#### Action Initiated: -

The manufacturer has been directed to immediately recall the defective batch of product from the market. All pharmacists and chemists working at distributions and veterinary pharmacies should **immediately check** their stocks and stop supplying this batch of product. The remaining stock should be quarantined and returned to the supplier/ company. The regulatory field force of all federating units (DRAP and Provincial Health Departments) has also increased surveillance in the market to ensure the effective recall of defective products(s).

-Distributors and pharmacies are advised to be vigilant and report any suspected batch of the product(s) in the supply chain to the DRAP using the [online form](#), or through phone at +92 51 910 73 17, or by Email at [gsms@dra.gov.pk](mailto:gsms@dra.gov.pk).

## Advice for Veterinary Healthcare Professionals: -

DRAP requests increased vigilance within the supply chains of veterinary pharmacies and veterinary healthcare facilities likely to be affected by this affected batch of product.

**All therapeutic goods must be obtained from the licensed pharmacies, and other authorized retail outlets. The authenticity and condition of products should be carefully checked. Seek advice from your pharmacists or other healthcare professional in case of any doubt.**
