letter dated 19-12-2018 issued by the Central Licensing Board of the DRAP whereby the change of management of the company taken place. As per Section 34 of the Drugs Act, 1976 only those directors may be held responsible within whose knowledge the alleged offence was committed. Had the complainant drug inspector carried out any investigation in the matter or reflected upon status of the Petitioner in the management of the company, he would have certainly excluded his name from the list of accused persons. Therefore, the Petitioner cannot be held liable for the commission of alleged offences and name of the Petitioner as the CEO of the company is liable to be dropped from the instant case

B. That the Petitioner has been charged under section 23 and under 27(4) of the Drugs Act, 1976 in ignorance of the provisions of Section 32 of the Drugs Act which provides that the person not being the manufacturer of the drug in question cannot be held liable for non-fulfillment of responsibility of the manufacturer. He just has to satisfy himself generally to the extent that the drug did not violate the provisions of the act

C. That without prejudice to the above the test report of the DTL Rawalpindi is for various reasons completely in effective, invalid and unfit for the purpose of evaluation of the quality and standard of the drug, either under the law and under the facts, and the same are of no consequence or merit for declaring the Tablet Dologin (Mefenamic Acid) 250 mg as sub-standard.

D That this honorable Board has committed material irregularity while passing the impugned order though giving its observation that "no monograph of Mefenamic acid dispersible tablet is available in official pharmacopeias" it is submitted that this observation is totally wrong as official monograph of dispersible tablet is available. As per 'Ph Eur. monograph 0478' several categories of tablets for oral use are provided which may be distinguished as follows:

i. Uncoated tablets;
ii. Coated tablets;
iii. Effervescent tablets:
iv. Soluble tablets;
v. Dispersible tablets
vi. Orodispersible tablets;
vii. Gastro-resistant tablets;
viii. Modified release tablets
ix. Ablets for use in mouth:
x. Oral lyophilisates;

E. It is clarified that the Dologin Tablet was developed as buffered and dispersible effects, however, it was not mentioned in the brand name, in this regard, a letter dated 24-01-2004 for price revision of the product was sent to the Ministry of Health wherein it was mentioned that the Product is Buffered' and 'Dispersible' to overcome the side effects of GIT. Therefore, this observation by this Honorable Board is wrong that 'the Product was not registered as a dispersible tablet by the MOH/ DRAP'.

F. The clinical justification of the dispersible Dologin Tablets of 'Mefenamic acid' is widely used in the treatment of mild to moderate pain including headache, dental pain, post-operative/ postpartum pain, dysmenorrhea, rheumatic disorders such as osteoarthritis and rheumatoid arthritis. The chemistry and pharmacology of Mefenamic acid is no more hidden from the eyes of the prescribers besides the fact that its usage cause serious gastrointestinal toxicity such as bleeding, ulceration and perforation any time without any warning. The common adverse effects of Mefenamic acid are gastrointestinal disturbances, peptic ulceration and gastrointestinal bleeding The Petitioner/ Opal Laboratories under took studies to eliminate or reduce the above-mentioned side effects of Mefenamic acid during its usage in their Research and Development department. The first idea was to coat the tablet with an acid resistant material but it was dropped, as it will delay the onset action of the drug for almost two hours. During the further studies and review of the published literature another theory was developed that if the drug is made buffered and dispersible, the side effects can be eliminated or at least be minimized. The advantage of buffered Mefenamic Acid is to be antagonize the acidity of stomach to prevent further decrease of pH and hence minimize the serious adverse effects of Mefenamic acid on one hand and on the other hand increases absorption due to lesser acidic environment created in the stomach. Due to the dispersible action the drug is rapidly dispersed throughout the lumen of the gastrointestinal tract and as a result each particle proves its own absorption of Mefenamic acid. The theoretical results were testified at R & D with practical, the approval was received to launch the product with the slogan of buffered Dispersible Mefenamic Acid tablets. As this new idea of dispersion and buffering reached the prescribers the more and more patients were put onto Dologin tablets with buffered and dispersible action and today many are convinced remaining few to touch for their acceptance.

G. That be that as it may and without prejudice to the foregoing, and the legality of the decision of the previous management to add the word 'dispersible' on the label, the new management after taking over the company in Dec 2017 has removed the word 'dispersible' from the label.

H. That without prejudice to the foregoing, the Government Analyst has failed to mention complete protocols of the test applied in the DTL report. It is a trite law that without protocols of the test report is inconclusive and cannot be used as evidence against the accused persons. The Impugned report is liable to be set aside being based on incomplete report.

I. That the petitioner carried out a thorough check on retained samples of Tablet Dologin (Mefenamic acid) 250mg Batch no. 348 and has made similar tests on random samples of the same, no such abnormality was found, the product is well within the limit and is of standard quality. All parameters of test and analysis are within acceptable limits.

J. That Sections 11 (5)(b) and 19(6) of the Act read with Rule 5(3) of the Punjab Drug Rules. 2007 cast a duty upon the Respondent and this honorable Board to take every action under the Impugned reports by applying conscious mind and not in a mechanical manner It is regretted that

the impugned Order has been passed in violation of Section 11 (5)(b) and 19(6) of the Drugs Act and Rule 5(3) of the Punjab Drug Rules. 2007.

K. That it is the duty and obligation of the public functionaries to act justly fairly, equitably, reasonably without any element of discrimination and squarely within the parameters of law as is envisaged by Article 4 of the Constitution.

L. That in addition to above, the Petitioner reserved his right to submit further assistance to this honorable Board during the arguments of the instant petition.

Prayer:

In view of the foregoing, it is most respectfully and humbly submitted that this honorable Board may be pleased to:

i. Accept the instant review petition, delete the name of the Petitioner from the list of accused persons in the case no. PQCB/R-36/2018;

ii. Set aside the Impugned Order dated 05-11-2018 being passed without proper examination of available record;

iii. Suspend the Impugned Order till the decision of the instant review petition

Any other relief which this Honorable Forum deems fit and appropriate in the circumstance of the case may also be allowed.

Review petition:

The following accused have filed the Review Petition against the orders of
Provincial Quality Control Board of even No. dated 05-11-2018:

1. M/s Opal Laboratories (Pvt.) Ltd, LITE, Landhi, Karachi through its authorized officer Ms. Rozina Babar
2. Ms. Rozina Baber d/o Ibarat-ullah- Baber Quality Control Manager/ warrantor of M/s Opal Laboratories (Pvt.) Ltd, LITE, Landhi, Karachi.
3. Mr. Ikram Zubairi Production Manager of M/s Opal Laboratories (Pvt.) Ltd, LITE, Landhi, Karachi.

Verses

Provincial Drug Inspector, Tehsil Jhelum, Jhelum.

A That the test report of the DTL Rawalpindi consists of technical defects and therefore ineffective for the purpose of evaluation of the quality and standard of the drug, either under the law or under the facts, and the same are of no consequence or merit for declaring the Tablet Dologin (Mefenamic Acid) 250mg as sub-standard.

B. That this honorable Board has committed material irregularity while passing the impugned order though giving its observation that "no monograph of Mefenamic acid dispersible tablet is available in official pharmacopeias". It is submitted that this observation is totally wrong as official monograph of dispersible tablet is available. As per 'Ph Eur monograph 0478' several categories of tablets for oral use are provided which may be distinguished as follows;

i. Uncoated tablets;
ii. Coated tablets;
iii. Effervescent tablets;
iv. Soluble tablets;
v. Dispersible tablets:
vi. Orodispersible tablets;
vii. Gastro-resistant tablets;
viii. Modified-released tablets:
ix. Tablets for use in the mouth;
x. Oral lyophilisates.

C. It is clarified that the Dologin Tablet was developed as buffered and dispersible effects, however, it was not mentioned in the brand name, in this regard, a letter dated 24-01-2004 for price revision of the product was sent to the Ministry of Health wherein it was mentioned that the Product is Buffered' and 'Dispersible' to overcome the side effects of GIT Therefore, this observation by this Honorable Board is wrong that 'the Product was not registered as a dispersible tablet by the MOH/ DRAP'.

D. The clinical justification of the dispersible Dologin Tablets of 'Mefenamic acid' is widely used in the treatment of mild to moderate pain including headache, dental pain, post-operative/ postpartum pain, dysmenorrhea, rheumatic disorders such as osteoarthritis and rheumatoid arthritis. The chemistry and pharmacology of mefenamic acid is no more hidden from the eyes of

the prescribers besides the fact that its usage cause serious gastrointestinal toxicity such as bleeding, ulceration and perforation any time without any warning The common adverse effects of mefenamic acid are gastrointestinal disturbances, peptic ulceration and gastrointestinal bleeding The Petitioner/ Opal Laboratories under took studies to eliminate or reduce the above-mentioned side effects of Mefenamic acid during its usage in their Research and Development Department. The first idea was to coat the tablet with an acid resistant material but it was dropped, as it will delay the onset action of the drug for almost two hours During the further studies and review of the published literature another theory was developed that if the drug is made buffered and dispersible, the side effects can be eliminated or at least be minimized. The advantage of buffered Mefenamic Acid is to be antagonize the acidity of stomach to prevent further decrease of pH and hence minimize the serious adverse effects of Mefenamic acid on one hand and on the other hand increases absorption due to lesser acidic environment created in the stomach. Due to the dispersible action the drug is rapidly dispersed throughout the lumen of the gastrointestinal tract and as a result each particle proves its own absorption of Mefenamic acid. The theoretical results were testified at R &D with practical, the approval was received to launch the product with the slogan of buffered Dispersible Mefenamic Acid tablets. As this new idea of dispersion and buffering reached the prescribers the more and more patients were put onto Dologin tablets with buffered and dispersible action and today many are convinced remaining few to touch for their acceptance.

E. That be that as it may and without prejudice to the foregoing, and the legality of the decision of the previous management to add the word 'dispersible' on the label, the new management after taking over the company in Dec 2017 has removed the word dispersible' from the label

F. That without prejudice to the foregoing, the Government Analyst has failed to mention complete protocols of the test applied in the DTL report. It is a trite law that without protocols of the test report is inconclusive and cannot be used as evidence against the accused persons. The Impugned report is liable to be set aside being based on incomplete report

G. That the petitioner carried out a thorough check on retained samples of Tablet Dologin (Mefenamic acid) 250mg Batch no. 348 and has made similar tests on random samples of the same, no such abnormality was found, the product is well within the limit and is of standard quality. All parameters of test and analysis are within acceptable limits.

H. That Sections 11 (5)(b) and 19(6) of the Act read with Rule 5(3) of the Punjab Drug Rules, 2007 casta duty upon the Respondent and this honorable Board to take every action under the Impugned reports by applying conscious mind and not in a mechanical manner It is regretted that the impugned Order has been passed in violation of Section 11 (5)(b) and 19(6) of the Drugs Act and Rule 5(3) of the Punjab Drug Rules, 2007.

I. That it is the duty and obligation of the public functionaries to act justly fairly, equitably, reasonably without any element of discrimination and squarely within the parameters of law as is envisaged by Article 4 of the Constitution.

J. That in addition to above, the Petitioner reserved his right to submit further assistance to this honorable Board during the arguments of the instant petition.

Prayer:

In view of the foregoing, it is most respectfully and humbly submitted that this honorable Board may be pleased to:

i. Accept the instant review petition, delete the name of the Petitioner from the list of accused persons in the case no. PQCB/R-36/2018;

ii. Suspend the Impugned Order til! the decision of the instant review petition.

Any other relief which this Honorable Forum deems fit and appropriate in the circumstance of the case may also be allowed.

The Petitioners also requested for grant of interim relief till the final decision of the titled Review petition.

Personal hearing notice(s) issued to accused person(s)

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

199th meeting held on 31-01-2019:

Subject Review Petition was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 199lhmeeting held on 31-01-2019. Ms Barkhoona Waheed Secretary DQCB District Jhelum and Mr. Naseer Ahmed Drug Inspector Tehsil &District Jhelum were present Counsel of the firm Zohaib Shahid Lodhi (Advocate) appeared before the Board and submitted that the firm was unaware that this case is placed at the agenda of 199th meeting dated 31-01-2019. as they did not receive personal

hearing notice. He agitated his grievances as mentioned in grounds of the review petition submitted by the firm.

The Board after detailed scrutiny of the record and grounds of the review petition submitted by the firm, due deliberation &discussion observed that the current CEO of the firm appeared before the Board in PQCB 194th meeting dated 18-10-2018 and gave the statement that the firm has been acquired by the new management in June 2017 and the subject drug was manufactured in September 2017 after acquisition of the firm by the new management. Government Analyst has tested the subject sample according to the Manufacturer's specifications as provided by the firm and the sample fails to comply with manufacturer's own specifications and the report of Government Analyst is the conclusive evidence of the facts stated therein.

In view of the foregoing facts, the Board unanimously decided to turn-down the subject review petition and uphold its previous decision taken in PQCB 194th meeting held on 18-10-2018 for grant of permission for Prosecution against the following accused in the Drug Court:

1. M/S Opal Laboratories LC-41, LITE, Landhi, Karachi through its Chief Executive Officer Dr. Ali Afzal
2. Dr. Ali Afzal — Chief Executive Officer
3. Ikram Zubairi — Production Manager
4. Rozina Baber — Quality Control Manager/Warrantor

of M/S Opal Laboratories LC-41, LITE, Landhi, Karachi for the offences of

- **a.** Manufacturing for sale/stocking/Selling of Substandard drug
- **b.** Issuance of false warranty

203rd meeting dated 29-03-2019:

Request of the firm to grant fair opportunity of hearing was placed as issue in 203rd meeting dated: 29-03-2019

Request from M/s Opal Laboratories (Pvt.) Ltd. has been received stating that:

1. We write to you on behalf of M/s Opal Laboratories (Pvt.) Ltd. (the "company", our "client").

2. Kindly refer to the previous letter dated 01-02-2019 whereby our client has made a request to your good office for granting of fair opportunity of hearing.

3 That we on the instructions of our Client filed a Review Petition before this honorable Board challenging the Order dated 05-11-2018 of the Provincial Quality Control Board, Punjab. The said Review Petition was lastly fixed for hearing before the honorable Provincial Quality Control Board, Punjab (the "Board") on 31-01-2019 m its 199'" meeting.

4. *That it is pertinent to mention here that no hearing notice for the aforesaid meeting was received by the Company till the date of hearing i.e. 31-01-2019. The associate of the undersigned counsel who was present in the office of the Board to attend hearing of other cases, informed the Company telephonically that their Review Petition is also fixed in the aforesaid hearing*

5. *Since, our Client is based in Karachi, it was impossible for the officials of the Company to reach and attend the hearing on a very short notice. Therefore, our Client gave us instructions to seek adjournment on ground of these unavoidable circumstances, which the honorable Board had flatly refused and directed the associate to plead the case knowing the fact that concerned accused persons and supporting documents were not available with him. However, the honorable Board in absence of the representative of the Company and without conducting a proper hearing of our Client has passed the Order dated 31-01-2019. whereby permission for prosecution has been granted to the Drug Inspector illegally, which is against the principles of natural justice, equity and fair play and also against the principle of Audi Alerm Partem'*

6 Now. through the instant letter we hereby again request you to kindly provide a fair opportunity of hearing to the Company before taking any action against the Company and the accused persons in the titled case, so that we may properly assist the Board in this case.

7. *It is reiterated here that the absence of the Company and its officials in the meeting dated 31-01-2019 was neither intentional nor deliberate rather it was due to the circumstances mentioned in Para 2-4 of the instant Application. No adverse order could have been passed without hearing the stance of the Company.*

8. *We have a strong and good prima facie case in our favor and there is very likelihood of the case being dropped if the honorable Board may grant us a proper opportunity of hearing.*

9. *It in the interests of justice that stance of the Company may be heard in a proper hearing, therefore, it is requested to kindly consider the instant application and fix our review petition in upcoming meeting scheduled.*

PROCEEDINGS & DECISION BY THE BOARD:

Issue was considered by Provincial Quality Control Board under Section 11 of the Drugs Act 1976 in its 20rd meeting dated 29-03-2019. The Board observed that the review petition filed by the firm has already been upheld by the Board in its 199th meeting dated 31-01-2019 and there is no provision to give a chance of personal hearing after review petition, in view of the foregoing facts, the Board unanimously decided to turn-down the request of the firm.

Honourable High Court Judgment dated: 16-05-2019 in Writ Petition No. 24146/2019 Titled as "M/S Opal Laboratories (Pvt.) Vs Provincial Quality Control Board etc."

"The instant Petition is allowed, order dated 31-01-2019 issued by Respondent No.l is set aside. The review petition filed by the Petitioner shall be deemed pending before the respondent No.l (PQCB) who is directed to decide it afresh in accordance with law within six weeks' time of certified copy of this order."

Personal hearing notice(s) issued to accused person(s).

PROCEEDINGS & DECISION BY THE BOARD:

Subject Review Petition was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 207th meeting held on 13-06-2019. Ms. Barkhoona Waheed Secretary DQCB District Jhelum and Mr Naseer Ahmed Drug Inspector Tehsil & District Jhelum were present along with original case file. Counsel of the firm Miss Sarnia Khalid (Advocate) appeared before the Board and agitated his grievances as mentioned in grounds of the review petition submitted by the firm. She added that according to DTL report the product was tested on Manufacturer specifications but the firm was not asked to provide method of testing. Our product is plain tablet instead of dispersible tablet (which was mistakenly printed on the label of the product sampled), so disintegration time limit of plain tablet (i.e NMT15 min) should have been applied on the product. This incorrect printing of dosage form on the label of the product is an offence under Labelling and Packaging Rules and DTL Rawalpindi was supposed to declare it misbranded instead of substandard. She further added that at the time of manufacturing of the product in question, her client was not Chief Executive officer of the company rather Mr. Tariq Ikram was the Chief Executive Officer/ Managing Director of the company the same is evident from the letter dated 19-12-2018 issued by the Central Licensing Board of the DRAP whereby the change of management of the company is mentioned. As per Section 34 of the Drugs Act, 1976 only those directors are held responsible with whose knowledge the alleged offence is committed.

The Board after detailed scrutiny of the record, grounds of the review petition and verbal arguments submitted by the counsel of the firm, due deliberation &discussion observed that in order to dig out whether the product in question was manufactured under new administration/ ownership or not. the Batch manufacturing record of the product need to be evaluated. Therefore, the Board decided to constitute a committee comprising of the following members to visit **M/S Opal Laboratories LC-41, LITE, Landhi, Karachi** for record verification and submit report for consideration by the Board:

1. **Prof Dr. Mehmood Ahmad** Convenor
   (Member PQCB)
2. **Munawar Hayyat** Member
   Chief Drugs Controller Punjab /Member PQCB

INSPECTION REPORT OF M/S OPAL LABORATORIES (PVT.) LTD, LC-41, L.I.T.E., LANDHI. KARACHI.

Panel Members:

Dr. Prof(R). Mahmood Ahmad, Member, PQCB.

Dr. Muhammad Munawar Hayat CDC Punjab

Date of Inspection: 23-09-2019

Detail of matter and Firm:

The management of the firm is changed on 19th December 2017 which was approved in 256th meeting of CLB DRAP on 09 & 10 November 2017.

- QA of Firm generated request for change the art work of label on 15-01-2018
- Tablet Dologin (Mefenamic acid) 250mg, Batch No. 348 was manufactured on 09/2017.
- The said drug was declared substandard on basis of Disintegration test by DTL Rawalpindi on 07- 05-2018

OBSERVATIONS:

1 The firm is manufacturing **"dispersible"** tablets but having the registration of plain tablets.

2 Product Specification of Tablet Dologin is B.P as mentioned in method and assay is by titration

3 At time of inspection, the production manager of firm informed that firm is now manufacturing the plain dologin tablets from last one years.

4. Currently, the firm is using the same formulation as before without any variation.
5. API Mefenamic acid is of BP specification.
6. On 18/08/2018, firm destroyed the remaining packing material /label bearing dispersible word through Gel Pvt. Ltd.

Batch Processing Record of specific product

1. BMR Record: available.
2. QC retain sample: Not available. Expired.
3. Testing method: available
4. Manufacturing started on 29/09/2017 and completed on 09/10/2017

Manufacturing Process of tablet Dologin 250mg:

1. The firm provided the record of process of manufacturing of tablets Dologin, the firm has no reference of dispersible tables of mefenamic acid of any other firm in the world.
2. The firm developed the method of manufacturing of tablet Dologin by using the one disintegrant at 5% percentage only in final blending and found Primogel (Sodium starch glycolate) as suitable for manufacturing of dispersible Dologin tablets.

Conclusion

The panel is of the opinion that:

1. This defect in tablet is due to improper development of dispersible tablet formulation and the firm has not performed any *in-vitro*tests or study to evaluate the status of dispersible formulation.
2. The Firm has given self-life of 3 years to Plain tablets whereas 2 years of shelf-life has been given to dologin DS tablets.
3. The firm is performing only Disintegration test and not performing dissolution test.
4. The firm has not recalled the drug from the market which is still not expired The expiry of the drug is 08/2020.
5 The firm is manufacturing **dispersible"** tablets illegally while they have the registration of plain tablets
6 The firm is advised to redesign its formulation to differentiate between plain and dispersible Tablet and stop manufacturing of dispersible tablets.

Submitted for final decision to Board.

Personal hearing notice(s) issued to accused person(s).

CURRENT PROCEEDINGS & DECISION BY THE BOARD:

Inspection report was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **213th**meeting held on 15-11-2019. Ms. Barkhoona Waheed Secretary DQCB Jhelum was present along with original record of the case. Counsel of the firm, M. Zohaib Shahid (Advocate) appeared before the Board on behalf of M/S Opal Laboratories LC-41, LITE, Landhi, Karachi and submitted that the statement mentioned on the DTL report that "no monograph of Mefenamic acid dispersible tablet is available in official monographs" as dispersible tablets monograph is available in European Pharmacopeia. He further submitted that mefenamic acid is commonly used to treat mild to moderate pain and its repeated use can cause serious gastrointestinal toxicity, thus, the clinical justification for manufacturing of dispersible Dologin Tablet is to avoid these adverse effects.

Dr. Munawar Hayat, Chief Drugs Controller. Punjab apprised the Board about the observations made by the inspection team during the visit of the firm. In the light of the facts stated in the inspection report, the Board observed that

- The firm has registration of plain tablets of mefenamic acid but it was manufacturing dispersible tablet which is illegal Moreover, the firm is manufacturing mefenamic acid dispersible tablets, the reference of which is neither available in any pharmacopeia nor such reference is available for its manufacturing by any firm in the world
- The defect in the tablet was due to improper development of dispersible tablet formulation and that the firm has not performed any in-vitro tests or study to evaluate the stability of dispersible formulation.

- The firm was performing only Disintegration test and not performing dissolution test while according to official pharmacopoeia, both tests are necessary to be performed.
- The expiry date of the subject drug is 08/2020 but the firm has still not recalled it from the market.
- According to the letter from DRAP to M/S Opal Laboratories LC-41, LITE, Landhi. Karachi, the management of the firm was changed on 19th December 2017 which was approved in 256th meeting of CLB DRAP on 09 &10 November 2017. However, in PQCB 194thmeeting dated 18-102018, the current CEO of the firm appeared before the Board and stated that the firm has been acquired by the new management in June 2017. The subject drug was manufactured in September 2017 i.e.. after the new management acquired the firm Moreover, no sale deed has been provided by the firm about handing/taking over of the firm, in support of the claim that on such date they were having the responsibility of this offense or not. Further, in writ petition no. 24146/2019 as reflected by the orders of Ayesha A. Malik J dated 16-05-2019, the petitioner has not taken any such stance rather he was in the proper defense of case in the High Court in said writ petition.

Keeping in view the foregoing facts, the Board unanimously decided to uphold its previous decision for grant of permission for Prosecution against the following accused in the Drug Court

1. M/S Opal Laboratories LC-41, LITE, Landhi, Karachi through its Chief Executive Officer Dr. Ali Afzal
2. Dr. Ali Afzal — Chief Executive Officer
3. Ikram Zubairi — Production Manager
4. Rozina Baber — Quality Control Manager/Warrantor

of M/S Opal Laboratories LC-41, LITE, Landhi, Karachi for the offences of:

a. Manufacturing for sale/stocking/Selling of Substandard drug

b. Issuance of false warranty

The Board further decided to recommend the Registration Board, Drug Regulatory Authority of Pakistan for cancellation of registration of Tablet Dologin (Mafenamic acid) 250mg manufactured by M/S Opal Laboratories LC-41, LITE, Landhi, Karachi.

Proceeding and Decision of 295th Meeting of Registration Board.

The Board was appraised that similar case was presented in 293rd meeting of the Registration Board wherein the Board decided to take the views comments of the Legal Affairs Division, DRAP, Islamabad.

Legal Affairs Division, DRAP, Islamabad provided their opinion that Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No. 13: CASE REFERRED BY PQCB, PUNJAB REGARDING DOLOPRIN TABLETS 75MG, B# 006502L, MANUFACTURED BY M/S PACIFIC PHARMACEUTICALS (PVT.) LTD., 30TH km MULTAN ROAD, LAHORE.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-453-07/2016 dated 30-11-2019 has informed that Provincial Inspector of Drugs Tehsil Rajan Pur reported that:

i. He, on 12-05-2016, inspected the Medical Store Depot, E.D.O (Health) Office Rajan pur and took samples of two different types of drugs on Form No. 04 for the purpose of test and analysis.

ii. One out of two drug samples after test/ analysis was declared as **Sub-standard** by Government Analyst Drug Testing Laboratory Multan, as detailed below:

Name of drug	Batch no.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results
Tablet Doloprin 75mg	006502L	M/S Pacific Pharmaceutical, (Pvt.) Ltd., 30th Km, Multan Road, Lahore, Pakistan.	TRA NO.5598/DTL dated: 18-06-2016	**Test/Analysis with Specifications:** Manufacturer's Specifications **Description:** Round pink tablets, packed in outer carton. Some tablets have spots and irregular surface. **(Does not comply with Specifications).** **Assay: (Aspirin)** Stated: 75mg/Tablet Found: 75.80mg/Tablet Percentage: 101.07% Limit: 90-110% **Result:** The sample is **Sub-Standard** on the basis

iii. Store keeper of Medical Store Depot, E.D.O (Health) Office, Rajan pur provided invoice/ warranty No.PPL/001 dated 04-04-2016 issued by M/S Pacific Pharmaceutical, (Pvt.) Ltd., 30th Km, Multan Road, Lahore, as a proof of its purchase.

iv. A copy of test report and warrantor portion of drug sample was sent to M/S Pacific Pharmaceutical, (Pvt.) Ltd., 30tn Km, Multan Road, Lahore, Pakistan with directions to explain their position and provide requisite information in this regard. In response they requested for retest/analysis of drug sample from Appellate Laboratory NIH, Islamabad.

v. Pursuant to their request, the sample was sent to NIH Islamabad, from where the drug sample was declared **Substandard** as detailed below:

Name of drug	Batch no.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results Name of drug
Tablet Doloprin 75mg	006502 L	M/S Pacific Pharmaceutical. (Pvt.) Ltd., 30th Km, Multan Road, Lahore, Pakistan.	No. 0131-P/2016 dated 13-10-2016	**Analysis with Specifications:** B.P 2013 **Description:** Pink colored circular, biconvex, coated, plain tablets, packed in blister packing further packed in outer carton.

Dissolution:	Determined:	Limit:
Acid Phase	3.135	NMT 5.0%
Buffer Phase	**40.37%**	NLT 70.0% of the labeled amount (**Does not comply with BP- 2013).**

				Assay: (Aspirin) Stated: 75mg/Tablet Found: 78.34mg/Tablet Percentage: 104.45% Limit: 95-105% **Result:** The sample is of **Sub-Standard** quality as defined in the Drug Act, 1976.

vi. Copy of NIH report was sent to M/S Pacific Pharmaceutical, (Pvt.) Ltd., 30th Km, Multan Road, Lahore, Pakistan with directions to explain their position and provide requisite information in this regard.

vii. Drug Inspector requested for grant of permission for prosecution against the above-mentioned accused persons who have contravened the provisions of Section 23/27 of the Drugs Act 1976 and Rules framed there under by the way of:

a. Manufacturing for sale/sale of Substandard Drug

b. Issuance of false warranty

PREVIOUS PROCEEDINGS OF THE CASE:

PQCB 194th meeting held on 18-10-2018

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act, 1976 in its **194th meeting held on 18-10-2018.** Secretary PQCB apprised the Board that the personal hearing notice was duly served to the accused persons through M&P Courier Service.

Counsel of firm Haroon Dugal (Barrister) appeared before the Board and submitted that the appearance of spots on the surface of tablets may be due to temperature or storage conditions of the drug sample. He further added that the QC unit of firm has retested the retained samples and they are according to specifications both physically and chemically. Keeping in view the foregoing facts, the Board with due deliberation and discussion at length unanimously decided to **adjourn the case** in the best interest of justice due to its **incomplete quorum** as the presence of Secretary DQCB is mandatory to complete the quorum of the meeting under law.

Personal hearing notice(s) issued to accused person(s).

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **208thmeeting held on 27-06-2019.** Mr. Sadiq Hussain Secretary DQCB District Rajanpur was present along with original record of the case.

Slama Imran (Representative of the firm) appeared before the Board on the behalf of **M/s Pacific Pharmaceutical, (Pvt.) Ltd., 30th Km, Multan Road, Lahore** and stated that the same batch no. of subject drug sample has been declared of standard quality from DTL Faisalabad and Rawalpindi. He further added that the drug in question is substandard on the basis of dissolution test. According to USP, if a drug sample failed to comply with its dissolution test it should be repeated. Hence in the instant case, analyst of NIH Islamabad failed to repeat the test.

The Board, after detailed scrutiny of the case record and statement of the representative of the firm, observed that matter for subject drug need to be evaluated. So, in order to dig out the root cause of this defect the Board decided to constitute a committee comprising of the followings for the Product specific inspection of **M/s Pacific Pharmaceutical, (Pvt.) Ltd., 30th Km, Multan Road, Lahore, Pakistan** to submit report within fortnight for consideration by the Board:

1) **Prof. Dr. Mahmood Ahmed** Member PQCB — Convener
2) **Mr. Munawar Hayyat Member PQCB** — Member
3) **Mrs. Rabeea Sultan** — Facilitator

PRODUCT SPECIFIC INSPECTION REPORT

Members of inspection committee:

Prof. (Rtd.) Dr. Mahmood Ahmad — *Member Board (PQCB) Convener*

Dr. Muhammad Munawar Hayat — *CDC Punjab* — *Member*

Ms. Rabeea Sultan	*Incharge Regulatory Wing PQCB*	*facilitator*

Date of Inspection: 31-07-2019

Inspection was conducted with reference to PQCB order no. ***PQCB/R-453-07/2016*** *dated 02-07-2019. Tablet Doloprin 75mg, batch no. 006502L was declared substandard vide DTL test report no. 5598/DTL dated: 18-06-2016 from DTL Multan based on physical specifications i.e. Round pink tablets, packed in outer carton. Some tablets have spots and irregular surface. The sample was sent to NIH on request of the firm from where the sample was declared substandard based on dissolution test i.e., only 40.37% of the labeled amount of the tablet was found in buffer phase however B.P requires that it should not be less than 70.0% of the labeled amount.*

Premises:

The manufacturing unit was established in 1990.lt is MHRA certified pharmaceutical company having 180 finished products and exporting up to 28 countries. It is ISO 1400:2004 certified Pharmaceutical Company by SGS. The manufacturing unit comprises of two main blocks. In first block there is tablet section, capsule section, syrup section and semi-solid section. While in second block there are dedicated sections for narcotics, anti-tuberculosis drugs and hormones. Manufacturing area and Q.C is located on the ground floor while the administration department is on the first floor of the building. The drug in question i.e., Doloprin 75mg tablets enteric coated tablet was registered vide letter No.F.3-2/98-REG.II(M-133) dated 20-05-1998 having registration No.021647.

Detail of Product:

Doloprin 75mg Tablet, Batch No. 006502L, Date of Mfg. 02-16. Exp. Date 01-19

Technical Staff

Designation	*Name*
Director/ Quality Control In charge	*Ahmed Junaid Rashid*
Production In charge	*Imtiaz Hussain*
QC Manager/warrantor	*Imran Shehzad*

Detail of Inspection/Observations:

1. *Product Specification of tablet doloprin 750mg is B.P 2013 specification. Since registration B.P method is used for testing. The primary reference standard available was USP aspirin having Lot no R059RO.*
2. *The temperature and humidity charts were displayed and filled accordingly. At the time of inspection temperature in Raw Material Store was 24°C and humidity was 48%.*
3. *There were proper air showers, cross over bench and separate entrance and change rooms for male and female staff.*
4. *Raw Material Store of the unit has designated dusting area, quarantine area, rejection area and sampling area.*
5. *HVAC system is installed and is operational.*
6. *Mixing area has three rooms for mixers, where two mixers having capacity of 200kg and 1 mixer having capacity of 100kg are present. There is a separate room for fluidized bed dryer having capacity of 100kg and two rooms for wet granulation. The final mixing is done in V-mixer which has a capacity of 700kg. Most of the batches are of 200kg.*
7. *In production area temperature, humidity and differential pressure were properly maintained and manometric devices were in order.*
8. *In compression room-1 compression of tablet plasenzym was in process the temperature and humidity was 26°C and 48% respectively. In compression room-2 compression of tablet Glupac SR in compression room-3 compression of tablet levopraid 25mg was in process the temperature and humidity were well maintained. Compression room no.04 was temporary in process quarantine at the time of inspection.*
9. *In capsule section the temperature and humidity at the time of inspection was 24.9°C and 52% respectively. The capsule filling machine was fully automatic attached with dust collectors etc. having filling capacity of 800cap /min. The section had a portable polisher as well.*
10. *The unit has automatic machines for sugar coating, enteric coating and film coating. During inspection spray coating of tablet Bromelin was in process in coating room no.02.*
11. *General liquid section has 09 storage tanks with different storage capacities. Manometric devices were properly installed and differential pressures were well maintained.*

12. *Personnel and materials entry are separate in manufacturing area.*
13. *There is a proper transfer gallery in manufacturing area.*
14. *There are 03 rooms for blistering and the machines of the blistering area are attached to conveyer belts of the packing area in a proper flow. At the time of inspection packing was in process on the four belts and the temperature and humidity of the packing hall was 27.3°C and 51% respectively.*
15. *The Quality Control Section has wet chemistry lab, in process quality control Lab. microbiological lab and instrumental lab. All the labs are well equipped having 05 HPLC, FTIR. Kai Fischer, viscometer, digital polarimeter, U.V spectrophotometer, atomic absorption spectrophotometer, potentiometer, automatic dissolution apparatus, filtration pump, muffle furnace, disintegration apparatus, friabilator, hardness tester, etc.*
16. *There is a separate stability room having total 05 stability chambers where real time, accelerated and intermediate stability studies are done for hot plate real time stability chamber and accelerated stability chamber etc.*
17. *All 05 HPLC are operational and are fully automated, analysts working on HPLC are assigned specific login id and password and once an analysis is done and result is generated no change can be done.*
18. *During inspection HPLC data of doloprin tablet batch no Al 0212N was checked from record. It was analyzed on HPLC on 30-01-2019.The standard and sample curves of chromatograms were checked and was found to be 6.1 and 6.092 respectively and it was verified with the QC results from the record which was found to be within the specified limits.*
19. *Log book of columns C18 (300x3.9mm) and (250X4.6mm) of the HPLC was checked during inspection it was well maintained.*
20 *Operational safety alarms, air showers, smoke detector and insect killers are installed in all sections.*
21. *SOP for finished product testing having document no. QCFG/03/0017 Revision no.01 dated 26-07-2016 was checked and the method for testing was in accordance with the test and method specified in B.P.*

Batch Processing Record of specific product:

1. *BMR Record: available.*
2. *QC retain sample. Not Available. Expired on 01-2019*
3. *Batch size. 800,000 tablets*
4. *Testing method: B P 2013*
5. *Bulk weight: 132000kg*
6. *Theoretical yield= 800,000tabs*
7. *Practical yield=805,860tabs*
8. *Manufacturing started on 16-02-2016*
9. *Labelling / Packing: 01-03-2016*
10. *Expiry date: 01/2019.*
11. *Percentage purity of API=100.27%*
12. *API issued was 60 kg per batch.*
13 *In process QC: Available*
14 *Reconciliation sheet: available*
15. *Record of in-process testing of Doloprin 75mg tablets and chromatograms of batch no.006502L were thoroughly checked. According to BMR of the subject batch dissolution test was conducted on 16-02-2016 and following results were obtained.*

Tablet	*%age release in 0.1 N HCI in first 02 hours*	*%age release in 6.8 Phosphate buffer after 01 hour*
1	*3.54%*	*85.82%*
2	*3.54%*	*93.85%*
3	*3.96%*	*91.69%*
4	*3.34%*	*92.31%*
5	*2 50%*	*83.66%*
6	*3.34%*	*90.76%*
Average	*3.37%(NMT 5%)*	*89.68%(NLT 70%)*

16. *Record of finished product testing of Doloprin 75mg tablets and chromatograms of batch no.006502L were also thoroughly checked. According to BMR of the subject batch*

dissolution test was conducted on 04-03-2016 and following results were obtained.

Tablet	*%age release in 0.1 N HCI in first 02 hours*	*%age release in 6.8 Phosphate buffer after 01 hour*
1	*2.96%*	*99.49%*
2	*2.75%*	*99 80%*

6	*2.53%*	*99.80%*
Average	*2.75% (NMT 5%)*	*99.43%(NLT 70%)*

18. *Testing of finish product is as per specification and assay of finished product prior to release in FGS was 99.79%.*
19. *Aspirin was purchased from Ali Baba Chemicals and according to COA its assay was 100.27%.*

Conclusion:

The panel is of the opinion that

1. *The drug was declared substandard by Govt. Analyst. Drug Testing Laboratory, Punjab was on physical ground having spots and rough surface of the tablet whereas declared substandard by NIH on dissolution test. From reflecting the different aspects, the inspection was conducted in derail to address all parameters of manufacture to correlate the any defect in manufacturing, but not found.*
2. *Remedial measures were taken by the firm by improving the standards of manufacturing at all levels.*
3. *No record for recalling the drug product was provided by the firm.*
4. *No CAPA was generated by the firm and Root-cause analysis was not performed.*

PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **214th meeting held on 30-11-2019.** Secretary DQCB Rajanpur Mr Sadiq Hussain and Drug Inspector Rajanpur Mr. Rauf Ahmed Meo both were present with original case file. Prof. (R) Dr. Mahmood Ahmad (Convener of PSI Committee) apprised the Board about findings and conclusion of the PSI Committee. Panel was of the opinion that no CAPA was generated by the firm and Root-cause analysis was not performed. Moreover, no record for recalling the drug product was provided by the firm.

Counsel of the firm Advocate Shahzaib Bhatti and accused Imtiaz Hussain (Production Incharge) appeared before the Board and submitted the following grounds/ remedial measures taken by firm.

i. Warrantor and retained sample portion were thoroughly checked and found to be of standard quality in all parameters.
ii. Our Quality Assurance Department is well established and working properly.
iii Each batch is released by QC Department after though examination by international standard test/ analysis via sophisticated HPLC Methods. HPLC Trails are present showing all the results of standard quality.
iv We have proper SOP for batch recall and until now three volunteer recalls have done in the past at different levels.
v. The batch in question was of 8 lakh tablets and supplied to institution as well in market. Upon receipt of substandard report a distributer level recall was done regarding the batch. He requested the Board for lenient view.

The Board, after detailed scrutiny of NIH report and PSI report observed that no CAPA was generated by the firm and Root-cause analysis was not performed. No record for recalling the drug product was provided by the firm. According to NIH report the drug was having a very poor release profile as only 40.37% (instead of >70%) drug was released in buffer Phase. Prof. Dr. Irshad Hussain Qureshi (Professor of Medicine/ Member PQCB) was of the opinion that such low quantity of released drug is unable to produce its therapeutic effect. He was of the opinion that DRAP should review the registration of the product in light of this NIH report and guidelines for manufacturer should be issued to improve release

profiles for such formulations. Moreover, unnecessary use of platelet inhibitors (e.g. Aspirin) should be discouraged as this may increase the risk of brain hemorrhage by causing small capillary rupture by blood thinning effect.

In view of foregoing facts, the Board after due deliberation and discussion decided to grant **permission for prosecution** against the following accused persons in the Drug Court:

i. M/s Pacific Pharmaceuticals, (Pvt.) Ltd., 30th KM, Multan, Lahore through its Director Junaid Rashid.
ii. Ahmad Junaid Rashid — Director/Quality Control Incharge.
iii. Imtiaz Hussain — Production Incharge.
iv. Faisal Imran — Marketing Incharge.
v. Imran Shahzad — Warrantor/QC Manager.

Of M/s Pacific Pharmaceuticals, (Pvt.) Ltd., 30th KM, Multan, Lahore for the offences of

a) **Manufacturing for Sale/ Sale of Substandard Drug**
b) **Issuance of its false warranty**

The Board further endorsed the comments of Prof. Dr. Irshad Hussain Qureshi and decided to recommend DRAP to review the registration of the subject drug in light of the NIH report and guidelines for manufacturers should be issued to improve release profiles for such enteric coated formulations. Moreover, Dispersible formulation of Aspirin instead of enteric coated formulation should be promoted as drug release defects in enteric coated formulations are more common.

The Board further recommended the Director Registration Board, DRAP, Islamabad to review the Registration of the Subject Drug.

Proceeding and Decision of 295th Meeting of Registration Board.

The Board was appraised that similar case was presented in 293rd meeting of the Registration Board wherein the Board decided to take the views comments of the Legal Affairs Division, DRAP, Islamabad.

Legal Affairs Division, DRAP, Islamabad provided their opinion that Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No.14: CASE REFERRED BY PQCB, PUNJAB REGARDING INJECTION DANADAX, BATCH NO. 104, MANUFACTURED BY M/S DANAS PHARMACEUTICALS, ISLAMABAD.

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-265/2019 dated 18-12-2019 has informed that Provincial Inspector of Drugs Tehsil & District Gujrat reported that:

i. He, on 09-05-2019, inspected the business premises of Medicine Store, Rural Health Centre Karianwala Tehsil & District Gujrat and took four different types of drug samples on Form No. 04 for the purpose of test and analysis.
ii. One out of four drug samples after test/analysis, was declared **Misbranded** by Government Analyst Drug Testing Laboratory, Faisalabad as detailed below:

Name of the Drug	Batch No.	Name of Manufacturer	DTL Report TRA No. & Date	DTL report result
Injection Danadex [Each ampoule (1ml) contains:Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mg]	104	M/S Danas Pharmaceuticals (Pvt.) Ltd. Plot# 312, Industrial Triangle, Kahuta Road Islamabad.	TRA No. 01-56002610/DTL dated:09-07- 2019	**Analysis with specifications applied:** BP 2019/MS **Physical Description:** Clear, colorless solution filled in amber colored glass ampoule, packed in hard outer carton. *NOTE: Manufacturer specify BP specs on its label. In BP 2019, Labeling of Dexamethasone Sodium Phosphate injection is "the content of active ingredient*

				is stated as the equivalent amount of Dexamethasone in a suitable dose volume" Whereas manufacturer claim on its label as "Each ampoule (1ml) contains Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mg" which is contradictory to BP 2019 and is misleading and in violation to Drugs Act 1976 (Does not Comply) **Assay:** Assay complies with the Manufacturer specifications and is within limits. (95-105%) **Result:** Given sample is **Misbranded** with regards to Labeling as per defined in section 3 (s) (iv) of Drugs Act, 1976.

iii. Store keeper of Medicine Store, Rural Health Centre Karianwala Tehsil & District Gujrat provided Warranty/invoice No. DP/DHA-GUJRAT-020, dated 25-03-2019 issued by M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot # 312, Industrial Triangle, Kahuta Road Islamabad as a proof of their purchase.

iv. Warrantor portion of the drug sample was sent to M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot # 312, Industrial Triangle Kahuta Road Islamabad.

v. A copy of test report of the drug sample was sent to M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot # 312, Industrial Triangle, Kahuta Road Islamabad with directions to provide the requisite information and to explain their position in this regard.

Reply of the Firm to the Drug Inspector:

The firm has submitted the written reply:

i. The Govt. Analyst Drug Testing Laboratory Faisalabad has declared the sample Misbranded. The product Injection Danadex Batch No. 104 is of standard quality as it contains therapeutic active ingredients Dexamethasone within pharmacopoeia limit; inference is that the drug is effective and safe for use on patients.

ii. That the drug is misbranded on the basis of contravention of labeling rules, which is very minor labeling issue, but rectifiable and has no impact on quality, effectiveness and safety of drug for human consumption

iii. That the labeling issue has been rectified in line with BP, and we undertake that the firm will comply with the labeling and packing rules 1986 in letter and spirit in further for the subject drug along with other product of our company

02. Drug Inspector requested for grant of permission for prosecution against the above mentioned accused persons who have contravened the provisions of Section 23/27 of the Drugs Act 1976 (as amended) and Rules framed there under by the way of: -

a) **Manufacturing/Selling Misbranded Drug.**
b) **Issuance of false warranty**

03. Show-cause/personal hearing notice(s) was issued to accused person(s)

Case is placed before the Board for Decision.

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

PQCB 212th meeting dated 30-10-2019:

04. Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act, 1976 in its **212th**meeting held on **30-10-2019.** Mr. Waseem Mahmood Secretary DQCB District Gujrat & Mr. Muhammad Amar Drug Inspector Tehsil &District Gujrat were present with original record of the case. Drug Inspector briefed the Board about facts of the case and requested to grant permission for prosecution against the accused persons.

05. Counsel person Rana Maqsood Afzal Khan (Advocate Supreme Court) along with representative Muhammad Naeem Anjum appeared before the Board on behalf of the firm. The counsel person pleaded the case by submitting that the product is registered from Drug Regulatory Authority of Pakistan (DRAP) as "Dexamethasone as sodium Phosphate 4mg He added that if we formulate our product according to BP-2019 specifications then 3.32mg/ml of Dexamethasone base will be present in the formulation that is

not according to registration of product. He further submitted that no other brand with 3.32mg/ml of Dexamethasone base is available in the market. He asked for further guidance from the honorable Board.

06. The Board on scrutiny of the DTL report observed that:

i. The subject drug was declared Misbranded on the basis of physical description only while the percentage of chemical assay of the drug product is according to the specification and is within limits (95-105%).

ii. According to test analysis report DTL has identified "Each ampoule (1ml) contains Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mg" on the label while according to BP specs "Labeling of Dexamethasone Sodium Phosphate injection is "the content of active ingredient is stated as the equivalent amount of Dexamethasone in a suitable dose volume".

iii. According to the counsel for the firm, the product is registered with DRAP as "Dexamethasone as sodium Phosphate 4mg. if the product is to be manufactured as Dexamethasone base then it will be required to incorporate 3.32mg/ml Dexamethasone Base.

07. Keeping in view the foregoing facts of the case, the Board decided to **pend the case** with directions to constitute a committee comprising of the followings to evaluate the matter on technical grounds in light of the information given in official books/compendia, DRAP guidelines & technical literature if any, and submit this Board the final recommendations about statement of "Dexamethasone Base (with 3.32mg/ml drug) BP specs" to be written on label of the product or otherwise.

1. Mr. Muhammad Sohail	Additional Secretary (Drugs Control) P&SHD.
2. Dr. Mehmood Ahmed	(Member PQCB)

For information of Board:

It is to inform the Board that the drug product Injection Danadex [Each ampoule (1ml) contains: Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mg]" was supplied to different hospitals of the Punjab. Total 23 reports of "Injection Danadex [Each ampoule (1ml) contains: Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mgj" has been received/reported to PQCB on the same grounds i.e. Misbranded.

Note:

Dexamethasone is a life-saving drug and the stock of Dexamethasone injection is indispensable/not useable at various health centers due to Misbranding issue. Hence not available for patients. Abovementioned list of cases has been placed collectively before the Board for decision of their fate so that further delay may be avoided and the patients may not suffer due to shortage of dexamethasone injection.

08. Subject matter along with case is placed before the Board for decision/ necessary action.

PQCB 215th dated 14-12-2019

09. Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act, 1976 in its **215th**meeting held on **14-12-2019.** Mr. Waseem Ahmed Secretary DQCB District Gujrat and Mr. M. Amar Drug Inspector Tehsil & District Gujrat were present. Representatives of the firm Muhammad Naeem (Head Quality Control) and Asim Khan appeared before the Board on behalf of **M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot # 312, Industrial Triangle, Kahuta Road Islamabad** along-

with counsel of the firm Rana Maqsood (Advocate Supreme Court).

10. The counsel person pleaded the case by submitting that the product is registered from Drug Regulatory Authority of Pakistan (DRAP) as "Dexamethasone as sodium Phosphate 4mg. He added that if we formulate our product according to BP-2019 specifications then 3.32mg/ml of Dexamethasone base will be present in the formulation that is not according to registration of product. He further submitted that no other brand with 3.32mg/ml of Dexamethasone base is available in the market. He asked for further guidance from the honorable Board.

11. The Board on scrutiny of the DTL report observed that:

i. According to test analysis repod DTL has identified "Each ampoule (1ml) contains Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate 4mg" on the label while according to BP specs "Labelling of Dexamethasone Sodium Phosphate injection is "the content of active ingredient is stated as the equivalent amount of Dexamethasone in a suitable dose volume".

ii. According to the counsel for the firm, the product is registered with DRAP as "Dexamethasone as sodium Phosphate 4mg. if the product is to be manufactured as Dexamethasone base then it will be required to incorporate 3.32mg/ml Dexamethasone Base.

12. Keeping in view the foregoing facts of the case, the Board unanimously decided to **pend the case** in view to incorporate the report submitted by the committee already constituted vide PQCB order of even no. dated 30-10-2019. 12. After 215th meeting dated 14-12-2019 the office of PQCB received minutes of committee with reference to PQCB Punjab Case: PQCB/R-265/2019.

13. Minutes of meeting of committee with reference to PQCB Punjab Case: PQCB/R-265/2019 (PQCB Meeting 212th dated 30-10-2019) a meeting of the committee was held on 17-12-2019 at 03:00 PM at Drug Testing Laboratory Punjab, Lahore

Following members attend the meeting

No.	Name	Designation
1	Mr. Muhammad Sohail	Addition Secretary Drug Control (P&SH Department)
2	Dr. Mehmood Ahmed	Member PQCB
3	Mr. Jamil Anwer	Secretary PQCB

The matter was technically evaluated in light of information given in official books/compendia and British National Formulary (BNF) guidelines.

Product Specification in subject case is BP specs.

- As per Label claim of product, each ampoule contains: Dexamethasone Sodium Phosphate equivalent to Dexamethasone Phosphate .... 4mg/ml.
- According to BP-2019 monograph of Dexamethasone Sodium Phosphate injection 95.0-105.0% of content of Dexamethasone, each 1mg of Dexamethasone phosphate is equivalent to 0.831 mg of Dexamethasone.

- Molecular weight of Dexamethasone: 392.46g/mol
- Molecular weight of Dexamethasone Phosphate: 472.4 g/mol
- Molecular weight of Dexamethasone Sodium phosphate: 516.4 g/mol

Which means 4mg/ml of Dexamethasone Phosphate will furnish 3.323mg/ml of Dexamethasone.

Comparison of Compendial monograph's claim		
BP-2019 monograph Dexamethasone Sodium Phosphate Injection	**USP-2019 monograph** Dexamethasone Sodium Phosphate Injection	**BP-2014 monograph** Dexamethasone Sodium Phosphate Injection
95.0-105.0% of **Dexamethasone**	90.0-115.0% of **Dexamethasone Phosphate**	95.0-105.0% of **Dexamethasone Phosphate**

Conclusion and Recommendations.

14. The Committee after thorough consideration concluded that the iabei of product inj: Danadex, Mfg by M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot# 312, Industrial Triangle, Kahuta Road Islamabad having label claim "Dexamethasone sodium phosphate equivalent to dexamethasone phosphate...4mg/ml" is not according to the most recent edition of British Pharmacopeia (BP 2019). As evident from BNF, the necessary label information for physicians is the "Dexamethasone base" content. Moreover, it creates ambiguity from analytical perspective that dexamethasone injection (separate monograph present in USP)

should be analyzed for what potency. The dexamethasone injection as per USP is lipophilic preparation while dexamethasone sodium phosphate injection is water soluble and hydrophilic product. The latter is mostly available in market in Pakistan. The matter lies for further workup at registration level as the BNF States potency of "dexamethasone" to be provided to consumers/ end users. It is thus proposed to recommend DRAP to review this product and label specifications of all dexamethasone sodium phosphate injectable preparations and direct manufacturer to clearly mention the content of either "Dexamethasone"in case of BP Specifications or "Dexamethasone Phosphate"in case of USP Specifications.

15. Matter is placed before the Board for decision

CURRENT PROCEEDING AND DECISION BY THE BOARD:

PQCB 216th meeting held on 28-12-2019.

16. The matter was considered as an ex-agenda item by Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **216th meeting held on 28-12-2019.** Secretary PQCB briefed the Board about facts of the case. The Board thoroughly evaluated and reviewed the minutes of the meeting of committee with reference to PQCB Punjab Case PQCB/R-265/2019 which was held on 17-12-2019 at 03:00 PM at Drug Testing Laboratory Punjab, Lahore. The Board after keen perusal of the record and minutes of meeting of the committee formed for this purpose observed that product is registered from Drug Regulatory Authority of Pakistan (DRAP) as "Dexamethasone as sodium Phosphate 4mg" if the firm will formulate its product according to BP-2019 specifications then 3.32mg/ml of Dexamethasone base will be present in the formulation that is not according to registration of product.

17. The Board after due deliberation and discussion was of the considered opinion that assay of the subject drug sample Injection Danadex Batch no. 104, lies within the prescribed limit of 95-105% however, it has been declared misbranded by the DTL, Faisalabad and according to Section 5(5) of the Punjab Drug Rules, 2007 warning can be issued in cases of minor contraventions. Keeping in view the facts of the case and in the light of recommendations of the committee formed in this matter, the Board unanimously decided to issue **Warning to** M/S Danas Pharmaceuticals (Pvt.) Ltd., Plot # 312, Industrial Triangle, Kahuta Road Islamabad. It is pertinent to mention that in cases at serial No. 8, 9, 11, 12, 15, 17-23 the firm has challenged the report of the Government Analyst. The Board further directed the Drug Inspector concerned to complete investigation report in cases mentioned at serial No. 1-7, 10, 13, 14 and 16 and submit for further consideration and decision by the Board.

18. The Board further decided to recommend DRAP to review this product and label specifications of all Dexamethasone sodium phosphate injectable preparations and direct manufacturer to clearly mention the content of either "Dexamethasone" in case of BP Specifications or "Dexamethasone Phosphate" in case of USP Specifications as this matter requires further clarification and workup at DRAP level in Drugs Registration Board.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting and also to seek views comments of the PE&R division regarding the labeling of Dexamethasone Sodium Phosphate injection as per pharmacopeial requirements and innovator's product.

Case No. 15:- Manufacture And Sale Of Spurious Drug (Quinozef 250mg Tablets, Batch No. AP0014) – M/S Ambro Pharma (Pvt.) Ltd., Islamabad.

That the FID-I,DRAP, Islamabad stated that he has been notified as a Federal Inspectors of Drugs for area jurisdiction of Industrial Triangle Kahuta Road Islamabad since 31st May, 2018 vide S.R.O. 686 (I)/2018.

That the Federal Government Analyst, Central Drugs Laboratory(CDL) Karachi declared the following sample as **"Spurious"** vide test analysis report No.NAS.111/2018 dated 14.11.2018. The sample was sent by Drug Inspector, Gilgit Baltistan (GB) vide memorandum No.103/DI-GLT/97/298 dated 23.10.2018 to CDL.

Name of Drug	Reg. No.	Batch No.	Date/Mfg	Date/Exp	Claimed to be Mfg By
Quinozef 250mg Tablets	046368	AP0014	08-17	08-20	M/s Ambro Pharma Pvt. Ltd., Islamabad

That Assistant Director (Quality Control) vide letter No.04-74/2018-QC dated 26th November, 2018 conveyed the undersigned about the above said report with the request to look into the matter and submit complete investigation. Undersigned along with FID-IV visited the firm on 26th November, 2018 on the direction of Additional Director, QA&LT. The panel noticed number of serious GMP violations during the inspection. The report was submitted to the Additional (Director), QA&LT vide letter No.F.3-7/2003-FID–I (ISD) dated 28th November, 2019 with the recommendation to carry out a thorough investigation for manufacturing of spurious drugs and inspection of firm by a larger panel (in order to cover all facets/aspects mentioned in the report) and to probe the matter more carefully.

That in response to the above, AD (QC) vide letter No.04-74/2018-QC dated 30th November, 2018 conveyed the approval of following panel to conduct thorough inspection of firm by the competent authority to probe the manufacturing of Spurious product Quinozef (Ciprofloxacin) 250mg Tablets Reg. No. 046368 Batch No.AP0014 and to see overall GMP compliance (Annex - E):

a) Mr.NadeemIqbal, Expert member
b) Mr. Abdul SattarSohrani, Additional Director, QA&LT
c) Mahvash Ansari, FID-IV/DD (QC), QA&LT, DRAP.
d) Area Federal Inspector of Drugs, DRAP, Islamabad.

That the inspection was conducted by the above panel on 03rd December, 2018 and again a number of violations were noticed and conveyed to Secretary, Central Licensing Board and Secretary, Registration Board via the inspection report vide letter No. F.3-7/2003-FID-I dated 24th December, 2018 (Annex - F). It is pertinent to mention here that DML of the firm was cancelled by Central Licensing Board on the basis of gross violations as reported above.

That during the inspection, undersigned took following samples on form-3 (Annex - G) for test/analysis and sent to Federal Government Analyst, CDL, Karachi vide memorandum No.F.3-7/2003-FID-I dated 07th December, 2018 (Annex - H).

Name of Drug	Reg. No.	Batch No.	Date/Mfg.	Date/Exp.	Claimed to be Mfg. by
Quinozef (Ciprofloxacin) 250mg Tablets	046368	AP0014	08/2017	08/2020	M/s Ambro Pharma Pvt. Ltd., Islamabad
Polymal-F Tablet (Iron III hydroxide polymatose complex 100 mg + Folic acid 350 mcg)	045897	AP0028	04/2018	04/2020	-do-

That Federal Government Analyst (FGA), Central Drug Laboratory, Karachi vide test reports No.R.IP.309/2018 dated 11th January, 2019 (Annex - I) declared the drug mentioned at S.No.1 in above table, as **Spurious** with the remarks that the sample is under section 3 (z-b) (i) of the Drugs Act, 1976. While the drug mentioned at S.No.2 in above table, declared as "Standard" by the FGA vide test reports No.R.IP.310/2018 dated 09th January, 2019 with the remarks that "the sample is of standard quality with regard to the tests performed". Results of the test report are reproduced as under:

Description: *Yellow colored oval shaped film coated with line of bisection on one side.*
Identification: *Ciprofloxacin Hydrochloride NOT Identified.*
Remarks: *The sample is under section 3 (z-b) (i) of the Drugs Act, 1976.*

Note:

1) The HPLC and FTIR studies show that the sample contains Levofloxacin (237.3120 mg/tablet) instead of ciprofloxacin HCl as stated on the label.

2) Section 3 (Definition): In this act unless there is anything repugnant in the subject or context 3 (z): "Specification" when applied to a drug:

3 (z-b): Spurious drug means a drug:

i. Which purports to be a drug but does not contain the active ingredient of that drug

The Assistant Director (Quality Control) again requested the undersigned to look into the matter and submit a complete case for further consideration by the concerned Board vide letter No.04-74/2018-QC dated 18th January, 2019. The said reports (certificate of test or analysis) were forwarded/delivered to the firm as required under section 22(3) (a) of Drugs Act, 1976 vide letter No.F.3-7/2003-FID–I (ISD) dated 12th February, 2019. The firm was asked for explaining its position in this regard.

M/s Ambro Pharmaceuticals, Islamabad through its owner Mr. Abdul Majeed Chaudhary replied vide letter No.APL/FID-003/2018-19 dated 19th February, 2019 stated that:

> "…..they are not satisfied above Analytical Report of our product as declared "Spurious". Now, we have challenged in the Appellate Laboratory i.e. National Institute of Health, Islamabad, because we tested our product in Quality Control Laboratory, as per our Q.C. Lab. report the sample is declared up to standard as a Ciprofloxacin. You are requested to kindly send samples of our product to National Institute of Health for further testing please".

In the light of the firm's above request, the Board portion was sent for appellate testing under section 22(5) of Drugs Act, 1976 to Appellate Board. The Appellate Laboratory, NIH, Islamabad also declared the said sample as **"Spurious"** vide test report No.016-M/2019 dated 19th July, 2019. Results are reproduced as under:

Description: *Yellow colored oblong shaped, biconvex, film coated tablets having bisectional line on one side whereas plain from the other side packed in blister packing further contained in an outer carton along with leaflet.*

Identification: *Ciprofloxacin not identified.*
Levofloxacin identified.

Dissolution test: *Determined:*
Ciprofloxacin not identified.
Levofloxacin identified.
Does not comply with manufacturer specifications.

Assay:	***Stated:***	***Found:***	***Limit:***	***Percentage:***
Ciprofloxacin as Hydrochloride	*250mg/tab*	*Nil*	*90-110%*	*Nil*

Does not comply with manufacturer specifications and official pharmacopoeia.

In the opinion of the undersigned the sample is of spurious as defined in the Drugs Act, 1976 for the reasons given below:

Dissolution test: *Determined:*
Ciprofloxacin not identified.
Levofloxacin identified.
Does not comply with manufacturer specifications.

Assay:	***Stated:***	***Found:***	***Limit:***	***Percentage:***
Ciprofloxacin as Hydrochloride	*250mg/tab*	*Nil*	*90-110%*	*Nil*

During investigation, original warranty and bill invoices confirming the sale/trading of drug under question to Gilgit Baltistan from stock register were traced. It has now proved that product under question was manufactured by M/s Ambro Pharmaceuticals, Islamabad and following persons are responsible for the offence:

a) M/s Ambro pharmaceuticals, Islamabad through owner Ch. Abdul Majeed.
b) Ch. Abdul Majeed, (claimed) Owner of firm.

c) Mr. Muhammad Asif Awan, Production Manager.
d) Ms. Rohi Asif, Quality Control Manager.

That in the light of substantial evidence, it is therefore, requested to grant permission for registration of FIR or direct prosecution in the competent Drug Court against the above mentioned persons responsible for violation of Schedule-II (1) (a) (i) r/w Section 23(1)(a)(i) punishable under Schedule-III(1)(a) read with Section 27(1)(a) which is cognizable offence under Schedule-IV of DRAP Act, 2012 read with Section 30 of the Drugs Act, 1976.

Proceeding and Decision of 292nd meeting of Registration Board.

The case was presented before the Registration Board in its 292nd meeting held on 01st – 02nd October, 2019 and the Board considered and evaluated the following record:

- Test report No.NAS.111/2018 dated 14th November, 2018 by CDL, Karachi.
- Inspection report vide No.F.3-7/2003-FID-I dated 28th November, 2018 by FID-I, DRAP, Islamabad.
- Test report No.R.IP.309/2018 dated 11th January, 2019 by CDL, Karachi.
- Inspection report vide No.F.3-7/2003-FID-I dated 24th December, 2018 by FID-I, DRAP, Islamabad.
- Test report No.016-M/2019 dated 19th July, 2019 by the Appellate laboratory, NIH, Islamabad.
- Complete case forwarded by FID-I, DRAP, Islamabad vide No.F.3-7/2003-FID-I dated 23rd September, 2019.

The Board after detailed discussion and deliberation decided as under:

- To serve show cause notice and personal hearing to the firm and responsible persons for manufacturing and sale of Spurious Drug Quinozef 250mg Tablets, Registration number 046368, Batch No. AP0014, manufactured by M/s Ambro pharmaceuticals, Islamabad in violation to Schedule-II (1) (a)(i) r/w Section 23(1)(a)(i) punishable under Schedule-III(1)(a) read with Section 27(1)(a) which is cognizable offence under Schedule-IV of DRAP Act, 2012 read with Section 30 of the Drugs Act, 1976.

As per decision of the Registration Board, show cause notice was served to the firm and accused vide letter No.F.03-46/2019-QC (292nd RB) dated 08-11-2019.

Reply of the firm is still awaited.

Proceedings and Decision of 293rd Meeting of Registration Board.

No one appeared on behalf of the firm before the Registration Board in its 293rd meeting held on 08-01-2020 and the Board was appraised that the personal hearing letters were received back undelivered. The Board considered and evaluated once again the following record:

- Test report No.NAS.111/2018 dated 14th November, 2018 by CDL, Karachi.
- Inspection report vide No.F.3-7/2003-FID-I dated 28th November, 2018 by FID-I, DRAP, Islamabad.
- Test report No.R.IP.309/2018 dated 11th January, 2019 by CDL, Karachi.
- Inspection report vide No.F.3-7/2003-FID-I dated 24th December, 2018 by FID-I, DRAP, Islamabad.
- Test report No.016-M/2019 dated 19th July, 2019 by the Appellate laboratory, NIH, Islamabad.
- Complete case forwarded by FID-I, DRAP, Islamabad vide No.F.3-7/2003-FID-I dated 23rd September, 2019.

The Board after detailed discussion and deliberation decided to grant permission of prosecution against the following accused persons in the court of competent jurisdiction for violating the provisions of Schedule-II(1)(a)(i) of the DRAP Act, 2012 read with Section 23(1)(a)(i) of the Drugs Act, 1976 punishable under Schedule-III(1)(a) of the DRAP Act, 2012 read with Section 27(1)(a) of the Drugs Act, 1976:

a) M/s Ambro pharmaceuticals, Plot no. 293, Industrial Triangle, Kahuta Road,Islamabad through owner Ch. Abdul Majeed.
b) Ch. Abdul Majeed, (claimed) Owner of firm (CNIC No.: 37405-9697166- 9; Cell no.:0300-8555655).
c) Mr. Muhammad Asif Awan, Production Manager.
d) Ms. Rohi Asif, Quality Control Manager.

Board directed the FID to lodge complaint for prosecution against the above mentioned accused persons in the court of competent jurisdiction along with all relevant record and submit compliance report thereof.

Current Status of the Case.

It is submitted that personal hearing letters issued to the firm/accused were received back undelivered and at the same time area FID, DRAP, Islamabad could also not been able to deliver personal hearing letter to the firm. In order to avoid any legal complications and give the accused/firm another & final opportunity of personal hearing, the case is once again placed before the Registration Board for further necessary directions.

Proceedings and Decision of Board in its 295th Meeting

Registration Board considered the facts/available record of the case, and after thorough deliberation decided as under:

- **Copies of the CNIC's of the accused shall be obtained from the Drugs Licensing Division as per their available record.**
- **Personal hearing letters shall be issued again to the accused upon addresses on their CINC's.**

Case No. 16: **CASE REFERRED BY PQCB, PUNJAB REGARDING CAPSULE CAPSOL ZOL 40, BATCH NO. 0198, MANUFACTURED BY M/S FESTAL LABORATORIES, JINNAH INDUSTRIAL ESTATE, LINK KATTARBAND RAOD, LAHORE.**

The Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-52/2018 dated 30-10-2019 has informed that Provincial Inspector of Drugs Jampur/Rojhan reported that:

i. He, on 11-01-2018, inspected the business premises of M/s Tahir Medical Store Main Medicine Store, Opposite THQ Hospital Rojhan and took two different drug samples on Form No 4 for the purpose of test/analysis.

ii. One out of these drug samples, after test/ analysis was declared as **Substandard** by Government Analyst Drug Testing Laboratory Multan, as detailed below:

Name of drug	Batch No.	Name of manufacturer	DTL Report TRA No. & Date	DTL Test Report Results
Capsule Capsol Zol 40 Esomeprazole 40mg	0198	M/s Festal Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore.	TRA No.01-57000126/DTL dated: 31-03-2018	**Analysis with specifications applied:** USP 2017 **Identification:** Esomeprazole identified. **Assay:** Esomeprazole: Stated: 40mg/Cap Determined: **48.82mg/ Cap** Percentage: **122.04%** Limit: 90-110% **Does not comply with the specifications.** **Result:** The sample is Substandard, on the basis of tests performed.

iii. M/S Tahir Medical Store Opposite THQ Hospital Rojhan provided Invoice/ warranty No.7103196 dated 01-01-2018 issued by M/S ALM Pharma Mahmood Abad Colony Street # 5 Khanewal Road, Multan who in turn provided invoice/warranty No. 3486 dated 29-04-2017 issued by M/S Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore as a proof of their purchase of the said drug.

iv. A copy of Test report and Warrantor portion of drug sample was sent to M/S Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore and they were asked to explain their position and provide requisite information in this regard.

v. Drug Inspector requested for grant of permission for prosecution against above mentioned accused person who have contravened the provisions of Section 23/27 of the Drugs Act 1976 and Rules framed there under by the way of: -

   a. **Manufacturing for sale/Sale of sale of Substandard drug**
   b. **issuance of false warranty**

Show cause/personal hearing notice(s) issued to accused person(s)

Reply of the Firm:

M/s Festel laboratory stated that we have checked our retained sample but we find the results within the limits i.e 107% further more your DTL declare the weight variation is within the limits. How it is possible that the assay exceeds the limits other this fact we done our production on automatic machines if we fill this shell 3 manually by force the maximum assay goes up to 108% we cannot fill the pellets more than 108% then how it is possible that assay exceed 110%.

Furthermore, our product is according to company's specification and DTL have checked the product according to USP Specifications.

PREVIOUS PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its **196th meeting held on 13-11-2018.** Drug Inspector briefed the Board about facts of the case and requested for the permission for prosecution against the accused persons.

Representative of the firm appeared before the board and stated that according to Report of Govt. Analyst DTL Multan the subject drug sample was tested according to U.S.P Specifications however our product is registered as Festel Specifications. We have checked our retained sample and found the results within stated limits i.e 107%. Moreover, Weight variation of subject drug sample was found within limits according to the DTL Report so the assay of the active drug cannot exceed the limits as manufacturing plant is fully automated. We cannot fill the pellets of drug more than 108% then it is impossible for the assay of the product to exceed 110%.

The Board unanimously decided to constitute an inspection committee comprising of the followings to conduct **Product Specific Inspection (PSI)** of **M/S Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore,** and submit report for consideration by the Board:

Prof. Dr. Mahmood Ahmed Member PQCB	Member
Mr. Munawar Hayat CDC Punjab	Member
Area **Drug Inspector Industries**	Facilitator

PRODUCT SPECIFIC INSPECTION (PSI) REPORTOF M/S FESTEL LABORATORIES

Date of Inspection: 25-07-2019

Premises:

Unit started in 2006. Total area (06 Canals), covered area 75% of total). The firm has nine production Sections

1. General Tablet Section.
2. General Capsule Section.
3. General Liquid Section.
4. Psychotropic Section.
5. Eye Drop Section.
6. External Preparation Section.
7. Pyodine Section.
8. Dry powder Suspension (Cephalosporin Section).
9. Dry powder capsule (Cephalosporin Section),

Drug:

Capsol-Zol (Esomeprazole 40mg capsule). Batch No. 0I98
Date of Mfg. 03/2017
Exp. Date 02/2019.

Staff:

Designation	Name
Managing Director	Amir Jahangir
Production Manager	Maqsood Ul Haq
QC Manager	Mubashir Bashir
Warrantor	Akbar Ali

Observations:

DTL Lahore declared substandard on above than the upper limit of assay basis.

1. Product Specification of Capsol- Zol is Manufacturer Specification but it has been present in U.S.P from 2016 but manufacturer still applying its own Specifications.
2. Identification by UV spectrophotometer by the firm for assay.

3. Assay in final release report is 101%
4. One HPLC and one UV Spectrophotometer are available. FTIR not available.
5. IPQC: Weight variation, physical and average weight was performed.
6. Raw material testing performed.
7. Material Test. Vendor source. Vision Pharma, Pakistan
8. Packing Material: Physical testing.
9. Shell testing not performed but started performing from May, 2019.
10. Shift time: 9AM to 5PM.
11. Calibration of UV Spectrophotometer is performed but Internal Calibration not performed on weekly basis.
12. Calibration of Balance performed but calibration certificate docs. not have Confidence limit. Daily calibration record is available from 1st July 2019 to onwards. Calibration of the balance at three different weights showing no deviation even at the fourth decimal point which is astonishing as balance is not in separate cabinet.
13. The weight of the pellets of one capsule was measured during inspection which was I 87mg.
14. The firm not justifies the implementation of the factor in assay of the product.

Batch Processing Record of specific product:

1. BMR Record: available.
2. QC retain sample: available (Wrong Brand Name).
3. Testing method: manufacturer own (U V) method, pharmacopoeial (HPLC) method is not performing.
4. API issued was 25 Kg per batch for 12624 Packs.
5. Batch manufacturing started on 27/03/2017 and completed on 31/03/2017.
6. Batch size: 12624 Packs (finally released 12450 Packs.
7. Production yield: 98.60%.
8. In process QC: Available.
9. Reconciliation sheet: available.
10. Testing of finish product is as per MS.

Conclusion:

The panel is of the opinion that the firm is at fault on the below mentioned POINTS.

1) The firm has produced Certificate of analysis of Esomeprazole raw material which bears expiry date September 2016 whereas; formulation is manufactured on July 2017.
2) The firm has released Esomeprazole in the Quality Control Raw material register without mentioning Batch No., Expiry Date. Manufacturing date and potency of API.
3) In BMR of the said product, it is not confirmed what is the Batch No. of the Raw Material used in manufacturing of the product of that batch.
4) The analysis method of the product was available in USP 2016 on HPLC whereas, the firm is performing the analysis of bulk as well as finished good on manufacturer specification on UV Spectrophotometer.
5) In the filling sheet of the batch manufacturing record shows the wrong data with respect of the time on dated 28-03-17.
6) In Batch manufacturing record blistering date is 29-03-17 whereas the packing date and transfer to finished goods store date is 01-03-17.
7) The firm is printing the name of the product on the label in wrong manner as per registration certificate of the product.
8) FTIR is not available, the release of inactive materials were also in question.
9) The firm was not performing any test on the shell of capsule which is pharmacopeial requirement.
10) The calculation of the assay by the firm with factor is doubtful and not having any official reference.
11) The production and QC Manager of the firm are symbolic, not having any practical experience which is very alarming situation.

The panel is of the opinion that the firm fails to justify the matter, therefore, it is recommended to forward the case to the trial court as well as to DRAP for necessary action in the matter.

CURRENT PROCEEDINGS & DECISION BY THE BOARD:

Case was considered by the Provincial Quality Control Board, under section 11 of the Drugs Act 1976 in its 212th meeting held on 30-10-2019. Mr. Sadiq Hussain Secretary DQCB Rajanpur, was present along with original case file. Dr. Muhammad Munawar Hayat (Member of PSI Committee/ Member of PQCB)

briefed the Board about facts of the Product Specific Inspection along with finding and conclusion by the PSI committee. He apprided the Board that the inspection panel is of the opinion that the firm is violating the necessary provision of GMP as required by the Schedule II-B of the Drugs (L.R&A) Rules 1976. The firm used the expired Active Pharmaceutical Ingredients (API) for the manufacture of drug product in question. Moreover, the FTIR was not available with the firm which is essentially required for the identification of the APIs etc. These are the sheer violations of the requirements of the GMP and equivalent to putting the public at the risk of severe/serious adverse event/ mortality/ morbidity.

Secretary PQCB apprised the Board that a letter from the firm M/S Festel Laboratories, Lahore has been received in which they requested to adjourn the case for the next date of hearing as according to them personal hearing notice for the meeting was received on 22-10-2019 and there was insufficient time for them to prepare a suitable defense for the case.

After careful perusal of the above mentioned Inspection report the Board showed serious concerns on GMP violations by the firm. The Board was of the opinion that compliance with Good Manufacturing Practices by the pharmaceutical manufacturers is the best way to ensure quality of medicines being manufactured by them. Such violations/ nonconformance's of GMP guidelines may results in production of compromised quality drugs. The Board after thorough scrutiny of the Product Specific Inspection report observed that that the firm was performing the assay of the finished product on UV-Spectrophotometer. However, the firm was required to adopt the test/analysis method as prescribed in the individual monograph of United States Pharmacopoeia (USP). Whereas the Government Analyst has performed the test/analysis of the product in accordance to the USP specifications through HPLC method. As per the directions of Ministry of Health, Government of Pakistan vide letter No F.3-2/2006-Reg-II-South (M-197) dated 05-06-2006, when a product is contained in any official Pharmacopoeia, then it is mandatory to follow the specifications of that Pharmacopoeia. In present case firm has also violated these direction of Ministry of Health. Moreover, the letter of Personal Hearing was received by the firm eight days before the meeting, so there was sufficient time for them to prepare the defense of the case. Keeping in view the foregoing facts and wilful absence of accused(s), the Board unanimously decided to grant permission for prosecution against the following accused persons in the Drug Court:

1. M/s Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore through its Chief Executive Officer Usman Ghani.
2. Usman Ghani — Chief Executive Officer.
3. Mubarik Ali — Proprietor.
4. Manzoor Ahmad — Quality Control Manger.
5. Akbar Ali — Warrantor.
6. Muhammad Maqsood Ul Haq — Production Incharge.

Of M/s Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore , for the offences of:

a. **Manufacturing for sale/Sale of sale of Substandard drug**
b. **Issuance of false warranty**

The Board further decided to suspend the Drug manufacturing License (DML) of the firm for 15 days w.e.f. the date of receipt of this order, with recommendation to DRAP for de-registration of the Product. Moreover, the Board further decided to direct the Area Drug Inspector industries to re-inspect the factory premises after 15 days to evaluate CAPA and remedial measures taken by the firm and submit report to PQCB for further necessary action.

The Provincial Quality Control Board further recommended the Registration Board to deregister the product capsule capsol zol 40 (Esomeprazole 40mg) of M/s Festel Laboratories, Jinnah Industrial Estate, Link Kattarband Road, Lahore.

Decision of 293rd meeting of Registration Board.

Registration Board deliberated that PQCB has already prosecuted responsible persons in Drug Court and also recommending DRAP for cancellation of registration. The Board decided to seek opinion of Legal Affair Division regarding issuance of show cause notice or otherwise.

Current Status of the Case.

In order to comply the above said decision of the Registration Board, The case file was forwarded to the Legal Affair Division for seeking opinion regarding the issuance of show cause notice or otherwise and the reply of the Legal Affair Division is reproduced as under;

"*That the PQCB granted permission for prosecution against the accused persons mentioned in para 8/N and also recommended to DRAP for cancellation of registration of subject product. The Registration Board deferred the matter for opinion of this Division for issuance of show cause notice or otherwise. In*

view of the above facts, the Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB."

Proceeding and Decision of 295th Meeting of Registration Board.

Registration Board considered the facts of the case and views comments of the Legal Affairs Division, DRAP, Islamabad that the Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:

Registration Board after thorough deliberations decided to defer the case for further deliberations in the upcoming meeting.

Case No. 17: CASE REFERRED BY PQCB, PUNJAB REGARDING SUBSTANDARD MEDIDOL TABLET, MANUFACTURED BY M/S MIDICON PHARMA (PVT.) LTD., PESHAWAR.

Secretary, Provincial Quality Control Board, Punjab vide reference No.PQCB/R-278/2018 dated 13-06-2019 wherein he has informed that Provincial Inspector of Drugs Tehsil & district Attock reported that:

i. He, on 16-07-2018, inspected the business premises of Ms/ Hafiz Brothers Medicose Sameer Plaza Attock and took three different types of Drugs on Form-4 for the purpose of test and analysis.

ii. One out of three drug samples , after test/analysis was declared substandard by Government Analyst Drug Testing Laboratory, Rawalpindi as detailed below;

<table>
<tr><th>Name of the Drug</th><th>Batch No.</th><th>Name of Manufacturer</th><th>DTL Report TRA No. & Date</th><th>DTL Report results</th></tr>
<tr><td>Tablet Medidol 500mg [Paracetamol: 500mg, Caffeine:65 mg, Chlorpheniramine Maleate:2mg]</td><td>546</td><td>M/s Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar.</td><td>TRA No.01-13001358/DTL Dated: 29-10-2018</td><td>Analysis with specifications:

iii. M/s Hafiz Brothers Medicose Sameer Plaza Attock provided invoice/warranty No.2037 dated 14-03-2018 issued by M/s Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar as proof of its purchase.

iv. Warrantor portion of the sample was sent to M/s Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar.

v. A copy of test report was sent to M/s Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar with direction to explain their position and provide requisite information in this regard.

Drug inspector requested for grant of permission of prosecution against the nominated accused persons who have contravened the provisions of section 23/27 of the Drugs Act, 1976/DRAP Act, 2012 and Rules framed there under by the way of:-

a) Manufacturing for sale/Sale of substandard drug.
b) Issuance of false warranty.

Show cause/personal hearing notice(s) issued to accused person(s).

Previous proceeding by the Board:

PQCB 205th meeting dated 30-04-2018.

Case was considered by Provincial Quality Control Board under section 11 of the Drugs Act, 1976 in its 205th meeting dated 30-04-2019. Mr Aadil mehmood Secretary DQCB District Attock and Mr. Adnan Aslam Drug Inspector Tehsil Pindi Gheb District Attock was present on behalf of Drug inspector Tehsil Pindi Gheb District Attock with original case record. No one appeared on behalf of M/s Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar. Secretary PQCB appraised the board that written request from Medicon Pharmaceuticals (Pvt.) Ltd., B1/11 Industrial Estate Hayatabad, Peshawar has been received stating that owing to the heart problem faced by the Chief Executive of the firm, they requested the Board to adjourn the case.

In view of the foregoing facts, the Board unanimously decided to adjourn the case in best interest of justice. The Board further decided to provide another/final chance of personal hearing to the accused.

Personal hearing Notice issued to the accused persons.

Proceeding & Decision by the Board.

Case was considered by Provincial Quality Control Board under section 11 of the Drugs Act, 1976 in its 207th meeting dated 13-04-2019. Mr Aadil mehmood Secretary DQCB District Attock and Mr. Tariq Masood Shah Drug Inspector Tehsil & District Attock were present along with the original case record. The complete investigation report submitted by the Drug inspector was scrutinized by the Board under section 11(3) (b) of the Drugs Act, 1976. Show-cause was issued to the firm after detail scrutiny and discussion by the Board in accordance to Rules (5) of the Punjab Drug Rules 2007 (as amended). The Board observed that the Drug inspector on 16-07-2018, having Gazette Notification No. S.O (Dental) 10-11/2014 dated 26-03-2015, in exercise of powers conferred to him under section 18 (b) of the Drugs Act, 1976, inspected the premises of Ms/ Hafiz Brothers Medicose Sameer Plaza Attock and took sample of above mentioned Drugs on Form-4 under section 18 (1) (c) (3) of the Drugs Act, 1976 for the purpose of test and analysis. The sample was sent to DTL vide memorandum No.0000017569, dated 21-07-2018, within the prescribed period of seven days as required under section 19 (3) of the Drugs Act, 1976. The drug sample after test and analysis was declared substandard by the Government Analyst, Drug testing laboratory Rawalpindi under section 22 (1) and report was generated on Form no.07 as required under section 22(2) of the Drugs Act 1976. The said sample was tested according to Manufacturer's specifications as mentioned on the label. The instruments used for testing said sample were calibrated. The calibration status and internal calculation sheets were thoroughly checked and scrutinized. On receipt of the report of Government Analyst the Drug Inspector delivered the test report in accordance to section 22(3) of the Drugs Act 1976.The Drug Inspector conveyed warrantor portion of the drug sample vide

letter no 225/DI/AK/18 dated 01-08-2018 to M/s Medicon Pharmaceuticals (Pvt.) Ltd, B1/11 Industrial Estate, Hayatabad, Peshawar and DTL report vide letter no. 402/DI.AK/18 dated 15-11-2018 to M/s Medicon Pharmaceuticals (Pvt.) Ltd, B1/11 Industrial Estate, Hayatabad, Peshawar and asked for provision of requisite information.

Among accused Dr. Maqbool (Managing Director) of M/s Medicon Pharma (Pvt.) Ltd. B1/11 Industrial Estate Hayatabad, Peshawar was present. Managing Director of the firm appeared before the Board and submitted that chemical assay of the product complies with the specifications. The average release of Chlorpheniramine Maleate is 212.92% which is impossible. He further submitted that the report of Drug Testing Laboratory, Rawalpindi is defective. Their product is registered on Manufacturer's specifications, however, Drug Testing Laboratory, Rawalpindi never asked for provision of method for test/ analysis.

The Board after detailed scrutiny of the record, due deliberation & discussion observed that the Government Analyst, Drug Testing Laboratory, Rawalpindi applied the same method for test/ analysis as provided by the manufacturer. The method provided by M/s Medicon Pharma (Pvt.) Ltd. B1/11 Industrial Estate Hayatabad, Peshawar is incomplete and the drug sample was declared substandard on the basis of analysis performed according to manufacturer's own method. The chemical assay of all the three ingredients present in the formulation lies within prescribed limits i.e., 98.85% for Paracetamol, 95.44% for Caffeine and 98.48% for Chlorpheniramine Maleate. The dissolution profile of all the three ingredients lies outside the limits. Perusal of the method provided by the firm reveals that the method was incomplete. The product that does not comply the dissolution test is unable to produce therapeutic effectiveness. Such product cannot be registered whose method of analysis is faulty or incomplete, tn view of the foregoing facts, the Board unanimously decided to grant permission for prosecution against the following accused in the Drug Court:

i. M/s Medicon Pharma (Pvt.) Ltd. B1/11 Industrial Estate Hayatabad, Peshawar through its Managing Director Farjad Maqbool.
ii. Farjad Maqbool — Managing Director
iii. Arshad Ali — Production Incharge
iv. Raza Khan — Quality Control Incharge
v. Farhad Ali — Warrantor

of M/s Medicon Pharma (Pvt.) Ltd. 81/11 Industrial Estate Hayatabad, Peshawar. For the offences of:

a) Manufacturing for sale/Sale of Sub-standard drug
b) Issuance of false warranty

The Board further decided to recommend cancellation of registration of Tablet Medidol 500mg [Paracetamol: 500mg, Caffeine 65mg, Chlorpheniramine Maleate: 2mg] manufactured by M/s Medicon Pharma (Pvt.) Ltd. B1/11 Industrial "Estate Hayatabad, Peshawar from Drug Regulatory ' Authority of Pakistan (DRAP) for provision of incomplete method of analysis.

Decision of 293rd meeting of Registration Board.

Registration Board deliberated that PQCB has already prosecuted responsible persons in Drug Court and also recommending DRAP for cancellation of registration. The Board decided to seek opinion of Legal Affair Division regarding issuance of show cause notice or otherwise.

Current Status of the Case.

In order to comply the above said decision of the Registration Board, The case file was forwarded to the Legal Affair Division for seeking opinion regarding the issuance of show cause notice or otherwise and the reply of the Legal Affair Division is reproduced as under;

"*That the PQCB granted permission for prosecution against the accused persons mentioned in para 8/N and also recommended to DRAP for cancellation of registration of subject product. The Registration Board deferred the matter for opinion of this Division for issuance of show cause notice or otherwise. In view of the above facts, the Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.*"

Proceeding and Decision of 295th Meeting of Registration Board.

Registration Board considered the facts of the case and views comments of the Legal Affairs Division, DRAP, Islamabad that the Registration Board may issue the show cause notice under rule 24(17) of Drugs (Licensing, Registration & Advertising) Rules, 1976 to the firm in the light of recommendations of PQCB.

However, member of the Registration Board from Law & Justice Division (M. Aslam, Deputy Draftsman, Islamabad) was of the opinion that as the Provincial Quality Control Board has already prosecuted the

accused, hence Registration Board cannot take any action in this regard since it will attract double jeopardy.

Decision:
Registration Board decided to defer the case for further deliberations in the next meeting.

Case No.18: **Manufacture & Sale of Counterfeit Zotanil 3mg Tablets, Batch No.055 Manufactured by M/s Zanctok Pharmaceutical Labs, Hyderabad.**

The FID-V, DRAP Karachi visited the premises of M/s Damam Medical Store, Near Sohrab Goth, Karachi on 16th July, 2018 and taken the following sample of drug along with other drugs for the purpose of test/analysis on prescribed Form-3. Details are as under:

Name:	Zotanil 3mg Tablets
Composition:	Each tablet contain 3mg Bromazepam
Registration No:	058631
Batch No:	055
Manufacturing Date:	04-18
Expiry Date:	03-20
Manufactured By:	M/s Zanctok Pharmaceutical Labs, Hyderabad.

The FID-V, DRAP, Karachi has forwarded one sealed portion of sample to Government Analyst, Central Drugs Laboratory, Karachi vide memorandum No.SAA-45-46/2018-FID-V (K) dated 19-07-18 as required under Section 19(3)(i) of the Drugs Act, 1976.

The Federal Government Analyst, CDL, Karachi declared the sample as **Counterfeit** on the basis of **resemblance in the color scheme, text and presentation of outer packaging** with already registered product.

Description: *Pink colored tablets, marked with **"ZPL"** on one side.*
Identification: *Bromazepam identified.*
Disintegration test: *Complies.*
Assay for Bromazepam:
Determined amount/tablet: *3.0723mg*
Stated amount/tablet: *3mg*
Percentage: *102.4%*
Limits: *90.0% to 110.0% Complies.*

Remarks:- *The color scheme, name, text and presentation of outer packaging of the sample **"Zotanil 3mg tablets"** nearly resembles as to be calculated to deceive the label and outer packaging of brand leader drug product **"Lexotanil 3mg tablets"** registration number 001043, manufactured by "Martin Dow Limited Karachi". Hence, sample is declared **"Counterfeit"** under section 3 (f) of the Drugs Act, 1976.*

The FID-V, DRAP, Karachi vide reference No. SAA-45-46/2018-FID-V (K) dated 13-09-18 served an explanation letter to M/s Zanctok Pharmaceutical Labs, Hyderabad that why action may not be taken against them as they have violated the section 3 (f) of the Drugs Act, 1976.

In response to the above said explanation letter, M/s Zanctok Pharmaceutical Labs, Hyderabad submitted their reply vide letter No. Nil dated 27th September, 2018 wherein they have stated that the remarks of the CDL, Karachi should be "The sample is of standard quality with regard to the test performed" instead of the sample is "Counterfeit" under section 3 (f) of the Drugs Act, 1976 which is totally invalid in the eye of law as both the packs are different in respect of (a) front panel, side panel and rear panel (b) text matter (c) product name (well prominent) (d) Company logo (e) Registration number & Manufacturing license and Manufacturer name. They further requested to withdraw the notice as they have not violated the law nor manufactured counterfeit product.

The FID-V, DRAP, Karachi submitted that the firm is involved in contravention/violation of Section 23 (1) (a) (ii) of the Drugs Act, 1976 and recommended that M/s Zanctok Pharmaceutical Labs, Hyderabad may be directed to revise the color scheme of their outer packaging of their registered product "Zotanil tablets 3mg" in order t avoid confusion in the resemblance in the color scheme and compliance of the section 3 (f) of the drugs Act, 1976.

The FID-V, DRAP, Karachi also provided the names of accused persons as under:

i. M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.
ii. Mr. Muhammad Saleem (Partner).

iii. Mr. Wazir Ali Lasi (Partner).
iv. Ms. Shabana Yousuf (Production Manager)
v. Ms. Salma Bibi (QC Incharge)

The Division of Drug Licensing, DRAP Islamabad was requested to verify the names provided by the FID-V, Karachi and they provided the following names being responsible persons and technical persons.

M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.	Muhammad Saleem **(Partner)** M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.
Wazir Ali Lasi **(Partner)** M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.	Salma Bibi **(Q.C Incharge)** M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.
Shabana Sadiq **(Production Incharge)** M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad.	

Show cause notice has been issued to the technical staff/management of the firm – responsible persons U/S 7(11) of the Drugs Act, 1976 vide letter no. 03-71/2018-(QC) dated 26-02-2019.

In response to the show cause notice, the firm submitted that their product complies in respect of appearance, Identification of Bromazepam, Disintegration test, Uniformity of dosage unit by content uniformity and Assay of Bromazepam 102.4% (90 -110%). Therefore, remarks of the CDL, Karachi should be "The sample is of standard quality with regards to the test performed" instead of this the Federal Government Analyst declared the sample Counterfeit, which is totally invalid in the eye of law as both the packs are different in respect of (a) front panel, side panel and rear panel (b) text matter (c) product name (well prominent) (d) Company logo (e) Registration number & Manufacturing license and Manufacturer name. Moreover M/s Martin Dow does not having any objection on the resemblance of lexotanil with zotanil packs.

Proceeding of the 289th Meeting of Registration Board.

The Accused were called for personal hearing before the Registration Board on 16th May, 2019 at 12:00 PM vide letter No. 03-31/2019-(QC) dated 13th May, 2019 but no one appeared before the Board.

Decision: Registration Board decided to give second opportunity of personal hearing to the accused in the next meeting and deferred the case.

Proceeding of the 290th Meeting of Registration Board.

Mr. M. Fahim, Manager Regulatory (421010117271-9 appeared on behalf of M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad to plead the instant case of manufacture & sale of Counterfeit Zotanil 3mg Tablets, Batch No.055, before the Board in its 290th meeting on 04th July, 2019.

Representatives of the firm informed that they intend to change the color scheme of their product to the concerned section for better regulatory compliance.

Decision of the 290th Meeting of Registration Board.

The Board after hearing the accused deliberated the matter in depth in the light of available record/ investigation report of FID decided as under:

i. The firm will process case for change in color scheme and brand name of the product in question and inform the Board.
ii. Registration shall remain suspended till the approval of color scheme and brand name by the Chairman, Registration Board.
iii. A general advisory will be issued to all manufacturers for refraining from imitating the color scheme of the brand leaders to mislead the peoples. All the Chief Drug Inspectors and Additional Directors of field offices should enforce these directions in true letter and spirit. A comprehensive report may be submitted before the Registration Board.

The said decision was communicated to the firm vide letter No.F03-37/2019-QC (290th RB) dated 26th September, 2019 with directions to comply with te decision of the Registration Board in its true letter and spirit.

M/s Zanctok Pharmaceutical Laboratories vide reference No.ZPL/054/2019 dated 07-10-2019 addressed to Director QA&LT, DRAP, Islamabad submitted their reply and is reproduced as under:

- *We have been manufacturing the Zotanil 3mg Tablet since 10th October, 2009 with our own brand name and packing with distinguished color scheme.*
- *The samples of tablet Zotanil 3mg were drawn from the market for test / analysis by the Central Drug Laboratory (CDL) Karachi and the CDL declared the sample as "counterfeit"*

*merely on the basis of resemblance in the color scheme with another brand but there was no any question raised in CDL report for resemblance in the "**brand name**"*

- *In addition to the report of CDL, the question of brand name was never raised by the concerned FID and the division of Quality Assurance & Lab Testing. During routine correspondence and related submissions thereof.*
- *That the verbal decision of the registration board during the personal hearing was only to change the Color Scheme of the Unit Box as it was already submitted with Prescribed Fee on July 1st, 2019. (Copy Enclosed Annex-A). Suggested artwork was also presented to board, and it was advised to re-submit the artwork with changes of full color scheme, which was also submitted on July 17, 2019. (Copy Enclosed Annex-B)*
- *As per decision of the Registration Board we submitted new color scheme artwork on July 17, 2019, and also mentioned the decision of the Registration Board on our request letter, (Please check attached copy).*

- *During personal hearing, it was never given the decision to change the brand name, it was only decided to change the color scheme. It is only the typing mistake, during the preparation of minutes of 290th meeting.*
- *CDL Karachi declared the sample as "Counterfeit" only on the basis of resemblance in the color scheme with another brand. No other objection is being raised on this matter. The brand name of the product "Zotanil" does not resemble with any of the already registered product for which we have already submitted the undertaking during time of submission of registration application.*

*Since mentioning all the facts and proceedings, it is hereby kindly requested that the decision of **CHANGE NAME OF THE BRAND** may be revoked for the sake of our product market and we have already submitted the amended color scheme and artwork of the unit box for your kind approval. Art work and color scheme may be approved and orders to restore the product may be issued on earlier basis. You kind consideration in this regard will always be highly be appreciated.*

M/s Zanctok Pharmaceutical Laboratories, Hyderabad was issued another letter vide No.F.03-71/2018-QC dated 28-10-2019 wherein it was clarifies that the remarks of the test report of CDL, Karachi clearly mention that the color scheme, **name,** text and presentation of outer packaging of the sample "Zotanil 3mg tablets" nearly resembles as to be calculated to deceive the label and outer packaging of brand leader drug product "Lexotanil 3mg tablets" registration number 001043, manufactured by" Martin Dow Limited Karachi". Hence, sample is declared "Counterfeit" under section 3 (f) of the Drugs Act, 1976. It is therefore you are once again directed to comply with the decision of the Registration Board in its true letter and spirit and submit compliance report before the resumption of the production of the product in question.

M/s Zanctok Pharmaceutical Laboratories vide reference No.ZPL/061/2019 dated 14-11-2019 addressed to the Secretary, Registration Board regarding the subject of "Manufacture & sale of Counterfeit zotanil 3mg tablets B#055" wherein they have referred letter F.No.03-37/2019-QC (290th RB) dated 26th September, 2019 received to them on October 02, 2019, In which the decision of the 290th meeting of the Registration Board was communicated to them and submitted their reply which is reproduced as under:

- *As per decision of the Registration Board in 290th meeting, artwork change request was submitted on July 17, 2019 and has been approved on October 23, 2019 vide letter No.F-31-PRVC/2019(PR-I).*
- *We have been manufacturing the Zotanil 3mg tablets since 10th October, 2009 with our own brand name.*
- *That the CDL, Karachi declared the sample of zotanil 3mg tablets B#055on the basis of resemblance of packaging with innovator's brand "Laxotanil 3mg tablets" manufactured by M/s Martin Down Pakistan Limited.*
- *That the brand name of our product doesn't resemble with innovator's brand or any other product.*
- *That by M/s Martin Down Pakistan Limited or any other company has never raised any objection regarding the resemblance of brand name.*

Since mentioning all the facts it is hereby kindly requested that the decision of the **change name of brand** may be revoked for the sake of our product market and orders to restore the product may be issued on earlier basis.

You kind consideration in this regard will always be highly appreciated.

It is submitted that the firm has already been issued a letter in this regard vide No.F.03-71/2018-QC dated 28-10-2019 to comply with the decision of the Registration Board in its true letter and spirit and submit

compliance report before the resumption of the production of the product in question. However the firm requested that the decision of the **change name of brand** may be revoked for the sake of our product market and orders to restore the product may be issued on earlier basis which comes under the preview of the Board.

Decision of 293rd meeting of Registration Board.

The case was presented before the Registration Board in its 293rd meeting held on 08th January, 2019 and the Board after detailed discussion, considering the decision of Registration Board in its 290th meeting and the request of the firm regarding the change name of brand to revoked for the sake of their product market decided as under:

"**The Board regretted the request of the firm (M/s Zanctok Pharmaceutical Laboratories, SITE, Hyderabad) and upholds the decision of 290th meeting regarding instant case, and directed that the firm shall change the brand name of their product (Zotanil 3mg Tablets, Reg. No.: 058631)."**

The above said decision was communicated to the firm vide letter No.F.03-65/2019-QC (293rd RB) dated 21st April, 2020 with directions to comply with the decision of the Registration Board in its true letter and spirit.

Current Status of the Case.

In response to the above said letter the firm submitted their reply vide reference No. nil dated nil wherein they have stated that they have already got the approval of change of artwork/color scheme of their registered product Zotanil Tablet 3mg vide letter No.F.31-PRVC/2019(PR-I) dated 23-10-2019.

They further informed that change of brand name was also approved vide letter No.F38-PRVC/2020 (PR-I) dated 03-03-2020 as brand name **"Bromatil 3mg Tablet".**

They further requested to "**Cancel the suspension orders**" and resume the production of the said product as compliance has been done.

Proceedings and Decision of Board in its 295th Meeting

Registration Board considered the facts/available record of the case, and after thorough deliberation decided to resume the production of [Zotanil 3mg Tablets (Old name), Bromatil 3mg Tablets (new name)], Registration No. 058631, Manufactured by M/s Zanctok Pharmaceutical Labs, Hyderabad. Registration Board further advised to comply Drugs (Labelling & Packing) Rules, 1986 and conditions of registrations.

Item No.VI: Additional Agenda

A. Division of Pharmaceutical Evaluation & Registration.

Pharmaceutical Evaluation Cell (PEC)

Drug Regulatory Authority of Pakistan in its 85th meeting held on 09th June, 2020 discussed Favipiravir use in COVID-19 management by countries like China, Russia & Saudi Arabia and further its approval in Japan as antiviral against influenza viruses. Keeping in view the current outbreak of COVID-19, the Authority allowed to submit registration applications on Form 5/ Form 5-A/ Form 5-D instead of Form 5F for registration of Favipiravir.

The Authority in the said meeting advised Director (PE&R) to consider the applied registration applications of Favipiravir in the ongoing meeting without waiting for the formal minutes of the Authority.

Keeping in view the above decision and directions of the Authority; the Board considered following applications of Favipiravir and decided as mentioned against each:

1. Favipiravir Tablet 200mg:

Composition

Each Film coated tablet contains:

Favipiravir…….200mg

Availability in RRA:

Avigan 200mg Film coated Tablet by M/s Toyama Chemical Co., Ltd Japan (PMDA Approved)

Me too status: Not confirmed

Specifications: Innovator's specifications

6. Azithromycin lyophilized/ powder for solution for Infusion 500mg/vial:

Composition:

Each vial Contains:

Azithromycin monohydrate eq to Azithromycin……500mg

Or

Azithromycin dihydrate eq to Azithromycin…….500mg

Availability in RRAs:

MHRA Approved.

The active substance in the proposed product is a monohydrate in contrast to a dihydrate in the reference product. Since both products are powders to be dissolve in water for infusion , the hydrate form is irrelevant and is not expected to affect the in vivo behavior of the active substance. 							Board in 275th meeting.

9. Miscellaneous cases:

266.	Name and address of manufacturer / Applicant	M/s Remington Pharmaceuticals Industries Pvt Ltd. 18 km, Multan Road, Lahore
	Brand Name +Dosage Form + Strength	Azite 1% Opthalmic Solution
	Composition	Each ml Contains: Azithromycin…1%
	Diary No. Date of R& I & fee	Form-5D Dy.No 22189 dated 27-11-2017 Rs.50,000 Dated 24-11-2017 (#0624631)
	Pharmacological Group	Macrolide Antibiotic
	Form	Form-5
	Finished product Specifications	Innovators
	Pack size & Demanded Price	2.5 ml As per SRO
	Approval status of product in Reference Regulatory Authorities	Azasite 1% sterile opthalmic solution USFDA Approved.
	Me-too status	Kraze Opthalmic solution 10mg/ml by M/s Meidcaids (Reg#082125)
	GMP status	M/S Remington 15-16th January, 2018 Conclusion: Overall the GMP Compliance of the firm is Good.
	Remarks of evaluator	
	Decision: Approved.	
267.	Name and address of manufacturer / Applicant	M/s Sante Pvt Ltd. A-97, S.I.T.E Super Highway, Karachi, Pakistan
	Brand Name +Dosage Form + Strength	Zithrosan 1% Ophthalmic Solution
	Composition	Each ml Contains: Azithromycin…10mg
	Diary No. Date of R& I & fee	Dy.No. 12227 dated 02/06/2020Rs. 20,000/- dated 02-06-2020 Form (#0316694)
	Pharmacological Group	Macrolide Antibiotic
	Form	Form-5
	Finished product Specifications	Innovators
	Pack size & Demanded Price	2.5 ml As per SRO
	Approval status of product in Reference Regulatory Authorities	Azasite 1% sterile opthalmic solution USFDA Approved.
	Me-too status	Kraze Opthalmic solution 10mg/ml by M/s Meidcaids (Reg#082125)
	GMP status	M/S Sante 02-07-2019 Conclusion: Based on the current practices and keeping in view the attitude of the management towards better compliance of GMP their overall compliance level for the said dosage form is rated as Good.
	Remarks of evaluator	
	Decision: Approved.	

268.	Name and address of manufacturer / Applicant	M/s Caliph Pharmaceuticals Pvt Ltd., Plot # 17, Special Industrial Zone, Risalpur, KPK, Pakistan
	Brand Name +Dosage Form + Strength	Azocal 1g Sachet
	Composition	Each Sachet Contains: Azithromycin as Dihydrate……1g
	Diary No. Date of R& I & fee	Dy.No. 11807 dated 21/05/2020 Rs. 20,000/- dated 21-05-2020 Rs. 30,000/- dated 11-06-2020
	Pharmacological Group	Macrolide Antibiotic
	Form	Form-5D
	Finished product Specifications	Innovators
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	ZITHROMAX (USFDA) supplied in single-dose packets containing azithromycin as dihydrate
	Me-too status	NA
	GMP status	06-11-2018. Recommendations: The panel unanimously recommends the renewal of DML. 00748 by way of formulation, granted to M/s Caliph Pharma KPK are regularization of the layout plan approved vide letter.no.F.3-6/20050Lic dated 16th march 2017 for following sections: others and Sachet section, General (Antibiotic, Non-Antibiotic).
	Remarks of evaluator	Innovator's specifications
	Decision: Approved.	
269.	Name and address of Applicant	M/s Zhangjiakou Dongfang Pharmaceutical Pakistan (Private) Limited, Address: Office # D-2, 2nd Floor, West Land Trade Centre, Plot # C-5, Block 7/8, KCHSU, Shaheed-e-Millat Road, Karachi.
	Detail of Drug Sale License	Address: Validity: Status: Drug License by Way of wholesale
	Name and address of manufacturer	M/s Shijiazhuang No. 4, Pharmaceutical Co., Ltd. Address: No.288, Zhujiang Road, High Tech Industrial Development Zone, Shijiazhuang, China
	Name and address of marketing authorization holder (Product license holder)	Not mentioned
	Name of exporting country	People's Republic of China
	Type of Form	Form 5-A
	Diary No. & Date of R& I	Dy. No.6662 Dated 21-05-2019
	Fee including differential fee	Rs. 100,000/- Dated 21-05-20178
	Brand Name +Dosage Form + Strength	Azofan 250mg dispersible tablet
	Composition	Each dispersible tablet Contains: Azithromycin ……250 mg
	Finished Product Specification	Manufacturer
	Pharmacological Group	Macrolide antibiotic
	Shelf life	Two years
	Demanded Price	Rs. 35 per tablet
	Pack size	6 dispersible tablets
	International availability	Not confirmed
	Me-too status	Not confirmed

	Detail of certificates attached	**GMP certificate** Photocopy of GMP certificate (HE20150072) for M/s Shijiazhuang No. 4, Pharmaceutical Co., Ltd. China issued by Hebei Food and Drug Administration has been submitted. It is valid until 10/11/2020. **Free sale certificate** Photocopy of free sale certificate confirms the presence of drug on the market of China has been submitted. **Letter of authorization** Not provided
	Remarks of the Evaluator.	The firm has submitted 6 months accelerated and 24 months real time Stability study data for following 3 batches as per Zone IV-A conditions. 350501 350502 350503 Evidence of approval of applied formulation in reference regulatory authority is required. Original letter of authorization / sole agency agreement with product licence holder/ marketing authorization holder is required. Original, legalized CoPP / GMP certificate and free sale certificate are required. The status of product license holder are required to be mentioned. Drug sale license not provided.
	Decision: Deferred for following observations: • **Evidence of approval of applied formulation in reference regulatory authority is required.** • **Original letter of authorization / sole agency agreement with product licence holder/ marketing authorization holder is required.** • **Original, legalized CoPP / GMP certificate and free sale certificate are required.** • **The status of product license holder are required to be mentioned.** • **Copy of Drug sale license is required to be submitted.**	

10. Ascorbic acid chewable tablet 500mg:

Composition:

Each chewable tablet contains:

Ascorbic acid……..500mg

International availability:

Ascorbic acid chewable tablet (50mg, 100mg, 200mg, 500mg) by M/s Ennogen Pharma ltd, MHRA Approved

Me too status:

Cecon 500mg tablet by M/s Abbott.

Specifications: USP

270.	M/s Mega Pharmaceuticals Limited, 27km raiwind road lahore	Mega-C 500mg chewable tablet	Each chewable tablet contains: Ascorbic acid…..500mg	Form-5 Dy.No 117 dated 21-04-2020 Rs.20,000/- Dated 21-04-2020.	As per SRO	Duplicate dossier 30-3-2020, issued cGMP certificate.
Decision: Registration Board approved registration of above application. Conditions regarding validity of registration and data requirement will be same as decided by the Board in its general decision recorded above.						

11. Ascorbic acid Injection 500mg/5ml:

Composition:

Each 5ml contains:

Ascorbic acid……..500mg

International availability:

Ascorbic Acid Injection BPC 500mg/5ml (glass ampoule) by M/s Phoenix Labs, MHRA Approved. (product approved by Italy is in glass vial-Vitamin C Salf 500mg/5ml injectable solution-AIC 008194045)

Me too status:

ASCORBIC ACID 500 MG INJ by M/s Schazoo Reg. No. 1629

Specifications: USP

271.	M/s Neutro Pharma 9.5km Sheikhupura road, Lahore	Vitamin-C 500mg ampoule	Each ampoule of 5ml contains: Ascorbic acid…500mg	Form-5 Dy no 8320 dated 20-04-2020 Rs.50,000/- Dated 20-04-2020	5ml, As per SRO	Duplicate dossier 9-5-2020 fair level of GMP compliance.
Decision: Registration Board approved registration of above applications. Conditions regarding validity of registration and data requirement will be same as decided by the Board in its general decision recorded above.						

Registration applications of drugs for which stability study data is submitted

a. Verification of stability study data

272.	**Name and address of manufacturer / Applicant**	**M/s Pharm Evo Pvt Ltd, A-29, North West Industrial Zone, Light Industrial Zone, Port Qasim, Karachi.**
	Brand Name +Dosage Form + Strength	CanlosTablet 300mg
	Composition	"Each film coated tablet Contains: Canagliflozin as hemihydrate……300mg"
	Diary No. Date of R& I & fee	Dy. No dated 14-7-2015 Rs.50,000/- (Photocopy) Dated 14-07-2015
	Pharmacological Group	Antidiabetic
	Type of Form	Form-5D (Duplicate)
	Finished product Specifications	Manufacturer's specifications
	Pack size & Demanded Price	As per PRC
	Approval status of product in Reference Regulatory Authorities	Approved by USFDA
	Me-too status (with strength and dosage form)	N/A
	GMP status	GMP inspection Dated 23-02- 2018, the firm was operating at an acceptable level of compliance with GMP standards.
	Remarks of the Evaluator[II]	

Now the firm has submitted stability data detailed as under:

STABILITY STUDY DATA	
Drug	Canlos Tablet 300mg
Name of Manufacturer	M/s Pharm Evo Pvt Ltd, A-29, North West Industrial Zone, Light Industrial Zone, Port Qasim, Karachi.
Manufacturer of API	M/s Nantong Chanyoo Pharmatech Co., Ltd., Jiangsu province, China.
API Lot No.	RD-CLF(hemihydrate)-201712031
Description of Pack (Container closure system)	Alu-Alu foil in unit carton
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH

Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0,3,6 months Real Time: 0,3,6 months		
Batch No.	18PD-2486-04-T	18PD-2487-05-T	18PD-2488-06-T
Batch Size	2500 tablets	2500 tablets	1000 tablets
Manufacturing Date	11-2018	11-2018	11-2018
Date of Initiation	31-12-2018		
No. of Batches	03		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Documents To Be Provided	Status
COA of API	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	• Copy of GMP Certificate for M/s Nantong Chanyoo Pharmatech Co., Ltd, China issued by nantog Chemical & medical Industry Association , has been submitted, valid upto 05-12-2019.
Protocols followed for conduction of stability study and details of tests.	Yes
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
Documents confirming import of API etc.	• Copy of invoice for Canagliflozin (8Kg), attested by Assistant Director (I & E) DRAP, Karachi dated 08-02-2018 has been submitted.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
Commitment to continue real time stability study till assigned shelf life of the product.	Yes
Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

- The firm has specified Dissolution limit of NLT 80% (Q = 75%) of label claim in 30 minutes, while the FDA Review document of Innovator's product reveal the sampling time of 20 minutes for applied formulation.

273.	Name and address of manufacturer / Applicant	M/s Pharmevo A-29, North Western Industrial Zone, Port Qasim, Karachi.
	Brand Name +Dosage Form + Strength	Canlos Film Coated Tablets 100mg
	Diary No. Date of R& I & fee	Dy No. 103 , Rs: 50,000/- 14-07-2015
	Composition	Each film coated tablet contains:- Canagliflozin as hemihydrate ….100mg
	Pharmacological Group	Sodium-glucose co-transporter 2 (SGLT2) inhibitors ATC Code: A10BK02 Anti-diabetic
	Type of Form	Form 5-D
	Finished Product Specification	Manufacturer Specs.
	Pack size & Demanded Price	Pack of 30's

	Approval status of product in Reference Regulatory Authorities.	Invokana tablet-USFDA approved
	Me-too status	Not applicable
	GMP status	GMP inspection Dated 23-02- 2018, the firm was operating at an acceptable level of compliance with GMP standards.
	Remarks of the Evaluator.

REMARKS OF EVALUATOR

- The firm has specified Dissolution limit of NLT 80% (Q = 75%) of label claim in 30 minutes, while the FDA Review document of Innovator's product reveal the sampling time of 20 minutes for applied formulation.

Decision of 293rd meeting: Registration Board decided to consider the case after onsite inspection by the panel to be constituted by Chairman Registration Board for verification of authenticity of submitted stability study data.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Canlos (Canagliflozin) 100mg and 300mg Tablets by M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi.

Reference No:
F.1-2/2020-PEC dated 18th February, 2020 (Canlos 100mg)
F.1-2/2020-PEC dated 24th February, 2020 (Canlos 300mg)
Investigation Date and Time: 4th June, 2020
Investigation Site: Factory premises of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.
Composition of Panel:

1. Dr. Rafeeq Alam Khan, Meritorious Professor & Dean, Faculty of Pharmacy, Ziauddin University, Karachi. (Member Registration Board)
2. Ms, Hira Bhutto Assistant Director, CDL, DRAP, Karachi.
3. Mr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.

Details of Investigation:
Canlos (Canagliflozin) Tablets 100mg & 300mg

Q.	Question	Observation by panel
1.	Do you have documents confirming the import of Canagliflozin API including approval from DRAP?	The firm has imported Canagliflozin hemihydrate 8.0Kg Batch No: RD-CLF (Hemihydrate)-201712031 vide Invoice No. CYI17457 dated December 18, 2017 from M/s Changzhou Pharmaceutical Factory Co. Ltd. manufactured by M/s Nantong Chanyoo Pharmaceutical Co., Limited for the manufacturing of lab scale batches of Canagliflozin 100mg and 300mg Tablets and taken proper approval of DRAP, Karachi
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation process being implemented by the firm and rationale behind vendor selection is controlled through Postal audit checklist GMP approval by competent authority
3.	Do you have documents confirming the import of Canagliflozin, reference standard and impurity standards?	Firm has imported 20mg of working standard and Impurities CLF -4 and Desfluoro of CLF, Pentatomic ring of CLF and Alpha CLF 5m each and ring opening of CLF 2mg from supplier M/s Changzhou Pharmaceutical Factory Co. Ltd.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis for API, Working standards of the API and impurities standards.
5.	Do you have GMP certificate of API Manufacturer issued by regulatory Authority of country of origin?	Firm has GMP certificate issued by the Nantong Food and Drug Administration, China
6.	Do you use API manufacturer method of testing for testing API?	The firm has used API manufacturer method for testing the API.

7.	Do you have stability studies reports on API?	The firm has stability studies reports on API Canagliflozin hemihydrate conducted by manufacturer.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per SIM method and process related impurities have been quantified during stability studies by the API Manufacturer.
9.	Do you have method for quantifying the impurities in the API?	The firm has API manufacturer method for quantifying the impurities in the API.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	Firm has 3.078 KG of the API and 10mg of working standard in hand , however they have consumed all the impurity standards.
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients which includes: **Canlos 100mg Tablet:** Microcrystalline cellulose PH.101, Hydroxypropyl Cellulose (Klucel LF), Croscarmellose Sodium, Magnesium Stearate, iron oxide yellow, Super Tab 21AN (Lactose Anhydrous) and Opadry white II 85G68918 and iron oxide yellow has been used for coating. **Canlos 300mg Tablet:** Microcrystalline cellulose PH.101, Hydroxypropyl Cellulose (Klucel LF), Croscarmellose Sodium, Magnesium Stearate, Super Tab 21AN (Lactose Anhydrous) and Opadry white II 85G68918 has been used for coating.
12.	Do you have documents confirming the import of the used excipients?	The firm has necessary documents confirming the import of the used excipients.
13.	Do you have test reports and other records on the excipients used?	The firm has test reports and other records on the excipients used.
14.	Do you have written and authorized protocols for the development of Canagliflozin 100mg and 300mg Tablets?	The firm has no written protocol however authorized batch record for stability batches of Canagliflozin as hemihydrate 100mg and 300mg Tablets available.
15.	Have you performed Drug-excipient compatibility studies?	The firm has not performed Drug-excipient Compatibility studies as the composition of their tablets is similar to that of the innovator product (Invokana Tablets 100mg and 300mg manufactured by M/s Janssen-Cilag, Italy).

16.	Have you performed comparative dissolution studies?	The firm has performed comparative dissolution profile of Canlos 100mg and 300mg Tablet with Invokana Tablets 100mg and 300mg manufactured by M/s Janssen-Cilag respectively. Similarity factor for Canagliflozin 100mg Tablet are as follows: Buffer pH 1.2 (53.908). Acetate Buffer (56.012). Phosphate Buffer (52.123). Similarity factor for Canagliflozin 300mg Tablet are as follows: Buffer pH 1.2 (51.344). Acetate Buffer (55.306). Phosphate Buffer (71.199)
17.	Do you have product development (R&D) section?	The firm has dedicated R&D section with reasonable facilities of equipment, 6 pharmacist and 1 chemist in R&D formulation Laboratory section and two analyst dedicated for R&D testing in QC lab.
18.	Do you have necessary equipment available in product development section for development of Canagliflozin 100mg & 300mg Tablets?	The firm has all necessary equipment related to manufacturing available in R&D section for manufacturing of Canagliflozin 100mg and 300 mg Tablets. The quality control related to development work has been done in the routine quality control laboratory, there are dedicated HPLCs and Human Resource for this purpose.
19.	Are the equipment in product development section qualified?	All the equipment used in product development are qualified.
20.	Do you have proper maintenance /	The firm has proper maintenance / calibration programme. Re-qualification program for the equipment used in PD section.
21.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has 05 pharmacists and 01 chemist in manufacturing section of product development section currently with suitable knowledge and training in product development. 02 QC Analysts are dedicated for new products testing.
22.	Have you manufactured three stability batches for the stability studies of Canagliflozin 100mg and 300mg Tablets as required?	The firm has manufactured three stability batches for the stability studies of: Canagliflozin 100mg Tablets with Batch Numbers: 18PD-2467-02-T, Mfg Date : 01-11-2018 18PD-2468-03-T Mfg Date : 01-11-2018 18PD-2469-04-T Mfg Date : 01-11-2018 Canagliflozin 300mg Tablets with Batch Numbers: 18PD-2486-04-T, Mfg Date 27-11-2018 18PD-2487-05-T Mfg Date 27-11-2018 18PD-2488-06-T Mfg Date 27-11-2018
23.	Do you have any criteria for fixing the batch size of stability batches?	The criteria for fixing batch size is of stability batches is the number of tablets per testing frequencies.
24.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches.
25.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocols for stability testing of stability batches.

26.	Do you have developed and validated the method for testing of stability batches?	The firm has developed and validated stability indicating method for testing of their finished product supported by forced degradation.
27.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies have not been done, however, validation of the method has been performed.
28.	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of Canagliflozin and the finished drug?	The firm has documents confirming the installation and operational qualification of the equipment / instruments being used in the test and analysis of Canagliflozin and the finished drug.
29.	Do your method of analysis stability indicating?	The firm's method of testing is stability indicating as supported by forced degradation.
30.	Do your HPLC software 21CFR Compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
31.	Can you show Audit trail reports on Canagliflozin testing?	Audit trail on the testing reports are available.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has remaining quantities of the stability batches kept in stability chambers.
33.	Do you have stability batches kept on stability testing?	The firm has kept all the three batches on real time and accelerated stability testing. Currently, 12 months studies at real time have been completed with satisfactory results and accelerated stability batches have been completed.
34.	Do you have valid calibration status for the Equipment used in Canagliflozin 100mg & 300mg tablets production and analysis?	The firm has valid calibration status for the equipment used in Canagliflozin as hemihydrate tablets production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has 16 stability chambers, 02 for accelerated and 14 for real time stability testing. All the chambers are properly qualified. All the chambers are provided with continuous power supply and data loggers for continuous monitoring.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The firm has manufacturing area provided with necessary qualified equipment and utilities. The manufacturing personnel are suitable in number and qualification to run the manufacturing processes as per GMP requirements. The environmental conditions and their controls are also proper. The overall GMP conditions can be rated as

Conclusions:

9. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Canlos (Canagliflozin) 100mg and 300mg Tablets is verifiable to satisfactory level.
10. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Canagliflozin 100mg and 300mg Tablets.

Recommendations:

4. The firm may kindly be granted necessary registration of Canagliflozin 100mg and 300mg Tablets.

5. Since Canagliflozin falls in BCS Class IV (Low solubility and low permeability), hence will require Bioequivalence Studies. Therefore, post-registration bioequivalence studies are also recommended. **Note:** The firm has submitted written commitment vide letter No. NIL dated NIL for bioequivalence studies on Canlos 100mg and 300mg**.**
Decision: Registration Board decided to approve registration of "Canlos Tablet 300mg (Canagliflozin 300 mg) and Canlos Tablet 100mg (Canagliflozin 100mg) by M/s PharmEvo Pvt Ltd, A-29, North West Industrial Zone, Light Industrial Zone, Port Qasim, Karachi. Manufacturer will place first three commercial batches of both products on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per Zone-IVa conditions.

274.	**Name and address of manufacturer / Applicant**	**"M/s PharmEvo Private Limited. Plot # A-29, North Western Industrial Zone, Port Qasim, Karachi"**
	Brand Name +Dosage Form + Strength	Kay Gone 10gm Sachet
	Composition	Each Sachet Contains: Sodium Polystyrene Sulfonate…10gm
	Diary No. Date of R& I & fee	Dy.No 24563 (16-07-2018) Rs.20,000/- Dated 16-07-2018
	Pharmacological Group	Ion-exchange resin
	Type of Form	Form-5
	Finished product Specification	Manufacturer's specifications
	Pack size & Demanded Price	10's" Rs. 1,150/-
	Approval status of product in Reference Regulatory Authorities.	Approved by USFDA as 454gm per bottle
	Me-too status	-
	GMP status	Last GMP inspection report dated 23-02-2018 concluding as under: "Based on the areas inspected, the people met and documents reviewed, and considering the findings of the inspection M/s Pharm Evo Pvt. Ltd. Karachi was considered to be operating at acceptable level of compliance with GMP standards as today."
	Remarks of the Evaluator[2]	Evidence of Me-too status required.
	Previous Decision of 286th meeting:	Deferred for evidence of applied formulation/drug already approved by DRAP (generic / me-too status) alongwith registration number, brand name and name of firm or else application on Form 5-D along with submission of differential fee and stability study data as per the requirements of 278th meeting of Registration Board.
	Evaluation by PEC	• Firm has submitted 36 months long term & 6 months accelerated stability study reports of three batches of "Polystyrene Sulphonate" from the supplier i.e., M/s Phaex polymers Pvt. Ltd., Maharashtra, India. • Moreover firm has submitted following undertaking: "We, PharmEvo (Pvt) Limited do hereby undertake that we will provide real time stability studies of (Sodium Polystyrene Sulphonate USP according to stability protocol till assigned shelf life of the product."
	Decision of 288th meeting: Deferred for application on Form 5-D along with submission of differential fee and stability study data by the finished product manufacturer as per the requirements of 278th meeting of Registration Board.	
Firm's reply: Firm has submitted 1 month stability data of 3 batches, at both accelerated and long term stability conditions. **Evaluation by PEC:** • Firm has not submitted Form 5-D and differential fee. • Firm has submitted stability data for 100gm jar packing , wherein firm has applied for the 10gm sachet packing		
Decision: Deferred for rectification of following shortcomings:		

- Submission of Form 5-D along with differential fee.
- Submission of complete stability studies at both accelerated and long term conditions.
- Clarification of submitting stability data for jar packaging whereas firm has applied for sachet packaging.

Firm's response:

- Firm has submitted Form 5-D (Dy.# 16421 dated 02-09-2019) along with differential fee of Rs. 30,000/- vide deposit slip# 0833190 dated 02-09-2019.
- Firm has also submitted 3 month long term and accelerated stability data of three batches detailed as under:

DOCUMENTS / DATA PROVIDED BY THE APPLICANT INITIALLY

Documents to Be Provided	Status
COA of API	Yes
Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of GMP certificate (Certificate# NEW-WHO-GMP/CERT/KD/75578/2019/11/27124) valid upto 28-02-2022 issued by FDA Maharashtra India.
Protocols followed for conduction of stability study and details of tests.	**Yes**
Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	**Yes**
Documents confirming import of API etc.	Copy of License to import Sodium Polystyrene Sulphonate attested by ADC (Karachi) dated 29-05-2019 has been submitted.
All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	**Yes**
Commitment to continue real time stability study till assigned shelf life of the product.	**Yes**
Commitment to follow Drug Specification Rules, 1978.	**Yes**

Decision of 293rd meeting: Registration Board decided that case shall be referred to Costing & Pricing Division for fixation of MRP for applied formulation in Sachet & Jar packaging. However, registration application shall be again placed before Registration Board after submission of required stability data of 6 months by the manufacturer for decision.

Firm's response: Now the firm has submitted long term and accelerated stability data of three batches in both 10gm Sachet and 100gm jar packaging for 6th month time point

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Kay Gone (Sodium Polystyrene Sulfonate) 10gm Sachet and 100gm Jar by M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi.

Reference No: F.1-2/2020-PEC dated 22nd April, 2020
Investigation Date and Time: 04 June, 2020
Investigation Site: Factory premises of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.

Background:
Chairman Registration Board considered the applications of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi for registration of Kay Gone (Sodium Polystyrene Sulfonate) 10gm Sachet and Kay Gone (Sodium Polystyrene Sulfonate) 100gm Jar and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm and to submit report for further consideration. The panel was also advised to verify:

"*The firm has submitted long term and accelerated stability data of three batches in both 10g sachet and 100g jar packaging for 6th months"*

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Meritorious Professor & Dean Faculty of Pharmacy, Ziauddin University, Karachi. (Member Registration Board)
2. Ms. Hira Bhutto, Assistant Director, DRAP, Karachi.
3. Mr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi

Details of Investigation:
Kay Gone (Sodium Polystyrene Sulfonate) 10gm Sachet and 100gm Jar

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the import of Sodium Polystyrene Sulfonate API including approval from DRAP?	The firm has imported Sodium Polystyrene Sulfonate 6Kg vide Invoice No. T/SODIUM POLY/20/19-20 dated April 30, 2019 from M/s Tricon Enterprises Pvt. Ltd. India manufactured by M/s Phaex Polymers Pvt. Ltd., India for the manufacturing of lab scale batches of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar. The firm has proper approval for the import of the API from DRAP, Karachi dated 29-05-2019.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation process being implemented by the firm and the rationale behind vendor selection is controlled through • Postal audit checklist • GMP Approval by competent authority
3.	Do you have documents confirming the import of Sodium Polystyrene Sulfonate, reference standard and impurity standards?	Firm has documents confirming the import of 06Kgs of Sodium Polystyrene Sulfonate API, from M/s Tricon Enterprises Pvt. Ltd. India.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis for API. Reference standard and impurity standards are not imported because only sodium content and potassium exchange capacity is required to analysed which has been performed by the firm as per pharmacopeia reference of API.
5.	Do you have GMP certificate of API Manufacturer issued by regulatory Authority of country of origin?	Firm has GMP certificate issued by the Food and Drugs Administration, Mumbai, Maharashtra State, India.
6.	Do you use API manufacturer method of testing for testing API?	The firm has used USP method for testing the API and verified the same.
7.	Do you have stability studies reports on API?	The firm has stability studies reports on API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per USP method , however no degradation products are reported by USP as well as the manufacturer.
9.	Do you have method for quantifying the impurities in the API?	The firm has API manufacturer method. There is no impurity reported.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	Firm has consumed all and no remaining quantity of the API
11.	Have you used pharmaceutical grade excipients?	Since the product is ready to fill Therefore no excipients used in the formulation.
12.	Do you have documents confirming the import of the used excipients?	There is no excipient used in formulation of finished product.
13.	Do you have test reports and other records on the excipients used?	There is no excipient used in formulation of finished product.

14.	Do you have written and authorized protocols for the development of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar?	The firm has written and authorized protocols for the development of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar.
15.	Have you performed Drug-excipient compatibility studies?	There is no excipient used in formulation of finished product.
16.	Have you performed comparative dissolution studies?	Dissolution not applicable
17.	Do you have product development (R&D) section?	The firm has dedicated R&D section with reasonable facilities of equipment, human resource and utilities.
18.	Do you have necessary equipment available in product development section for development of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar?	It is ready to fill material and filling and sealing machines are available in commercial facility. The quality control related to development work has been done in the routine quality control laboratory; however, there are dedicated HPLCs and Human Resource for this purpose.
19.	Are the equipment in product development section qualified?	All the equipments used in product development are qualified.
20.	Do you have proper maintenance / Calibration / re-qualification program for the equipment used in PD section?	The firm has proper maintenance / calibration programme. Re-qualification program for the equipment used in PD section.
21.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has 05 pharmacists and 01 chemist in manufacturing section of product development section currently with suitable knowledge and training in product development. 03 QC Analysts are dedicated for new products testing.
22.	Have you manufactured three stability batches for the stability studies of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar as required?	The firm has manufactured three stability batches for the stability studies of: Sodium Polystyrene Sulfonate 10gm Sachet with Batch Numbers: 19PD-2762-01-T Mfg: 11th June, 2019 19PD-2763-02-T Mfg: 11th June, 2019 19PD-2764-03-T Mfg: 11th June, 2019 Sodium Polystyrene Sulfonate 100gm Jar with Batch Numbers: 19PD-2784-01-T Mfg: 25th June, 2019 19PD-2785-02-T Mfg: 25th June, 2019 19PD-2786-03-T Mfg: 25th June, 2019
23.	Do you have any criteria for fixing the batch size of stability batches?	Criteria for fixing batch size is based on quantities required as per testing frequencies DRAP guidelines
24.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches. 6month stability studies on real time and 6 month accelerated stability study has been performed
25.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocols for stability testing of stability batches.

26.	Do you have developed and validated the method for testing of stability batches?	The firm has developed and validated method for testing of their finished product based upon USP method.
27.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies is not applicable since the product is in pharmacopeia. (USP)
28.	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of Sodium Polystyrene Sulfonate and the finished drug?	The firm has documents confirming the installation and operational qualification of the equipment / instruments being used in the test and analysis of Sodium Polystyrene Sulfonate and the finished drug.
29.	Do your method of analysis stability indicating?	The firm's method of testing is stability indicating supported by forced degradation.
30.	Do your HPLC software 21CFR Compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
31.	Can you show Audit trail reports on Sodium Polystyrene Sulfonate testing?	Audit trail on the testing reports are available.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has remaining quantities of the stability batches kept in stability chambers. Real time stability studies are ongoing
33.	Do you have stability batches kept on stability testing?	The firm has kept all the three batches on real time and accelerated stability testing. Currently, 6 months studies accelerated and real time have been completed with satisfactory results.
34.	Do you have valid calibration status for the Equipment used in Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar production and analysis?	The firm has valid calibration status for the equipment used in Sodium Polystyrene Sulfonate sachet and jar production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has 16 stability chambers, 02 for accelerated and 14 for real time stability testing. All the chambers are properly qualified. All the chambers are provided with continuous power supply and data loggers for continuous monitoring.
36.	o related manufacturing area, equipment, rsonnel and utilities be rated as GMP ompliant?	The firm has manufacturing area provided with necessary qualified equipment and utilities. The manufacturing personnel are suitable in number and qualification to run the manufacturing processes as per GMP requirements. The environmental conditions and their controls are also proper. The overall GMP conditions can be rated as compliant.
37.	ny other query raised by PE&R Division: he firm has submitted long term and ccelerated stability data of three batches in oth 10g sachet and 100g jar packaging for 6th onths	The firm has manufactured in both packaging and data for both packaging was reviewed and found satisfactory by the panel.

	onclusions: On the basis of risk-based approach the genuineness / authenticity of stability data ubmitted by the firm for registration of Kay Gone (Sodium Polystyrene Sulfonate) 10gm Sachet nd 100gm Jar is verifiable to satisfactory level. The related manufacturing area, equipment, personnel and utilities are GMP compliant and ell suited for the manufacturing of Sodium Polystyrene Sulfonate 10gm Sachet and 100gm Jar.
	ecision: Registration Board decided to approve registration of "Kay Gone 10gm Sachet Sodium Polystyrene Sulfonate) by M/s PharmEvo Pvt. Ltd, A-29, North West Industrial one, Light Industrial Zone, Port Qasim, Karachi. Manufacturer will place first three ommercial batches of the products on long term stability studies throughout proposed shelf fe and on accelerated studies for six months as per Zone-IVA conditions.

REMARKS OF EVALUATOR [XIV]

- The firm has submitted 06 months Accelerated and 06 months Real Time Stability Data for 03 Batches.

1. Report on Investigation of Authenticity / Genuineness of data submitted for registration of Velix (Vortioxetine) 10mg and 20mg Tablets by M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi.

Reference No: F.1-2/2020-PEC dated 24th February, 2020
Investigation Date and Time: 04 June, 2020.
Investigation Site: Factory premises of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.

Background:

Chairman Registration Board considered the applications of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi for registration of Velix (Vortioxetine) 10mg and Velix (Vortioxetine) 20mg Tablets and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm and to submit report for further consideration. The panel was also advised to verify:

"The polymorphic form of vortioxetine hydrobromide"

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Meritorious Professor & Dean Faculty of Pharmacy, Ziauddin University, Karachi. (Member Registration Board)
2. Ms, Hira Bhutto Assistant Director, DRAP, Karachi.
3. Mr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.

Details of Investigation:
Velix (Vortioxetine) Tablets 10mg & 20mg

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the import of Vortioxetine API including approval from DRAP?	The firm has imported Vortioxetine 900G vide Invoice No. ZY18083101G/W dated August 31, 2018 from M/s Suzhou ZhiYu Biotechnology Co., Ltd. manufactured by M/s Jiangsu Yongan Pharmaceutical Co. Ltd., China for the manufacturing of lab scale batches of Vortioxetine as Hbr10mg and 20mg Tablets. The firm has also manufactured stability batches for Vortioxetine Hbr 5mg and Vortioxetine Hbr 15mg. Remaining quantity of API in-Hand is 297.876gm. The firm has proper approval for the import of the API from DRAP, Karachi.
2.	What was the rationale behind selecting the particular manufacturer of API?	The rationale behind selecting the particular source of API is the laid down criteria of the firm according to check list and SOP Evaluation procedure include the GMP status of the firm, DMF source and capability to provide API reference standard and impurity standard.
3.	Do you have documents confirming the import of Vortioxetine, reference standard and impurity standards?	Firm has documents including invoice airway bill confirming the import of Vortioxetine, The APIs working standard was imported at the time of import of the APIs and manufacturer has also provided declaration stating that no known impurities are present/detected.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis for API and Working standards of the API. No Known impurity identified so no impurity standard provided
5.	Do you have GMP certificate of API Manufacturer issued by regulatory Authority of country of origin?	Firm has GMP certificate issued by the Huaian Market supervision Administration, China.
6.	Do you use API manufacturer method of testing for testing API?	The firm has used API manufacturer method for testing the API. Test Method ACTM 1108

Q. No.	Question	Observation by panel
7.	Do you have stability studies reports on API?	The firm has stability studies reports on API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per SIM method and however no degradation products are reported by the manufacturer.
9.	Do you have method for quantifying the impurities in the API?	The firm has API manufacturer method for quantifying the unknown impurities in the API.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	Firm has 297.876gm quantities of the API only and working standard is consumed.
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients and includes: **Velix 10mg Tablet:** Microcrystalline cellulose PH.101, Mannitol, Hydroxypropyl Cellulose (Klucel LF), Sodium starch glycolate, Magnesium stearate and colorcoat FC4WE and iron oxide red has been used for coating. **Velix 20mg Tablet:** Microcrystalline cellulose PH.101, Mannitol, Hydroxypropyl Cellulose (Klucel LF), Sodium starch glycolate, Magnesium stearate and colorcoat FC4WE and iron oxide red has been used for coating.
12.	Do you have documents confirming the import of the used excipients?	The firm has necessary documents confirming the import of the used excipients.
13.	Do you have test reports and other records on the excipients used?	The firm has test reports and other records on the excipients used.
14.	Do you have written and authorized protocols for the development of Vortioxetine 10mg and 20mg Tablets?	The firm has written and authorized protocols for the development of Vortioxetine 10mg and 20mg Tablets.
15.	Have you performed Drug-excipient compatibility studies?	The firm has not performed Drug-excipient Compatibility studies as the composition of their tablets is similar to that of the innovator product (Brintellix Tablets 10mg and 20mg manufactured by M/s H. Lundabeck A/S).
16.	Have you performed comparative dissolution studies?	The firm has performed comparative dissolution profile of Velix 10mg and 20mg Tablet with Brintellix Tablets 10mg and 20mg manufactured by M/s H. Lundabeck A/S Denmark respectively. Similarity factor for Vortioxetine 10mg Tablet are as follows: 1. Buffer pH 1.2 (Drug releases more than 85% in 15minutes so no need to calculate F2). 2. Acetate Buffer (Drug releases more than 85% in 15minutes so no need to calculate F2). 3. Phosphate Buffer (55.258). Similarity factor for Vortioxetine 20mg Tablet are as follows: 1. Buffer pH 1.2 (Drug releases more than 85% in 15minutes so no need to calculate F2). 2. Acetate Buffer (Drug releases more than 85% in 15minutes so no need to calculate F2). 3. Phosphate Buffer (52.879).

Q. No.	Question	Observation by panel
17.	Do you have product development (R&D) section?	The firm has dedicated R&D section with reasonable facilities of equipment, 6 pharmacist and 1 chemist in R&D formulation Laboratory section and two analyst dedicated for R&D testing in QC lab.
18.	Do you have necessary equipment available in product development section for development of Vortioxetine 10mg & 20mg Tablets?	The firm has all necessary equipment related to manufacturing available in R&D section for manufacturing of Vortioxetine 10mg and 20 mg Tablets. The quality control related to development work has been done in the routine quality control laboratory; however, there are dedicated HPLCs and Human Resource for this purpose.
19.	Are the equipment in product development section qualified?	All the equipment used in product development are qualified. Equipment qualification report not available
20.	Do you have proper maintenance / Calibration / re-qualification program for the equipment used in PD section?	The firm has proper maintenance / calibration programme. Re-qualification program for the equipment used in PD section.
21.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has 05 pharmacists and 01 chemist in manufacturing section of product development section currently with suitable knowledge and training in product development. 02 QC Analysts are dedicated for new products testing.
22.	Have you manufactured three stability batches for the stability studies of Vortioxetine 10mg and 20mg Tablets as required?	The firm has manufactured three stability batches for the stability studies of: Vortioxetine 10mg Tablets with Batch Numbers: 19PD-2576-01-T, 19PD-2577-02-T 19PD-2578-03-T Vortioxetine 20mg Tablets with Batch Numbers: 19PD-2566-03-T, 19PD-2567-04-T 19PD-2568-05-T
23.	Do you have any criteria for fixing the batch size of stability batches?	The criteria for fixing batch size of stability batches is the number of tablets per testing frequencies.
24.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches of Vortioxetine 10mg and 20 mg Tablets
25.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocols for stability testing of stability batches.
26.	Do you have developed and validated the method for testing of stability batches?	The firm has developed and validated stability indicating method for testing of their finished product supported by forced degradation.

Q. No.	Question	Observation by panel
27.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies have not been done, however, validation of the method has been performed.
28.	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of Vortioxetine and the finished drug?	The firm has documents confirming the installation and operational qualification of the equipment / instruments being used in the test and analysis of Vortioxetine and the finished drug.
29.	Do your method of analysis stability indicating?	The firm's method of testing is stability indicating as supported by forced degradation.
30.	Do your HPLC software 21CFR Compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
31.	Can you show Audit trail reports on Vortioxetine testing?	Audit trail on the testing reports are available.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has remaining quantities of the stability batches kept in stability chambers.
33.	Do you have stability batches kept on stability testing?	The firm has kept all the three batches on real time and accelerated stability testing. Currently, 12 months studies have been completed with satisfactory results.
34.	Do you have valid calibration status for the Equipment used in Vortioxetine 10mg & 20mg tablets production and analysis?	The firm has valid calibration status for the equipment used in Vortioxetine tablets production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has 16 stability chambers, 02 for accelerated and 14 for real time stability testing. Adequate monitoring and control are available for stability chamber. All the chambers are provided with continuous power supply and data loggers for continuous monitoring.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The firm has manufacturing area provided with necessary qualified equipment and utilities. The manufacturing personnel are suitable in number and qualification to run the manufacturing processes as per GMP requirements. The environmental conditions and their controls are also proper. The overall GMP conditions can be rated as compliant.

Q. No.	Question	Observation by panel
37.	Any other query raised by PE&R division: To verify the polymorphic form of Vortioxetine hydrobromide.	As per data available, the firm has used β- form of Vortioxetine hydrobromide.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Velix (Vortioxetine) 10mg and 20mg Tablets is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Vortioxetine 10mg and 20mg Tablets.

Recommendations:

1. The firm may kindly be granted necessary registration of Vortioxetine 10mg and 20mg Tablets.

Decision: Registration Board decided to approve registrations of "Velix (Vortioxetine) 10mg and 20mg Tablets by M/s PharmEvo Pvt. Ltd, A-29, North West Industrial Zone, Light Industrial Zone, Port Qasim, Karachi. Manufacturer will place first three commercial batches of the products on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per Zone-IVA conditions.

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks
277.	M/s PharmEvo (Pvt) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.	TREOW 50mg Tablet Each Film coated tablet contains : Trelagliptin as succinate……..50mg Anti-Diabetic Manufacturer's specs	Form-5D Duplicate 50,000/- dated 28-03-2016 As per PRC	Zafatek by Takeda (PMDA approved) GMP inspection dated 23-02-2018 showed that the firm was considered to be operating at an acceptable level of compliance with GMP standards.

STABILITY STUDY DATA	
Drug	TREOW 50mg Tablet
Name of Manufacturer	M/s PharmEvo (Pvt) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.
Manufacturer of API	M/s Ruyuan HEC Co. Ltd., China.
API Lot No.	TGLT-201803101
Description of Pack (Container closure system)	Alu Alu Foil printed in unit Carton
Stability Storage Condition	Real time : 30°C ± 2°C / 65% ± 5% RH Accelerated: 40°C ± 2°C/ 75% ± 5% RH
Time Period	Real time: 6 months Accelerated: 6 months
Frequency	Accelerated : 0, 3,6 (months) Real Time: 0,3,6 (Months)

Batch No.	18PD-2413-02-T	18PD-2414-03-T	18PD-2415-04-T
Batch Size	2500 Tablets	2500 Tablets	2500 Tablets
Manufacturing Date	09-2018	09-2018	09-2018
Date of Initiation	12-10-2018	12-10-2018	12-10-2018
No. of Batches	03		
Date of Submission	8768 (18/06/2019)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr. No.	Documents To Be Provided	Status
1.	COA of API	Copy of COA of Trelagliptin succinate (Batch # TGLT-201803101) from M/s Ruyuan HEC Pharm Co., Ltd China is submitted.
2. 0	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	The firm has submitted copy of GMP certificate of M/s Ruyuan HEC Pharm Co., Ltd China issued by Shaouguan Food and Drug Administration. The certificate is valid for 04-12-2021.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted commercial invoice for the purchase of Trelagliptin succinate (0.9 Kg) attested by ADC DRAP, Karachi dated 09-05-2018.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR [XIV]

The firm has submitted 6 months accelerated and 6 months real time stability data of three batches.

Observations	Response of the applicant
Reference product is film coated tablet while label claim on Form-5D is uncoated tablet. Revision of formulation as per reference product is required.	Submitted.
Clarification is required regarding rationale behind selection of dissolution parameters such as dissolution medium (i.e., 0.01 N HCL) since the solubility of trelagliptin is 1mg/ml in PBS pH 7.2.	The firm has referred to a patent of trelagliptin for selection of dissolution medium which is as below: Dissolution media: 0.01 N HCl in 900ml.
Justify the dissolution limit NLT 75% without mentioning time since FDA defines value of Q from 75% to 80%.	The firm has submitted we have have set the dissolution specifications NLT 75% (Q) as per USFDA and USP general chapter (1092), and for dissolution medium and release time specifications we have followed the patent of Trelagliptin. Previously submitted specifications data show dissolution specifications NLT 75% without

	mentioning Q.
Valid GMP certificate from relevant authority is required since it is expired on 31-05-2019.	Submitted.
Decision:	

2. Report on Investigation of Authenticity / Genuineness of data submitted for registration of Treow (Trelagliptin) 50mg Tablets by M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim , Karachi.

Reference No: F.13-11/2017-PEC (Pt) dated 26th December, 2019.
Investigation Date and Time: 04 June, 2020
Investigation Site: Factory premises of M/s PharmEvo (Pvt.) Limited, A-29, North Western Industrial Zone, Port Qasim, Karachi.

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Meritorious Professor & Dean Faculty of Pharmacy, Ziauddin University, Karachi. (Member Registration Board)
2. Ms. Sanam Kausar, Assistant Director, CDL, DRAP, Karachi.
3. Mr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.

Details of Investigation:
Treow (Trelagliptin) Tablets 50mg

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the import of Trelagliptin API including approval from DRAP?	The firm has imported Trelagliptin 0.9Kg vide Invoice No. WIS180045 dated 13/04/2018 from M/s WIS Pharmtech Co. Ltd. manufactured by M/s Ruyuan HEC Pharm Co. Ltd. for the manufacturing of lab scale batches of Trelagliptin 50mg Tablets. The firm has proper approval for the import of the API from DRAP, Karachi.
2.	What was the rationale behind selecting the particular manufacturer of API?	The rationale behind selecting the particular source of API is the laid down criteria of the firm in their Vendor Evaluation procedure which include the GMP status of the firm, DMF source and capability to provide API reference standard and impurity standard.
3.	Do you have documents confirming the import of Trelagliptin, reference standard and impurity standards?	Firm has documents confirming the import of Trelagliptin, The APIs working standard was imported at the time of import of the APIs whereas the manufacturer has provided the both impurity standards later free of cost.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis for API, Working standards of the API and impurities standards.
5.	Do you have GMP certificate of API Manufacturer issued by regulatory Authority of country of origin?	Firm has GMP certificate issued by the Shaoguan Food and Drug Administration, China
6.	Do you use API manufacturer method of testing for testing API?	The firm has used API manufacturer method for testing the API.

Q. No.	Question	Observation by panel
7.	Do you have stability studies reports on API?	The firm has stability studies reports on API.
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The stability testing has been performed as per SIM method and however no degradation products are reported by the manufacturer. However process related impurities have been quantified during stability studies.
9.	Do you have method for quantifying the impurities in the API?	The firm has API manufacturer method for quantifying the impurities in the API.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	Firm has 381.25g of API and some quantity of working standard, however they have consumed all the impurity standards.
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients and include microcrystalline cellulose PH.101, Mannitol, Hydroxypropyl Cellulose (Klucel LF), Cross Carmellose Sodium, Sodium Stearyl Fumarate and Opadry white II 85G68918, iron oxide yellow and iron oxide red has been used for coating.
12.	Do you have documents confirming the import of the used excipients?	The firm has necessary documents confirming the import of the used excipients.
13.	Do you have test reports and other records on the excipients used?	The firm has test reports and other records on the excipients used.
14.	Do you have written and authorized protocols for the development of Trelagliptin 50mg Tablets?	The firm has written and authorized protocols for the development of Trelagliptin 50mg Tablets.
15.	Have you performed Drug-excipient compatibility studies?	The firm has not performed Drug-excipient compatibility studies as the composition of their tablets is similar to that of the innovator product (Zafatek Tablets).
16.	Have you performed comparative dissolution studies?	The firm has not performed comparative dissolution profile because they are unable to get pack from Japan without Japanese prescription which is only available in Japan, however the data available with the firm shows that the product is highly soluble and dissolves more than 85% within 15minutes in all three media. Therefore, f2 calculation are not required.
17.	Do you have product development (R&D) section?	The firm has dedicated R&D section with reasonable facilities of equipment, human resource and utilities.

Q. No.	Question	Observation by panel
18.	Do you have necessary equipment available in product development section for development of Trelagliptin 50mg Tablets?	The firm has all necessary equipment related to manufacturing available in R&D section for manufacturing of Trelagliptin 50mg Tablets. The quality control related to development work has been done in the routine quality control laboratory; however, there are dedicated HPLCs and Human Resource for this purpose.
19.	Are the equipment in product development section qualified?	All the equipment used in product development are qualified.
20.	Do you have proper maintenance / Calibration / re-qualification program for the equipment used in PD section?	The firm has proper maintenance / calibration programme. Re-qualification program for the equipment used in PD section.
21.	Do you have qualified staff in product development section with proper knowledge and training in product development?	The firm has 05 pharmacists and 01 chemist in manufacturing section of product development section currently with suitable knowledge and training in product development. 03 QC Analysts are dedicated for new products testing.
22.	Have you manufactured three stability batches for the stability studies of Trelagliptin 50 mg Tablets as required?	The firm has manufactured three stability batches for the stability studies of: Trelagliptin 50mg Tablets with Batch Numbers: 18PD-2413-02-T, 18PD-2414-03-T & 18PD-2415-04-T
23.	Do you have any criteria for fixing the batch size of stability batches?	The criteria for fixing batch size is according to DRAP guidelines
24.	Do you have complete record of production of stability batches?	The firm has complete record of production of stability batches.
25.	Do you have protocols for stability testing of stability batches?	The firm has detailed protocols for stability testing of stability batches.
26.	Do you have developed and validated the method for testing of stability batches?	The firm has developed and validated stability indicating method for testing of their finished product supported by forced degradation.
27.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	Method transfer studies have not been done, however, validation of the method has been performed.
28.	Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of Trelagliptin and the finished drug?	The firm has documents confirming the installation and operational qualification of the equipment / instruments being used in the test and analysis of Trelagliptin and the finished drug.
29.	Do your method of analysis stability indicating?	The firm's method of testing is stability indicating as supported by forced degradation.
30.	Do your HPLC software 21CFR Compliant?	The HPLC software is 21CFR Compliant as per record available with the firm.
31.	Can you show Audit trail reports on Trelagliptin testing?	Audit trail on the testing reports are available.
32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has remaining quantities of the stability batches kept in stability chambers.

Q. No.	Question	Observation by panel
33.	Do you have stability batches kept on stability testing?	The firm has kept all the three batches on real time and accelerated stability testing. Currently, 12 months studies have been completed with satisfactory results.
34.	Do you have valid calibration status for the Equipment used in Trelagliptin 50mg Tablets production and analysis?	The firm has valid calibration status for the equipment used in Trelagliptin tablets production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has 16 stability chambers, 02 for accelerated and 14 for real time stability testing. All the chambers are properly qualified. All the chambers are provided with continuous power supply and data loggers for continuous monitoring.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	The firm has manufacturing area provided with necessary qualified equipment and utilities. The manufacturing personnel are suitable in number and qualification to run the manufacturing processes as per GMP requirements. The environmental conditions and their controls are also proper. The overall GMP conditions can be rated as compliant.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Treow (Trelagliptin) 50mg Tablets is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and well suited for the manufacturing of Trelagliptin 50mg Tablets.

Recommendations:

1. The firm may kindly be granted necessary registration of Trelagliptin 50mg Tablets.

Decision: Registration Board decided to approve registrations of "Treow (Trelagliptin) 50mg Tablets by M/s PharmEvo Pvt. Ltd, A-29, North West Industrial Zone, Light Industrial Zone, Port Qasim, Karachi. Manufacturer will place first three commercial batches of the products on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per Zone-IVA conditions.

Case taken from 283rd RB meeting

Human Right Case No. 32007-P of 2018 (Application by Dr. Salman Kazmi)

An application was presented before the Hon'ble Chief Justice of Pakistan in Court at Lahore on 18.6.2018. The court has passed following orders:

"Comments/Report be called from Drug Regulatory Authority."

The Court Associate has directed DRAP vide letter dated 19.06.2018 to comply with the above direction and submit comments/Reports within 15 days.

The application submitted by Dr. Salman Kazmi, General Secretary, YDA Pakistan in the Hon'ble Supreme Court of Pakistan requesting to direct DRAP to register following list of Drugs which are not easily available in Pakistan because of being unregistered in Pakistan and are being sold in black. The list contains **41 drugs** (molecules/brands). Out of these, **25 drugs** (formulations/ alternate brands) are registered with DRAP (including 2 repeated drugs i.e. Penicillamine and phenobarbitone). While, **16 drugs** (formulations)

are not registered in Pakistan (midodrine repeated twice). The status of registered drugs is given in the 1st table while current status of pending / under process applications as per available record is presented in 2nd table presented in 283rd registration board meeting.

The below mentioned molecule is also present in the 16 drugs (formulation): Accordingly as per the direction of Registration Board in 283rd meeting, following pending application alongwith stability data was evaluated and presented before the Board.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT			

Sr. No.	Documents To Be Provided	Status

1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Yes
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Yes
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

DATA FOR EXEMPTION FROM ON-SITE INVESTIGATION OF SUBMITTED STABILITY DATA
PIRFENOX (PIRFENIDONE) 200 MG TABLET
AS PER 293RD DRB CHECKLIST

01	Reference of previous approval of applications with stability study of the firm	Onsite inspection conducted on 1st january, 2019 for following products • Daplozmet 5/850mg, 5/1000mg which was presented in 288th meeting of Registration board. According to the report following important points were confirmed 1. HPLC is 21 CFR compliant 2. Audit trails of the test reports were available. 3. Related manufacturing area equipment's personals and utilities were found GMP compliant.
02	Certificate of analysis of API from both API manufacturer and finished product manufacturer	• **API manufacturer:** Photocopy of COA of Batch No. FEN 3300118 issued by M/s ZCL chemical limited, Ankleshwar, Gujarat, India is submitted. • **Finished product manufacturer:** Photocopy of COA of Batch No. 19RM0342 issued by M/s Highnoon Laboratories ltd, Pakistan is submitted.
03	Method used for analysis of API from both API manufacturer and finished product manufacturer	Firm has provided the method used for analysis of API from both API manufacturer and Finished product manufacturer.
04	Stability study data of API manufacturer	**Pirfenidone:** The firm has submitted copy of **Accelerated 06 Months** (40°C ± 2°C & 75±5%RH) and **Long Term 24 Months** (30°C ± 2°C & 75±5%RH) stability study reports of 03 batches of Pirfenidone from ZCL chemicals limited.
05	Approval of API/DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	**Pirfenidone:** copy of GMP Certificate issued on 13 August, 2018 by Food & Drug Control Administration, Government of Gujrat, India. **Valid up to: 12th August, 2021.**
06	Documents for the procurement of API with approval from DRAP (in case of import)	**Pirfenidone:** The firm has submitted photocopies of ADC (Lahore) attested, dated 03-05-2019, Commercial Invoice for 5Kg via Invoice # 2219007

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Daplazole 30mg and 60mg (Dexlansoprazole) Capsules by M/s. AGP Limited, B-23-C, S.I.T.E, Karachi.

Reference No: F.1-2/2020-PEC dated 18th February, 2020.
Investigation Date and Time: 19-03-2020 (Morning).
Investigation Site: Factory premises of M/S. AGP Limited, B-23-C, S.I.T.E, Karachi.
Composition of Panel:

1. Mr. Syed Adnan Rizvi, Director, Drug Testing Laboratory, Government of Sindh, Karachi.
2. Dr. Saif-ur-Rehman Khattak, Director / FGA, CDL, DRAP, Karachi.
3. Dr. Mahrukh Mughal, Assistant Director, DRAP, Karachi

Details of Investigation:

Q. NO.	QUESTION	OBSERVATION BY PANEL
1.	Do you have documents confirming the import of API including approval from DRAP?	The firm has locally procured 2.0 Kg Dexlansoprazole (17% pellets) & 3.0 Kg(22.5% pellets) from M/s Vision Pharmaceuticals Pvt Limited Plot No. 22-23 Industrial Triangle Kahuta Road Islamabad for the manufacturing of stability batches of Daplazole 30mg & 60mg Capsules.
2.	What was the rationale behind selecting the particular manufacturer of API?	The firm has selected the vendor on the basis of authorization for manufacturing of Dexlansoprazole pellets and GMP certificate issued by DRAP

<table>
<tr><td>3.</td><td>Do you have documents confirming the import of reference standard and impurity standards?</td><td>Working Standard & Impurity Standard was provided by M/s Vision Pharmaceuticals Pvt Limited Islamabad.
Details of API working standards:<table><tr><th>Batch No:</th><th>Quantity</th></tr><tr><td>DLP/1706013</td><td>5gm</td></tr><tr><td>RLP0330718</td><td>1gm</td></tr></table>Details of impurity standards:<table><tr><th>Batch No:</th><th>Quantity</th></tr><tr><td>LCZ-1/0090518</td><td>10mg</td></tr><tr><td>LPS/0010419</td><td>10mg</td></tr></table></td></tr>
<tr><td>4.</td><td>Do you have certificate of analysis of API, reference standards and impurity standards?</td><td>The firm has certificate of analysis for Dexlansoprazole Pellets, Dexlansoprazole working standard and impurity standards.</td></tr>
<tr><td>5.</td><td>Do you have GMP certificate of API manufacturer issued by regulatory authority of country of origin?</td><td>The firm has provided the copy of GMP certificate issued by DRAP vide letter No. F.3-26/2019-Addl.Dir(QA & LT-I)dated July-2019</td></tr>
<tr><td>6.</td><td>Do you use APIs manufacturer method of the testing?</td><td>The firm has used API Manufacturer’s method of testing but initially FDA dissolution method applied only for 17% pellets.</td></tr>
<tr><td>7.</td><td>Do you have stability studies report on APIs?</td><td>The firm has stability studies report of API (Both Strengths) Dexlansoprazole conducted by API manufacturer.</td></tr>
<tr><td>8.</td><td>If yes, whether the stability testing has been performed as per SIM and degradation products have been quantified?</td><td>The manufacturer of API has performed the stability studies of API as per SIM Method and the Related Substance/ impurities have been quantified.</td></tr>
<tr><td>9.</td><td>Do you have methods for quantifying the impurities in API?</td><td>The API manufacturer has developed methods for quantifying the impurities in API. The method is available with AGP also.</td></tr>
<tr><td>10.</td><td>Do you have some remaining quantities of API, the reference standards and impurities?</td><td>The firm has remaining quantity of API i.e 674.55g of 17% Dexlansoprazole pellets, 990.05gm of 22.5% Dexlansoprazole pellets, Some quantity of Dexlansoprazole working standard whereas impurity standard has been consumed.</td></tr>
<tr><td>11.</td><td>Have you used pharmaceutical grade excipients?</td><td>Firm has used empty HGC Shell size no 3 for 30mg and empty HGC Shell size no 2 for 60mg Capsules.</td></tr>
<tr><td>12.</td><td>Do you have documents confirming the import of used excipients?</td><td>Empty HGC Shell were locally procured from M/s Gelcaps Pakistan Limited</td></tr>
<tr><td>13.</td><td>Do you have test reports and other records on the excipients used?</td><td>The firm has test reports on empty HGC shell sizes no. 3 and 2.</td></tr>
<tr><td>14.</td><td>Do you have written and authorized protocols for the development of products?</td><td>The firm has protocol for the development of Daplazole Capsules 30mg/60mg.</td></tr>
<tr><td>15.</td><td>Have you performed drug-excipient compatibility studies?</td><td>The API manufacturer has performed specificity by placebo method in AMV.</td></tr>
<tr><td>16.</td><td>Have you performed comparative dissolution studies?</td><td>Firm has performed comparative dissolution studies against dexilant 30mg and 60mg capsules with comparable results.</td></tr>
<tr><td>17.</td><td>Do you have product development (R&D) section?</td><td>The firm has dedicated product development (R& D) section for manufacturing and analysis of the product.</td></tr>
<tr><td>18.</td><td>Do you have necessary equipment available in product development section for development of product?</td><td>The firm has necessary equipment available for development of Daplazole Capsules 30mg/60mg</td></tr>
</table>

<table>
<tr><td>19.</td><td>Are the equipment in product development section qualified?</td><td>The available equipment used in product development and analysis of trial batches are qualified.</td></tr>
<tr><td>20.</td><td>Do you have proper maintenance/ calibration/ requalification program for the equipment used in P&D section?</td><td>There is proper maintenance / calibration program for the equipment used in product development Department.</td></tr>
<tr><td>21.</td><td>Do you have qualified staff in product development section with proper knowledge and training in product development?</td><td>The firm has proper qualified staff for Product Development including 03 Pharmacists and 02 Chemists with 02 operators.</td></tr>
<tr><td>22.</td><td>Have you manufactured stability batches for the stability studies of the product as required?</td><td>The firm has manufactured three stability batches each of 2500 Capsules of Daplazole 30mg and 60mg.

The capsules are packed Alu-Alu packs of 3 x 10s.</td></tr>
<tr><td>23.</td><td>Do you have criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing the batch size of stability batches as per DRAP guidelines.</td></tr>
<tr><td>24.</td><td>Do you have complete record of production of stability batches?</td><td>The firm has detailed record of the stability batches of Daplazole Capsules 30mg & 60mg.</td></tr>
<tr><td>25.</td><td>Do you have protocols for stability testing of stability products?</td><td>The firm has protocols for testing of stability batches</td></tr>
<tr><td>26.</td><td>Do you have developed and validated the method for testing of stability batches?</td><td>The firm has developed and validated method of testing of finished product Daplazole Capsules 30mg & 60mg, based on method of testing of API.</td></tr>
<tr><td>27.</td><td>Do you have method transfer studies in case when the method of testing used by your firm is given by another firm?</td><td>Method transfer studies have been done in the form of fall validation.</td></tr>
<tr><td>28.</td><td>Do you have documents confirming the qualification of equipment/instruments being used in the test and analysis of API and the finished products?</td><td>The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of the Daplazole Capsules 30mg & 60mg.</td></tr>
<tr><td>29.</td><td>Do your method of analysis stability indicating?</td><td>The method of testing is stability indicating as evidenced & supported by forced degradation studies.</td></tr>
<tr><td>30.</td><td>Do your HPLC software 21 CFR compliant?</td><td>The firm has HPLC software which is 21CFR Compliant.</td></tr>
<tr><td>31.</td><td>Can you show audit trail reports on product testing?</td><td>The firm has audit trail Reports on their testing.</td></tr>
<tr><td>32.</td><td>Do you have some remaining quantities of degradation products and stability batches?</td><td>The firm has some remaining quantities of stability batches only.</td></tr>
</table>

33.	Do you have stability batches kept on stability testing?	The firm has three stability batches kept on stability for Real time stability testing. 24 Months Real Time and 6 months Accelerated stability studies of Daplazole 30mg Capsule & 12 Months Real Time and 6 months Accelerated stability studies of Daplazole 60mg Capsule have been conducted & the results are satisfactory.
34.	Do you have valid calibration status for the equipment used in production and analysis?	The firm has valid calibration status for the equipment used in Daplazole Capsules 30mg & 60mg production and analysis
35.	Do proper and continuous monitoring and control are available for stability chamber?	The firm has online monitoring software available for stability chambers.
36.	Do related manufacturing area, equipment, personnel, and utilities be rated as GMP compliant?	Related manufacturing area, equipment, personnel and utilities can be rated as GMP compliant
37.	<u>Any observation/Quires of PEC.</u> i) Dissolution testing of pellets at pH 5.5 and pH 6.75/7 for confirmation of dual delayed ii) Physical appearance of the pellets for both strengths i.e., 30mg & 60mg.	**Daplazole 60mg Capsule:** The firm has performed dissolution of Daplazole 60mg Capsule at pH 5.5 and pH 7. **Daplazole 30mg Capsule:** Initially, the firm has performed dissolution of Daplazole 30mg Capsule at pH 7 (As per FDA). After DRAP recommendation, the firm has performed dissolution at both pH 5.5 and pH 7 from 9th month stability studies. The 24 months stability studies of Daplazole 30mg Capsule have been successfully completed in Dec-2019. **Daplazole 60mg Capsule:** Bicolored i.e. green and white to off-white pellets **Daplazole 30mg Capsule:** White to off-white pellets.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Daplazole 30mg and 60mg (Dexlansoprazole) Capsules is verifiable to satisfactory level.
2. The related manufacturing area, equipment, personnel and utilities are GMP compliant and suited for the manufacturing of Daplazole 30mg and 60mg (Dexlansoprazole) Capsules.

Recommendations:

1. The firm may kindly be granted necessary registration of Daplazole 30mg and 60mg (Dexlansoprazole) Capsules.

2. Since the product is dual release therefore post registration bio-equivalance studies are also recommended.

Note:- Copy of written commitment by the firm is attached herewith

Decision: Registration Board decided to approve registration of "Daplazole 30mg and 60mg (Dexlansoprazole) Capsules by M/s AGP Ltd. Karachi. Manufacturer will place first three commercial batches of both products on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per Zone-IVA conditions.

14. Miscellaneous cases:

Case No. 01 Registration applications of remaining products of newly granted section (Human)

M/s Liven Pharmaceuticals, Lahore.

CLB in its 259th meeting held on 29th and 30th March 2018 has considered and approved the grant of DML by way of Formulation. 9 molecules / 17 products of the firm were considered by Registration Board in its 282nd meeting. Now the firm has applied for 1 molecule / 1 product

S No.	Section	No. of molecules Considered in 282nd Meeting of RB	Balance molecules	Freshly applied molecule
2.	Tablet (General) Section	09	01	01

Now the firm has requested for consideration of following applications on priority for registration. This application was submitted in DRAP on 07-03-2019.

Tablet (General) Section
1 Products / 1 Molecules

280.	Name and address of manufacture / Applicant	M/s Liven Pharmaceuticals (Pvt) Ltd. 49 KM, Multan Road Lahore.
	Brand Name + Dosage Form and Strength	CARDOVAS 500mg Tablet
	Composition	Each Tablet Contains: Citicoline (as sodium)…….500mg
	Dairy No. date of R &I fee	Dy. No. 16276: 07-03-2019, PKR 20,000/- : 05-03-2019
	Pharmacological Group	Other psychostimulants and nootropics
	Type of form	Form-5
	Finished product specifications	Manufacturer specification
	Pack size and Demand Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	Could not be confirmed
	Me-too-status	Citolin 500mg tablet of M/s Global Pharma
	GMP Status	New License (issuance Date: 11th April,2018)
	Remark of the Evaluator III	• Evidence of approval of applied formulation in reference regulatory authorities could not be confirmed.
	Decision: Deferred for Evidence of approval of applied formulation in reference regulatory authorities adopted by Registration Board in 275th meeting.

A: Locally Manufactured Human Biologicals.

1. Tocilizumab Injection applied by M/s Sami Pharmaceuticals (Pvt) Limited, Karachi:

Registration Board was informed by DBER that they have informed by the firm that they have submitted an applications for local manufacturing of Tocilizumab in R&I section of DRAP. The Board advised DBER to bring up the applications in this meeting. Accordingly, following is the detail of the applications submitted by M/s Sami Pharmaceuticals (Pvt) Limited, Karachi:

1.	**Name & Address of Manufacturer**	**<u>Bulk Manufacturer:</u>** **No source and description of drug substance was provided by the applicant. (Explanation in Remarks of evaluator)** **<u>Local Manufacturer</u>** M/s Sami Pharmaceuticals (Pvt) Limited, F-95, Off Hub River Road, S.I.T.E, Karachi.
	Brand Name +Dosage Form + Strength	Tocab 80mg/4ml Injection
	Composition	Each 4ml vial contains: Tocilizumab…….80mg
	Finished product specifications	Innovator Specifications
	Pharmacological Group	Monoclonal Antibody
	Shelf life	2years (15^0C-20^0C)
	International availability	Actemra of M/s Roche.
	Alternate Products already registered in Pakistan	Actemra of M/s Roche Pakistan Limited, Karachi.
	Type of Form Dy. No. Date of Application, Fee submitted	Form-5 Dy. No. 12904 Dated: 08-06-2020 Rs. 20000/- Dated 05-06-2020
	Demanded Price/Pack size	1's Vial (4ml)/ Not Provided.
	General documentation	Copy of DML by way of formulation No. 000072.
	Remarks of Evaluator (M. Zubair Masood)	The firm submitted the application on Form-5 instead of CTD format Form 5F. The enclosure of the application indicates the application for export registration of drug. The firm has not clarified the process of manufacturing in its application. Moreover, the firm has not provided any technical documents and only submitted different commitments such as i. they will follow Innovator brand ii. they will conduct Pharmaceutical product development iii. they will comply Drug Specification Rules, 1978. iv. they will use container/ packaging material as per Innovator Brand. v. they will conduct accelerated stability studies till completion. vi. they will conduct real time stability studies till assigned shelf life. The firm was telephonically asked about the status of bulk, its source and their indication of export registration. In response, the firm replied that they are in negotiations with different sources and yet not finalized any one. Moreover, they will import bulk drug substance and repack it locally. Furthermore, the registration for export was inadvertently mentioned and the said application is for local sale.
Discussion: Tocilizumab is a monoclonal antibody for which so far there is no known Biosimilar manufacturer in the world, the firm has not submitted any specifications and source of drug substance and has admitted that they are still looking for a supplier. So the application could not be evaluated under section 7 of the Drug Act 1976 and rules		

28, 29 and 30 of the Drugs (Licensing. Registering and Advertising) Rules, 1976, and guidelines approved in 278th Registration Board meeting hence the DBER and some of the members of Registration Board asked the chair that these kind of applications either for Pharma or Biological Drugs including this application should be rejected instead to defer.

Decision: Registration Board deferred the case for submission of data by the firm in light of guidelines approved in 278th meeting of Registration Board.

2.	**Name & Address of Manufacturer**	**Bulk Manufacturer:** **No source and description of drug substance is provided. (Explanation in Remarks of evaluator)** **Local Manufacturer** M/s Sami Pharmaceuticals (Pvt) Limited, F-95, Off Hub River Road, S.I.T.E, Karachi.
	Brand Name +Dosage Form + Strength	Tocab 162mg/0.9ml Injection
	Composition	Each 0.9ml PFS contains: Tocilizumab…….162mg
	Finished product specifications	Innovator Specifications
	Pharmacological Group	Monoclonal Antibody
	Shelf life	2years (15^0C-20^0C)
	International availability	Actemra of M/s Roche.
	Alternate Products already registered in Pakistan	Actemra of M/s Roche Pakistan Limited, Karachi.
	Type of Form Dy. No. Date of Application, Fee submitted	Form-5 Dy. No. 12905 Dated: 08-06-2020 Rs. 20000/- Dated 05-06-2020
	Demanded Price / Pack size	1's PFS (0.9ml)/ Not Provided.
	General documentation	Copy of DML by way of formulation No. 000072.
	Remarks of Evaluator (M. Zubair Masood)	The firm submitted the application on Form-5 instead of CTD format Form 5F. The enclosure of the application indicates the application for export registration of drug. The firm has not clarified the process of manufacturing in its application. Moreover, the firm has not provided any technical documents and only submitted different commitments such as i. they will follow Innovator brand ii. they will conduct Pharmaceutical product development iii. they will comply Drug Specification Rules, 1978. iv. they will use container/ packaging material as per Innovator Brand. v. they will conduct accelerated stability studies till completion. vi. they will conduct real time stability studies till assigned shelf life. The firm was telephonically asked about the status of bulk, its source and their indication of export registration. In response, the firm replied that they are in negotiations with different sources and yet not finalized any one. Moreover, they will import bulk drug substance and repack it locally. Furthermore, the registration for export was inadvertently mentioned and the said application is for local sale.

Discussion:
Tocilizumab is a monoclonal antibody for which so far there is no known Biosimilar manufacturer in the world, the firm has not submitted any specifications and source of drug substance and has admitted that they are still looking for a supplier. So the application could not be evaluated under section 7 of the Drug Act 1976 and rules

28, 29 and 30 of the Drugs (Licensing. The firm was telephonically asked about the status of bulk, its source and their indication of export registration. In response, the firm replied that they are in negotiations with different sources and yet not finalized any one. Moreover, they will import bulk drug substance and repack it locally. Furthermore, the registration for export was inadvertently mentioned and the said application is for local sale.

Discussion:

Tocilizumab is a monoclonal antibody for which so far there is no known Biosimilar manufacturer in the world, the firm has not submitted any specifications and source of drug substance and has admitted that they are still looking for a supplier. So the application could not be evaluated under section 7 of the Drug Act 1976 and rules 28, 29 and 30 of the Drugs (Licensing. Registering and Advertising) Rules, 1976, and guidelines approved in 278th Registration Board meeting hence the DBER and some of the members of Registration Board asked the

chair that these kind of applications either for Pharma or Biological Drugs including this application should be rejected instead to defer.		
Decision: Registration Board deferred the case for submission of data by the firm in light of guidelines approved in 278th meeting of Registration Board.		
4.	**Name & Address of Manufacturer**	**Bulk Manufacturer:** No source and description of drug substance is provided. (Explanation in Remarks of evaluator) **Local Manufacturer** M/s Sami Pharmaceuticals (Pvt) Limited, F-95, Off Hub River Road, S.I.T.E, Karachi.
	Brand Name +Dosage Form + Strength	Tocab 400mg/20ml Injection
	Composition	Each 20ml vial contains: Tocilizumab…….400mg
	Finished product specifications	Innovator Specifications
	Pharmacological Group	Monoclonal Antibody
	Shelf life	2years (15^0C-20^0C)
	International availability	Actemra of M/s Roche.
	Alternate Products already registered in Pakistan	Actemra of M/s Roche Pakistan Limited, Karachi.
	Type of Form Dy. No. Date of Application, Fee submitted	Form-5 Dy. No. 12907 Dated: 08-06-2020 Rs. 20000/- Dated 05-06-2020
	Demanded Price / Pack size	1's Vial (20ml)/ Not Provided.
	General documentation	Copy of DML by way of formulation No. 000072.
	Remarks of Evaluator (M. Zubair Masood)	The firm submitted the application on Form-5 instead of CTD format Form 5F. The enclosure of the application indicates the application for export registration of drug. The firm has not clarified the process of manufacturing in its application. Moreover, the firm has not provided any technical documents and only submitted different commitments such as i. they will follow Innovator brand ii. they will conduct Pharmaceutical product development iii. they will comply Drug Specification Rules, 1978. iv. they will use container/ packaging material as per Innovator Brand. v. they will conduct accelerated stability studies till completion. vi. they will conduct real time stability studies till assigned shelf life. The firm was telephonically asked about the status of bulk, its source and their indication of export registration. In response, the firm replied that they are in negotiations with different sources and yet not finalized any one. Moreover, they will import bulk drug substance and repack it locally. Furthermore, the registration for export was inadvertently mentioned and the said application is for local sale.
Discussion: Tocilizumab is a monoclonal antibody for which so far there is no known Biosimilar manufacturer in the world, the firm has not submitted any specifications and source of drug substance and has admitted that they are still looking for a supplier. So the application could not be evaluated under section 7 of the Drug Act 1976 and rules 28, 29 and 30 of the Drugs (Licensing. Registering and Advertising) Rules, 1976, and guidelines approved in 278th Registration Board meeting hence the DBER and some of the members of Registration Board asked the chair that these kind of applications either for Pharma or Biological Drugs including this application should be rejected instead to defer.		

Decision: Registration Board deferred the case for submission of data by the firm in light of guidelines approved in 278th meeting of Registration Board.

2. Etanercept applied by M/s BF Biosciences, Lahore:

5.	**Name of Manufacturer/ Applicant**	M/s BF Biosciences Ltd., 5km- Sunder Raiwind Road, Raiwind, Lahore Bulk Manufacturer (Product License Holder in CoPP): M/s GEMABIOTECH S.A.U Fray Justo Sarmiento 2350 – 5°PisoEdificio E2, Olivos, Partido de Vicente Lopez, Provincia de Buenos Aires, Argentina.
	Brand Name +Dosage Form + Strength	Eterna 25mg Injection
	Composition	Each ml contains: Each PFS contains Etanercept…. 25mg/0.5mL
	Finished product specifications	As per innovator
	Approval status in Reference countries	Enbrel
	Products already registered in Pakistan	Enbrel (M/s Pfizer)
	Shelf life	24 months
	Type of Form Dy No & Date of application, Fee submitted	Form-5 1379(R&I) 24-11-2016 Rs. 20000/- dated 23-11-2016
	Demanded Price/ Pack size	1's PFS/ As per SRO
	General documentation	DML No. 000655 dated 30-01-2019 GMP inspection report dated 24-12-2018
6.	**Name of Manufacturer/ Applicant**	M/s BF Biosciences Ltd., 5km- Sunder Raiwind Road, Raiwind, Lahore Bulk Manufacturer (Product License Holder in CoPP): M/s GEMABIOTECH S.A.U Fray Justo Sarmiento 2350 – 5°PisoEdificio E2, Olivos, Partido de Vicente Lopez, Provincia de Buenos Aires, Argentina.
	Brand Name +Dosage Form + Strength	Eterna 50mg Injection
	Composition	Each ml contains: Each PFS contains Etanercept…. 50mg/0.5mL
	Finished product specifications	As per innovator
	Approval status in Reference countries	Approved
	Products already registered in Pakistan	Enbrel (M/s Pfizer)
	Shelf life	24 months
	Type of Form Dy No & Date of application, Fee submitted	Form-5 1379(R&I) 24-11-2016 Rs. 20000/- dated 23-11-2016
	Demanded Price/ Pack size	1's PFS/ As per SRO
	General documentation	DML No. 000655 dated 30-01-2014

		GMP inspection report dated 22-02-2016
The firm has submitted the documents/data in the light of regulatory guideline for biological products approved in 278th meeting of Registration Board as per following details:		
Sr. No.	**Documents required as per 278th RB decision for Biological Drugs (Concentrated Form/Ready to fill Form)**	**Documents submitted by firm**
1.	The firms shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	GMP certificate No. 20132021-000 013-18 dated 19-04-2018 of M/s ZELLTEK S.A, Ruta Nacional No 168 S/N, Pasaje "EI Pozo', Parque TecologicoLitoral , of the Province of Santa Fe, of the Argentine.
2.	The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	The firm has provided legalized copy of CoPP from ANMAT (National Administration of Drugs, Foods and Medical Devices) which is signed electronically.
3.	The firm shall provide the complete Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured either from country of origin or by any reference regulatory authority as adopted by Registration Board to demonstrate the bio-similarity.	Details are included below.
4.	The firm shall provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	Lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (Not applicable).
5.	The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	Provided
6.	The local manufacturer shall manufacture three trial batches of the finished biological product to finalize the formulation and then perform analytical studies(Physicochemical and biological) including protein content, appearance, pH, Osmolarity, composition of key excipients including stabilizers (if formulation is same), visible/subvisible particles, identity testing to parent molecule, purity testing, in vitro biological activity, sterility, Pyrogen content, safety, potency and toxicity with support of iso-electro focusing data, gel electrophoresis, Western-Blot and other analytical techniques). The firm shall submit the results for processing of registration application.	The firm has submitted stability study data and CoA wherein the tests conducted are as under; i. Appearance ii. Leak test iii. pH iv. Extractable volume v. Immuno characterization vi. Potency vii. Sterility viii. Bacterial endotoxins ix. Particulate matter. x. Sialic acid content xi. Protein concentration xii. Peptide mapping xiii. Identification (by SDS page) xiv. Isoforms content xv. Dimers and related proteins of higher molecular mass
7.	Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will be forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event,	Provided

	immediate mandatory reporting procedure shall be followed.	
8.	The manufacturer shall perform all tests locally as detailed on Certificate of analysis.	Provided.
9.	The firm shall also provide the list of finished products being manufactured from same bulk concentrate or ready to fill form in any country of the world (if available).	Not Provided.
10.	The firm shall provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Provided.
11.	The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk and finished product as required vide Rules 30 of Drug (LR&A) Rule.	Provided.

Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured from country of origin.

WHO Bio-similarity guidelines	**Data submitted by the firm**
Quality Comparison Physicochemical characterization	**Physicochemical Characterization** i. Appearance and pH determination by visual method and potentiometric method. ii. Protein content by Spectroscopy. iii. Osmolarity by Osmometric vapor pressure. iv. Amino acid sequence by UPLC-ESI-MS/MS. v. Molecular Mass determination by MALDI-TOF MS. vi. Peptide mapping by RP-HPLC. vii. Analysis of Secondary & Tertiary structure by circular Dichroism (CD) and Intrinsic Fluorescence. viii. Structure Analysis by NMR. ix. Analysis of free monossacharides, Reversed Phase HPLC. x. Determination of High molecular weight and impurities by SEC-HPLC.
Biological Activity	Determination of Biological Activity by Quantification of the protection activity by inhibition of the cytotoxic effect of TNF-alfa.
Immunochemical properties	Immuno Identification by western blot.
Impurities	Impurities by SEC-HPLC.
Stability Studies	Long term stability data is provided while accelerated stability data is not provided.
Non-clinical Studies i. In-vitro Studies ii. In-vivo Studies	1. In vitro studies include determination of TNF-α binding through the quantification of the protection activity by inhibition of the cytotoxic effect of TNF-α. In addition, TNF-αbinding analysed by ELISA and Surface Plasmon Resonance (SPR). 2. In vitro secondary pharacodynamic comparability assays (ADCC, CDC, TNF-β binding and Fcγ receptors binding) performed and detailed in this module. Studies are performed in *Cebusapella* monkeys and Wistar rats (WKAH/Hok/LAE).
Clinical Studies	**Safety** Open randomized balanced Phase 1, actively – controlled, single dose, crossover study with two treatment periods. Thirty subjects treated with two products i.e. Enerceptan® Gemabiotech S.A. laboratory against Pfizer reference Enbrel® (15 each)

	Efficacy A phase III randomized evaluator blinded, Multicenter, Non-inferiority study to evaluate the comparative Efficacy, Safety and Immunogenicity of Enerceptan® (Gemabiotech) with Enbrel® (Pfizer) in combination with methothotrexate in the treatment of patients with rheumatoid arthritis. (138 patients)

Remarks of Evaluator (Khurram Khalid):

i. The firm has provided legalized copy of CoPP from ANMAT (National Administration of Drugs, Foods and Medical Devices) which is signed electronically. However, the same certificates received earlier used to be manually signed. For this the firm has clarified that the document issuance process has been Digitalized in Argentina since January 2019. The firm also referred to online website of ANMAT which shows that *"depapelization program"* has been launched.

ii. The CoPPsubmitted by the firm reflects that**GEMABIOTECH S.A.U Fray Justo Farmiento2350 – 5º PisoEdificio E2, Olivos, Partido de Vicente Lopez, Provincia de Buenos Aires, Argentina**is Product License Holder while **MR Pharma S.A., Etados Unidos 5105, Malvinas Argentinas, Provincia de Beunos Aires, Argentina** is Manufacturer of pharmaceutical form.It is pertinent to mention that GMP certificate submitted by the firm is by the manufacturer**ZELLTEK S.A, Ruta Nacional No 168 S/N, Pasaje "EI Pozo', Parque TecologicoLitoral , of the Province of Santa Fe, of the Argentine.**
In order to establish the relationship between
    a. GEMABIOTECH S.A.U
    b. MR Pharma S.A
    c. ZELLTEK S.A

The firm has submitted following clarification letter by GEMABIOTECH S.A.U

- *Gemabiotech S.A.U. is a pharmaceutical company and the Marketing Authorization (MA) holder of certain finished dosage forms, registered and located in Argentina.*
- *Zeltek S.A. is an API manufacturing company also registered and located in Argentina that produces some of the APIs of Gemabiotech S.A.U. marketed pharmaceutical products.*
- *The manufacturing process of Gemabiotech S.A.U. finished products is outsourced to a contract manufacturing organization called MR Pharma S.A., which is a third party company registered and located in Argentina too.*
- *Gemabiotech S.A.U. performs the quality control and releases all the finished products to the market after a Quality Assurance final inspection.*
- *There exist a manufacturing contract between Gemabiotech S.A.U. and MR Pharma S.A., ruling the relationship between them and the responsibilities of each party.*
- *The three companies, Zeltek S.A., Gemabiotech S.A.U and MR Pharma S.A., are inspected and approved by A.N.M.A.T, the Argentina Drug Agency, regarding GMP normative compliance.*

Discussion: It was pointed out by the DBER that the firm representative was present in the committee that finalized the Biosimilar evaluation guidelines hence their data should be exemplary.

Decision: Registration Board deferred the case for submission of data of complete test results as mentioned above in section 6 of guidelines approved in 278th meeting of Registration Board and Board advised the DBER that the test not performed by the firm or not required should clearly be mentioned.

B: Miscellaneous/ Deferred Cases

1. Change in source of bulk of already approved human biological applied by M/s Amson Vaccines & Pharma Pvt. Ltd., Islamabad.

M/s Amson Vaccines & Pharma Pvt. Ltd Islamabad has applied for addition/change of source of already registered product as per following details;

Brand Name & Composition	Name of existing source	New applied source
Typbar Injection Each 0.5mL contains Purified Vi capsular Polysaccharides (Strains name	M/s Bharat Biotech, Hyderabad, India.	M/s CADILA HEALTHCARE LTD, PLOT SURVEY NO. 23, 25/P, 37, 40/P, 42 TO 47, SARKHEJ-BAVLA N.H.NO-8 A, OPP, RAMDEV

Salmonella Typhi Ty 2 B.P…...0.025mg		MASALA, VILLAGE CHANGODAR TAL: SANAND, DIST-AHMEDABAD-382 213

In the above context, the firm has submitted following documents;

i. Cover letter with fee of Rs. 1,00,000/-
ii. Registration letter and transfer of registration
iii. Last renewal which is within time.
iv. Complete stability study data from manufacturer
v. Certificate of analysis of manufacturer
vi. Legalized GMP and manufacturing license
vii. An Undertaking that:
   a. Shelf life of finished product would be assigned after conducting product development studies, real time and accelerated stability studies on 3 batches of commercial scale, validation of manufacturing process and method of analysis before sale of drug.
   b. In case of any quality complaint/ OOS result observed by the marketing authorization holder as a result of this change, the same shall be reported to registration board and all the stock shall be recalled from the market immediately.
   c. That the provided information is true & correct.

It is submitted that the firm was further asked to provide following documents detailed as under;

Documents Required	**Documents provided by the Firm**
Free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	The firm has submitted copy of free sale certificate. Moreover, the certificate mentions that the mentioned product is permitted to manufacture and market the product to be exported freely. Such type of similar product is available in country of origin subject to laws of land in question.
The firm shall provide clinical trial data of the product being manufactured from the same bulk.	Report of clinical trial of an open label, comparative study with Typherix in 79 individuals.
The manufacturer shall perform all tests locally as detailed on Certificate of analysis.	The firm has not provided CoA from the manufacturer and has submitted its own CoA.
Real time & Accelerated stability data of 06 months of finished product manufactured locally.	The firm has not submitted the data, instead submitted the undertaking.
The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	The firm has submitted real time & 6 month stability data of material taken from ready to fill bulk.
WHO PQ status of the finished product being manufactured from the same bulk.	The finished product from this bulk is not WHO PQ.

Decision: Registration Board deferred the case for submission of following by the firm:

a. Valid legalized Free Sale Certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk.
b. Clarification regarding submitted copy of FSC indicating that product is permitted to be exported freely instead of indicating product availability in country of origin.
c. Certificate of analysis of finished product manufactured from the same bulk by bulk manufacturer.
d. Real time & Accelerated stability data of 06 months of finished product manufactured locally.

C. Division of Quality Assurance & Laboratory Testing

CASE NO.1: REQUEST OF M/s NOVARTIS PHARMA (PAKISTAN) LTD, FOR EXEMPTION OF NDMA TESTING IN VALSARTAN CONTAINING PRODUCTS.

The firm has requested exemption for testing of carcinogenic impurities i.e. NDMA and NDEA in Valsartan containing products because API's manufacturers are testing the said impurities before release. The request of M/s. Novartis Pharma to grant exemption of testing of their imported batches which would have created issue of availability of their product in the market was taken up in 294th Registration Board meeting the proceedings and decision of which is reproduced as under;

"Proceeding of 294th Meeting:

The Board deliberated on the matter in detail. At the time when Registration Board decided to make NDMA and NDEA testing compulsory for every consignment of valsartan before utilization, there was no arrangement of worldwide testing of said impurities before in their country of origin. The Board further deliberated that as M/s Novartis Pharma Pakistan has provided CoA of API confirming testing of NDMA and NDEA and results are within acceptable limits. The Board also considered M/s Novartis statement apprehending delay of the access of medicine to the patients due to current scenario due to none or delayed local testing.

Mr.Tipu Sultan Akram Representative of PPMA also informed that after emergence of NDMA and NDEA impurities issues, now other API manufacturers have also started testing NDMA and NDEA in APIs.

Decision of 294th Meeting:

After thorough deliberations and discussion by the Board and considering documents submitted by M/s Novartis Pharma Pakistan, the Board decided as under;

i. The imported finished products of above products containing Valsartan of M/s Novartis (Pakistan) Limited shall be allowed for utilization.

ii. A comprehensive proposal will be presented in forthcoming meeting regarding future strategy for testing of NDMA and NDEA in valsartan containing products and API".

In light of decision of the Board and request of M/s. Novartis Pharma the following agenda is being placed before the Registration Board for consideration.

Background of the case:-

Valsartan is an orally active antihypertensive drug developed in the 1990s and is a selective angiotensin II receptor blocker (ARB)

It relaxes the blood vessels and thus reduces blood pressure; it is also used for treating patients with congestive heart failure and post myocardial infarction.

N-nitrosodimethylamine (NDMA) AS SAFETY ISSUE IN VALSERTAN

1. On 5 July 2018 the European Medicines Agency (EMA) reviewed medicines containing valsartan following detection of an impurity, N-nitrosodimethylamine (NDMA), **a probable human carcinogen**, in medicines from Zhejiang Huahai Pharmaceutical Co Ltd, Linhai, China. Since the batches manufactured from this valsartan-active substance have been administered to many patients, the EMA's review focused on investigating the levels of NDMA in the products and the potential impact on patients who have been taking them. The agency further issued advisory notices on their website for patients not to stop taking their medicine.

2. The US Environmental Protection Agency found an association between NDMA and liver toxicity, which could lead to liver cancer: NDMA exposure may be associated with bladder, renal, pancreatic, intestinal, colon, and stomach cancers.

3. Immediately following the EMA's review, 24 countries recalled approximately 2300 batches of valsartan products (Germany, Norway, Finland, Sweden, Hungary, The Netherlands, Austria, Ireland, Bulgaria, Italy, Spain, Portugal, Belgium, France, Poland, Croatia, Lithuania, Greece, Canada, Bosnia and Herzegovina, Bahrain, and Malta.

4. Hong Kong recalled 5 products of 2 companies and Canada recalled drug products of 5 companies.

5. **The Drug Regulatory Authority of Pakistan** on 12 July recalled valsartan-containing drugs of nine manufacturers becoming the first developing country to announce separately the recall as a precautionary measure to protect patient health.

6. The US Food and Drug Administration (FDA) on 13 July announced the voluntary recall of five valsartan-containing products.

ACTION TAKEN BY DRAP

The Drug Regulatory Authority of Pakistan on 12 July recalled valsartan-containing drugs of nine manufacturers becoming the first developing country to announce separately the recall as a precautionary measure to protect patient health. Accordingly the case was placed before 291st meeting of DRB held on 02-04 September 2019.wherein the board decided as under;

"Decision of the 291st meeting of Registration Board. Registration Board deliberated about the identification of NDMA & EDMA as impurities which are carcinogenic and limits has been prescribed by US FDA and EMA. Above the limits API as well as products poses threat to the consumers. Keeping in view risk the Board decided as under:

i. Product registration holders shall ensure that the API as well as products containing valsartan are within the prescribed limits impurities i.e. NDMA & EDMA. Every manufacturer holding registration of valsartan containing products are under obligation of law to provide testing facilities of these impurities for every consignment imported and brought into Pakistan. The consignments should be accompanied with the certificates of analysis by the API manufacturers. Meanwhile the manufacturers/importers may temporarily avail testing facilities of the any public sector institutions till the establishment of their own facility. However sampling will be done by the area AD, DRAP and meanwhile the consignment will be released with the restriction that it could only be used if it has qualified requisite tests from the public institutions/testing laboratories and the certificate has been endorsed by the DRAP.

ii. Board constituted standard panels comprising of following for destruction of seized stocks of valsartan API as well as finished products containing NDMA manufactured from the raw material of M/s Zheijhiang Huahai pharmaceuticals, China/any other manufacturer contaminated batches as the API has been withdrawn and banned internationally.

a) Area Additional Director. b)
Area Federal Inspector of Drugs. c)
Assistant Director I&E.
Any two of the above with the permission of Additional Director.

iii. The above mentioned panels will make coordination with the respective manufacturer for the destruction of stocks and will prepare destruction certificates for the consideration of the Registration Board. It shall be ensured that destruction /incineration is conducted in the presence of panels and incineration certificates from the environment protection agency is also accompanied with the panel report"

ACTION TAKEN BY EMA ON OTHER ARBs

On 31 January 2019, EMA recommended that companies making sartan blood pressure medicines (also known as angiotensin II receptor blockers) review their manufacturing processes so that they do not produce nitrosamine impurities.

Companies will have a transition period to make any necessary changes, during which strict temporary limits on levels of these impurities will apply. After this period, companies will have to demonstrate that their sartan products have no quantifiable levels of these impurities before they can be used in the EU.

These recommendations follow EMA's review of N-nitrosodimethylamine (NDMA) and N-nitrosodiethylamine (NDEA), which are classified as probable human carcinogens and have been detected in some sartan medicines. For the vast majority of sartan medicines, impurities were either not found or were present at very low levels. The review estimated the highest possible cancer risk with these impurities. It concluded that if 100,000 patients took valsartan from Zhejiang Huahai (where the highest levels of impurities were found) every day for 6 years at the highest dose, there could be 22 extra cases of cancer due to NDMA over the lifetimes of those 100,000 patients. NDEA in these medicines could lead to 8 extra cases in 100,000 patients taking the medicine at the highest dose every day for 4 years (The 6 and 4 years refer to the duration of time NDMA and NDEA are believed to have been present in valsartan from Zhejiang Huahai). The estimates have been extrapolated from animal studies and are very low compared with the lifetime risk of cancer in the EU (1 in 2).

How impurities came to be present in sartans

Before June 2018, NDMA and NDEA were not among the impurities identified in sartan medicines and were therefore not detected by routine tests. It is now known that these impurities can form during the production of sartans that contain a specific ring structure known as a **tetrazole** ring under certain conditions and when certain solvents, reagents, and other raw materials are used. In addition, it is possible that impurities were present in some sartans because manufacturers had inadvertently used contaminated equipment or reagents in the manufacturing process. Companies must now take measures to avoid the presence of these impurities and carry out rigorous testing of their products.

Testing during and after the transition period

While the goal is to have no quantifiable nitrosamine impurities in sartans, interim limits have been set for NDMA and NDEA in line with current international guidelines (International Council for Harmonisation of Technical Requirements of Pharmaceuticals for Human Use (ICH) Guidance: M7(R1)). Products containing either impurity above these limits or products containing both nitrosamines at whatever level will not be allowed in the EU. The limits are based on the maximum daily intake for each impurity derived from animal studies: 96.0 nanograms for NDMA and 26.5 nanograms for NDEA. Dividing these by the maximum daily dose for each active substance gives the limit in parts per million. **The transition period, which will last for 2 years,** will allow companies to make the necessary changes to their manufacturing processes and to put in place testing regimes able to detect the smallest amounts of these impurities. After the transition period, companies must exclude the presence of even lower levels of NDEA or NDMA in their products (< 0.03 parts per million).

More about the medicine

The review concerns candesartan, irbesartan, losartan, olmesartan and valsartan, which belong to a class of medicines called sartans (also known as angiotensin-II-receptor antagonists). These sartan medicines have a specific ring structure (tetrazole) whose synthesis could potentially lead to the formation of nitrosamine impurities. Other medicines of the class which do not have this ring, such as azilsartan, eprosartan and telmisartan, were not included in the review. These medicines are used to treat patients with hypertension (high blood pressure) and those with certain heart or kidney diseases. They work by blocking the action of angiotensin II, a hormone that constricts blood vessels and causes blood pressure to rise.

16. **What limits will apply for nitrosamines in medicinal products based on lifetime and less than lifetime use?**

Long-term limits of nitrosamines for non-sartan products are still under consideration. For any new cases of nitrosamine detection in a medicinal product, the MAH should apply, whilst

waiting for the outcome of the CHMP Art 5(3) procedure, interim limits calculated for a lifetime

treatment and based on a maximum daily dose of the medicine. These interim limits (ILs) have been defined for NDMA and NDEA impurities in the Article 31 referral assessment report. Furthermore, for NMBA, NDBA, DIPNA and EIPNA, additional interim limits calculated by the Safety Working Party (SWP) and agreed by the CHMP and CMDh are summarised in the table below and are available for reference at the following ink: https://www.ema.europa.eu/en/documents/other/temporary-interim-limits-nmba-dipna-eipnaimpurities-sartan-blood-pressure-medicines_en.pdf (calculation for NDBA not yet published).

Nitrosamine	**Interim Limit***
NDMA, NMBA	96 ng/day
NDEA, NDBA, DIPNA, EIPNA	26.5 ng/day

**These limits are not applicable for batches where more than one of the above N-nitrosamines has been identified simultaneously; such batches should be rejected* If this interim limit is not exceeded, competent authorities shall be informed on the levels of the impurities detected (see Q6). MAHs should also follow the Notice to MAHs through step 1 and step 2 as described in that notice. Where the interim limit is exceeded for medicinal products with a limited treatment period or intermittent treatment (e.g. once a week), higher daily exposures may be used as an adjusted interim limit. The approach described in the ICH M7 guideline as the Less Than Lifetime (LTL) approach can be used to calculate adjusted interim limits for impurities present in medicinal products given for LTL and these are described in the following table:
Questions and answers on "Information on nitrosamines for marketing authorization holders" EMA/667965/2019 Page 10/10

Duration	1 day - 1 month	1 month – 1 year	1 year - 10 years	10 years - lifetime
Daily intake	80 x IL	13.3 x IL	6.7 x IL	IL

The risk approach is applicable to all routes of administration and no corrections to interim limits are generally warranted unless data justify route-specific differences that should be evaluated case by case. If nitrosamine impurities are detected, levels should be reported in ng and ppm, along with the relevant calculations used to describe the potential exposure to the detected nitrosamine based on the maximum daily dosage and duration of treatment described in the SmPC. If the SmPC varies between Member States, then the calculations for each different maximum exposure should be provided. These exposures should then be compared to the interim lifetime or less than lifetime approaches set out in the table above. Sufficient detail should be provided to enable the calculations to be reviewed and verified. MAHs should in all cases also follow the Notice to MAHs through step 1 and step 2 as described in that notice. MAHs should always take precautionary measures to mitigate the risk of nitrosamine formation or presence during the manufacture of their product.

1. *DRAP in its 291st meeting of DRB held on 02-04 September 2019 made the NDMA and NDEA test compulsory for every consignment of valsartan before utilization. The request of the firm for exemption of local N-nitrosodimethylamine (NDMA) testing of valsartan is placed before the board in view of the decision taken in 291st meeting of Registration Board.*
2. *Due to the safety issues, NDMA and NDEA testing in ARBs having tetrazole ring is internationally made mandatory because their carcinogenic activity has been established. In light of EMA recommendations the case of testing of ARB's for NDMA & NDEA impurities is placed before the Registration Board.*

<u>Proceeding and Decision of 295th Meeting.</u>

The Registration Board considered the facts/available record of the case and after thorough deliberation decided as under:

i. **Finished products of valsartan imported to Pakistan from Reference Regulatory Authorities (RRAs) shall be accompanied with Certificate of Analysis (COA) of API manufacturer. If impurities i.e. NDMA & NDEA are within the prescribed**

limits of impurities as per USFDA/EMA, then local testing for determining levels of NDMA & NDEA shall be exempted.

ii. **Valsartan registration holders shall ensure that the API of valsartan imported to Pakistan are within the prescribed limits of impurities i.e. NDMA & NDEA as per USFDA/EMA and local testing for such API of Valsartan (imported to Pakistan is mandatory as already decided by Regiatration Board. The Board further advised PPMA and Pharma Bureau to submit proposal for local testing of API and to ensure presence of acceptable levels of NDMA and NDEA in APIs are used in manufacturing of finished drug products.**

iii. **As other ARBs are also under review / evaluation by RRAs for impurities, thus Registration Board advised to place such decisions immediately for its consideration.**

iv. **Any decision taken by the RRAs regarding impurities i.e. NDMA & NDEA in valsartan and other products containing products shall be placed before the Registration Board for further considerations.**

Case No.2: FDA Alerts Patients and Health Care Professionals to Nitrosamine Impurity Findings in Certain Metformin Extended-Release Products.

The U.S. Food and Drug Administration announced that agency laboratory testing revealed levels of the nitrosamine impurity N-Nitrosodimethylamine (NDMA) above the agency's acceptable intake limit in several lots of the extended-release (ER) formulation of metformin, a prescription drug used to control high blood sugar in patients with type 2 diabetes. The agency is in contact with five firms to recommend they voluntarily recall their products. Company recall notices will be posted on FDA's website. There are additional manufacturers of the metformin ER formulation that supply a significant portion of the U.S. market, and their products are not being recalled. The FDA is continuing to work closely with manufacturers to ensure appropriate testing. Assessments are underway to determine whether metformin ER recalls will result in shortages and the agency will work closely with manufacturers to prevent or reduce any impact of shortages.

"The FDA has strict standards for safety, effectiveness and quality, and the agency makes every effort based on science and data to help keep the U.S. drug supply safe. We understand that patients may have concerns about possible impurities in their medicines, and want to assure the public that we have been looking closely at this problem over many months in order to provide patients and health care professionals with clear and accurate answers," said Patrizia Cavazzoni, M.D., acting director of the FDA's Center for Drug Evaluation and Research. "Now that we have identified some metformin products that do not meet our standards, we're taking action. As we have been doing since this impurity was first identified, we will communicate as new scientific information becomes available and will take further action, if appropriate."

As per information given in FDA's press release "Patients should continue taking metformin tablets even after recalls occur, until they consult with their health care professional who can prescribe a replacement. Patients with type 2 diabetes could face dangerous health risks if they stop taking their prescribed metformin. The FDA recommends that health care professionals continue to prescribe metformin when clinically appropriate; FDA testing has not shown NDMA in immediate release (IR) metformin products (the most commonly prescribed type of metformin). The agency is working with manufacturers of the recalled tablets to identify the source of the NDMA impurity. At this time, the elevated levels of NDMA have been found in some finished-dose tablets of the ER formulation but have not been detected NDMA in samples of the metformin active pharmaceutical ingredient.

The agency is also asking all manufacturers of metformin containing ER products to evaluate the risk of excessive NDMA in their product and to test each batch before it is released into the U.S. market. If testing shows NDMA above the acceptable intake limit, the manufacturer should inform the agency and should not release the batch to the U.S. market."

In late 2019, the FDA announced it had become aware of NDMA in some metformin products in other countries. The agency immediately began testing to determine whether the metformin in the U.S. supply was at risk, as part of the ongoing investigation into nitrosamine impurities across medication types. By February 2020, the agency had identified very low levels of NDMA in some samples, but at that time, no FDA-tested sample of metformin exceeded the acceptable intake limit for NDMA. The FDA has maintained that it would continue with ongoing testing of metformin and other medications, and if any levels of NDMA or other impurities were identified, swift action would be taken.

Recently, the FDA became aware of reports of higher levels of NDMA in certain ER formulations of metformin via a citizen petition filed by a private laboratory. FDA laboratories tested the same metformin lots that the private laboratory found to contain NDMA above the acceptable intake limit. The agency confirmed unacceptable NDMA levels in some, but not all, of those lots. In other instances, FDA laboratory detected NDMA in lots that the private laboratory did not. The agency also found that the levels of NDMA, when present, were generally lower than reported by the private laboratory. Given FDA scientists' deep experience quantifying these impurities in drugs, the agency is confident in the reliability of the FDA's testing method and results and will continue to take action based on the latest scientific information. The results have also been consistent with the findings of other regulatory agencies' laboratories around the world.

Due to the safety issue NDMA and NDEA testing in Valsartan, Ranitidine, Nizatidine and Metformin ER and API is internationally made mandatory because of its carcinogenic activity has been established.

1. ***DRAP in its 291st meeting of DRB held on 02-04 September 2019 made the NDMA and NDEA test compulsory for every consignment of valsartan before utilization***

"Decision of the 291st meeting of Registration Board. Registration Board deliberated about the identification of NDMA & EDMA as impurities which are carcinogenic and limits has been prescribed by US FDA and EMA. Above the limits API as well as products poses threat to the consumers. Keeping in view risk the Board decided as under: i. Product registration holders shall ensure that the API as well as products containing valsartan are within the prescribed limits impurities i.e. NDMA & EDMA. Every manufacturer holding registration of valsartan containing products are under obligation of law to provide testing facilities of these impurities for every consignment imported and brought into Pakistan. The consignments should be accompanied with the certificates of analysis by the API manufacturers. Meanwhile the manufacturers/importers may temporarily avail testing facilities of the any public sector institutions till the establishment of their own facility. However sampling will be done by the area AD, DRAP and meanwhile the consignment will be released with the restriction that it could only be used if it has qualified requisite tests from the public institutions/testing laboratories and the certificate has been endorsed by the DRAP. ii. Board constituted standard panels comprising of following for destruction of seized stocks of valsartan API as well as finished products containing NDMA manufactured from the raw material of M/s Zheijhiang Huahai pharmaceuticals, China/any other manufacturer contaminated batches as the API has been withdrawn and banned internationally. a) Area Additional Director.b) Area Federal Inspector of Drugs. c) Assistant Director I&E.

Any two of the above with the permission of Additional Director. iii. The above mentioned panels will make coordination with the respective manufacturer for the destruction of stocks and

will prepare destruction certificates for the consideration of the Registration Board. It shall be ensured that destruction /incineration is conducted in the presence of panels and incineration certificates from the environment protection agency is also accompanied with the panel report"

2. DRAP in its 293rd meeting of DRB held on 6-8th January 2020 due to the shelf life related NDMA impurities in Ranitidine took the following Decision;

Proceeding and Decision of the 293rdmeeting of Registration Board.

"Registration Board deliberated about the identification of NDMA a potential carcinogenic impurity in Ranitidine containing products which poses threat to the consumers if found above the prescribed limits. Keeping in view risk, the Board decided as under: i. Based on decision of USFDA and EMA regarding Ranitidine containing products, the Board decided to allow the sale of ranitidine as long as the impurities (NDMA) is well within the daily acceptable limits (96 nanograms per day or 0.32 parts per million for ranitidine). ii. The manufacturers are required to test NDMA impurity in finished products (including already manufactured batches / not to disposed off / seized stocks) and it should be routinely tested on each batch before the product is released for market. Meanwhile the manufacturers may temporarily avail testing facilities of any public sector institutions till the establishment of their own facility for testing of NDMA in ranitidine containing finished Pharmaceutical Products. However sampling will be done by area FID or authorized officer by Additional Director, DRAP. iii. If testing shows NDMA above the acceptable daily intake limit (96 nanograms per day or 0.32 parts per million for ranitidine) in finished products, the manufacturer must inform respective DRAP and QA Division, DRAP and should not release the batch of finished Pharmaceutical Products for use. The Board constituted following panel (any two of following) Minutes of 293rd Meeting of Registration Board (6 – 8 th January, 2020) | 1757 for destruction of such batches of ranitidine containing products in coordination with manufacturer and Environment Protection Agency:a) Additional Director.b) Area Federal Inspector of Drugs.c) Assistant Director I&E"

3.**Proceeding and decision of 294th meeting.**

The Board deliberated the matter considering the facts of the case and decided as under:

i. **Registrations of all Ranitidine containing products shall remain suspended. Meanwhile status of ranitidine containing products will be reviewed in Reference Regulatory Authorities and a comprehensive case shall be submitted before Registration Board for its consideration. However during suspension period, the manufacturers/importers shall submit the prescribed product renewal fee as and when applicable to them.**
ii. **Manufacturer/importer of ranitidine containing product(s) shall withdraw/remove all stocks from the market immediately.**
iii. **Cases pertaining to any seizures / not to dispose of / withheld shall be placed before Registration Board if required.**

Recall issues by Pharmaceutical Companies;

1.Apotex corp. issues voluntary Nationwide Recall of Metformin Hydrochloride Extended-Release Tablets 500 mg due to the detection of NDMA.

2.Amneal Pharmaceuticals LLC issues voluntary Nationwide Recall of Metformin Hydrochloride Extended-Release Tablets,USP, 500 mg due to the detection of NDMA.

3. FDA Safety Alert: Marksans Pharma Limited issues voluntary Nationwide Recall of Metformin Hydrochloride Extended-Release Tablets, USP, 500mg due to the detection of NDMA.

4. FDA Safety Alert: Teva Pharmaceuticals USA, Inc. initiates voluntary Nationwide Recall of Metformin Hydrochloride Extended-Release Tablets USP 500mg due to the detection of NDMA.

Due to the presence of carcinogenic impurity NDMA inMetformin ER and its API's FDA issued press release and subsequent voluntary recall issued by various Pharma

Industries and in the light of the Registration Board Meetings i.e 291st, 293rdand 294thregarding the NDMA and NDEA containing products and its API's, the case of Metformin ER products& its API's is placed before the Board.

Proceeding and Decision of 295th Meeting.

The Board was appraised that FDA has recommended voluntary recall of Metformin HCl Extended Release tablets of following five (5) companies/ brands.

- M/s Time-CAP Labs, Inc., 7-Michael Avenue, Farmingdale, New York, USA. (Manufactured by: M/s Marksans Pharma Limited, Plot NO. L-82, L-83, Verna Industrial Estate, India.)
- M/s Teva Pharmaceuticals USA, Inc. Labeled as M/s Actavis Pharma, Inc., Parsippany, New Jersey, USA (Manufactured by: M/s Watson Pharma (Pvt.) Ltd., Verna, Salcette, Goa, India.)
- M/s Amneal Pharmaceruticals LLC., Bridgewater, New Jersey, USA. (Manufactured by: M/s. Amneal Pharmaceuticals (Pvt.) Ltd., Oral Solid Dosage Unit Ahmedabad, India.)
- M/s. Lupin Pharmaceuticals Inc. Baltimore, Maryland, USA (Manufactured by: M/s Lupin Limitied, Goa, India.)
- M/s Apotex Corps. Weston, Florida, USA. (Manufactured by M/s. Apotex Inc. Toronto, Ontario, Canada).

The FDA is also asking all companies manufacturing ER metformin tablets to evaluate the risk of their product containing NDMA above the acceptable intake limit and to test at-risk product before each batch is released onto the U.S. market.

The Registration Board considering the facts of the case and after thorough deliberation decided as under:

i. **Registrations of all Ranitidine containing products shall remain suspended.**
ii. **As no product of the above said manufacturers is registered in Pakistan, so there is no need to take action.**
iii. **Any decision taken by the RRA's shall be adopted by the Drug Regulatory Authority of Pakistan (Registration Board) regarding impurities i.e. NDMA & NDEA in Metformin Hydrochloride Extended-Release containing products.**

The meeting ended with the vote of thanks to and from the Chair.
