MINUTES OF 296th MEETING OF REGISTRATION BOARD HELD ON 8th, 9th & 10th SEPTEMBER 2020.

==*=*=*

Drug Regulatory Authority of Pakistan
T.F. Complex, Mauve Area, G-9/4
Islamabad.

296th meeting of Registration Board was held on 08th- 10th September, 2020 in the Committee Room, Drug Regulatory Authority of Pakistan, G-9/4, Islamabad. The meeting was chaired by Dr. Obaidullah, Director, Pharmaceutical Evaluation & Registration Division, DRAP. The meeting started with recitation of the Holy Verses.

The meeting was attended by the following:-

1.	Dr. Rafeeq Alam Khan, Meritorious Professor, Faculty of Pharmacy, Ziauddin University, Karachi.	Member
2.	Lt.Gen.(R) Prof.Dr. Karamat Ahmed Karamat (HI-M, SI-M) Former Surgeon General Pakistan	Member
3.	Maj.Gen. (R) Dr.Tahir Mukhtar Sayed, Inspector General (Hospitals), Fauji Foundation, Rawalpindi	Member
4.	Mr. Iftikhar A.Choudhary, Hospital Pharmacist, Lahore	Member
5.	Dr. Qurban Ali, Ex-Director General, National Veterinary Laboratories, Islamabad	Member
6.	Dr. Amanullah Khan, Director, Drugs Testing Laboratory, Quetta. Government of Balochistan	Member
7.	Dr. Muhammad Khalid Jawed, Director, Drugs Testing Laboratory,Peshawar Government of Khyber Pakhtunkhwa	Member
8.	Mr. Muhammad Hafeez ur Rehman, Deputy Drug Controller, Drugs Testing Laboratory, Rawalpindi Government of the Punjab	Member
9.	Mr. Muhammad Aslam, Deputy Draftsman-II, Representative of Ministry of Law & Justice, Islamabad	Member
10.	Ch. Zeeshan Nazir, Additional Director, Representative of Biological Evaluation & Research Division, DRAP	Member
11.	Dr. Hafsa Karam Ellahi, Additional Director, Representative of QA&LT Division, DRAP	Member
12.	Mr. Abdullah, Additional Director (PE&R), DRAP.	Member/ Secretary
13.	Dr. Muhammad Akram, Dy.Animal Husbandry Commissioner, M/o National Food Security & Research, Islamabad	Co-Opted Member

Mr. Asif Jalil, Incharge PEC and respective Assistant Directors, presented the agenda of PE&R Division. Additional Director, BE&R assisted by respective Assistant Directors to present the agenda of Biological Evaluation & Research Division. Additional Director, QA&LT was assisted by respective Assistant Directors to present the agenda of QA & LT Division.

Mr.Tauqeer Ul Haq, Mr.Iftikhar Hussain & Mr. Nawaz Ahmad (PPMA) and Mr. Nadeem Alamgir & Mr.Zia Anwar (Pharma Bureau) and Mr. Khalid Saeed (PC&DA) attended the meeting as observers.

Item No. I: Confirmation of Minutes of 295th Meeting of Registration Board.

295th meeting of Registration Board was held on 08th to 11th June, 2020. Initially draft partial minutes regarding "Favipiravir cases related to Covid-19 management" of Pharmaceutical Evaluation Cell, PE&R Division were distributed among the members of Registration Board on 12th June, 2020 with the request for perusal/approval till 13th June, 2020. All members agreed draft partial minutes. Accordingly, fair partial minutes were approved by Chairman, Registration Board and circulated for implementation.

After that, complete draft minutes were distributed among the members of Registration Board on 17th July, 2020 with the request for perusal/approval/comments (if any) within five days. None of the members disagreed draft minutes. However, Dr. Amanullah Khan, Director, DTL, Quetta responded for correction in the decision of Case No.07 of Post Registration-I Section, PE&R Division as detailed under:

The comments and response is hereby tabulated for information of Board as under: -

Response of Dr. Amanullah Khan	Action Taken
The case of Bayer was discussed in the meeting and it was decided that the change of contract manufacturer is allowed but the contract period with Nabi Qasim will be till the end of previous contract date. In the recorded minutes it is mentioned that case was deferred due to two reasons as mentioned below **a- Complete submission of document as per Form 5F.** **b- Existing status of validity of contract manufacturer.** The case presented shows in point (i) that the firm submitted Form 5F with Rs.50000/- fee. The table of the case in column 5 shows validity of current manufacturer till June 30, 2020.	a. Application was found deficient as per Form-5F which was deferred for submission of complete documents as per Form-5F. b. However, the existing status of contract manufacturer was confirmed and the decision was corrected, accordingly.

The complete minutes in fair, along with comments and response prepared were submitted before Chairman Registration Board for perusal/approval. The Chairman Registration Board after perusal of comments and response approved the complete fair minutes. The same were circulated to concerned divisions/sections for implementation.

Decision: Registration Board confirmed the minutes of 295th meeting.

Item No. II **Division of Pharmaceutical Evaluation & Registration**

Pharmaceutical Evaluation Cell (PEC)

Sr. No	Name of Evaluator	Title
1.	Mr. Farooq	**Evaluator PEC-I**
2.	Mr. Ammar Ashraf Awan	**Evaluator PEC-II**
3.	Mr. Muhammad Haseeb Tariq	**Evaluator PEC-III**
4.	Mst.Farzana Raja	**Evaluator PEC-IV**
5.	Mst. Iqra Aftab	**Evaluator PEC-V**
6.	Mr. Muhammad Umar Latif	**Evaluator PEC-VI**
7.	Mst. Sidra Khalid	**Evaluator PEC-VII**
8.	Mst. Haleema Sharif	**Evaluator PEC-VIII**
9.	Mst. Saima Hussain	**Evaluator PEC-X**
10.	Mr. Haneef Ullah	**Evaluator PEC-IX**
11.	Mr. Farhadullah	**Evaluator PEC-XI**
12.	Mst. Mehwish Javed Khan	**Evaluator PEC-XIII**
13.	Mr. Muhammad Ahsan Hafiz	**Evaluator PEC-XIV**

Case No. 1: REQUIREMENT OF WHO QOS-PD TEMPLATE FOR INNOVATOR PRODUCTS

Form 5-F (Common Technical Document) was promulgated vide S.R.O 713 (I)/2018 on 8th June, 2018 comprising of following 5 modules:

- Module I: Administrative Part
- Module II: Overviews & Summaries
- Module III: Quality/CMC
- Module IV: Non-clinical/Safety
- Module V: Clinical/Efficacy

In Form 5-F Section 2.3 (Quality Overall Summary) of Module II bears annotation with following statement:

"***QOS has been explained by a WHO QOS-PD template Module 2.3***".

In context of the above referred annotation Registration Board approved the explanatory notes for Form 5F where in details for section 2.3 has been extracted from WHO QOS PD template.

Situation:

Many pharmaceutical firms importing innovator's products submitted that the QOS (Quality Overall Summary) format adopted by DRAP for the Form 5-F is based upon the WHO QOS – product dossiers (QOS-PD) template, intended for multisource (generic) pharmaceutical products containing APIs of synthetic or semi-synthetic origin. This format is adopted both for innovator new drugs as well as for generic drugs by DRAP.

Since the QOS Format mentioned above is for generic version of the drugs; therefore, availability of WHO QOS for innovator brands is not possible to be developed by the parent companies. Due to this challenge, applications for new registration & Post Registration variations (requiring complete dossier) of innovator brands are pending evaluation/processing. This challenge not only resulting in depriving the patients of the benefit of new treatment options but also threatening continued availability of registered innovator products.

To resolve the challenge, it is proposed by Pharma Bureau that "For Innovator/ New drugs (both for Pharmaceutical & Biological drugs) DRAP may accept QOS format for the form 5-F as per ICH M4 Q (R1) guidelines".

The ICH M4Q (R1) format for QOS is an internationally acknowledged and accepted format for filing of NDA and our reference SRAs are practicing the same. All our dossiers of innovator drugs received from our parent companies contains the QOS formats based on ICH M4 (R1).

COMPARISON OF WHO & ICH:

The ICH & WHO narrates similar sort of data requirement but the only difference between WHO PD template and the ICH M4Q (R1) guidelines is that ICH guidelines only describes the requisite information while referring to the Module 3, whereas the WHO PD template specifies the requisite information while providing the sub-sections, tables etc. Few examples are as under:

Section 2.3.S.1 (General Information)	
WHO PD template	**ICH M4Q (R1)**
2.3.S.1.1 Nomenclature *2.3.S.1.2 Structure* *2.3.S.1.3 General Properties*	Information from 3.2.S.1 should be included.
Section 2.3.S.4 Control of the API	
WHO PD template	**ICH M4Q (R1)**
2.3.S.4.1 Specification WHO PD template specifies following table for presentation of information	A brief summary of the justification of the specification(s), the analytical procedures, and validation should be included.

Standard (e.g. Ph.Int., Ph.Eur., BP, USP, in-house)		
Specification reference number and version		
Test	**Acceptance criteria**	**Analytical procedure (Type/Source/Version)**

2.3.S.4.2 Analytical Procedures

2.3.S.4.3 Validation of Analytical Procedures

2.3.S.4.4 Batch Analyses

Summary of batch analyses release results *of the FPP manufacturer* for relevant batches (e.g. comparative bioavailability or biowaiver, stability)

Test	**Acceptance Criteria**	**Results**		
		<batch x>	**<batch y>**	**etc.**
Description				
Identification				
Impurities				
Assay				
etc.				

2.3.S.4.5 Justification of Specification

Specification from 3.2.S.4.1 should be provided.

A tabulated summary of the batch analyses from 3.2.S.4.4, with graphical representation where appropriate, should be provided.

Section 2.3.P.1 Description and Composition of the FPP

WHO PD template	**ICH M4Q (R1)**
The WHO template further gives breakup of requisite information in sub-sections and a table for the presentation of composition is also given. (a) Description of the FPP (in signed specifications): (b) Composition of the FPP. (c) Description of accompanying reconstitution diluent(s), if applicable: (d) Type of container closure system used for the FPP and accompanying reconstitution diluent, if applicable:	Information from 3.2.P.1 should be provided. Composition from 3.2.P.1 should be provided.

Component and quality standard (and grade, if applicable)	**Function**	**Strength (label claim)**					
		Quant. per unit or per mL	**%**	**Quant. per unit or per mL**	**%**	**Quantity per unit or per mL**	**%**
<complete with appropriate titles e.g. Core tablet (Layer 1, Layer 2, etc. as applicable), Contents of capsule, Powder for injection>							
Subtotal 1							
<complete with appropriate title e.g. Film-coating >							
Subtotal 2							
Total							

2.3.P.3 Manufacture

WHO PD template	**ICH M4Q (R1)**

<table>
<tr>
<td>2.3.P.3.1 Manufacturer
2.3.P.3.2 Batch Formula
2.3.P.3.3 Description of Manufacturing Process and Process Controls
2.3.P.3.4 Controls of Critical Steps and Intermediates
<table>
<tr><th>Step
(e.g. granulation, compression, coating)</th><th>Controls
(parameters/limits/frequency of testing)</th></tr>
<tr><td></td><td></td></tr>
<tr><td></td><td></td></tr>
</table>
2.3.P.3.5 Process Validation and/or Evaluation</td>
<td>Information from 3.2.P.3 should include: Information on the manufacturer. A brief description of the manufacturing process and the controls that are intended to result in the routine and consistent production of product of appropriate quality. A flow diagram, as provided under 3.2.P.3.3. A brief description of the process validation and/or evaluation, as described in 3.2.P.3.5.</td>
</tr>
</table>

PRACTICES OF VARIOUS REFERENCE REGULATORY AUTHORITIES

1. USFDA:

USFDA is accepting QOS as per the ICH M4Q guidelines for the innovator as well as generic drugs. However FDA has recommended using question based review while developing the QOS document.

1. FDA has published a document titled "A Regulatory Perspective on the Quality Overall Summary: Putting the Pieces Together" (accessed from https://www.fda.gov/media/110657/download on 21st August 2020). Within this document FDA has made the following observations which are produced below:

   "One approach to make the QOS more effective is the use of a question-based review (QbR) QOS for the assessment of ANDAs,"

   "In some ways, the lack of harmonization of regulatory expectations for the QOS across different regions of the world has contributed to its underutilization as an effective application assessment tool. Indeed, a proposal on the QOS was endorsed by the U.S. Food and Drug Administration (FDA) as a top quality-related topic at the ICH Assembly Meeting held in June 2017."

   "It is very important to note that the QOS, in any form, does not replace or change the expected content in Module 3."

   "While the QOS has been helpful in communicating certain quality information, there are opportunities to improve its overall effectiveness. Indeed, one such approach to improving its effectiveness has been the question-based review (QbR) for the Chemistry, Manufacturing, and Controls (CMC) evaluation of ANDAs, which focuses on critical pharmaceutical quality attributes."

   "Other applicants, particularly in the new drug space, have realized the potential to improve the effectiveness of their QOS."

   "One adaptation of the QOS has been the QbR-formatted QOS for ANDA assessment, which applicants may continue to use for their submissions."

   "However, FDA is aware of, and is generally open to, other QOS options that are compliant with ICH M4Q."

   "Again, it is important to note that any QOS framework will negate neither the need for a Module 3 nor the regulator's responsibility to examine Module 3."

2. Office of the generic drugs QbR quality overall summary outline (available at https://www.fda.gov/drugs/abbreviated-new-drug-application-anda/office-generic-drugs-qbr-quality-overall-summary-outline. accessed on 25-08-2020) contains the template for QOS which is based on question based review and is different from the ICH template. This template has endorsed certain questions against each heading in the QOS template. But this template is generally for use in generic drugs.
3. Example of Quality overall summary document available at FDA website for the product Ersatzine Tablets is also based on QbD approach.

2. European Medicine Agency (EMA):

European Medicine Agency (EMA), has adopted the QOS as specified in ICH M4Q guidelines. EMA is accepting the QOS on same format for both generic as well as innovator drugs.

3. Medicines and Healthcare products Regulatory Agency (MHRA):
Medicines and Healthcare products Regulatory Agency (MHRA), has adopted the QOS as specified in ICH M4Q guidelines. EMA is accepting the QOS on same format for both generic as well as innovator drugs.

4. Therapeutic Goods Administration (TGA):
Therapeutic Goods Administration (TGA), has adopted the QOS as specified in ICH M4Q guidelines. EMA is accepting the QOS on same format for both generic as well as innovator drugs.

5. Health Canada:
Quality Overall Summary - Chemical Entities (New Drug Submissions/Abbreviated New Drug Submissions) (QOS-CE (NDS/ANDS)) document available at Health Canada website (accessed from https://www.canada.ca/en/health-canada/services/drugs-health-products/drug-products/applications-submissions/templates/quality-overall-summary-chemical-entities-new-drug-submissions-abbreviated-ands.html, on 21-08-2020) specifies the format for quality overall summary for both generic as well as innovator drugs. The format specified by Health Canada is exactly similar to that of WHO QOS-PD template. This template is recommended for both new as well as generic drugs.

6. Pharmaceuticals and Medical Devices Agency (PMDA):
Quality Overall Summary Mock P2 (Description Examples) document for Sakura Tablet available on PMDA website specifies the QOS template for drug product part. The available template contains more specified information as required in ICH guidelines. Although this template is not as per WHO template but still this template has more sub headings and questions as compared to ICH document.

Proceedings:
Registration Board discussed the matter in detail and also reviewed the practices of accepting QOS template of various reference regulatory authorities. Registration Board deliberated that WHO QOS PD template describes the requisite information in a more precise manner, minimizing the chances of disparity between the applicants and regulators. The same is also explained by the ICH QOS document. It was further discussed that WHO QOS-PD template does not require any data which is not already presented in module

Decision: **Keeping in view regulatory practices adopted by various reference regulatory authorities; Registration Board decided also to accept section 2.3 Quality Overall Summary (QOS) of Module 2 of Form 5-F (CTD) as per ICH template for the Innovator products only. Now the applicant of innovator drug product may submit QOS either on WHO QOS-PD template or as per ICH template.**

Case No. 02: PRIORITY REGISTRATION OF REMDESIVIR CONTAINING DRUG PRODUCTS

Background:

Keeping in view the current outbreak of Covid-19, the Drug Regulatory Authority of Pakistan in its 84th meeting held on 01st June, 2020 decided as under for priority registration of Remdesivir containing drug products:

> ***Authority, exercising its power under Rule 26 of Drugs (LRA) Rules amended via SRO 713(I)/2018 dated 8th June, 2018, allowed to submit registration applications on Form 5 / Form 5-A / Form 5-D instead of Form 5F, for Registration of Remdesivir and Tocilizumab in light of approvals granted by the reference regulatory authorities and with the following additional conditions:***
>
> ***a. The applicants can submit their applications till 31-07-2020 and these applications will be considered out of queue.***
> ***b. Registration Board shall consider grant of registration under proviso of Rules 29(6) (8) of the Drug (Licensing, Registration & Advertising) Rules, 1976 and shall follow precautions / terms & conditions as adopted by the Reference Regulatory Authorities.***
> ***c. The registration holders including those granted registration under Form 5D as a new drug will submit data of product development and 6 months accelerated and 6 months real time stability studies data within one year along with other data as may be required by Registration Board. The data will be considered by Registration Board for further decision.***

Consequently, Registration Board in its 295th meeting held on 8th to 11th June, 2020 granted registration of Remdesivir (emergency use authorization) to 12 firms under section 7 of the Drugs Act, 1976 and rule 29 (6) (8) of Drugs (Licensing, Registering and Advertising) Rules, 1976 with same precautions/ terms and conditions as adopted by Reference Regulatory Authorities.

In this regard, Registration Board also specified following condition among a number of other conditions subject to which the registrations were approved:

> **"Firm will report monthly to National Pharmacovigilance Centre, Pharmacy Services Division DRAP, serious adverse events and all medication errors associated with the use of the authorized Remdesivir that are reported to the firm during the pandemic."**

Pharmacy Services Division was accordingly requested to collect & compile data regarding serious adverse events and all medication errors associated with the use of Remdesivir from all firms which have been granted registration of Remdesivir (emergency use authorization) for consideration by the Registration Board in its 296th meeting of Registration Board, scheduled on 08th September, 2020.

In response, Pharmacy Services Division has informed (vide letters dated 11-08-2020 & 21-08-2020) that following firms have been directed to comply with the above mentioned decision of Registration Board. The firms have also been advised to make a proper pharmacovigilance system in their organization by upgrading and strengthening the procedures of collection and monitoring of adverse drug reactions from patients and healthcare professionals.

1. M/s BF Biosciences Ltd *(Nil report from 1st to 26th August, 2020)*
2. M/s Bio Labs Pvt Ltd. *(Nil Report in July and August 2020)*
3. M/s Allmed Pvt Ltd. *(Not marketing)*
4. M/s Nabiqasim Industries Pvt Ltd. *(Nil Report from July to August, 2020)*
5. M/s Bosch Pharmaceuticals (Pvt.) Ltd. *(1st July to 1st September, 2020)*
6. M/s Sami Pharmaceuticals (Pvt) Limited *(Nil Report for August, 2020)*
7. M/s Macter International Limited *(under manufacturing not yet marketing)*
8. M/s Hilton Pharma Pvt Ltd. *(not yet Marketing)*
9. M/s. Winsfeild Pharmaceuticals *(Nil Report August, 2020)*
10. M/s The Searle Company Limited *(Nil report August, 2020)*
11. M/s OBS Healthcare (Pvt) Limited, *(Nil Report June, 2020*)

Current Situation

Registration Board was apprised of the decision of Authority taken in its 91st meeting held on 4th September, 2020 regarding registration of Remdesivir containing drug products as under:

> ***"The Authority keeping in view the status of emergency use authorization of Remdesivir in reference regulatory authorities, prevailing situation of COVID-19 and for preparedness of any emergency situation in the country, advised the Registration Board to proceed in the matter on following analogies:***
>
> ***I. Consider new registration applications of Remdesivir after submission of following:***
>
> ***i. Product development data and 3 months accelerated and real time stability studies data for zone IV-A***
>
> ***ii. Protocols of Pharmacovigilance data submission duly endorsed by Pharmacy Services Division.***

II. For already granted registrations for emergency use authorization, firms shall be advised to submit:

i. Product development data and 3 months accelerated and real time stability studies data for zone IV-A

ii. Protocols of Pharmacovigilance data submission duly endorsed by Pharmacy Services Division within two weeks.

III. Registrations of emergency use authorizations of Remdesivir, not complying with above conditions will be suspended till the submission of requisite data and approval by Registration Board.

The Authority further decided not to extend the exemption date under SRO 713(I)/2018."

The Board deliberated upon the above cited decision of the Authority and decided as under for further processing of the Registration applications of Remdesivir containing drug products.

- All new registration applications of Remdesivir will be considered upon submission of following:
  i. Product development data and 3 months accelerated and real time stability studies data for Zone IV-A
  ii. Protocols of Pharmacovigilance data submission duly endorsed by Pharmacy Services Division.
- For already granted registrations for emergency use authorization, firms shall be advised to submit:
  i. Product development data and 3 months accelerated and real time stability studies data for Zone IV-A
  ii. Protocols of Pharmacovigilance data submission duly endorsed by Pharmacy Services Division within two weeks.
- Registrations of emergency use authorizations of Remdesivir, not complying with above conditions will be suspended till submission of requisite data and approval by Registration Board.

Proceedings & Decision:

As requisite data has not been submitted by any of the applicant, thus Registration Board decided to defer following applications for "Remdesivir" for submission of following data:

i. Product development data and 3 months accelerated and real time stability studies data for Zone IV-A
ii. Protocols of Pharmacovigilance data submission duly endorsed by Pharmacy Services Division.

I. Applications of Local manufacturing:

1.	Name and address of Manufacturer / Applicant	M/s Welwrd Pharmaceuticals.Plot # 3, Block A, Phase I-II, Industrial Estate Hattar, KPK
	Brand Name+DosageForm+Strength	Remvir 5mg/ml Injection
	Composition	Each Vial (20ml) contains : Remdesivir ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.13116; 09-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D
	Finished Product Specification	Innovator's Specs
	Pack Size & Demanded Price	As per SRO
2.	Name and address of Manufacturer / Applicant	M/s Welmark Pharmaceuticals. Plot #122 Phase 5, Block B, Hattar
	Brand Name+DosageForm+Strength	Remvid Lyophilized Powder for Injection 100mg
	Composition	Each Vial contains: Remdesivir Lyophilized Sterile Powder ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.13181; 09-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D
	Finished Product Specification	Manufacturer's Specs
	Pack Size & Demanded Price	As per SRO
3.	Name and address of Manufacturer / Applicant	M/s Saffron Pharmaceuticals (Pvt) Ltd. 19 Km Sheikhupura Road, Faislabad
	Brand Name+DosageForm+Strength	Remdisil Liquid Solution for Infusion
	Composition	Each 20ml vial contains: Remdesivir…100mg
	Diary No. Date of R&I & fee	Dy. No.13659; 15-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D

	Finished Product Specification	Innovator's Specs
	Pack Size & Demanded Price	As per SRO
4.	Name and address of Manufacturer / Applicant	M/s Bio Labs Pvt Ltd. Plot # 145, Industrial Triangle, Kahuta Road, Islamabad
	Brand Name+DosageForm+Strength	Biovir Injection 5mg/ml
	Composition	Each Vial (20ml) contains : Remdesivir ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.13664; 15-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5
	Finished Product Specification	Innovator's Specs
	Pack Size & Demanded Price	As per SRO
5.	Name and address of Manufacturer / Applicant	M/s CCL Pharmaceuticals Pvt Ltd. 62 Industrial Estate, Kot Lakhpat, Lahore
	Brand Name+DosageForm+Strength	Remi Injectable Solution 100mg/ml
	Composition	Each Vial (20ml) contains : Remdesivir ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.13661; 15-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D
	Finished Product Specification	Innovator's Specs
	Pack Size & Demanded Price	As per SRO
6.	Name and address of Manufacturer / Applicant	M/s Shaigan Pharmaceuticals (Pvt) Ltd, 14 KM Adyala Raod Post Office Daghal, Rawalpindi
	Brand Name+DosageForm+Strength	Redesvir 100 Injection
	Composition	Each Lyophilized vial contains : Remdesivir ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.14133; 19-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D
	Finished Product Specification	Innovator's Specs
	Pack Size & Demanded Price	As per SRO
7.	Name and address of Manufacturer / Applicant	M/s Shaigan Pharmaceuticals (Pvt) Ltd, 14 KM Adyala Raod Post Office Daghal, Rawalpindi
	Brand Name+DosageForm+Strength	Redesvir Liquid solution for Injection 5mg/ml
	Composition	Each Vial (20ml) contains : Remdesivir ….. 100mg
	Diary No. Date of R&I & fee	Dy. No.14134; 18-06-2020 ; Rs.50,000
	Pharmacological Group	Anti-Viral
	Type of Form	Form 5D

	Type of Form	Form 5
	Finished product Specification	USP
	Pack size & Demanded Price	1 x 14'S /As per SRO
	Approval status of product in Reference Regulatory Authorities.	MHRA Approved
	Me-too status	Olida 10mg Tablets of M/s Glitz Pharmaceuticals (Reg.# 081418)
	GMP status	New Section
	Remarks of the Evaluator. (VI)	The firm has initially applied the product as uncoated tablet , now they revised it in film coated as per reference product along with the submission of fee Rs. 5,000 dated 2-9-2020 Deposit Slip No. 2049329 Central Licensing Board in its 270th meeting held on 23rd MAY, 2019 has considered and approved the following 2 additional section of firm M/s Jinnah Pharmaceuticals Pvt Ltd. 13 km, Lahore Road, Multan as under:- Sr. No Section 01 Tablet Section (Psychotropic/Narcotic) 02 Oral Liquid/Suspension General Section
	Previous Decision	Decision of 291st : Deferred for consideration on its turn with respect to the queue.
	Evaluation by PEC: (VI) The firm has submitted that the above product is psychotropic. The same has been confirmed from green list of INCB and also from controlled division.	
	Decision: Approved.

	Remarks of the Evaluator.	**Firm provided the stability data at following conditions;** ● Long term test: 25C/40%RH & 30/75%RH (36 months) ● Accelerated Test: 40C/NMT 25%RH The submitted stability data for accelerated condition is not as per Zone IV A requirement. **Firm submitted the following reply;** The stability testing was conducted in compliance with Stability testing of New Drug Substances and Products. The accelerated test conditions has been performed under low humidity conditions 40C/25%RH instead of climate zone IVA high humidity condition which is not recommended and preferred for semi permeable container as stated in ICH. *A Significant change has been observed in assay value of Tafluprost for all the three batches MTD1332, MTD1333 and MTD1334 at long term stability condition. Clarify.* Upto 36 months storage at 30C/75% the decrease of tafluprost content is observed (6.5%-6.7%). The increase of the related substances as degradation product of tafluprost are observed (1.6%-1.8%), but it is no problem for safety. According to the above result , the amount of total degradation products is less then the decrease of tafluprost content, it is considered that the reason for the decrease of tafluprost are not only degradation but also adsorption to container. The results of the other tests items are within the specifications, and there are no significant changes. The stability is affected by temperature but it is stable for 36 months after distribution under light protected and below 30C.
	Previous Decision(M-282): Deferred for the following reasons: ● Submission of long term stability data according to Zone IVA condition. Submitted data for long term stability is at 25C/40%RH which is not according to Zone IVA for semi-permeable containers. ● Submission of test for determination of potential water loss in case of semipermeable membrane.	
	Evaluation by PEC: Firm submitted the following reply: ● Submission of long term stability data according to Zone IVA condition. Submitted data for long term stability is at 25°C/40%RH which is not according to Zone IVA for semi- permeable containers. Please note that the stability conducted on 25°C±2/40%±5 complies the criteria of WHO guidelines which clearly states the condition in which whether the long term studies are performed at on 25°C±2/40%±5 or 30°C±2/35%±5 is determined by the climatic condition under which the FPP is intended to be marketed. . Testing at 30 °C/35% RH can be an alternative to the storage condition at 25 °C/40% RH. Also the region has claimed that incase of semi-permeable container, the low humidity condition 25°C±2/40%RH±5 is a more severe storage condition than high humidity condition 30 °C/35% RH. **Evaluation** However, the data is at 25 °C/40% RH and not at 30 °C/35% RH. Therefore, the stability is not as per guideline. Moreover, the low humidity condition is 30 °C/35% RH and not 25°C/40%RH. The firm has performed stability testing according to ASEAN requirement i.e. at 30°C/75%RH but test for water loss has not been conducted. Moreover, the stability data is of Shiga Plant whereas, M/s Santen Pharmaceutical Co. Ltd Noto Plant 2-14, Sikinami will be responsible for i. Packaging and labelling process. ii. Release testing of product iii. Batch release.	
	Decision of 288th : Deferred for the following reasons: ● Submission of long term stability data from M/s Santen Pharmaceutical Co. Ltd Noto Plant 2-14, Sikinami according to Zone IVA condition. Submitted data for long term stability is at 25C/40%RH which is not according to Zone IVA for semi-permeable containers. ● Submission of test for determination of potential water loss in case of semi-permeable membrane.	

	Evaluation by PEC(VI)**:** ● The firm submitted the reply that they calculated stability data at 30ºC/35% RH and water loss calculation for all the stability conditions in accordance with stability guidelines "Stability testing of New Drug Substances and Products" ICH {ICH Q1A (R2). According to these guidelines an alternative approach is recommended for studies at the low relative humidity that is to perform the stability studies under higher relative humidity and deriving the water loss at the low relative humidity through calculations. ● Firm proposed following solution for this: The firm has proposed that the results derived from calculated data for 30ºC and 35% RH has shown no significant change in product specifications there was insignificant water loss to alter the product specifications proven by results.
	Decision: Deferred for further evaluation in accordance with the ICH stability studies guidelines

Case no. 07 Registration applications of drugs for which stability study data is submitted

a. New cases
b. Deferred cases
c. Verification of stability study data
d. Exemption from onsite verification of stability data

1.	COA of API.	**Ertugliflozin as L-Pyroglutamic acid**: Copy of COA (Batch # ET20180523) from M/s Zhejiang Hongyuan Pharmaceutical Co, Ltd. China is submitted.
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Ertugliflozin as L-Pyroglutamic acid**: Copy of GMP certificate (certificate # ZJ20180032) issued by China Food and Drug administration is submitted. It is valid till 14-03-2023.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	**Ertugliflozin as L-Pyroglutamic acid**: The firm has submitted copy of commercial invoice for the purchase of Ertugliflozin as L-Pyroglutamic acid attested by DRAP, Karachi dated 13-06-2018.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continuerealtime stability studytillassigned shelflifeof the product.	Yes
8.	Commitment to follow DrugSpecification Rules,1978.	Yes

REMARKS OF EVALUATOR

REQUEST OFEXEMPTIONFROMONSITEINSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

AdministrativePortion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last three years.	Firm has referred to onsite inspection report of their product "Rofl 500mcg tablet", which was presented in 277th meeting of Registration board. Registration Board decided to approve registration of above stated drug product of M/s. Atco Laboratories Limited, Karachi.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	Ertugliflozin as L-Pyroglutamic acid: The firm has submitted copy of commercial invoice for the purchase ofErtugliflozin as L-Pyroglutamic acid attested by DRAP, Karachi dated13-06-2018.
3.	Documents for the procurement of reference standard and impuritystandards.	The firm has submitted fffffcopy of COA of the following: Ertugliflozin as L-Pyroglutamic acid Working Standard.

<table>
<tr><td>4.</td><td>Approval of API/DML/GMP certificate of API manufacturer issued by regulatory authority of country of</td><td>Ertugliflozin as L-Pyroglutamic acid: Copy of GMP certificate (certificate # ZJ20180032) issued by China Food and Drug administration is submitted. Zhejiang Hongyuan Pharmaceutical Co. Ltd, China according to zone IV A conditions.</td></tr>
<tr><td>16.</td><td>Analysis reports for excipients used.</td><td>The firm has submitted photocopy of Analytical reports of excipients used.</td></tr>
<tr><td>17.</td><td>Drug-excipients compatibility studies.</td><td>The firm has used the excipients of innovator.</td></tr>
</table>

18.	Record of comparative dissolution data.	Firm has provided justification that the formulation of our product Ertugli Tablets Range is based on the formulation of Innovator product. According to EMA Assessment Report EMEA/H/C/004315/0000, the replacement of dissolution testing by disintegration testing at release and stability is acceptable, as Ertugliflozin is highly soluble and highly permeable and classified as BCS class 1 molecule. Hence, on the basis of dissolution data, the comparative studies may be waived and there is no need to calculate similarity factor and product is stable and comparable.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	The Firm has submitted audit trail reports for complete stability studies analysis of three batches at each time point.

Remarks of the Evaluator (VI)**:**

The firm did not conduct dissolution studies. The firm submitted that our product is based on EMA assessment report of innovator product which states that" The replacement of dissolution testing by disintegration testing at release and stability is acceptable" So there is no need to perform dissolution test.

The firm has not performed content uniformity test during stability studies and submitted that as per WHO stability testing Annex-10, Stability studies are performed on critical quality attributes and there is no need to perform content uniformity test during stability studies.

Decision: Deferred for scientific justification for not perfoming dissolution studies since innovator has performed dissolution test with limits of NLT Q in 15min.

API Lot No.	Empagliflozin: 20190322 Metformin HCl: MT18751217
Description of Pack (Container closure system)	Alu-Alu blister packed in unit carton
Stability Storage Condition	Real time : 30°C ± 2°C / 75% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH
Time Period	Real time: 6 months Accelerated: 6 months
Frequency	Real time: 0,3,6 (months)

	Accelerated: 0,1,2,3,4,6 (months)		
Batch No.	489DS01	489DS02	489DS03
Batch Size	2500 Tablets	2500 Tablets	2500 Tablets
Manufacturing Date	24.05.2019	20.06.2019	20.06.2019
Date of Initiation	28-06-2019	10-07-2019	10-07-2019
No. of Batches	03		
Date of Submission			

DOCUMENTS / DATA PROVIDED BY THE APPLICANT		
#	**Documents To Be Provided**	**Status**
1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate of M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China issued by Jiangsu Fooad and drug administration. (Certificate # JSHAHAQ2017005). The certificate is valid till 3-3-2021. Firm has submitted copy of GMP certificate of M/s Wanbury Limited India (Certificate # 3083/Stores/2019). The certificate is valid till 06-02-2022.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Firm has submitted ADC attested invoice confirming import of 10 Kg Empagliflozin dated 05-04-2019 for Batch No. 20190322. Firm has submitted ADC attested invoice confirming import of 1000 Kg Metformin HCl from M/s Wanbury Limited India dated 16-01-2018 for Batch No. MT18751217.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

DATA FOR EXEMPTION FROM ONSITE INVESTIGATION OF SUBMITTED STABILITY DATA		
Administrative Portion		
1	Reference of last onsite panel inspection for instant dosage form conducted during last two years	Firm has referred to onsite inspection report of their product for Arcox (Etoricoxib) Tablets 90mg & 120mg on 17th September, 2018 and was presented in 286th Drug Registration Board meeting held on 14th – 16th November, 2018. The case was approved and the inspection report confirms following points: • The HPLC software is 21CFR Compliant as per record available with the firm. • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.

2	Documents for the procurement of API with approval from DRAP (in case of import)	Firm has submitted ADC attested invoice confirming import of 10 Kg Empagliflozin dated 05-04-2019 for Batch No. 20190322. Firm has submitted ADC attested invoice confirming import of 1000 Kg Metformin HCl from M/s Wanbury Limited India dated 16-01-2018 for Batch No. MT18751217.
3	Documents for the procurement of reference standard and impurity standards	Firm has submitted COA and invoice of reference standard and impurity standards.
4	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin	Firm has submitted copy of GMP certificate of M/s Jiangsu Yongan Pharmaceutical Co., Ltd. China (Certificate # JS20160548) issued by Jiangsu Food and Drug Administration. The certificate is valid till 3-3-2021 Firm has submitted copy of GMP certificate of M/s Wanbury Limited India (Certificate # 3083/Stores/2019). The certificate is valid till 06-02-2022.
5	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor evaluation report of Empagliflozin and Metformin HCl, filled and signed by technical persons of the firm.
6	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted COA of API, reference standard and impurity standards.
7	Documents for the procurement of excipients used in product development	Firm has submitted documents for procurement of excipients used in formulation of applied product.
8	List of qualified staff involved in product development with relevant experience	Firm has provided list of qualified staff of product development section and R&D Analytical Laboratory comprising of 43 qualified staff.
Production Data		
9	Authorized Protocols/SOP for the development & stability testing of trial batches	Firm has submitted authorized stability protocols / SOP for development and stability testing of trial batches.
10	Complete batch manufacturing record of three stability batches	Firm has submitted copy of Batch Manufacturing Record for all the three stability batches.
11	Record of remaining quantities of stability batches	Firm has provided following remaining quantities for each batch: 489DS01 : 280 Tablets 489DS02 : 298 Tablets 489DS03 : 298 Tablets
QA/QC Data		
12	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copies of data logger record for stability chambers with real time and accelerated stability testing.
13	Method used for analysis of API along with COA.	Firm has submitted COA and method of analysis of Empagliflozin and Metformin HCl.
14	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	Firm has submitted copy of method of analysis of FPP and complete record of testing of stability batches along with chromatograms, lab reports, raw data sheets etc.
15	Reports of stability studies of API from manufacturer.	Firm has submitted stability studies reports of three batches of Empagliflozin and Metformin HCl.
16	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in product development.
17	Drug-excipients compatibility studies.	Firm has submitted that same excipients has been used as used by innovator 'Synjardy Tablets 12.5mg + 850mg'. However, there is only difference in the film-coating material. Therefore, Drug-excipients compatibility studies were not performed.

18	Record of comparative dissolution data.	Firm has submitted data of comparative dissolution profile (in pH 1.2 HCl, Acetate Buffer pH 4.5, Phosphate buffer pH 6.8) with the innovator brand (Synjardy Tablets).
19	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Decision: Registration Board decided to approve registration of GLARDIN-M Tablets 12.5mg + 850mg with Innovator's specifications by M/s Getz Pharma Pvt. Ltd 29-30, Sector 27, Korangi Industrial Area, Karachi. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months

No. of Batches	03		
Date of Submission	13-02-2020		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr.#	Documents To Be Provided	Status
1.	COA of API	Copy of COA (Batch # PDL/DEF-1-271118) from M/s Murli Krishan Pharma (Pvt) Ltd India has been submitted.

2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of GMP Certificate for M/s Murli Krishan Pharma (Pvt) Ltd India issued by Food and Drug Administration, (Maharashtra state) is submitted. It is valid until 3 April 2022.
3.	Protocols followed for conduction of stability	Yes
	Study and details of tests.	
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	The firm has submitted copy of commercial invoice for the purchase of Dexlansoprazole Pellets 23% w/w attested by ADC DRAP, Karachi dated 24-01-2019.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:
Date of submission: 3-03-2019 vide diary no.3331

Administrative Portion	
Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Dexilant 60mg Capsules (Dexlansoprazole)", which was presented in 293rd meeting of Registration board. Registration Board decided to approve registration of above stated drug product of M/s. Indus Pharma (Pvt.) Ltd., Karachi. **Date of inspection**: 14-03-2019 According to inspection report, following points were confirmed. The firm has 21CFR compliant HPLC software. The firm has audit trail reports available.
Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of commercial invoice for the purchase of Dexlansoprazole Pellets 23% w/w attested by ADC DRAP, Karachi dated 24-01-2019.
Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of API/ DML/GMP Certificate for M/s Murli Krishan Pharma (Pvt) Ltd India issued by Food and Drug Administration, (Maharashtra state) is submitted and is valid till 3 April 2022.
List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
Production Data	
Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted photocopy of "Protocols/SOP for the Development of Dexlansoprazole Capsule 30mg".

<table>
<tr><td>Complete batch manufacturing record of three stability batches.</td><td>The firm has submitted photocopy of Batch Manufacturing Records of following 03 Batches:<table><tr><th>Batch No.</th><th>Batch Size</th><th>Mfg. Date of Submission		
DOCUMENTS / DATA PROVIDED BY THE APPLICANT		
#	**Documents To Be Provided**	**Status**
1.	COA of API	Yes
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Firm has submitted copy of GMP certificate of M/s Fuxin Long Rui Pharmaceutical Co. Ltd., China issued by Liao Ning Food and Drug Administration, China (Certificate # LN180002). The certificate is valid till 27-03-2021. Firm has submitted copy of GMP certificate of M/s Wanbury Limited India issued by Drugs Control Administration, India (Certificate # 3083/Stores/2019). The certificate is valid till 06-02-2022.
3.	Protocols followed for conduction of stability study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Firm has submitted ADC attested invoice confirming import of 350 Kg Sitagliptin from M/s Fuxin Long Rui Pharmaceutical Co. Ltd., China dated 27-09-2017 for Batch No. M-20170727-D03-M06-02, 350 Kg Sitagliptin dated 10-12-2018 for Batch No. M-20180921-D04-M06-06 and 400 Kg Sitagliptin dated 25-01-2019 for Batch No. M-20181222-D06-M06-03. Firm has submitted ADC attested invoice confirming import of 1000 Kg Metformin HCl from M/s Wanbury Limited India dated 16-01-2018 for Batch No. MT18751217.
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes
DATA FOR EXEMPTION FROM ONSITE INVESTIGATION OF SUBMITTED STABILITY DATA		
Administrative Portion		
1	Reference of last onsite panel inspection for instant dosage form conducted during last two years	Firm has referred to onsite inspection report of their product for Arcox (Etoricoxib) Tablets 90mg & 120mg on 17th September, 2018 and was presented in 286th Drug Registration Board meeting held on 14th – 16th November, 2018. The case was approved and the inspection report confirms following points: • The HPLC software is 21CFR Compliant as per record available with the firm. • Audit trail on the testing reports is available. • Adequate monitoring and control are available for stability chamber. Chambers are controlled and

		monitored through software having alarm system for alerts as well. • Related manufacturing area, equipment, personnel and utilities are GMP compliant.
2	Documents for the procurement of API with approval from DRAP (in case of import)	Firm has submitted ADC attested invoice confirming import of 350 Kg Sitagliptin from M/s Fuxin Long Rui Pharmaceutical Co. Ltd., China dated 27-09-2017 for Batch No. M-20170727-D03-M06-02, 350 Kg Sitagliptin dated 10-12-2018 for Batch No. M-20180921-D04-M06-06 and 400 Kg Sitagliptin dated 25-01-2019 for Batch No. M-20181222-D06-M06-03. Firm has submitted ADC attested invoice confirming import of 1000 Kg Metformin HCl from M/s Wanbury Limited India dated 16-01-2018 for Batch No. MT18751217.
3	Documents for the procurement of reference standard and impurity standards	Firm has submitted COA and invoice of reference standard.
4	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin	Firm has submitted copy of GMP certificate of M/s Fuxin Long Rui Pharmaceutical Co. Ltd., China issued by Liao Ning Food and Drug Administration, China (Certificate # LN180002). The certificate is valid till 27-03-2021. Firm has submitted copy of GMP certificate of M/s Wanbury Limited India issued by Drugs Control Administration, India (Certificate # 3083/Stores/2019). The certificate is valid till 06-02-2022.
5	Mechanism for Vendor pre-qualification	Firm has submitted copy of vendor evaluation report of Sitagliptin and Metformin HCl, filled and signed by technical persons of the firm.
6	Certificate of analysis of the API, reference standards and impurity standards	Firm has submitted COA of API and reference standard.
7	Documents for the procurement of excipients used in product development	Firm has submitted documents for procurement of excipients used in formulation of applied product.
8	List of qualified staff involved in product development with relevant experience	Firm has provided list of qualified staff of product development section and R&D Analytical Laboratory comprising of 43 qualified staff.
Production Data		
9	Authorized Protocols/SOP for the development & stability testing of trial batches	Firm has submitted authorized stability protocols / SOP for development and stability testing of trial batches.
10	Complete batch manufacturing record of three stability batches	Firm has submitted copy of Batch Manufacturing Record for all the three stability batches.
11	Record of remaining quantities of stability batches	Firm has provided following remaining quantities for each batch: 274DS03 : 388 Tablets 274DS04 : 388 Tablets 274DS05 : 388 Tablets
QA/QC Data		
12	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted copies of data logger record for stability chambers with real time and accelerated stability testing.
13	Method used for analysis of API along with COA.	Firm has submitted COA and method of analysis of API.
14	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	Firm has submitted copy of method of analysis of FPP and complete record of testing of stability batches along with chromatograms, lab reports, raw data sheets etc.

15	Reports of stability studies of API from manufacturer.	Firm has submitted stability studies reports of three batches of Sitagliptin and Metformin HCl.
16	Analysis reports for excipients used.	Firm has submitted analysis reports for all excipients used in product development
17	Drug-excipients compatibility studies.	Firm has submitted that same excipients has been used as used by innovator 'Janumet XR Tablets 100mg + 1000mg'. However, there is only difference in the film-coating material. Therefore, Drug-excipients compatibility studies were not performed.
18	Record of comparative dissolution data.	Firm has submitted data of comparative dissolution profile (in Phosphate buffer pH 6.8) with the innovator brand (Janumet XR Tablets).
19	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Audit trail on testing reports for the applied product has been submitted by the firm.

Decision: Registration Board decided to approve registration of Treviamet XR Tablets 100mg + 1000mg with Innovator's specifications by M/s Getz Pharma Pvt. Ltd 29-30, Sector 27, Korangi Industrial Area, Karachi.Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Velbuvir i.e., Sofosbuvir…400mg & Velpatasvir……100 mg", which was presented in 292nd meeting of Registration board. Registration Board decided to approve registration of above stated drug product of M/s. Wilshire Laboratories (Pvt) Ltd, Lahore **Date of inspection**: 23.05.2019.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of approval of Empagliflozin Import by ADC DRAP Lahore along with DHL invoice is attached.
3.	Documents for the procurement of reference standard and impurity standards.	The firm has document confirming the imported Empagliflozin (API) with working Reference standard of the API and all impurity Standard.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of API/ DML/GMP Certificate for M/s Zhejiang Hongyun pharmaceuticals co. Ltd, issued by Taizhou Drug Administration, is submitted.
5.	Mechanism for Vendor pre-qualification	The firm has submitted documents regarding supplier evaluation checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Copy of COA of Empagliflozin (Batch # 20170401) from M/s Zhejiang Hongyun pharmaceuticals co. Ltd, China, COA of reference standards and impurity standards submitted
7.	Documents for the procurement of excipients used in product development?	The firm has submitted photocopy of Commercial invoices/COAs of formulation of applied product
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
	Production Data	
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted photocopy of "Protocols/SOP for the Development of Empagliflozin 10mg Film Coated Tablet" & stability testing of trial batches.
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted photocopy of Batch Manufacturing Records of following 03 Batches:

Batch No.	**Batch Size**	**Mfg. Date**
T001	0.450 kg (83 Packs)	03/18
T002	0.450 kg (83 Packs)	03/18
T003	0.450 kg (83 Packs)	03/18

11.	Record of remaining quantities of stability batches.	

		T001 T002 T003	186 186 187 187 187 187	NIL NIL NIL	
QA / QC DATA					
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted photocopies of data logger record for chambers used in Real Time & Accelerated stability studies of applied product of initial six months.			
13.	Method used for analysis of API along with COA.	The firm has submitted photocopy of Raw Material Specifications, Raw Material Testing Procedures along with COA for API i.e., Empagliflozin			
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted photocopy of Finished Product Testing Procedure for "Diamant 10mg Tablet" along with Stability Study Reports.			
15.	Reports of stability studies of API from Manufacturer.	The firm has submitted photocopy of 06 months Accelerated and 06 months Long term Stability Study Data of 03 Batches (Z1215-170601, Z1215-170602 and Z1215-170603) from for M/s Zhejiang Hongyun pharmaceuticals co. Ltd, China,			
16.	Analysis reports for excipients used.	Lactose SD/DT, Microcrystalline Cellulose (Avicel 102), Hydroxy propyl cellulose, Crossceramellose Sodium, Aerosil 200, Magnesium Sterate. TC-117-220001 Yellow, RO Water,			
17.	Drug-excipients compatibility studies.	N/A			
18.	Record of comparative dissolution data.	The firm has performed comparative dissolution for "Diamant 10mg Tablet & Jardiance 10mg Tablet (Eli Lilly)" and concludes that both, reference product and test product show behavior in recommended medium (i.e, buffer pH 6.8, buffer pH 4.5, 0.1N HCl and Water. Hence dissolution profiles of Jardiance 10mg Tablet (reference product) and Diamant 10 mg Tablet (test product) arc considered similar.			
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	The firm has submitted audit trail reports of Diamant 10mg Tablet.			
Remarks of the Evaluator(VI): The firm has submitted 6 months accelerated and 22 months real time stability studies data of 3 batches.					
Decision: Deferred for submission of valid GMP certificate of API manufacturer from concerned regulatory authority of the country of origin as submitted GMP certificate is not from provincial or federal authority.					

Sr. No.	Name & Address of Manufacturer / Applicant	Brand Name (Proprietary Name + Dosage Form + Strength), Composition, Pharmacological Group, Finished Product Specification	Type of Form, Initial Diary & Date, Fee (including differential fee), Demanded Price / Pack size	International Availability / Local Availability GMP Inspection Report Date & Remarks	Previous DRB Decision / Remarks (if any)
128.	M/s Wilshire Laboratories Pvt Ltd. 124/1, Quaid-e-Azam Industrial Estate, Kot Lakhpat, Lahore.	Diamant 25 mg tablet Each film coated tablet contain: Empagliflozin …25mg (Sodium-glucose co-transporter 2 (SGLT2) inhibitors) Manufacturer's Specifications.	Form-5-D Dy. No: 1362 Dated. 10/3/2016 Rs.50,000/- (10/March/2016) 1's.., As per SRO 5's.. As per SRO 10's. As per SRO 20's.., As per SRO 30's.. As per SRO 50's. As per SRO	Jardiance tablet 25 mg by M/s Boehringer Ingelheim (USFDA Approved). Last inspection was conducted on 08-08-2019 and report concludes that firm was considered to be operating at an acceptable level of GMP compliance	

STABILITY STUDY DATA(VI)

Drug	Diamant 25 mg tablet		
Name of Manufacturer	M/s Wilshire Laboratories Pvt Ltd. 124/1, Quaid-e-Azam Industrial Estate, Kot Lakhpat, Lahore.		
Manufacturer of API	**Empagliflozin :** M/s Zhejing materials industry chemical group co. Ltd. 25 floor tower A, Zhongda plaza, Zhongshan road, Hangzhou china		
API Lot No.	**Empagliflozin:** 20170401		
Description of Pack (Container closure	2x10's Tablets in Alu Alu and Aluminium Foil		
Stability Storage Condition	Real time : 30˚C ± 2˚C / 75% ± 5% RH Accelerated: 40˚C ± 2˚C / 75% ± 5% RH		
Time Period	Accelerated: 06 Months Real Time: 22 Months		
Frequency	Accelerated: 0,1, 2,3, 4, 6 (Month) Real Time: 0,3,6, 9, 12, 18, 22 (Months)		
Batch No.	T001	T002	T003
Batch Size	0.45 kg	0.45 kg	0.45 kg
Manufacturing Date	3-2018	3-2018	3-2018
Date of Initiation	3-3-18	3-3-18	3-3-18
No. of Batches	03		
Date of Submission	13/12/18 (Dy. No. 12527)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr.#	Documents To Be Provided	Status
1.	COA of API	Yes.
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Empagliflozin:** Copy of GMP certificate issued to M/s Zhejing Hongyun pharmaceuticals co. Ltd, The said certificate has been issued by Taizhou city no Zhejiang province

3.	Protocols followed for conduction of stability Study and details of tests.	Yes
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
5.	Documents confirming import of API etc.	Empagliflozin along with working standard and all impurity standards: Copy of approval of Import of Empagliflozin by ADC DRAP Lahore along with DHL is attached.. Invoice No. 30178567 Dated: 18-05-2017 Quantity: 0.535 Kg DOM: 12-04-2017
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:
Date of submission: 28-11-2019 vide diary no. -------

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years. Administrative Portion		

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Velbuvir i.e., Sofosbuvir…400mg & Velpatasvir……100 mg", which was presented in 292nd meeting of Registration board. Registration Board decided to approve registration of above stated drug product of M/s. Wilshire Laboratories (Pvt) Ltd, Lahore **Date of inspection**: 23.05.2019.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of commercial invoice & DHL for the purchase of Empagliflozin along with Copy of approval of Import of Empagliflozin by ADC DRAP Lahore is attached. ADC Lahore DRAP attested Commercial invoice of Metformin HCl has also been submitted.
3.	Documents for the procurement of reference standard and impurity standards.	The firm has document confirming the imported Empagliflozin & Metformin HCl (API), working Reference standard of the API and all impurity Standard.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	Copy of API/ DML/GMP Certificate for M/s Zhejiang Hongyun pharmaceuticals co. Ltd, issued by Taizhou Drug Administration, and GMP Certificate for IPCA Labs Ltd issued by Licensing Authority Food & Drug Administration Madhya Pradesh is submitted.
5.	Mechanism for Vendor pre-qualification	The firm has submitted documents regarding supplier evaluation checklist.
6.	Certificate of analysis of the API, reference standards and impurity standards	Copy of COA of Empagliflozin (Batch # 20170401) from M/s Zhejiang Hongyun pharmaceuticals co. Ltd, China, COA of reference standards and impurity standards submitted. Copy of COA of Metformin HCl (Lot # 6417ML2RMI) from M/s IPCA Labs Ltd, India COA of reference standards and impurity standards submitted
7.	Documents for the procurement of excipients used in product development?	The firm has submitted photocopy of Commercial invoices/COAs of formulation of applied product.
8.	List of qualified staff involved in product development with relevant experience.	The firm has submitted List of qualified staff involved in product development department.
	Production Data	
9.	Authorized Protocols/SOP for the development & stability testing of trial batches.	The firm has submitted photocopy of "Protocols/SOP for the Development of Diamant-M 5 mg/1000 mg Film Coated Tablet" &stability testing of trial batches.
10.	Complete batch manufacturing record of three stability batches.	The firm has submitted photocopy of Batch Manufacturing Records of following 03 Batches:

Batch No.	Batch Size	Mfg. Date
T001	3.0 kg	1/18
T002	3.0 kg	1/18
T003	3.0 kg	1/18

11.	Record of remaining quantities of stability batches.	

Trial No of stability	Total no. Tablets Tablets For testing	Tablets used for of tablets

		testing T001 600 46 1733 T002 600 46 1742 T003 600 46 1732
QA / QC DATA		
12.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted photocopies of data logger record for chambers used in Real Time & Accelerated stability studies of applied product of initial six months.
13.	Method used for analysis of API along with COA.	The firm has submitted photocopy of Raw Material Specifications, Raw Material Testing Procedures along with COA for API i.e., Empagliflozin & Metformin HCl
14.	Method used for analysis of FPP & complete record of testing of stability batches (i.e. chromatograms, lab reports, raw data sheets etc.)	The firm has submitted photocopy of Finished Product Testing Procedure for "Diamant-M 5 mg/10000 mg Tablet" along with Stability Study Reports.
15.	Reports of stability studies of API from Manufacturer.	The firm has submitted photocopy of 06 months Accelerated and 06 months Long term Stability Study Data of 03 Batches (Z1215-170601, Z1215-170602 and Z1215-170603) from M/s Zhejiang Hongyun pharmaceuticals co. Ltd, China, for Empagliflozin. Also submitted photocopy of 06 months Accelerated and 60 months Long term Stability Study Data of 03 Batches (9002ML2RMI, 9003ML2RMI, 9004ML2RMI,) from M/s IPCA Labs Ltd, India for Metformin HCl.
16.	Analysis reports for excipients used.	Copovidone, Starch, Aerosil, Magnesium Stearate, TC-117-220002 Yellow, RO water
17.	Drug-excipients compatibility studies.	N/A
18.	Record of comparative dissolution data.	The firm has performed comparative dissolution for "Diamant-M 5.0mg/1000mg Tablets Wilshire Pharma) & (Synjardy 5.0mg/1000mg Tablets – Eli-Lilly) exhibited Similar Dissolution Profile in all dissolution medium 0.1N HCl, Buffer pH - 4.5, Buffer pH 6.8 and Water. So Both Products are equivalent in nature of Content Release pattern "In Vitro Comparative Dissolution Studies' has performed successfully.
19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	The firm has submitted audit trail reports of Diamant-M 5 mg/1000 mg Tablet
(VI)	The firm has submitted 6 months accelerated and 18 months real time stability studies data of 3 batches.	
Decision: Deferred for submission of valid GMP certificate of API manufacturer from concerned regulatory authority of the country of origin as submitted GMP certificate is not from provincial or federal authority.

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr.#	Documents To Be Provided	Status

1.	COA of API	**Empagliflozin:** Yes Lot no. 20170401 DOM:12-04-2017 Assay(anhy.): 99.8% from Zheiiang Hongyuan Pharmaceutical Co. Ltd, submitted **Metformin HCl:** Yes Lot no. 6417ML2RMI DOM: Dec-2016 Assay(anhy.): 99.5 % from IPCA Labs submitted
2.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Empagliflozin:** Copy of GMP certificate issued to M/s Zhejiang Hongyun pharmaceuticals co. Ltd, The said certificate has been issued by Taizhou Drug Administration. Firm has submitted copy of GMP certificate of M/s Zhejiang Hongyuan Pharmaceutical Co. Ltd. Issued by China Food and Drug Administration China. Firm has copy of a statement that Zhejiang Hongyuan Pharmaceutical Co. Ltd., is sub company of Zhejiang Material industry chemical group Co. Ltd. **Metformin HCl:** Copy of GMP certificate issued to M/s IPCA Labs Ltd. The said certificate has been issued by Licensing Authority Food & Drug Administration Madhya Pradesh, India
3.	Protocols followed for conduction of stability	Yes
	Study and details of tests.	
4.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets	Yes
5.	Documents confirming import of API etc.	**Empagliflozin along with working standard and all impurity standards:** Copy of approval of Import of Empagliflozin by ADC DRAP Lahore along with DHL is attached. Invoice No. 30178567 Dated: 18-05-2017 Quantity: 0.535 Kg DOM: 12-04-2017 **Metformin HCl along with working standard and all impurity standards:**.The firm has submitted copy of commercial invoice for the purchase of Metformin HCl attested by ADC DRAP, Lahore dated 02-01-2017
6.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
7.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
8.	Commitment to follow Drug Specification Rules, 1978.	Yes
REQUEST OF EXEMPTION FROM ON SITE INSPECTION		
The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting: Date of submission: 07-01-2020 vide diary no. -------		
Administrative Portion		

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Firm has referred to onsite inspection report of their product "Velbuvir i.e., Sofosbuvir…400mg & Velpatasvir……100 mg", which was presented in 292nd meeting of Registration board. Registration Board decided to approve registration of above stated drug product of M/s. Wilshire Laboratories (Pvt) Ltd, Lahore **Date of inspection**: 23.05.2019.
2.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of commercial invoice & DHL for the purchase of Empagliflozin along with Copy of approval of Import of Empagliflozin by ADC DRAP Lahore is attached. ADC Lahore DRAP attested Commercial invoice of Metformin HCl has also been submitted.
3.	Documents for the procurement of reference standard and impurity standards.	The firm has document confirming the imported Empagliflozin & Metformin HCl (API), working Reference standard of the API and all impurity Standard.

		Remaining fee of Rs:50000/- as product is already registered in Pakistan.	Remaining fee of Rs:50000/- Submitted. Deposit slip No# 1914215 Dated: 16-10-2019
		Justify use of Type II glass as primary packaging material while in reference agency Type I glass is used as primary packaging material.	According to the European Pharmacopoeia "3.2.1 Glass Containers for Pharmaceuticals Use" Type II glass containers are suitable for most acidic and neutral ,aqueous prepartations whether or not for parenteral administration. Our product is near neutral and aqueous solution. Therefore, Type II glass is suitable for this product.

	Previous Decision:	Deferred for Clarification/Justification on scientific gronuds for use of Type II glass container as primary packaging material for applied formulation or otherwise evidence of reference product packed in Type II glass container **(M-293)**
	Evaluation by PEC	Firm submitted that since DRAP couldn't be convinced with explanations for use of Type II glass vials , Now VEM ILAC TURKEY will now use the type I Glass vials for Pakistan and submitted declaration from VEM Ilac Sanayi ve Ticaeret A.s that they will export their product to Pakistan with Type I glass vials.
	Decision: Regtistration Board	

Case no. 04 Registration applications of drugs for which stability study data is submitted

a. New cases

373.	Name and address of manufacturer / Applicant	M/s. Martin Dow Limited, Plot No. 37, Sector 19, Koramngi Industrial Area Karachi, Pakistan
	Brand Name +Dosage Form + Strength	Dexdow Delayed Release 30mg Capsules
	Composition	Each Delayed Release Capsule contains: dexlansoprazole pellets 22.5% eq to Dexlansoprazole……..60mg
	Diary No. Date of R& I & fee	Dy.No 37115 dated 09-11-2018 Rs. 100,000/- 08-11-2018
	Pharmacological Group	Proton Pump inhibitor
	Type of Form	Form 5
	Finished product Specifications	Manufacturers specification
	Pack size & Demanded Price	30's: As per SRO
	Approval status of product in Reference Regulator Authorities	Dexilant Delayed Release Capsule 60mg of USFDA approved
	GMP status	The firm was operating at good level of compliance with GMP as per inspection report dated 06/12/2018
	Remarks of the Evaluator[4]	

STABILITY STUDY DATA	
Drug	Dexdow Delayed Release 30mg Capsules
Name of Manufacturer	M/s. Martin Dopw Limited, Plot No. 37, Sector 19, Koramngi Industrial Area Karachi, Pakistan
Manufacturer of API	M/s Vision Pharmaceuticals
API Lot No.	DLP376
Date of Submission	27-01-2020 (31664)

REMARKS OF EVALUATOR

Firm initially submitted stability data of Dexdow Delayed Release 30mg Capsules with API source from M/s Vision Pharmaceuticals, but later submitted request for withdrawal of submitted stability studies and said that they are changing the proposed source of API pellets of the said product, so it is requested to hold the evaluation till submission of revised stability studies.

Decision: Registeration Board acceded firm's request and deferred for submission of stability data as per requirement decided in 293rd meeting

REMARKS OF EVALUATOR		
i. Applied technology of Active coating for Sitagliptin in which drug is loaded via coating solution on the core tablet of metformin hydrochloride. ii. Method development study to justify 10% overage of Sitagliptin in master formulation (which is required to be based on study/scientific rationale)		
Report on Investigation of Authenticity / Genuineness of data submitted for registration of Glusimet XR (Sitagliptin + Metformin) 50mg/500mg & 50mg/1000mg Tablets by M/s Scilife Pharma Pvt. Limited, Plot # FD-57/58-A2, KCIP, Karachi.		

Reference No: F.1-2/2020-PEC dated 6th July, 2020.
Investigation Date and Time: 16th July, 2020. (Forenoon)
Investigation Site: Factory premises of M/s Scilife Pharma Pvt. Ltd. Plot # FD-57/58-A2, KCIP, Karachi.

Background:

Chairman Registration Board considered the applications of M/s Scilife Pharma Pvt. Ltd. Plot # FD-57/58-A2, KCIP, Karachi for registration of Glusimet XR (Sitagliptin + Metformin) 50mg/500mg & 50mg/1000mg Tablets and constituted a three member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm and to submit report for further consideration. It was also advised to verify:

a. Applied technology of Active coating for Sitagliptin in which drug is loaded via coating solution on the core tablet of metformin hydrochloride.
b. Product development study to justify 10%overage of Sitagliptin in master formulation (which is required to be study/scientific rationale)

Composition of Panel:

1. Dr. Rafeeq Alam Khan, Dean Faculty of Pharmacy, Ziauddin University, Karachi. (Member Registration Board).
2. Dr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.
3. Dr. Asfandyar Ajab Khan, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Glusimet XR 50/500mg and 50/1000mg tablets

Q. No.	Question	Observation by panel
1.	Do you have documents confirming the import of API?	Material used from commercial import of 50 kg Sitagliptin Phosphate monohydrate imported from M/s Fuxin long Rui Pharmaceutical co. Limited China taken ADC approval 08-03-2019 Invoice No HN190228-C Dated: 28-02-2019 and 2000 Kg Metformin HCl from M/s Aarti Drugs ltd. India taken ADC approval 11-01-2019 Invoice No. EXP/1945/18-19-27/12/2018.
2.	What was the rationale behind selecting the particular manufacturer of API?	There is proper vendor evaluation form being implemented by the firm. The parameters included in this form are, DMF status, GMP certificate, Stability data, provision of reference standard of APIs and impurities standards etc. The firm has evaluated on these criteria and both the APIs qualified and selected accordingly.
3.	Do you have documents confirming the import of reference standard and impurity standards?	The firm has documents confirming the import of USP reference standards of Sitagliptin Phosphate and Metformin HCl having ADC approval 14-11-2018 invoice no.

		19BGST48458 Dated 23-10-2018 while impurity standard received directly from manufacturer.
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	The firm has certificates of analysis of both APIs, USP reference standards and impurity standard.
5.	Do you have any approval of API or GMP certificate of API manufacturer issued by regulatory authority of country of origin?	Firm has GMP certificates of both APIs manufacturers issued by regulatory authorities of their respective country of origin.
6.	Do you use API manufacturer method of testing?	Firm has used API manufacturer`s method of testing for Sitagliptin Phosphate monohydrate and Metformin HCl has been tested as per USP monograph.
7.	Do you have stability studies reports on API?	Firm has stability studies reports on both APIs provided by the respective manufacturers
8.	If yes, whether the stability testing have been performed as per SIM method and degradation products have been quantified?	Stability testing performed as per Stability Indicating Methods (SIM) and impurities/related substances/degradation products quantified for both APIs by their respective manufacturers.
9.	Do you have method for quantifying the impurities in the API?	The firm has used manufacturer methods for Sitagliptin Phosphate monohydrate and USP method for Metformin HCl. Both the methods have the capability to quantifying the respective impurities.
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	The firm has remaining quantities of both the APIs, their reference standards and impurity standards.
11.	Have you used pharmaceutical grade excipients?	Firm has used pharmaceutical grade excipients including Hypromelloe, Microcrystalline Cellulose, Aerosil 200, Sodium Stearyl Fumarate, HPMC 6CPS, Kaolin, PEG 6000, Povidone K30, Titanium dioxide, Talc, Propyl Gallate and Opadry Blue.
12.	Do you have documents confirming the import of the used excipients?	Firm has documents confirming the import of excipients used except the one purchase from the local market. All necessary documents and certificate of analysis available with them.
13.	Do you have test reports and other records on the excipients used?	Firm has test reports and other records on the excipients used.
14.	Do you have written and authorized protocol for the development of the product?	Firm has written and authorized protocol for the development of the product.

<table>
<tr><td>15.</td><td>Have you performed Drug-excipients compatibility studies?</td><td>Firm has not performed Drug-excipients compatibility studies, as their formulation is similar to that of the innovator formulation (Janumet XR M/s MSD).</td></tr>
<tr><td>16.</td><td>Have you performed comparative dissolution studies?</td><td>Firm has performed comparative dissolution studies with Janumet XR tablets manufactured by M/S. MSD. The firm‘s product results are comparable to that of the Reference product.</td></tr>
<tr><td>17.</td><td>Do you have product development (R&D) section</td><td>Firm has equipped product development (R&D) section.</td></tr>
<tr><td>18.</td><td>Do you have necessary equipment’s available in product development section for development of the product?</td><td>Firm has necessary equipment for manufacturing of tablets in product development section. However, primary packaging (blistering) performed in commercial production area.</td></tr>
<tr><td>19.</td><td>Are the equipment in product development section qualified?</td><td>The relevant equipment in product development section are qualified.</td></tr>
<tr><td>20.</td><td>Do you have proper maintenance / calibration / re-qualification program for the equipment used in PD section?</td><td>Firm has proper maintenance / calibration / re-qualification program for the equipment used in PD section.</td></tr>
<tr><td>21.</td><td>Do you have qualified staff in product development section with proper knowledge and training in product development?</td><td>The firm has trained and qualified staff in product development section with proper knowledge and training in product development Including 03 Pharmacist, 05 Chemist and 01 Bio technologist.</td></tr>
<tr><td>22.</td><td>Have you manufactured three stability batches for the stability studies of the product as required?</td><td>The firm has manufactured three stability batches for the stability studies of Glusimet XR 50/500mg and Glusimet XR 50/1000mg tablets respectively. The details are given below,
<table>
<tr><th rowspan="2">S. #</th><th colspan="2">Glusimet 50/500mg</th><th colspan="2">Glusimet 50/1000mg</th></tr>
<tr><th>B. No.</th><th>B. Size</th><th>B. No.</th><th>B. Size</th></tr>
<tr><td>1</td><td>068B19</td><td>1000</td><td>071B19</td><td>1000</td></tr>
<tr><td>2</td><td>069B19</td><td>1000</td><td>072B19</td><td>1000</td></tr>
<tr><td>3</td><td>070B19</td><td>1000</td><td>073B19</td><td>1000</td></tr>
</table>
</td></tr>
<tr><td>23.</td><td>Do you have any criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing the batch size of stability batches, as informed by the firm, was based on the quantity required for stability study (i.e. number of tablets per testing frequency and number of testing frequencies / intervals) and minimum workingCapacity of the equipment.</td></tr>
<tr><td>24.</td><td>Do you have complete record of production of stability batches?</td><td>Firm has completed record of production of stability batches.</td></tr>
<tr><td>25.</td><td>Do you have protocols for stability testing of stability batches?</td><td>Firm has approved detailed protocol for stability testing of stability batches.</td></tr>
</table>

26.	Do you have developed and validated the method for testing of stability batches?	The Firm has developed and performed detailed analytical method validation studies for testing of stability batches.
27.	Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?	The firm has not conducted method transfer studies; however, they have validated their method properly.
28.	Do you have documents confirming the qualification of equipment / instruments being used in the test and analysis of API and the finished drug?	Firm has proper documents confirming the qualification of equipment / instruments used in the test and analysis of API and the finished drug.
29.	Do your method of analysis stability indicating?	Method of analysis is stability indicating as supported by force degradation studies.
30.	Do your HPLC software is 21CFR compliant?	The HPLC software is 21CFR Compliant as per record of the firm. Audit trail was active on all HPLC systems used in the method validation and stability study. Individual user log in and IDs were available.
31.	Can you show Audit Trail reports on product testing?	Audit trail reports were available and randomly checked.
32.	Do you have some remaining quantities of degradation products and stability batches?	Firm has remaining quantities of stability batches.
33.	Do you have stability batches kept on stability testing?	Firm has completed the accelerated stability testing on the three stability batches however; the real time stability testing is in progress on all the three stability batches. Currently 12 months study completed showing satisfactory results.
34.	Do you have valid calibration status for the equipment's used in production and analysis?	Firm has valid calibration status for the equipment used in production and analysis of the product.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Continuous power supply and monitoring are available for stability chambers.
36.	Do related manufacturing area, equipment's, personnel and utilities be rated as GMP compliant?	The related manufacturing area, equipment's, personnel and utilities be rated as GMP compliant.
37.	Additional points: a. Applied technology of Active coating for Sitagliptin in which drug is loaded via coating solution on the core tablet of metformin hydrochloride. b. Product development study to justify 10%overage of	a. Since in this formulation the core tablet of metformin hydrochloride developed as sustained release form, while the Sitagliptin taken as immediate release form in which Sitagliptin is loaded via coating solution on the sustained released core tablet of metformin hydrochloride same as that of innovator formulation JANUMET XR TABLETS.

	Sitagliptin in master formulation (which is required to be study/scientific rationale)	b. Sitagliptin is immediate release part of the product in which drug is loaded via coating solution on the sustained release core tablet of metformin hydrochloride. The coating process has the loss of the coating solution as the coating solution remains in the coating pan, adhere with the walls of the coating pan and de-dusting through exhaust during the coting process. The firm performed a study and developed scientific rationale that the 10% overage of Sitagliptin in the coating solution give the 100% Sitagliptin in the final finished product. This 10% excess considered as process loss rather than overages, which is satisfactory. However the overage will be, minimized after validation at commercial stage.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Glusimet XR (Sitagliptin + Metformin) 50mg/500mg & 50mg/1000mg Tablets is verifiable to satisfactory level.

2. The related manufacturing area, equipment, personnel and utilities are compliant to GMP standards and are suited for the manufacturing of Glusimet XR (Sitagliptin + Metformin) 50mg/500mg & 50mg/1000mg Tablets.

Decision: Registration Board decided to approve registration of Glusimet XR (Sitagliptin + Metformin) 50mg/500mg & 50mg/1000mg Tablets with Innovator's specifications by M/s Scilife Pharma. Manufacturer will place first three production batches of both products on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

377.	Name and address of manufacturer / Applicant	M/s. Sami Phmaceuticals (Pvt) Limited, F-95, S.I.T.E. Karachi.

	Remarks of the Evaluator	

S.no	Deficiencies/Shortcomings	Reply by Firm
1.	Reference provided is of OTC drug which is not	a) In our case, reference drug of PROVAS-AS Tablets is **Severe Allergy Plus Sinus Headache Tablets**, which is an OTC drug holding NDC 49035-543

	available in USFDA database. DISCLAIMER available is that: **"**OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies**".** Clarify/Justify before further processing the case.	labeled by Wal-mart Stores Inc. In PORVAS-AS; all active ingredients and their composition are the same as of Severe Allergy Plus Sinus Headache (OTC drug) whose individual ingredients viz., Paracetamol, Diphenhydramine & Phenylephrine are approved and available as individual monograph in Federal Register b) FDA's review of OTC drugs is primarily handled by CDER's Office of Drug Evaluation IV. There are more than 80 therapeutic categories of OTC drugs, ranging from acne drug products to weight control drug products. As with prescription drugs, CDER oversees OTC drugs to ensure that they are properly labeled and that their benefits outweigh their risks The Nonprescription Drug Advisory Committee meets regularly to assist the agency in evaluating the issues surrounding these products. This committee has played a major role in the growth of prescription to OTC switches in recent years Sure there are over 300,000 marketed OTC drug products, FDA reviews the active ingredients and labeling of over 80 therapeutic classes of drugs, e.g. analgesics, antacids, instead of individual drug products. For each category, an OTC drug monograph is developed and published in the Federal Register. OTC drug monographs are a kind of "recipe book" covering acceptable ingredients, doses, formulations, and labeling. Many of these monographs are found in section 300 of the Code of Federal Regulations. Once a final monograph is implemented, companies can make and market an OTC product without the need for FDA pre-approval. These monographs define the safety, effectiveness, and labeling of all marketing OTC active ingredients ***- Annexure-A*** c) Please note new products that conform to a final monograph may be marketed without further FDA review. Those which do not conform are reviewed by the New Drug Application process; a drug company may also petition to change a final monograph to include additional ingredients or to modify labeling The NDC Product information enclosed herewith contains FDA Application Number: part 341 (for OTC drugs, it is CFR citations corresponding to appropriate Monograph e.g. "part 341", for unapproved drugs this field will be null) ***- Annexure B*** d) It is further clarified that an NDA may be submitted for a direct-to-OTC drug product while many

		FDA-approved OTC drug products (i.e., OTC products that have an approved NDA) begin their lifecycle as NDA-approved prescription drugs and then eventually switch to OTC status under the NDA provisions; it is commonly referred to as an Rx-to-OTC switch; numerous products including CLARITIN (Loratidine) NEXIUM (Esomeprazole) etc. are further example of it; **approved by FDA as prescription drug initially and later switched to OTC (reference enclosed herewith)** - ***Annexure C*** e) It is pertinent to add that DRAP is also following the same principle in case of Iron preparations. Copies of M-282, M-284, M-286 & M-287 minutes of Drug Registration Board are enclosed in this context for your kind perusal – ***Annexure D***

STABILITY STUDY DATA

Drug	Provas AS Tablet		
Name of Manufacturer	M/s. Sami Phmaceuticals (Pvt) Limited, F-95, S.I.T.E. Karachi.		
Manufacturer of API	**Paracetamol:** Hebei Jiheng (Group) Pharmaceuticals co., Ltd China **Diphenhydramine HCl:** Supriya Lifesciences Ltd, India **Phenylephrine HCl:** Shenzen Oriental Pharmaceuticals co., Ltd China		
API Lot No.	**Paracetamol :** 31709016 **Diphenhydramine HCl :**SLL/DPH/1215076 **Phenylephrine HCl :** PEH-180101Y1		
Description of Pack (Container closure system)	Alu Blister		
Stability Storage Condition	Real time : 30˚C ± 2˚C / 75% ± 5% RH Accelerated: 40˚C ± 2˚C / 75% ± 5% RH

No. of Batches	3		
Date of Submission	07-03-2019 (Dy. No. 15668) 22-08-2019(DY. No. 15311)		

DOCUMENTS / DATA PROVIDED BY THE APPLICANT

Sr. No.	Documents To Be Provided	Status
17.	COA of API.	**Paracetamol:** Copy of COA by Hebei Jiheng (Group) Pharmaceuticals co., Ltd china is submitted
		Diphenhydramine HCl: Copy of COA by Supriya Lifesciences Ltd, India is submitted
		Phenylephrine HCl: Copy of COA by Shenzen Oriental Pharmaceuticals co., Ltd China is submitted

18.	Approval of API by regulatory authority of country of origin or GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Paracetamol:** Copy of GMP Certificate No. HE20160062 by Food & Drugs control Adminstration China. valid till 14-11-2021.
		Diphenhydramine HCl: Copy of GMP Certificate No. NEW-WHO-GMP/CERT/KD/67649/2018/11/25185 by Food & Drugs control Adminstration , M.S, Bandra, Mumbai. Maharashtra. India. valid till 04-10-2021.
		Phenylephrine HCl: Copy of GMP Certificate No. GD20150448 by Food & Drugs control Adminstration China. valid till 07-12-2022.
19.	Protocols followed for conduction of stability study and details of tests.	Yes
20.	Data of 03 batches will be supported by attested respective documents like chromatograms, laboratory reports, data sheets etc.	Yes
21.	Documents confirming import of API etc.	**Paracetamol:** Copy of Commercial Invoice No 1708ZP03 Dated: 19-10-2017 by Hebei Jiheng (Group) Pharmaceuticals co., Ltd China is submitted attested by ADC (Karachi) dated ;01-11-2017.
		Diphenhydramine HCl: Copy of Commercial Invoice No SLL/EXP/899/15-16 Dated: 25-03-2016 by Supriya Lifesciences Ltd, India is submitted attested by ADC(Karachi) dated ;13-04-2016.
		Phenylephrine HCl: Copy of Commercial Invoice No SZ-1804052 Dated: 11-04-2018 by Shenzen Oriental Pharmaceuticals co., Ltd China is submitted attested by ADC (Karachi) dated ;06-07-2018.
22.	All provided documents will be attested (name, sign and stamp) for ensuring authenticity of data / documents.	Yes
23.	Commitment to continue real time stability study till assigned shelf life of the product.	Yes
24.	Commitment to follow Drug Specification Rules, 1978.	Yes

REMARKS OF EVALUATOR

S.no	Deficiencies/Shortcomings	Reply by Firm
1.	GMP certificate of source of all API(s)	Submitted.
2.	Unidentified peaks & inverted peaks are appearing in Phenylephrine assay and dissolution in all time points . Please justify.	This product conatins 3 API's i.e Paracetamol, Diphenhydramine HCl and Phenyephrine HCl the identified peaks are response of paracetamol and Diphenhydramine HCl

3.	Retention time are varying on different time points for same sample .Please clarify.	Slight variation in the retention time may be observed due to multiple factors but not affecting the result. We have done the complete method validation of this testing method as per USP/ICH and method comply all the parametrs.
4.	Jusification is required for dissolution parameters including i. Dissolution apparatus ii. RPM iii. Dissolution parameters iv. Sampling time	Dissolution parameters are extracted from pharmacopeal monograph of similar product that contains Acetaminophen (Paracetamol), diphenhydramine and Pseudoephedrine tablet
5.	Jusification is required for assay of paracetamol, Diphenhydramine and phenylephrine as you have used two testing method	Method of analysis for Assay of Paracetamol and Diphenhydramine are derived from the pjharmacopeal method of Acetaminophen (Paracetamol), diphenhydraime and Pseudoephedrine while for phenylephrine HCl, method of raw material is used.

REQUEST OF EXEMPTION FROM ON SITE INSPECTION

The firm has requested for Exemption from On-site Investigation of their submitted stability data and provided the following documents in conjunction with the checklist approved by the Registration Board in its 278th Meeting:

Administrative Portion

1.	Reference of last onsite panel inspection for instant dosage form conducted during last two years.	Registration Board approved Tefod 25mg Tablets in its 288th Meeting • Date of Inspection: 28-01-2019 • The HPLC is 21CFR Compliant. • Audit trail on the testing were available
2.	Documents for the procurement of API with approval from DRAP (in case of import).	**Paracetamol:** Copy of Commercial Invoice No 1708ZP03 Dated: 19-10-2017 by Hebei Jiheng (Group) Pharmaceuticals co., Ltd China is submitted attested by ADC (Karachi) dated ;01-11-2017.
		Diphenhydramine HCl: Copy of Commercial Invoice No SLL/EXP/899/15-16 Dated: 25-03-2016 by Supriya Lifesciences Ltd, India is submitted attested by ADC(Karachi) dated ;03-04-2016.
		Phenylephrine HCl: Copy of Commercial Invoice No SZ-1804052 Dated: 11-04-2018 by Shenzen Oriental Pharmaceuticals co., Ltd China is submitted attested by ADC (Karachi) dated ;06-07-2018.
3.	Documents for the procurement of reference standard and impurity standards.	The firm has submitted photocopy of Invoices for the procurement of reference standard and impurity standards.
4.	Approval of API/ DML/GMP certificate of API manufacturer issued by regulatory authority of country of origin.	**Paracetamol:** Copy of GMP Certificate No. HE20160062 by Food & Drugs control Adminstration China. valid till 14-11-2021.
		Diphenhydramine HCl:

19.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing.	Firm has submitted audit trail reports for complete stability studies analysis of three batches

Remarks of Evaluator:

S.no	Deficiencies/Shortcomings	Reply by Firm
1.	Composition of Paracetamol 326.7951mg & Diphenhydramine 25.16mg while label claim for Paracetamol 325mg & Diphenhydramine 25mg. Clarify.	The quantity of API(Paracetamol) as per label is 325mg/tablet whereas the calculated quanitity of API is 326.7951mg/tablet which is according to its potency. However, the quanitity of API per tablet will remain same as of label claim i.e, 325mg/tablet. The quantity of API(Paracetamol) as per label claim is 25mg/tablet whereas the calculated quanitity of API is 25.16mg/tablet which is according to its potency. However, the quanitity of API per tablet will remain same as of label claim i.e, 25mg/tablet.
2.	Authorized P rotocols/SOP for the development & stability testing of trial batches not submitted.	Submitted
3.	COA of reference standards and impurity standards not submitted.	Firm submitted leaflet from EDQM and submit reply that EDQM does not provide certificate of analysis for European Pharmacopeia reference standard. The EDQM provides an information leaflet that contains all of the information need to carry out the testes and assays described in the related monographs Two different leaflets are being attached therein, Potency has been provided in one leaflet whereas another leaflet doesn't mention potency.
4.	COA of maiz starch not signed by manufacturer.	COA is generated by system and needs no sign.
5.	You have not performed uniformity of dosage unit by content uniformity, as recommended by USP General Chapter <905> throughout stability studies. Justification shall be submitted in this regard.	Content uniformity testing performed in july 2018 of 3 batches Lab-01,Lab-02& Lab-03 submitted.
6.	F2 calculation for phenylephrine in comparative dissolution not submitted.	F2 calculation for phenylephrine in comparative dissolution submitted.
7.	Accelerated stability studies for API Phenylephrine according to Zone IV-A not submitted.	Submitted

8.	Accelerated stability & long term studies for Paracetamol are of different batches. Clarify.	Because the Accelerated stability testing condition of IV zone B is same as the Accelerated stability testing condition of I and II (temperature 40°C ± 2°C & 75±5%RH) so for Accelerated stability testing , we didn't do for Batch 011703029/011710020/011710019.
9.	In accelerated stability , auditrail for assay at 4th month not submitted..	Submitted.

Previous Decision(M-293):

Registration board decided to consider the case after onsite inspection by the panel for verification of authenticity of submitted stability studies data due to following observation in the stability data:

- Unidentified peaks & inverted peaks are appearing in Phenylephrine assay and dissolution in all time points.
- Retention time are varying on different time points for same sample.

Report on Investigation of Authenticity / Genuineness of data submitted for registration of Provas AS (Paracetamol, Phenylephrine HCl and Diphenhydramine HCl) Tablets by M/s Sami Pharmaceuticals Pvt. Limited, Karachi.

Reference No: F.1-2/2020-PEC dated 18th February, 2020.
Investigation Date and Time: 28th June, 2020. (Forenoon)
Investigation Site: Factory premises of M/s Sami Pharmaceuticals Pvt. Ltd. Karachi.

Background:

Registration Board in its 293rd meeting considered the applications of M/s. Sami Pharmaceuticals (Pvt.) Ltd., Karachi for registration of Provas AS (Paracetamol, Phenylephrine HCl and Diphenhydramine HCl) Tablets and constituted a two member panel to investigate the authenticity / genuineness of data (import of raw material and stability data). Panel was advised to conduct inspection of the firm and to submit report for further consideration.

1. Unidentified peaks and inverted peaks are appearing in Phenylephrine assay and dissolution in all time points.
2. Retention time are varying in different time points for same sample.

Composition of Panel:

1. Dr. Sidra Yasmeen, Assistant Director, Drug Regulatory Authority of Pakistan, Karachi.
2. Dr. Affan Ali Qureshi, Assistant Director, CDL, DRAP, Karachi.

Scope of investigation:

Investigation of the authenticity / genuineness of data (import of raw material and stability data), manufacturing of stability batches and stability studies on these batches.

Tools for Investigation:

The investigation was conducted by using a structured questionnaire of DRAP. For objective evidence physical inspection of the facilities for manufacturing and quality control, material used and retained, personnel involved, ongoing studies, printed data and integrity and security of data in respective databases were also audited. The details of investigation may be summarized as under:

Details of Investigation:

S. No.	Questions	Remarks

<table>
<tr>
<td>1.</td>
<td>Do you have documents confirming the import API including approval from DRAP?</td>
<td>

		4-Chloroacetanilide (Acetaminophen RCJ) pharmaceutical secondary standard	Sigma Aldrich	LRAA9623	1g
4.	Do you have certificate of Analysis of the API, reference standards and impurity standards?	Firm have certificates of analysis for API, reference standards and impurity standards			
5.	Do you have GMP certificate of APIs manufacturer issued by regulatory authority of country of origin?	Firm has GMP certificate for Paracetamol of M/s. Hebei Jiheng (Group) Pharmaceutical Co. Ltd. issued by Hubei Food and Drug administration – China, Diphenhydramine HCl of M/s. Supriya Lifescience Ltd issued by M/S. Bandra (E) Mumbai. Maharashtra state -India. Phenylephrine Hydrochloride of M/s. Shenzhen Oriental Pharmaceutical Co. Ltd issued by Food and Drug administration – China.			
6.	Do you use APIs manufacturer method of testing for testing APIs?	Firm has used pharmacopoieal method of testing for APIs.			
7.	Do you have stability studies reports on API?	The firm has stability studies report of APIs, Paracetamol, Phenylephrine HCl, Diphenhydramine HCl conducted by API manufacturer.			
8.	If yes, whether the stability testing has been performed as per SIM method and degradation products have been quantified?	The manufacturer of API has performed the stability studies of APIs as per SIM Method and the Related Substance have been quantified by the API manufacturer			
9.	Do you have method for quantifying the impurities in the API?	The firm has methods for quantifying the impurities in API.			
10.	Do you have some remaining quantities of the API, its reference standard and impurities standards?	The firm has 440g of Diphenhydramine HCl and 44g Phenylephrine HCl but has consumed all reference standards and impurity standards.			
11.	Have you used pharmaceutical grade excipients?	The firm has used pharmaceutical grade excipients			
12.	Do you have documents confirming the import of the used excipients?	The firm has documents confirming the import of the used excipients.			
13.	Do you have test reports and other records on the excipients used?	The firm has test reports and other records on the excipients.			
14.	Do you have written and authorized protocols for the development of Provas AS Tablets.?	The firm has written and authorized protocol for the development of Provas AS Tablets.			
15.	Have you performed Drug-excipients compatibility studies?	The firm has used same excipients as used by the innovator. However, compatibility studies were also performed for maximum assurance.			

<table>
<tr><td>16.</td><td>Have you performed comparative dissolution studies?</td><td>The firm has performed comparative studies with innovator Equate (Severe Allergy Plus Sinus Headache) Tablet, distributed by Wal-Mart Store Inc, Bentonville, AR 72716.</td></tr>

</table></td></tr>
<tr><td>23.</td><td>Do you have any criteria for fixing the batch size of stability batches?</td><td>The criteria for fixing the batch size of stability batches are the number of Tablets per testing frequencies.</td></tr>
<tr><td>24.</td><td>Do you have complete record of production of stability batches?</td><td>The firm has complete record for the stability batches of Provas AS Tablet.</td></tr>
<tr><td>25.</td><td>Do you have protocols for stability testing of stability batches?</td><td>The firm has protocols for testing of stability batches.</td></tr>
<tr><td>26.</td><td>Do you have developed and validated the method for testing of stability batches?</td><td>The firm has developed and validated method of testing of finish product Provas AS Tablet, based on method of testing of API.</td></tr>
<tr><td>27.</td><td>Do you have method transfer studies in case when the method of testing being used by your firm is given by any other lab?</td><td>Method transfer studies are not applicable as the firm developed and validated their own method.</td></tr>
<tr><td>28.</td><td>Do you have documents confirming the qualification of equipments / instruments being used in the test and analysis of API and the finished drug?</td><td>The firm has proper documents confirming the qualification of equipment / instruments being used in the test and analysis of the Provas AS tablets.</td></tr>
<tr><td>29.</td><td>Does your method of analysis stability indicate?</td><td>The firm’s Method of analysis is Stability indicating supported by forced degradation.</td></tr>
<tr><td>30.</td><td>Do your HPLC software 21CFR Compliant?</td><td>The HPLC software’s are 21CFR compliant.</td></tr>
<tr><td>31.</td><td>Can you show Audit trail reports?</td><td>The firm has audit trail Reports on testing.</td></tr>
</table>

32.	Do you have some remaining quantities of degradation products and stability batches?	The firm has some remaining quantities of stability batches only.
33.	Do you have stability batches kept on stability testing?	The firm has three stability batches kept on stability for Real time stability testing. 18 Months Real Time and 6 months Accelerated stability studies has been completed.
34.	Do you have valid calibration status for the equipments used in Provas AS Tablets production and analysis?	The firm has valid calibration status for the equipment used in Provas AS Tablets production and analysis.
35.	Do proper and continuous monitoring and control are available for stability chamber?	Adequate monitoring and control are available for stability chamber. Chambers are controlled and monitored through 21CFR compliant software.
36.	Do related manufacturing area, equipment, personnel and utilities be rated as GMP compliant?	Related manufacturing area, equipment, personnel and utilities are rated as GMP compliant.
37.	Any other query raised by Registration Board: 1. Unidentified peaks and inverted peaks are appearing in Phenylephrine assay and dissolution in all time points. 2. Retention time are varying in different time points for same sample.	1. The panel reviewed the investigation performed by the firm which concluded as on the basis of study the unidentified peaks are of Paracetamol and Diphenhydramine HCl, which are also observed in the submitted dossier. However, the estimation of Phenylephrine HCl was not affected due to these peaks. 2. The panel also reviewed investigation of the firm for varying retention time, the firm has performed root cause analysis and concluded as the change in retention time was due to addition of freshly prepared mobile phase due to less amount of mobile phase, the firm changed the protocol and started preparing double amount of mobile phase initially so that such events may not occur again. The panel reviewed the data of the firm for later time points of real time stability studies and found the product stable and satisfactory.

Conclusions:

1. On the basis of risk-based approach the genuineness / authenticity of stability data submitted by the firm for registration of Provas AS (Paracetamol, Phenylephrine HCl and Diphenhydramine HCl) Tablets is verifiable to highly satisfactory level.
2. The related manufacturing area, equipments, personnel and utilities are compliant are suited for the manufacturing of Provas AS Tablets.

Decision: Registration Board decided to approve registration of Provas AS Tablets(Paracetamol ..325mg, Diphenhydramine HCl ..25mg, Phenylephrine HCl ..5mg).with Innovator's specifications by M/s Sami Phmaceuticals. Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months.

Case no. 05 Miscellaneous cases

378.	Name and address of manufacturer / Applicant	M/s Saydon Pharmaceutical Industries Pvt Ltd. 77-A, Hayatabad Industrial Estate, Peshawar
	Brand Name +Dosage Form + Strength	Oxab 150mg Tablet
	Composition	Each Film Coated Tablet Contains: Oxcarbazepine…….150mg

	Diary No. Date of R& I & fee	Dy.No. 16639 dated 07-05-2018 Rs.20,000/- Dated 07-05-2018
	Pharmacological Group	Antiepileptic
	Type of Form	Form 5
	Finished product Specifications	USP
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	MHRA approved
	Me-too status (with strength and dosage form)	Telox 150mg Tablets of M/S Platinum Pharmaceutical,
	GMP status	"Last GMP inspection conducted on 13-02-20**18"**
	Previous remarks of the Evaluator.	
	Previous decision(s)	Deferred for following reasons: Deferred for updated status of GMP of the firm form QA & LT division as inspection report submitted by firm does not conclude GMP compliant status. **(M-290)**
	Evaluation by PEC	22-10-2018 and 22-11-2018 Conclusion: Overall the firm was in good working condition and following the GMP guidelines as per Drugs, Act, 1976 and rules framed there under. Based on the area inspected the people met and document reviewed and considering the findings of inspection of M/s Saydon Peshawar is considered to be operated at acceptable level of compliance with GMP guideline as per Drugs, Act, 1976 and rules framed there under.
	Previous Decision (M-293): Decision was not recorded.	
	Decision: Approved.	

Agenda of Evaluator PEC-XI

Case no. 01 Registration applications for local manufacturing of (Human) drugs

New cases

379.	Name and address of manufacture / Applicant	M/s Jawa Pharmaceuticals Pvt Ltd 112/10, Quaid e Azam Industrial Area, Kot Lakhpat, Lahore
	Brand Name + Dosage Form and Strength	Jfenac P 75mg Tablet
	Composition	Each Film Coated Tablet Contains: Diclofenac potassium…..75mg
	Dairy No. date of R &I fee	Form-5 Dy.No 7521 dated 21-02-2019 Rs.20,000/- Dated 21-02-2019
	Pharmacological Group	NSAID
	Type of form	Form 5
	Finished product specifications	USP
	Pack size and Demand Price	2x10's; As per SRO
	Approval status of product in Reference Regulatory Authorities	
	Me-too-status	Valron-P 75 tablets by M/s Venus Pharma (Reg#078831)
	GMP Status	The firm was inspected on 18-07-2017 and conclusionof inspection was: Based on areas inspected, documents checked and interaction with the management the firm M/s Jawa Pharmaceuticals Pvt Ltd Lahore was considered to be operating **at the satisfactory level of GMP** compliance as per Drugs, Act, 1976 and rules framed thereunder.

	Remark of the Evaluator [XI]	• The firm provided the evidence of **cataflam tablets USFDA** approved which could not be verified in the applied strength • The firm revised master formulation and replaced methylene chloride with IPA in coating composition. • Upon clarification for addition of 5% overage the firm replied that they use 5% excess of active material to make their product more effective and stable.
	Decision: Deferred for evidence of approval of applied formulation in reference regulatory authorities/agencies which were adopted by the Registration Board in its 275th meeting.	
380.	Name and address of manufacture / Applicant	M/s Jawa Pharmaceuticals Pvt Ltd 112/10, Quaid e Azam Industrial Area, Kot Lakhpat, Lahore
	Brand Name + Dosage Form and Strength	Jfenac 100mg SR Tablet
	Composition	Each Tablet Contains: Diclofenac Sodium…100mg
	Dairy No. date of R &I fee	Form-5 Dy.No 7524 dated 21-02-2019 Rs.20,000/- Dated 21-02-2019
	Pharmacological Group	NSAID
	Type of form	Form 5
	Finished product specifications	USP
	Pack size and Demand Price	3x10's; As per SRO
	Approval status of product in Reference Regulatory Authorities	VOLTAREN-XR (diclofenac sodium film coated extended-release) tablets 100mg, (USFDA Approved) **Discontinued** **Federal Register determination that product was not discontinued or withdrawn for safety or efficacy reasons**
	Me-too-status	Heltron SR Tablets 100mg by M/s Heal Pharmaceuticals (Reg#84235)
	GMP Status	The firm was inspected on 18-07-2017 and conclusionof inspection was: Based on areas inspected, documents checked and interaction with the management the firm M/s Jawa Pharmaceuticals Pvt Ltd Lahore was considered to be operating **at the satisfactory level of GMP** compliance as per Drugs, Act, 1976 and rules framed thereunder.
	Remark of the Evaluator [XI]	• The firm have revised the label claim from uncoated to film coated tablets along with submission of Rs 5000/- on deposite slip No. 2026317 dated 03.06.2020. The correct label claim is; Each film coated extended release Tablet Contains: Diclofenac Sodium……100mg • Upon clarification for addition of 5% overage the firm replied that they use 5% excess of active material to make their product more effective and stable.
	Decision: Deferred for justification of addition of 5% overage in the formulation.	
381.	Name and address of manufacture / Applicant	M/s Jawa Pharmaceuticals Pvt Ltd 112/10, Quaid e Azam Industrial Area, Kot Lakhpat, Lahore
	Brand Name + Dosage Form and Strength	Joxycycline 100mg Capsule
	Composition	Each Capsule Contains: Doxycycline (as Hyclate)……100mg
	Dairy No. date of R &I fee	Form-5 Dy.No 7523 dated 21-02-2019 Rs.20,000/- Dated 21-02-2019
	Pharmacological Group	Tetracycline

	Type of form	Form 5
	Finished product specifications	USP
	Pack size and Demand Price	1x10's, 10x10's; As per SRO
	Approval status of product in Reference Regulatory Authorities	Doxycycline 100mg Capsules MHRA Approved.
	Me-too-status	Medox Capsule 100mg by M/s Maxitech, (Reg#84781)
	GMP Status	The firm was inspected on 18-07-2017 and conclusionof inspection was: Based on areas inspected, documents checked and interaction with the management the firm M/s Jawa Pharmaceuticals Pvt Ltd Lahore was considered to be operating **at the satisfactory level of GMP** compliance as per Drugs, Act, 1976 and rules framed thereunder.
	Remark of the Evaluator [XI]	• Upon clarification for addition of 5% overage the firm replied that they use 5% excess of active material to make their product more effective and stable.
	Decision: Deferred for justification of addition of 5% overage in the formulation.	
382.	Name and address of manufacture / Applicant	M/s Jawa Pharmaceuticals Pvt Ltd 112/10, Quaid e Azam Industrial Area, Kot Lakhpat, Lahore
	Brand Name + Dosage Form and Strength	Jincomycin 500mg Capsule
	Composition	Each Capsule Contains: Lincomycin (as HCl)…..500mg
	Dairy No. date of R &I fee	Form-5 Dy.No 7522 dated 21-02-2019 Rs.20,000/- Dated 21-02-2019
	Pharmacological Group	Antibacterials For Systemic Use
	Type of form	Form 5
	Finished product specifications	USP
	Pack size and Demand Price	3x4's; As per SRO
	Approval status of product in Reference Regulatory Authorities	Lincocine 500mg Capsule ANSM France approved
	Me-too-status	F-Linco 500mg capsule by M/s Fresh Pharmaceuticals (Reg#080450)
	GMP Status	The firm was inspected on 18-07-2017 and conclusionof inspection was: Based on areas inspected, documents checked and interaction with the management the firm M/s Jawa Pharmaceuticals Pvt Ltd Lahore was considered to be operating **at the satisfactory level of GMP** compliance as per Drugs, Act, 1976 and rules framed thereunder.
	Remark of the Evaluator [XI]	• Upon clarification for addition of 5% overage the firm replied that they use 5% excess of active material to make their product more effective and stable.
	Decision: Deferred for justification of addition of 5% overage in the formulation.	
383.	Name and address of manufacture / Applicant	M/s Pakistan Pharmaceutical Products Pvt Ltd. D-122, Sindh Industrial Trading Estate, Karachi
	Brand Name + Dosage Form and Strength	Misal 50mg Tablet
	Composition	Each Tablet Contains: Amisulpride…..50mg
	Dairy No. date of R &I fee	Form-5 Dy.No 5108 dated 06-02-2019 Rs.20,000/- Dated 06-02-2019
	Pharmacological Group	Antipsychotics (Benzamides)
	Type of form	Form 5
	Finished product specifications	BP
	Pack size and Demand Price	1x10's; As per SRO

	Approval status of product in Reference Regulatory Authorities	Amisulpride 50mg Tablets MHRA Approved
	Me-too-status	Amilia 50mg Tablet by M/s Evolution Pharmaceuticals (Reg#101611)
	GMP Status	The firm was inspected on 1-10-2018 and conclusion of inspection was: The firm is found to be complying at a good level of GMP compliance at the time of inspection. Continuous improvement for procedures shall be followed in letter and spirit as cGMP guidelines per the Drugs Act, 1976, Drap Act 2012 and rules framed there under.
	Remark of the Evaluator [XI]	• The firm revised the 1st page of form 5 as per prescribed format. • The firm submitted complete manufacturing outline mentioning all the steps (compression, blistering and packing processes).
	Decision: Approved.	
384.	Name and address of manufacture / Applicant	M/s Pakistan Pharmaceutical Products Pvt Ltd. D-122, Sindh Industrial Trading Estate, Karachi
	Brand Name + Dosage Form and Strength	Misal 100mg Tablet
	Composition	Each Tablet Contains: Amisulpride……100mg

	Me-too-status	Gabica 75mg Capsules by M/s Getz Pharma (Reg#47365)
	GMP Status	The firm was inspected on 29-01-2019 and was overall GMP compliant
	Remark of the Evaluator [XI]	• The firm revised the 1st page of form 5 as per approved format duly signed by the signatory
	Decision: Approved with innovator's specifications.	
455.	Name and address of manufacture / Applicant	M/s Hiranis Pharmaceuticals Pvt Ltd. Plot No. E-145 to E-149, North Western Industrial Zone, Port Qasim, Karachi, Pakistan

	Brand Name + Dosage Form and Strength	Ultradol Tablet 50mg
	Composition	Each Film Coated Tablet Contains: Tramadol HCl……50mg
	Dairy No. date of R &I fee	Form-5 Dy.No 10817 dated 05-03-2019 Rs.20,000/- Dated 01-03-2019
	Pharmacological Group	Opioid analgesic
	Type of form	Form-5
	Finished product specifications	USP
	Pack size and Demand Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	ULTRAM (50mg) film tablets, USFDA Approved.
	Me-too-status	Allay 50mg Tablet by M/s Tabros Pharma (Reg#74963)
	GMP Status	The firm was inspected on 29-01-2019 and was overall GMP compliant
	Remark of the Evaluator [XI]	• The firm revised the 1st page of form 5 as per approved format alongwith undertaking at the end of form 5 signed by the technical persons
	Decision: Approved.	
456.	Name and address of manufacture / Applicant	M/s Hiranis Pharmaceuticals Pvt Ltd. Plot No. E-145 to E-149, North Western Industrial Zone, Port Qasim, Karachi, Pakistan
	Brand Name + Dosage Form and Strength	Alavert-D Tablet 5/120mg
	Composition	Each film coated extended-release tablet contains: Loratadine …….....5mg Pseudoephedrine Sulfate ……...120mg
	Dairy No. date of R &I fee	Form-5 Dy.No 10936 dated 05-03-2019 Rs.20,000/- Dated 01-03-2019
	Pharmacological Group	Sympathomimetics (Nasal Decongestants)
	Type of form	Form-5
	Finished product specifications	Manufacturer's specifications
	Pack size and Demand Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	Claritin-D (5mg;120mg) Extended Release tablets USFDA Approved
	Me-too-status	Softin- P tablet of M/s Werrick Pharma (Reg. # 060094) Could not be confirmed as extended- release tablet
	GMP Status	The firm was inspected on 29-01-2019 and was overall GMP compliant
	Remark of the Evaluator [XI]	• The firm revised the 1st page of form 5 as per prescribed format but submitted without applicant signature. • The firm submitted revised form 5 and revised the label claim from bilayered tablet to film coated extended release tablet along with submission of Rs. 5000/- on deposit slip No. 2048070 dated 29.07.2020. The also submitted revised master formulation and manufacturing outline. • However, the reference formulation contains contains 5 mg loratadine in the tablet coating (immediate release) and 120mg pseudoephedrine sulfate equally distributed between the tablet coating (immediate release) and the barrier-coated core (extended release). The two active components in the coating are quickly liberated; release of the decongestant in the core is delayed for several hours. • The manufacturing method of the applied product is not as per reference formulation

	Decision: Deferred for submission of manufacturing outline as per reference formulation.	
457.	Name and address of manufacture / Applicant	M/s Hiranis Pharmaceuticals Pvt Ltd. Plot No. E-145 to E-149, North Western Industrial Zone, Port Qasim, Karachi, Pakistan

Based on the people met and documents reviewed overall GMP of the firm rated as GOOD.
	Remark of the Evaluator [XI]	• The firm have submitted revised form 5 revising the label claim from uncoated to film coated tablets and corrected the salt form of amlodipine along with submission of Rs. 5000/- on deposite slip No. 1996022 dated 06.08.2020. The correct label claim is: Each film coated Tablet Contains: Amlodipine Besylate eq. to Amlodipine……..10mg Olmesartan Medoxomil……..…40mg
	Decision: Approved with innovator's specifications.	
469.	Name and address of manufacture / Applicant	M/s Jaskon Pharmaceuticals Pvt Ltd 5- Sundar Industrial Estate, Lahore
	Brand Name + Dosage Form and Strength	Simzet 10/40mg Tablet
	Composition	Each film coated Tablet Contains: Ezetimibe……10mg Simvastatin……..40mg
	Dairy No. date of R &I fee	Form-5 Dy.No 10434 dated 05-03-2019 Rs.20,000/- Dated 04-03-2019
	Pharmacological Group	Lipid lowering agent/HMG-CoA reductase inhibitor
	Type of form	Form-5
	Finished product specifications	Manufacturer's specifications

	Pack size and Demand Price	7's, 10's, 14's, 50's; As per SRO
	Approval status of product in Reference Regulatory Authorities	VYTORIN (ezetimibe and simvastatin) (10/10, 10/20, 10/40, 10/80) tablets USFDA Approved
	Me-too-status	Simbex tablet 10/40 by M/s Searle Pharma (Reg#44050)
	GMP Status	A panel inspection was conducted on 13.03.2018 and conclusion of inspection was: Keeping in view the compliance submitted by the firm and inspection conducted by the panel, the resumption of production to M/s Jakson Pharma Lahore is recommended
	Remark of the Evaluator [XI]	• The firm did not submit undertaking at the end of form 5. • The firm submitted that they have applied for film coated tablet as evident from annexure-F (description of specifications) and master formulation (but reference formulation is uncoated). • The chemistry review Vytorin of USFDA states that in solid state, oxidation of simvastatin can occur, especially at elevated temperature, therefore, butylated hydroxyanisole is added to the drug substance. Butylated hydroxyanisole NF, citric acid monohydrate USP, and propyl gallate NF. • Hence, based on the information extracted from Public assessment report it is concluded that simvastatin losses to thermal degradation in the presence of oxygen, antioxidants shall be added in the formulation. These antioxidants shall also be quantified by suitable test method. The manufacturing of the applied formulation should also be as per innovator that involves the following steps: a) sifting of the main excipients b) preparation of the drug dispersion c) top spray granulation and drying d) spraying of the antioxidants solution on the granules, e) dry screening, f) blending and lubrication g) compression Moreover, the shelf life accepted is 18 months if stored in aluminum-aluminum blisters not above 25°C. As Zone IV A is more severe condition the shelf life will be more stringent.
	Decision: Approved with innovator's specifications.

	Approval status of product in Reference Regulatory Authorities.	**Could not be confirmed**
	Me-too status	Dysflex Tablet (Glucosamine as Sulphate Sodium Chloride). Reg. No. 65964
	GMP status	The firm was inspected on 07.12.2017 with the following conclusion: "All the observations pointed out during the inspection were discussed with management and they assured for early compliance. Overall rating of GMP was found good at the time of inspection."
	Remarks of the Evaluator(IX)	• The firm was asked to provide proof of reference product (same strength and formulation) in reference regulatory agencies as defined in 275th meeting of the registration Board. • The firm has applied for Glucosamine Sulphate as Sodium Chloride Salt…500mg. The firm was asked to justify in line with the reference product. The firm revised the label claim from: Glucosamine Sulphate as Sodium Chloride Salt…500mg Chondroitin Sulphate as Sodium Salt…400mg to: Glucosamine Sulphate…500mg Chondroitin Sulphate…400mg • This does not match with the reference product.
	Decision: Deferred for revision of formulation in line with reference product alonwith appliacable fee.	

741.	Name and address of manufacturer/ Applicant	M/s Avant Pharmaceuticals. M-028 H.I.T.E, Lasbela, Baluchistan
	Brand Name + Dosage Form + Strength	Avedopa 250/25 mg Tablet
	Composition	Each Film Coated Tablet Contains: Levodopa…250mg Carbidopa…25mg
	Diary No. Date of R & I & fee	Dy. No. 8747; 27.02.2019 PKR. 20,000/-; 27.02.2019
	Pharmacological Group	
	Type of Form	Form 5
	Finished product Specification	The firm has claimed innovator's specifications
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities.	Co-Careldopa 25 mg/250 mg tablets. MHRA approved
	Me-too status	Validopa Tablets. Reg. No. 31109
	GMP status	The firm was inspected on 07.12.2017 with the following conclusion: "All the observations pointed out during the inspection were discussed with management and they assured for early compliance. Overall rating of GMP was found good at the time of inspection."
	Remarks of the Evaluator[IX]	• Revise Carbidopa to Carbidopa as monohydrate in the label claim. • You have applied for film-coated tablet. Provide proof of reference product (same strength and formulation) in reference regulatory agencies as defined in 275th meeting of the registration Board. Otherwise, revise the formulation to uncoated tablet along with submission of applicable fee.
	Decision: Deferred for: • **Revision of Carbidopa to Carbidopa as monohydrate in the label claim.** • **Revision of formulation in line with the reference product along with submission of applicable fee.**	
742.	Name and address of manufacturer/ Applicant	M/s Avant Pharmaceuticals. M-028 H.I.T.E, Lasbela, Baluchistan
	Brand Name + Dosage Form + Strength	Bupredol SR 150mg Tablet
	Composition	Each Film Coated Tablet Contains: Bupropion HCl…150mg
	Diary No. Date of R & I & fee	Dy. No. 8744; 27.02.2019 PKR. 20,000/-; 27.02.2019
	Pharmacological Group	
	Type of Form	Form 5
	Finished product Specification	The firm has claimed USP specifications, wherein 25-45% drug release criterion has been mentioned in initial 1 h. moreover no gastric-resistant dissolution testing is present.
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities.	Zyban® 150 mg prolonged release tablets, film-coated. MHRA approved Zyban 150 mg prolonged release tablets, film-coated. HPRA approved
	Me-too status	Zylexx SR Tablets 150mg. Reg. No. 35470
	GMP status	The firm was inspected on 07.12.2017 with the following conclusion: "All the observations pointed out during the inspection were discussed with management and they assured for

		early compliance. Overall rating of GMP was found good at the time of inspection."
	Remarks of the Evaluator(IX)	• The firm revised bupropion to bupropion HCl in the label claim and master formula along WITHOUT submission of applicable fee. • The firm had applied for SR tablet. The firm revised the label claim from "Each Film Coated prolonged release tablet contains". • The firm has mentioned acrycoat in the core materials and has mentioned SR coating as a separate step but did not mention final coating in the manufacturing outlines. Upon clarification, the firm mentioned only one coating. • Bupropion HCl retard Teva 150 mg, modified-release tablets in Netherlands consists of pre-blending, wet granulation, drying, milling, blending final blending, compression, extended release coating, delayed release coating and packaging. However, in case of Bupropion HCl Sandoz retard 150 mg and 300 mg, modified-release tablets, the tablet cores are subsequently coated by the prolonged releasing ethyl cellulose coating, a gastro-resistant coating, and a hydrophilic film coating and finally imprinted. But Zyban 150 mg prolonged release tablets, film-coated, in HPRA does not depict delayed release coating.
	Decision: Deferred for: • **Fee for revision of salt form.** • **Clarification of formulation from the firm in line with the reference product.**

b. Deferred cases

844.	**Name and address of manufacturer / Applicant**	**M/s Sigma pharma International Pvt Ltd. Plot # E-50, North Western Industrial Zone, Bin Qasim, Karachi, Pakistan**
	Brand Name +Dosage Form + Strength	Ftaft EC 500mg Tablet

	Composition	Each enteric coated tablet contains: Naproxen…500mg
	Diary No. Date of R& I & fee	Dy No. 22942: 03.07.2018 PKR 20,000/-: 03.07.2018
	Pharmacological Group	Propionic acid derivatives.
	Type of Form	Form 5
	Finished Product Specification	USP
	Pack size & Demanded Price	20's; As per DRAP policy
	Approval status of product in Reference Regulatory Authorities.	Naproxen 500 mg Gastro-resistant Tablets. **MHRA** approved
	Me-too status	Naps 500mg Tablet. Reg. No. 83344
	GMP status	The firm has been issued GMP certificate on the basis of inspection dated 15.09.2017.
	Remarks of the Evaluator (IX).	• The applicant/signatory's name was missing in Form 5. The firm submitted revised form 5. Name of signatory is missing at first place in Form 5; mentioned along with signature • The firm mentioned term EC in the brand name and applied for enteric coated tablet. Upon clarification, the firm submitted label claim as "Each enteric coated tablet contains". However, no coating compostion and coating process has been submitted.
	Previous decision	The Board in its 291st meeting deferred the case for submission of correct master formula and manufacturing outlines.
	Evaluation by PEC	The firm submitted revised Master formula and manufacturing outlines. Form 5 has been signed by manager regulatory affairs.
	Decision: Approved.	
845.	**Name and address of manufacturer / Applicant**	**Sigma Pharma International (Pvt) Ltd., Plot # E-50, North Western Industrial Zone, Bin Qasim, Karachi, Pakistan**
	Brand Name +Dosage Form + Strength	Masaco Tablet 800mg
	Composition	Each dealyed release tablet contains: Mesalazine…….800mg
	Diary No. Date of R& I & fee	Dy No. 6962: 23.02.2018 PKR 20,000/-: 23.02.2018
	Pharmacological Group	Aminosalicylic acid and similar agents
	Type of Form	Form 5
	Finished Product Specification	BP
	Pack size & Demanded Price	As per DRAP Policy
	Approval status of product in Reference Regulatory Authorities.	ASACOL® HD (mesalamine) delayed-release tablets, for oral use. **MHRA** approved Octasa 800 mg Modified Release Tablets. MHRA approved
	Me-too status	Pressurex 20mg film-coated Tablets. Reg. No. 67535
	GMP status	The firm has been granted GMP certificate on the basis of inspection dated 15.09.2017.
	Remarks of the Evaluator(IX).	• The firm has mentioned film-coated tablet with seal coat and modified release coat. Upon clarification, the firm revised the coating to enteric coating without fee. However, the reference product has an outer protective coat consisting of a combination of acrylic based resins, Eudragit S (methacrylic acid and methyl methacrylate copolymer (1:2), NF) and Eudragit L (methacrylic acid and methyl methacrylate copolymer (1:1), NF). The inner coat consists of an acrylic based resin, Eudragit S, which dissolves at pH 7 or greater, releasing mesalamine in the terminal ileum and beyond for topical anti- inflammatory action in the colon.

	Previous decision	The Board in its 289th meeting deferred the case for clarification from the firm.
	Evaluation by PEC	• The firm submitted revised Master formula and manufacturing outlines. • The firm initially applied for modified release tablet. The firm revised the label claim to delayed release tablet, then to modified release tablet and finally to delayed release tablet.
	Decision: Deferrred for submission of fee of Rs. 20,000/- for revision of label claim as per reference product.

	GMP status	The firm was inspected on 02.04.2019, wherein acceptable level of GMP was reported.
	Remarks of the Evaluator(IX).	• Submit complete contract manufacturing agreement between the applicant and manufacturer (as per SRO) mentioning that which firm is contract giver and which one is contract taker.. • Provide list of all approved products for contract manufacturing by your firm, i.e., M/s Espoir Pharma. • Provide list of all applied products for contract manufacturing by your firm, i.e., M/s Espoir Pharma. • Provide list of all approved sections of you firm, i.e., M/s Espoir Pharma.
	Previous decision	The Board in its 292nd meeting deferred the case for: • Submit complete contract manufacturing agreement between the applicant and manufacturer (as per SRO) mentioning that which firm is contract giver and which one is contract taker. • Provide list of all approved products for contract manufacturing by your firm, i.e., M/s Espoir Pharma. • Provide list of all applied products for contract manufacturing by your firm, i.e., M/s Espoir Pharma. • Provide list of all approved sections of you firm, i.e., M/s Espoir Pharma.
	Evaluation by PEC	The firm submitted: • Contract manufacturing agreement • That they have not applied for contract manufacturing • That products have not registered for contract manufacturing • List of 05 approved sections
	Decision: Approved.	

Case no. 02 Registration applications of newly granted DML or New section (Human)

a. New DML

b. New/Additional section(s)

Case no. 03 Registration applications for local manufacturing of (veterinary) drugs

a. New Cases

b. Deferred Cases

959.	**Name and address of manufacturer/ Applicant**	**M/s Selmore Pharmaceuticals Pvt Ltd. 36-Km, Multan Road Lahore.**
	Brand Name + Dosage Form + Strength	Solomox Powder
	Composition	Each 100g contains: Amoxicillin as Trihydrate…70gm
	Diary No. Date of R & I & fee	Dy. No. 32756; 02.10.2018 PKR. 20,000/-; 02.10.2018

	Pharmacological Group	Penicillins with extended spectrum
	Type of Form	Form 5
	Finished product Specification	USP (for suspension, which shall contain one or more suitable buffers, colors, flavors, preservatives, stabilizers, sweeteners and suspending agents).
	Pack size & Demanded Price	100g, 500g, 1kg, 5kg; Decontrolled
	Me-too status	Primox 70% Water Soluble Powder. Reg. No. 74032
	GMP status	The firm was inspected on 05.03.2018, 17.08.2018 & 16.10.2018 wherein Renewal of DML was recommended
	Remarks of the Evaluator(IX)	• The USP monograph has specified that for suspension shall contain one or more suitable buffers, colors, flavors, preservatives, stabilizers, sweeteners and suspending agents). The product does not contain such agents.
	Previous decision	The Board in its 293rd meeting deferred the case for clarification of difference in composition of the applied formulation and the composition described in individual monograph of the product (USP).
	Evaluation by PEC	The firm submitted that they have applied for product with BP specifications.
	Decision: approved with BP specifications.	
960.	**Name and address of manufacturer / Applicant**	**M/s Selmore Pharmaceuticals Pvt Ltd. 36-Km, Multan Road Lahore**
	Brand Name +Dosage Form + Strength	Trypnil Granules for Injection
	Composition	Each 2.36gm Sachet contains: Diminazene Diaceturate…1.05g
	Diary No. Date of R& I & fee	Dy No. 22520: 28.06.2018 PKR 20,000/-: 28.06.2018
	Pharmacological Group	Trypanocidal agent (not in ATC)
	Type of Form	Form 5
	Finished Product Specification	The firm has claimed in-house specifications
	Pack size & Demanded Price	2.36g sachet; Decontrolled
	Me-too status	NAGANIL POWDER (**Sachet**). Reg. No. 26516
	GMP status	The firm was inspected on 05.03.2018, 17.08.2018 & 16.10.2018 wherein Renewal of DML was recommended.
	Remarks of the Evaluator(IX).	•
	Previous decision	The Board in its 291st meeting deferred the case for evidence of applied formulation/drug already approved by DRAP (generic / me-too status) alongwith registration number, brand name and name of firm.
	Evaluation by PEC	The firm submitted that they shall be granted registration in vial, as vial is more suitable than scahet: • Any variation (color or particles) of the contents of filled power in sachet is not visible and the other hand is easily visible in vial. • Volume after reconstitution is easily measurable in vial rather than sachet. • Sterility of product not possible in sachet. • Particles not seen after reconstitution in sachet but visible in vial. • Optical checking not possible in sachet.
	Decision: Referred to working group on veterinary drugs.

	Evaluation by PEC	• The firm submitted that they have no applied or registered product for contract manufacturing and submitted list of 05 sections.
	Decision: Approved.	
964.	Name and address of manufacturer / Applicant	Grand Pharma Pvt Ltd Plot No. 5-A, Street No. N5, National Industrial Zone, Rawat, Rawalpindi
	Brand Name + Dosage Form + Strength	Tri-Pen LA Injection
	Composition	Each ml contains: Benzathine Pencillin G…..…….100,000 IU Procaine Penicillin G……..150,000 IU Dihydrostreptomycin as sulphate……..200 mg
	Diary No. Date of R&I & Fee	Dy. No. 21204: 18-10-2019, Rs. 20,000/-: 18-10.2019
	Pharmacological Group	Antibiotic
	Type of Form	Form-5
	Finished product Specification	Manufacturer's specification
	Pack size & Demanded Price	50ml; Decontrolled
	Me-too status	BPS-LA Injection (50ml). Reg. 080951

	GMP status	New Section Veterinary Liquid Injection Penicillin
	Remarks of the Evaluator(IX)	• Revise "Dihydrostreptomycin sulphate" to "Dihydrostreptomycin as sulphate" in the label claim only and adjust the weight of Dihydrostreptomycin sulphate in Master formula as per salt factor.
	Previous decision	The Board in its 294th meeting deferred the case revision of formulation including the salt form as per the DRAP approved generic product along with submission of revised master formulation and requisite fee.
	Evaluation by PEC	The frim submitted Rs. 5000/- fee. However, they did not revise "Dihydrostreptomycin sulphate" to "Dihydrostreptomycin as sulphate" in the label claim. In previous cases, the Board did not demand fee for revision of API in terms of salt equivalency.
	Previous decision	The Board in its 295th meeting deferred the case for revision of formulation as per the me-too product.
	Evaluation by PEC	The firm revised Dihydrostreptomycin sulphate to Dihydrostreptomycin as sulphate in the label claim.
	Decision: approved with innovator's specifications.	
965.	**Name and address of manufacturer/ Applicant**	**M/s Hudson Pharma Private Limited. Site-Plot No. D-93, North Western Industrial Zone, Port Qasim Authority, Pakistan**
	Brand Name + Dosage Form + Strength	Easehale 0.025% Respules 1ml
	Composition	Each 1ml Contains: Ipratropium bromide as monohydrate…0.025%
	Diary No. Date of R & I & fee	Dy. No. 30195; 07.09.2018 PKR. 20,000/-; 07.09.2018
	Pharmacological Group	Anticholinergics
	Type of Form	Form 5
	Finished product Specification	BP
	Pack size & Demanded Price	5'sx1ml (Polyethylene); As per SRO
	Approval status of product in Reference Regulatory Authorities	AERON 250 ipratropium bromide anhydrous 250 microgram/mL inhalation ampoule (LDPE). TGA approved, wherein active is ipratropium bromide monohydrate 261 microgram/mL. IPRATRIN UNI-DOSE ipratropium bromide monohydrate 250microgram/1mL inhalation ampoule. TGA approved
	Me-too status	Optra Nebuliser Solution. Reg. No. 57885
	GMP status	The firm was inspected on 03.04.2019, wherein **acceptable level** of GMP compliance was reported.
	Remarks of the Evaluator(IX)	• The firm was asked to revise label claim to "Ipratropium bromide as monohydrate. The firm did not revise the same.
	Previous decision	The Board in its 293rd meeting deferred the case for revision of label claim to Ipratropium bromide as monohydrate as per the label claim of the reference product.
	Evaluation by PEC	• The firm revised the label claim to Ipratropium bromide as monohydrate.
	Previous decision	The Board in its 295th meeting deferred the case for submission of requisite fee for revision of formulation.
	Evaluation by PEC	• The Board may review its decision.
	Decision: Approved.	
966.	Name and address of Manufacturer/ Applicant	M/s Bio-Labs (Pvt) Ltd. Plot No. 145, Industrial Triangle, Kahuta Road, Islamabad
	Brand Name + Dosage Form + Strength	Super TD Powder 20/25g
	Composition	Each 100 gram contains: Tylosin Tartrate…20g Doxycycline hyclate…25g
	Diary No. D of R & I & Fee	Dy.No 1160: 09-01-2019 Rs. 20,000/-: 04-01-2019
	Pharmacological group	Antibiotics

	Type of Form	Form 5
	Finished product Specifications	Innovator's specifications
	Pack Size & demanded price	As per SRO
	Me-too status	RAPID-TD WATER SOLUBLE POWDER (20%/25%). Reg. No. 75660
	GMP Status	As above
	Remarks of Evaluator	• Form 5 has been signed by the quality control manager. • The firm had mentioned "Each gram contains: Tylosin Tartrate…20g, Doxycycline hyclate…25g in the label claim and Tylosin Tartrate…200g, Doxycycline HCl…250g per kg in master formula. Upon clarification, the firm revised the label claim to "Each 100 gram contains: Tylosin Tartrate…20g, Doxycycline hyclate…25g" without submission of fee. • Revision of Doxycycline HCl to Doxycycline hyclate in master formula is required.
	Previous decision	The Board in its 295th meeting deferred the case for revision of formulation alongwith applicable fee.
	Evaluation by PEC:	The firm revised Doxycycline HCl to Doxycycline hyclate in master formula
	Decision: Approved.	
967.	Name and address of Manufacturer / Applicant	M/s Vetz Pharmaceutical (Pvt) Ltd Plot # Q-1, S.I.T.E, Kotri, Sindh

	Type of Form	Form 5A
	Diary No. Date of R& I	Dy No.23258: 05.07.2018
	Fee including differential fee	PKR 100,000/-: 05.07.2018
	Brand Name +Dosage Form + Strength	Asi-Tydox Plus Powder
	Composition	Each 1000g Contains: Tylosin Tartrate…100g Doxycycline Hyclate…200g
	Pharmacological Group	Antibiotics
	Finished Product Specification	Not provided
	Pack size & Demanded Price	1 kg; Rs. 10500/-
	Approval status of product in Reference Regulatory Authorities.	NA
	Me-too status	TYLODOX 100/200 W.S. POWDER. Reg No. 43595
	Detail of certificate attached	• Legalized copy of FSC issued by **Department of Animal Health of Vietnam valid for two years from 30.07.2018. Only brand name has been mentioned without label claim.**

		• Legalized copy of GMP certificate issued by **Department of Animal Health of Vietnam for five years from 23.1.2017.** • Letter of authorization is provided.
	Remarks of the Evaluator(IX).	• First page of Form 5A was from manufacturer not importer and had not been signed. The firm submitted revised first page of Form 5. • The firm was asked to submit certificate of analysis. The firm did not submit the same. • **Only brand name has been mentioned without label claim.** • The firm has provided stability summary sheets, wherein description, identification, loss on drying and assay have been performed as per Zone IV-A. However, USP general chapter has mentioned description, identification, assay and impurities for universdal tests. Furthermore, USP has mentionedadditional tests for powder as: "Oral powders should indicate: "For Oral Use Only". Tests that are considered specific to the type of powders include: Minimum Fill (755) and volatile content ((731) and (921)). Minimum Fill (755) has specifications that apply to oral powders. On the basis of the nature of the article and scientific criteria, additional tests may apply, including pH in an aqueous solution, powder fineness, microbial limits, and others.
	Previous decision	The Board in its 291st meeting deferred the case for: • Submission of testing method and certificate of analysis. • Submission of Original legalized and valid FSC with label claim of the product.
	Evaluation by PEC	• The firm changed the address in form 5 from "M/s Schiwo Pakistan. Office No. 10, First Floor, City Plaza, Khanewal Road, Chowk Rasheedabad, Multan, Punjab" to "M/s Schiwo Pakistan, 11G, Shah Rukh e Alam Colony, Multan. • The firm submitted the testing method and CoA. • The firm submitted Legalized copy of FSC issued by **Department of Animal Health of Vietnam valid for two years from 26.09.2019.**
	Previous decision	The Board in its 293rd meeting deferred the case for changing the address of applicant in form 5A.
	Evaluation by PEC	• The firm submitted Rs. 5000/- fee.
	Previous decision	• The Board in its 293rd meeting deferred the case for: • Evidence of approval of applied formulation in reference regulatory authorities/agencies which were declared/approved by the Registration Board in its 275th meeting. • Evidence of applied formulation/drug already approved by DRAP (generic / me-too status) alongwith registration number, brand name and name of firm.
	Evaluation by PEC	• The me-too staus had already been mentioned as above. Another me-too is: DOXYSIN WATER SOLUBLE POWDER. Reg. No. 33256
	Decision: Approved as per Policy for inspection of Manufacturer abroad.	

Evaluator-PEC-VII

Item No. I: Cases Related to Covid-19 Management.

Drug Regulatory Authority of Pakistan in its 85th meeting held on 09th June, 2020 discussed Favipiravir

use in COVID-19 management by countries like China, Russia & Saudi Arabia and further its approval in Japan as antiviral against influenza viruses. Keeping in view the current outbreak of COVID-19, the Authority allowed to submit registration applications on Form 5/ Form 5-A/ Form 5-D instead of Form 5F for registration of Favipiravir.

The Authority in the said meeting advised Director (PE&R) to consider the applied registration applications of Favipiravir in the ongoing meeting without waiting for the formal minutes of the Authority.

1. The applicants can submit their applications till 31-07-2020 and these applications will be considered out of queue.
2. Registration Board shall consider grant of registration under proviso of Rules 29(6) (8) of the Drug (Licensing, Registration & Advertising) Rules, 1976 and shall follow precautions / terms & conditions as adopted by the Reference Regulatory Authorities.
3. The registration holders including those granted registration under Form 5D as a new drug will submit data of product development and 6 months accelerated and 6 months real time stability studies data within one year alongwith other data as may be required by Registration Board. The data will be considered by Registration Board for further decision.

Keeping in view the above decision and directions of the Authority; the Board considered following applications of Favipiravir and decided as mentioned against each:

1. Favipiravir Tablet 200mg:

Composition

Each Film coated tablet contains:

Favipiravir…….200mg

Availability in RRA: Avigan 200mg Film coated Tablet by M/s Toyama Chemical Co., Ltd Japan (PMDA Approved)

Me too status: Not confirmed

Pharmacological group: Antiviral

Specifications: Innovator"s specifications
