429.	Unitral Ors Liquid	EEC was apprised that division undertook a big task of company wise arrangement of applications in various designated racks. Since computerization of record of submitted applications and subsequent preparation of their FIFO list was a cumbersome exercise and therefore during preparation of FIFO list, the division has been evaluating and processing files. Hence there are chances that some product applications were disposed of, but still their names are available in the FIFO list. Accordingly, EEC appreciated the services of Health & OTC and decided to defer decision of the instant product application to check its status, whether it has been disposed of or otherwise
