Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Submitted
Documents for the procurement of API with approval from DRAP (in case of import).	**Quantity:** 8.6 gm **Dated:** 22-10-2023
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted analytical record for product testing.
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system

Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by DD-PE&R:

Decision: Registration Board acceded to the request of the applicant for Change of Registration Holder (MA Holder) along with change in manufacturing site as under: -

Tablet PRAZ 1 mg (*Reg. # 028697)*

Existing MAH & manufacturing site	**Proposed MAH & manufacturing site**
M/s Getz Pharma (Pvt.) Ltd (DML # 000284) Plot # 29 – 30, Sector 27, Korangi Industrial Area, Karachi.	M/s Scilife Pharma (Pvt) Ltd. (DML # 000837) Plot No.FD-57/58-A2, KCIP, Karachi.

	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each tablet contains: Alprazolam ……. 0.5mg
	Pharmacotherapeutic Group of (API)	Benzodiazepines derivatives
	Reference to Finished product specifications	USP Specification

EVALUATION OF DATA

GMP status of the firm	**M/s Scilife Pharma (Pvt) Ltd. (DML # 000837)** Firm has submitted copy of GMP certificate of the firm based on inspection dated 22-02-2023.
Evidence of approval of manufacturing facility	**M/s Scilife Pharma (Pvt) Ltd. (DML # 000837)** Central Licensing Board in its 289th meeting held on 23rd January 2023 approved the grant of additional section **Tablet (Psychotropic) Section.**
Proposed Pack size	Proposed Pack size: 10's, 30's, 50's & 100's
Proposed unit price	As per SRO
The status in reference regulatory authorities	USFDA approved formulation

For generic drugs (me-too status)	Azolam 1 mg tablet by Martin Dow
Name and address of API manufacturer.	CAMBREX PROFARMACO MILANO S.R.L. Via Curiel, 34 - 20067 PAULLO (MI) – Italy.
Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template.
Module-III Drug Substance:	Firm has submitted detailed drug substance data as per module 3.2.S.
Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of drug substance. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 75% ± 5% RH for 12 months.
Module-III Drug Product:	Firm has submitted data of drug product as per module 3.2.P.
Pharmaceutical Equivalence and Comparative Dissolution Profile	**Reference product:** Tablet PRAZ 0.5mg **Manufacturer:** Getz Pharma **Testing parameters:** USP specification **Comparative Dissolution Profile** Firm has submitted comparative dissolution profile in three mediums showing similarity between the manufacturer's product and the reference products.
Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.

	The proposed proprietary name / brand name	Rocephin 500mg I.V Injection ***(Reg. # 008435)*** **Initial Registration:** 28-05-1985 **Transfer of Registration:** 17-12-1997 **Transfer of Registration:** 29-06-2010 **Renewal Status:** Valid
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each vial contains: (Powder for reconstitution) Ceftriaxone (as sodium) ……. 500 mg
	Pharmacotherapeutic Group of (API)	Cephalosporin
	Reference to Finished product specifications	Innovator's Specification
EVALUATION OF DATA		
GMP status of the firm		**M/s GlaxoSmithKline Pakistan Limited (DML # 000248)** Firm has submitted copy of GMP certificate of the firm based on inspection dated 26-06-2023.
Evidence of approval of manufacturing facility		**M/s GlaxoSmithKline Pakistan Limited (DML # 000248)** Central Licensing Board in its 289th meeting held on 23rd January 2023 approved the renewal of DML including **Dry powder Injection vials (Cephalosporin).**
Proposed Pack size		1's

Proposed unit price	As per SRO
The status in reference regulatory authorities	USFDA approved formulation
For generic drugs (me-too status)	Locally registered in Pakistan
Name and address of API manufacturer.	Manufacturing facility address for Ceftriaxone Sodium Sterile ACS DOBFAR S.p.A. 2: Addetta Site Viale Addetta, 2a/12 – 3/5 20067 Tribiano Milano – Italy
Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template.
Module-III Drug Substance:	Firm has submitted detailed drug substance data as per module 3.2.S.
Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of drug substance. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 75% ± 5% RH for 36 months.
Module-III Drug Product:	Firm has submitted data of drug product as per module 3.2.P.
Pharmaceutical Equivalence and Comparative Dissolution Profile	**Reference product:** Rocephin 500 mg IV injection **Manufacturer:** Martin Dow Pharma **Testing parameters:** Innovator specification
Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.

STABILITY STUDY DATA			
API Lot No.	848098		
Description of Pack (Container closure system)	Type I clear glass vials		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	TRIAL -02	TRIAL -08	TRIAL -10
Batch Size	1200 Vials	1200 vials	1200 vials
Manufacturing Date	08-2023	08-2023	08-2023
Date of Initiation	16-08-2023	16-08-2023	16-08-2023
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA	
Reference of previous approval of applications with stability study data of the firm (if any)	Submitted
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Submitted
Documents for the procurement of API with approval from DRAP (in case of import).	**Quantity:** 19.5 kg **Dated:** 27-07-2023
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted analytical record for product testing.

Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by DD-PE&R:

Section	Observations	
1.3.4	• Please submit details of technology transfer and method of evaluation and selection of proposed manufacturing site for manufacturing of Rocephin.	Submitted
	• Please submit **"No Objection Certificate"** issued by **Hoffman La Roche Grenzacherstrasse 124, 4058 Basel, Switzerland** for allowing local manufacture of brand name "**Rocephin**".	Submitted
	• Please submit Section approval letter of manufacturing facility of GlaxoSmithKline for injection cephalosporin which has been issued by Licensing Division DRAP after approval in minutes of Central Licensing Board.	Submitted
	• Please submit colored copy of revised label of Rocephin for the primary and secondary packaging and details of change in logo if any?	Submitted
	• Please submit the inspection report conducted within last three years for the purpose of capacity assessment of manufacturing facility of **M/s GlaxoSmithKline Pakistan Limited (DML # 000248).**	GMP inspection report submitted
1.6.5	• Is source of API same for the existing and proposed manufacturing site?	No change
3.2.P.3	• Please submit the details of implementation of technology transfer by **M/s GlaxoSmithKline Pakistan Limited (DML # 000248)**.	
	• Certificate of analysis and/or batch analysis data (in a comparative tabulated format) of drug product of at least two production batches from the proposed site and last three batches from the approved site.	SUBMITTED
3.2.P.8	• Please submit source of diluent, its registration letter, and stability data after reconstitution.	
	• Please submit stability summary sheets for the comparison of results between 0,3&6 months' stability studies as per format available on Page # 37-38 of **Guidance Document for Submission of Application On FORM 5-F (CTD) For Registration of Pharmaceutical Drug Products for Human Use available on official website of DRAP.**	Submitted

Decision: Registration Board acceded to the request of the applicant for change in manufacturing site from import to local manufacturing as under: -		
Applicant name / Marketing Authorization Holder		**M/s Martin Dow Limited. (DML # 000267) Plot No. 37, Sector 19, Korangi Industrial Area, Karachi.**

Case No. 15: Change in manufacturing site of Ciproxin Infusion.

M/s OBS Pharma (Pvt) Ltd *(special purpose vehicle for AGP Pharma Group Companies)* has acquired certain assets of M/s Bayer Pakistan (Private) Limited (DML # 000243) by an asset purchase agreement including Ciproxin Infusion 0.2 gm.
Accordingly, the change in title of the firm from **M/s Bayer Pakistan (Private) Limited (DML # 000243) 108 Quaid e Azam Industrial Estate, Kot Lakhpat, Lahore, Pakistan** to **M/s OBS Pharma (Pvt.) Ltd. (DML # 000243), 108 Quaid e Azam Industrial Estate, Kot Lakhpat, Lahore, Pakistan** has been approved for the Ciproxin Infusion in 114th meeting of post registration variation committee.
M/s OBS Pharma (Private) Limited has now submitted an application for change in manufacturing site of drug Product Ciproxin Infusion *(Reg. # 109732)* from Finished Import (Bulk Import and local Repack) to **Local manufacturing on contract basis** from M/s Surge Laboratories (Pvt.) Ltd (DML # 000484)

28.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s OBS Pharma (Pvt.) Ltd. (DML # 000243)** ***(formerly M/s Bayer Pakistan (Private)Limited)*** **108 Quaid e Azam Industrial Estate, Kot Lakhpat, Lahore, Pakistan.**
	Change of Manufacturing Site	
	From (Contract basis) ***(bulk manufacturing and primary packaging)*** **Bayer AG, Leverkusen, Kaiser-Wilhelm-Allee Leverkusen Germany.** ***(Secondary packaging Quality Control & Batch Release Site)*** **M/s Novartis Pharma (DML # 000003) C-21, S.I.T.E, Karachi.**	**Local Manufacturing To (Contract basis)** **M/s Surge Laboratories (Pvt.) Ltd. (DML # 000484) 10-Km Faisalabad Road, Bikhi, District Sheikhupura, Pakistan.**
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Track I0044. XMM-A1R-AAB5: 21-05-2024
	Details of fee submitted	PKR 30,000/-: 13-11-2023 (Slip # 9734949696)
	The proposed proprietary name / brand name	**Ciproxin solution 0.2 % for infusion *(Reg. # 109732)***
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 100ml contains: Ciprofloxacin Lactate equivalent to Ciprofloxacin ……. 200 mg
	Pharmacotherapeutic Group of (API)	Quinolone antibacterial
	Reference to Finished product specifications	USP Specification

EVALUATION OF DATA	
GMP status of the firm	**M/s Surge Laboratories (Pvt.) Ltd. (DML # 000484)** Firm has submitted copy of GMP certificate of the firm based on inspection dated 25-08-2022.
Evidence of approval of manufacturing facility	**M/s Surge Laboratories (Pvt.) Ltd. (DML # 000484)** Central Licensing Board in its 284th meeting held on 16th December 2021 approved the renewal of DML # 000484 Including Liquid Injectable (including blow fill seal area)
Proposed Pack size	Type I glass 100 ml vial
Proposed unit price	As per SRO
The status in reference regulatory authorities	MHRA approved formulation

For generic drugs (me-too status)	Cipesta 200mg/100ml Infusion by Getz Pharma
Name and address of API manufacturer.	ZHEJIANG GUOBANG PHARMACEUTICAL CO., LTD. No.6, Weiwu Road, Hangzhou Gulf Shangyu Economic and Technological Development Zone, Zhejiang, P. R. China.
Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template.
Module-III Drug Substance:	Firm has submitted detailed drug substance data as per module 3.2.S.
Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of drug substance. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 65% ± 5% RH for 48 months.
Module-III Drug Product:	Firm has submitted data of drug product as per module 3.2.P.
Pharmaceutical Equivalence and Comparative Dissolution Profile	**Reference product:** Ciproxin 200 mg / 100 ml infusion **Manufacturer:** Bayer Pakistan **Testing parameters:** USP specification
Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.

STABILITY STUDY DATA

API Lot No.	104-2209002		
Description of Pack (Container closure system)	100 ml clear colorless glass vial USP type-II with bromobutyl rubber stopper and aluminum flipoff-cap.		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	CPI-034	CPI-035	CPI-036
Batch Size	294 Vials	294 Vials	294 Vials
Manufacturing Date	May 2023	May 2023	May 2023
Date of Initiation	May 2023	May 2023	May 2023
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

Reference of previous approval of applications with stability study data of the firm (if any)	Submitted
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	GMP Validity: 08-12-2024
Documents for the procurement of API with approval from DRAP (in case of import).	**Quantity:** 2 kg **Dated:** 06-03-2023
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted analytical record for product testing.
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system

Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by DD-PE&R:

Section	Observations	Reply of the firm
1.3.4	• Please submit initial registration letter of Ciproxin Infusion, its trail and renewal status.	Submitted
	• Please submit details of asset purchase agreement regarding mode of technology transfer and method of evaluation and selection of proposed manufacturing site for manufacturing of Ciproxin infusion.	Submitted
	• Please submit **"No Objection Certificate"** issued by Bayer AG, Germany for allowing OBS to use brand name "**Ciproxin**" and undertake that all records and documentation, related to control of manufacture of **Ciproxin®** has been handed over to OBS	Divestment of Product Portfolio – Authorization Letter issued by Bayer AG, Germany attached
	• Please submit documented evidence that manufacturing facility of Surge fulfills the criteria and quality parameters as previous manufacturing site.	The GMP inspection report, issued by DRAP, provides documented evidence that Surge's manufacturing facility meets the same criteria and quality parameters as the previous manufacturing site. This report is attached as Annex 4. Additionally, the Export GMP certificates issued by the exporting countries are also included in Annex 4.
	• Please submit colored copy of revised label of ciproxin for the primary and secondary packaging and details of change in logo if any?	Submitted
	• Contract termination letter with previously approved manufacturer by the MA holder.	The OBS contract agreement with Novartis, which specifies the contract manufacturing of the Ciproxin tablet range only, is attached as Annex 6. Please note that after the divestment of the product portfolio from Bayer to OBS, we have not contracted Novartis for Ciproxin IV infusion, as evident from the attached contract. Ciproxin IV has not been imported and repacked at Novartis after the transfer of MAH to OBS.
	• Please submit the inspection report conducted within last three years for the purpose of capacity assessment of manufacturing facility of **M/s Surge Laboratories (Pvt.) Ltd. (DML # 000484)**.	Submitted
1.6.5	• Is source of API same for the existing and proposed manufacturing site?	Yes, we do possess the same source of API for both the proposed and existing manufacturing sites. Additionally, we have developed an alternative source, Goubang, for which stability data has been submitted.
	• Please justify that API supplier chosen by OBS has same impurity profile of API and bioequivalence to the API supplier of Bayer Germany.	The additional source, along with the primary source Bayer AG, is equivalent to Bayer AG, as the supplier Goubang is EDQM qualified. The CEP is attached as Annex 8.
3.2.P.3	• Please submit the details of implementation of technology transfer by Bayer Germany for the manufacturing of Ciproxin infusion.	The Product Development Report of Ciproxin Infusion by Bayer AG, which has been replicated in the development of the same product by Surge, is attached as Annex 9

	• Certificate of analysis and/or batch analysis data (in a comparative tabulated format) of drug product of at least two production batches from the proposed site and last three batches from the approved site.	Submitted
3.2.P.8	• Please submit stability summary sheets for the comparison of results between 0,3&6 months' stability studies as per format available on Page # 37-38 of **Guidance Document for Submission of Application On FORM 5-F (CTD) For Registration of Pharmaceutical Drug Products for Human Use available on official website of DRAP.**	Submitted

Decision: Registration Board acceded to the request of the applicant for change in manufacturing site from import to local manufacturing as under: -

Applicant name / Marketing Authorization Holder	**M/s OBS Pharma (Pvt.) Ltd. (DML # 000243)** ***(formerly M/s Bayer Pakistan (Private)Limited)*** **108 Quaid e Azam Industrial Estate, Kot Lakhpat, Lahore, Pakistan.**
Drug Product details	**Ciproxin solution 0.2 % for infusion *(Reg. # 109732)*** **USP Specification**
From (Contract basis)	**Local Manufacturing (Contract basis)**
(bulk manufacturing and primary packaging) **Bayer AG, Leverkusen, Kaiser-Wilhelm-Allee Leverkusen Germany.**	**M/s Surge Laboratories (Pvt.) Ltd. (DML # 000484)** **10-Km Faisalabad Road, Bikhi, District Sheikhupura, Pakistan.**
(Secondary packaging Quality Control & Batch Release Site) **M/s Novartis Pharma (DML # 000003) C-21, S.I.T.E, Karachi.**	

Case No. 15: Delegation of Functions

Registration Board, in its 307th has authorized its Chairman certain functions, under Rule 24(10) of Drugs (Licensing, Registering & Advertising) Rules, 1976, in order to facilitate timely disposal of various cases / post-registration variation cases/ contravention of various provisions of the Drugs Act, 1976. However, Post Registration Variation Section of PE&R Division is receiving applications for following and these functions are still not delegated to Chairman Registration Board:

i. Change of name & address of Product License Holder (Local)
ii. Change/Update in name & address of API/ Half-finished product manufacturer.
iii. Addition and or Replacement of manufacturing site of API.
iv. Change/ Update of Analytical Procedures of finished product in case of Pharmacopoeial methods.

If agreed, the above mentioned functions may also be delegated to Chairman Registration Board.

Decision:

Registration Board authorized its Chairman for above mentioned functions, under Rule 24(10) of Drugs (Licensing, Registering & Advertising) Rules, 1976, in order to facilitate timely disposal of such cases.

Export Facilitation Desk

Case No.01: Registration of Drug (s) of M/s Semos Pharmaceuticals (Pvt.) Ltd, Plot No. 11, Sector 12-A, North Karachi Industrial Area, Karachi, for export purposes only.

Firm has applied for registration of drug(s) only for export purpose as per following details:

Requirements As Per SOP	Submitted Documents

Application on Form-5/ Form 5-D with required fee as per relevant SRO.	Form5;
Copy of DML (Renewal status) along with approval of relevant sections verified by licensing Division or inspection report for renewal of DML before 2005.	Copy of DML provided Approval of relevant section verified from letter No. F 2-1/93-Lic dated 04-10-2019
GMP Status. Copy of Inspection report/GMP certificate.	GMP status verified from Inspection report renewal of DML dated 20-12-2023
Undertakings that the applied product is exclusively for export purpose and the proposed names/ label/ colour do not resemble with already registered brands in importing country.	Provided

Detail of the products is given below:

Sr.#	Name of Drug(s) with composition	Generic/RRA Status	Dy.No.(EFD)/Fee with date
I	II	III	IV
1.	Heamgain Syrup Each 15ml contains: Ferric Ammonium Citrate B.P.....160mg Folic Acid USP.....0.5mg Cyanocobalamin USP.....7.5mcg Cupric Sulfate USP.....30mcg Manganese Sulfate USP.....30mcg In a caramel syrup flavour base	Purchase order from Somalia	Dy. No. 151(25.01.2024) Rs.30,000/-08.11.2023) Rs.45,000/-14.11.2023)

Decision:

Registration Board deliberated that the aforementioned formulation is neither available in Pakistan nor in RRAs, however, the said formulation does not require any special manufacturing conditions. Therefore, to increase the Export Revenue of the country, Registration Board approved the product exclusively for Export Purpose only.

Case No.02: Registration of Drug (s) of M/s Vetz Pharmaceutical (Pvt.) Ltd, Q-1, SITE, Kotri Sindh, for export purposes only.

Firm has applied for registration of drug(s) only for export purpose as per following details:

Requirements As Per SOP	Submitted Documents
Application on Form-5/ Form 5-D with required fee as per relevant SRO.	Form5;
Copy of DML (Renewal status) along with approval of relevant sections verified by licensing Division or inspection report for renewal of DML before 2005.	Copy of DML provided Approval of relevant section verified from letter No. F 2-8/2011-Lic dated 24-06-2015
GMP Status. Copy of Inspection report/GMP certificate.	GMP status verified from Inspection report renewal of DML dated 09-03-2022
Undertakings that the applied product is exclusively for export purpose and the proposed names/ label/ colour do not resemble with already registered brands in importing country.	Provided

I	II	III	IV
2.	Dexlan 60 mg Capsule Each capsule contains: Dexlansoprazole Dual Delayed Release Pellets Eq. to Dexlansoprazole….....60mg **Source of Pellets: M/s Vision Pharma Islamabad**	Dextop Capsules 60mg by M/s Searle	Dy. No. 112/24 (23.01.2024) Rs.30,000/- (29.12.2023)
3.	Dexlan 30 mg Capsule Each capsule contains: Dexlansoprazole Dual Delayed Release Pellets Eq. to Dexlansoprazole…..30mg **Source of Pellets: M/s Vision Pharma Islamabad**	Dextop Capsules 30mg by M/s Searle	Dy. No. 113/24 (23.01.2024) Rs.30,000/- (29.12.2023)

Decision of 113th PRVC: *"The Chairman Registration Board on recommendation of Committee considered the case and decided as follows:*

- *Acceded to request of the firm for registration of products at sr. no. 133-134 for Export Purpose Only subject to submission of more brand names (which do not resemble with already registered drugs) and source of pellets along with applicable fee."*

UPDATED STATUS

The said brand name is alreay registered in name of M/s Crystolite. Now, the firm has submitted source of pellets as M/s Vision Pharma and submitted the copy of no objection certificate (NOC) from Yashfeen Pharma Afghanistan for brand name i.e. Dexlan for getting registration on exclusive for Export for Afghanistan which is already registered trade mark of Yashfeen Pharmain Afghanistan (copy of trade mark registration provided).

Decision:

Registration Board deferred the case for submission of more brand names which do not resemble with already registered drugs OR NOC for export with said brand name from existing brand name holder.

CASE OF 119-PRVC

Case No.16: Registration of Drug (s) of M/s Genix pharma, 44-45 B, Korangi Creek Road, Karachi, for export purposes only.

Following product of M/s Genix Pharma was referred to RB in 119th PRVC as per following details:

Name of Manufacturer & Fee Details	Brand Name & Composition	Generic/RRA Status	Decision of 119th PRVC
M/s Genix pharma, 44-45 B Korangi Creek Road, Karachi License Number: **000351** Fee Paid: 75000.0 Challan No: 78205444637	**Respicare-F** Each Film Coated Tablet Contains: Montelukast Sodium eq. to Montelukast ..... 10mg Fexofenadine HCl……120mg	**Not Available** Purchase Order from Sri Lanka	*Referred to Registration Board as no RRA or Me-Too is available.*

Decision:

Registration Board deliberated that the aforementioned formulation is neither available in Pakistan nor in RRAs, however, the said formulation does not require any special manufacturing conditions. Therefore, to increase the Export Revenue of the country, Registration Board approved the product exclusively for Export Purpose only.

Case No. 17: Change of Brand Name

The following applications have been submitted by the different firms for the change of brand names of their registered drugs and submitted the documents as per SOP as mentioned below; -

Sr.#	Documents Required as per SOP.
a.	Application with required fee as per relevant SRO.
b.	Copy of registration letter and last renewal status.
c.	Justification for proposed change.
d.	Information regarding previous change of brand name since registration of drug.
e.	Details (batch number, date of manufacture, quantity and stock position) regarding last batch manufactured.
f.	An undertaking that the proposed names do not resemble with already registered brands. In case of resemblance /similarity with already registered drug, the applicant will be liable to change immediately. Moreover, no case is pending at any forum / court of law regarding this matter.
g.	Undertaking that provided information/ documents are correct.

The details of firms and products are as follows:

Sr. #	Reg. No.	Name of Brand Name with composition	Proposed Brand Names	Date of Initial Reg. & Date of Renewal	Justification / Remarks/ Deficiency (if any)
M/s Indus Pharma (Pvt.) Ltd, Plot No. 26-27, 63-67, Sector-27, Korangi Industrial Area Karachi,					
1.	014660-EX	Ondansetron Injection 4mg/2ml 1ml solution for injection contains: Ondansetron as ondansetron hydrochloride dihydrate…...…….2mg	**Ondasetron 4mg/2ml.**	13.10.2023	**Justification:** As per marketing Importing country Fee Deposited of Rs.30000/- Dated 20.12.2023
The proposed brand name resembles with already registered brand name "Ondastron" of M/s Hiranis Pharmaceuticals. The firm has submitted the copy of letter issued by Ministry of Public Health & Population Supreme Board of Drugs & Medical Appliances, Yemen wherein the brand name Ondasetron is mentioned.					

Decision:

Registration Board deferred the case for submission of more brand names which do not resemble with already registered drugs OR NOC for export with said brand name from existing brand name holder.

Case. No. 18: Formulations Containing more than 100mg Tramadol: Case Meeting with Nigeria and the Islamic Republic of Pakistan.

A summary of case meeting with the Government of Nigeria and the Global Rapid Interdiction of Dangerous Substances (GRIDS) program was forwarded by Mr. Muhammad Arif Chaudhary, Additional Director, Control Drugs Division. The meeting was attended by following officers of the Authority;

1. Mr. Ahmad din Ansari, Director Division of controlled drugs DRAP Islamabad.
2. Mr. M. Arif Chaudhry, Additional Director Division of Controlled Drugs, DRAP Islamabad.

On the basis of proceedings of the meeting, above mentioned officers of the Authority have given following recommendations;

"It is submitted that in the light of discussion made during the meeting and stance of Nigerian Authorities, it is recommended that DRP may revise its policy for the already registered products containing "Tramadol" over 100mg and all the products registered with strength over 100mg may be withdrawn (even if for export purpose) after following due process of law. It is further recommended that policy regarding export of products containing synthetic opioid may be revised to make it in line with status of the material in importing country. The concerned authority of the importing country may also be taken on board for verification of import orders or request for registration of new strength as in case of Tramadol to avoid any sort of scam in future"

Registration Board in its 329th meeting while considering the matter, decided as follows:

"The Board referred the matter to Expert Working Group for the review of "Human Formulations of Pharmaceutical Drug Products" for review of formulations containing more than 100mg Tramadol in light

of report meeting with the Government of Nigeria and the Global Rapid Interdiction of Dangerous Substances and availability of sustained release formulations in reference regulatory authorities."

Following Working Group was constituted by the Board for review of Tramadol containing formulations:

i. Mr. Iftikhar A Chaudhary, Ex-Hospital Pharmacist, Lahore.
ii. Mr. Mehmood Baig, Deputy Director, DTL Quetta.
iii. Mr. M. Zubair Masood, Deputy Director (PR-II/EFD), PE&R DRAP, Islamabad.

The above mentioned Working Group recommended the following:

i. In future, only those Tramadol containing formulations may be registered (both for Local and Export Purpose) which are available in any of the RRAs as notified by Registration Board in its 275th meeting.
ii. Already registered Tramadol containing formulations which are not available in any of the above RRAs, may be withdrawn after following due process.
iii. The matter of inclusion of Tramadol in the list of Controlled Drugs is referred to the Division of Controlled Drugs, DRAP.
iv. The Division of Control Drugs DRAP may be requested to guide on the Export of such strengths not approved by any RRA.

The Board was further apprised by Export Facilitation Desk that Tramadol is available in following formulations in RRAs:

Sr. No.	Formulation	RRA
1.	50mg Capsule	MHRA
2.	100mg Capsule	SPAIN
3.	50mg Prolonged Release Capsule	MHRA
4.	100mg Prolonged Release Capsule	MHRA, USFDA
5.	150mg Prolonged Release Capsule	MHRA, USFDA
6.	200mg Prolonged Release Capsule	MHRA, USFDA
7.	50mg Effervescent Tablet, OD Tablet	MHRA, USFDA
8.	100mg Effervescent Tablet	ANSM FRANCE
9.	50mg Tablet	USFDA
10.	50mg Prolonged Release Tablet	MHRA
11.	75mg Prolonged Release Tablet	HEALTH CANADA
12.	100mg Prolonged Release Tablet	MHRA, USFDA
13.	150mg Prolonged Release Tablet	MHRA
14.	200mg Prolonged Release Tablet	MHRA, USFDA
15.	300mg Prolonged Release Tablet	MHRA, USFDA
16.	400mg Prolonged Release Tablet	MHRA
17.	Tramadol 37.5mg + Paracetamol 325mg Tablet	MHRA
18.	Tramadol 37.5mg + Paracetamol 325mg Effervescent Tablet	MHRA
19.	Tramadol 75mg + Paracetamol 650mg	MHRA
20.	50mg/ml Injection	MHRA
21.	10mg/ml Oral Solution	MHRA
22.	100mg/ml Oral Drops	MHRA

Decision:

Registration Board deliberated the matter in detail and decided as follows:

i. Only those Tramadol containing formulations shall be registered (both for Local and Export Purpose Only) which are available in any of the RRAs as notified by Registration Board in its 275th meeting. The matter of export of those strtengths not approved/available in any RRA will be referred to the division of Controlled Drugs, DRAP for opinion.

ii. Registration of Tramadol containing formulations for Export Purpose Only shall be granted after submission of Export Order endorsed by Regulatory Authority of country of import.

iii. Issue an Advisory to all registration holders of Tramadol containing formulations which are not available in any of the above RRAs to standardize formulation of such registered drugs as per RRAs.

iv. **Matter regarding inclusion of Tramadol in the list of Controlled Drugs is referred to Division of Controlled Drug, DRAP.**

Referred to C&P Division for fixation of MRP</td>
</tr>
<tr><td colspan="3">Decision M-317: Approved with Innovator’s specifications as per Policy for inspection of Manufacturer abroad and verification of local storage facility.</td></tr>
</table>

Now, firm has submitted request for withdrawal of the same and stated that Their Principal, F.Hoffmann-La Roche Ltd, Basel Switzerland, has formally requested the withdrawal of the registration application for Gavreto in all countries where this product was intended to be marketed. This request follows the termination of the global collaboration between Roche and Blueprint Medicines for the commercialization of Gavreto worldwide. Therefore, in light of these recent strategic decisions and the divestment of global rights to the product license, we find it necessary to proceed with the withdrawal of the registration.

Decision: -
Keeping in view the above position, Registration Board acceded the firm request withdrawal of product “Gavreto 100mg capsule (approved in 317th meeting of Registration Board)

Case No: 09 <u>REQUEST OF M/S AMTUL PHARMACEUTICALS, LAHORE REGISTRATION OF DRUGS (OMULCER 40MG INJECTION) UNDER THE DRUGS ACT, 1976.</u>

The subject case was discussed in 320th meeting of Registration Board as under: -

Registration Board in its 261st meeting approved the following product of M/s. Amtul Pharmaceuticals, Lahore as per decision mentioned alongside each;

Importer M/s. Amtul Pharmaceuticals, 251-Sikandar Block Allama Iqbal Town, Lahore Manufacturer: M/s Reyoung Pharmaceutical Co.No.6, Erlangshan Road,Yiyuan County,Shandong Province, P.R. China. Priority # 85	Omulcer 40mg Injection Each vial of lyophilized powder contains:- Omeprazole Sodium 40mg Proton Pump Inhibitior Specifications:- Manufacturer	Pack size one vial Rs. 750/-	Approved as per Import Policy for Finished Drugs.

Now, M/s AMB HK Enterprises (Pvt) Ltd, Lahore has submitted request for registration of above product on their name and submitted following documents: -

- Original cancellation letter from REYOUNGE to M/s Amtul Pharmaceuticals, Lahore.
- Original agreement of REYOUNGE with M/s AMB HK Enterprises (Pvt) Ltd, Lahore.
- Original CoPP for Omeprazole 40mg Injection.

In view of above, a letter vide No.F.1-8/2020-I&V-II/Human Import dated 31st May, 2022 & reminder for the same dated 24th August, 2022 was conveyed to the firm and advised to submit fresh sole agency agreement letter in your name form product license holder and no reply from the M/s Amtul Pharmaceuticals, Lahore received.

Decision M-320: Registration Board considered the case and decided to issue a reminder to M/s. Amtul Pharmaceuticals, Lahore for submission of fresh sole agency agreement letter in their name form product license holder.

Proceedings of 327th meeting: The Board was apprised that M/s Amtul Pharmaceuticals had not submitted requisite documents as per decision of 261st meeting of Registration Board wherein the application was decided as "Approved as per Import Policy for Finished Drugs". The Board was further apprised that a reminder was issued to M/s Amtul Pharmaceuticals for submission of fresh sole agency agreement letter in their name from product license holder as per decision of 320th meeting of Board but till date the firm has failed to submit required documents.

Decision M-327: Registration Board while considering the above cited facts decided to withdraw the approval of 261st meeting in name of M/s. Amtul Pharmaceuticals, 251-Sikandar Block Allama Iqbal Town, Lahore for the "Omulcer 40mg Injection" and directed the I&V-II section for evaluation of M/s AMB HK Enterprises (Pvt) Ltd, Lahore application.

M/s AMB HK Enterprises (Pvt) Ltd, Lahore application on form -5F (26-11-2021) with fee Rs. 150,000/- is complete for registration of above product on their name along with following documents: -

Name, address of Applicant / Importer	M/s AMB HK Enterprises (Pvt) Ltd, 2nd floor Plaza 60, commercial block K, Phase-1 DHA, Lahore
Details of Drug Sale License of importer	License No: 05-352-0058-104514D Status: Drug License by way of wholesale
Name and address of marketing authorization holder (abroad)	Reyoung Pharmaceutical Co., Ltd. Workshop 206, No 1, Ruiyang Road, Yiyuan County, Shandong Province, P.R. China
Name, address of manufacturer(s)	
Name of exporting country	China.
Status of the applicant	☐ Manufacturer ☒ Importer ☐ Is involved in none of the above (contract giver)
Application Form, Dy. No / Tracking ID & date of submission	Form 5F:
Details of fee submitted	PKR 150,000/-
The proposed proprietary name / brand name	Omulcer 40mg Injection

Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each vial of lyophilized powder contains:- Omeprazole Sodium 40mg Sterilised Water for Injection 10ml
Pharmacotherapeutic Group of (API)	Proton Pump Inhibitior
Reference to Finished product specifications	USP
The status in reference regulatory authorities	(MHRA Approved)
For generic drugs (me-too status)	Risek-Getz
Proposed Pack size	As per SRO/ 1 vial + 1ampoule
Detail of certificates attached (CoPP, Freesale certificate, GMP certificate)	**CoPP:** Firm has submitted CoPP (No. 2021120002) from NMPA china dated 06-12-2023
Details of letter of authorization / sole agency agreement	Firm has submitted Contract of Agency between Reyoung Pharmaceutical Co., Ltd and M/s AMB HK Enterprises (Pvt) Ltd dated 27-08-2019

Decision: -
Keeping in view the above position, Registration Board acceded the firm request for registration of "Omulcer 40mg Injection" in accordance with details of composition and manufacturer as per CoPP.

Case No.10. <u>REQUEST OF M/S BAYER PAKISTAN (PRIVATE) LIMITED, LAHORE FOR CHANGE IN IMPORTER ADDRESS AND CHANGE OF MANUFACTUIRNG SITE (TO FINISH IMPORT).</u>

M/s Bayer Pakistan (Pvt) Ltd, Lahore has submitted request for change in importer address and change in manufacturing site of product "Nimotop tablet" as per following details:-

Details of change in importer address:

S. No.	Name of Document	Details as per Reg. Letter	Details as per New DSL (NO. DHOKK/101/23) valid upto 04-05-2028
1.	**Current Name & address Importer**	M/s Bayer Pakistan (Pvt) Ltd, Plot No. 108, Quaid-e-Azam Industrial Estate, Lahore.	M/s Bayer Pakistan (Pvt) Ltd, Plot No.23 Sector 22, Korangi Industrial Area, Karachi. **Godown:** Plot No.32-12, Sector 19, Korangi Industrial Area, Karachi.
Dy. No.26204-R&I dated 30-10-2023. Dy. No.4850-R&I dated 06-05-2024.			

Details of change in manufacturing:

Reg. No.	Name & Composition	Existing approved Site as per Reg. Letter (31-03-2023)	Proposed Sites
107223	Nimotop 30mg Tablet Each film coated tablet contains: - Nimodipine….30mg (Manufacturer's Specifications)	**Contract manufacturing basis:-** M/s Novartis Pharma, C-21, SITE, Karachi	**Bulk Manufacturing, Quality Control Testing and Release by:-** M/s Bayer AG, Kaiser-Willhelm-Allee, 51368, Leverkusen, Germany **Primary and Secondary Packaging by:** M/s Haupt Pharma Munster Gmbh, Schleebruggenkamp 15 48159 Muenster, Germany.

Firm has submitted following supporting documents: -

a) A fee of Rs.150,000/- dated 30-10-2023.
b) Copy of registration letter.
c) Original & Legalized CoPP issued by Germany.
d) Original Sole Agency Declaration.
e) Copy of New Drug Sale License valid upto 04-05-2028
f) An undertaking.

Decision:
Registration Board deliberated the matter and decided to approve the change in registration status from bulk import to finish import along with change in manufacturing site with change in importer address for following product:-

Detail of change in Importer

Details as per Reg. Letter	Details as per New DSL (NO. DHOKK/101/23) valid upto 04-05-2028
M/s Bayer Pakistan (Pvt) Ltd, Plot No. 108, Quaid-e-Azam Industrial Estate, Lahore.	M/s Bayer Pakistan (Pvt) Ltd, Plot No.23 Sector 22, Korangi Industrial Area, Karachi. **Godown:** Plot No.32-12, Sector 19, Korangi Industrial Area, Karachi.

Details of change in manufacturing with bulk to finish import:

Reg. No.	Name & Composition	Existing approved Site as per Reg. Letter (31-03-2023)	Proposed Sites
107223	Nimotop 30mg Tablet Each film coated tablet contains: - Nimodipine….30mg (Manufacturer's Specifications)	**Contract manufacturing basis:-** M/s Novartis Pharma, C-21, SITE, Karachi	**Bulk Manufacturing, Quality Control Testing and Release by:-** M/s Bayer AG, Kaiser-Willhelm-Allee, 51368, Leverkusen, Germany **Primary and Secondary Packaging by:** M/s Haupt Pharma Munster Gmbh, Schleebruggenkamp 15 48159 Muenster, Germany.

Case No.11: <u>REGISTRATION OF PRODUCT OF M/S IQBAL & COMPANY, ISLAMABAD.</u>

Subject case was discussed in 320th meeting of Registration Board as under: -

Registration Board in its 291st meeting approved the following product of M/s Iqbal & Company, 1st floor, Al-Falah Manzil, Opp. National Police Foundation, St. No. 26, Sector E-11/4, Islamabad as per decision mentioned alongside.

Name of Importer/Manufacturer	Product Name & Composition	Demanded Pack size & MRP
M/s Iqbal & Company,1st floor, Al-Falah Manzil, Opp. National Police Foundation, St.No. 26, Sector E-11/4, Islamabad **Marketing Authorization Holder:** M/s Gambro Lundia AB Box ,Magistratsvagen 16, Lund, SE-22643, Sweden **Manufacturer:**	HEMOSOL B0 Solution for Haemodialysis/ Haemofiltration Each ml of 2 compartment bag contains: Medimar Electrolyte solution (Small Compartment A-250ml) lactic acid ……. 5.4mg Calcium chloride dehydrate …… 5.145mg Magnesium chloride hexahydrate…. 2.033mg Buffer Solution (Large Compartment B-4750 ml) Sodium Chloride……..…6.450mg	(2 x 5000ml) polyolefin bags, in a box Not proposed

M/s Bieffe Medital S.P.A Via Stelvio 94, 230 35 Sondalo (SO), I-23035, Italy	Sodium hydrogen carbonate…. 3.090mg After Reconstitution Calcium (Ca+2)….. 1.75 mmol/L Magnesium (Mg+2)……0.5 mmol/L Sodium (Na+)…… 140 mmol/L Chloride (Cl-)…….. 109.5 mmol/L Lactate……..... 3 mmol/L Hydrogen carbonate (HCO3-)…….. 32mmol Hemofiltrates BP 18 months (Polyolefin bag)	
Decision: Approved as per policy of inspection of manufacturer abroad.		

Registration Board in its M-293rd meeting deliberated in light of Rule 24 (10) of Drugs (L, R & A) Rules, 1976 and authorized Chairman for nomination of inspector for product storage verification of local premises. Accordingly, Chairman RB nominate to Assistant Director (I&V) & Assistant Director (Reg-II) PE&R Division DRAP, Islamabad to inspect the above local storage facility. Inspection of premises M/s Iqbal & Company,1st floor, Al-Falah Manzil, Opp. National Police Foundation, St. No. 26, Sector E-11/4, Islamabad was conducted on 24th September, 2020 with status **Not Recommended** on the following points: -

Sr.No.	Observations / Shortcomings	Remarks
1.	Checklist for personal safety.	No
2.	Is there a cleaning schedule in place	No
3.	Are all the products are properly placed or arrangments are made for systematic storage	No
4.	Are the temperature logs readily available for a minimum of two years	One week record available
5.	Check the alarm system. Is it ok	No.
6.	Is there any routine and emergency maintenance plan	No
7.	Check if there is any maintenance agreement with an ourside agency	No.
8.	Is routine maintenance being perfomed correctly at the internvals stated in theagreeement	No
9.	When emergencies occur, does the maintennacne technician arrive with the maximum stipulated in the agreement	No.
10.	Does the importer have established the Re-Call system of drugs	No

Furthermore, Ten Cotton of drug HEMOSOL B0 Solution for Haemodialysis/ Haemofiltration which is under registration was found in storage premises of M/s Iqbal & Sons Company.
Accordingly, above position was conveyed to Additional Director (QA/LT) Division vide letter No.F.1-11/2020-I&V-II/Human Import dated 23rd December, 2020 for further necessary action at their end.

Decision of 291st meeting: Registration Board advised QA/LT Division to finalize the case and inform PE&R Division for further processing of case.

Updated Status: -
Area FID-IV has submitted vide letter No.F.4-5/2021-FID(IV) dated 29-07-2022 as under: -

I have honor to refer to the letter No. F- 3-312021-l & VII (M312) there dated 25ft Nov. 2021, which is in continuation to the previous letter No.F.l-lll2}20 (I & VII) Human Import dated 23'd December,2020 on the subject cited above. The detail of the matter /case after scrutiny of the documents is as under:
The Registration Board in its 312 meeting refers the case to QA Division. The firm has submitted documents which have been reviewed in light of decision of Registration Board which indicted the following details for consideration;

i. The firm has applied for the registration of Product namely "Hemosol BO solution for Heamodialysis/Flaemofiltration in 2016. the case was first presented before Registration Board in its 279th meeting.

ii. The case has finally decided by the Registration Board in its 291't meeting as under approved as per policy by the manufacture observed " (copy attached)

iii. Accordingly, Chairman Registration Board constituted the panel for verification of local storage facility comprising of
   a) Assistant Director (I&V)
   b) Assistant Director (Reg-II)

The panel conducted inspection on 24-09-2020 and observed series of shortcoming along with the observation that 10 carton of the same product (viz under registration) was present there but didn't refer the same in the shortcoming for clarification.(copy attached/. The case was referred to QA< Division on 23'd December 2020, (copy attached) mentioning that they have forwarded the pictures of the same to the predecessor FID ,which she explain that information was received on 30-09-2020 (after a weak of inspection) & no written complaint provided with detail so action can't initiated (copy attached). The letter was again received on 25th November 2021 (after laps of almost one year).

The undersigned scrutinized the available documents and Board meetings which indicate that product is categorized as medical Devices in Italy (where actually manufacturing takes place) and referred as medicinal product in Sweden (actual maker authorization holder) (copy attached). The documents further indicate that product actually imported in the year of 2018 &2019 for Shaukat Khanum Hospital (institutional supply (copy attached/ and since its fate at that time was not decided/declare whether it is medical devices or otherwise the firm thus avails the opportunity of category of Medical Devices (as in Italy) and Rules 52 of MEDICAL Device Rules 2018 provide exemption to these class of products which is further amended vide SRO526(1) 12021 and exemption is extended S.R.O NOC not proceeded.(copy attached)

In the light of above in is worth mentioning here that no action from QA&LT Division at this point is required and case may please be processed at the end of Registration Division in the light of provided documents.

Decision 320th meeting of RB:

Registration Board decided to seek legal opinion from Legal Affair Division on the matter.

Legal Opinion:

After perusal of the correspondence of the FID and QA& LT Division with PE&R Division, it has been revealed that the product ***HEMOSOL*** (hereinafter referred to as the ***product***)which is under registration before the Registration Board is categorized as medical Devices in Italy (where actually manufacturing takes place) and referred as medicinal product in Sweden (actual maket authorization holder).

Furthermore, product was imported in the year of 2018 &2019 for Shaukat Khanum Hospital (institutional
supply) since its fate at that time was not decided/declare whether it is medical devices or any other therapeutic goods, therefore, the firm thus avails the opportunity of category of Medical Devices (as it is a Medical Device in Italy) and took the advantage of exemption from registration under ***Rule 52*** of Medical
Device Rules 2017. Therefore, details may be obtained from the importer regarding the NOC issued either
by Medical Devices Division or by the I&E Section of the Head Office or regional offices. Thus the situation
shall become clear before the Registration Board whether import of the product was legal or illegal.

Moreover, Registration Board is a competent forum to decide fate of the product either to register it as Drug or to refer it to MD&MC division in case if it is a medical device.

QA & LT Division:

As per record received from Field office Lahore and Islamabad, no NOC was issued for the referred product to Shaukat Khanum Hospital or any other by Division of QA &LT during the period 2018-2019.

Decision M-324:

Keeping in view position narrated above, Registration Board decided to refer the matter to the DRAP's Grey molecule committee to review the status of product and then submit its recommendations to relevant statutory forum.

Decision: -

Keeping in view the above position, Registration Board deliberated the matter and decided to approve the registration of "HEMOSOL B0 Solution for Haemodialysis/ Haemofiltration" in accordance with details of composition and manufacturer as per CoPP.

Cases referred from 117th PRVC (Human Import)

Case No.12: M/S B. BRAUN PAKISTAN LTD. REQUEST FOR MANUFACTURER SPECIFICATION FOR PROPOFOL LIPURO (REG.NO.033126)

Sr.#	Specification	USP Limits	BP Limits	In House Limits
1.	Appearance	not directly stated	not directly stated	Visual (a white, milky oil-in-water emulsion)
2.	Extractable volume	not directly stated	not directly stated	not less than the nominal volume of the container
3.	Odour	not directly stated	not directly stated	weakly phenol-like
4.	ID: Soya bean oil	not directly stated	not directly stated	complies
5.	ID: Medium-chain triglyceride	not directly stated	not directly stated	complies
6.	ID: Egg lecithin	not directly stated	not directly stated	complies
7.	ID: Glycerol	not directly stated	not directly stated	complies
8.	ID: UV Propofol	Meets the requirements	Meets the requirements	maximum absorption: 270 – 275 nm, shoulder near 280 nm
9.	ID: HPLC Propofol	not directly stated	Meets the requirements	not stated
10.	pH	4.5 – 8.5	6.0 – 8.5	6.0 – 8.5
11.	Microscopic assessment	fat droplet distribution ≤ 5 µm=99.95% fat droplet size =<500nm	not directly stated fat droplet size =<2nm	droplets □ 1 µm not less than 99 p.c. not more than 5 droplets > 2 to □ 10 µm per individual field no droplets > 10 µm
12.	Free fatty acid	□ 7 mmol/l	□ 7 mmol/l	□ 6.0 mmol/l
13.	Lysolecithin	not directly stated	≤ 2.0 g/l	Lysolecithin is a component of egg lecithin and is already tested in the raw material specification of egg lecithin. Egg lecithin itself acts as an emulsifier and serves to stabilize the emulsion. The stability is ensured via the check of the parameters of microscopic assessment, pH value and test on FFA over the stated shelf life of the emulsion. These tested parameters are considered to be sufficient to ensure the quality and stability of the emulsion, which is also confirmed by the non-inclusion of the

				parameter Lysolecithin within the USP monograph.
14.	Globule size distribution	0.05 % v/v < 0.5 µm	≤ 5000 globules ≥ 2 µm/ml	not stated
15.	Peroxide value	not directly stated	not directly stated	□ 1.0
16.	Impurity [E] 3,3', 5,5'-tetrakis(1-methylethyl)biphenyl-4,4'- diol	□ 0.5 %	0.25%	□ 25 ppm
17.	Impurity	□ 0.5 %	0.1%	□ 10 ppm
	[J] 2,6-bis(1-methylethyl)-1,4-benzoquinone			
18.	Sterility	sterile	Sterile	sterile
19.	Bacterial endotoxins	not more than 0.33 USP Endotoxin Units/mg of propofol	not more than 1.65 I.U./ml	not more than 3.30 I.U./ml of emulsion
20.	Assay: Propofol	90.0 % – 110.0 %	95.0% - 105.0%	9.50 – 10.50 g/l

Decision 80th PRVC: The Committee evaluated the case and Chairman Registration Board, on the recommendations of the committee, decided to defer the case for clarification on Globule size distribution, Impurities, Bacterial endotoxin limits and assay which are not comparable with BP & USP official monograph.

Firm reply:

#	**Specification**	**USP (acceptanc ecriteria)**	**BP (acceptance criteria)**	**B. Braun specification (acceptance criteria)**	**Technical and risk assessment**
1	Microscopic assessment	not directly stated	not directly stated	droplets ≤ 1 µm not less than 99 p.c. not more than 5 droplets > 2 to ≤ 10 µm per individual field no droplets > 10 µm	The in-house parameter microscopic assessment replaced the parameter globule size distribution. The mean particle size measurements are showing full compliance with the USP limit of ≤ 500 nm. The direct comparison of the results from Microscopic Assessment and from pFAT5 shows comparable results for both test methods. **Therefore the B. Braun method can be considered to be comparable to the United States Pharmacopeia (USP)/British Pharmacopoeia (BP) method** and makes sure that larger particles are
2	Globule size distribution	0.05 % v/v < 0.5 µm	≤ 5000 globules ≥ 2 µm/ml	not stated	

					identified**.**
3	Impurity [E] 3,3', 5,5'-tetrakis(1- methylethyl)biphenyl-4,4'-diol	≤ 0.5 %	0.25%	≤ 0.25%)	Comparable test methodology and limits are equal or tighter. **The B. Braun limits are chosen as equal, as they are specified according to British Pharmacopoeia (BP) limits.**
4	Impurity [J] 2,6-bis(1-methylethyl)-1,4-benzoquinone	≤0.5 %	0.1%	≤0.1%)	
5	Bacterial endotoxins	not more than 0.33 USP Endotoxin Units/mg of propofol	not more than 1.65 I.U./ml	not more than 0.33 Endotoxin Units/mg of propofol	Comparable unit and limit or a more widen limit. Theabsence of bacterial endotoxins by means of the LAL test is performed according to Ph. Eur. **The B. Braun Limit is in correspondence to the limit stated in the United States Pharmacopeia (USP) monograph.**
6	Assay: Propofol	90.0 % – 110.0 %	95.0 - 105.0%	95.0 - 105.0%	Comparable test methodology and limit is equal or tighter than pharmacopoeia reference. The limit is chosen according to EMA-Guideline "Specifications and Control Tests on the Finished Product" where it is stated that the maximum acceptable deviation in the active substance content of the finished products shall not exceed ± 5% at the time of manufacture. **Calculated into percentage, the B. Braun limit is in line to the limit of the BP monograph.**

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin.

Case No.13: <u>REQUEST OF M/S NOVARTIS PHARMA (PAKISTAN) LTD, KARACHI FOR APPROVAL OF MANUFACTURER'S SPECIFICATIONS-EXELON 9MG (REG.NO.059068), 18MG (REG.NO.059069) & 27MG (REG.NO.074855)</u>

M/s Novartis Pharma (Pakistan) Ltd, 15-West Wharf, Dockyard Road, Karachi has submitted request with a fee of Rs.10,000/- for each product for approval of Manufacturer Specification for their registered products. Details are as under: -

059068 Exelon 4.6mg Transdermal Patch.
Each transdermal patch of 5cm^2 contains:-
Rivastigmine 9mg and releases rivastigmine at the rate of 4.6mg/24hours.

059069 Exelon 9.5mg Transdermal Patch. Each transdermal patch of 10cm^2 contains:-
Rivastigmine 18mg and releases rivastigmine at the rate of 9.5mg/24hours.

074855 Exelon Transdermal Patch.
Each transdermal patch of 15cm^2 contains:-
27mg Rivastigmine base, in vivo release rate of 13.3mg/24hours.

EXELON 4.6MG TRANSDERMAL PATCH (Reg. Number 059068)		
Parameters	**Novartis Specs (Innovator's Specification)**	**BP Specification**
Description: Appearance by visual examination	Circular 5 cm^2 transdermal drug delivery system, backing layer (beige), bi-layer adhesive matrix and an oversized rectangular overlapping release liner with dimples. Patch backing printed with "AMCX"	
Identification: Identity by TLC • Rivastigmine Identity by HPLC • Rivastigmine	 Corresponds to the reference Corresponds to the reference	The principal spot in the chromatogram obtained with solution (1) is similar in position and size to that in the chromatogram obtained with solution (2)
Properties Peel force Adhesion force	 Not more than 700 cN Not less than 1.41 N	
Performance Release rate by HPLC after • 2 hours • 4 hours • 7 hours	 31 - 73 % 42 - 80 % 55 - 87 %	
Impurities Degradation products, based on the declared content of Rivastigmine, by HPLC Specified • 226-90 • 213-95 • 802-95 • 017-05 Any unspecified Total degradation products	 Not more than 0.4 % Not more than 0.2 % Not more than 0.2 % Not more than 0.5 % Not more than 0.2 % Not more than 1.0 %	Related substances Impurity A Not more than 0.3 % Not more than 0.2 % Not more than 0.5 %
Microbial enumeration tests (Microbial Filtration method) • Total aerobic microbial count (TAMC) • Total combined yeasts /moulds count (TYMC) • Specified micro-organisms	 Not more than 10^2 CFU/G[F1] Not more than 10^1 CFU/g [F1] Absence of *Pseudomonas aeruginosa* in 1 system Absence of *Staphylococcus aureus* in 1 system [F1]	

Assay Uniformity of dosage units by content uniformity by HPLC. • Rivastigmine	Meets the requirements of Ph. Eur., USP and JP (release)	Comply with the requirements stated under uniformity of content, Appendix XII C3, Test C, with respect to the individual content of each dosage unit and using the following method of analysis. TEST C The preparation complies with the test if the average
Assay by HPLC • Rivastigmine	90.0 % - 110.0 % of the declared content	90.0 to 110.0% of the stated amount.
Assay by HPLC • D, L-α-tocopherol	80.0 - 110.0 % of the declared Content

   (USP Specification)

Sr.	Test Parameter	Manufacturer specifications	USP Specifications	BP Specifications
01	Description	A clear, colourless to pale yellow solution, free from visible particulates	N/A	A clear, colourless to pale yellow solution

02	Identification - HPLC	HPLC retention time of sample concordant with that of reference standard	N/A	In the Assay, the chromatogram obtained with the sample solution shows the peak at the same retention time as the principal peak in the chromatogram obtained with the standard solution.
03	Identification - UV	Exhibits a maximum at 300 nm	N/A	The light absorption in the range 230 to 350nm exhibits a maximum at 300 nm
04	pH	3.5 – 6.5	N/A	3.5 – 6.5
05	Assay	90.0 % - 105.0%	N/A	90.0 % - 105.0%
06	Related Substances-Transplatin	NMT 2.0%	N/A	NMT 2.0%
07	Related Substances - TCAP	NMT 3.0%	N/A	NMT 3.0%
08	Related Substances – Individual Unspecified Impurities	NMT 0.2%	N/A	NMT 0.2%
09	Related Substances – Total Unspecified Impurities	NMT 1.0%	N/A	NMT 1.0%
10	Extractable Volume	NLT 50 mL NLT 100 mL	N/A	NLT 50 mL NLT 100 mL
11	Particulate Matter	≥ 10 µm NMT 6000/ container ≥ 25 µm NMT 600/ container	N/A	N/A
12	Sterility	Complies with test	N/A	N/A
13	Bacterial Endotoxins	NMT 1.0 EU/mg	NMT 1.0 EU/mg	N/A

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Case No.15: <u>REQUEST OF M/S BAYER PAKISTAN PVT. LTD. FOR APPROVAL OF INNOVATOR'S/ MANUFACTURER SPECIFICATIONS-YAZ TABLETS (REG. NO.059087).</u>

Subject case considered in 105th PRVC as under: -

M/s Bayer Pakistan (Pvt) Limited, Korangi Industrial Area, Plot No. 23, Sector No.22, Karachi has submitted request with a fee of Rs.10,000/- for each product for approval of Manufacturer Specification for their registered products. Details are as under: -

1. Yaz Tablet
   Each film coated tablet contains
   Drospirenone…3.0mg
   Ethinylestradiol…0.02mg

Sr.#	Test Parameters	Bayer's/Innovator's Specification	USP Specification

1	Appearance	Light pink round, biconvex	___
2	Markings tablet on one side	"DS" in a regular hexagon	___
	Markings tablet on other side	without	___
3	Identity of drospirenone (HPTLC)	conforms to detection 1 or detection 2	___
	Identity of ethinylestradiol (HPTLC)	conforms to detection 1 or detection 2	___
	Identity of drospirenone (HPLC)	corresponding retention time of sample and reference (difference ≤ 2 %)	corresponding retention time of sample and reference
	Identity of ethinylestradiol (HPLC)	corresponding retention time of sample and reference (difference ≤ 2 %)	corresponding retention time of sample and reference
	Identity of β-cyclodextrin (HPLTC)	corresponding R_f-value of the assigned spot of sample and principle spot of reference (difference ≤ 10 %)	___
	Identity of titanium dioxide	orange to orange-red solution	___
	Identity of ferric oxide	fine greenish blue to blue precipitate	___
4	iso-Compound	max. 0.2 %	NMT 0.3 %
	Any other	max. 0.3 %	NMT 0.5 %
	Total	max. 0.8 %	NMT 1.0 %
	6α-Hydroxy ethinylestradiol	max. 0.3 %	NMT 0.8 %
	6β-Hydroxy ethinylestradiol	max. 0.3 %	NMT 0.8 %
	Δ9(11)-Ethinylestradiol	max. 1.0 %	NMT 1.0 %
	6-keto-Ethinylestradiol	max. 0.5 %	NMT 0.8 %
	Any other	max. 0.5 %	NMT 0.5 %
	Total	max. 2 %	NMT 2.5 %
6	Dissolution of drospirenone Dissolution after 30 minutes Stage testing according Ph. Eur., USP, JP	Q=85 %	NLT 85 % (Q)
	Dissolution of ethinylestradiol Dissolution after 30 minutes Stage testing according Ph. Eur., USP, JP	Q=85 %	NLT 75 % (Q)
7	Uniformity of dosage units - content uniformity of drospirenone Stage testing according Ph. Eur., USP, JP	acceptance value max. 15.0 %	Meet the requirement
	Uniformity of dosage units - content uniformity of ethinylestradiol Stage testing according Ph. Eur., USP, JP	acceptance value max. 15.0 %	Meet the requirement

8	Assay of drospirenone (related to labeled claim)	95.0-105.0 %	90.0-110.0 %
	Assay of ethinylestradiol (related to labeled claim)	93.0-105.0 %	90.0-110.0 %
9	Total aerobic microbial count (TAMC)	max. 10^3 CFU/g	
	Total combined yeast/mould count (TYMC)	max. 10^2 CFU/g	
	Escherichia coli	absence in 1 g	

Manufacturer specifications approved in 105th PRVC meeting before the issuance of letter firm apply for changes in specification without fee for above product.

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin.

Case No.16: <u>REQUEST OF M/S SANOFI-AVENTIS PAKISTAN LIMITED, KARACHI FOR APPROVAL OF INNOVATOR'S/ MANUFACTURER SPECIFICATIONS-XATRAL LP 10MG TABLETS (REG.NO.044892).</u>

Subject case considered and discussed in 89th PRVC as per following details: -

The firm has submitted request for Manufacturer Specifications with a fee of Rs.10,000/- for Product Xatral LP 10mg Tablets (Reg No. 044892).

1. Xatral LP 10mg Tablets
   Each Tablet Contains:-
   Alfuzosin Hydrochloride 10mg.

Sr. No	Test	Innovator's specifications	USP Specifications	BP Specifications
1	**CHARACTERS**	Round, biconcave three-layer tablets: one white layer between two yellow layers	Not described	Not described
2	**IDENTIFICATIONS**			
	Alfuzosin			
	-by LC	Complies with reference chromatogram	Complies with reference chromatogram	Not described
	-by IR	Complies with reference spectrum	Complies with reference spectrum	Complies with reference spectrum
	Yellow ferric oxide	Positive reaction	Not described	Not described
3	**TESTS**			
	Uniformity of mass	Complies[c] (Ph. Eur. 2.9.5) ≤ 1.0%; ≤ 2.0%	Complies (UDU <905>)	Not described
	Friability		Not described	Not described
	Dissolution			Not described
	- Level L_1: 6 tablets	10-20% at 1 h	10-20% at 1 h	
	each tablet within:	40-55% at 6 h	40-55% at 6 h	
		65-85% at 12 h	65-85% at 12 h	
		≥85% at 20 h	NLT 85% at 20 h	

If one or more tablet(s) lie(s) outside the L_1 limits, then test a further 6 tablets

Level L_2: 6 more tablets

Average for 12 tablets and each tablet within:	Complies with level L_1	Complies with level L_1	
	8-22% at 1 h 35-60% at 6 h 60-90% at 12 h ≥80% at 20 h	9-22% at 1 h 36-61% at 6 h 59-94% at 12 h NLT 77% at 20 h	

If not more than 2 tablets lie outside the L_2 limits, then test a further 12 tablets

- Level L_3: 12 more tablets

Average for 24 tablets NMT 2 tablets outside L_2 limits	Complies with level L_1	Complies with level L_1	
and each tablet within:	NMT 2 tablets outside L^2 limits	NMT 2 tablets outside L^2 limits	
	8-22% at 1 h 35-65% at 6 h ≥60% at 12 h ≥80% at 20 h	8-24% at 1 h 32-66% at 6 h 52-102% at 12 h NLT68% at 20 h	

4	**Degradation products by LC**	≤ 0.5%	≤ 0.40%	≤ 0.5%
	- Impurity IV (D or Deacylated alfuzosin)	≤ 0.5%	≤ 0.30%	≤ 0.5%
	- Impurity VI (E or N-Formyl analog)	≤ 0.2%		≤ 0.2%
	- Unspecified (each)	≤ 1.0%	≤ 0.20%	≤ 1.0%
	- Total		≤ 0.80%	
5	**Ethanol by GC**	≤ 1.0%	Not described	Not described
6	**Microbiological quality**		Not described	Not described

	Specified micro-organisms			
	- *Escherichia coli*	Absence/1 g		
7	**Assay**			
	Alfuzosin HCl by LC	95.0 to 105.0%	90.0 to 110.0%	95.0 to 105.0%

Decision 89th PRVC:

The Committee evaluated the case and Chairman Registration Board, on the recommendations of the committee, decided to defer for clarification of how dissolution and degradation of products are comparable with pharmacopeial specifications.

Firm reply:

Dissolution test are comparable with USP monograph while degradation products test is comparable with USP & BP Monograph both.

Decision 117th PRVC:

Chairman Registration Board on recommendation of committee refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Case No.17: <u>REQUEST OF M/S SEARLE PAKISTAN LIMITED, KARACHI FOR GRANT OF INNOVATOR SPECIFICATIONS OF JANUVIA TABLETS.</u>

M/s Searle Pakistan Limited, Section E, 2nd Floor, One IBL Centre, Plot No. 1, Block 7&8, D.M.C.H.S., Tipu Sultan Road, Off Shahrah-e-Faisal, Karachi has requested for grant of Innovator specifications of already registered drug with a fee of Rs.10,000/- as per following details;

059077 Januvia Tablets.
Each tablet contains:-
Sitagliptin phosphate monohydrate,
equivalent to 100mg sitagliptin

Sr.#	Test Parameters	USP specifications	Manufacturer Specifications
1.	Identification by NIR		The presence of Sitagliptin Phosphate is confirmed if the sample spectrum passes the criterion set forth in the library validation.
2.	Identification by UV	The UV spectrum of the major peak of the Sample solution corresponds to that of the Standard solution as obtained in the Assay	
3.	Identification by RT (HPLC)	The retention time of the major peak of the sample solution corresponds to that of standard solution, as obtained in the Assay	
4.	Assay by **NIR† at release** and HPLC at shelf-life	95.0%–105.0% of label amount	95.0%–105.0% of label claim
5.	Impurities by HPLC	Sitagliptin acid – NMT 0.2% Fumarate adduct (if present) – NMT 0.2% Sitagliptin triazecine analog – NMT 0.2% Sitagliptin styrylacetyl analog – NMT 0.2% Sitagliptin phenyl-crotonyl analog– NMT 0.2% Any other individual impurity– NMT 0.2% Total impurities– NMT 0.6%	- - - - - Single Unspecified ≤ 0.2% (Shelf-life) Total Degradates ≤ 0.2% (Shelf-life)
6.	Uniformity of Dosage Units <905>	Meet <905> requirement	85.0-115.0% of label claim with ≤ c tablets outside criteria† (N ≥ 100 samples, c= f {N})
7.	Disintegration <701>	≤ 5 minutes	≤ 5 minutes

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Case No.18: <u>REQUEST OF M/S GLAXOSMITHKLINE PAKISTAN LIMITED, KARACHI FOR GSK SPECIFICATIONS OF REGISTERED PRODUCTS).</u>

The firm has submitted request for update in specification with a fee of Rs.10,000/- each for the following registered products: -

1. 043090 Duac Gel.
Contains:-
Clindamycin Phosphate 1.28%W/W.
Hydrous Benzoyl Peroxide 6.67%W/W.
(Anti Acne Preparation)..

Sr.#	Test parameter		Manufacturer specification	BP Specification
1.	Description	White to slightly yellow homogenous gel	N/A	
2.	Benzoyl Peroxide Identification		Rf value obtained for Benzoyl Peroxide in the sample and standard are similar	The principal spot in the chromatogram obtained with solution (1) corresponds to that in the chromatogram obtained with solution (2)
3.	Clindamycin Phosphate Identification	First Identification by HPLC	Retention time for Clindamycin Phosphate in sample and standard are similar	The chromatogram obtained with solution (!) shows a peak with the same retention time as the principal peak in the chromatogram obtained with solution (2)
4.		Second Identification by TLC	The principal spot in chromatogram obtained with the full test solution is similar in position, color and size to the principal spot of the reference solution A and not present in the intermediate test solution	The principal spot in the chromatogram obtained with solution (1) corresponds to that in the chromatogram obtained with solution (2)
5.	Clindamycin Phosphate Related	Clindamycin Phosphate Sulphoxide 1 as Clindamycin	≤ 0.02 %w/w	< 6 %

	Impurities as Clindamycin	Clindamycin Phosphate Sulphoxide 2 as Clindamycin	≤ 0.02 %w/w	< 2 %
		"Clindamycin Sulphoxide (CS2) as Clindamycin Impurity known as Clindamycin Sulphoxide 2 (CS2) as Clindamycin in both Australia & New Zealand"	≤ 0.02 %w/w	< 9 %
		Individual Unspecified Clindamycin Phosphate Related Substances as Clindamycin	No single substance is greater than 0.02 %w/w	< 15 %
		Clindamycin Phosphate Total Related Substances as Clindamycin	≤ 0.05 %w/w	< 1 %
10.	Benzoyl Peroxide Related Impurities	Benzoic Acid content	≤ 0.15 %w/w	< 5 %
		Unspecified degradation products related to benzoyl peroxide	No single substance is greater than 0.01 %w/w	< 0.2 %
		Total degradation products related to benzoyl peroxide excluding benzoic acid	≤ 0.10 %w/w	< 2 %
13.	Particle Size		Not less than 80% of particles are not more than 60µm	N/A
14.	Penetrometry		15.0 - 35.0 mm	N/A
15.	pH		4.0 - 5.5	N/A
16.	Benzoyl Peroxide content %w/w		4.75 - 5.25 %w/w (95%-105%)	90.0 to 110.0%
17.	"Clindamycin Phosphate (as Clindamycin)" Assay test		0.97 - 1.07 %w/w (97%-107%)	92.0 to 107.0%
18.	Microbiological Examination	Total Aerobic Microbial Count cfu/g	≤102 cfu/g interpreted as ≤ 200 cfu	N/A
		Total Yeasts and Mould Count cfu/g	≤101 cfu/g interpreted as ≤ 20 cfu	N/A

Staphylococcus Aureus	Absent in 1g	N/A
Pseudomonas Aeruginosa	Absent in 1g	N/A

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

2. 014918 Lamictal Tablets 25mg.
Each tablet contains
Lamotrigine 25mg.

Sr.	Test Parameter	Manufacturer specifications	USP Specifications	BP Specifications
1.	Characteristics	Pale yellowish brown, multifaceted, superelliptical, unscored tablet, branded 'GSEC7' on one side, with '25' on the reverse	N/A	N/A
2.	Identity Lamotrigine by UV scan	Complies with test	The spectra of the *Standard solution* and *Sample solution* exhibit maxima and minima at the same wavelengths.	N/A
	Identity Lamotrigine by TLC	Complies with test	N/A	The principal spot in the chromatogram obtained with solution (1) corresponds in position and colour to that in the chromatogram obtained with solution (2).
	Identity Lamotrigine by HPLC	N/A	The retention time of the lamotrigine peak of the *Sample solution* corresponds to that of the *Standard solution*, as obtained in the *Assay*.	In the Assay, the chromatogram obtained with solution (1) shows a principal peak with the same retention time as the principal peak in the chromatogram obtained with solution (2).
3.	Lamotrigine assay by UV (% label strength)	95.0 - 105.0 %	N/A	N/A

	Lamotrigine assay by UV (mg/tablet)	23.75 – 26.25 mg/tablet	N/A	N/A
4.	Lamotrigine assay by HPLC	N/A	90.0% – 110.0%	95.0 to 105.0% of the stated amount.
5.	Uniformity of Dosage Units	Complies with Ph.Eur.	Meet the requirements	N/A
6.	Dissolution	Complies with Ph.Eur. Q=75% at 30 minutes	NLT 80% (*Q*) of the labeled amount of lamotrigine is dissolved after 30 min	The amount of Lamotrigine released is not less than 75% (Q) of the stated amount after 45 min
7.	Identification of Pigment (not routinely tested)	N/A	N/A	N/A
8.	Microbial Limits (not routinely tested): Total aerobic count Total yeast and mould count *Escherichia coli*	N/A	N/A	N/A
9.	Related substances	Each related substance: not more than 0.3 % w/w Total related substances: not more than 0.5 % w/w	Organic impurities: - Lamotrigine related compound B[a]: not more than 0.2% - Lamotrigine related compound C[b]: not more than 0.5% - Any individual unspecified degradation impurity: not more than 0.2% -Total impurities: not more than 0.75% <u>Note:</u> [a] 2,3-Dichlorobenzoic acid. [b] 3-Amino-6-(2,3-dichlorophenyl)-1,2,4-triazin-5(4*H*)-one.	In the chromatogram obtained with solution (1) : - the area of the peak corresponding to **impurity A** is not greater than 1.5 times the area of the principal peak in the chromatogram obtained with solution (2) (0.3%); - the area of **any other secondary peak** is not greater than the area of the principal peak in the chromatogram obtained with solution (2) (0.2%); - the sum of the areas of **all the secondary peaks** is not greater than 2.5 times the area of the

				principal peak in the chromatogram obtained with solution (2) (0.5%). Disregard any peak with an area less than 0.5 of the area of the principal peak in the chromatogram obtained with solution (2) (0.1%).

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.
Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin.

3. 014919 Lamictal Tablets 50mg.
Each tablet contains
Lamotrigine 50mg.

Sr.	Test Parameter	Manufacturer specifications	USP Specifications	BP Specifications
1.	Characteristics	Pale yellowish brown, multifaceted, superelliptical, unscored tablet, branded 'GSEE1' on one side, with '50' on the reverse	N/A	N/A
2.	Identity Lamotrigine by UV scan	Complies with test	The spectra of the *Standard solution* and *Sample solution* exhibit maxima and minima at the same wavelengths.	N/A
	Identity Lamotrigine by TLC	Complies with test	N/A	The principal spot in the chromatogram obtained with solution (1) corresponds in position and colour to that in the chromatogram obtained with solution (2).
	Identity Lamotrigine by HPLC	N/A	The retention time of the lamotrigine peak of the *Sample solution* corresponds to that of the *Standard solution*, as obtained in the *Assay*.	In the Assay, the chromatogram obtained with solution (1) shows a principal peak with the same retention time as the principal peak in the chromatogram obtained with solution (2).
3.	Lamotrigine assay by UV (% label strength)	95.0 - 105.0 %	N/A	N/A
	Lamotrigine assay by UV (mg/tablet)	47.5 – 52.5 mg/tablet	N/A	N/A

4.	Lamotrigine assay by HPLC	N/A	90.0% – 110.0%	95.0 to 105.0% of the stated amount.
5.	Uniformity of Dosage Units	Complies with Ph.Eur.	Meet the requirements	N/A
6.	Dissolution	Complies with Ph.Eur. Q=75% at 30 minutes	NLT 80% (*Q*) of the labeled amount of lamotrigine is dissolved after 30 min	The amount of Lamotrigine released is not less than 75% (Q) of the stated amount after 45 min
7.	Identification of Pigment (not routinely tested)	N/A	N/A	N/A
8.	Microbial Limits (not routinely tested): Total aerobic count Total yeast and mould count *Escherichia coli*	N/A	N/A	N/A
9.	Related substances	Each related substance: not more than 0.3 % w/w Total related substances: not more than 0.5 % w/w	Organic impurities: - Lamotrigine related compound B[a]: not more than 0.2% - Lamotrigine related compound C[b]: not more than 0.5% - Any individual unspecified degradation impurity: not more than 0.2% -Total impurities: not more than 0.75% <u>Note:</u> [a] 2,3-Dichlorobenzoic acid. [b] 3-Amino-6-(2,3-dichlorophenyl)-1,2,4-triazin-5(4*H*)-one.	In the chromatogram obtained with solution (1) : - the area of the peak corresponding to **impurity A** is not greater than 1.5 times the area of the principal peak in the chromatogram obtained with solution (2) (0.3%); - the area of **any other secondary peak** is not greater than the area of the principal peak in the chromatogram obtained with solution (2) (0.2%); - the sum of the areas of **all the secondary peaks** is not greater than 2.5 times the area of the principal peak in the chromatogram obtained with solution (2) (0.5%). Disregard any peak with an area less than 0.5 of the area of the principal peak in the chromatogram obtained with solution (2) (0.1%).

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

4. 014921 Lamictal Tablets 100mg.
Each tablet contains
Lamotrigine 100mg.

Sr.	Test Parameter	Manufacturer specifications	USP Specifications	BP Specifications
1.	Characteristics	Pale yellowish brown, multifaceted, superelliptical, unscored tablet. Branded 'GSEE5' on one side, with '100' on the reverse	N/A	N/A
2.	Identity Lamotrigine by UV scan	Complies with test	The spectra of the *Standard solution* and *Sample solution* exhibit maxima and minima at the same wavelengths.	N/A
	Identity Lamotrigine by TLC	Complies with test	N/A	The principal spot in the chromatogram obtained with solution (1) corresponds in position and colour to that in the chromatogram obtained with solution (2).
	Identity Lamotrigine by HPLC	N/A	The retention time of the lamotrigine peak of the *Sample solution* corresponds to that of the *Standard solution*, as obtained in the *Assay*.	In the Assay, the chromatogram obtained with solution (1) shows a principal peak with the same retention time as the principal peak in the chromatogram obtained with solution (2).
3.	Lamotrigine assay by UV (% label strength)	95.0 - 105.0 %	N/A	N/A
	Lamotrigine assay by UV (mg/tablet)	95.0 - 105.0 mg/tablet	N/A	N/A
4.	Lamotrigine assay by HPLC	N/A	90.0% – 110.0%	95.0 to 105.0% of the stated amount.
5.	Uniformity of Dosage Units	Complies with Ph.Eur.	Meet the requirements	N/A
6.	Dissolution	Complies with Ph.Eur. Q=75% at 30 minutes	NLT 80% (*Q*) of the labeled amount of lamotrigine is dissolved after 30 min	The amount of Lamotrigine released is not less than 75% (Q) of the stated amount after 45 min
7.	Identification of Pigment (not routinely tested)	N/A	N/A	N/A

8.	Microbial Limits (not routinely tested): Total aerobic count Total yeast and mould count *Escherichia coli*	N/A	N/A	N/A
9.	Related substances	Each related substance: not more than 0.3 % w/w Total related substances: not more than 0.5 % w/w	Organic impurities: - Lamotrigine related compound B[a]: not more than 0.2% - Lamotrigine related compound C[b]: not more than 0.5% - Any individual unspecified degradation impurity: not more than 0.2% -Total impurities: not more than 0.75% <u>Note:</u> [a] 2,3-Dichlorobenzoic acid. [b] 3-Amino-6-(2,3-dichlorophenyl)-1,2,4-triazin-5(4*H*)-one.	In the chromatogram obtained with solution (1) : - the area of the peak corresponding to **impurity A** is not greater than 1.5 times the area of the principal peak in the chromatogram obtained with solution (2) (0.3%); - the area of **any other secondary peak** is not greater than the area of the principal peak in the chromatogram obtained with solution (2) (0.2%); - the sum of the areas of **all the secondary peaks** is not greater than 2.5 times the area of the principal peak in the chromatogram obtained with solution (2) (0.5%). Disregard any peak with an area less than 0.5 of the area of the principal peak in the chromatogram obtained with solution (2) (0.1%).

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

5. 019501 Seroxat Tablets 20mg.
Each tablet contains
Paroxetine HCL 20mg.

Sr.	Test Parameter	Manufacturer specifications	USP Specifications	BP Specifications
1.	Description	White, film coated, oval shaped biconvex tablet, debossed with	N/A	N/A

		'20' on one side and a break bar on the other.		
2.	Identification of Paroxetine hydrochloride by HPLC	(identification by HPLC or TLC or UV)	The retention time of the *Sample solution* corresponds to that of the *Standard solution*, as obtained in the *Assay*.	In the Assay, the principal peak in the chromatogram obtained with solution (1) has the same retention time as the principal peak in the chromatogram obtained with solution (2).
	Identification of Paroxetine hydrochloride by TLC or UV	Passes test	N/A	**<u>UV:</u>** The *light absorption*, Appendix II B, in the range 230 to 350 nm of the final solution obtained in the Dissolution test exhibits a maximum at 294 nm.
	Identification of Paroxetine hydrochloride by IR	N/A	Meet the requirements	N/A
3.	Mean tablet weight	N/A	N/A	N/A
4.	Uniformity of dosage units	N/A	Meet the requirements	N/A
5.	Paroxetine content (Assay)	19.0 to 21.0 mg per tablet (95.0 to 105.0% of label claim).	90.0% – 110.0%	95.0 to 105.0% of the stated amount
6.	Dissolution (% Paroxetine released)	Complies with the requirements of USP where Q=75 at 30 minutes	NLT 80% (Q) of the labeled amount of paroxetine ($C_{19}H_{20}FNO_3$) is dissolved after 60 minutes	Q=75 % after 45 minutes
				the area of any peak corresponding to **impurity A** is not greater than 1.5 times the area of the principal peak in the chromatogram obtained with solution (2) (**0.3%**);

7.	Related substances	BRL 35961 – not greater than 0.2 % Sesamol (Impurity I) – not greater than 0.2% Individual Unknown Impurity – not greater than 0.1% Total Unknown Impurities – not greater than 0.5%	N/A	the area of any peak corresponding to **impurity I** is not greater than the area of the principal peak in the chromatogram obtained with solution (2) (**0.2%**);
				the area of **any other secondary peak** is not greater than the area of the principal peak in the chromatogram obtained with solution (2) (**0.2%**);
				the sum of the areas of any other secondary peaks is not greater than 2.5 times the area of the principal peak in the chromatogram obtained with solution (2) (**0.5%**)

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.
Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin.

6. 045684 Keppra Tablets 250mg.
Each film coated tablet contains
Levetiracetam 250mg.

7. 045685 Keppra Tablets 500mg.
Each film coated tablet contains
Levetiracetam 500mg..

Sr.	Test Parameter	Manufacturer Specification	USP Specification
1	Appearance	strength specific description	not included
2	Uniformity of dosage units	complies with EP	complies with the test
3	Water content	NMT 2.0%	not included
4	Dissolution	Q = 80 % after 30 min. Acceptance criteria USP, level 2	NLT 70% (Q) of the labeled amount of levetiracetam ($C_8H_{14}N_2O_2$) in 15 min for Tablets labeled to contain 250, 500, or 750 mg
5	Identification of Levetiracetam by achiral HPLC	Positive	Positive
6	Identification of Levetiracetam by TLC	Positive	not included
7	Identification of Levetiracetam by IR	not included	Positive
8	Identification of Titianium Dioxide	Positive (non routine test)	not included
9	Identification of colorants	Positive	not included
10	**Assay of Levetiracetam**	**95-105%**	**90-110%**

11	Degradation products: - Specified identified : 2-pyrrolidone-Nbutyric acid - Any unspecified - Total (specified and unspecified)	Not more than 0.50 % Not more than 0.10 % Not more than 0.80 %	NMT 0.3% NMT 0.1% NMT 0.6%
12	Microbiological quality	Complies with Ph. Eur	not included

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.
Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Case No.19: **COMPLIANCE WITH PHARMACOPEIAL SPECIFICATION STANDARDIZATION OF FORMULATION (SEPTANEST WITH ADRENALINE 1/200000) (REG. NO. 114233).**

M/s Universal Dental (Pvt) Ltd, Opp. KE.Medical College Hostel, 17-Macleod Road, Lahore has submitted request for change of specification to Manufacturer's Specification with a fee of Rs.10,000/- for the following registered product: -

1. **114233** **Septanest with Adrenaline 1/200000**
Solution for Injection for Dental use
Each ml Contains:
Articaine Hydrochloride……40mg
Adrenaline (as adrenaline tartrate)….0.005mg

1.	**Test parameters**	**IN-HOUSE Specifications**	**USP Specifications**"
2.	Description Extractable volume pH Sub-visible particles Diameter ≥ 10 µm	Clear and colourless solution practically free from particles No cartridge < Nominal volume 4.0 to 5.5 ≤ 6000 per cartridge	Clear and colourless solution, free from visible particulate matter The volume is NLT the nominal volume of
3.	**IDENTIFICATIONS**		
	Articaine hydrochloride		
	. A. Thin Layer Chromatography	Complies	NA

	. B. HPLC: retention time	Complies	The retention times of the articaine peak from the Sample solution correspond to
	Adrenaline tartrate (Epinephrine)		
	. A. HPLC: retention time	Complies	The retention times of the epinephrine peak from the Sample solution
	. B. HPLC: redox potential	Complies	NA
	Sodium metabisulfite	Positive	NA
	Disodium edetate	Positive	NA
4.	**ASSAYS**		
	Articaine hydrochloride	3.80 to 4.20 g / 100 ml (95 – 105%)	95.0 % - 105.0 %
	Adrenaline tartrate (epinephrine) (expressed as base)	0.50 to 0.55 mg / 100 ml (100 – 110%)	90% - 115%
	Sodium chloride*	0.144 to 0.176 g / 100 ml	NA(b)
	Sodium metabisulfite Expressed in SO_2	35 to 50 mg / 100 ml 24 to 34 mg / 100 ml	NA(b)
	Disodium edetate	22 to 27 mg / 100 ml	NA(b)
5.	**DEGRADATION PRODUCTS**		
	Degradation products of Articaine Hydrochloride Articainic acid (Articaine related compound B) at RRT 0.6

	. Any other individual impurity (reported if > 0.03 %)	≤ 0.1 %	≤ 0.2 %
	. Total impurities (reported if > 0.05 %)	≤ 0.5 %	≤ 0.5 %
6.	Degradation products of Adrenaline tartrate		
	. Adrenaline sulfonic acids[1] at RRT 0.46 (Epinephrine Sulfonate) (reported if > 5.0 %)	≤ 10.0 % (0.4 µg/ml, as Adrenaline)	≤ 7.5 %
	. Sulfosulfanyl impurity[2] (specified impurity) (reported if > 1.1 %)	≤ 8 %	≤ 8 %

	. Any other individual impurity (reported if > 0.5 %)	≤ 1.0 %	≤ 1 %
	. Total impurities[4]	≤ 10 %	≤ 10 %
7.	**ENANTIOMERIC PURITY** . (S)-Adrenaline	- 	 Not provided in USP
8.	**BIOLOGICAL TESTS** Sterility Bacterial endotoxins	 Sterile < 0.7 IU/mg of Articaine HCl	 Sterile ≤ 0.7 USP endotoxin Unit/mg of Articaine HCl

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Case No.20: <u>REQUEST OF M/S SANOFI-AVENTIS PAKISTAN LIMITED, KARACHI FOR SPECIFICAITN LIMIT OF WATER CONTENT TEST – TARGOCID 200MG INJECTION (REG.NO.019503).</u>

The firm has submitted request for manufacturer specification with a fee of Rs.10,000/- for Targocid 200mg Injection (Reg.No.019503).

1. 019503 Targocid 200mg Injection.
Each 3ml vial contains:
Teicoplanin…200mg.

Test Parameters	**Innovators Specifications**	**BP specifications**
Description	Spongy, ivory coloured homogenous mass	Not described
Description of reconstituted solution	Clear, yellow-dark yellow solution	Not described
pH (Reconstituted solution)	7.5 ± 0.3	6.0 to 8.0
Reconstitution time	NMT 240 sec	Not described
Water Content	NMT 3.0%	Not described
Composition of complex - Group A3 - Group A2	 ≤ 20% ≥ 75%	 not more than 17% not less than 78%
Related substances	≤ 5%	— any non-*teicoplanin*-like impurity: not more than 0.5% — total non-*teicoplanin*-like impurities: not more than 1.5% — Disregard any peak due to impurity A.
Microbiological activity - Lower fiducial limit - Upper fiducial limit	200,000 U/vial ≤ 115% (NMT 230,000 U/vial) ≥ 95% (NLT 190,000 U/vial)	 NMT 115% NLT 95%
Sterility	Complies	Sterile

Bacterial Endotoxins	< 0.3125 EU/mg	Not described
Particulate contamination: sub-visible particles	≥ 10µm: ≤ 6000 particles/vial ≥ 25µm: ≤ 600 particles/vial	Not described

Decision 117th PRVC:
Chairman Registration Board on recommendation of committee decided to refer the case to Registration Board.

Decision: Registration Board deferred the case for submission of approvaed specifications in its country of origin

Shortcomings (F. No.3-1/2023 (Renewal) dated 27.11.2023)	**Reply**
a. One differential fee for year 2018 is still required. b. Latest GMP inspection report. c. Differential fee/ evidence of submission of fee for remaining product registered vide letter No. F.13-1/2008-Reg-II (M-212) dated 22.08.2008. d. Copy of BP monograph for Naproxen Sodium Tablets. e. Specifcations of Cetirizine hydrochloride tablets is available in reference pharmacopeia, clarification required on which specs you are authorizing the batch release (manufacturer or pharmacopeial).	a. The firm has submitted the evidence of submission of differential fee as recorded above. b. The firm has submitted copy of GMP report dated 08.11.2018 wherein the FID reported that condition of the firm was very pathetic regrading to documentation, QA, HVAC system, testing method, validation and calibration. The firm was directed to submit compliance report. c. The query is not responded by the firm. d. The firm has submitted copy of application dated 02.08.2022 for grant of BP Specifications for Harriprox 550mg Tablets e. The firm has submitted copy of application dated 02.08.2022 for grant of USP Specifications for T-Zine Tablets 10mg.

Shortcomings **(F. No.3-1/2023 (Renewal) dated 15.08.2023)**	**Reply** **Dy No.21650 dated 01.09.2023**
i. Differential fee of Rs. 15000/- each is required under DRAP Notification No. F.7-11/2012 B&A/DRAP dated 07.05.2021 as renewal applications for year 2023 was submitted after due date. ii. Evidence of purchase, IQ, OQ & PQ of Liquid Particle Counter and TOC Analyser as per condition of registration. Testing details need to be submitted as evidence. iii. Copy of valid DML. iv. Copy of section approval letters issued by Licensing Disvion. v. Brief details of last batches manufactured. vi. Copies of post registration variation approvals (if any). vii. Undertaking that applied products granted "As per Innovators specifcations" are not yet included in any of the reference pharmacopeia, however in case of inclusion submit evidence of submission of application for grant of pharmacopeial specs or copy of approval if any. viii. Latest GMP inspection report.	i. The firm has submitted the copy of request letter to CEO DRAP dated 02.08.2023 for justification of 3days delay due in accessibility to www.fee.dra.gov.pk and in ability to generate fee challans for submission, and it was neither in our power nor approach to use any alternate method. The detail of the letter is as under: *"There were holidays for Ashura and then Islamabad local holidays due to a visit of his Excellency Deputy Prime minister of People's Republic of china and we are submitting on the first working day after the debatable date of registration letter. The date of registration letter is 24th of July 2018 but letter signed and received by us was on dated 12th August, 2018".* ii. The firm has submitted the copy of delivery challan dated 10.10.2018 LPC and 14.11.2018 for TOC Analyzer. However, the IQ, OQ and PQ report was generated on 24.01.2023 which was completed on 15.08.2023. Testing details have not been submitted. iii. Firm has submitted copy of application submitted for renewal of DML dated 12.12.2022. iv. The firm has submitted copy of section approval letter. v. The firm has submitted copies of approval of change of specs and copies of request submitted for grant of pharmacopeial specs. vi. The firm has submitted copy of request dated 19.07.2022 to DRAP Lahore for GMP inspection/ certificate.

Proceedings:

The Board was apprised as per date of registration the renewal due date was 23.07.2023. and on the due date was Sunday which is an official holiday hence the firm can submit the fee on 24th July 2023. However it was submitted on 02.08.2023 with single fee in DRAP R&I. Moreover, the Ashura holidays were notified by the Government 28-29th July 2023 (Friday & Saturday). Moreover, the Chinese Premier arrived in Islamabad on 31st July 2023 and remained here till 2nd July 2023 and there no local holiday announcement for Government Offices including DRAP. Hence the stance of the firm is not justified. The RRR section has checked from the B&A Division regarding the submission of fee specifically renewal submission fee/ challan generation from and it was found that challan were created and even the fee was submitted in the month of July till the due date i.e. 24.07.2023.

Decision in 331st meeting of Registration Board:

Keeping in view the position narrated above. Registration Board directed the firm to submit differential fee before next meeting. In case of non-compliance, proceedings for suspension of registration shall be initiated under Rule 27 of Drug (LR&A) Rules 1976 and under section 42 of Drug Act 1976.

Accordingly, above decision of the Board was communicated to the firm vide letter No.F.3-11/2023-RRR (M-331) dated 11th December, 2023.The reply of the firm with reference to the aforesaid letter is reproduced verbatim.

Now firm reply as under:

Reference to the letter No.F.3-11/2023-RRR (M-331) dated 11th December, 2023 reached to us on 14th December, 2023 on our address 49-Km Multan Road Lahore the firm has requested as under: I am writing to appeal against the decision mad regarding renewal of registration of drugs Act 1976 and rules framed there under, The decision, as it stands appears to be disproportionately harsh and fails to align with the principles of justice due to the absence of a fair hearing and inadequate representation of our case. Upon careful consideration of the circumstances it is evident that our side of the case was not effectively presented or advocated for during the proceedings. We believe that key aspects of our situation were not adequately communicated leading to an unfair and unjust conclusion. Moreover, I which to emphasize that we have diligently fulfilled our obligations by depositing the standard fee hence indication our compliance with the prescribed regulations. As such the intimation of section 42, pertaining to non-compliance, appears to be erroneous in our case. Our primary plea is to request a waiver of the fine imposed which we firmly believe is unjustified and disproportionate given our adherence to the prescribed standards and regulations the imposition of the this fine under the circumstances appears to be arbitrary and not in line with the intended purpose of the regulations. We respectfully request a reconsideration of the decision, emphasizing our commitment to complying with all regulations and providing any necessary documentation or evidence to support our position. Furthermore, we seek and opportunity for a fair and comprehensive hearing where our case can be properly presented allowing for adjust and informed decisions to be made. I trust that your esteemed office/ board will carefully review the details provided and grant us the opportunity to present our case in a fair and unbiased setting your understanding and reconsideration in this matter will be highly appreciated.

Decision: **Keeping in view the response of the firm as recorded above with reference to DRAP letter No.F.3-11/2023-RRR (M-331) dated 11th December, 2023, Registration Board decided to give opportunity of personal hearing to the firm under section 42 of the Drug Act 1976.**

Case No: 6 **Submission of new/fresh registration applications after cancellation of registration due to non-submission/ submission of renewal after the prescribed time period as per decision of DRAP Authority in its 180thmeeting**

The DRAP Authority in its180th meeting held on 07th March 2024 while considering the application of M/s Gray's Pharmaceuticals Rawat decided as under:

"The Authority observed that similar matter has already been decided in previous meeting in different perspectives and there is a need to adopt a uniform approach for disposing of all such cases where registration has become invalid on administrative grounds. Given the fact that manufacturing site, machinery and formulation remain the same, the Authority decide that instant and all such applications in future:

i. Shall be considered out-of-queue and

ii. Shall be exempted form submission of registration dossier on Form 5F in exercise of Authority's power under Rule 26 of the Drugs (Licensing, Registering & Advertising (Rules, 1976 amended via SRO 713 (1) /2018 dated 08th June, 2018.

2. No such cases shall be forwarded to the Authority and shall be decided on the same analogy by the Division of PE&R and BE&R.

Keeping in view the above decision of the following new registration applications have been submitted on Form-5:

1. M/s Z-Jan Pharmaceutical Industries (Pvt) Limited, Peshawar

1.	Brand Name + Dosage Form and Strength	Zoclan Injection (IV)
	Composition	Each vial contains: Ceftriaxone 250mg
	Dairy No. date of R &I fee	5128 dated 20.05.2024 Rs.30000/-

	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	As per SRO, 1s Vial
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Zeporin Injection 1gm (059454) cancelled vide DRAP letter No. 3-5/2021-RRR (M-312) dated 10.12.2021 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
2.	Brand Name + Dosage Form and Strength	Emexin Injection 500mg
	Composition	Each vial contains: Cefotaxime(as sodium) 500mg
	Dairy No. date of R &I fee	5108 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	As per SRO, 1s Vial
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Emexin Injection 500mg (059462) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
3.	Brand Name + Dosage Form and Strength	Linzee Injection
	Composition	Each ml ampoule contains:- Lincomycin (as HCl) 300mg
	Dairy No. date of R &I fee	5127 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specification
	Pack size and Demand Price	5x1ml ampoule, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Linzee Injection (059482) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
4.	Brand Name + Dosage Form and Strength	Zelium Suspension
	Composition	Each 5ml contains: Domperidone (Ph. Eur)…5mg
	Dairy No. date of R &I fee	5106 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	Manufacturer Specification
	Pack size and Demand Price	60ml, 120ml bottle, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.

	Remark of the Renewal section	Registration of Zelium Suspension (045948) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved as per Innovator's Specifcations. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
5.	Brand Name + Dosage Form and Strength	Lamin Injection
	Composition	Each 1ml ampoule contains:- Mecobalamin (JP) 500mcg
	Dairy No. date of R &I fee	5101dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	Manufacturer
	Pack size and Demand Price	10x1ml ampoule, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Lamin Injection (059478) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved as per Innovator's Specifcations. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
6.	Brand Name + Dosage Form and Strength	Emexin Injection 1gm
	Composition	Each vial contains:- Cefotaxime(as sodium)..... 1gm
	Dairy No. date of R &I fee	5118 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1s vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Emexin Injection 1gm (059463) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
7.	Brand Name + Dosage Form and Strength	Cefep 1gm Injection
	Composition	Each vial contains:- Cefepime (as HCl) with sterile arginine USP..... 1gm
	Dairy No. date of R &I fee	5107 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1s vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar
	Remark of the Renewal section	Registration of Cefep 1gm Injection (059467) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	

8.	Brand Name + Dosage Form and Strength	Nilvom Injection 50mg
	Composition	Each ml ampoule contains:- Dimenhydrinate USP 50mg
	Dairy No. date of R &I fee	5120 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1ml ampoule Pack of 25's, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar
	Remark of the Renewal section	Registration of Nilvom Injection 50mg (059480) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
9.	Brand Name + Dosage Form and Strength	Cefep Injection
	Composition	Each vial contains:- Cefepime (as HCl) with sterile arginine 500mg
	Dairy No. date of R &I fee	5115 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1s vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar
	Remark of the Renewal section	Registration of Cefep Injection (059466) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
10.	Brand Name + Dosage Form and Strength	Oxa-Z infusion
	Composition	Each ml of solution for infusion contains:- Levofloxacin as hemihydrate 5mg
	Dairy No. date of R &I fee	5102 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	JP Specifications
	Pack size and Demand Price	100ml in glass vial, as per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar
	Remark of the Renewal section	Registration of Oxa-Z infusion (059451) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
11.	Brand Name + Dosage Form and Strength	Zoclan Injection 500mg (IV)
	Composition	Each vial contains:- Ceftriaxone (as sodium)..... 500mg
	Dairy No. date of R &I fee	5126 dated 20.05.2024 Rs.30000/-

	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1s Vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar

	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
12.	Brand Name + Dosage Form and Strength	Azosul Injection 1gm
	Composition	Each vial contains:- Cefoperazone (as sodium)....500mg, Sulbactam (as sodium) 500mg
	Dairy No. date of R &I fee	5126 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	JP Specifications
	Pack size and Demand Price	1s vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar
	Remark of the Renewal section	Registration of Azosul Injection 1gm (059456) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
13.	Brand Name + Dosage Form and Strength	Azosul Injection 500mg
	Composition	Each vial contains:- Cefoperazone (as sodium)....250mg, Sulbactam (as sodium) 250mg
	Dairy No. date of R &I fee	5104 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	JP Specifications
	Pack size and Demand Price	1s vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Azosul Injection 500mg (059457) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
14.	Brand Name + Dosage Form and Strength	Xocrel Capsule 40mg
	Composition	Each capsule contains: Enteric coated pellets of Esomeprazole magnesium trihydrate equivalent to: Esomeprazole (USP)…40mg
	Dairy No. date of R &I fee	5111 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5

	Finished product specifications	USP specifications
	Pack size and Demand Price	14s, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Xocrel Capsule 40mg (059486) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Remarks: Source of pellets is not mentioned in Form-5.	
	Decision: Approved. Registration letter shall be issued after submission of source of pellets and valid GMP certificate/ GMP inspection report.	
15.	Brand Name + Dosage Form and Strength	Xocrel Capsule 20mg
	Composition	Each capsule contains: Enteric coated pellets of Esomeprazole magnesium trihydrate equivalent to: Esomeprazole (USP)…20mg
	Dairy No. date of R &I fee	5109 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	14s, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Xocrel Capsule 20mg (059487) cancelled vide DRAP letter No. 3-5/2022-RRR (M-312) dated 10.12.2021 due to non-submission of renewal of 2014 in prescribed time period.
	Remarks: Source of pellets is not mentioned in form-5.	
	Decision: Approved. Registration letter shall be issued after submission of source of pellets and valid GMP certificate/ GMP inspection report.	
16.	Brand Name + Dosage Form and Strength	Oxirase Infusion
	Composition	Each ml of solution for infusion contain: Ciprofloxacin USP..... 2mg (As ciprofloxacin lactate)
	Dairy No. date of R &I fee	5125 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	100ml glass vial, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Oxirase Infusion (059449) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
17.	Brand Name + Dosage Form and Strength	Azour 200mg/5ml powder for oral Suspension
	Composition	Each 5ml contains: - Azithromycin (as dihydrate) USP 200mg
	Dairy No. date of R &I fee	5124 dated 20.05.2024 Rs.30000/-

	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	15ml bottle, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Azour 200mg/5ml Suspension (032062) cancelled vide DRAP letter No. 3-5/2022-RRR (M-312) dated 10.12.2021 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
18.	Brand Name + Dosage Form and Strength	Depset Tablet 20mg
	Composition	Each tablet contains:- Fluoxetine (as HCl) 20mg
	Dairy No. date of R &I fee	5123 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1x10s blister pack, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.
	Remark of the Renewal section	Registration of Depset Tablet 20mg (059447) cancelled vide DRAP letter No. 3-8/2022-RRR (M-317) dated 05.07.2022 due to non-submission of renewal of 2014 in prescribed time period.
	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	
19.	Brand Name + Dosage Form and Strength	Z-JANS Water
	Composition	Each ml contains: Water for Injection 5ml
	Dairy No. date of R &I fee	5122 dated 20.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	5ml ampoules, As per SRO
	GMP Status	GMP certificate dated 07.08.2018 valid till 02.08.2019 issued by DRAP Peshawar.

	Decision: Approved. Registration letter shall be issued after submission of valid GMP certificate/ GMP inspection report.	

2. M/s Gray's Pharmaceuticals, Plot No.2 Street No. N-3, National Industrial Zone Rawat, Islamabad

1.	Brand Name + Dosage Form and Strength	Es-Itopram Tablets 10mg.
	Composition	Each film coated tablet contains: Escitalopram as oxalate 10mg
	Dairy No. date of R &I fee	5352 dated 27.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	14s, As per SRO
	GMP Status	
	Remark of the Renewal section	The above product was registered at M/s Gray's Pharmaceuticals, Plot No. 442, Street 7 I-9/2 Islamabad on 08.01.2008 vide No. 048040 and brand name was change to Es-itopram tablet on 13.08.2008. The registration was invalid due to submission of renewal application for year 2018 after prescribed time period (minutes of 313rd meeting of Registration Board).
2.	Brand Name + Dosage Form and Strength	Grayzine Tablet 10mg
	Composition	Each film coated tablet contains:- Cetirizine dihydrochloride 10mg
	Dairy No. date of R &I fee	5353 dated 27.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1x10s tablet, As per SRO
	GMP Status	
	Remark of the Renewal section	The above product was registered at M/s Gray's Pharmaceuticals, Plot No. 442, Street 7 I-9/2 Islamabad on 08.09.2004 vide No. 033328. The registration was invalid due to non-submission of renewal application for year 2019 (minutes of 313rd meeting of Registration Board).
3.	Brand Name + Dosage Form and Strength	Axodine tablet 180mg
	Composition	Each film coated tablet contains: Fexofenadine HCl 180mg
	Dairy No. date of R &I fee	5351 dated 27.05.2024 Rs.30000/-
	Type of form	Fom-5
	Finished product specifications	USP Specifications
	Pack size and Demand Price	1x10s, Blister pack, As per SRO,

	GMP Status	
	Remark of the Renewal section	The above product was registered at M/s Gray's Pharmaceuticals, Plot No. 442, Street 7 I-9/2 Islamabad on 26.07.2004 vide No. 033330. The registration was invalid due to non-submission of renewal application for year 2019 (minutes of 313rd meeting of Registration Board).

As per facts mentioned in minutes of 313rd and 316th 327th meeting of Registration Board, it is submitted that the firm on 10.10.2011 requested for transfer of registration of their registered products products from existing facility i.e. M/s Grays Pharmaceuticals Plot No. 442 Street No. 7 Sect I-9/s2 Industrial Area Islamabad to their new licensed manufacturing facility i.e. M/s Grays Pharmaceuticals Plot No. 2 Street N-3 National Industrial Zone Rawat, which was granted DML vide approval No. 1-7/2008-Lic dated 22.06.2008. Accordingly, the request of the firm was considered in 233rd meeting of Registration Board held on 15.06.2012 wherein the Board decided to accede the request of for transfer of registrations to M/s Grays Pharmaceuticals Rawat from M/s Grays Pharmaceuticals Islamabad subject to fulfillment of latest fee requirements and confirmation of sections. As per decision of the Board the firm submitted the requisite fee. However, the letter of transfer of registration to new facility couldn't be issued. The registration letters of other products based on approval of 233rd meeting of Registration Board had been issued after approval by the Board in above mentioned meetings but these above products were deferred for confirmation of renewal submission and PRV approvals if any. Now the firm has submitted above applications in light the decision of the Authority in its 180th meeting.

Decision: **Keeping in view the position explained above, Registration Board approved the grant of registration of Es-Itopram Tablets 10mg (Escitalopram as oxalate), Grayzine Tablet 10mg (cetirizine dihydrochloride) and Axodine tablet 180mg (Fexofenadine HCl) in name of M/s Gray's Pharmaceuticals, Plot No.2 Street No. N-3, National Industrial Zone Rawat, Islamabad**

Case No: 7 Extension in contract manufacturing applied by Haleon Pakistan Limited Karachi (formerly M/s GlaxoSmithKline Consumer Healthcare Pakistan Limited)

Sr. No.	Reg. No.	Brand Name & Composition	Date of Reg. PRV (If any)	Date of application (R&I) Fee submitted	Decision
275.	108631	Panadol Forte Suspension Each 5ml contains: Paracetamol…250mg (BP Specifications) **Manufacturer:** M/s GlaxoSmithKline Pakistan Limited, F-268 SITE Karachi.	**11.06.2021** Approval of change of registration status: 10.07.2023	Rs. 75000/- dated 27.11.2023	

The above permission was valid for a period of thirty months under Rule 21 (a)(c) of Drug (LR&A) Rules 1976. The firm has requested extension till December 2024 to avoid shortage in market.

Decision: Registration Board considered the request of firm and granted extension in contract manufacturing till 31st December 2024 under Rule 20A (1)(c) of Drug (LR&A) Rules 1976.

Case No: 8 Renewal applications referred by Renewal Sub-Committee in its 12th meeting to the Registration Board which were submitted after due date but within prescribed time period under Rule 27 of Drug LR&A Rules 1976.

Case No: 9 Renewal Application of Ilevro Eye Drops (Suspension) (Reg: 095874) applied by Novartis Pharma (Pakistan) Limited, 15 West Wharf Dockyard Road Karachi.

Sr. No.	Tracking ID	Reg. No.	Brand Name & Composition	date of Registration PRV(If any)	Date of application (R & I)	Decision

					Fee submitted	
1.	22V-PB3-A7JZ	095874	ILEVRO EYE DROPS (SUSPENSION) Each ml contains: Nepafenac....3mg (As per Innovators Specification) **Manufacturer:** SA Alcon-Couvreur NV Rijksweg 14,B B-2870 Puurs, Belgium **MA Holder:** Novartis Europharm Limited, Frimley Business Park, Camberley GU167SR United Kingdom.	29/05/2019	28/02/2024 Slip No. 16697229353 Rs.15000/-	Deferred for submission of notarized letter of authorization for MAH as mentioned on submitted CoPP issued by Swissmedic.

Documents required	**Documents submitted vide Dy. No. 5032 dated 16.05.2024**
The Renewal Sub Committee in its 12th meeting held on 14.03.2024 considered the reply of firm and decided that submitted response from the firm is not satisfactory. Hence the case deferred for following: i. Approval of product license holder as per submitted CoPP. ii. Clarification is required that submitted COPP bears brand Name Nevanac 3mg/ml rather Ilevro Eye Drops. iii. Legalized GMP issued by the regulatory of Belgium because as per submitted CPP the Swiss Medic is only responsible for GMP of manufactures located in Switzerland.	The submitted response as under: i. As approved MAH in registration holder, which is Novartis Pharma UK, please be informed that due the global Brexit change there was change in name & address of MAH due to which currently we cannot have CoPP with the same MAH name. Therefore, we have submitted Swiss COPP form reference country. However, we do not have approval of product License holder as per submitted new COPP for which we will submit application in DRAP for the regularization and approval of product License holder. We have already initiated requested for required documents (LoA & CoPP) along-with required fees and we will submit application as soon as we receive documents. ii. Global brand name of Ilevro is Nevanac and local brand name is Ilevro which is mentioned in submitted CoPP. iii. GMP corticated issued by Federal Agency of Medicine and Health Products Belgium is submitted.

Case No: 10 M/s. Orient Animal Health (Pvt.) Ltd Commercial # 6, Block-A, 1st Floor, Kazimabad, Model Colony Karachi

M/s. Orient Animal Health(Pvt.) Ltd Karachi has submitted an email from Univet Tullyvin Cootehill Co. Cavan, Ireland wherein the manufacturer requested for issuance of renewal of registration of below mentioned for continued supply in Pakistan as they will not be able to supply the product unless renewals are issued to them. The firm has also submitted email form manufacturer i.e., ECO Animal Health for products at 6-7, the manufacturer stated that in EU the qualified persons only release products which have active license and we are concerned that the ongoing renewal will cause an issue with the release and export of product in Pakistan. Details of the products are as under:

Remarks: COPP issued by HPRA Ireland vide No. CPP-19-0485 dated 03.05.2019 and CPP-19-0486 dated 03.05.2019. As per submitted CoPP, the product is not registered in country of origin reason mentioned in CoPP as "market is small and limited for this product". The firm has also submitted a notarized letter from manufacturer which states that: *"It is to bring into your kind knowledge that due to eradication of many diseases in the EU and many other countries within Europe Gentamycin 10% and 20% are no longer in so much demand in these countries. That the reason why it has been mentioned in COPP as "The Market is small and limited for this product" We have been supplying Gentamycin to Orient Animal health (Pvt) Ltd for almost 25 years and have has no issues with the product. The therapeutic spectrum for gentamycin is wide and contains Gram negative and Gram positive bacteria including Proteus mirabilis, Escherichia coli, and Staphylococcus aureus. Most of the above diseases have been eradicated in Europe so these is no longer a request for Gentamycin in Europe. All the existing European companies have found different treatments for the different disease and have a greater choice then Pakistan. Univet Ltd now produces Gentamycin for export purpose and this includes Middle East, Far East and countries such as these where the above mentioned Bacteria are a lot more prevalent. We no longer manufacturer for the local market and we have a lot of other choices treat our existing diseases".*

Previous Remarks:

The case was evaluated and the deficiency letter has been issued with following requirements:

i. Valid GMP certificate of Source of API is required.
ii. Manufacturing process and Analytical procedures of Semaglutide (API) is required as it is a biological product.
iii. Salcaprozate sodium is used in the formulation which is a novel excipient. So, details regarding its manufacturer, process and method validations and certificate of analysis is required.
iv. Complete descriptions of the specifications and analytical methods of the Finished product is required including test for assay of Salcaprozate sodium in Semaglutide tablet.
v. Form 5 is a part of Drugs (Licensing, Registering and Advertising) Rules, 1976 and its format and title cannot be changed. So properly filled and signed Form 5 is required in its actual format.
vi. The brand name mentioned on affidavit of SEMGGO 14mg Tablet is incorrect.
vii. The fee challans of all three products are paid under the head of Pharmaceutical Evaluation and Registration while these are biological products.

Decision of 335th R.B Meeting: *The Board after detailed deliberation decided to defer the applications for submission of required documents.*

Now the firm has submitted following documents:

Sr. No.	Queries	Reply
1.	Valid GMP certificate of Source of API is required.	Audit Evaluation report of GMP certification in Guangdong Province issued by Qingyuan City Qingcheng Distruct Shijiao Industrial Park Management Committee dated 01.0.2022 for M/s Livzon New North River Pharmaceutical Co., Ltd. Renmin One Road, Qingyuan City, Guangdong Province, China.
2.	Manufacturing process and Analytical procedures of Semaglutide (API) is required as it is a biological product.	The firm has submitted the Manufacturing process, BMR and specifications including analytical procedures of finished product.
3.	Salcaprozate sodium is used in the formulation which is a novel excipient. So, details regarding its manufacturer, process and method validations and certificate of analysis is required.	Certificate of analysis issued by Gansu Haotian Pharma Tech Co., Ltd Gansu China dated 19.05.2023 is submitted along with proposed specification and analytical procedures by the manufacturer
4.	*Complete descriptions of the specifications and analytical methods of the Finished product is required including test for assay of Salcaprozate sodium in semaglutide tablet.*	The firm has submitted proposed specifications for finished product along with method testing including the assay limits for *Salcaprozate sodium* by Gansu Haotian Pharma Tech Co., Ltd Gansu China.
5.	*Form 5 is a part of Drugs (Licensing, Registering and Advertising) Rules, 1976 and its format and title cannot be changed. So properly filled and signed Form 5 is required in its actual format.*	Revised Form-5 is submitted.

6.	*The brand name mentioned on affidavit of SEMGGO 14mg Tablet is incorrect.*	Revised document with correct name is submitted.
7.	*The fee challans of all three products are paid under the head of Pharmaceutical Evaluation and Registration while these are biological products.*	Fee Rs.75000/- each dated 23.04.2024 is submitted under the head of BE&R

Decision: The Board after detailed deliberation decided to approve Semggo 3mg Tablet, Semggo 7 mg Tablet and Semggo 14mg Tablet for export purpose only. The firm will submit the manufacturing process in detail.

Case No.3: Registration of Drug (s) of M/s Wnsfeild Pharmaceuticals, Plot No. 122, Block-A, Phase-V, Industrial Estate, Hattar manufactured by M/s Weather Folds Pharmaceuticals, Plot No. 69/2, Phase-II, Industrial Area, Hatter on contract manufacturing for export purposes only.

Firm has applied for registration of drug(s) only for export purpose as per following details:

Requirements As Per SOP	Submitted Documents
Application on Form-5/ Form 5-D with required fee as per relevant SRO.	Form5;
Copy of DML (Renewal status) along with approval of relevant sections verified by licensing Division or inspection report for renewal of DML before 2005.	Copy of DML along with evidence of DML renewal application is provided Approval of relevant section of M/s Weather Folds verified from Licensing Division Letter No. F. 3-6/2007-Lic (Vol-II) dated 25-10-2023.
GMP Status. Copy of Inspection report/GMP certificate.	New Section is approved on 25-10-2023
Undertakings that the applied product is exclusively for export purpose and the proposed names/ label/ colour do not resemble with already registered brands in importing country.	Provided

Detail of the products is given below:

Sr.#	Name of Drug(s) with composition	Generic/RRA Status	Dy. No. (EFD)/Fee with date
I	**II**	**III**	**IV**
1	Maglu 3mg Tablet Each uncoated tablet contains: Semaglutide…….3mg	Rybelsus of Novo Nordisk	Dy. No. 1701 (08.12.2023) Rs.30, 000/- 15.11.2023)
2	Maglu 7mg Tablet Each uncoated tablet contains: Semaglutide…….7mg	Rybelsus of Novo Nordisk	Dy. No. 1700 (08.12.2023) Rs.30, 000/- 15.11.2023
3	Maglu 14mg Tablet Each uncoated tablet contains: Semaglutide…….14mg	Rybelsus of Novo Nordisk	Dy. No. 1699 (08.12.2023) Rs.30, 000/- 15.11.2023

Remarks:

The case was evaluated and the deficiency letter has been issued with following requirements:

i. Contract/Agreement with M/s Weather Folds for Toll manufacturing is not provided.
ii. Valid GMP certificate of Source of API is required.
iii. Manufacturing process and Analytical procedures of Semaglutide (API) is required as it is a biological product.
iv. Salcaprozate sodium is used in the formulation which is a novel excipient. So, details regarding its manufacturer, process and method validations and certificate of analysis is required.

v. Complete descriptions of the specifications and analytical methods of the Finished product is required including test for assay of Salcaprozate sodium in semaglutide tablet.
vi. Form 5 is a part of Drugs (Licensing, Registering and Advertising) Rules, 1976 and its format and title cannot be changed. So properly filled and signed Form 5 is required in its actual format.
vii. The brand name mentioned on affidavit of MEGLU 14mg Tablet is incorrect.
viii. The fee challans of all three products are paid under the head of Pharmaceutical Evaluation and Registration while these are biological products.

Decision of 335th R.B Meeting: The Board after detailed deliberation decided to defer the applications for submission of required documents.

Submitted in the light the reply of M/s Weather Folds Pharmaceuticals:

Decision: **The Board after detailed deliberation decided to approve Maglu 3mg Tablet, Maglu 7mg Tablet and Maglu 14mg Tablet** to **M/s Wnsfeild Pharmaceuticals, Plot No. 122, Block-A, Phase-V, Industrial Estate, Hattar manufactured by M/s Weather Folds Pharmaceuticals, Plot No. 69/2, Phase-II, Industrial Area, Hatter on contract manufacturing for export purposes only subject to submission of agreement of contract manufacturing. The firm will submit the manufacturing process in detail**

CASES OF DD-II (Dr. H.M. JAWAD ALI)

Following product of M/s Grand Pharma Pvt. Ltd., Lahore was considered in 324th meeting of Registration Board as per following details;

52.	**Name and address of product manufacturer (Applicant)**	**M/s Grand Pharma Pvt Ltd** Plot # 5-A, Street No.N-5, RCCI Estate, Rawat, Islamabad.
	Brand Name +Dosage Form + Strength	Vaxi-drop (0.30ml per bird)
	Type of Form, Diary No. Date of R& I & fee	Form-5 Dy. No.20999 Date:21-8-2020 Rs. 20,000/- Date: 19-8-2020
	Composition	Each ml contains: Monobasic Potassium Phosphate: ……0.37 mg Disodium Phosphate Dihydrate:…… 0.72 mg Sodium Chloride : ……...7.65mg
	Pharmacological Group	Diluent for live Avian vaccines
	Finished Product Specification	Manufacturer' Spec
	Shelf Life	2 Years (15°C -25°C)
	Document Details	All the undertaking has been submitted by the firm. Copy of DML Copy of inspection report for GMP for viral vaccines section (killed) & Bacterial killed vaccine section.
	Pack size & Demanded Price	1000ml**; Decontrolled**
	Products already registered in Pakistan	*MS Bac* (M/s Hi-Tech Pharma, Lahore)
	Remarks of Evaluator	

Registration Board in its 324th meeting decided as under:

"Registration Board deferred the case and advised to deliberate the case with Licensing Division regarding manufacturing requirements of diluents for vaccine"

The firm has submitted response wherein they have mentioned that earlier approved packing (36ml) of this product is manufactured in "**Killed Bacterial vaccine section**" at Grand pharma production unit. The newly proposed packing of 1L will also be manufactured in Killed bacterial vaccine section where a filling line for packing of 1 Liter bottles already exists.

In view of decision of Registration Board and response by the firm, the case was forwarded to licensing division for their comments / input on the matter for further processing of the case.

Comments of Licensing Division:

"It is submitted that the FID-I Islamabad pointed out in her inspection report dated 16th June 2022 of M/s Amson Vaccines & Pharma (Pvt) Ltd, 113 Industrial Triangle Kahuta Road that the firm was carrying out manufacturing of Water for Injection 2ml in Vaccine section and Registration Board in its 342thmeeting considered the case and decided as under:

"*Suspension of Registration of "Water for injection 2ml registration No.024873" of M/s Amson Vaccines Pharma till establishment and approval of separate section by Licensing Division, DRAP for manufacturing of this product with immediate effect."*

The manufacturing of any drug other than vaccine cannot take place in Vaccine manufacturing area. However, M/s Grand Pharma (Pvt) Ltd, Rawat, has a Liquid Injectable (Vial) (General) (Veterinary) Section and Registration Board may consider request for registration of Vaxi-drop of provided the firm possesses the necessary facilities to do so. The same information may be shared with concerned quarters, please.**"**

Decision: The board deliberated the matter and decided as under: -

I. The Board Authorized Director BER to nominate a panel to visit M/s Grand Pharma (Pvt.) Ltd., Rawat, to verify the facility of Liquid Injectable (Vial) (General) (Veterinary) Section for "One Little pack size" subject diluent.
II. The registration letter will be issued after verification.

CASES OF DD-III (MS. HALEEMA SHARIF)

Imported Human Biologicals from non-reference countries:

79.	**Name, address of Applicant / Importer**	**M/s RG Pharmaceutica (Pvt).Ltd, Lahore < Pakistan**
	Details of the Drug Sale License of the importer	**License No: 5-352-0066-059010D** **Address:** BF1-01 First Floor Gate No.1 Bahria Orchard Main Raiwind Road Distt Lahore **Address of Godown:** 247-Sundar Industrial Estate, Lahore **Validity: 27.08.2027** **Status:** License to sell drugs as a distributor **Renewal: NA**
	Name and address of marketing authorization holder (abroad)	M/s. Medicalcine Inc, located at 1109 22, Hyoryeong-ro 55-gil, Seocho-gu, Seoul 06654 Korea
	Name, and address of the manufacturer(s)	M/s. Chong Kun Dang Pharmaceutical Corporation located at 797-48, Manghyang-ro, Seonggeo-eup, Seobuk-gu, Cheonan-si, Chungcheongnam-do, Korea of Republic
	Name of the exporting country	Korea

	Detail of certificates attached (CoPP, Free sale certificate, GMP certificate)	**CoPP:** Firm has submitted an original, legalized CoPP certificate (No.2022-AI-0749) dated 02.05.2022 issued by ministry of food and drug safety for Nesbell PFS . The CoPP confirms the free sale status of the product in exporting country as well as the GMP status of the manufacturing site through periodic inspection every three years.
	Details of letter of authorization / sole agency agreement	The firm has submitted a distribution supply agreement from Medicalcine Inc, located at 1109 22, Hyoryeong-ro 55-gil, Seocho-gu, Seoul 06654 Korea valid for 5 years.
	Status of the applicant	☐ Manufacturer ☒ I**mporter** ☐ Is involved in none of the above (contract giver)
	Status of application	☒ **New Drug Product (NDP)** ☐ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☒ **Domestic sale** ☐ Export sale ☐ Domestic and Export sales
	For imported products, specify one the these	☒ **Finished Pharmaceutical product import** ☐ Buk import and local repackaging ☐ Buk import and local repackaging for export purpose only
	Dy. No. and date of submission	Dy. No. 4945_dated__21 Feb 2023
	Details of fee submitted	PKR 75,000/-:
	The proposed proprietary name / brand name	**Nesbell Prefilled Syringe™ 20 ug**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 0.5 ml PFS contains Darbepoetin alfa…….20ug (Recombinant protein
	Pharmaceutical form of applied drug	Clear Colorless solution for injection filled in prefilled glass syringe with a single use needle
	Pharmacotherapeutic Group of (API)	erythropoiesis-stimulating agents (ESAs)
	Reference to Finished product specifications	Innovator
	Proposed Pack size	1's
	Proposed unit price	As per DPC
	The status in reference regulatory authorities	**Aranesp® (USFDA** Approved).
	For generic drugs (me-too status)	N/A
	Module-II (Quality Overall Summary)	Firm has submitted QOS. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.

	Name, address of drug substance manufacturer	Chong Kun Dang Pharmaceutical Corporation located at 797-48, Manghyang-ro, Seonggeo-eup, Seobuk-gu, Cheonan-si, Chungcheongnam-do, Korea of Republic
	Module-III Drug Substance:	Firm has submitted detailed drug substance data for both sources related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated as well as real time conditions. The real time stability data is conducted at -20°C ± 5°C. The stability study data is till 36 months.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	N/A in case of new product
	Analytical method validation/verification of product	Firm has submitted analytical method validation studies for the applied product.
	Container closure system of the drug product	Glass Syringe and rubber closure made of bromo butyl rubber
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 3 batches The accelerated stability study data is conducted at (25℃±2℃/60%RH±5%RH for 6 months. The real time stability study data is conducted at (5℃±3℃,) The real time stability study data of 3 batches is for 24 months.
	Module IV	Following studies have been performed by the firm • Single dose toxicity studies. • Repeat dose toxicity studies.
	Module V	Randomized, double-blind, multi-center and phase 3 clinical trial to evaluate the efficacy and safety of CKD-11101 or Darbepoetin alfa administered subcutaneously for treatment of anemia in patients with chronic renal failure not receiving dialysis. A Randomized, Double-blind, Multi-center, Phase III Trial toEvaluate the Efficacy and Safety

		of CKD-11101 or Darbepoetin alfa Administered Intravenously for Treatment of Anemia in Patients with Chronic Renal Failure Receiving Hemodialysis

Evaluation by PEC:

- Evidence of approval of applied formulation Darbepoetin alfa 20ug/0.5ml PFS in reference agencies adopted by Registration Board is required.
- On CoPP it is mentioned that for complete quantitative composition including excipients, see attached but there is not attachment with CoPP.
- According to CoPP product license holder is "M/s. Chong Kun Dang Pharmaceutical Corporation" and manufacturer is " Binex Co., Ltd" but distribution agreement is with "M/s. Medicalcine Inc, located at 1109 22, Hyoryeong-ro 55-gil, Seocho-gu, Seoul 06654 Korea"

** We, Chong Kun Dang Pharmaceutical Corp (hereinafter CKD), hereby declare that we are the actual manufacturer and market authorization holder of the finished biosimilar product, Nesbell Prefilled Syringe (20,30,40,60,120mcg).
There have been two manufacture ring facilities listed in the MFDS (Ministry of Food and Drug Safety) product license. One is CKD and the other is Binex.
In fact, according to the MFDS CPP issuing practice, Section 2.4 Status of product-license holder of the CPP only one option can be selected and this can be shown as Binex as the only manufacturer which is not true. Due to the inconvenience of the electronic document issuance form with no choice given from our MFDS system, here we explain in precise detail to avoid any misunderstanding. Therefore, we have added attachment on page 4, representing the full tabular list of all manufacturers.
Although Nesbell Prefilled syringe is no longer produced from Binex facility, we are obliged to keep all records of previous manufacturers information Despite the fact that CMO business contract between CKD (Consigner) and Binex (Consignee) had terminated, the quality agreement of the previously manufactured and domestically distributed products are still valid.

- Firm has submitted fee of Rupee 75000/- only considering it a new drug application.

Decision:
Registration Board deferred the case for following:

- **Original notrised CoPP indicating Quantitative composition of applied formulation including excipients.**
- **Clarification regarding product license holder, Manufacturer is required as according to CoPP product license holder is "M/s. Chong Kun Dang Pharmaceutical Corporation" and manufacturer is "Binex Co., Ltd" But in declaration letter it is mentioned that CKD is actual manufacturer and Bionex is no longer manufacturer.**
- **Distribution agreement is with M/s. Medicalcine Inc, Korea not with CKD provide details of working link between CKD and Medicalcine Inc. OR Distribution agreement with M/s. CKD.**
- **Evidence of approval of Darbepoetin alfa 20ug/0.5ml PFS in reference agencies adopted by Registration Board.**

	Dy. No. and date of submission	Dy. No.4948 21 Feb 2023
	Details of fee submitted	PKR 75,000/-:
	The proposed proprietary name / brand name	**Nesbell Prefilled Syringe™ 120 ug**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 0.5 ml PFS contains Darbepoetin alfa…….120ug (Recombinant protein
	Pharmaceutical form of applied drug	Clear Colorless solution for injection filled in prefilled glass syringe with a single use needle
	Pharmacotherapeutic Group of (API)	erythropoiesis-stimulating agents (ESAs)
	Reference to Finished product specifications	Innovator
	Proposed Pack size	1's
	Proposed unit price	As per DPC_____
	The status in reference regulatory authorities	**Aranesp® (USFDA** Approved).
	For generic drugs (me-too status)	N/A
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per ICH template. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Name, address of drug substance manufacturer	Chong Kun Dang Pharmaceutical Corporation located at 797-48, Manghyang-ro, Seonggeo-eup, Seobuk-gu, Cheonan-si, Chungcheongnam-do, Korea of Republic
	Module-III Drug Substance:	Firm has submitted detailed drug substance data for both sources related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance	Firm has submitted stability study data of 3

	(Conditions & duration of Stability studies)	batches of API at accelerated as well as real time conditions. The real time stability data is conducted at -20ºC ± 5ºC. The stability study data is till 36 months.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	N/A in case of new product
	Analytical method validation/verification of product	Firm has submitted analytical method validation studies for the applied product.
	Container closure system of the drug product	Glass Syringe and rubber closure made of bromo butyl rubber
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 3 batches The accelerated stability study data is conducted at (25℃±2℃/60%RH±5%RH for 6 months. The real time stability study data is conducted at (5℃±3℃,) The real time stability study data of 3 batches is for 24 months.
	Module IV	Following studies have been performed by the firm • Single dose toxicity studies. • Repeat dose toxicity studies.
	Module V	Randomized, double-blind, multi-center and phase 3 clinical trial to evaluate the efficacy and safety of CKD-11101 or Darbepoetin alfa administered subcutaneously for treatment of anemia in patients with chronic renal failure not receiving dialysis. A Randomized, Double-blind, Multi-center, Phase III Trial toEvaluate the Efficacy and Safety of CKD-11101 or Darbepoetin alfa Administered Intravenously for Treatment of Anemia in Patients with Chronic Renal Failure Receiving Hemodialysis

Evaluation by PEC:

- Evidence of approval applied formulation with applied volume (0.5ml) in reference agency is required.
- On CoPP it is mentioned that for complete quantitative composition including excipients, see attached but there is not attachment with CoPP.
- According to CoPP product license holder is "M/s. Chong Kun Dang Pharmaceutical Corporation" and manufacturer is " Binex Co., Ltd" but distribution agreement is with "M/s. Medicalcine Inc, located at 1109 22, Hyoryeong-ro 55-gil, Seocho-gu, Seoul 06654 Korea"
- Firm has submitted fee of Rupee 75000/- only considering it a new drug application.

Decision:
Registration Board deferred the case for following:

• **Original notrised CoPP indicating Quantitative composition of applied formulation including excipients.** • **Clarification regarding product license holder, Manufacturer is required as according to CoPP product license holder is "M/s. Chong Kun Dang Pharmaceutical Corporation" and manufacturer is "Binex Co., Ltd" But in declaration letter it is mentioned that CKD is actual manufacturer and Bionex is no longer manufacturer.** • **Distribution agreement is with M/s. Medicalcine Inc, Korea not with CKD provide details of of working link between CKD and Medicalcine Inc. OR Dustribution agreement with M/s. CKD.** • **Evidence of approval of Darbepoetin alfa 120ug/0.5ml PFS in reference agencies adopted by Registration Board.**

Issued on: January 16, 2019. **Sole Agency Agreement:** Between M/s Kyoto Biken Laboratories, Inc. and M/s Chakwal Pharma International valid for five years from date of signing i.e. 11th September 2018.
Pack size	1's: 20ml vial
Reference Regulatory Authority Availability	Allowed to be sold in Japan as per COPP.
Products already registered in Pakistan	Strains of viruses are different. **Reg No. 094780, HIPRABOVIS-4 of "HIPRA Pakistan Pvt Ltd Lahore"** Lyophilisate and solvent for Injectable suspension Composition per dose (3ml): Composition of Liquid fraction: Inactivated Infectious Bovine Rinotracheitis Virus, strain LA……..…ELISA≥50 Inactivated Parainfluenza-3 virus, strain SF4…….…….IHA≥1/16 Inactivated Bovine Viral Diarrhoea Virus, strain NADL……ELISA≥50 Composition of freeze-dried fraction: Live Bovine Respiratory Syncytial Virus, strain Lym-56……...≥104TCID *ELISA: Antibody titre determined by ELISA in vaccinated rabbits. **IHA: Antibody titre determined by hemagglutination inhibition in vaccinated rabbits. ***CCID50: Cellular culture infective dose 50%
Remarks of Evaluator	Firm has submitted following: a. Fee challan differential fee of Rs. 50,000/- (deposit slip No. 990498960) b. Finished Product Specifications: As per innovator's specification. c. Stability studies data of three batches. d. Pack size: 20ml vial. e. For only brand name on COPP (as COPP does not mention composition and pack size). The firm submitted that original legalized FSC is certified by Director General of food security and consumers affair bureau "MAFF (Japanese Ministry of Agriculture, Forestry and Fisheries). The FSC specifies free sale status of the product in country of origin along with its availability. MAFF has its own specific format for COPP/FSC.

		Which could be verified from MAFF website: http://www.maff.go.jp/j/syouan/tikusui/yakuzi/170315.html. Evidence of approval status and applied formulation in country of origin of "Kyoto Biken" Cattlewin -5K(Inactivated) shall be confirmed from NVAL, MAFF Japan (reference regulatory authority) database/website available at https://www.vm.nval.go.jp/public/detail/15867 where it is mentioned that principal component of vaccine is as under: MDBK-NSC Cell Culture Cow Infectious Rhinotracheitis Virus No. 758-KB Strain (Seed) (Pre-Inactivated Virus Volume) 10 (8.5) TCID50 Or More / 1 Vial (20 ml) MDBK-NSC Cell Culture Cow Viral Diarrhea Virus Type 1 Nose-KB Strain (Seed) (Pre-Inactivated Virus Volume) 10 (8.1) TCID50 Or More / 1 Vial (20 ml) MDBK-NSC Cell Culture Cow Viral Diarrhea Virus Type 2 Kz-91-Kb Strain (Seed) (Pre-Inactivated Virus Volume) 10 (6.9) Tcid50 Or More / 1 Vial (20 ML) Mdbk-Nsc Cell Culture Cow Parainfluenza Type 3 Virus Bn1-1-Kb Strain (Seed) (Pre-Inactivated Virus Volume) 10 (8.4) Tcid50 Or More / 1 vial (20 ml) HMLU-SC Cell Culture Cow RS Virus Rs-52 Strain (Seed) (Pre-Inactivated Virus Volume) 10 (7.1) TCID Following documents are not submitted by the firm: a. Safety and efficacy studies. For this the firm has submitted that vaccine is a generic product it could be applied for approval as equivalent to the existing correspondent product such generic product is required to pass equivalency test by the NVAL (National Veterinary Assay Laboratory, as a result of test it is judged that essential biological nature, composition, usage, dosage, efficiency, viral nature are equivalent to the existing already approved product(infectious bovine rhinotracheitis, divalent bovine diarrhea, bovine parainfluenza, bovine RS virus infection combined inactivated adjuvanted vaccine) in spite of difference of virus strains.
	Evaluation by BE&R division.	Firm has submitted Efficacy study of commercial vaccine against Infectious Bovine Rhinotracheitis, Bovine Viral Diarrhea, Bovine Parainfluenza and Bovine Respiratory Syncytial Virus Infection, in a target specie experimental infection. **Conclusion:** The results of the study indicated that the Kyoto Biken,, Cattlewin-5k against Infectious Bovine Rhinotracheitis, Bovine Viral Diarrhea, Bovine Parainfluenza and Bovine Respiratory Syncytial Virus Infection is efficient in the prophylaxis of the Infectious Bovine Rhinotracheitis, Bovine Viral Diarrhea, Bovine Parainfluenza and Bovine Respiratory Syncytial Virus Infection in cattles, when the product is stored according to the leaflet instructions.
	Decision: In the light of opinion of Expert member Registration Board, that this vaccine is needed in imported animals & Keeping in view the legalized COPP indicating product availability in the country of origin, Registration Board approved the product subject to compliance to the current Import Policy for finished drugs.

	The proposed proprietary name / brand name	**Globin Well I.V. inj.**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each vial contains: Human Immunoglobulin IgG….. 2.5gm.
	Dosage form of applied drug	Injection
	Pharmacotherapeutic Group of (API)	Intravenous Immunoglobulin
	Reference to Finished product specifications	USP Specifications
	Proposed Pack size	2.5gm/50mL Vial

	Proposed unit price	Rs. 38,398/Vial
	Shelf Life	36 months
	Storage Conditions	$2^{O}C$ - $8^{O}C$
	The status in reference regulatory authorities	Gamimune 5% (Immune Globulin Intravenous) Approved by USFDA.
	For generic drugs (me-too status)	I.V. Globulin SN Injection registered in Pakistan.
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per ICH guidelines. Firm has summarized information related to introduction, nomenclature, structure, general properties, solubility, physical form, Manufacture: manufacturers, description of manufacturing process and controls, controls of materials, control of critical steps and intermediates, process validation and /or evaluation, manufacturing process development, Elucidation of structure and other characteristics, impurities, specifications, Analytical procedures and its validation, batch analysis, justification of specification , reference standard or materials, container closure system and stability studies of drug substance. The firm has summarized information of drug product including its Description and composition of the drug product, pharmaceutical development, manufacture, batch formula, description of manufacturing process and process control, control of citical steps and intermediates, process evaluation and/or evaluation, control of excipients, control of drug product, specifications, analytical procedures and its validation, batch analysis, characterization of impurities and justification of specification, reference standard, container closure system and stability studies of drug product. The firm has also submitted the non-clinical and clinical overviews and summaries.
	Name, address of drug substance manufacturer	M/s. Harbin Pacific Biopharmaceutical Co., Ltd No.77, Siping Road, Limin Economicand Technological Development Zone, Heilongjiang Province, China.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and process controls. control of materials, control of critical steps and intermediates, Process Validation and/or evaluation, manufacturing process development, characterization, impurities and Elucidation of structure and other characteristics, control of Drug Substance: specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Bulk solution of human immunoglobulin for intravenous injection is a transitional phase, so the stability studies are inapplicable.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, & composition of the drug product, pharmaceutical development, manufacturer, batch formula, description of manufacturing process and process control, control of critical steps and intermediates, process validation and/or evaluation, control of excipients, control of drug product: specifications, analytical procedures, validation of analytical procedures, batch analysis, characterization of impurities, justification of specifications, reference standard or materials, container closure system and stability.

	Analytical method validation/verification of product	Firm has submitted analytical methods as per in House Specs. Validation of analytical procedures, process validation, batch analysis and stability studies have been performed.
	Container closure system of the drug product	Injection vial made of molecule middle borosilicate glass, halogenated butyl rubber stopper for injection (brominated) and aluminum-plastic combination cap.
	Stability study data of drug product, shelf life and storage conditions	The studies are performed according to the current ICH stability guidelines. The studies cover long term storage conditions (2°C - 8°C) for 36 months and accelerated storage conditions (25°C±2°C) 60%±5% RH for 6 months. Based on the results from the long term and accelerated stability studies, the proposed shelf life of 36 months at 2°C ± 8°C
	Module-IV	Not submitted
	Module-V	Not submitted
	Remarks	• Firm has not provided stability studies of drug substance with this justification that drug substance stability data is not required in china. • Firm has not provided safety and efficacy data with this justification that brands like Gamarrass, HL Globin and our product are being used in china from decades and their safety and efficacy is established for many decades. So Module IV and V are exempted.

Decision in 334th RB meeting:

Registration Board deferred the product for the following:

- For submission of Stability studies data of drug substance/evidence of ICH guideline indicating no requirement of stability data for this substance.
- For submission of safety and efficacy studies of applied formulation/ evidence of ICH guideline indicating no requirement of safety and efficacy data for applied formulation.

Response of firm:

1. Module IV and Module V have not been submitted.

Answer: As per "Form 5-F" and "Guidance document for submission of application on Form 5-F(CTD) for registration of Pharmaceutical Drug for Human Use" Module IV and Module V are optional., please find attached the Page No.39 of same Guidance. As per these guidance:

Module 4: (Non-clinical/ Safety)

For all drug products which are approved in the same combination, strength and dosage form by reference regulatory authorities adapted by Registration Board, the submission of documents in module 4 is optional.

Module 5: (Clinical/ efficacy)

For all drug products which are approved in the same combination, strength and dosage form by reference regulatory authorities adapted by Registration Board, the submission of documents in module 5 is optional".

Competitors of our product with same combination, strength and dosage form are already registered in all reference countries and with DRAP in many brands.

Therefore, on the basis of above explanations you are requested to include our Product Globin Well I.V. Inj. In upcoming Registration Board Meeting for the approval.

Decision in 336th RB meeting:

Registration Board after detailed deliberations deferred the product for submission of required data as per evaluator remarks.

Application of Finished Product, Local Manufacturing by M/s BF Biosciences Ltd, Raiwind, Lahore

DRAP Authority in its 133rd meeting held on 13th April 2022, decided to grant registration on priority basis i.e one molecule for each 100,000 USD worth of export of medicines (to a maximum of 15 such molecules) during a fiscal year. In compliance to the aforementioned decision of the authority, the firm has achieved the benchmark of more than **100,000 USD** during the **fiscal Year 2022-2023** and submitted their applications for priority consideration in lieu of export facilitation for Registration Board.

Molecule: Semaglutide

	GMP of manufacturer & Evidence of Section	DML No. 000655ddress: 5km Sundar Raiwind Road, Raiwind, Lahore-Pakistan Evidence of section: Parenterals (Liquid & Lyophilized) For Biologicals GMP: Last GMP conducted on 13-09-2023 valid up to 13-09-2025
	Status of application	☐ New Drug Product (NDP) ☒ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☐ Domestic sale ☐ Export sale ☒ Domestic and Export sales
	For imported products, specify one the these	Not Applicable API Import, Local Manufacturing
	Dy. No. and Date of submission	Dy.No. 17970 (R&I) dated 17th July, 2023
	Details of fee submitted	PKR.30,000/- (Slip # 11115303395)
	The proposed proprietary name / brand name	**Sematide 0.25mg/0.188mL**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 0.188mL contains: Semaglutide …..0.25mg
	Pharmaceutical form of applied drug	Solution for Injection in PFS (For Subcutaneous use only)
	Pharmacotherapeutic Group of (API)	Glucagon-like peptide-1 (GLP-1) analogues ATC Code: A10BJ06
	Reference to Finished product specifications	In-House Specifications
	Proposed Pack size	1's (PFS)
	Proposed unit price	As per SRO
	Shelf Life	24 Months

	Storage Condition	Store in a refrigerator (2 °C – 8 °C)
	The status in reference regulatory authorities	OZEMPIC (semaglutide) solution for injection 2 mg/1.5 ml (USFDA APPROVED)
	For generic drugs (me-too status)	Ozempic by M/S Novo Nordisk Pharma (Private) Limited Karachi (Registration number : 107915)
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD. Firm has summarized information related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, Characterization (Elucidation of Structure and Other Characteristics), impurities, specifications, analytical procedures, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Name, address of drug substance manufacturer	M/s Zhejiang Peptides Biotech Co., Ltd No.8 Hengyizhi Road, Sanjie Town, Shengzhou City, Zhejiang Province, China
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis an justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Data as per guidelines of 278th meeting of Registration Board; **i) For Bulk Concentrate Import, Local formulation Filling:**	
	The firm shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	GMP No. 223306B0/002018 Issue Dated: 16th August,2018 Firm has submitted the GMP issued by People's Republic of China, China National Association of Pharmaceutical and Medical Equipment's Industry Technical Market
	The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same	Firm has submitted that Issuance of FSC/COPP is not required by country of origin as it is an API, hence COPP/FSC not applicable. Semaglutide has been exported by DS Manufacturer to Bangladesh to Aristo Pharma & Incepta Pharma

	concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	
	The firm shall provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	Not Applicable
	The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	Firm has submitted stability study data of drug substance of following 3 batches at accelerated and real time conditions. The real time stability data is conducted at 5°C ± 3°C for 6 months, and the accelerated stability data is conducted Under 25°C ± 2°C for 6 months. Batch No: ZG06210301 (mfg date; 13-03-2021) Batch No: ZG06210302 (mfg date; 28-03-2021) Batch No: ZG06210303 (mfg date; 13-04-2021)
	The firm shall provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Not Applicable because of API import.
	Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will be forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event, immediate mandatory reporting procedure shall be followed.	Firm have submitted undertaking & SOP as detailed in 278th meeting of Registration Board by the local manufacturer.
	The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.

	and finished product as required vide Rules 30 of Drug (LR&A) Rule.	
	If any of the conditions is not fulfilled or public health risk reported at any stage, the drug registration shall stand cancelled with immediate effect.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	All the provisions as contained in the Drugs Act, 1976 and rules made there under including provisions of Lot Release certification from National Control Laboratory for Biologicals shall be strictly adhered to.	Firm have submitted undertaking as detailed in 278th meeting of Registration Board by the local manufacturer.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted Pharmaceutical Equivalence and sameness evaluation studies with innovator product.
	Analytical method validation/verification of product	Firm has submitted details of analytical method validation.
	Container closure system of the drug product	(PFS) 1mL USP Type 1 clear glass barrel, accompanied with Rubber plunger
	Documents for the procurement of API with approval from DRAP	The firm has submitted copy of GD dated 31-10-2022 Form 6 dated 29-Sep 2022, commercial Invoice dated 16-09-2022 , Form 3 dated 16-09-2022 and Form 7 dated 16-09-2022 specifying the import of 9gram of semaglutide and Relevant Impurities 25mg each(working standard 100mg total).
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of following 03 batches. The accelerated stability study data is conducted at 25±2°C, 60%±5% RH for 6 months. The real time ongoing stability study data is conducted at 5°C±3°C for 6months. Batch No. — Batch Size — Manufacturing date 020D03 — 680 PFS — March-2023 020D04 — 680 PFS — March-2023 020D05 — 680 PFS — March-2023
	Module IV	Detailed in sameness evaluation mentioned below
	Module V	Detailed in sameness evaluation mentioned below
	The firm has submitted Detailed in sameness evaluation mentioned below data as per following details:	
Biosimilarity parameters		**Sameness evaluation Data Submitted by M/s BF Biosciences Ltd**

Quality Comparison **1.** Physicochemical Characterization	Sematide Injection has been compared with Ozempic inj. Reference Listed Drug (RLD) The quality attributes characterize biological products in terms of structural, physicochemical and functional properties. A. Primary sequence and physicochemical properties B. Secondary structure C. Oligomer/aggregation states D. Biological activities (by *in-vitro* or animal studies) **Sameness studies** **1. Structural comparison** Following robust characterization of drug substance and drug product proves the sameness of Sematide with RLD. **Drug Substance** **Zhejiang Peptites Biotech Co. Ltd v/s OZEMPIC INJECTION** **Comparative Testing with Ozempic Injection** (3.2.S.3.2 P 16 - 38) i) Peptide Sequence analysis by mass spectrometer (Primary Structure). ii) Circular dichroism spectrum analysis (Secondary structure). iii) Isoelectric point by Imaging capillary isoelectric focusing electrophoresis (Secondary structure). iv) Related substances/ Impurities by RP HPLC**.** v) Polymer (Oligomer/ Aggregates/ High Molecular Weight Proteins) by Size Exclusion Chromatography. vi) Biological activities (Cell line HEK - 293). vii) Thermo analysis by Differential Scanning Calorimeter (DSC) method. In addition to above Following tests were performed on the **API (Semaglutide)**: **Primary Structure** i) Molecular Weight by Mass Spectrometry (3.2.S.3.1 - P. 18 - 19) ii) Amino Acid Analysis (3.2.S.3.1 - P. 6) ***Secondary Structure*** i) IR Spectrum (3.2.S.3.1 - P. 3) ii) UV Absorption (3.2.S.3.1 – P 4) iii) X-ray diffraction analysis (3.2.S.3.1 – P 14) iv) Thermogravimetric analysis (3.2.S.3.1 – P 15) **Drug Product** **Sematide Injection (Manufactured by: BF Biosciences)** ➢ Following tests were performed by BF Biosciences to **compare Finished product with Ozempic Injection:** **1. Primary Structure:** I) Complete peptide sequence Analysis by Mass Spectrometry. II) Peptide Mapping. **2. Secondary Structure:** I) Fourier Transform Infrared Spectrum. II) UV-Visible Spectrophotometer. **3. Physiochemical Test:** i) Appearance ii) Phenol content by RP HPLC. iii) pH. **4. Identification:** i) Identification by RP HPLC. ii) Molecular weight determination by SDS-PAGE. iii) Isoelectric point by IEF (Isoelectric Focusing). **5. Purity:**

	i) Subvisible Particles by Liquid Particle Counter. ii) Related Substances I by Reverse Phase HPLC. iii) Related Substances II by Reverse Phase HPLC. iv) Polymer (Oligomer/ Aggregates/ High Molecular Weight Proteins) by Size Exclusion Chromatography. **6. Assay Testing:** i) Assay by Reverse Phase HPLC **7. Biological Activity and Determination of Protein Content:** i) Determination of specific activity by in-vitro Bioassay and protein content determination by cAMP Hunter Bioassay Kit **8. Toxicity Testing:** i) Mammalian Erythrocytes Micronucleus Test **2. Quality**: ▪ *Chiral Analysis/Optical Rotation (3.2.S.3.1 – P 18)* ▪ *Elemental Analysis (3.2.S.3.2 – P 8)* ▪ *Capillary Isoelectric focusing (3.2.S.3.1 - P 10)* ▪ *Physicochemical properties (3.2.S.3.1 - P 17)* ▪ *Hygroscopicity (3.2.S.3.1 - P 17)* ▪ *Identification by RP HPLC (3.2.S.4.1 P 1)* ▪ *Related Substances by RP HPLC (3.2.S.4.1 P 2)* ▪ *Peptide content and assay by HPLC (3.2.S.4.1 P 2)* ▪ *Determination of higher molecular weights proteins by size exclusion chromatography/Polymer test by SEC(3.2.S.4.1 P 2)*
Biological Activity	**Biological bioactivity** <u>Animal studies (Mutagenicity testing):</u> Development of structural alerts for the In vivo micronucleus assay in rodents. ▪ Comparative specific Activity by Biological Assay and Protein content by cAMP Hunter Kit 95-0062Y2-00175 ▪ Comparative Toxicological Studies: in Rats(Mammalian Erythrocytes Micronucleus Test) *Drug Substance Specifications* ▪ Physical Appearance ▪ Solubility ▪ Identification by RP HPLC ▪ Identification Molecular Weight Mass Spectrometry ▪ pH ▪ Water Content ▪ Clarity of Solution ▪ Amino Acid Analysis ▪ Sodium Ion ▪ Carbonate Ion ▪ Acetic Acid ▪ Trifluoroacetic acid ▪ Assay (RP HPLC) ▪ Related Substances I by RP HPLC ▪ Related Substances I by RP HPLC ▪ Polymer by SEC ▪ Residual Solvents ▪ BET ▪ Total Aerobic microbial count ▪ Total Yeast & mould count ▪ Escherichia coli
Immunochemical properties	

Impurities		Impurity Profiles **Impurities profile** ▪ Peptide related Impurities Related Substances I & II (3.2.S.4.1 P 2) ▪ High molecular weight protein impurities (Polymers 3.2.S.4.1 P 2) ▪ Process related Impurities (3.2.S.3.2 – P 1) ▪ Intermediate residue and reaction by products (Restricted Part 3.2.S.2.4 P 1) ▪ Inorganic and Ion impurities (3.2.S.3.2 – P 8) ▪ Residual Solvents (3.2.S.3.2 – P 12) ▪ Elemental Impurities (3.2.S.3.2 – P 8) ▪ Genotoxic Impurity (3.2.S.3.2 – P 15) ▪ Nitrosamine Impurities (3.2.S.3.2 – P 36)
Stability Studies		The firm has submitted stability studies.
Non-Clinical studies		The firm has submitted invitro and in vitro studies (Mutagenicity testing): Development of structural alerts for the In vivo micronucleus assay in rodents. ▪ Comparative specific Activity by Biological Assay and Protein content by cAMP Hunter Kit 95-0062Y2-00175 ▪ Comparative Toxicological Studies: in Rats (Mammalian Erythrocytes Micronucleus Test)
Clinical Studies		Not submitted as not required as per FDA Docket No. FDA-2017-P-6029, for which the firm has shared link on which online it can be verified. **Link:https://www.fdanews.com/ext/resources/files/2018/01-08-18-NovoNordisk.pdf?1520855365 .**
		The firm has submitted link from which it can be verified that according to the FDA, below will be considered as biologicals; 1. Therapeutic DNA plasmid products 2. **Therapeutic synthetic peptide products of 40 or fewer amino acids.** 3. Monoclonal antibody products for in vivo use. 4. Therapeutic recombinant DNA-derived products. Reference: Code of federal regulations, Title 21, Volume 7, CITE: 21CFR601.2 Link:https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfcfr/cfrsearch.cfm?fr=601.2
Proceeding of the 336th meeting; Registration Board agreed that the case will be decided in the light of evaluation of the Working Group narrated in the end of cases

	Shelf Life	24 Months
	Storage Condition	Store in a refrigerator (2 °C – 8 °C)
	The status in reference regulatory authorities	OZEMPIC (semaglutide) solution for injection 2 mg/1.5 ml (USFDA APPROVED)
	For generic drugs (me-too status)	Ozempic by M/S Novo Nordisk Pharma (Private) Limited Karachi (Registration number : 107915)

	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD. Firm has summarized information related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, Characterization (Elucidation of Structure and Other Characteristics), impurities, specifications, analytical procedures, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Name, address of drug substance manufacturer	M/s Zhejiang Peptides Biotech Co., Ltd No.8 Hengyizhi Road, Sanjie Town, Shengzhou City, Zhejiang Province, China
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis an justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Data as per guidelines of 278th meeting of Registration Board; **iii) For Bulk Concentrate Import, Local formulation Filling:**	
	The firm shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	GMP Issue Dated: 16th August,2018 Firm has submitted the GMP issued by People's Republic of China, China National Association of Pharmaceutical and Medical Equipment's Industry Technical Market
	The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	Firm has submitted that Issuance of FSC/COPP is not required by country of origin as it is an API, hence COPP/FSC not applicable. Semaglutide has been exported by DS Manufacturer to Bangladesh to Aristo Pharma & Incepta Pharma
	The firm shall provide the lot release certificate of the	Not Applicable

	finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	
	The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	Firm has submitted stability study data of drug substance at accelerated and real time conditions. The real time stability data is conducted at 5°C ± 3°C for 6 months, and the accelerated stability data is conducted Under 25°C ± 2°C for 6 months. Batch No: ZG06210301 (mfg date; 13-03-2021) Batch No: ZG06210302 (mfg date; 28-03-2021) Batch No: ZG06210303 (mfg date; 13-04-2021)
	The firm shall provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Not Applicable
	Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will be forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event, immediate mandatory reporting procedure shall be followed.	Firm have submitted undertaking & SOP as detailed in 278th meeting of Registration Board by the local manufacturer.
	The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk and finished product as required vide Rules 30 of Drug (LR&A) Rule.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	If any of the conditions is not fulfilled or public health risk reported at any stage, the drug registration shall stand cancelled with immediate effect.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.

	All the provisions as contained in the Drugs Act, 1976 and rules made there under including provisions of Lot Release certification from National Control Laboratory for Biologicals shall be strictly adhered to.	Firm have submitted undertaking as detailed in 278th meeting of Registration Board by the local manufacturer.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted Pharmaceutical Equivalence and sameness evaluation studies with innovator product.
	Analytical method validation/verification of product	Firm has submitted details of analytical method validation.
	Container closure system of the drug product	(PFS) 1mL USP Type 1 clear glass barrel, accompanied with Rubber plunger
	Documents for the procurement of API with approval from DRAP	The firm has submitted copy of GD, Form 6, commercial Invoice , Form 3 and Form 7 specifying the import of 9gram of semaglutide and Relevant Impurities 25mg each.
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 03 batches. The accelerated stability study data is conducted at 25±2°C, 60%±5% RH for 6 months. The real time stability study data is conducted at 5°C±3°C for 6 months. Batch No. — Batch Size — Manufacturing date 022D03 — 270 PFS — March-2023 022D04 — 270 PFS — March-2023 022D05 — 270 PFS — March-2023
	Module IV	Detailed in sameness evaluation mentioned below
	Module V	Detailed in sameness evaluation mentioned below
	The firm has submitted Detailed in sameness evaluation mentioned below data as per following details:	

Biosimilarity parameters	**Sameness evaluation Data Submitted by M/s BF Biosciences Ltd**
Quality Comparison **1.** Physicochemical Characterization	Sematide Injection has been compared with Ozempic inj. Reference Listed Drug (RLD) The quality attributes characterize biological products in terms of structural, physicochemical and functional properties. A. Primary sequence and physicochemical properties B. Secondary structure C. Oligomer/aggregation states D. Biological activities (by *in-vitro* or animal studies) **Sameness studies** **1. Structural comparison** Following robust characterization of drug substance and drug product proves the sameness of Sematide with RLD. **Drug Substance** **Zhejiang Peptites Biotech Co. Ltd v/s OZEMPIC INJECTION** Comparative Testing with Ozempic Injection (3.2.S.3.2 P 16 - 38) i) Peptide Sequence analysis by mass spectrometer (Primary Structure). ii) Circular dichroism spectrum analysis (Secondary structure). iii) Isoelectric point by Imaging capillary isoelectric focusing electrophoresis (Secondary structure).

	iv) Related substances/ Impurities by RP HPLC**.** v) Polymer (Oligomer/ Aggregates/ High Molecular Weight Proteins) by Size Exclusion Chromatography. vi) Biological activities (Cell line HEK - 293). vii) Thermo analysis by Differential Scanning Calorimeter (DSC) method. In addition to above Following tests were performed on the **API (Semaglutide)**: **1. Primary Structure** i) Molecular Weight by Mass Spectrometry (3.2.S.3.1 - P. 18 - 19) ii) Amino Acid Analysis (3.2.S.3.1 - P. 6) **2. Secondary Structure** i) IR Spectrum (3.2.S.3.1 - P. 3) ii) UV Absorption (3.2.S.3.1 – P 4) iii) X-ray diffraction analysis (3.2.S.3.1 – P 14) iv) Thermogravimetric analysis (3.2.S.3.1 – P 15) **Drug Product** **Sematide Injection (Manufactured by: BF Biosciences)** ➢ Following tests were performed by BF Biosciences to **compare Finished product with Ozempic Injection:** **1. Primary Structure:** I) Complete peptide sequence Analysis by Mass Spectrometry. II) Peptide Mapping. **2. Secondary Structure:** I) Fourier Transform Infrared Spectrum. II) UV-Visible Spectrophotometer. **3. Physiochemical Test:** i) Appearance ii) Phenol content by RP HPLC. iii) pH. **4. Identification:** i) Identification by RP HPLC. ii) Molecular weight determination by SDS-PAGE. iii) Isoelectric point by IEF (Isoelectric Focusing). **5. Purity:** i) Subvisible Particles by Liquid Particle Counter. ii) Related Substances I by Reverse Phase HPLC. iii) Related Substances II by Reverse Phase HPLC. iv) Polymer (Oligomer/ Aggregates/ High Molecular Weight Proteins) by Size Exclusion Chromatography. **6. Assay Testing:** i) Assay by Reverse Phase HPLC **7. Biological Activity and Determination of Protein Content:** i) Determination of specific activity by in-vitro Bioassay and protein content determination by cAMP Hunter Bioassay Kit **8. Toxicity Testing:** ii) Mammalian Erythrocytes Micronucleus Test **2. Quality**: ▪ *Chiral Analysis/Optical Rotation (3.2.S.3.1 – P 18)* ▪ *Elemental Analysis (3.2.S.3.2 – P 8)* ▪ *Capillary Isoelectric focusing (3.2.S.3.1 - P 10)* ▪ *Physicochemical properties (3.2.S.3.1 - P 17)* ▪ *Hygroscopicity (3.2.S.3.1 - P 17)* ▪ *Identification by RP HPLC (3.2.S.4.1 P 1)* ▪ *Related Substances by RP HPLC (3.2.S.4.1 P 2)* ▪ *Peptide content and assay by HPLC (3.2.S.4.1 P 2)* ▪ *Determination of higher molecular weights proteins by size exclusion chromatography/Polymer test by SEC(3.2.S.4.1 P 2)*

Biological Activity	**Biological bioactivity** Animal studies (Mutagenicity testing): Development of structural alerts for the In vivo micronucleus assay in rodents. ▪ Comparative specific Activity by Biological Assay and Protein content by cAMP Hunter Kit 95-0062Y2-00175 ▪ Comparative Toxicological Studies: in Rats(Mammalian Erythrocytes Micronucleus Test) *Drug Substance Specifications* ▪ Physical Appearance ▪ Solubility ▪ Identification by RP HPLC ▪ Identification Molecular Weight Mass Spectrometry ▪ pH ▪ Water Content ▪ Clarity of Solution ▪ Amino Acid Analysis ▪ Sodium Ion ▪ Carbonate Ion ▪ Acetic Acid ▪ Trifluoroacetic acid ▪ Assay (RP HPLC) ▪ Related Substances I by RP HPLC ▪ Related Substances I by RP HPLC ▪ Polymer by SEC ▪ Residual Solvents ▪ BET ▪ Total Aerobic microbial count ▪ Total Yeast & mould count ▪ Escherichia coli
Immunochemical properties	
Impurities	Impurity Profiles **Impurities profile** ▪ Peptide related Impurities Related Substances I & II (3.2.S.4.1 P 2) ▪ High molecular weight protein impurities (Polymers 3.2.S.4.1 P 2) ▪ Process related Impurities (3.2.S.3.2 – P 1) ▪ Intermediate residue and reaction by products (Restricted Part 3.2.S.2.4 P 1) ▪ Inorganic and Ion impurities (3.2.S.3.2 – P 8) ▪ Residual Solvents (3.2.S.3.2 – P 12) ▪ Elemental Impurities (3.2.S.3.2 – P 8) ▪ Genotoxic Impurity (3.2.S.3.2 – P 15) ▪ Nitrosamine Impurities (3.2.S.3.2 – P 36)
Stability Studies	The firm has submitted stability studies.
Non-Clinical studies	The firm has submitted invitro and in vitro studies (Mutagenicity testing): Development of structural alerts for the in vivo micronucleus assay in rodents. ▪ Comparative specific Activity by Biological Assay and Protein content by cAMP Hunter Kit 95-0062Y2-00175 ▪ Comparative Toxicological Studies: in Rats (Mammalian Erythrocytes Micronucleus Test)
Clinical Studies	Not submitted as not required as per FDA Docket No. FDA-2017-P-6029, for which the firm has shared link on which online it can be verified. **Link:https://www.fdanews.com/ext/resources/files/2018/01-08-18-NovoNordisk.pdf?1520855365** .

	The firm has submitted link from which it can be verified that according to the FDA, below will be considered as biologicals; 1. Therapeutic DNA plasmid products 2. **Therapeutic synthetic peptide products of 40 or fewer amino acids.** 3. Monoclonal antibody products for in vivo use. 4. Therapeutic recombinant DNA-derived products. Reference: Code of federal regulations, Title 21, Volume 7, CITE: 21CFR601.2 Link:https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfcfr/cfrsearch.cfm?fr=601.2

Proceeding of the 336th meeting; Registration Board agreed that the case will be decided in the light of evaluation of the Working Group narrated in the end of cases

Evualtion of working group:

The task was assigned to working group of Mr. Muneeb Cheema, Deputy Director PE&R, & Mr. Muhammad Kashif, Deputy Director BE&R to evaluate the data submitted by the firm in the light of guidelines and present summarized data before the Registration Board for consideration of the case by the Board:

Summary of studies submitted by the Zhejiang Peptides Biotech Co., Ltd. Zhejiang China

C.T.D Reference	Requirements as per EMA Draft Guideline	Data provided by API manufacturer	USFDA Guideline Data Requirements
General Information 3.2.S.1	Nomenclature 3.2.S.1.1 (No additional requirements)	Recommended INN, Chemical Name, CAS No. and Company code	
	Structure 3.2.S.1.2	Chemical structure, three letter peptide sequence, molecular formula & molecular weight	
	General Properties 3.2.S.1.3 (Water content, isoelectric point, pH of a solution of the peptide, optical rotation, biological activity and solubility in different media, hygroscopicity with moisture sorption isotherms)	Appearance, solubility, hygroscopicity, specific optical rotation, pH, molecular wight, Polar Surface Area, Partition coefficient, particle size, Isoelectric point, polymorphism.	Attributes required for sameness of peptide: The proposed generic synthetic peptide is characterized to show the sameness of the active ingredient to that of the RLD with respect to the following properties: • Primary sequence and physicochemical properties, • Secondary structure, • Oligomer/aggregation states, and • Biological activity/function (by
Characterisation 3.2.S.3	Elucidation of Structure and other Characteristics 3.2.S.3.1 Sr. No / Tests / Analytical techniques 1. Molecular Mass / MS, LC-MS 2. Amino acid sequence / LC-MS/MS of intact molecule	MS, IR, UV, Elemental Analysis, Amino acid analysis (HPLC), X-ray diffraction analysis confirm amorphous form and TGA **Comparative testing with originator brand (Ozempic):** • Amino acid sequence analysis by	

		confirmation	LC-MS of enzymatically treated material (peptide mapping for long peptides)	UPLC-MS for primary structure; • Isoelectric point by capillary isoelectric focusing • Circular dichroism spectrum analysis by Chirascan Circular dichroism spectrometer confirms secondary structure • X-ray diffraction analysis confirm amorphous form	in vitro or animal studies);
		3. Secondary structure	Far-UV circular dichroism (CD) spectroscopy FT-IR spectroscopy		
		4. Tertiary structure	Near UV CD spectroscopy		
		5. Biological characterisation	Cell-based and other biological assays		
	<u>Physicochemical Characteristics:</u> Solubility and hygroscopicity studies, determination of the isoelectric point (pI) and thermogravimetric studies. Morphology by powder X-ray diffraction (PXRD), differential scanning calorimetry (DSC) and light microscopy			Date of three batches submitted for appearance, solubility in various solvents & acid buffer solution, hygroscopicity, specific optical rotation, clarity and color of solution, pH, Molecular weight, particle size. Studies for morphology confirmation are recorded above.	
Impurities 3.2.S.3.2	<u>Peptide related impurities:</u> • starting materials; • formation during the manufacturing process; • resulting from degradation during the manufacturing process or during storage. <u>Inorganic impurities</u>			*<u>Peptide related impurities:</u>* Nine (09) process (peptide related) impurities may be generated and are defined in specification of final drug substance: Three peptide impurities are main impurities and limits ≤ 0.1% rest are potential impurities	Peptide related Impurities: Levels should same or lower for similar impurities in proposed generic / RLD. For new peptide impurities (an impurity not present in RLD): a. Levels should not be more than 0.1% b. Characterization of impurity (amino sequence and structure) and justification of not to affect the safety and effectiveness including immunogenicity.

	and limits are ≤ 0.2%. The total impurities are not more than 2%. Test results of validation batches confirmed the limits. *Inorganic impurities:* Ethyl isonitrosocyanoacetate(Oxyma), Hydroxylamine hydrochloride, -1-Hydroxybenzotriazole (HOBt), were used as condensation reagents are not detected in the final product. *Elemental impurities:* tested for the three validation batches and results are below 30% of the limits *Polymeric impurities/aggregates:* Not detected in the validation batches, limits defined ≤ 0.5%. *Residual Solvents:* Most of the solvents used during manufacturing process are not detected in final product rest are below the defined limits. Potential mutagenic impurities: N,N'-diisopropyl carbon diimide (DIC) used as condensation reagent and Ethyl 4-Bromobutyrate (From starting Material Fmoc-N(Gly- OtBu)Hmb Butyric Acid) are not detected in three validation batches. **Comparison of API and Originator Product (Ozempic)** *Related substances:* Four (04) impurities are detected in both	UHPLC-HRMS to detect and characterize the impurities peptide related impurities Other recommendations: FDA may recommend conducting additional comparative studies that can be submitted: *a. In vitro,* b. *In vivo* animal, c. Clinical PK/PD equivalence	

		API and original formulation: RRT0.754, RRT0.839, RRT0.897, RRT1.021, results of impurity RRT0.754RRT0.839、RRT1.021 in API are less than results in original formulation. Result of impurity RRT0.897 is comparable with result in original formulation. *Polymer:* No new polymers in Semaglutide API, which are not existed in original formulation. For polymer RRT0.876, which is detected in both Semaglutide API and originator formulation, result in Semaglutide API is much lower than result in original formulation. *Secondary structure by Circular dichroism spectrum analysis:* Far UV similarity value b/w API and originator formulation. *Biological activities with GLP1R receptor high express cell line:* The test results, relative activity of samples comparing with showed agonist activity onGLP-1 receptor in this study. *Isoelectric point with Imaging capillary isoelectric focusing electrophoresis (iCIEF):* Results are comparable *Thermoanalysis with DSC:*	

		Results are comparable
3.2. S.4	Appearance Identification; Amino acid analysis; Purity (total impurities; individual impurities (unspecified/specified); Aggregates / oligomers by SEC-HPLC (if relevant); Assay/content; e.g., by HPLC or elemental analysis; Acetic acid content/counter-ion content (residual) TFA content; pH of solution; Water content; Mass balance; Residual solvents; 464 Elemental impurities (e.g. in case of use of metal catalyst); 465 Bacterial endotoxins; Microbiological purity	Appearance, Solubility, Identification Molecular weight pH Color and clarity of solution Water content Amino acid analysis Sodium ion, carbonate ion, trifluoroacetic acid, acetic acid, Related substances Residual solvents Bacterial endotoxin Microbiological limit (TAMC, TYMC) Residual solvents Peptide content Assay

<u>Studies submitted by the Drug Product Manufacturer</u>

1. HPLC-MS

Comparative testing report is stipulated on request of BF BIOSCIENCES 5-KM, Sundar, Raiwind Road, Sundar Industrial Estate, Raiwind, Lahore, Punjab 54000, based on testing results obtained in Harvard Medical School, Taplin Mass Spectrometry Facility, 240 Longwood Ave. Boston, MA 02115 for received samples of Sematide Injection 1mg/0.75ml Batch# 022D03 and Ozempic Injection1.34mg/ml, Batch# MP5B060 Submitted on Sat. 01/13/2024 concluded following:

a. Comparative peptide sequence analysis between Sematide Injection and Ozempic Injection:
b. The automatic matching of secondary mass spectra (MS/MS) test data (peaklist) of sample and original product with theoretical amino acid sequence confirms that sequence of Sematide Injection is in accordance with sequence of original product.
c. Molecular weight determinatin by mass spectra was found same as 4111.16 Da for Sematide Injection and original product.

2. cAMP Hunter Semaglutide Bioassay Report

The study was conducted at Cancer Therapeutics Lab Department of Life Sciences, Syed Babar Ali School of Science and Engineering (SBASSE), Lahore University of Management Sciences (LUMS) on 12.01.2024. the study concluded nearly identical graph curves for the control drug Ozempic and the test sample at two tested concentrations. The EC_{50} for the lower concentration of the Sematide sample was 0.1093 ng/mL, which is similar to 0.1003 ng/mL for the higher concentration. Both these values show a marked similarity to the value for Ozempic, which is 0.1091 ng/mL. This shows that Sematide is as effective as Ozempic in GLP1R activation in this assay.

3. High dose toxicity studies: Mammalian Erythrocyte Micronucleus Test on 6mg/mL of Semaglutide

The study was conducted at National Center of Excellence in Molecular Biology, University of the Punjab, Lahore on 31.01.2024. The study was performed to analyze and compare the effect of 6X dose concentration of Semaglutide. Bone marrow was taken and slide prepared and stained with Gimsa stain to observe the immature erythrocyte population and morphology of the cells. It was observed that both control and test samples showed similar count of immature erythrocytes.

4. Pharmacokinetic study of sematide in non-clinical species (Albino Rats)

The study was conducted at National Center of Excellence in Molecular Biology, University of the Punjab, Lahore on 12.02.2024 to 10.03.2024. the study attributes include, Cmax, AUC, Tmax, Bioavailability, Steady sate conc., volume of distribution, plasma protein binding, drug stability, GLP-1 function, role of pancreatic hormones, sematide action, GLP-1 receptor binding and elimination. The executive summary is as under:

" *Pharmacokinetics study was performed to analyze and compete the effects of different sematide in nonclinical animals (rats) Sematide was injected to tats and also the bioavailability of sematide in blood and also elimination concentration of drugs into urine by performing ELISA method. Complete data of 28 days experiment was made an interpretive by statistical analysis (Descriptive Statistics). Graph shows the bioavailability of sematide in blood for days. Intact sematide in urine accounted for less than 1% in rats"*

Proceedings of the Board. The evaluation of the working group was presented along with the studies submitted by firm in details. Members of Registration board appreciated the efforts of the firm for conduction of analysis of Product from different renowned institutes and recommended the product for approval.

Decision: Registration Board considered the data submitted by the applicant with regard to attributes required for the sameness of peptide and peptide related impurities by the drug substance manufacturer and drug product manufacturer. As the data submitted by the firm is in line with the requirements laid down in guidance documents framed by the United States Food & Drug Administration, hence the Board approved the grant of registration of Sematide 0.25, 0.5 and 1mg Injection (Semaglutide) subject to following conditions namely;

a. The firm will perform the post marketing surveillance studies.
b. The firm will make arrangements for the ADR reporting as per Rules.
c. The firm will submit the quarterly safety Reports to the Registration Board.

CASES OF DD-IV (MS. ANAM SAEED)

A Locally manufactured Human Biological applied by M/s SAMI Pharmaceuticals (Pvt.) Ltd., Karachi

91.	Name, address of Applicant / Importer	**M/s. SAMI Pharmaceuticals (Pvt.) Ltd. F-95, Off Hub River Road, S.I.T.E. Karachi.**
	Details of Drug Manufacturing License	DML No:000072 Expiry: 20-08-2020 (Renewal applied)
	Name, address of Bulk manufacturer	**BIOTON S.A.** Macierzysz, 12 Poznańska Street 05-850 Ożarów Mazowiecki, Poland
	Name of exporting country	Poland
	Detail of certificates attached (CoPP, Free sale certificate, GMP certificate)	**CoPP:** Firm has submitted original legalized CoPP certificate (No. 715/22) issued by Ewa Krajewska, Chief Pharmaceutical Inspector, 12 Senatorska street, 00-082 Warsaw, Poland. The CoPP specifies that the product is licensed to be placed for use in the exporting country as well as the product is actually in the market in exporting country. The CoPP confirms the GMP status of the manufacturing site through periodic inspection in every 3 year.
		GMP: Firm has submitted Copy of legalized GMP certificate issued by Chief Pharmaceutical Inspector, competent authority of Poland, valid till 06.12.2026
	Details of letter of authorization / sole agency agreement	N/A.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)

	The proposed proprietary name / brand name	**SAMULIN R 100 IU/ml Injection (rDNA origin)**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each ml contains: Human Insulin Ph. Eur. ……100IU (rDNA origin) Ph. Eur. Specs
	Pharmaceutical form of applied drug	Colorless liquid, free from turbidity and foreign matter

	Pharmacotherapeutic Group of (API)	Insulin and analogues for injection, fast acting ATC: A10AB01
	Reference to Finished product specifications	Ph. Eur. Specs
	Proposed Pack size	As per SRO
	Proposed unit price	As per DPC
	Shelf Life	3 years
	Storage Condition	Store between 2°C to 8°C
	The status in reference regulatory authorities	HUMULIN S (Soluble) 100IU/ml solution for injection in cartridge by Eli Lilly UK, MHRA approved
	For generic drugs (me-too status)	Actrapid – HM Penfills by M/s Novo Nordisk, Reg. No. 010344
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its verification, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product is submitted.
	Name, address of drug substance manufacturer	**BIOTON S.A.** Macierzysz, 12 Poznańska Street 05-850 Ożarów Mazowiecki, Poland
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its complete verification studies, batch analysis and justification of specification, details of reference standards, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Stability study conditions: Real time: -20˚C ± 5˚C for 60 months Accelerated: 5˚C ± 3˚C for 6 months Batches: (12-07-022G, 12-07-023G, 12-07-024G, 14-07-086G, 14-07-087G, 14-07-088G, 19-07-014G, 19-07-015G, 19-07-016G).
	Module-III Drug Product:	The firm has submitted detail of manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedure and its verification studies, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug product.
	Analytical method validation/verification of product	Method verification studies have submitted including linearity, accuracy, precision, intermediate precision, solution stability, specificity.
	Container closure system of the drug product	The primary Packaging is 3mL glass cartridge Type I with rubber disc seal and Bromobutyl rubber plunger head with secondary packaging unit carton
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 03 batches. The accelerated stability study data is conducted at 25±2°C/

		60%±5% RH for 6 months. The real time stability study data is conducted at 5±3°C for 6 months. Lab-01 Lab-02 Lab-03
	Module IV	Not provided
	Module V	Not provided
	Evaluation by DBE&R	• Complete data as per guidelines approved in 297th meeting of Registration Board for Biological Products (Concentrated Form/Ready to Fill Form) is required including the tests as per latest European Pharmacopoeia of three trial batches of Finished Pharmaceutical Product. • In Biosimilarity data submitted by the firm, Gensulin M30 (30/70) is compared with Humulin M3 (mixture 3) in all three products and data is also incomplete. Separate biosimilarity data of all three products as per WHO Biosimilarity guidelines are required.
Decision: Registration Board deferred the case for submission of the following. • **Complete data as per guidelines approved in 297th meeting of Registration Board for Biological Products (Concentrated Form/Ready to Fill Form).** • **Bio-similarity data as per WHO Bio similarity guidelines.**

	Proposed unit price	As per DPC
	Shelf Life	3 years
	Storage Condition	Store between 2°C to 8°C
	The status in reference regulatory authorities	Humulin I 100 IU/ml Suspension for Injection in Cartridge, MHRA approved
	For generic drugs (me-too status)	Insulatard-HM Penfills by M/s Novo Nordisk, Reg. No. 010341
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its verification, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product is submitted.
	Name, address of drug substance manufacturer	**BIOTON S.A.** Macierzysz, 12 Poznańska Street 05-850 Ożarów Mazowiecki, Poland
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of

		manufacturing process and controls, impurities, specifications, analytical procedures and its complete verification studies, batch analysis and justification of specification, details of reference standards, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Stability study conditions: Real time: -20˚C ± 5˚C for 60 months Accelerated: 5˚C ± 3˚C for 6 months Batches: (12-07-022G, 12-07-023G, 12-07-024G, 14-07-086G, 14-07-087G, 14-07-088G, 19-07-014G, 19-07-015G, 19-07-016G)
	Module-III Drug Product:	The firm has submitted detail of manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedure and its verification studies, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug product..
	Analytical method validation/verification of product	Method verification studies have submitted including linearity, accuracy, precision, intermediate precision, solution stability, specificity.
	Container closure system of the drug product	The primary packaging is 3mL clear glass vial, bromo-butyl rubber stopper and aluminum seal with secondary packaging of unit carton.
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 03 batches. The accelerated stability study data is conducted at 25±2°C/ 60%±5% RH for 6 months. The real time stability study data is conducted at 5±3°C for 6 months. Lab-01 Lab-02 Lab-03
	Module IV	Not provided
	Module V	Not provided
	Evaluation by DBE&R	• Complete data as per guidelines approved in 297th meeting of Registration Board for Biological Products (Concentrated Form/Ready to Fill Form) is required including the tests as per latest Ph.Eur Pharmacopoeia of three trial batches of Finished Pharmaceutical Product. • In Biosimilarity data submitted by the firm, Gensulin M30 (30/70) is compared with Humulin M3 (mixture 3) in all three products and data is also incomplete. Separate biosimilarity data of all three products as per WHO Biosimilarity guidelines are required.
Decision: Registration Board deferred the case for submission of the following; • **Complete data as per guidelines approved in 297th meeting of Registration Board for Biological Products (Concentrated Form/Ready to Fill Form).** • **Bio similarity data as per WHO Bio similarity guidelines.**

	Proposed Pack size	1's vial
	Proposed unit price	As per DPC
	Shelf Life	24 Months
	Storage Condition	Store in a refrigerator (2 °C – 8 °C)
	The status in reference regulatory authorities	OZEMPIC (semaglutide) solution for injection 2 mg/1.5 ml (USFDA APPROVED)
	For generic drugs (me-too status)	Ozempic by M/S Novo Nordisk Pharma (Private) Limited Karachi (Registration number : 107915)
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD. Firm has summarized information related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, Characterization (Elucidation of Structure and Other Characteristics), impurities, specifications, analytical procedures, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Name, address of drug substance manufacturer	Livzon New North River Pharmaceutical Co., Ltd. Renmin One Road, Qingyuan City, Guangdong Province, China.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis an justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, ferozmanufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Data as per guidelines of 278th meeting of Registration Board; **iv) For Bulk Concentrate Import, Local formulation Filling:**	
	The firm shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	GMP Issue Dated: June-02-2022 GMP Valid Dated: June-01-2024 Firm has submitted the GMP issued by People's Republic of China, Qingyoun City Qingcheng District ShijiaoTow, China

	The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	Firm has submitted that Issuance of FSC / COPP is not required by country of origin as it is an API, hence COPP/FSC not applicable. Semaglutide has been exported by DS Manufacturer to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.
	The firm shall provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	Not Applicable
	The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	Firm has submitted stability study data of concentrated bulk drug substance at accelerated and real time conditions. The accelerated stability data is conducted at 5°C ± 3°C for 6 months, and the real time stability data is conducted Under -20°C ± 5°C for 24 months. Batch No: SM-2101002 Batch No: SM-2101003 Batch No: SM-2103004
	The firm shall provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	**Submitted**
	Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will be forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event, immediate mandatory reporting procedure shall be followed.	Firm have submitted undertaking & SOP as detailed in 278th meeting of Registration Board by the local manufacturer.
	The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk and finished product as required vide Rules 30 of Drug (LR&A) Rule.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	If any of the conditions is not fulfilled or public health risk reported at any stage, the drug registration shall stand cancelled with immediate effect.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	All the provisions as contained in the Drugs Act, 1976 and rules made there under including provisions of Lot Release certification from National Control Laboratory for Biologicals shall be strictly adhered to.	Firm have submitted undertaking as detailed in 278th meeting of Registration Board by the local manufacturer.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted Pharmaceutical Equivalence and sameness evaluation studies with innovator product.

Clinical Studies	Not submitted

Evaluation by BE&R:

Sr. No.	Deficiencies	Response by the firm
1.	The submitted commercial invoice for the import of Semaglutide is not cleared by assistant director (I & E) of respective field office.	System generated Form 6 and Good Declaration Certificate attached.
2.	Provide result of all quality parameter in comparative analysis of developed formulation with innovator product as the submitted report comprises of reduced testing.	The firm has submitted comparative analysis of test product with innovator Ozempic (Batch# MP5A069) has been carried out on following parameters and all satisfactory results indicate that our product resemble to Innovator product. The parameters include Dosage form, Strength, Route of administration, Physical Appearance, pH, Particulate Matter, Identification by HPLC, Molecular Wight (SDS PAGE), Assay by RP HPLC, Specific Activity by Biological Assay, Protein content by ELISA, Phenol Content, Impurities (Hydrophilic Impurities, Hydrophobic Impurities, Total impurities), Aggregates (high molecular weight proteins), Sterility test, Endotoxin test.
3.	Justify container closure system of USP type I clear glass vial while innovator product Ozempic is packaged in multi dose cartridge single patient pen injector.	Product contact parts in both cases are same i.e. Class 1 clear glass in cartridge used in RLS and same class 1 glass vial is used in Seglutide. Stability studies indicate no interaction of primary packing with product.
4.	Submit legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate /ready to fill bulk of biological drug to Pakistani manufacturer for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	Direct link of GMP inspection report of national regulatory authority of exporting country is provided of the drug substance manufacturer.
5.	Submit legalized free sale certificate/CoPP either from country of origin or by any	Issuance of FSC / COPP is not required by country of origin as it is an API, hence COPP/FSC not

	reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to concerned authority.	applicable. Semaglutide has been exported by DS Manufacturer to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.
6.	Submit the complete Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured either from country of origin or by any reference regulatory authority as adopted by Registration Board to demonstrate the bio-similarity	Following criteria of sameness evaluation has been used. Detailed report is attached. A. Primary sequence and physicochemical properties B. Secondary structure C. Oligomer/aggregation states D. Biological activities (by in vitro or animal studies <u>Semaglutide is not a protein by the definition of USFDA. It is a peptide.</u> Bio-similarity applies to large complex biomolecules owing to the size and complexity of molecules which has primary, secondary/ tertiary and quaternary structures which cannot be fully elucidated by analytical means that's why clinical evidences are required to prove the efficacy and safety. Biosimilarity applies mostly to protein based therapeutics. 21 CFR 600.3(h)(6) defines a protein is any alpha amino acid polymer with a specific, defined sequence that is greater than 40 amino acids in size. (Annex 5. page 2, para 2) <u>Semaglutide is peptide which is included in complex APIs & complex product</u> Semaglutide which is comprised of 31 amino acids (less than 40) is not a protein is categorized as complex API and due to complex active and drug product containing small peptide is defined ad complex product. (Formal Meetings Between FDA and ANDA Applicants of Complex Products Under GDUFA, Guidance for Industry issued in October 2022). (see Annex 7, page 3 para 2). <u>Waiver of *In-vivo* bioequivalence by **USFDA** product specific guideline</u> Product Specific Guideline on Semaglutide (annex 6.1) has described the conditions to qualify for submitting an waiver of in vivo bioequivalence (BE) study on the basis that BE is self-evident under 21 CFR 320.22(b (annex 6.2)), a generic Semaglutide subcutaneous solution for injection product should qualitatively (Q1) and quantitatively (Q2) be the same as the Reference Listed Drug (RLD).
7.	Provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export	Not applicable.

8.	Submit justification for not performing all test mentioned on Certificate of analysis	Complete analysis has been performed on following parameters. **Comparative COA is attached**
9.	Provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Agreement with DS manufacturer has been attached

Previous Decision: Registration Board after thorough deliberation decided to defer for the documents / information as under **(M-329)**:

The firm shall submit evidence (legalized FSC/CoPP/Registration certificate) of finished product manufactured by same concentrate/ready to fill bulk. either from country of origin or by any reference regulatory authority as adopted by Registration Board.

Evaluation by BE&R: The firm has submitted that Semaglutide is being supplied as intermediate bulk for which issuance of FSC / COPP / Registration certificate is not issued by country of origin, hence COPP/FSC is not accessible

Drug Substance manufacturer i.e Livzon New North River Pharmaceutical Co., Ltd. is GMP compliant facility, which manufacture API i.e., Semaglutide.

Moreover, as per the prevalent format of FSC / CoPP (WHO COPP scheme) / Registration certificate of finished product, name of Drug substance manufacturer is not mentioned.

Drug Substance manufacturer i.e Livzon New North River Pharmaceutical Co., Ltd had exported Semaglutide to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.

About 20 different Drug Products of Semaglutide are already registered in Bangladesh and freely available in the market, the same can be verified from official website link.

https://dgdagov.info/index.php/registered-products/allopathic

Discussion of RB in 331st meeting: The Board was apprised that the firm has performed sameness evaluation data as per FDA criteria as below:

Primary Sequence & Physicochemical properties:

- Complete peptide sequence analysis by Mass spectrometry
- Molecular weight determination by Tris Tricine SDS-PAGE

Secondary Structure

- By circular Di-Chroism
- By Capillary Iso-electric focusing

Oligomeric states

- High molecular weight proteins by Size exclusion chromatography (SEC)

Biological activities

- Determination of specific activity by in-vitro Bioassay
- Protein content by ELISA

Decision: On the basis of documents/information/data along with sameness evaluation data as per FDA criteria and comparative testing with innovator product (Ozempic 2mg/1.5ml PFS of Novo Nordisk A/S), Registration Board approved the registration of Seglutide 2mg/1.5ml vial. The firm shall submit the non-clinical and clinical data of semaglutide finished product developed from same biological substance manufacturer i.e., Livzon.

Evaluation by DB&R:

The firm has submitted the following;

- Single dose toxicity studies of Seglutide injection 1.34mg/ml versus Ozempic (Reference) conducted in 20 mice at M/s Dow University of Health Sciences, Karachi.
- A single dose, randomized, open label, parallel controlled pharmacokinetic Phase-I Clinical trial of Semaglutide Injection versus Ozempic in 64 healthy subjects.

The firm has not provided the COPP of finished product manufactured from same concentrate/ready to fill bulk.
Decision: The Registration Board endorsed its earlier decision of 331st Meeting

97	Name, address of Applicant / Importer	**M/s Macter International Limited.** **F- 216, S.I.T.E, Karachi 75700, Pakistan.**

	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD. Firm has summarized information related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, Characterization (Elucidation of Structure and Other Characteristics), impurities, specifications, analytical procedures, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Name, address of drug substance manufacturer	Livzon New North River Pharmaceutical Co., Ltd. Renmin One Road, Qingyuan City, Guangdong Province, China.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, physical form, manufacturers, description of manufacturing process and controls, impurities, specifications, analytical procedures and its validation, batch analysis an justification of specification, reference standard, container closure system and stability studies of drug substance.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Data as per guidelines of 278th meeting of Registration Board; **v) For Bulk Concentrate Import, Local formulation Filling:**	
	The firm shall provide legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate / ready to fill bulk of biological drug to Pakistani manufacturers for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	GMP Issue Date : June-02-2022 GMP Valid Date : June-01-2024 Firm has submitted the GMP issued by People's Republic of China, Qingyoun City Qingcheng District ShijiaoTow .
	The firms shall provide legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to the concerned regulatory authority.	Firm has submitted that Issuance of FSC / COPP is not required by country of origin as it is an API, hence COPP/FSC not applicable. Semaglutide has been exported by DS Manufacturer to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.
	The firm shall provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export (If applicable).	Not Applicable
	The firm shall provide the 6 months accelerated and real time stability studies for drug substance.	Firm has submitted stability study data of concentrated bulk drug substance at accelerated and

		real time conditions. The accelerated stability data is conducted at 5°C ± 3°C for 6 months, and the real time stability data is conducted Under -20°C ± 5°C for 24 months. Batch No: SM-2101002 Batch No: SM-2101003 Batch No: SM-2103004
	The firm shall provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	**Submitted**
	Regular monitoring through pharmacovigilance reporting system shall be observed through proper pharmacovigilance cell of the manufacturer and report will be forwarded to the National Pharmacovigilance Centre, Division of Pharmacy Services and Biological Division of DRAP. In case of any severe adverse event, immediate mandatory reporting procedure shall be followed.	Firm have submitted undertaking & SOP as detailed in 278th meeting of Registration Board by the local manufacturer.
	The firm shall inform DRAP if there shall be any adverse event or ADR reporting from the country of manufacture of concentrate/ready to fill bulk and finished product as required vide Rules 30 of Drug (LR&A) Rule.	Firm have submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	If any of the conditions is not fulfilled or public health risk reported at any stage, the drug registration shall stand cancelled with immediate effect.	Firm has submitted undertakings as detailed in 278th meeting of Registration Board by the local manufacturer.
	All the provisions as contained in the Drugs Act, 1976 and rules made there under including provisions of Lot Release certification from National Control Laboratory for Biologicals shall be strictly adhered to.	Firm have submitted undertaking as detailed in 278th meeting of Registration Board by the local manufacturer.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted Pharmaceutical Equivalence and sameness evaluation studies with innovator product.
	Analytical method validation/verification of product	Firm has submitted details of analytical method validation.
	Container closure system of the drug product	3 ml USP type 1 clear glass vials accompanied with 13 mm slit less siliconized butyl grey rubber stoppers and aluminum flip off seal.
	Documents for the procurement of API with approval from DRAP	The firm has submitted copy of GD, form 6 & invoice specifying the import of 10gram of semaglutide.
	Stability study data of drug product, shelf life and storage conditions	Firm has submitted stability study data of 03 batches. The accelerated stability study data is conducted at 25±2°C, 60%±5% RH for 6 months. The real time stability study data is conducted at 5°C±3°C for 6 months.

	Module IV	Detailed in sameness evaluation mentioned below
	Module V	Detailed in sameness evaluation mentioned below
	The firm has submitted Detailed in sameness evaluation mentioned below data as per following details:	

WHO Biosimilarity Guidelines	**sameness evaluation** **Data Submitted by M/s Macter International Limited.**
Quality Comparison **3.** Physicochemical Characterization	Seglutide Injection has been compared with Ozempic inj Reference Listed Drug (RLD) The quality attributes characterize biological products in terms of structural, physicochemical and functional properties. I. Primary sequence and physicochemical properties J. Secondary structure K. Oligomer/aggregation states L. Biological activities (by in vitro or animal studies) **Sameness studies** **5. Structural comparison** Following robust characterization of drug substance and drug product proves the sameness of Seglutide with RLD. Primary Structure: • Complete peptide sequence analysis by mass spectrometry • Peptide mapping • Peptide coverage map • N terminal sequence analysis • Molecular weight by high resolution mass spectrometry Secondary Structure: • IR Spectrum • UV absorption See Annex 6.7 **6. Quality**: • Chiral analysis • Elemental analysis • Capillary isoelectric focusing • Physiochemical properties • Hygroscopicity • Comparative testing of Seglutide with RLD • Identification by RP HPLC • Related Substances by RP HPLC • Identification and molecular weight determination bybTris Tricine SDS – Page • Protein content & Binding assay by ELISA • Determination of HMW proteins by Size Exclusion Chromatography • Determination of Specific activity
Biological Activity	Biological bioactivity B. Animal studies (Mutagenicity testing): Development of structural alerts for the In vivo micronucleus assay in rodents.

	Comparative studies done by Macter:
	• Drug Substance:
	  • Physical appearance
	  • Water Content
	  • Assay
	  • RP HPLC
	  • Specific bioactivity
	  • Identification
	  • RP-HPLC
	  • Peptide mapping
	  • Tris Tricine SDS PAGE
	  • Purity
	  • High molecular weigh proteins
	  • Related Substances
	  • Residual Solvents
	  • N,N – Dimethyl formamide
	  • Tetrahydrofuran
	  • Dichloromethane
	  • Ethanol
	  • N,N disopropylethylamine
	  • Safety
	  • BET
	  • Microbial Limits
	  • Aerobic count
	  • Yeast & mould count
	  • Escherichia Coli

Immunochemical properties	Not submitted.

Impurities	<u>Impurity Profile</u>
	• Peptide-related impurities
	  • Hydrophilic and hydrophobic impurities
	• High molecular weight protein impurities
	• Process related impurities
	  • HCP & HCDNA
	• Intermediate residue and reaction by products
	• Inorganic and ion impurities
	• Residual solvents
	• Elemental impurities
	• Genotoxic impurity
	• Residual host cell DNA
	• Nitrosamine impurities
	  • By process
	  • By contamination
	  • By degradation
	  • By packing material
	  • Antibiotic residues
	  • Degradation impurities
	  • Isomeric
	  • Dipeptide+oxidative impurities
	  • Isomer & hydrolytic impurities.
	  • High Temperature and high humidity degradation.

Stability Studies	The firm has submitted stability studies.
Non-clinical Studies	Not submitted

Clinical Studies	Not Submitted

Evaluation by BE&R:

Sr. No.	**Deficiencies**	**Response by the firm**
1.	The submitted commercial invoice for the import of Semaglutide is not cleared by assistant director (I & E) of respective field office.	System generated Form 6 and Good Declaration Certificate attached.
2.	Provide result of all quality parameter in comparative analysis of developed formulation with innovator product as the submitted report comprises of reduced testing.	The firm has submitted comparative analysis of test product with innovator Ozempic (Batch# MP5A069) has been carried out on following parameters and all satisfactory results indicate that our product resemble to Innovator product. The parameters include Dosage form, Strength, Route of administration, Physical Appearance, pH, Particulate Matter, Identification by HPLC, Molecular Wight (SDS PAGE), Assay by RP HPLC, Specific Activity by Biological Assay, Protein content by ELISA, Phenol Content, Impurities (Hydrophilic Impurities, Hydrophobic Impurities, Total impurities), Aggregates (high molecular weight proteins), Sterility test, Endotoxin test.
3.	Justify container closure system of USP type I clear glass vial while innovator product Ozempic is packaged in multi dose cartridge single patient pen injector.	Product contact parts in both cases are same i.e. Class 1 clear glass in cartridge used in RLS and same class 1 glass vial is used in Seglutide. Stability studies indicate no interaction of primary packing with product.
4.	Submit legalized GMP certificate of biological drug substance manufacturer abroad (who will provide concentrate /ready to fill bulk of biological drug to Pakistani manufacturer for further processing) as an evidence that the manufacturer is an authorized manufacturer of biological drug in the country of origin.	Direct link of GMP inspection report of national regulatory authority of exporting country is provided of the drug substance manufacturer.
5.	Submit legalized free sale certificate/CoPP either from country of origin or by any reference regulatory authority as adopted by Registration Board of finished product as evidence that the final product has been manufactured by same concentrate/ready to fill bulk after submission of data to concerned authority.	Issuance of FSC / COPP is not required by country of origin as it is an API, hence COPP/FSC not applicable. Semaglutide has been exported by DS Manufacturer to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.
6.	Submit the complete Bio-similarity studies of the finished product of same source (bulk concentrate or ready to fill) manufactured either from country of origin or by any reference regulatory authority as adopted by Registration Board to demonstrate the bio-similarity	Following criteria of sameness evaluation has been used. Detailed report is attached. E. Primary sequence and physicochemical properties F. Secondary structure G. Oligomer/aggregation states H. Biological activities (by in vitro or animal studies

		Semaglutide is not a protein by the definition of USFDA. It is a peptide. Bio-similarity applies to large complex biomolecules owing to the size and complexity of molecules which has primary, secondary/ tertiary and quaternary structures which cannot be fully elucidated by analytical means that's why clinical evidences are required to prove the efficacy and safety. Biosimilarity applies mostly to protein based therapeutics. 21 CFR 600.3(h)(6) defines a protein is any alpha amino acid polymer with a specific, defined sequence that is greater than 40 amino acids in size. (Annex 5. page 2, para 2) Semaglutide is peptide which is included in complex APIs & complex product Semaglutide which is comprised of 31 amino acids (less than 40) is not a protein is categorized as complex API and due to complex active and drug product containing small peptide is defined ad complex product. (Formal Meetings Between FDA and ANDA Applicants of Complex Products Under GDUFA, Guidance for Industry issued in October 2022). (see Annex 7, page 3 para 2). Waiver of *In-vivo* bioequivalence by **USFDA** product specific guideline Product Specific Guideline on Semaglutide (annex 6.1) has described the conditions to qualify for submitting an waiver of in vivo bioequivalence (BE) study on the basis that BE is self-evident under 21 CFR 320.22(b (annex 6.2)), a generic Semaglutide subcutaneous solution for injection product should qualitatively (Q1) and quantitatively (Q2) be the same as the Reference Listed Drug (RLD).
7.	Provide the lot release certificate of the finished product manufactured by same bulk concentrate/ ready to fill from country of export	Not applicable.
8.	Submit justification for not performing all test mentioned on Certificate of analysis	Complete analysis has been performed on following parameters. **Comparative COA is attached**
9.	Provide the agreement with the source (of bulk concentrate/ready to fill) that if there shall be any critical change in manufacturing process, biological systems used to manufacture, etc. the firm shall inform DRAP immediately along with relevant documents.	Agreement with DS manufacturer has been attached

Previous Decision: Registration Board after thorough deliberation decided to defer for the documents / information as under **(M-329)**:

The firm shall submit evidence (legalized FSC/CoPP/Registration certificate) of finished product manufactured by same concentrate/ready to fill bulk either from country of origin or by any reference regulatory authority as adopted by Registration Board.

Evaluation by BE&R: The firm has submitted that Semaglutide is being supplied as intermediate bulk for which issuance of FSC / COPP / Registration certificate is not issued by country of origin, hence COPP/FSC is not accessible

Drug Substance manufacturer i.e Livzon New North River Pharmaceutical Co., Ltd. is GMP compliant facility, which manufacture API i.e., Semaglutide.

Moreover, as per the prevalent format of FSC / CoPP (WHO COPP scheme) / Registration certificate of finished product, name of Drug substance manufacturer is not mentioned.

Drug Substance manufacturer i.e Livzon New North River Pharmaceutical Co., Ltd had exported Semaglutide to different countries such as Pakistan, Bangladesh, Vietnam, South Korea, Slovenia etc.

About 20 different Drug Products of Semaglutide are already registered in Bangladesh and freely available in market, the same can be verified from official website link.

https://dgdagov.info/index.php/registered-products/allopathic

Discussion of RB in 331st meeting: The Board was apprised that the firm has performed sameness evaluation data as per FDA criteria as below:

Primary Sequence & Physicochemical properties:

- Complete peptide sequence analysis by Mass spectrometry
- Molecular weight determination by Tris Tricine SDS-PAGE

Secondary Structure

- By circular Di-Chroism
- By Capillary Iso-electric focusing

Oligomeric states

- High molecular weight proteins by Size exclusion chromatography (SEC)

Biological activities

- Determination of specific activity by in-vitro Bioassay
- Protein content by ELISA

Decision: On the basis of documents/information/data along with sameness evaluation data as per FDA criteria and comparative testing with innovator product (Ozempic 2mg/1.5ml PFS of Novo Nordisk A/S), Registration Board approved the registration of Seglutide 2mg/1.5ml vial. The firm shall submit the non-clinical and clinical data of semaglutide finished product developed from same biological substance manufacturer i.e., Livzon.

Evaluation by DB&R:

The firm has submitted the following;

- Single dose toxicity studies of Seglutide injection 1.34mg/ml versus Ozempic (Reference) conducted in mice at M/s Dow University of Health Sciences, Karachi.
- A single dose, randomized, open label, parallel controlled pharmacokinetic Phase-I Clinical trial of Semaglutide Injection versus Ozempic in 64 healthy subjects.

Decision: The Registration Board endorsed its earlier decision of 331st Meeting.

Imported Human Biological (Heparin) approved in 334th RB meeting

	The status in reference regulatory authorities	-
	For generic drugs (me-too status)	Vaxcel Heparin Sodium Injection of M/s Ghazali Brothers (Reg. No. 088528).
	Module-II (Quality Overall Summary)	Firm has submitted QOS. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, flow of manufacturing process, analytical procedures, justification of specification.
	Name, address of drug substance manufacturer	**Company:** Adeste Indústria de Produtos Animais LTD **Address:**Rua Paes Leme, 524, 6º andar Grupo 63 - CEP 054 24 904 Pinheiros – São Paulo – Brazil Phone: 55 11 30975544 Fax: 55 11 30975545
	Module-III Drug Substance:	Firm has submitted drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, specifications, analytical procedures, batch analysis and justification of specifications.

	Stability Studies of Drug Substance	Firm has provided stability studies of 3 batches of drug substance.
	Module-III Drug Product:	Firm has summarized data of drug product including its composition, manufacturing process, control of drug product, process verification, specifications, batch analysis, container closure system and stability.
	Analytical method validation/verification of product	Firm has submitted validation of Analytical methods
	Container closure system of the drug product	Heparin Sodium 5000 units/mL is supplied as 5-mL volume injection, in a vial made of type I glass and packed in a box. Each container bears printed information concerning product characteristics (name, active ingredient, pharmaceutical form, strength) and batch characteristics (batch number and expiration date). The suitability of the primary packaging is confirmed by the Certificate of Quality from the vial manufacturer. Incompatibilities with primary packaging or excipients used were not observed; however, during the stability study there were not any particles leaked and the parameters tested remained within the requirements.
	Stability study data of drug product	Firm has submitted stability study data of 03 batches. The accelerated stability studies are conducted at 40 ± 2^0C/75%RH±5% for 6 months. The real time stability studies are conducted at 30 ± 2^oC/75%±5RH for 36 months for one batch. While at 30 ± 2^oC/60%±5RH for other two batches. Bacterial Endotoxin test and sterility test are performed at 0,6,12,24 months in real time stability studies while at 0 and 6 months in accelerated stability studies.
	Remarks of Evaluator	The firm has not performed testing as per official pharmacopeia.
	Decision of RB in 331st meeting	*Registration Board deferred the case for submission of specifications, analytical procedures and COAs as per official pharmacopoeia.*
	Decision of RB in 332nd meeting	*The case was discussed in 331st meeting of Registration Board. No response received from the firm. Case was deferred for clarification by the firm.*
	Remarks of Evaluator	The firm has submitted analytical methods and Certificate of analysis as per British Pharmacopoeia. However, the test of Zone electrophoresis has not been performed for Identification as mentioned in BP monograph.
	Decision of RB in 334th meeting	*On the basis of documents/information/data submitted by the applicant, Registration Board approved the product subject to submission of analytical method and certificate of analysis depicting Identification test by Zone electrophoresis as mentioned in BP monograph and subsequent compliance to current import policy for finished drugs.*
	Remarks of Evaluator	The firm has submitted a justification letter from manufacturer that they cannot perform identification test using electrophoresis because they don't have the electrophoresis instrument.
Decision: Registration Board approved the product subject to receipt of analytical method and certificate of analysis indicating Identification test by Zone electrophoresis as mentioned in BP monograph and fulfillment of current import policy.		

For information (Ratification) of the Registration Board:

Following product of M/s Lab Diagnostic Pvt. Ltd. Rawalpindi was approved in 295th and then 330th meeting of Registration Board. The details are as below:

Sr. No.	Brand name and composition	Manufacturer and Market Authorization Holder	Packing, demanded price and shelf life	Decision of 295th & 330th RB meeting
99	Biofactor Streptokinase 15,00,000 Powder for infusion Each vial contains: Streptokinase...15,00,000 IU **New applied Brand Name:** Streptokinase Karma 15,00,000 Powder for infusion **(BP Specifications)**	**Manufacturer:** M/s Lyocontract GMBH Pulverwiese, Trift, Ilsenburg, D-38871, Germany. **Marketing Authorization Holder:** M/s Karma-Medica, GMBH Emil-Von-Behring Strasse 76, Marburg, D-35041, Germany.	1's Vial As per DPC 12 months (Store at 30^0C)	**M-295:** *Keeping in view the valid legalized CoPP indicating product availability in country of origin & approval of MHRA (Reference Regulatory Authority); Registration Board approved the product subject to compliance of current Import Policy for finished drugs.* **M-330:** *The product "Streptofactor" of M/s Hakimsons (Impex) Pvt Ltd. Karachi and the product "Biofactor Streptokinase" of M/s Lab Diagnostic Pvt. Ltd. Rawalpindi, which was approved in 295th meeting of Registration Board, are having different Marketing Authorization Holders with different brand names and manufacturing sites. Thus, the Board decided to process registration of "Biofactor Streptokinase" of M/s Lab Diagnostic Pvt. Ltd. Rawalpindi in the light of decision of 295th meeting of Registration Board.*

The firm has applied for Change of title and address of importer as per new DSL from "**M/s Lab Diagnostic System Pvt. Ltd., 111, Hali Road, Westridge 1, Rawalpindi"** to **"M/s Lab Diagnostic Systems (SMC) Pvt Ltd., 36-A, PSIC, SIE, Taxila, Rawalpindi" vide letter dated 24th May, 2024 and fee of Rs.7500/- is submitted under the head of pre-registration variation.**

The request of the firm for change of title and address of importer was acceded to by the Chairman Registration Board and the registration letter after incorporating above said change was issued accordingly.

The Chairman Registration Board and the Director Bio advised to place the case in the upcoming meeting of registration board for ratification and for clarification that the variations applied by the firms after approval of the product by the Registration Board but before issuance of the Registration letters will be considered as Pre-Registration variations.

Decision: The Board endorsed the above stated information and Decision.

CASES OF DD-IV (MS. ANAM SAEED)

Virtual Inspection Report of Manufacturer Abroad

Following product applied by M/s Pharmax Pakistan Pvt. Ltd., Karachi has been approved by Registration Board in its 331st meeting held on 31st October 2023 to 2nd November 2023;

Manufacturer	Brand Name & Composition

M/s NPO Petrovax Pharm, Limited Liability Company (NPO Petrovax Pharm, LLC), Address: 1 Sosnovaya St., Pokrov Village, Podolsk, Moscow Region, 142143, Russia.	**Grippol Quadrivalent** **Influenza quadrivalent inactivated subunit adjuvant vaccine, solution for Intramuscular and subcutaneous administration** Each dose contains (0.5 mL): Active ingredients: Influenza virus type A (H1N1) antigen with hemagglutinin…….5µg Influenza virus type A (H3N2) antigen with hemagglutinin…….5µg Influenza virus type B (Yamagata line) antigen with hemagglutinin…….5µg Influenza virus type B (Victoria line) antigen with hemagglutinin……..….5µg Polyoxidonium, active Pharmaceutical ingredient lyophilisate (expressed as Azoximer bromide) …….500µg

The Board has constituted following panel for GMP virtual inspection of manufacturing facility abroad (mentioned above);

i) Mr. Akbar Ali, Deputy Director QA&LT Division, DRAP.
ii) Ms. Anam Saeed, Deputy Director, BE&R Division, DRAP.

Accordingly, an inspection was carried out by inspection panel (mentioned above) dated 18-12-2023 and final remarks of the panel are as under: -

Recommendations of the panel:

Based on the virtual inspection **of M/s NPO PETROVAX PHARMA, LLC., RUSSIA** conducted, documents reviewed, interview of the management and technical person conducted, **panel of inspectors is of the view, <u>not to recommend Good Manufacturing Practices</u> for below product due to critical observations as below:**

Manufacturer	Brand Name & Composition
M/s NPO Petrovax Pharm, Limited Liability Company (NPO Petrovax Pharm, LLC), Address: 1 Sosnovaya St., Pokrov Village, Podolsk, Moscow Region, 142143, Russia.	**Grippol Quadrivalent** **Influenza quadrivalent inactivated subunit adjuvant vaccine, solution for Intramuscular and subcutaneous administration** Each dose contains (0.5 mL): Active ingredients: Influenza virus type A (H1N1) antigen with hemagglutinin…….5µg Influenza virus type A (H3N2) antigen with hemagglutinin…….5µg Influenza virus type B (Yamagata line) antigen with hemagglutinin…….5µg Influenza virus type B (Victoria line) antigen with hemagglutinin…….5µg Polyoxidonium, active Pharmaceutical ingredient lyophilisate (expressed as Azoximer bromide) ……..….500µg

Short Comings/ Observations:

- *It is pertinent to mention that complete dedication and self-contained facility for manufacturing of Viral vaccine manufacturing is not provided as Pneumococcal vaccine (Prevnar-13) is manufactured within same area used for manufacturing of Flu vaccine (viral vaccine) on same PFS machine. However, this building has common warehouse, personnel and material entrance, So the dedicated and self-contained facility as required is not provided which would result in potential hazard of cross contamination of General Injections with influenza vaccine.*

- *The building is not completely dedicated and self-contained regarding the manufacturing of biological product /Vaccine as required in section 5.2 of schedule B of Drugs (Licensing, Registration & advertising) rules 1976 as the biological manufacturing area shares common entrance into building, the CNC corridor leads to all areas of building including Pharmaceutical manufacturing area, i-e General ampoule and vial manufacturing area, solid dosage form, API manufacturing area. Facility also share common ware house for storage of Biological (vaccine) and non-biological Pharmaceutical raw materials.*

- *Firm intimated that they are not producing viral antigens instead they are procuring monovalent viral antigens harvest pool from another source outside of their facility, I-e M/s Adimmune Corporation, Tiawan, and reconstituting, filling and packing at this facility. European Pharmacopoeial monograph of influenza vaccine referees for choice of virus strain, as under and elaborates master seed till filling and release of vaccine as single process and also mentions choice of master virus seed, selection of substrate for viral propagation, harvesting, inhibition of viral activity and splitting and inhibition of virus antigen by appropriate agent. i-e Formaldehyde and purification /potentization of virus antigen.*

  CHOICE OF VACCINE STRAIN

  "The World Health Organization reviews the world epidemiological situation annually and if necessary recommends the strains that correspond to this epidemiological evidence. Such strains are used in accordance with the regulations in force in the signatory States of the Convention on the Elaboration of a European Pharmacopoeia. It is now common practice to use reassorted strains giving high yields of the appropriate surface antigens. The origin and passage history of virus strains shall be approved by the competent authority."
- *European Medicine Agency vide their Guidance Document No. Doc. Ref. EMEA/CHMP/VWP/263499/2006 for inactivated influenza vaccines prepared from viruses with the potential to cause a pandemic that have been isolated from:*

  • animals (e.g. avian or porcine strains) or

  • humans (i.e. strains of hemagglutinin (HA) subtypes other than H1 or H3) also mentioned the manufacturing as single process. However, the panel did not witness manufacturing of Monovalent viral antigen harvest pool as Active substance which remains outside the scope of this GMP inspection.
- *Firm intimated that they are outsourcing abnormal safety testing on animal models from outsource / third party firm. Firm also intimated that they are following Russian pharmacopoeia, however they were found not performing certain tests as per European Pharmacopoeia including formaldehyde residual contests, residual virus testing specifications are also different from EP. Firm acknowledged and submitted comparison of testing specifications of Russian and European pharmacopoeial, which is different.*

Product characteristics	**Method**	**Eligibility Criteria**	**Ccomparison of methodology and acceptance criteria**
Description	Visual SP RF	Colorless or yellowish slightly opalescent liquid.	Requirement of the SP-RF. This requirement is not included in the Ph. Eur.
Identification	Hemagglutination-inhibition test (HI-test) SP RF	Each subtype and type of antigen should be neutralized by homologic serum. The titer with heterologic serum should be lower than its own titer in not less than 4 times.	Requirement of the SP-RF. This requirement is not included in the Ph. Eur.
Clarity	Visual SP RF Ph. Eur. 2.2.1	The product should conform to the Reference Solution III.	There are no differences. Acceptance criteria and methods are the same
Color	Visual SP RF Ph. Eur. 2.2.1	Color intensity must not exceed that for Reference Y_5.	There are no differences. Acceptance criteria

			and methods are the same
Particulate contamination: visible particles	Visual SP RF Ph. Eur. 2.9.20	The product should correspond to the requirements.	There are no differences. Acceptance criteria and methods are the same
pH	SP RF, Ph. Eur. 2.2.3 potentiometry	7.0 to 7.6.	There are no differences. Acceptance criteria and methods are the same
Protein	Lowry protein assay SP RF Ph. Eur. 2.5.33	Less than 120 µg/0.5 ml excluding the quantitative hemagglutinin content.	There are no differences. Acceptance criteria and methods are the same
Extractable volume	SP RF Ph. Eur. 2.9.17	NLT nominal.	There are no differences. Acceptance criteria and methods are the same
Sterility	Membrane filtration or direct inoculation method SP RF Ph. Eur. 2.6.1	Must be sterile.	There are no differences. Acceptance criteria and methods are the same
Bacterial endotoxins	Gel clot test SP RF Ph. Eur. 2.6.14	Not more than 100 EU/mL	There are no differences. Acceptance criteria and methods are the same
Abnormal toxicity	SP RF Ph. Eur. 2.6.9	The product must be non-toxic.	The article 2.6.9 was removed from the Ph. Eur.
Specific safety	***SP Russian Pharmacopoeia Ph. Eur. 0869***	***Must not contain live influenza virus.***	***According to the Ph. Eur. procedure, the test is not valid unless at least 8 of 10 embryos survive after incubation. In SP-RF – 7 of 10***
Specific activity	***Single radial immunodiffusion assay (SRID) SP RF Ph. Eur. 0869, 2.7.1***	***The product must contain 5.0 to 7.2 µg of hemagglutinin of the influenza A virus subtypes A (H1N1), A (H_3N_2), and types B/Yamagata and B/Victoria per a dose of 0.5ml.***	***Differences between acceptance criteria: The Ph. Eur uses confidence limits and lack of overlap as an assessment of the suitability of a system. The confidence limits (P = 0.95) are not less than 80 per cent and not more than 125 per cent of the estimated***

			content. The lower confidence limit (P = 0.95) hemagglutinin antigen is not less than 80 per cent of the amount stated on the label for each strain. We work according to the SP-RF and for evaluation we use Delta values (distances between the starting points of the sample and the standard not more than 3 mm^2).
Polyoxidonium	Spectrophotometry Ph. Eur. 2.2.25	0.4 to 0.6 mg/0.5mL.	Petrovax in-house method
Immunogenicity	hemagglutination-inhibition test (HI-test) SP RF	The vaccine must meet the requirements.	Requirement of the SP-RF. This requirement is not included in the Ph. Eur.
Reactogenicity	SP RF	The vaccine must be areactogenic or low reactogenic	Requirement of the SP-RF. This requirement is not included in the Ph. Eur.
Ovalbumin	ELISA SP RF Ph. Eur., 2.7.1	Not more than 0.4 μg/0.5mL.	There are no differences. Acceptance criteria and methods are the same

Submitted for consideration of Board.

Decision: In light of recommendations given by the inspection panel, the Board decided to reject the registration application of Grippol Quadrivalent Vaccine manufactured by M/s NPO Petrovax Pharm, Limited Liability Company (NPO Petrovax Pharm, LLC), Russia.

CASES OF DD-II (DR. H.M JAWAD ALI)

- **Locally manufactured veterinary biological applied by M/s Hirra Pharmaceutical Laboratories Pvt. Ltd., Lahore.**

After the issuance of DML, M/s Hirra Pharmaceutical Laboratories, Lahore applied for the restoration of its 20 registration certificates by submitting afresh applications on Form 5 being vet drugs alongwith full fee of registration. Previously, the Authority, keeping in view the decision of the Appellate Board, exercising its power under Rule 26 of the Drugs (Licensing, Registering & Advertising) Rules, 1976 amended via SRO 713(1)/2018 dated 8th June, 2018, decided to grant one time exemption to M/s A.J Mirza Pharma (Pvt) Ltd., Karachi to submit registration applications on Form5/ Form 5-A/ Form 5D instead of Form 5F for those drugs whose registrations were cancelled, due to cancellation of Drug Manufacturing License on account of non-submission of renewal application within the specified time, or those registration applications which were approved by the Registration Board at the time of cancellation of DML of AJ Mirza Pharma Pvt Ltd., Karachi. The request of M/s Hirra Pharmaceutical Laboratories, Lahore is hereby submitted for the Authority regarding the consideration of submitted applications of registration of out of Queue with same registration numbers and brand names. <u>Decision of Authority's 178 meeting:</u> The Authority, keeping in view of the decision taken in the past, acceded to the request of M/s Hirra Pharmaceutical Laboratories, Lahore for: - i. Out-of-queue consideration of submitted applications of registrations of those drugs which were already registered with the firm before cancellation of Drug Manufacturing License on account of non-submission of renewal application within the specified time and ii. Grant of same registration numbers and brand names.
	Remarks	• Form 5 is not signed and stamped; • Composition is not clear; • Finished Product Specifications are not provided.
• **Decision: Approved. The firm will inform the strain**

	Details of letter of authorization / sole agency agreement	Letter of Authorization valid till December 20, 2027.
	Status of the applicant	☐ Manufacturer ☒ I**mporter** ☐ Is involved in none of the above (contract giver)
	Status of application	☐ New Drug Product (NDP) ☒ **Generic Drug Product (GDP)**
	Intended use of pharmaceutical product	☒ **Domestic sale** ☐ Export sale ☐ Domestic and Export sales
	For imported products, specify one the these	☒ **Finished Pharmaceutical product import** ☐ Buk import and local repackaging ☐ Buk import and local repackaging for export purpose only
	Dy. No. and date of submission	Dy. No. 2409___25 Jan 2023
	Details of fee submitted	PKR 75,000/-:
	The proposed proprietary name / brand name	**Protamin Sulphate** Solution for Injection
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each ml contains Protamin Sulphate……..…..…….10mg
	Pharmaceutical form of applied drug	Solution for Injection
	Pharmacotherapeutic Group of (API)	Antidote of Heparin
	Reference to Finished product specifications	European Pharmacopoeia
	Proposed Pack size	1's Vial (5ml)
	Proposed unit price	As per DPC
	The status in reference regulatory authorities	Approved in USFDA.(10mg/ml)
	For generic drugs (me-too status)	
	Module-II (Quality Overall Summary)	Firm has submitted QOS. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, impurities, specifications, analytical procedures, batch analysis and justification of specification, reference standard, container closure system and stability studies.
	Name, address of drug substance manufacturer	**Manufacturer**: Alps Pharmaceuticals Ind. Co. Ltd. Address: 10-50, Furukawacho Mukaimachi, Nichome, Hida, Gifu, 509-4241, Japan **Responsibility**: Alps Pharmaceuticals Ind. Co. Ltd. Address: 10-50, Furukawacho Mukaimachi, Nichome, Hida, Gifu, 509-4241, Japan **Manufacturing**: Alps Pharmaceuticals Ind. Co. Ltd. Address: 10-50, Furukawacho Mukaimachi, Nichome, Hida, Gifu, 509-4241, Japan

		Testing, Subdividing, Labeling, Packaging, Storage and distribution: Alps Pharmaceuticals Ind. Co. Ltd. Address: 10-50, Furukawacho Mukaimachi, Nichome, Hida, Gifu, 509-4241, Japan
	Module-III Drug Substance:	Firm has submitted detailed drug substance data for related to nomenclature, characterization, general properties, solubilities, physical form, manufacturers, specifications analytical procedures, batch analysis and justification of specification and reference standards.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of API at accelerated as well as real time conditions. The real time stability data is conducted at -25ºC ± 2ºC & 60%RH±5%RH. The stability study data is till 60 months. The accelerated stability data is conducted at 40ºC ± 2ºC & 75%RH±5%RH. The stability study data is till 6 months.
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, excipients, physical, chemical and biological properties, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	N/A in case of new product
	Analytical method validation/ verification of product	Firm has submitted analytical method from European Pharmacopoeia.
	Container closure system of the drug product	Medicinal product is filled in injection vial made of a transparent, colorless glass of 1 hydrolytic class (Type I), hermetically sealed under aseptic conditions with closure component-Flips for injection vials (combi seal), The Flip consists of a rubber liner, and aluminum crimp cap and a plastic lid of the type " Flip-Off".
	Stability study data of drug product, shelf life and storage conditions	Shelf Life 3 years below 25℃. Firm has submitted stability study data of 3 batches The real time stability studies are conducted at (30℃±2℃/65%RH±5%RH for 48 months for 10ml and 5ml vial accelerated stability study data is conducted at (40℃±2℃/75%RH±5%RH for 6 months for 10ml vials only.
	Module IV	Single dose toxicity studies are performed only
	Module V	Open label, comparative and parallel group study was carried on 86 patients: 43 patients in the main group and 43 patients in the reference group
Evaluation by PEC:		
Decision: Registration Board deferred the case for submission of following: • **Repeat dose toxicity & overdose toxicity studies of applied formulation.** • **Double blind Phase III clinical trials OR Evidence of guideline supporting Open label trials.** • **Clarification regarding pack size of applied formulation whether it is 5ml or 10ml.**		

Item No. IV. Additional Agenda

Agenda of Evaluator PEC-II

Case no. 01 Registration applications considered on priority against Export facilitation:

Deputy Director PRV/EFD has informed that DRAP Authority in its 133rd meeting held on 13th April 2022, decided to grant registration on priority basis to the pharmaceutical i.e., one molecule for each 100,000 USD worth of export of medicines (to a maximum of 15 such molecules) during a fiscal year. In compliance to the aforementioned decision of the authority, the following firm have achieved the benchmark of more than 100,000 USD during the fiscal Year 2021-2022 and submitted their applications for priority consideration in lieu of export facilitation for Registration Board please.

1.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Hilton Pharma (Pvt) Limited. Plot No 13-14, Sector 15, Korangi industrial Area, Karachi**
	Name, address of Manufacturing site.	M/s Hilton Pharma (Pvt) Limited. Plot No 13-14, Sector 15, Korangi industrial Area, Karachi
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: 7SP-N62-A98S dated November 29th, 2023
	Details of fee submitted	Rs.75000/- dated 2023-11-08
	The proposed proprietary name / brand name	**Bempix-EZE Tablets 180mg + 10mg**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each Film Coated Tablet Contains: Bempedoic Acid .....180mg Ezetimibe 10mg
	Pharmacotherapeutic Group of (API)	Lipid modifying agents in combination with other drugs, ATC code: C10BA10
	Reference to Finished product specifications	Innovator's specifications
	The status in reference regulatory authorities	Approved by US FDA
	For generic drugs (me-too status)	Virata tablet of M/s CCL Pharmaceuticals

Evaluation by PEC^{II}:

Section #	Observations	Firm's response
3.2.P.2.2.1	Justification shall be submitted for use of surfactant in dissolution mediums for the performance of CDP studies for both Bempedoic acid and Ezetimibe	Bempedoic acid is water insoluble, addition of SLS (surfactant) in dissolution medium improve the solubility of poor water-soluble drugs. Furthermore, the dissolution test method is adopted from the US FDA (reference attached). The dissolution medium contains 0.45% SLS (surfactant), which was used for the CDP studies for both Bempedoic acid and Ezetimibe.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**

• **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Deputy Director PRV/EFD has informed that DRAP Authority in its 133rd meeting held on 13th April 2022, decided to grant registration on priority basis to the pharmaceutical i.e., one molecule for each 100,000 USD worth of export of medicines (to a maximum of 15 such molecules) during a fiscal year. In compliance to the aforementioned decision of the authority, the following firm have achieved the benchmark of more than 100,000 USD during the fiscal Year 2022-2023 and submitted their applications for priority consideration in lieu of export facilitation for Registration Board please.

	Name and address of API manufacturer.	Aarti Drugs Limited, Plot No 109-D, Road No 29-Sion (East) Mumbai. India
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of manufacturing process and controls,

		specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Module-III Drug Substance:	The firm submitted detail of nomenclature, structure, general properties, solubility, physical form, manufacturers, tests for single/total impurities, specifications, analytical procedures and its verification, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of both drug substances at both accelerated as well as real time conditions. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 65% ± 5% RH for 60 months DFS/301002, DFS/305060, DFS/309136
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Not provided
	Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug product.

STABILITY STUDY DATA			
Manufacturer of API	Aarti Drugs Limited, Plot No 109-D, Road No 29-Sion (East) Mumbai. India

Description of Pack (Container closure system)	Amber glass ampoule 3ml		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	DF-TB-001	DF-TB-002	DF-TB-003
Batch Size	2500 ampoules	2500 ampoules	2500 ampoules
Manufacturing Date	05-2023	05-2023	05-2023
Date of initiation	18/05/2023	18/05/2023	18/05/2023
No. of Batches	03		
DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA			

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not provided
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Retention of License (w.e.f 01/01/2022 up to 31.12.2026) is provided dated 05.01.2022
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Commercial invoice No Exp/265/21-22 dated 22.04.2021 is provided wherein 1000kg diclofenac sodium (Batch No DFS/11040129 in the name of ISIS pharmaceuticals and chemical works. Approved by I&E DRAP dated 02.07.2021
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Provided
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Provided
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Provided

Remarks of Assessor:

S.No	Observations	Reply	Remarks
1	**2.3.P.6** COA of primary / secondary reference standard including source and lot number to be provided	*CoA of working standard (diclofenac sodium) is provided which has been standardized against USP standard.*	Drug substance specification/ analytical method adopted was as per BP. However, USP reference standard was used.
2	**3.2.S.4** Analytical method verification study of Drug Substance to be performed by Drug Product manufacturer	Provided under module 3 section 3.2.S.4.3	Analytical method verification study of Drug substance performed by Drug substance manufacturer instead of drug product manufacturer.
3	**3.2.P.2** Provide details of container closure system (Glass ampoule) such as glass type and suitability testing/Quality testing (as per relevant pharmacopeia) to be submitted	USP type I glass ampoule	Method of quality testing (as per USP) has been provided instead of performance report/results.
4	**3.2.P.2.2.1** Provide Pharmaceutical equivalence study and details of comparator/Reference product such as Exp. Date, Batch no. etc against which Pharmaceutical equivalence study was performed.	Pharmaceutical equivalence study performed against Voren injection by Asian continental (Batch No S2232, Exp date 10/2022)	

		Parameters compared were appearance, Ph and assay.	
5	**3.2.P.5:** Finished product specification mentioned on Form5F as USP while applied formulation is not found in any official monograph. Clarify applied finished product specification.	There is a typographic error in Form5F, the specification of mentioned product is **Albarakat specification**.	Data to be submitted as per 'Guidance document regarding application of Drug Product specification' vide No.9-2/2022-PEC dated 18.12.2023 Moreover fee (Rs 7500/-) is required for correction of finished product specification mentioned in Form5F.
6	**3.2.P.8** Provide loan agreement for borrowing API from M/s ISIS pharmaceuticals and chemical works, Karachi	Loan agreement for borrowing API (250g) from M/s ISIS pharmaceuticals and chemical works, Karachi is provided dated 02.05.2023	

Decision of 335th meeting: Deferred for following shortcomings:

a) Drug substance specification/ analytical method adopted was as per BP whereas USP reference standard was used.
b) Analytical method verification study of Drug Substance performed by Drug Product manufacturer is required.
c) Results of quality testing of USP type I glass ampoule (as per USP) to be submitted.
d) Since firm adopted finished product specification as manufacturer's specification hence needs to fulfil the criteria as laid down in 'Guidance document regarding application of Drug Product specification' vide No.9-2/2022-PEC dated 18.12.2023 and submit data accordingly.

Firm's response: Firm has replied as under:

- We standardized the working standard against the reference standard. We follow the BP method.
- Firm has submitted analytical method verification studies of drug substance.
- COA of Glass ampoule.
- Analytical method validation report of the drug product Assay method.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**

- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Case No. 06: Registration applications of Finished Drug Import

	Fee including differential fee	Rs.50,000/- dated 09-10-2020
	Brand Name +Dosage Form + Strength	**Inbec Tablet**
	Composition	Each Film Coated Tablet Contains: Abacavir as Sulphate…600mg Dolutegravir as Sodium…50mg Lamivudine…300mg
	Finished Product Specification	Manufacturer specifications.
	Pharmacological Group	Antivirals for treatment of HIV infections, combinations.
	Shelf life	24 months
	Demanded Price	As per SRO.
	Pack size	As per SRo
	International availability	USFDA approved.
	Me-too status	Could not be confirmed.
	Stability studies	
	Detail of certificates attached	**Letter of authorization: - (Copy submitted)** Firm has submitted notarized authorization letter from M/s Emcure Pharmaceuticals Limited, wherein they have authorized M/s Revive Healthcare, Office 503, 5th Floor, 6 Main Gulberg, Jail Road, Lahore for import, market, distribution and sale of the 08 products namely; Atazor-R Tablets, Tavin-EM Tablets, Instgra Tablets, Viropil Tablets, Spegra Tablets, Vonavir tablets, Inbec tablets and Vonday tablets. **Certificate of Pharmaceutical Product (Copy submitted).** Certificate No: COPP/CERT/PD/122638/2023/11/43793/212434 Certifying Authority: Food & Drug Administration, M.S. Bandra-Kurla complex, Bandra (E), Mumbai-400 051 Maharashtra, India. The certificate conforms to the format recommended by the WHO.

		Validity: 28-11-2024. Certificate also confirms that this product is also actually on the market in the exporting country along with GMP status through periodic inspection once a year

Reply by the firm:

Shortcomings	Reply
I- Submit differential fee for the registration of applied product since the notification for revision of fee vide SRO No. F.7-11/2012-B&A/DRA was published on 7th May 2021 while this application was received in R&I section of DRAP after 7th May 2021. **II-** Analytical Method verification studies by the Drug Product manufacturer required for both Abacavir sulfate & Lamivudine **III-** Provide the results of analysis of relevant batch of Abacavir sulfate and Lamivudine performed by drug product manufacturer used during development and stability studies along with certificate of analysis **IV-** Justify addition of surfactant in performance of comparative dissolution profile **V-** Justification is required for not submitting the stability data till claimed shelf life	**I-** Differential fee Rs. 25000/- has been submitted by the firm vide deposit slip# 9683875435 **II-** Analytical method verification data for both APIs (Abacavir sulfate & Lamivudine) provided by the firm **III**- COAs of both APIs (Abacavir sulfate & Lamivudine) from drug substance manufacturer and respective analysis reports by drug product manufacturer provided by the firm **IV-** Firm has provided the clarification from the product manufacturer that "FDA recommended dissolution method was adopted for Abacavir 600mg, Dolutegravir 50 mg and Lamivudine 300 mg Tablets. The dissolution method recommended by the FDA is "900 mL of 0.01M Sodium Phosphate buffer pH 6.8 containing 0.5% w/v Sodium lauryl sulfate using apparatus: USP type-II (Paddle) at 85 rpm". Dolutegravir Sodium API having low solubility and to achieve drug release in FDA recommended dissolution media; addition of surfactant in the performance of comparative dissolution study in release media is required. Firm also provided USFDA drug database link for verification of dissolution method adopted by the manufacturer. **V** Stability data till complete shelf life provided by the firm till 48 months for the long term and 6 months for accelerated.

Decision: Approved as per policy of Inspection of manufacturer abroad.

Agenda of Evaluator PEC-III

Applications of Anticancer products priority as per the decision of 257th meeting of RB.

	Proposed unit price	As per SRO
Evaluation by PEC[3] :		
Decision: Approved. • **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.** • **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**		
37.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Ashrafsons Pharmaceuticals (Pvt) Ltd. Plot No. 40, Road R-2, Industrial Estate, Gadoon Amazai District Swabi.**
	Name, address of Manufacturing site.	M/s Ashrafsons Pharmaceuticals (Pvt) Ltd. Plot No. 40, Road R-2, Industrial Estate, Gadoon Amazai District Swabi.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Tracking ID: E95-LSZ-BL22: 30-05-2024
	Details of fee submitted	PKR 30,000/- : 12-01-2024
	The proposed proprietary name / brand name	**JECTSOL-PEADS Infusion 500ml**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 100ml contains: Sodium chloride…….0.18g Dextrose Anhydrous……4.0g
	Pharmacotherapeutic Group of (API)	Anti hypoglycemic/ Electrolytes
	Reference to Finished product specifications	BP
	The status in reference regulatory authorities	Sodium Chloride 0.18% and Glucose 4 % Solution **HPRA** Ireland Approved
	For generic drugs (me-too status)	UNISOL-PEADS INFUSION of UNISA
	Proposed Pack size	500ml
	Proposed unit price	As per SRO
Evaluation by PEC[3] :		
Firm has applied for the formulation as per RRA reference, however all me-too approved with slightly different label claim. The difference is tabulated below:		

Formulation approved by RRA	**Locally registered product**
Each 1000ml contains: Sodium chloride…….1.8g	Each 100ml contains: Sodium chloride…….0.18gm

Glucose monohydrate……44.0g Eq to glucose anhydrous……40.0g	Dextrose anhydrous…….4.30gm

Decision: Registration after thorough deliberation and keeping in view the already approved products decided to approve the product with following label claim:

Each 100ml contains:

Sodium chloride…….0.18gm

Dextrose anhydrous…….4.30gm

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Decision: Approved. • **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.** • **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**		

Agenda of Evaluator PEC-IV

d. Export facilitation

DD (PRV/EFD) vide letter No. F.1-6/2019-PR-II(EFD). dated 29-05-2024 has informed that The M/s Bio-Labs(Pvt).Ltd has achieved benchmark of USD 672,699 during fiscal year 2022-2023 and requested for priority consideration of following molecule the (1 molecule) 01 products:.		
41.	Name, address of Applicant / Marketing Authorization Holder	M/s Bio-Labs(Pvt).Ltd Plot No. 145,Industrial Triangle Kahuta Road Islamabad- Pakistan
	Name, address of Manufacturing site.	Bio-Labs(Pvt).Ltd Plot No. 145,Industrial Triangle Kahuta Road Islamabad- Pakistan
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Tracking ID. Y7B-T8U-B3HH: 19-3-2024
	Details of fee submitted	PKR 30,000/- : De[posit Slip # 5325572922
	The proposed proprietary name / brand name	**Vemtix injection 4mg/2ml**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 2ml Ampoule Contains; Ondansetron (as Hydrochloride Dihydrate) …….4mg
	Pharmacotherapeutic Group of (API)	Anti-emetic

	Reference to Finished product specifications	USP
	The status in reference regulatory authorities	Zofran Injection 2mg/ml of Novartis Pharmaceuticals UK Limited, of MHRA approved.
	For generic drugs (me-too status)	Zofran Injection 8mg/4ml of M/s Novartis
Evaluation by PEC (No[4]):		
Decision: Approved. • **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.** • **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**		

e. Deferred cases

42.	Name and address of manufacturer / Applicant	Glitz Pharma, Plot No 265, Industrial Triangle, Kahuta Road Islamabad
	Brand Name +Dosage Form + Strength	Memanta 10mg/5ml Syrup
	Composition	Each 5ml contains:- Memantine HCl ……..10mg
	Diary No. Date of R& I & fee	Dy. No.1413 , R&I Dated 31-10-14 , Rs: 20,000/-
	Pharmacological Group	Anti-Parkinson
	Type of Form	Form 5
	Finished product Specification	USP
	Pack size & Demanded Price	60ml,90ml,120ml,240ml,300ml, Amber glass bottle, As per policy of MOH
	Approval status of product in Reference Regulatory Authorities	Memantine Sandoz 10mg/ml (MHRA)
	Me-too status	Zexa by English Pharm, Lahore (R. No. 071544)
	GMP status	GMP inspection Date: 29-11-2016, GMP status is not clear.
	Remarks of the Evaluator	I. The evidence provided for liquid syrup section is of 2005. II. 251st meeting commitment not provided by the firm. III. Incorrect pharmacological group provided by firm. IV. Incorrect International availability provided by firm.
	Decision of 270th: Deferred for the following reasons: Confirmation of approval status by reference regulatory authorities. Clarification of pharmacological group. Submission of commitments as per decision of Registration board taken in its 251st meeting. Clarification of pharmacopoeia reference.	
	Evaluation: The firm has submitted pharmacological group: NDMA receptor antagonists or used to treat dementia. USP specification. International reference could not be confirmed. Commitments did not submit GMP certificate valid till 2023.	
	Previous Decision (M-320): Deferred for evidence of approval of applied formulation in reference regulatory authorities/agencies which were adopted by the Registration Board in its 275th meeting.	
	Firm submitted RRA reference of : Memantine Crescent 10 mg/ml oral solution by Crescent Pharma Limited, of MHRA approved.	
	Decision: Approved.	
43.	Name and address of manufacturer / Applicant	M/s Venus Pharma 23 km Multan Road, Lahore.
	Brand Name +Dosage Form + Strength	Predol Injection 5mg
	Composition	Each ml contains:- Haloperidol…..5mg

	Diary No. Date of R& I & fee	Dy No.17645, 11-05-2018, Rs.20,000/-
	Pharmacological Group	Antipsychotics
	Type of Form	Form 5
	Finished product Specification	USP Specification
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	Approved in MHRA
	Me-too status	Halotec Plain Injection of Pharmatec Karachi
	GMP status	GMP Certificate issued on 27-08-2018
	Remarks of the Evaluator	
	Decision of 286th meeting: Registration Board in its 286th meeting deferred the case for detailed deliberation in next meeting. Evaluation by PEC: Applied formulation does not fall in the category of controlled drugs. Decision of 288th meeting: Registration Board decided to defer the case for the following reasons: For confirmation of required manufacturing facility as the applied formulation does not fall in the category of controlled (Psychotropic) drugs. For consideration of case on its turn. Submission by the firm: The firm has submitted GMP certificate No. 353/2019-DRAP(AD-1915187-536) dated 28/11/2019 issued on the basis of inspection conducted on 05/09/2019. The firm has submitted inspection report for renewal of DML dated 07/04/2017. As per report, Liquid injectable (ampoule) section is approved.	
	Previous Decision (M-312): Deferred for confirmation of approved manufacturing facility for Liquid Injectable (ampoule) section.	
	Firm submitted copy of renewal of Drug manufacturing License in which Liquid Ampoule Section (General) section mentioned. Firm Submitted cGMP certificate on the basis of evaluation conducted on 22-08-2023 & 14-09-2023 in which Liquid Injectable (Vial & Ampoule) section mentioned.	
	Decision: Approved.	
44.	Name and address of manufacturer / Applicant	M/s Venus Pharma 23 km Multan Road, Lahore.
	Brand Name +Dosage Form + Strength	Chlorozine Injection
	Composition	Each ml contains:- Chlorpromazine hydrochloride….25mg
	Diary No. Date of R& I & fee	Dy No.17643, 11-05-2018, Rs.20,000/-
	Pharmacological Group	Benzodiazepine derivatives
	Type of Form	Form 5
	Finished product Specification	USP Specification
	Pack size & Demanded Price	As per SRO
	Approval status of product in Reference Regulatory Authorities	Approved in MHRA
	Me-too status	Chlorpromazine 2ml Injection Of Indus Pharma
	GMP status	GMP Certificate issued on 27-08-2018
	Remarks of the Evaluator	
	Decision of 286th meeting: Registration Board in its 286th meeting deferred the case for detailed deliberation in next meeting. Evaluation by PEC: Applied formulation does not fall in the category of controlled drugs. Decision of 288th meeting: Registration Board decided to defer the case for the following reasons: For confirmation of required manufacturing facility as the applied formulation does not fall in the category of controlled (Psychotropic) drugs. Agenda of Evaluator PEC-IX

Export Facilitation Case:
The EFD section vide letter No. 1-6/2019-PR-II (EFD) dated 22.01.2024 has informed that the Authority in 133rd meeting decided that for each 100,000 USD worth of export of medicine during a fiscal year, one molecule will be considered on priority bases, however a maximum of 15 such molecules shall be considered for grant of registration during a fiscal year.
As per letter of EFD section, the firm has requested following molecule against their benchmark achieved during the fiscal year 2022-2023

1824.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Getz Pharma (Pvt.) Ltd. Plot No. 29-30, Sector 27 Korangi Industrial Area, Karachi (DML No. 000284)**
	Name, address of Manufacturing site.	M/s Getz Pharma (Pvt.) Ltd. Plot No. 29-30, Sector 27 Korangi Industrial Area, Karachi (DML No. 000284)
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Dy. No. 27488, Dt. 23.11.2023
	Details of fee submitted	PKR 75,000/- : Slip No. 328385637
	The proposed proprietary name / brand name	**FINERIGET 10mg Tablets**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each film coated tablet contains; Finerenone……..10mg
	Pharmacotherapeutic Group of (API)	Aldosterone antagonists ATC Code: C03DA05
	Reference to Finished product specifications	**As per Innovator's Specifications.**
	The status in reference regulatory authorities	Kerendia 10mg and 20mg Tablets USFDA Approved.
	For generic drugs (me-too status)	NA

Evaluation by PEC-IX

S. No.	Section	Observation	Reply
1			

Decision: Approved.
Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.

Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.

	Details of fee submitted	Rs.30,000/- dated 19-06-2023 (Slip#691693865537)
	The proposed proprietary name / brand name	**Safpime 500mg IV/IM Injection**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each combination pack contains: Vial: Cefepime HCl (with L-Arginine) Eq. to Cefepime……500mg Ampoule: Water for injection…….5ml
	Pharmaceutical form of applied drug	Intravenous/Intramuscular
	Pharmacotherapeutic Group of (API)	Cephalosporin-Antibiotics

	Reference to Finished product specifications	USP specifications
	Proposed Pack size	1's, 5's
	Proposed unit price	As per SRO
	The status in reference regulatory authorities	Cefepime Hydrochloride (500mg, 1g, 2g) for injection by M/s Qilu Pharma USFDA Approved
	For generic drugs (me-too status)	Maxipime 500mg Injection by M/s GSK Pakistan Limited (Reg#25548)
	Name and address of API manufacturer.	M/s Kopran Research Laboratories Limited., K4/4, Additional MIDC, At & Post Birwadi, Taluka Mahad, District: Raigad, Raigad 402302, Maharashtra India.
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its verification, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product is submitted.
	Module III (Drug Substance)	The firm has submitted detail of nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its verification, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance
	Stability studies	Firm has submitted stability study data of 3 batches of drug substance at both accelerated as well as real time conditions. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 65% ± 5% RH for 36 months.
	Module-III (Drug Product):	The firm has submitted detail of manufacturers, description of manufacturing process and controls, specifications, analytical procedure and its verification studies, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug product.
	Pharmaceutical equivalence and comparative dissolution profile	Firm has submitted pharmaceutical equivalence of their product against the product Maxum 500mg Injection IM/IV by M/s Curexa Health Pvt. Ltd. (Highnoon Laboratories Ltd.)
	Analytical method validation/verification of product	Firm has submitted method verification studies including specificity, linearity and range, accuracy, precision, detection limit, quantitation limit, system suitability.

Administrative Portion		
1.	Reference of previous approval of applications with stability study data of the firm (if any)	N/A
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has submitted copy of cGMP certificate of M/s Kopran Research Laboratories Limited., K4/4, Additional MIDC, Post Birwadi, Tal. Mahad, District: Raigad, Raigad 402302, Maharashtra India.., issued by Commissioner, Food & Drugs Administration Maharashtra State India valid upto 19-10-2023 Firm has submitted copy of License retention certificate of M/s Kopran Research Laboratories Limited., India., issued by Food & Drugs Administration Maharashtra State India valid upto 31-03-2025.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm submitted Letter No. 10153/2020/DRAP-AD-VII(I&E) dated 27-07-2020 for "permission to Import API as per guidelines for import of pharmaceutical raw material for the purpose of test/analysis and stability studies" containing Cefepime HCl 02kgm issued by AD (I&E) DRAP Lahore
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted data of stability batches supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Not Submitted
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted

Remarks of Evaluator [XI]:

Section	Observations	Firm's Response
1.5.2	• The applied label claim shall include only description of dry powder injection only, while for diluent separate registration application shall be applied	• The firm submitted that our formulation is IV Injection, the diluent used with injection is WFI. Registration letter of WFI is submitted
1.5.10	• Dosage form of applied drug shall be mentioned clearly, with complete description of a unit	• Sterile powder for injection
1.6.5	• Valid copy of cGMP certificate / DML of Drug Substance manufacturer issued by relevant regulatory authority of country of origin shall be submitted	• Firm has again submitted copy of License retention certificate of M/s Kopran Research Laboratories Limited., K4/4, Additional MIDC, Birwadi, Mahad-402302,, District: Raigad, India., issued by Food & Drugs Administration Maharashtra State India valid upto 31-03-2025.
3.2.S.4	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug Product manufacturer is required. • Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance shall be submitted. • Justification is required for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer • Justification shall be submitted for selecting the limit of water content test as 8.0%-11.0% in batch analysis instead of NMT 4.0 % by drug product manufacturer as per drug substance manufacturer specifications	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug Product manufacturer is submitted. • Analytical Method Verification studies is not submitted • As the material complies with USP specifications, arginine test is not performed in USP. That's why arginine test was not performed by the manufacturer. USP monograph is submitted • The firm submitted that corrected limit is NMT 4% & revised COA is submitted
3.2.P.8	• Clarification shall be submitted, as the batch size mentioned in BMR is 500vials while 300vials in stability summary sheets. • Justify the delay between manufacturing of trial batches (12-2021) and initiation of stability studies (09-02-2022.). • Submit AD (I&E) DRAP attested commercial invoice or clearance certificate for the procurement of API. • Compliance Record of HPLC software 21CFR & audit trail reports on product testing • Justify the results of assay test based on a single chromatographic area	• The firm submitted that batch size of 500 vials was prepare in which 300 vials were placed for stability testing, while 200 vials were placed as reference sample • The firm submitted that delay occurred due to non-availability of reference standard for standardization of testing procedure • The firm submitted Letter No. 10153/2020/DRAP-AD-VIII(I&E) dated 27-07-2020 for "permission to Import API as per guidelines for import of pharmaceutical raw material for the purpose of test/analysis and stability studies" containing Cefepime HCl 02kg issued by AD (I&E) DRAP Lahore dated 24-07-2020. However, no invoice or clearance certificate is submitted

		• Audit trail reports on product testing is submitted • As per USP monograph testing of cefepime was carried out. So, the single chromatographic area was observed

Previous Decision (M-335th-DRB): Deferred for submission of following:

- The applied label claim shall include description of dry powder injection only
- Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance.
- Justification for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer
- Justification for the delay between manufacturing of trial batches and initiation of stability studies
- Clearance certificate or commercial invoice attested by AD (I&E) DRAP for the procurement of API.
- Justification for the results of assay test based on a single chromatographic area.

Firm's response:

S No	Observations	Firm's Response
1	• The applied label claim shall include description of dry powder injection only	The firm has again applied the label claim: Each combination pack contains: Vial: Cefepime HCl (with L-Arginine) equivalent to Cefepime …….. 500mg/vial Ampoule: Water for injection …….. 5 ml
2	• Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance.	• Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance is submitted
3	• Justification for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer	• The firm submitted that USP monograph of Cefepime Inj does not contain assay of arginine content. Rather it contains Identification of Arginine by TLC. We have performed TLC identification at initial testing of trial Batches. TLC chromatogram copy is submitted
4	• Justification for the delay between manufacturing of trial batches and initiation of stability studies	• The firm submitted that Laboratory was trying to obtain the reference standard of Arginine from the supplier to perform its quantitative analysis by supplier method. After two month delay, laboratory decided to continue it through USP method by performing TLC identification test. Due to this reason two month gap occurred between the trial and its initial testing.
5	• Clearance certificate or commercial invoice attested by AD (I&E) DRAP for the procurement of API.	Firm has submitted copy of commercial invoice cleared dated 05-04-2021 specifying 10kg of Cefepime Hydrochloride USP (L-Arginine). The invoice is cleared by AD (I&E) DRAP.
6	• Justification for the results of assay test based on a single chromatographic area.	USP monograph of Cefepime Inj requires system suitability under Assay. System suitability requirement is as under Sample: Standard solution Suitability requirements Tailing factor: NMT 1.5 Saffron result with standard solution is 1.45

		Relative standard deviation: NMT 2.0% Saffron result with standard solution is 0.52% System suitability test is performed according to USP general chapter of Chromatography <621>. Analysis Samples: Standard solution and Sample solution Calculate the percentage of C19H24N60SS2 in the portion of Cefepime for Injection taken: Result =(ru/rs) x (Cs/Cu) x 100 ru =peak response from the Sample solution rs =peak response from the Standard solution Cs = concentration of USP Cefepime Hydrochloride RS in the Standard solution(mg/mL) Cu = nominal concentration of cefepime in the Sample solution(mg/mL) According to system suitability requirement, If RSD of standard solution meets the requirement, then analysis is carried out on sample solution. And single injection of sample will produce reliable results, because system suitability has been established by USP required criteria. Saffron result of Tailing factor and RSD% meets the system suitability requirement, so sample results are reliable.

Decision: Approved with following label claim:
Each Vial contains:
Cefepime HCl (with L-Arginine) equivalent to Cefepime …….. 500mg

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**
- **Registration Board further decided that registration letter will be issued after submission of following:**
  - **i. Fee of Rs. 7,500/- for correction/pre-approval change in label claim, as per notification No.F.7-11/2012-B&A/DRAP dated 13-07-2021**

Administrative Portion

1.	Reference of previous approval of applications with stability study data of the firm (if any)	N/A
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has submitted copy of cGMP certificate of M/s Kopran Research Laboratories Limited., K4/4, Additional MIDC, Post Birwadi, Tal. Mahad, District: Raigad, Raigad 402302, Maharashtra India.., issued by Commissioner, Food & Drugs Administration Maharashtra State India valid upto

		19-10-2023 Firm has submitted License retention certificate of M/s Kopran Research Laboratories Limited., India., issued by Food & Drugs Administration Maharashtra State India valid upto 31-03-2025.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm submitted Letter No. 10153/2020/DRAP-AD-VII(I&E) dated 27-07-2020 for "permission to Import API as per guidelines for import of pharmaceutical raw material for the purpose of test/analysis and stability studies" containing Cefepime HCl 02kgm issued by AD (I&E) DRAP Lahore
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted data of stability batches supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Not Submitted
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted

Remarks of Evaluator [XI]:

Section	Observations	Firm's response
1.5.2	• The applied label claim shall include only description of dry powder injection only, while for diluent separate registration application shall be applied	• The firm submitted that our formulation is IV Injection, the diluent used with injection is WFI. Registration letter of WFI is submitted
1.5.10	• Dosage form of applied drug shall be mentioned clearly, with complete description of a unit	• Sterile powder for injection
1.6.5	• Valid copy of cGMP certificate / DML of Drug Substance manufacturer issued by relevant regulatory authority of country of origin shall be submitted	• Firm has again submitted copy of License retention certificate of M/s Kopran Research Laboratories Limited., K4/4, Additional MIDC, Birwadi, Mahad-402302,, District: Raigad, India., issued by Food & Drugs Administration Maharashtra State India valid upto 31-03-2025.
3.2.S.4	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug Product manufacturer is required. • Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance shall be submitted. • Justification is required for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug Product manufacturer is submitted. • Analytical Method Verification studies is not submitted • As the material complies with USP specifications, arginine test is not performed in USP. That's why arginine test was not performed by the manufacturer. USP monograph is submitted • The firm submitted that corrected limit is NMT 4% & revised COA is submitted

	• Justification shall be submitted for selecting the limit of water content test as 8.0%-11.0% in batch analysis instead of NMT 4.0 % by drug product manufacturer as per drug substance manufacturer specifications	
3.2.P.8	• Stability summary sheet for batch No#T-003 at real time conditions is not submitted • Justify the delay between manufacturing of trial batches (12-2021) and initiation of stability studies (09-02-2022.). • Submit AD (I&E) DRAP attested commercial invoice or clearance certificate for the procurement of API. • Compliance Record of HPLC software 21CFR & audit trail reports on product testing • Justify the results of assay test based on a single chromatographic area	• No reply submitted • The firm submitted that delay occurred due to non-availability of reference standard for standardization of testing procedure • The firm submitted Letter No. 10153/2020/DRAP-AD-VIII(I&E) dated 27-07-2020 for "permission to Import API as per guidelines for import of pharmaceutical raw material for the purpose of test/analysis and stability studies" containing Cefepime HCl 02kg issued by AD (I&E) DRAP Lahore dated 24-07-2020. However, no invoice or clearance certificate is submitted • Audit trail reports on product testing is submitted • As per USP monograph testing of cefepime was carried out. So, the single chromatographic area was observed

Previous Decision (M-335th-DRB): Deferred for submission of following:

- The applied label claim shall include only description of dry powder injection only
- Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance.
- Justification for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer
- Justification for the delay between manufacturing of trial batches and initiation of stability studies.
- Clearance certificate or commercial invoice attested by AD (I&E) DRAP for the procurement of API.
- Justification for the results of assay test based on a single chromatographic area

Firm's response:

S No	Observations	Firm's Response
1	• The applied label claim shall include description of dry powder injection only	The firm has again applied the label claim: Each combination pack contains: Vial: Cefepime HCl (with L-Arginine) equivalent to Cefepime …….. 1.0g/vial Ampoule: Water for injection …….. 10ml
2	• Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance.	• Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance is submitted
3	• Justification for not performing test for Arginine content in batch analysis by drug product manufacturer as recommended by drug substance manufacturer	• The firm submitted that USP monograph of Cefepime Inj does not contain assay of arginine content. Rather it contains Identification of Arginine by TLC. We have performed TLC identification at initial testing of trial Batches. TLC chromatogram copy is submitted

4	• Justification for the delay between manufacturing of trial batches and initiation of stability studies	• The firm submitted that Laboratory was trying to obtain the reference standard of Arginine from the supplier to perform its quantitative analysis by supplier method. After two month delay, laboratory decided to continue it through USP method by performing TLC identification test. Due to this reason two month gap occurred between the trial and its initial testing.
5	• Clearance certificate or commercial invoice attested by AD (I&E) DRAP for the procurement of API.	Firm has submitted copy of commercial invoice cleared dated 05-04-2021 specifying 10kg of Cefepime Hydrochloride USP (L-Arginine). The invoice is cleared by AD (I&E) DRAP.
6	• Justification for the results of assay test based on a single chromatographic area.	USP monograph of Cefepime Inj requires system suitability under Assay. System suitability requirement is as under Sample: Standard solution Suitability requirements Tailing factor: NMT 1.5 Saffron result with standard solution is 1.45 Relative standard deviation: NMT 2.0% Saffron result with standard solution is 0.52% System suitability test is performed according to USP general chapter of Chromatography <621>. Analysis Samples: Standard solution and Sample solution Calculate the percentage of C19H24N60SS2 in the portion of Cefepime for Injection taken: Result =(ru/rs) x (Cs/Cu) x 100 ru =peak response from the Sample solution rs =peak response from the Standard solution Cs = concentration of USP Cefepime Hydrochloride RS in the Standard solution(mg/mL) Cu = nominal concentration of cefepime in the Sample solution(mg/mL) According to system suitability requirement, If RSD of standard solution meets the requirement, then analysis is carried out on sample solution. And single injection of sample will produce reliable results, because system suitability has been established by USP required criteria. Saffron result of Tailing factor and RSD% meets the system suitability requirement, so sample results are reliable.

Approved with following label claim:
Each Vial contains:
Cefepime HCl (with L-Arginine) equivalent to Cefepime …….. 1.0g

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Remarks of Evaluator [xi]:

Section	Observations	Firm's Response
1.3.5	• Submit copy of cGMP certificate / GMP inspection report of manufacturing unit conducted with in last three years	• Firm has submitted copy of cGMP certificate dated 28-12-2023 based on inspection conducted on 09-10-2023.
1.5.2	• Standardize your label claim in line with reference formulation along with submission of applicable fee	• The firm has submitted the label claim for **Flucin Topical Oil 0.01% w/v** without submission of fee. Each ml Contains: Fluocinolon Acetonide……0.1mg However the reference product recommends label claim in w/w units.
1.5.10	• You have applied for lotion while the reference formulation is topical oil clarify?	• The firm submitted that it is topical solution in oil and applied under the lotion section. But mistakenly in cover letter it was written lotion instead of topical oil. Please consider the application as oil and grant us registration for the said for fluocinolone acetonide as topical oil.
1.6.5	• Valid copy of cGMP certificate / DML of Drug Substance manufacturer issued by relevant regulatory authority of country of	• The firm has submitted copy of DML#JIN20150001 of M/s Tianjin Tianyao Pharmaceuticals Co., Ltd., No. 19 Xin Ye 9th

	origin is required • GMP certificate of a different manufacturer is submitted than that the details data of which is submitted in this section and in module 3	street, West Area of Tianjin Economic-Technological Development Area, Tianjin 300462, China valid till 11-10-2025. • DML of relevant drug substance manufacturer is submitted
3.2.S.5	• COA of primary / secondary reference standard including source and lot number shall be provided.	• COA of primary / secondary reference standard including source and lot number is submitted
3.2.S.7	• Submit stability study data of drug substance as per zone IV-A conditions till claimed shelf life	• Not submitted
3.2.P.8	• Raw data sheets of drug product at initial time point of stability study shall be submitted	• Raw data sheets of drug product at initial time point of stability study is submitted

Previous Decision (M-335th-DRB): Deferred for submission of following:

- Standardized label claim in line with reference formulation along with submission of applicable fee
- Stability study data of drug substance as per zone IV-A conditions till claimed shelf life

Firm's Response:

S No#	Observations	Firm's Response
1	• Standardized label claim in line with reference formulation along with submission of applicable fee	• Firm has submitted revised label claim for Flucin Topical Oil 0.01% w/w as per reference formulation without submission of fee. The revised label claim is as under: Each gram Contains: Fluocinolon Acetonide……0.1mg
2	• Stability study data of drug substance as per zone IV-A conditions till claimed shelf life	• Submitted

Decision: Approved with following label claim:
Each gram Contains:
Fluocinolon Acetonide……0.1mg

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**
- **Registration Board further decided that Registration letter will be issued after submission of following:**
  - **i. Fee of Rs. 30,000/- for correction/pre-approval change in composition (correction/change of strength of applied formulation), as per notification No.F.7-11/2012-B&A/DRAP dated 13-07-2021.**

	Proposed unit price	As per SRO
	The status in reference regulatory authorities	DEXILANT (30mg, 60mg) delayed-release capsules USFDA Approved
	For generic drugs (me-too status)	Dextop Capsule 30 mg by M/s The Searle Company Ltd. (Reg#86978)
	Name and address of API manufacturer.	Source of pellets: M/s Vision Pharmaceuticals Pvt. Ltd., Plot No. 22-23, Industrial Triangle, Kahuta Road, Islamabad Pakistan.
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Module III (Drug Substance)	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubilities, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard,

		container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Firm has submitted stability study data of 3 batches of drug substance at both accelerated as well as real time conditions. The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 65% ± 5% RH for 36 months.
	Module-III (Drug Product):	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control of excipients, control of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability study.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted pharmaceutical equivalence of their product against the product Wilsop 30mg capsule by M/s Wilson's Pharmaceuticals. CDP has been performed against the same product Wilsop 30mg capsule by M/s Wilson's Pharmaceuticals in Acid media (0.1N HCl), acetate buffer (pH 4.5) & Phosphate Buffer (pH 6.8). The values of f2 factor calculated in acceptable range.
	Analytical method validation/verification of product	Firm has submitted analytical method validation studies including Accuracy, Repeatability, intermediate Precision, robustness, linearity.

STABILITY STUDY DATA

Manufacturer of API	**Source of pellets:** M/s Vision Pharmaceuticals Pvt. Ltd., Plot No. 22-23, Industrial Triangle, Kahuta Road, Islamabad Pakistan.		
API Lot No.	DLP664		
Description of Pack (Container closure system)	Alu-alu blister packed in unit carton		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	T-015	T-016	T-017
Batch Size	5000 capsule	5000 capsule	5000 capsule
Manufacturing Date	01-2021	01-2021	01-2021
Date of Initiation	01-2021	01-2021	01-2021

No. of Batches		03
Administrative Portion		
1.	Reference of previous approval of applications with stability study data of the firm (if any)	N/A
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	The firm have submitted copy of cGMP certificate of M/s Vision Pharmaceuticals issued on 31-07-2019 based on inspection conducted on 11-02-2019. The firm have submitted copy of DML of M/s Vision Pharmaceuticals (Pvt) Ltd., renewed w.e.f. 02-12-2019.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	The firm has submitted copy of invoice dated 04-12-20 for purchase of 4kg of Dexlansoprazole DDR Pellets 22.5% from M/s Vision Pharmaceuticals Islamabad.
4.	Data of stability batches will be supported by attested respective document like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted data of stability batches supported by attested respective document like chromatograms, Raw data sheets, COA, summary data sheets etc.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Not submitted
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated) is submitted

Remarks of Evaluator [XI]:

Section	Observations
1.3.4	• Submit copy of valid Drug Manufacturing License (DML)
1.5.2	• Submit your label claim as per reference formulation considering the dual delayed release nature of pellets along with submission of applicable fee
1.6.5	• Valid GMP certificate of the Drug Substance manufacturer issued by relevant regulatory authority of country of origin is required
3.2.S.4	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug product manufacturer is required. • Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance is required.
3.2.P.2	• Justify why the pharmaceutical equivalence study does not include complete testing of the drug product and the comparator product including the tests recommended by innovator product (content uniformity and loss on drying). • Details of comparator/reference product including batch number, manufacturing date, expiry date against which pharmaceutical equivalence and CDP studies is performed hall be submitted
3.2.P.5	• Justification is required as the tests of content uniformity and loss on drying are not included in the submitted specifications as recommended by innovator product review document. • Results of specificity test, system suitability, LOD and LOQ in analytical method validation studies are not submitted

Previous Decision (M-335th-DRB): Registration Board deferred the case for submission of reply to the above cited shortcomings

Firm's Response:

Section	Observations	Firm's Response

1.3.4	• Submit copy of valid Drug Manufacturing License (DML)	• Submitted
1.5.2	• Submit your label claim as per reference formulation considering the dual delayed release nature of pellets along with submission of applicable fee	• The firm has submitted revised label claim as per reference formulation along with submission of Rs. 7500/- on deposit slip No#900251417479. The revised label claim is as under: Each Capsule Contains: Dexlansoprazole Dual Delayed Release Pellets eq. to Dexlansoprazole……..30 mg
1.6.5	• Valid GMP certificate of the Drug Substance manufacturer issued by relevant regulatory authority of country of origin is required	• Firm has submitted copy of cGMP certificate of API manufacturer issued by Additional Director DRAP valid upto 13-06-2024
3.2.S.4	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug product manufacturer is required. • Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance is required.	• Copies of the Drug substance specifications and analytical procedures used for routine testing of the Drug substance by Drug product manufacturer is submitted. • Analytical Method Verification studies is not submitted
3.2.P.2	• Justify why the pharmaceutical equivalence study does not include complete testing of the drug product and the comparator product including the tests recommended by innovator product (content uniformity and loss on drying). • Details of comparator/reference product including batch number, manufacturing date, expiry date against which pharmaceutical equivalence and CDP studies is performed hall be submitted	• No justification is submitted • Firm has provided details of reference product Product name: Wilsop 30mg capsule Manufacturer: Wilson's Pharmaceuticals Batch (10): 1542 Mfg date: 08-2020 Exp date: 08-2022
3.2.P.5	• Justification is required as the tests of content uniformity and loss on drying are not included in the submitted specifications as recommended by innovator product review document. • Results of specificity test, system suitability, LOD and LOQ in analytical method validation studies are not submitted	• The firm has submitted revised finished product specifications in which tests of content uniformity and loss on drying has been included. • The firm submitted that specificity test is typically part of verification process for pharmacopieal methods. Since the product already meets manufacturer specifications, further verification may not be deemed necessary as validation has already been provided.

Decision: Deferred for submission of following:

- **Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance**
- **Justification as the pharmaceutical equivalence study does not include complete testing of the drug product and the comparator product including the tests recommended by innovator product (content uniformity and loss on drying).**
- **Results of specificity test in analytical method validation studies of applied product**

	method validation studies are not submitted	further verification may not be deemed necessary as validation has already been provided.
3.2.P.8	• Date of manufacturing of trial batches as per submitted summary sheets is 02-2021 while date of initiation of stability study is 01-2021, clarify?	• The firm submitted that stability study started in February 2021, matching the manufacturing date of the trial batches. This ensures consistency with the information provided in the attached stability summary sheets.

Decision: Deferred for submission of following:

- **Analytical Method Verification studies including specificity, accuracy and repeatability (method precision) performed by the Drug Product manufacturer for drug substance**
- **Justification as the pharmaceutical equivalence study does not include complete testing of the drug product and the comparator product including the tests recommended by innovator product (content uniformity and loss on drying).**
- **Results of specificity test in analytical method validation studies of applied product**

Agenda of Evaluator PEC-XIII

Case No. 01. New DML/New Section cases.

M/s Qadir Pharmaceuticals**. (New DML)**

CLB in its 282nd meeting held on 31st August 2021 has considered and approved the grant of Drug Manufacturing License by way of formulation with following seven (07) sections to M/s Qadir Pharmaceuticals

1. Tablet (General)
2. Capsule (General)
3. Oral Liquid (General)
4. Liquid Injectable – Vial & Ampoule (General)
5. Capsule (Cephalosporin)
6. Dry Powder Injectable (Cephalosporin)
7. Oral Dry Powder Suspension (Cephalosporin)

Accordingly, firm has applied for following products for consideration by Drug Registration Board

70.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Qadir Pharmaceuticals, Veerum Fateh Ghar Sahuwala Road, Sialkot.**
	Name, address of Manufacturing site.	M/s Qadir Pharmaceuticals, Veerum Fateh Ghar Sahuwala Road, Sialkot.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Dy. No 1AG-PQR-36AS dated 08-05-2024.
	Details of fee submitted	Rs.30,000/- vide slip No. 2159915248 dated 18-04-2024.
	The proposed proprietary name / brand name	**Dicloqad 75mg/3ml Injection.**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each ml Contains; Diclofenac Sodium…….25mg
	Pharmacotherapeutic Group of (API)	NSAIDs.
	Reference to Finished product specifications	Innovator's Specifications.

	The status in reference regulatory authorities	MHRA approved.
	For generic drugs (me-too status)	Voren injection 75mg/3ml, Asian Continental pharma, Reg. No. 007737.

STABILITY STUDY DATA

API Lot No.	DFS/12110478.		
Description of Pack (Container closure system)	Clear colorless liquid Injection filled in type A glass Ampoule.		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	AMPT07	AMPT08	AMPT09
Batch Size	3000 ampoules.	3000 ampoules.	3000 ampoules.
Manufacturing Date	04-2023	04-2023	04-2022
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

Reference of previous approval of applications with stability study data of the firm (if any)	Firm has submitted a list of their product with registration letter issued to them that were approved in 333rd meeting of registration board on form 5F.
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has submitted copy of GMP certificate No. NEW-WHO-GMP/CERT/KD/114344/2022/11/41922 dated 07-09-2022 issued in the name of M/s AARTI DRUGS LTD issued by FDA Bandra(E), Mumbai valid till 06-09-2025.
Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of Form 6 No. K-1538507558641 mentioning Diclofenac Sodium BP 1kg from M/s AARTI DRUGS LTD dated 06-02-2023.
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted analytical record for product testing.
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system along with audit trail report for product testing.
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of digital data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by PEC:

S. No.	Section	Observation	Reply by the firm
1.	3.2.S.7.3	Stability of the drug substance as per Zone IV shall be submitted.	Firm has submitted new stability data for the drug substance as per Zone IV for batch No. DFS/301002, DFS/305060 & DFS/309136.

2.	3.2.P.2.2	Justification shall be submitted for not performing PE studies against innovator product.	Firm has submitted that as per CTD guidance document, PE studies can also be performed against the comparator product. So we also perform the PE studies against the local brand.
3.	3.2.P.8	Justification shall be submitted for not including Sterility and Bacterial endotoxin tests in stability data sheets.	Firm has submitted that they have performed both the test at initial stage and will also perform at the end stage. However, during compilation they were not included in stability data sheets. They also submitted new stability data sheets wherein they have added sterility tests.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

71.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Qadir Pharmaceuticals, Veerum Fateh Ghar Sahuwala Road, Sialkot.**
	Name, address of Manufacturing site.	M/s Qadir Pharmaceuticals, Veerum Fateh Ghar Sahuwala Road, Sialkot.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Form 5F: Dy. No 3PG-M1N-HYNYdated 08-05-2024.
	Details of fee submitted	PKR 30,000/- vide slip No. 92722727083 Dated 18-04-2024.
	The proposed proprietary name / brand name	**Fit-D3 5mg/1ml Injection.**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each ml Contains; Cholecalciferol …….….5mg
	Pharmacotherapeutic Group of (API)	Vitamin D.
	Reference to Finished product specifications	Innovator's Specifications.
	The status in reference regulatory authorities	ANSM approved.
	For generic drugs (me-too status)	Indrop D injection. Neutro Pharma, Reg. No., Reg. No. 023170.

STABILITY STUDY DATA

API Lot No.	CH23031001.
Description of Pack (Container closure system)	Clear colorless oily liquid Injection filled in type I glass ampoule.
Stability Storage Condition	Real time: 30˚C ± 2˚C / 65% ± 5%RH Accelerated: 40˚C ± 2˚C / 75% ± 5%RH
Time Period	Real time: 6 months Accelerated: 6 months

Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

Reference of previous approval of applications with stability study data of the firm (if any)	Firm has submitted copy of DML (GAN20170017) dated 28-05-2022 issued by Food and Drugs Control Administration China.
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has submitted copy of Form 5 No. K-1784507558953 mentioning Vitamin-D3 (Cholecalciferol) dated 10-05-2023. Online clearance certificate is submitted. Certificate is valid till 17-05-2027.
Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted analytical record for product testing.
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Submitted.
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Submitted.
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted.

Evaluation by PEC:

S. No.	Section	Observation	Reply by the firm
1.	1.5.6	This section has mentioned BP specifications while BP monograph is for 7.5mg strength. Clarification shall be submitted.	Firm has submitted that monograph of vitamin D injection is available in BP that's why we used the same specifications.
2.	3.2.P.8.3	Stability data sheets have mentioned glass A ampoule. Clarification shall be submitted.	Firm has submitted that it was a typo error. It is Glass I ampoule.
3.	3.2.P.8	Justification shall be submitted for not including Sterility and Bacterial endotoxin tests in stability data sheets.	Firm has submitted that they have performed both the test at initial stage and will also perform at the end stage. However, during compilation they were not included in stability data sheets. They also submitted new stability data sheets wherein they have added sterility tests.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

Reference of previous approval of applications with stability study data of the firm (if any)	Firm has submitted a list of their product with registration letter issued to them that were approved in 333rd meeting of registration board on form 5F.
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has submitted copy of GMP Certificate (204/2022-DRAP) (AD/159531263130-536) dated 22-11-2022 issued on the basis of inspection conducted on 18-11-2022.
Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of commercial invoice No. 1598 dated 07-01-2023 from M/s Pharmagen Limited.
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Not submitted.

Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Not submitted.
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Not submitted.

Evaluation by PEC:

S. No.	Section	Observation	Reply by the firm
1.	3.2.S.7.3	Clear and readable copies of stability data sheets of the drug substance from drug substance manufacturer shall be submitted.	Submitted.
2.	3.2.P.2.2	Justification shall be submitted for not performing PE studies against innovator product.	Firm has submitted that as per CTD guidance document, PE studies can also be performed against the comparator product. So we also perform the PE studies against the local brand.
3.	3.2.P.8	• Justification shall be submitted for not including Sterility and Bacterial endotoxin tests in stability data sheets. • Raw data for stability data at different time interval shall be submitted. • Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc. shall be submitted. • Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated) shall be submitted.	Firm has submitted that they have performed both the test at initial stage and will also perform at the end stage. However, during compilation they were not included in stability data sheets. They also submitted new stability data sheets wherein they have added sterility tests. Submitted. Submitted. Submitted.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

Reference of previous approval of applications with stability study data of the firm (if any)	Firm has new DML and products are approved on form %F in various meetings of Registration Board.
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	**Paracetamol:** Firm has submitted copy of GMP Certificate (204/2022-DRAP) (AD/159531263130-536) dated 22-11-2022 issued on the basis of inspection conducted on 18-11-2022. **Orphenadrine citrate:** Firm has submitted copy of license retention certificate issued by DCA Telangana issued in the name of M/s Harika Drugs Private Limited valid till 31/12/2027.
Documents for the procurement of API with approval from DRAP (in case of import).	Paracetamol: Local source and invoice submitted. Orphenadrine citrate: Firm has submitted copy of Form 5 attested by DRAP, Islamabad and clearance certificate for M/s Dew Max pharmaceuticals mentioning 200.00Kg of Orphenadrine citrate attested by DRAP, Islamabad 18-11-2020 specifying
Data of stability batches will be supported by attested respective documents like	Firm has submitted analytical record for product testing.

chromatograms, Raw data sheets, COA, summary data sheets etc.	
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm is new DML. In nearby future we will put efforts to be 21 CFR complaint.
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of digital data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by PEC:

S. No.	Section	Observation	Reply submitted by the firm
1.	3.2.S.4.2	Analytical procedure for Orphenadrine citrate from Finished Product manufacturer shall be submitted.	Submitted.
2.	3.2.S.4.4	Specifications of Orphenadrine citrate has mentioned assay limit of 98.5% - 101% while the COA of the Drug product manufacturer has mentioned 99% 101%. Clarification shall be submitted.	Firm has submitted that it was typographic error. However, results are within the limit. They further submitted new COA with correct specifications.
3.	3.2.P.3.5	Process validation protocol shall be submitted.	Submitted.
4.	3.2.P.8	Loan letter for API Orphenadrine citrate shall be submitted.	Firm has submitted loan letter from M/s Dew max Pharma.

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not submitted.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	**Amoxicillin Trihydrate:** Copy of GMP certificate No. 06/2019-DRAP (AD/607409-530) dated 11-01-2019 on the basis of inspection conducted on 08-01-2019 is submitted. **Potassium Clavulanate:** Firm has submitted copy of GMP Certificate (No. SX20180229) issued by CFDA dated 06-06-2018 valid till 05-06-2023.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Submitted.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Submitted.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted.

Remarks of Evaluator:

Sr. No.	Section	Observation	Reply by the firm
1.		First page of Form 5 is not submitted by the firm.	Submitted.
2.	1.6.5	Valid copy of GMP certificate of both the drug substance manufacturer shall be submitted.	<u>Amoxicillin Trihydrate:</u> Firm has submitted copy of GMP certificate No. DC/A-4/GMP/2022/2804 dated 07-09-2022 issued by Food Safety and Drugs Control Commissionerate (Drugs Control Wing) Rajasthan, India valid till 08-09-2023. However, in the submitted dossier, drug substance data from M/s Pharmagen Limited was submitted. <u>Potassium Clavulanate:</u> Not submitted.
3.	3.2.S.4.1	• Specifications of both the drug substances from drug product manufacturer shall be submitted. • Specification of the drug substance provided by drug substance	Submitted. However, specifications from both the drug substance and drug product manufacturer are different from each other in assay, water content and sulphated ash. Firm has submitted specifications for the drug substance i.e. mixture of potassium

		manufacturer has mentioned pH limit of 5.5 – 8 while the COA of finished product manufacturer has mentioned 4.8-8. Clarification shall be submitted.	Clavulanate with Avicel (1:1) wherein the pH is 4.8-8 for the mixture. They further submitted that the same mixture is used as drug substance instead of potassium Clavulanate alone.
4.	3.2.S.4.2	Analytical procedures for both the drug substances from drug product manufacturer shall be submitted.	Submitted.
5.	3.2.S.4.3	• Verification studies of the drug substance (amoxicillin trihydrate) performed by the drug product manufacturer shall be submitted. • Verification studies of the drug substance (Potassium Clavulanate) performed by the drug product manufacturer shall be submitted.	Submitted. Submitted.
6.	3.2.S.4.4	• COA of the drug substance from both drug substance manufacturer and finished product manufacturer with same batch numbers shall be submitted. • Specification submitted by the drug substance manufacturer are all changed in the COA of the finished product manufacturer. Justification shall be submitted.	Firm has submitted COA of the drug substance Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate. Firm has submitted that specifications are in compliance with the specifications of the Potassium Clavulanate Diluted (Avicel or Syloid) 1:1. They further submitted that since potassium Clavulanate is not stable, so, Avicel is added (in a ratio of 1:1 by weight) by drug substance manufacturer to make the final product stable during the storage, shipment and usage. They also provided specifications for the same.
7.	3.2.S.5	Details/COA of the working standard used in the analysis of Potassium Clavulanate shall be submitted.	Submitted.
8.	3.2.S.7.3	All the tests in the stability data sheets are in contrast to the specifications provided by the drug substance manufacturer. Justification is required.	Firm has submitted that stability data sheets of the drug substance is for the mixture of Potassium Clavulanate Diluted.
9.	3.2.P.5.2	Analytical procedures for the finished product shall be submitted.	Submitted. However, the submitted analytical procedure is completely different from BP monograph. Concentration of the standard solution for amoxicillin and potassium Clavulanate are different from BP. Furthermore, BP specifies lithium Clavulanate as reference standard while firm in their analytical method has mentioned potassium Clavulanate as reference standard.
10.	3.2.P.8	• Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted. • Raw data sheets for calculation of	Not submitted. Not submitted.

		assay at each time point with formula shall be submitted. • Reference of previous approval of applications with stability study data of the firm (if any) shall be submitted. • Justification regarding the quantity of drug substance i.e. Potassium Clavulanate shall be submitted with respect to the total quantity of the drug substance imported and total quantity used in manufacturing and testing of all the three strengths of Falamox suspension.	Firm has submitted that in DRB 323rd meeting their two products i.e. Faxcil 250mg & 500. Firm has submitted that quantity of potassium Clavulanate was calculated to make three strengths. They further submitted that calculation sheet is attached. However, no calculation sheet is attached with the file. Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore. As per record of the executed BMRs of the trial batches with strength of 125mg/5ml, 37.23mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 37.23 x 12 = 446.76mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 446.76 = 670,140mg or 670gm. As per record of the executed BMRs of the trial batches with strength of 250mg/5ml, 74.38mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 74.38 x 12 = 892.56mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 892.56 = 1,338,840mg or 1338gm. As per record of the executed BMRs of the trial batches with strength of 400mg/5ml, 67.83mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 67.83 x 12 = 813.96mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 813.96 = 1,220,940mg or 1220gm Total of 1220 + 1338 + 670 = 3228gm or 3.22kg.

Decision of 330th meeting of Registration Board: Deferred for following;

- Justification shall be submitted for change in the submitted specifications i.e. assay, water content and sulphated ash between the specifications of drug substance manufacturer and drug product manufacturer.
- Justification shall be submitted for submission of COA of the drug substance i.e. Amoxicillin trihydrate from drug substance manufacturer instead of Ampicillin trihydrate.
- Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.
- Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.

- Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.
- Raw data sheets for calculation of assay at each time point with formula shall be submitted.
- Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.

Reply submitted by the firm;

S. No.	Reason for deferment	Reply submitted by the firm
1.	Justification shall be submitted for change in the submitted specifications i.e. assay, water content and sulphated ash between the specifications of drug substance manufacturer and drug product manufacturer.	Firm has submitted revised specifications as per drug substance manufacturer. However fee required for revision of specifications is not submitted.
2.	Justification shall be submitted for submission of COA of the drug substance i.e. Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate.	Firm has submitted that due to compilation error, COA of Ampicillin trihydrate was submitted instead of Amoxicillin. They also submitted Amoxicillin trihydrate from drug substance manufacturer.
3.	Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.	Firm has submitted that analytical method is adjusted as per actual practice, in accordance with USP <621> Chromatography and system suitability parameters complies the specification. The same had been validated.
4.	Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.	Firm has submitted that Testing was carried out by using working standard of lithium Clavulanate provided by supplier. COA of the same had already been submitted. They also submitted COA from supplier.
5.	Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.	Revised stability data sheets are submitted by the firm with inclusion of API lot No. I.e. Potassium Clavulanate: 4132201012. Amoxicillin: 000120/841/2021.
6.	Raw data sheets for calculation of assay at each time point with formula shall be submitted.	Submitted.
7.	Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.	Firm has submitted that Approx. 1Kg of Potassium Clavulanate vide clearance certificate (E 2827420227964) dated 26-Sep-2022 was used for the product development. For Stability batches, 5Kg of Potassium Clavulanate was taken as loan from Stallion Pharmaceuticals. They further submitted loan letter from M/s Stallion pharmaceuticals mentioning Meropenem trihydrate, Imipenem and Cilastatin and potassium Clavulanate with Syloid (1:1) with computerized clearance certificate No. E-405342829253 dated 16-03-2022 attested by Assistant Director I&E, DRAP, Lahore

Decision: Approved. Registration letter will be issued after submission of 7500/- fee for pre-registration variation as per notification No.F.7-11/2012-B&A/DRAP dated 07-05-2021.

• **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.** • **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has submitted summarized information for both the drug substances related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Module-III Drug Substance:	**Amoxicillin trihydrate:** Firm has submitted detail of the drug substance including its nomenclature, structure, general properties, solubility, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its verification, batch analysis (000120/841/2021) and justification of specification, reference standard, container closure system and stability studies of drug substance. **Potassium Clavulanate:** Firm has submitted detail of the drug substance including its nomenclature, structure, general properties, solubility, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its verification, batch analysis (02NB2205007) and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	**Amoxicillin trihydrate:** Stability study conditions: Real time: 30°C ± 2°C / 65% ± 5%RH for 48 months Accelerated: 40°C ± 2°C / 75% ± 5%RH for 6 months. Batches: (00013/210/2009, 00013/211/2009, 00013/212/2009) **Potassium Clavulanate:** Stability study conditions: Accelerated: 25°C ± 2°C / 60% ± 5%RH for 06 months Real time: 5°C ± 3°C for 36 months. Batches: (NA-201106301, NA-201106301 & NA-201106301)
	Module-III Drug Product:	Firm has submitted data of drug product including its description, composition, pharmaceutical development, manufacture, manufacturing process and process control, process validation protocols, control

		of drug product, specifications, analytical procedures, validation of analytical procedures, batch analysis, justification of specifications, reference standard or materials, container closure system and stability.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Firm has submitted pharmaceutical equivalence of their product against the Augmentin dry powder suspension 250mg with B. No. SY2R, mfg. date 05-2022 manufactured by M/s GSK Pakistan by performing quality test of identification, pH, average filled bottle weight, assay and microbial count test. Results of both the test product and reference product are within the specifications limit and comparable.
	Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.

STABILITY STUDY DATA

Manufacturer of API	**Amoxicillin Trihydrate:** Pharmagen Limited; Kot Nabi Bukshwala, 34 Km Ferozepur Road, Lahore. **Potassium Clavulanate:** Sinopharm Weiqida Pharmaceuticals Co., Ltd. Economic & Technological Development Zone, First Medical Zone, Datong, Shanxi, China.		
API Lot No.	Not provided.		
Description of Pack (Container closure system)	Amber colour Glass Bottle properly sealed with cap, labelled and packed in cardboard carton.		
Stability Storage Condition	Real time: 30˚C ± 2˚C / 65% ± 5%RH Accelerated: 40˚C ± 2˚C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3, 6 (Months) Real Time: 0, 3, 6 (Months)		
Batch No.	T-001	T-002	T-003
Batch Size	500 bottles	500 bottles	500 bottles
Manufacturing Date	10-2022	10-2022	10-2022
Date of Initiation	27-10-2022	27-10-2022	27-10-2022
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not submitted.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	**Amoxicillin Trihydrate:** Copy of GMP certificate No. 06/2019-DRAP (AD/607409-530) dated 11-01-2019 on the basis of inspection conducted on 08-01-2019 is submitted. **Potassium Clavulanate:** Firm has submitted copy of GMP Certificate (No. SX20180229) issued by CFDA dated 06-06-2018 valid till 05-06-2023.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore.

4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Submitted.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Submitted.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted.

Remarks of Evaluator:

Sr. No.	Section	Observation	Reply by the firm
1.		First page of Form 5 is not submitted by the firm.	Submitted.
2.	1.6.5	Valid copy of GMP certificate of both the drug substance manufacturer shall be submitted.	<u>Amoxicillin Trihydrate:</u> Firm has submitted copy of GMP certificate No. DC/A-4/GMP/2022/2804 dated 07-09-2022 issued by Food Safety and Drugs Control Commissionerate (Drugs Control Wing) Rajasthan, India valid till 08-09-2023. However, in the submitted dossier, drug substance data from M/s Pharmagen Limited was submitted. <u>Potassium Clavulanate:</u> Not submitted.
3.	3.2.S.4.1	• Specifications of both the drug substances from drug product manufacturer shall be submitted. • Specification of the drug substance provided by drug substance manufacturer has mentioned pH limit of 5.5 – 8 while the COA of finished product manufacturer has mentioned 4.8-8. Clarification shall be submitted.	Submitted. However, specifications from both the drug substance and drug product manufacturer are different from each other in assay, water content and sulphated ash. Firm has submitted specifications for the drug substance i.e. mixture of potassium Clavulanate with Avicel (1:1) wherein the pH is 4.8-8 for the mixture. They further submitted that the same mixture is used as drug substance instead of potassium Clavulanate alone.
4.	3.2.S.4.2	Analytical procedures for both the drug substances from drug product manufacturer shall be submitted.	Submitted.
5.	3.2.S.4.3	• Verification studies of the drug substance (amoxicillin trihydrate) performed by the drug product manufacturer shall be submitted. • Verification studies of the drug substance (Potassium Clavulanate) performed by the drug product manufacturer shall be submitted.	Submitted. Submitted.
6.	3.2.S.4.4	• COA of the drug substance from both drug substance manufacturer and finished product manufacturer with same batch numbers shall be	Firm has submitted COA of the drug substance Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate.

		submitted. • Specification submitted by the drug substance manufacturer are all changed in the COA of the finished product manufacturer. Justification shall be submitted.	Firm has submitted that specifications are in compliance with the specifications of the Potassium Clavulanate Diluted (Avicel or Syloid) 1:1. They further submitted that since potassium Clavulanate is not stable, so, Avicel is added (in a ratio of 1:1 by weight) by drug substance manufacturer to make the final product stable during the storage, shipment and usage. They also provided specifications for the same.
7.	3.2.S.5	Details/COA of the working standard used in the analysis of Potassium Clavulanate shall be submitted.	Submitted.
8.	3.2.S.7.3	All the tests in the stability data sheets are in contrast to the specifications provided by the drug substance manufacturer. Justification is required.	Firm has submitted that stability data sheets of the drug substance is for the mixture of Potassium Clavulanate Diluted.
9.	3.2.P.5.2	Analytical procedures for the finished product shall be submitted.	Submitted. However, the submitted analytical procedure is completely different from BP monograph. Concentration of the standard solution for amoxicillin and potassium Clavulanate are different from BP. Furthermore, BP specifies lithium Clavulanate as reference standard while firm in their analytical method has mentioned potassium Clavulanate as reference standard.
10.	3.2.P.8	• Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted. • Raw data sheets for calculation of assay at each time point with formula shall be submitted. • Reference of previous approval of applications with stability study data of the firm (if any) shall be submitted. • Justification regarding the quantity of drug substance i.e. Potassium Clavulanate shall be submitted with respect to the total quantity of the drug substance imported and total quantity used in manufacturing and testing of all the three strengths of Falamox suspension.	Not submitted. Not submitted. Firm has submitted that in DRB 323rd meeting their two products i.e. Faxcil 250mg & 500. Firm has submitted that quantity of potassium Clavulanate was calculated to make three strengths. They further submitted that calculation sheet is attached. However, no calculation sheet is attached with the file. Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore. As per record of the executed BMRs

			of the trial batches with strength of 125mg/5ml, 37.23mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 37.23 x 12 = 446.76mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 446.76 = 670,140mg or 670gm. As per record of the executed BMRs of the trial batches with strength of 250mg/5ml, 74.38mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 74.38 x 12 = 892.56mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 892.56 = 1,338,840mg or 1338gm. As per record of the executed BMRs of the trial batches with strength of 400mg/5ml, 67.83mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 67.83 x 12 = 813.96mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 813.96 = 1,220,940mg or 1220gm Total of 1220 + 1338 + 670 = 3228gm or 3.22kg.

Decision: Deferred for following;

- Justification shall be submitted for change in the submitted specifications i.e assay, water content and sulphated ash between the specifications of drug substance manufacturer and drug product manufacturer.
- Justification shall be submitted for submission of COA of the drug substance i.e Amoxicillin trihydrate from drug substance manufacturer instead of Ampicillin trihydrate.
- Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.
- Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.
- Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.
- Raw data sheets for calculation of assay at each time point with formula shall be submitted.
- Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.

Reply submitted by the firm:

S. No.	Reason for deferment	Reply submitted by the firm
1.	Justification shall be submitted for change in the submitted specifications i.e. assay, water content and sulphated ash between	Firm has submitted revised specifications as per drug substance manufacturer.

	the specifications of drug substance manufacturer and drug product manufacturer.	However fee required for revision of specifications is not submitted.
2.	Justification shall be submitted for submission of COA of the drug substance i.e. Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate.	Firm has submitted that due to compilation error, COA of Ampicillin trihydrate was submitted instead of Amoxicillin. They also submitted Amoxicillin trihydrate from drug substance manufacturer.
3.	Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.	Firm has submitted that analytical method is adjusted as per actual practice, in accordance with USP <621> Chromatography and system suitability parameters complies the specification. The same had been validated.
4.	Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.	Firm has submitted that Testing was carried out by using working standard of lithium Clavulanate provided by supplier. COA of the same had already been submitted. They also submitted COA from supplier.
5.	Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.	Revised stability data sheets are submitted by the firm with inclusion of API lot No. I.e. Potassium Clavulanate: 4132201012. Amoxicillin: 000120/841/2021.
6.	Raw data sheets for calculation of assay at each time point with formula shall be submitted.	Submitted.
7.	Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.	Firm has submitted that Approx. 1Kg of Potassium Clavulanate vide clearance certificate (E 2827420227964) dated 26-Sep-2022 was used for the product development. For Stability batches, 5Kg of Potassium Clavulanate was taken as loan from Stallion Pharmaceuticals. They further submitted loan letter from M/s Stallion pharmaceuticals mentioning Meropenem trihydrate, Imipenem and Cilastatin and potassium Clavulanate with Syloid (1:1) with computerized clearance certificate No. E-405342829253 dated 16-03-2022 attested by Assistant Director I&E, DRAP, Lahore

Decision: Approved. Registration letter will be issued after submission of 7500/- fee for pre-registration variation as per notification No.F.7-11/2012-B&A/DRAP dated 07-05-2021.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not submitted.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	**Amoxicillin Trihydrate:** Copy of GMP certificate No. 06/2019-DRAP (AD/607409-530) dated 11-01-2019 on the basis of inspection conducted on 08-01-2019 is submitted. **Potassium Clavulanate:** Firm has submitted copy of GMP Certificate (No. SX20180229) issued by CFDA dated 06-06-2018 valid till 05-06-2023.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore.
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Submitted.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Submitted.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Submitted.

Remarks of Evaluator:

Sr. No.	Section	Observation	Reply by the firm
1.		First page of Form 5 is not submitted by the firm.	Submitted.
2.	1.6.5	Valid copy of GMP certificate of both the drug substance manufacturer shall be submitted.	<u>Amoxicillin Trihydrate:</u> Firm has submitted copy of GMP certificate No. DC/A-4/GMP/2022/2804

			dated 07-09-2022 issued by Food Safety and Drugs Control Commissionerate (Drugs Control Wing) Rajasthan, India valid till 08-09-2023. However, in the submitted dossier, drug substance data from M/s Pharmagen Limited was submitted. <u>Potassium Clavulanate:</u> Not submitted.
3.	3.2.S.4.1	• Specifications of both the drug substances from drug product manufacturer shall be submitted. • Specification of the drug substance provided by drug substance manufacturer has mentioned pH limit of 5.5 – 8 while the COA of finished product manufacturer has mentioned 4.8-8. Clarification shall be submitted.	Submitted. However, specifications from both the drug substance and drug product manufacturer are different from each other in assay, water content and sulphated ash. Firm has submitted specifications for the drug substance i.e. mixture of potassium Clavulanate with Avicel (1:1) wherein the pH is 4.8-8 for the mixture. They further submitted that the same mixture is used as drug substance instead of potassium Clavulanate alone.
4.	3.2.S.4.2	Analytical procedures for both the drug substances from drug product manufacturer shall be submitted.	Submitted.
5.	3.2.S.4.3	• Verification studies of the drug substance (amoxicillin trihydrate) performed by the drug product manufacturer shall be submitted. • Verification studies of the drug substance (Potassium Clavulanate) performed by the drug product manufacturer shall be submitted.	Submitted. Submitted.
6.	3.2.S.4.4	• COA of the drug substance from both drug substance manufacturer and finished product manufacturer with same batch numbers shall be submitted. • Specification submitted by the drug substance manufacturer are all changed in the COA of the finished product manufacturer. Justification shall be submitted.	Firm has submitted COA of the drug substance Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate. Firm has submitted that specifications are in compliance with the specifications of the Potassium Clavulanate Diluted (Avicel or Syloid) 1:1. They further submitted that since potassium Clavulanate is not stable, so, Avicel is added (in a ratio of 1:1 by weight) by drug substance manufacturer to make the final product stable during the storage, shipment and usage. They also provided specifications for the same.
7.	3.2.S.5	Details/COA of the working standard used in the analysis of Potassium Clavulanate shall be submitted.	Submitted.
8.	3.2.S.7.3	All the tests in the stability data sheets are in contrast to the specifications provided by the drug substance manufacturer. Justification is required.	Firm has submitted that stability data sheets of the drug substance is for the mixture of Potassium Clavulanate Diluted.
9.	3.2.P.5.2	Analytical procedures for the finished	Submitted.

		product shall be submitted.	However, the submitted analytical procedure is completely different from BP monograph. Concentration of the standard solution for amoxicillin and potassium Clavulanate are different from BP. Furthermore, BP specifies lithium Clavulanate as reference standard while firm in their analytical method has mentioned potassium Clavulanate as reference standard.
10.	3.2.P.8	• Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted. • Raw data sheets for calculation of assay at each time point with formula shall be submitted. • Reference of previous approval of applications with stability study data of the firm (if any) shall be submitted. • Justification regarding the quantity of drug substance i.e. Potassium Clavulanate shall be submitted with respect to the total quantity of the drug substance imported and total quantity used in manufacturing and testing of all the three strengths of Falamox suspension.	Not submitted. Not submitted. Firm has submitted that in DRB 323rd meeting their two products i.e. Faxcil 250mg & 500. Firm has submitted that quantity of potassium Clavulanate was calculated to make three strengths. They further submitted that calculation sheet is attached. However, no calculation sheet is attached with the file. Firm has submitted copy of clearance certificate (E-2827420227964) dated 26-Sep-2022 specifying 1.0 Kg of Potassium Clavulanate. The invoice is cleared by DRAP, Lahore. As per record of the executed BMRs of the trial batches with strength of 125mg/5ml, 37.23mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 37.23 x 12 = 446.76mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 446.76 = 670,140mg or 670gm. As per record of the executed BMRs of the trial batches with strength of 250mg/5ml, 74.38mg/5ml quantity of potassium Clavulanate is used. 60ml of bottle is used in stability data. 74.38 x 12 = 892.56mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 892.56 = 1,338,840mg or 1338gm. As per record of the executed BMRs of the trial batches with strength of 400mg/5ml, 67.83mg/5ml quantity of potassium Clavulanate is used.

			60ml of bottle is used in stability data. 67.83 x 12 = 813.96mg/bottle. Total of 03 trial batches with batch size of 500 each were manufactured. 1500 x 813.96 = 1,220,940mg or 1220gm Total of 1220 + 1338 + 670 = 3228gm or 3.22kg.

Decision of 330th meeting of Registration Board: Deferred for following;

- Justification shall be submitted for change in the submitted specifications i.e assay, water content and sulphated ash between the specifications of drug substance manufacturer and drug product manufacturer.
- Justification shall be submitted for submission of COA of the drug substance i.e Amoxicillin trihydrate from drug substance manufacturer instead of Ampicillin trihydrate.
- Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.
- Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.
- Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.
- Raw data sheets for calculation of assay at each time point with formula shall be submitted.
- Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.

Reply submitted by the firm:

S. No.	Reason for deferment	Reply submitted by the firm
1.	Justification shall be submitted for change in the submitted specifications i.e. assay, water content and sulphated ash between the specifications of drug substance manufacturer and drug product manufacturer.	Firm has submitted revised specifications as per drug substance manufacturer. However fee required for revision of specifications is not submitted.
2.	Justification shall be submitted for submission of COA of the drug substance i.e. Ampicillin trihydrate from drug substance manufacturer instead of Amoxicillin trihydrate.	Firm has submitted that due to compilation error, COA of Ampicillin trihydrate was submitted instead of Amoxicillin. They also submitted Amoxicillin trihydrate from drug substance manufacturer.
3.	Justification shall be submitted for Concentration of the standard solution for amoxicillin and potassium Clavulanate in the analytical procedure as both are different from BP.	Firm has submitted that analytical method is adjusted as per actual practice, in accordance with USP <621> Chromatography and system suitability parameters complies the specification. The same had been validated.
4.	Justification shall be submitted for using potassium Clavulanate as reference standard while BP has mentioned lithium Clavulanate as reference standard.	Firm has submitted that Testing was carried out by using working standard of lithium Clavulanate provided by supplier. COA of the same had already been submitted. They also submitted COA from supplier.
5.	Stability data sheets as per decision of 293rd meeting of RB with inclusion of API lot number shall be submitted.	Revised stability data sheets are submitted by the firm with inclusion of API lot No. I.e. Potassium Clavulanate: 4132201012. Amoxicillin: 000120/841/2021.
6.	Raw data sheets for calculation of assay at each time point with formula shall be submitted.	Submitted.

7.	Justification shall be submitted regarding the total quantity of drug substance Potassium Clavulanate imported i.e. 01kg vide clearance certificate (E-2827420227964) dated 26-Sep-2022 with respect to the total quantity of the drug substance used in manufacturing and testing of all the three strengths (09 trial batches) of Falamox suspension.	Firm has submitted that Approx. 1Kg of Potassium Clavulanate vide clearance certificate (E 2827420227964) dated 26-Sep-2022 was used for the product development. For Stability batches, 5Kg of Potassium Clavulanate was taken as loan from Stallion Pharmaceuticals. They further submitted loan letter from M/s Stallion pharmaceuticals mentioning Meropenem trihydrate, Imipenem and Cilastatin and potassium Clavulanate with Syloid (1:1) with computerized clearance certificate No. E-405342829253 dated 16-03-2022 attested by Assistant Director I&E, DRAP, Lahore

Decision: Approved. Registration letter will be issued after submission of 7500/- fee for pre-registration variation as per notification No.F.7-11/2012-B&A/DRAP dated 07-05-2021.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Agenda of Evaluator PEC-XV

Oral Liquid (Veterinary) (New License) (21 Products/ 10 Molecules)		
77.	Name and address of manufacturer / Applicant	M/s One Health Pharma, Place: Plot No. N-28-II-A, S.I.T.E, Kotri, Jamshoro, Sindh, Pakistan.
	Brand Name +Dosage Form + Strength	Vanide Oral Liquid
	Composition	Each ml Contains: Levamisole HCl B.P___15mg Oxyclozanide B.P___30mg Cobalt Sulphate MS__1.67mg Sodium Selenite B.P__0.50mg
	Tracking Id, date & fee	HZ6-2YQ-WGL1 Dated: 14-05-2024 RS 30,000/- Dated 09-05-2024 (Slip No. 40710835610)
	Pharmacological Group	Anthelmintics, Imidazothiazoles
	Type of Form	Form 5
	Finished product Specification	Innovator Specification
	Pack size & Demanded	50ml, 100ml, 250ml, 500ml, 1.0L, 2.5L, 5.0L, 10.0L 15.0L, 25.0L

	Pack size & Demanded	50ml, 100ml, 250ml, 500ml, 1.0L, 2.5L, 5.0L, 10.0L 15.0L, 25.0L
	Me-too status	Olsticol Oral Solution (096837) M/S. Ras Pharmaceuticals (Pvt) Ltd.,25-Km Lahore Road, Multan. Each 100ml Contains: - Florfenicol …….23.0gm Colistin Sulphate……....50MIU
	GMP status	New License issue dated 25-04-2024
	Remarks of the Evaluator	**Target Species**: Cattle (calves), sheep (lambs) and chickens
	Decision: Approved.	
96.	Name and address of manufacturer / Applicant	M/s One Health Pharma, Place: Plot No. N-28-II-A, S.I.T.E, Kotri, Jamshoro, Sindh, Pakistan.
	Brand Name +Dosage Form + Strength	Flor-C Plus Oral Liquid
	Composition	Each ml Contains: Florfenicol MS _____250mg Colistin Sulphate B.P_____50MIU
	Tracking Id, date & fee	4A1-7BQ-E6BR Dated: 15-05-2024 RS 30,000/- Dated 09-05-2024 (Slip No. 01688139578)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	Innovator Specification
	Pack size & Demanded	50ml, 100ml, 250ml, 500ml, 1.0L, 2.5L, 5.0L, 10.0L 15.0L, 25.0L
	Me-too status	Flocol Oral Liquid (074082) Dmaarson Pharmaceuticals
	GMP status	New License
	Remarks of the Evaluator	**Target Species**: Cattle (calves), sheep (lambs) and chickens
	Decision: Approved.	
97.	Name and address of manufacturer / Applicant	M/s One Health Pharma, Place: Plot No. N-28-II-A, S.I.T.E, Kotri, Jamshoro, Sindh, Pakistan.
	Brand Name +Dosage Form + Strength	One Cosin Oral Liquid
	Composition	Each ml Contains: Tilmicosin as (Tilmicosin Phosphate)……250mg
	Tracking Id, date & fee	G9Z-IV3-VLWP Dated: 15-05-2024, RS 30,000/- Dated 09-05-2024 (Slip No. 03361216084)
	Pharmacological Group	Macrolide Antibiotic

	Type of Form	Form 5
	Finished product Specification	Innovator Specification
	Pack size & Demanded	50ml, 100ml, 250ml, 500ml, 1.0L, 2.5L, 5.0L, 10.0L 15.0L, 25.0L
	Me-too status	Tilmosin Oral Solution (Reg.no. 090649) M/S. Evergreen Pharmaceuticals, 69-70/B, Main Glaxo Town, Industrial Area, 20th Km Ferozepur Road, Lahore.
	GMP status	New License
	Remarks of the Evaluator	**Target Species**: Broiler chickens, breeding poultry, hens and turkeys, Sheep and Goat
	Decision: Approved.	

Agenda of Evaluator PEC-XX

98.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Sami Pharmaceuticals Pvt Ltd F-95,Off Hub River Road, S.I.T.E Karachi**
	Name, address of Manufacturing site.	M/s Sami Pharmaceuticals Pvt Ltd F-95,Off Hub River Road, S.I.T.E Karachi
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	GMP status of the firm	Firm has provided GMP certificate dated 30.8.2019 based on inspection dated 28.08.2019 valid for 1 year from the date of issue
	Evidence of approval of manufacturing facility	Firm has submitted copy of letter for Regularization of existing facility dated 22-06-2018 specifying Tablet (General) section.
	Status of application	☒ New Drug Product (NDP) ☐ Generic Drug Product (GDP)
	Intended use of pharmaceutical product	☐ Domestic sale ☐ Export sale ☒ Domestic and Export sales
	Dy. No. and date of submission	Dy. No. 35496 (R&I) DRAP, dated 07/12/2022
	Details of fee submitted	PKR 75,000/- Dated 22-06-2022
	The proposed proprietary name / brand name	Trela 50mg Tablet
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each film coated tablet contains: Trelagliptin Succinate eq to Trelagliptin ……..……..….50mg
	Pharmacotherapeutic Group of (API)	Antidiabetic (Dipeptidyl peptidase 4 inhibitor)
	Pharmaceutical form of applied drug	Film coated tablet
	Reference to Finished product specifications	Innovator's specification
	Proposed Pack size	7's, 10's, 14's and 20's
	Proposed unit price	As per SRO
	The status in reference regulatory authorities	PMDA (Japan) Approved
	For generic drugs (me-too status)	OWT Tablet 50mg by PharmEvo Karachi

	Name and address of API manufacturer.	Anhui Haikang Pharmaceutical Co Ltd No 21 Huancheng West Road Anqing Anhui China
	Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template. Firm has summarized information related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance and drug product.
	Module-III Drug Substance:	Firm has submitted detailed drug substance data related to nomenclature, structure, general properties, solubility, physical form, manufacturers, description of manufacturing process and controls, specifications, analytical procedures and its validation, batch analysis and justification of specification, reference standard, container closure system and stability studies of drug substance.
	Stability Studies of Drug Substance (Conditions & duration of Stability studies)	Stability study conditions: Real time: 30°C ± 2°C / 65% ± 5%RH for 36 months Accelerated: 40°C ± 2°C / 75% ± 5%RH for 6 months Batches:(20180606, 20180613, 20180620)
	Module-III Drug Product:	The firm has submitted detail of manufacturers, description of manufacturing process and controls, process validation studies, specifications, analytical procedure and validation studies batch analysis and justification of specification, container closure system and stability studies of drug product.
	Pharmaceutical Equivalence and Comparative Dissolution Profile	Pharmaceutical equivalence was determined against **Zafatek 50mg tablet (Batch No 522052) by M/s Takeda Pharmaceutical (Exp date 05/2025)** Quality parameters such as appearance, average weight, hardness dissolution, DT, assay, microbial limit and impurity were compared. CDP has been performed against the same brand that is **Zafatek 100mg tablet (Batch No 522052) by M/s Takeda Pharmaceutical** in Acid media (pH 1.0-1.2) in Acetate Buffer (pH 4.5) & Phosphate Buffer (pH 6.8). The % drug release in all three mediums is more than 85% in 15 min hence f2 value is not calculated.
	Analytical method validation study of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.
STABILITY STUDY DATA		

Manufacturer of API	Anhui Haikang Pharmaceutical Co Ltd No 21 Huancheng West Road Anqing Anhui China		
API Lot No.	21072401		
Description of Pack (Container closure system)	Alu-PVC packaging		
Stability Storage Condition	Real time: 30°C ± 2°C / 65% ± 5%RH Accelerated: 40°C ± 2°C / 75% ± 5%RH		
Time Period	Real time: 6 months Accelerated: 6 months		
Frequency	Accelerated: 0, 3,6 (Months) Real Time: 0, 3,6 (Months)		
Batch No.	Lab-01	Lab-02	Lab-03
Batch Size	2000 tab	2000 tab	2000 tab
Manufacturing Date	12-2021	12-2021	12-2021
Date of Initiation	12-01-2022	12-01-2022	12-01-2022
No. of Batches	03		

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not applicable
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Firm has provided copy of GMP certificate dated 09/09/2019 issued by Anqing Biomedical Industry Association valid till 09th September 2024.
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Provided copy of commercial invoice (Invoice# WD202105041 dated 27th July 2021, with received quantity i.e. 2Kg) for the purchase of Trelagliptin Succinate from Anhui Haikang Pharmaceutical Co. Ltd China and clearance certificate from DRAP dated 12/08/2021 (batch no. 21072401)
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Submitted
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Provided
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Provided

Remarks of Assessor:

Sr.#	Observation	Reply	Remarks
1.	Provide updated GMP status of finished product manufacturer	Firm has provided GMP certificate dated 03.08.2022 based on inspection dated May 16, 17,20,23 and 24, 2022 valid for 2 years from the date of issue	Complied
2.	**2.3.R.1.1** Provide copy of Batch Manufacturing Record (BMR) for all the	Provided	Complied

	batches of drug product for which stability studies data is provided in Module 3 section 3.2.P.8.3		

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application**

Agenda of Evaluator PEC-XXI

Agenda Item No. I:
Application(s) for New Registration (Human-Local) - New License / New Section.

99.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Safina Pharmaceuticals (Pvt.) Ltd., 17-KM, Lahore Sheikhupura Road, Distt. Sheikhupura.**
	Name, address of Manufacturing site.	M/s Safina Pharmaceuticals (Pvt.) Ltd., 17-KM, Lahore Sheikhupura Road, Distt. Sheikhupura.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Tracking ID: V4P-XS1-JJL1
	Details of fee submitted	PKR 30,000/- dated May 15, 2023. Challan / Receipt # 85633482867
	The proposed proprietary name / brand name	**ESOSAF 20mg Capsule**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each capsule contains: Esomeprazole magnesium trihydrate equivalent to Esomeprazole … 20mg
	Pharmacotherapeutic Group of (API)	A02BC05, Proton pump inhibitors.
	Reference to Finished product specifications	USP Specifications
	The status in reference regulatory authorities	NEXIUM 20mg Capsules (USFDA Approved)
	For generic drugs (me-too status)	NEXUM 20mg Capsules of M/s Getz Pharma (Pvt.) Limited.
	Proposed Pack size	As per SRO
	Proposed unit price	As per SRO

Evaluation by PEC (XXI):

The following deficiencies have been communicated to the firm:

i. Label claim needs to be corrected as per Innovator / Reference Product as follows: -

Each capsule contains:
Enteric-coated pellets of Esomeprazole magnesium trihydrate equivalent to Esomeprazole ... 20mg

ii. 2.3.P.3.1 Please provide GMP Certificate of FPP Manufacturer (not older than 03 Years).

iii. 3.2.P.2.2.1 (c) Comparative Dissolution Study Results have not been submitted, rather only protocol has been enclosed in this section. Please clarify.

iv.	As mentioned in 3.2. P. 5.6 Justification of Specifications as well as claimed USP Monograph recommends Dissolution Analysis to be performed on Acid Stage as well as Buffer Stage, whereas 3.2. P.5.4 Batch Analysis and 3.2.P.8 Stability Study Data Results show that Dissolution Test have been performed on single stage. Please justify.	
Decision: **Registration Board deferred the case for submission of reply to the above cited shortcomings.**		
100.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Safina Pharmaceuticals (Pvt.) Ltd., 17-KM, Lahore Sheikhupura Road, Distt. Sheikhupura.**
	Name, address of Manufacturing site.	M/s Safina Pharmaceuticals (Pvt.) Ltd., 17-KM, Lahore Sheikhupura Road, Distt. Sheikhupura.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Tracking ID: 2BQ-HNY-QWL9
	Details of fee submitted	PKR 30,000/- dated May 15, 2023. Challan / Receipt # 0562333214
	The proposed proprietary name / brand name	**ESOSAF 40mg Capsule**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each capsule contains: Esomeprazole magnesium trihydrate equivalent to Esomeprazole … 40mg
	Pharmacotherapeutic Group of (API)	A02BC05, Proton pump inhibitors.
	Reference to Finished product specifications	USP Specifications
	The status in reference regulatory authorities	NEXIUM 40mg Capsules (USFDA Approved)
	For generic drugs (me-too status)	NEXUM 40mg Capsules of M/s Getz Pharma (Pvt.) Limited.
	Proposed Pack size	As per SRO
	Proposed unit price	As per SRO
Evaluation by PEC (XXI):		
The following deficiencies have been communicated to the firm: i. Label claim needs to be corrected as per Innovator / Reference Product as follows: - *Each capsule contains:* *Enteric-coated pellets of Esomeprazole magnesium trihydrate equivalent to Esomeprazole ... 40mg* ii. 2.3.P.3.1 Please provide GMP Certificate of FPP Manufacturer (not older than 03 Years). iii. 3.2.P.2.2.1 (c) Comparative Dissolution Study Results have not been submitted, rather only protocol has been enclosed in this section. P.5.4 Batch Analysis and 3.2.P.8 Stability Study Data Results show that Dissolution Test have been performed on single stage. Please justify. v. The submitted Audit Trails Reports are for **Esomeprazole 20mg Capsules.** Please justify.		
Decision: **Registration Board deferred the case for submission of reply to the above cited shortcomings.**		
101.	**Name, address of Applicant / Marketing Authorization Holder**	**M/s Pearl Pharmaceuticals 204, Street No. 1, I-10/3 Industrial Area, Islamabad.**

	Name, address of Manufacturing site.	M/s Pearl Pharmaceuticals 204, Street No. 1, I-10/3 Industrial Area, Islamabad.
	Status of the applicant	☒ Manufacturer ☐ Importer ☐ Is involved in none of the above (contract giver)
	Application Form Dy. No / Tracking ID & date of submission	Tracking ID: DL1-UX3-8EZY
	Details of fee submitted	PKR 30,000/- dated Nov 13, 2023. Challan / Receipt # 024382293716
	The proposed proprietary name / brand name	**SUCROFER 100mg/5ml Injection**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each 5ml ampoule contains: Iron sucrose complex (as elemental iron) … 100mg
	Pharmacotherapeutic Group of (API)	B03AC, Iron, parenteral preparations.
	Reference to Finished product specifications	BP Specifications
	The status in reference regulatory authorities	VENOFER iron 100mg/5mL (as iron(III) hydroxide sucrose complex) injection ampoule, (TGA Australia Approved).
	For generic drugs (me-too status)	BISLERI-S 100mg/5ml Injection of M/s SAMI Pharmaceuticals (Pvt.) Limited, B#010K.
	Proposed Pack size	As per SRO
	Proposed unit price	As per SRO

Evaluation by PEC (XXI):

The following deficiencies have been communicated to the firm: -

i. The enclosed GMP Certificate of API Manufacturer was valid till 18-05-2023. Please provide valid GMP Certificate.
ii. 3.2.P.2.3 In Pharmaceutical Equivalence Study it has been mentioned that study was conducted with SUCROFER **10mg/5ml Injection**. Please clarify.
iii. Please provide evidence of Reference / Innovator's pack used for Pharmaceutical Equivalence.
iv. 3.2.P.5.1 Please mention USP glass Type of ampoule used for filling.
v. 3.2.P.5.1 BP in its Monograph recommends tests for '**content of Iron, Fe**' as well as '**content of Sucrose**' both. However, the same has not been conducted by you. Please justify.
vi. 3.2.P.5.1 Furthermore, the tests for 'Osmolality' as well as 'Molecular Weight Determination' as mentioned in enclosed BP Monograph, have also not been conducted in this section. Please justify.
vii. 3.2.P.8 Please provide Stability Study Data along with attested respective documents like Raw data sheets, COA, summary data sheets etc., for **6th Month Testing Interval** of all 03 Trials.

Decision:
Registration Board deferred the case for submission of reply to the above cited shortcomings.

Agenda of Evaluator PEC-XXIII

Registration applications of New DML (Veterinary)

a. New Cases

I. M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK. CLB in its 294th meeting held on 27th December, 2023 has considered and approved the grant of DML by way of formulation with following section:

1. Oral Powder (Penicillin) Vet. Section

Accordingly, firm has applied for following products for consideration by the Registration Board:

Section	No. of Applied Products	No. of Molecule Applied
Oral Powder (Penicillin) Vet. Section	19	10

Oral Powder (Penicillin) Vet. Section
(19 Products/ 10 Molecules)

102.	Name and address of manufacturer / Applicant	M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK.
	Brand Name +Dosage Form + Strength	BROLIN Powder
	Composition	Each 1000g powder contains: Amoxicillin as Trihydrate B.P …… 100g Lincomycin HCl …….. 50g Colistin Sulphate B.P…….. 500MIU Bromhexine HCl ……. 5g
	Diary No. Date of R& I & fee	Dy.No 2S2-266-3BRB dated 28-05-2024 Rs 30,000/- (Deposit No. 0135384465)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	As per Innovator's Specifications
	Pack size & Demanded	100gm, 250gm, 500gm, 10000gm; Decontrolled
	Me-too status	COLAB W/S POWDER (079839) DECENT Pharma
	GMP status	New DML
	Remarks of the Evaluator	Change label claim according to me-too as follows along with submission of fee: Each 1000g powder contains: Amoxicillin Trihydrate B.P ……100g Lincomycin HCl…….. 50g Colistin Sulphate B.P……500MIU Bromhexine HCl ……. 5g
	Decision: Approved. Firm shall submit PKR 30,000/- fee as per S.R.O. 496(I)/2023 dated 17-04-2023 for pre-registration change in label claim as follows: **"Each 1000g powder contains:** **Amoxicillin Trihydrate B.P ……100g** **Lincomycin HCl…….. 50g** **Colistin Sulphate B.P……500MIU** **Bromhexine HCl ……. 5g"**	
103.	Name and address of manufacturer / Applicant	M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK.
	Brand Name +Dosage Form + Strength	C MOXIN 15% Powder
	Composition	Each 1000Gm powder contains Amoxicillin As Trihydrate B.P ……15% Colistin Sulphate B.P……..550MIU
	Diary No. Date of R& I & fee	Dy.No ULL-E56-6GPZ dated 28-05-2024 Rs 30,000/- (Deposit No. 5258106085)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	As per Innovator's Specifications

	Pack size & Demanded	100gm, 250gm, 500gm, 10000gm; Decontrolled
	Me-too status	AM COL W/S POWDER (073944) Inshal Pharma
	GMP status	New DML
	Remarks of the Evaluator	Change label claim according to me-too as follows along with submission of fee: Each 1000gm powder contains:- Amoxicillin Trihydrate…15% Colistin Sulphate……550 MIU
	Decision: Approved. Firm shall submit PKR 30,000/- fee as per S.R.O. 496(I)/2023 dated 17-04-2023 for pre-registration change in label claim as follows: "Each 1000gm powder contains:- Amoxicillin Trihydrate…15% Colistin Sulphate……550 MIU"	
104.	Name and address of manufacturer / Applicant	M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK.
	Brand Name +Dosage Form + Strength	C MOXIN 20% Powder
	Composition	Each 100Gm powder contains Amoxicillin As Trihydrate B.P ……20Gm Colistin Sulphate B.P……80MIU
	Diary No. Date of R& I & fee	Dy.No Z3G-W4S-QHY9 dated 28-05-2024 Rs 30,000/- (Deposit No. 478304816757)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	As per Innovator's Specifications
	Pack size & Demanded	100gm, 250gm, 500gm, 10000gm; Decontrolled
	Me-too status	AMOXITIN-C W/S POWDER (071062) ATTABAK Pharma
	GMP status	New DML
	Remarks of the Evaluator	
	Decision:	
105.	Name and address of manufacturer / Applicant	M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK.
	Brand Name +Dosage Form + Strength	C MOXIN 23% Powder
	Composition	Each 100Gm powder contains: Amoxicillin As Trihydrate B.P ……23Gm Colistin Sulphate B.P……100MIU
	Diary No. Date of R& I & fee	Dy.No EN4-SS5-UMR3 dated 28-05-2024 Rs 30,000/- (Deposit No. 2100284043)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	As per Innovator's Specifications
	Pack size & Demanded	100gm, 250gm, 500gm, 10000gm; Decontrolled
	Me-too status	PENTA MOX W/S POWDER (071018) BIOGEN Pharma
	GMP status	New DML
	Remarks of the Evaluator	Change label claim according to me-too as follows along with submission of fee: Each 100gm contains:- Amoxicillin trihydrate……23gm Colistin sulphate…100 MIU
	Decision: Approved. Firm shall submit PKR 30,000/- fee as per S.R.O. 496(I)/2023 dated 17-04-2023 for pre-registration change in label claim as follows: "Each 100gm powder contains:- Amoxicillin Trihydrate…23g Colistin Sulphate……100 MIU"	

106.	Name and address of manufacturer / Applicant	M/s Archard Pharmaceuticals Pvt Ltd., Plot No. 27-28/B, Small Industrial Estate, Bhimber, AJK.
	Brand Name +Dosage Form + Strength	C MOXIN 50% Powder
	Composition	Each 100Gm powder contains Amoxicillin As Trihydrate B.P ……50Gm Colistin Sulphate B.P……50MIU
	Diary No. Date of R& I & fee	Dy.No Q3T-8UJ-LS85 dated 28-05-2024 Rs 30,000/- (Deposit No. 7010745494)
	Pharmacological Group	Antibiotic
	Type of Form	Form 5
	Finished product Specification	As per Innovator's Specifications

Agenda of Evaluator PEC-XXIV

ADDITIONAL AGENDA IMPORT

Anticancer: Added on priority in the light of the decision of 257th meeting of Registration Board

121.	Name, address of Applicant / Importer	M/s: Lab Diagnostic Systems (SMC) Pvt. Ltd., 36-A, PSIC, SIE, Taxila, Rawalpindi, Pakistan.
	Details of Drug Sale License of importer	License No: 01-374-0006-96845D Address: 36-A, PSIC, SIE, Taxila, Rawalpindi. Address of Godown: N/A Validity: 04-08-2024. Status: License to Sell Drugs as Distributor
	Name and address of marketing authorization holder (abroad)	Actero Middle East, On the corner of 8th Golestan, Sarvestan Blvd., Baharestan Industrial zone, Karaj, Iran.
	Name, address of manufacturer(s)	Actero Middle East, On the corner of 8th Golestan, Sarvestan Blvd., Baharestan Industrial zone Karaj Iran.
	Name of exporting country	Iran
	Status of the applicant	☐ Manufacturer ☒ Importer ☐ Is involved in none of the above (contract giver)
	Application Form, Dy. No / Tracking ID & date of submission	Form 5F: 8HP-28L-15N5: 15-05-2024
	Details of fee submitted	PKR 300,000/-: 16-04-2024
	The proposed proprietary name / brand name	**Tinlo 150mg Tablet**

	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each film coated tablet contains: Erlotinib (as Hydrochloride) …….150mg
	Pharmacotherapeutic Group of (API)	Anti-Neoplastic
	Reference to Finished product specifications	Any other.
	Detail of certificates attached (CoPP, Free sale certificate, GMP certificate)	Firm has submitted legalized CoPP (No. 665/32562) issuance date 9-7-2022 issued by Food and Drug Administration, Ministry of Health and Medical Education, Iran. The CoPP confirms free sale status of the product in exporting country as well as GMP status of the manufacturing site through periodic inspection every year.
	Details of letter of authorization / sole agency agreement	Name and address of the Market authorization holder declared on submitted COPP is different form that mentioned in Sole Agency agreement.
	The status in reference regulatory authorities	Tarceva®150mg F.C Tablet. (Roche pharma) USFDA Approved
	For generic drugs (me-too status)	Tarceva 150mg Tablet Marketed by: Roche Pakistan Ltd.
	Proposed pack size & MRP	As per SRO

Evaluation by PEC (XXIV):

Sr.#	Section#	Observation	Firm's Response
1.	1.3	Name and address of the Market authorization holder declared on submitted COPP is different form that mentioned in Sole Agency agreement. Notarized valid copy of Sole Agency agreement between the Market authorization holder in the country of origin and the applicant firm shall be submitted.	Reply of the firm is still irrelevant as the submitted LOA is still same as the previously submitted one as it is not evident which is the Manufacturer of the drug product.
2.	1.5.6	Submitted specifications declared as "In house specifications" shall be justified with reference to the "Guidance Document Regarding Application of Drug Product Specifications" published vide letter "No. 9-2/2022-PEC	Firm has stated that they will follow Innovator's specification, however, fee is not submitted for revision of specifications.
3.	3.2.S.4	Drug substance specifications, analytical procedure, analytical method verification studies and batch analysis COA shall be submitted form the drug product manufacturer i.e., M/s Actero Middle East, Iran	Firm has stated, "We have asked the principal M/s Actero Middle East to provide us Drug Substance specifications, analytical procedures, analytical method verification and batch analysis COA, we will submit the data as provided by the principle".

4.	3.2.P.2.2.1	Product development report in section 3.2.P.2 has been submitted from M/s Hetero Labs. India Justification shall be submitted on this regard. Justification shall be submitted for use of 1%SLS in the dissolution medium for the performance of CDP studies. Comparative dissolution studies in three mediums of physiological pH 12, 4.5 & 6.8 shall be submitted, since firm has submitted CDP studies in 0.1N HCl medium only.	Firm has stated, We have asked the principal to provide product PDR, they will also provide the Comparative Dissolution profile in three mediums, we will submit that as provided by the principal". However, firm has attached a document regarding the use of 1% SLS IN 0.1N HCl in which principle states "We Actero Middle east Company hereby notify concerning the dissolution study Erlotibib 150mg Capsule, we follow the practice of brand innovator (Tarceva)(which is tablet) to perform the dissolution profile study, so we use the medium on 1%SLS IN 0.1N HCl. Meanwhile based on the FDA recommendations, Dissolution study is preferred in medium 0.1N HCl".
	3.2.P.5.2	Justification shall be submitted for variation in dissolution medium applied by firm i.e., 0.1NHCl + 1% SLS from that recommended by the US FDA i.e.0.01NHCl + 0.02% Tween 80.	Firm has attached a document regarding the use of 1% SLS IN 0.1N HCl in which principle states "We Actero Middle east Company hereby notify concerning the dissolution study Erlotibib 150mg Capsule, we follow the practice of brand innovator (Tarceva)(which is tablet) to perform the dissolution profile study, so we use the medium on 1%SLS IN 0.1N HCl. Meanwhile based on the FDA recommendations, Dissolution study is preferred in medium 0.1N HCl".
	3.2.P.8.3	Submit stability studies data of three batches till claimed shelf at long term stability conditions and at accelerated stability conditions for 6 months.	Firm has submitted a letter which principle states, "We hereto commit to stability results of the rest two batches will be prepared once the accelerated and long-term stabilities are performed".

Decision: Approved with innovator's specifications as per policy of inspection of manufacturer abroad with submission of fee for revision of specification i.e. 7500/-.
Registration letter shall be issued after the submission of the following data/ documents/clarification.

- **Clarification of name of Market Authorization Holder (abroad).**
- **Drug Substance specifications, analytical procedures, analytical method verification and batch analysis & COAs.**
- **Comparative Dissolution profile in three dissolution mediums.**
- **Submit stability studies data of three batches till claimed shelf at long term stability conditions and at accelerated stability conditions for 6 months.**

122.	Name, address of Applicant / Importer	M/s: Lab Diagnostic Systems (SMC) Pvt. Ltd., 36-A, PSIC, SIE, Taxila, Rawalpindi, Pakistan.
	Details of Drug Sale License of importer	License No: 01-374-0006-96845D Address: 36-A, PSIC, SIE, Taxila, Rawalpindi. Address of Godown: N/A Validity: 04-08-2024. Status: License to Sell Drugs as Distributor

	Name and address of marketing authorization holder (abroad)	Actero Middle East, On the corner of 8th Golestan, Sarvestan Blvd., Baharestan Industrial zone, Karaj, Iran.
	Name, address of manufacturer(s)	Actero Middle East, On the corner of 8th Golestan , Sarvestan Blvd., Baharestan Industrial zone Karaj Iran.
	Name of exporting country	Iran
	Status of the applicant	☐ Manufacturer ☒ Importer ☐ Is involved in none of the above (contract giver)
	Application Form, Dy. No / Tracking ID & date of submission	Form 5F: ZSP-W6J-GMJR: 14-05-2024
	Details of fee submitted	PKR 300,000/-: 16-04-2024
	The proposed proprietary name / brand name	**Imatinib ACTe 100mg Tablet**
	Strength / concentration of drug of Active Pharmaceutical ingredient (API) per unit	Each film coated tablet contains: Imatinib (as Mesylate) …….100mg
	Pharmacotherapeutic Group of (API)	Anti-Neoplastic
	Reference to Finished product specifications	Any other
	Detail of certificates attached (CoPP, Free sale certificate, GMP certificate)	Firm has submitted legalized CoPP (No. 665/32553) issuance date 9-7-2022 issued by Food and Drug Administration, Ministry of Health and Medical Education, Iran. The CoPP confirms free sale status of the product in exporting country as well as GMP status of the manufacturing site through periodic inspection every year.
	Details of letter of authorization / sole agency agreement	Name and address of the Market authorization holder declared on submitted COPP is different form that mentioned in Sole Agency agreement.
	The status in reference regulatory authorities	Gleevec 100mg film coated Tablet of Novartis. US FDA Approved.
	For generic drugs (me-too status)	Imatinib Norman 100mg Tablet of Merixil Pharma.
	Proposed pack size & MRP	As per SRO

Remarks of the Evaluator (XXIV):

Sr. #	Section	Observation	Firm's Response
1.	1.3	• Name and address of the Market authorization holder declared on submitted COPP is different form that mentioned in Sole Agency agreement. • Notarized valid copy of Sole Agency agreement between the Market authorization holder in the country of origin and the applicant firm shall be submitted.	As per submitted Copy of LoA by the firm the name of the MAH is "Actero Middle East Pharmaceutical Company".
2.	1.5.6	Submitted specifications declared as "In house specifications" shall be justified with reference to the "Guidance Document Regarding Application of Drug Product Specifications" published vide letter "No. 9-2/2022-PEC.	Firm provided the following submission from the principle: "Our drug product Imatinib ACTe Tablet 100mg is not registered in any pharmacopeia, but the reference drug product Gleevec 100mg Tablet is USFDA Approved, as per the Guidance Document Regarding Application of Drug

			Product Specifications the product specification of our product is As per Innovator Specifications.
3.	3.2.P.2	Formulation development in section 3.2.P.2 has been submitted from M/s Hetero Labs. India Justification shall be submitted on this regard.	Firm has submitted formulation development data by the drug product manufacturer i.e. Actero Middle East, Iran.

Decision: Approved with innovator's specifications as per policy of inspection of manufacturer abroad with submission of fee for revision of specification i.e. 7500/-.

	Pharmacotherapeutic Group of (API)	antithrombotic agents, direct thrombin inhibitors, ATC code: B01AE07.
	Reference to Finished product specifications	Innovator Specification
	The status in reference regulatory authorities	PRADAXA® MHRA UK approved formulation
	For generic drugs (me-too status)	N/A

Evaluation by DD-PE&R:

Section	Observations
1.5.2	Please submit quantity of salt and base in the label claim as well as type of dosage form either pellets/granules/ powder etc.?
1.5.7	Please repeat the text of label as the local package insert of Pradaxa® currently carries warnings of this risk, including the recommendation to monitor for signs of bleeding or anemia.
3.2.S.3	Please submit additional specification for PSD for un-micronized drug substance and bulk density.
3.2.P.2	• Please submit source /manufacturer of reference product, batch #, Batch size, quantity procured. • Please clarify that why your product is in powder form while the innovator product is in pellets form? • Please submit evidence of procurement of reference product, its quantity & batch #. • Please explain that how comparative dissolution at pH 6.8 has been achieved in both reference and drug product while the innovator product claims that there is very low solubility at pH 6.8 due to low solubility profile of API?
3.2.P.3	As ingredients in your formulation are same as in reference product therefore you are required to explain process of palletization, equipment used.
3.2.P.5	• Please submit in process tests conducted for intermediate formulation to be filled in capsules. • Please submit details of physical appearance of pellets / powder / granules and its testing parameters. • Please submit reference for selection of dissolution media , speed and apparatus.

Decision: Registration Board deferred the case for submission of reply to the above cited shortcomings within six months.

DOCUMENTS / DATA TO BE PROVIDED ALONG WITH STABILITY STUDY DATA

1.	Reference of previous approval of applications with stability study data of the firm (if any)	Not required.
2.	Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	Submitted
3.	Documents for the procurement of API with approval from DRAP (in case of import).	Submitted
4.	Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	firm has submitted analytical record for product testing.
5.	Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system along with audit trail report for product testing.
6.	Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of digital data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Remarks of Evaluator:

Section	Observations	Reply of the firm
1.6.5	• Please submit the GMP certificate of API manufacturer issued by regulatory authority of country of origin and should be in force till date.	Submitted
3.2.P.1	• In Section 1.5.2 of Module I, the label claim describes drug product as **film coated tablet** while in the formulation / pharmaceutical development of drug product, ingredients for film coating are not present. You are therefore required to submit evidence approval of uncoated tablet of famotidine in reference regulatory authority and also in Pakistan. • You are required to submit batch manufacturing record of three stability batches along with Master formula record.	Film coated tablet
3.2.P.8	• Please submit DRAP clearance documents for procurement of API.	Submitted

Decision: Approved.

- **Manufacturer will place first three production batches on long term stability studies throughout proposed shelf life and on accelerated studies for six months as per the commitment submitted in the registration application.**
- **Manufacturer will perform process validation of first three batches as per the commitment submitted in the registration application.**

Item No. 05: <u>Form 5 deferred Cases:</u>

Reference of previous approval of applications with stability study data of the firm (if any)	Submitted
Approval of API/ DML/GMP certificate of API manufacturer issued by concerned regulatory authority of country of origin.	GMP Validity: 08-12-2024
Documents for the procurement of API with approval from DRAP (in case of import).	**Quantity:** 6.5 kg **Dated:** 10-08-2023
Data of stability batches will be supported by attested respective documents like chromatograms, Raw data sheets, COA, summary data sheets etc.	Firm has submitted analytical record for product testing.
Compliance Record of HPLC software 21CFR & audit trail reports on product testing	Firm has submitted certificate of 21 CFR compliance for the HPLC system
Record of Digital data logger for temperature and humidity monitoring of stability chambers (real time and accelerated)	Firm has submitted record of data logger for temperature and humidity monitoring of real time and accelerated stability chambers.

Evaluation by DD-PE&R:

- AGP has submitted NOC issued by Pfizer Pakistan Limited mentioning the products including Zoloft.
- The asset purchase agreement describe the mode of technology transfer is documentation based and includes know how of the manufacturing procedures. The monograph of drug product as well as API are now available in official Pharmacopeia thus the impurity profile of API is now public.
- The API manufacturer has been changed from **Pfizer Asia Manufacturing PTE Singapore** to **Wanbury Limited, India.**
- As per MaV-03 guidelines, firm has submitted comparison of batch analysis report as comparative dissolution profile of previously manufactured batches with the drug product manufactured at AGP.
- There is no change in the formulation of the drug product.
- The primary container material is also same i.e. (ALU/PVC Blister)

Decision: Registration Board acceded to the request of the firm for Change of Registration Holder (MA Holder) along with manufacturing site as under

Tablet Zoloft 50 mg *(Reg. # 020855)*

Existing MAH & Manufacturing site	**Proposed MAH & Manufacturing site**

	Reference to Finished product specifications	USP Specification

EVALUATION OF DATA	
GMP status of the firm	Firm has submitted copy of GMP certificate of the firm based on inspection dated 12-06-2023.
Evidence of approval of manufacturing facility	Central Licensing Board in its 275th meeting held on 20th June 2020 approved the renewal of DML # 000348 Including Tablet (General) Section.
Proposed Pack size	ALU-PVC Blisters
Proposed unit price	As per SRO
The status in reference regulatory authorities	Zoloft® USFDA approved formulation
For generic drugs (me-too status)	Zoloft® by Pfizer
Name and address of API manufacturer.	Wanbury Limited India Division of Doctor Organicc Chemicals Address: K. Illindalaparru, Irragavaram Mandal, West Godavari District Tanuku Andhra Pradesh India.
Module-II (Quality Overall Summary)	Firm has submitted QOS as per WHO QOS-PD template.
Module-III Drug Substance:	Firm has submitted detailed drug substance data as per module 3.2.S.
Stability Studies of Drug Substance (Conditions & duration of Stability studies)	The accelerated stability data is conducted at 40°C ± 2°C / 75% ± 5% RH for 6 months. The real time stability data is conducted at 30°C ± 2°C / 65% ± 5% RH for 60 months.
Module-III Drug Product:	Firm has submitted data of drug product as per module 3.2.P.
Pharmaceutical Equivalence and Comparative Dissolution Profile	**Reference product:** Zoloft 100 mg Tablet **Manufacturer:** Pfizer Pakistan **Testing parameters:** USP specification
Analytical method validation/verification of product	Firm has submitted analytical method validation study reports for drug substance as well as drug product.

4	Bacterial Sterility	Must be sterile.	Complies.	BP 2020
5	Bacterial Endotoxin	7.11U/ml.	Complies.	BP 2020
6	**Assay.** Gentamicin. (Label Claim 80mg/2ml)	95.0% to 105%	95.6%- Complies	BP 2020

Remarks:- 1) The sample is of **"Adulterated and Sub-Standard"** quality under the Drugs Act, 1976.

03. Recall to manufacturer had been issued dated 26-10-2023.

04. FID Karachi asked Ms. Muzammil Brother, Karachi to provide bill warranty in connection with the purchase of above said drug along with subsequent reminders. Letter was returned undelivered with the remarks that shop was closed and they left the premises.

05. FID Karachi issued an explanation letter to M/s. Mediate Pharmaceutical (Pvt) Ltd. Korangi Industrial Area, Karachi for explaining their position in the matter of manufacturing/selling of above mentioned Adulterated and Sub-Standard drug.

06. M/s. Mediate Pharmaceutical (Pvt) Ltd. 150-151, Sector-24, Korangi Industrial Area, Karachi provided bill warranty in connection with the sale of above said drug of M/s; Ahmed Enterprises, Karachi.

07. FID asked to M/s. Ahmed Enterprises, Karachi explain their position. They submitted the stock detail report / Sale record.

08. FID recommended that:

I. M/s. Mediate Pharmaceutical (Pvt) Ltd. 150-151, Sector-24, Korangi Industrial Area, Karachi found involved in manufacturing & selling substandard & adulterated drug Gentamed Injection 2ml Ampoules Batch No. A20434 and violated the section 23(1)(a)(iv), 23(1)(a)(v) of the Drugs Act 1976 and rules framed thereunder. Therefore, action may be initiated under section 42 of the Drugs Act 1976.

II. M/s; Muzammil Brother, Shop #15, Maji Market, No. 4, Kutchi Gali No. 01, Denso Hall M.A. Jinnah Road Karachi found involved in selling of sub-Standard & adulterated drug and violated the section 23(1)(a)(iv), 23(1)(a)(v) & 23(1)(i) of the Drugs Act 1976 of the Drugs Act 1976, punishable under section 27 of the Drugs Act 1976.Therefore licensing authority may be requested to cancel his Drug Sale License No. 2461.

09. A show cause notice was issued from QA&LT Division to Ms. Mediate Pharmaceutical (Pvt) Ltd., Karachi vide letter F.No.03-22/2021-QC dated 24th January 2024.

10. Ms. Mediate Pharmaceutical (Pvt) Ltd., Karachi has submitted the reply that they checked their batch optically, no any ampoule found with black particles. Further, they mentioned that they were stopped the production of Gentamycin Injection in ampoule, last batch was manufactured in Jan-2021. They were destructed all recall stock of Gentamycin ampoules; destruction certificate is attached. They added that they will no longer manufacture the said drug in ampoule because it seems that it is not stable in ampoule, further they are going to apply for de register this product as we are not manufacturing this in a few years.

11. Firm has been called for personal hearing.

12. Proceedings and Decision of 336th Meeting of Registration Board.

M/s. Mediate Pharmaceutical (Pvt) Ltd., Karachi vide letter No. Nil dated 04-06-2024 submitted that their Managing Director is out of country due to performance of Hajj and unable to appear on personal hearing and requested to provide another chance of personal hearing.

Registration Board considered the request of the firm and decided to provide another chance of personal hearing to the firm.

CASE NO. 02: MANUFACTURE & SALE OF SUB-STANDARD FLAGYNASE SUSPENSION, REG. NO. 087528, BATCH NO. 0224 MANUFACTURED BY M/S. ARIES PHARMACEUTICALS (PVT) LTD., PESHAWAR.

The Federal Inspector of Drug, DRAP, Karachi inspected M/s National Institute of Child Health, (NICH), Rafeeqi Shaheed Road Karachi on 03-02-2022 wherein following sample along with other drugs were taken for the purpose of test/analysis on prescribed Form-3.

02. Details are:

Name of Product	Manufactured by	Reg. no.	Batch no.	Mfg. Date	Exp. Date	CDL Remarks
Flagynase Suspension BP (Metronidazole)	M/s. Aries Pharmaceuticals (Pvt) Ltd., Peshawar.	087528	0244	11-21	11-23	Sub-Standard on pH

03. Results of CDL on the basis of which sample under reference has been declared as Adulterated & Substandard are reproduced as under: -

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Identification	The identification test must identify Metronidazole Benzoate.	Complies.	BP 2020
2.	pH	**5.0 to 6.5**	**4.63 Does not comply.**	BP 2020
3.	**Assay** Metronidazole (Label Claim 200mg/5ml)	95.0% to 105.0%	97.17% Complies**.** 107.9% Complies.	BP 2020

Remarks: 1) *The sample is of **"Sub-Standard"** quality under the Drugs Act, 1976.*

04. FID DRAP Karachi submitted the case along with firm's reply that:

"[...] they have test the retained sample of Flagynase 60ml suspension and have found it as per specification.

M/s. Aries pharma* did not challenge *the test report. FID submitted that portion of sample lying with the Board* may be got retested *from Appellate Laboratory NIH Islamabad under section 22(5) of Drugs Act 1976 [...]"

05. In view of FID's request, letter was sent to get a response from FID for the reason(s) to submit the case for retesting.

06. FID-III, Karachi responded vide letter No. F. DHB-12 to 017/2022-FID-II(K) dated 26th Oct, 2023, stating the then FID did not request for retesting and it was inadvertently typed hence it may be considered as typo error, as informed by her. The case is now submitted for the consideration of Board.

07. Proceedings and Decision of 331st Meeting of Registration Board.

Out of Specification (OOS) investigations and testing records submitted by M/s. Aries Pharmaceuticals (Pvt) Ltd., Peshawar and CDL, DRAP Karachi was presented before Registration Board.

The Board deliberated the case in detail and decided not to accede the firm's request of appellate testing and to issue show cause notice for suspension/cancellation/ prosecution in Drug Court of the subject cited drug to M/s. Aries Pharmaceuticals (Pvt) Ltd., Peshawar and called them for personal hearing before Registration Board.

08. Show cause notice to the firm was issued vide office letter No. F.No.03-38/2023-QC (331-RB) dated 13th December 2023.

09. Firm has been called for personal hearing.

10. Proceedings and Decision of 336th Meeting of Registration Board.

Mr. Noor Faraz, Production Manager, Mr. Shiraz Khan, QC Manager and Mr. Abdul Haseeb, Regulatory Officer appeared before the Board. They said that stability study of the product is ongoing and request for inspection by the panel.

"The Board after considering the facts of the case and after thorough deliberations decided:

i. Suspension of the Registration of Flagynase Suspension, Registration No. 087528 manufactured by M/s. Aries Pharmaceuticals (Pvt) Ltd., Peshawar under section 42 of the Drugs Act, 1976 and rules framed thereunder, for a period of six months or till verification of Root Cause Analysis (RCA) and Corrective and Preventive Action (CAPA) by a panel with satisfactory report; whichever is later.

ii. Submission of RCA and CAPA by the firm.

iii. Product Specific Inspection including verification of RCA and CAPA by panel of inspectors/experts to be nominated by Director QA/LT.

iv. Firm shall submit complete recall status of aforementioned batch as per Recall Guidelines Doc no. QALT/GL/RA/001 to the QALT Division, DRAP, Islamabad.

CASE NO. 03: MANUFACTURE & SALE OF SUB-STANDARD WATER FOR INJECTION, BATCH NO. 440 MANUFACTURED BY M/S. KARACHI PHARMACEUTICAL LABORATORIES, KARACHI.

The Federal Inspector of Drug, DRAP, Karachi inspected M/s Sindh Government Children Hospital, North Nazimabad, Karachi on 16-09-2022 wherein following sample along with other drugs were taken for the purpose of test/analysis on prescribed Form-3. Details are:

Name of Product	Manufactured by	Reg. no.	Batch no.	Mfg. Date	Exp. Date	CDL Remarks
Water for injection	M/s. Karachi Pharmaceutical Laboratories, Karachi	012570	440	Jun 22	Jun 25	Sub-Standard on conductivity.

02. The Federal Government Analyst, Central Drugs Laboratory, Karachi declared the above said sample as "Sub-Standard" quality vide their test report No.KQ.9-22-000164 dated 11-10-2022 and No.KQ.9-22-000164 (Final) dated 28-10-2022. Results of CDL on the basis of which sample under reference has been declared as Sub-Standard quality are reproduced as under: -

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Acidity or Alkalinity	Meet the requirements.	Complies.	BP 2020
2.	Conductivity	Not more than 25uS/cm	**48.09uS/cm- Does not comply.**	BP 2020
3	Sterility	Must be sterile	Complies	BP 2020
4	Bacterial endotoxin	Not more than 0.25IU/ml	**Does not comply**	BP 2020
5	Visible particulate matter	Meets the requirement	Complies	BP 2020

Remarks: The sample is of **"Sub-Standard"** quality under the Drugs Act, 1976.

04. FID, DRAP, Karachi informed that the firm has requested for retesting.

05. As per decision of 313th meeting of Registration Board regarding appellate testing, Firm and Federal Government Analyst, CDL Karachi has been asked to submit OOS investigation dated 21-06-2023

06. Ms. Karachi Pharmaceutical Laboratories Karachi submitted their reply vide Ref. KPL/HR/7/23 dated 03-07-2023 along with OOS investigation, OOS results reproduced as:

"Handling of Out of specifications OOS results for samples in Karachi Pharmaceutical Laboratories. It is the policy of Karachi Pharmaceutical Laboratories that written procedures shall be followed to carry out laboratory investigations/product retest and assign probable cause and initiate appropriate CAPA for OOS results of samples."

07. Firm submitted recall log, the percentage of recall is **89.24%.** Area FID has been requested for verification of recalled stock, reply awaited.

08. Technical Evaluation of OOS Investigation:

i. The product was declared as sub-standard on the basis of conductivity and bacterial endotoxin.
ii. There may be issues during manufacturing processes, quality of API, and instability of product.
iii. Firm submitted reply without scientific justifications and clear conclusion, further, flow chart for investigation of OOS was not attached as mentioned in the conclusion. While CDL Karachi submitted that the final decision of the report is OOS valid.

09. Proceedings and Decision of 331st Meeting of Registration Board.

i. Out of Specification (OOS) investigations and testing records submitted by Ms. Karachi Pharmaceutical Laboratories Karachi and CDL, DRAP Karachi was presented before Registration Board.
ii. The Board deliberated the case in detail and decided not to accede the firm's request of appellate testing and to issue show cause notice for suspension/cancellation/ prosecution in Drug Court of the subject cited drug to Ms. Karachi Pharmaceutical Laboratories Karachi and called them for personal hearing before Registration Board.

10. Show cause notice to the firm was issued vide office letter No. F.No.03-38/2023-QC (331-RB) dated 13th December 2023

11. Firm has been called for personal hearing as per decision of the Registration Board.

12. Proceedings and Decision of 336th Meeting of Registration Board.

No person on behalf of M/s. Karachi Pharmaceutical Laboratories Karachi appeared before the Board. Registration Board decided to provide last chance of personal hearing to the firm.

Case No. 04: MANUFACTURE & SALE OF SUB-STANDARD STERILE WATER FOR INJECTION BATCH NO. W-20017 & W-20024, MANUFACTURED BY M/S. MEDIATE PHARMACEUTICAL (PVT.) LTD., KARACHI.

The Federal Inspector of Drug, DRAP, Karachi visited the premises of M/s Mediate Pharmaceutical (Pvt.) Ltd., Karachi on 14-04-2021 wherein following samples along with other drugs were taken for the purpose of test/analysis on prescribed Form-3. Details are:

Name of Product	Manufactured by	Reg. no.	Batch no.	Mfg. Date	Exp. Date	CDL remarks
Hitaxime 1gm Injection (vial) Cefotaxime	Mediate Pharmaceutical (Pvt.) Ltd., Karachi	044109	V-20059	11-2020	11-2022	Standard.
Sterile water for injection (ampoule)	Mediate Pharmaceutical (Pvt.) Ltd., Karachi	053244	W-20017	07-2020	07-2023	Substandard on the basis of Bacterial endotoxin.
Hilixophin 500mg Injection (vial) Ceftriaxone	Mediate Pharmaceutical (Pvt.) Ltd., Karachi	044105	V-20085	12-2020	12-2022	Standard.
Sterile water for injection (ampoule)	Mediate Pharmaceutical (Pvt.) Ltd., Karachi	053244	W-20024	12-2020	12-2023	Substandard on the basis of Bacterial endotoxin.

02. Results of CDL on the basis of which sample under reference has been declared as Substandard are reproduced as under:-

i. Reports No. KQ.91/2021:

(STERILE WATER FOR INJECTION)

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Description	Clear sterile water, free from visible particles, preserved in single dose glass or plastic container.	Complies.	USP 43
2.	Bacterial Sterility	Must be sterile.	Complies.	USP 43
3.	**Bacterial Endotoxin**	**Less than 0.25 EU per ml.**	**Does not comply.**	**USP 43**

(HITAXIME 1GM INJECTION)

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Description	Offwhite powder in clear glass vial	Complies.	Mfg. Specs.
2	Identification	The identification test must identify Cefotaxime Sodium.	Complies.	USP 43
3.	pH	4.5 to 6.5	Complies.	USP 43
4.	Bacterial Sterility	Must be sterile.	Complies.	USP 43
5.	Bacterial Endotoxin	Not more than 0.20 EU per mg.	Complies.	USP 43
6.	Assay Cefotaxime (label claim 1gm/vial)	90.0% to 115.0%	105.0% complies	USP 43

NOTE: Initial report has been released for the purpose to facilitate prompt regulatory action in larger public interest. Final report will be released after completion of further relevant tests.

Remarks: *The sample is of **"Sub-Standard"** quality under the Drugs Act, 1976.*

ii. Reports No. KQ.92/2021:

(STERILE WATER FOR INJECTION)

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Description	Clear sterile water, free from visible particles, preserved in single dose glass or plastic container.	Complies.	USP 43
2.	Bacterial Sterility	Must be sterile.	Complies.	USP 43
3.	Bacterial Endotoxin	Less than 0.25 EU per ml.	**Does not comply.**	USP 43

(HILIXOPHIN 500MG INJECTION)

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Description	Off white powder in clear glass vial.	Complies.	Mfg. Specs.
2	Identification	The identification test must identify Ceftriaxone Sodium.	Complies.	USP 43
3.	pH	6.0 to 8.0	Complies.	USP 43
2.	Bacterial Sterility	Must be sterile.	Complies.	USP 43
3.	Bacterial Endotoxin	Not more than 0.20 EU per mg.	Complies.	USP 43
6.	Assay Ceftriaxone.	90.0% to 115.0%	100.3% complies	USP 43

	(label claim 500mg/vial)			

NOTE: **Initial report has been released for the purpose to facilitate prompt regulatory action in larger public interest. Final report will be released after completion of further relevant tests.**

Remarks: *The sample is of **"Sub-Standard"** quality under the Drugs Act, 1976.*

03. FID, DRAP, Karachi informed that the firm has requested for retesting. The firm stated that:

"[…] we are requesting you to retest Bacterial Endotoxin test of both WFI injections, for this purpose we retest samples in our QC Dept. with three different kits and find results as given below:

Test performed	***Bioendo***	***Lonza***	***Cape-Cod***
Bulk sample	*Fail*	*Pass*	*Pass*
Sample after autoclave	*Fail*	*Pass*	*Pass*
W-20017	*Fail*	*Pass*	*Pass*
GSK WFI SPW9/1 (02-2018)	*Fail*	*Pass*	*Pass*

04. As per decision of 313th meeting of Registration Board regarding appellate testing, firm and Federal Government Analyst, CDL Karachi has been asked to submit OOS investigation dated 26-01-2022.

05. M/s. Mediate Pharmaceutical Pvt Ltd., Karachi replied they conducted investigation but found no fail results. Firm has mentioned that they cross checked the recalled product and QC retention samples and performed bacterial endotoxin test by using three different kits out of which results of Bioendo endotoxin kit were not satisfactory. Details are:

S.no	**Reagent used**	**Results**
Lonza Endotoxin Kit		
1	Lysate reagent	Satisfactory
2	Control standard endotoxin	Satisfactory
3	Lal reagent water	Satisfactory
Cape code Endotoxin Kit		
4	Lysate reagent	Satisfactory
5	Control standard endotoxin	Satisfactory
6	Lal reagent water	Satisfactory
Bioendo Endotoxin Kit		
7	Lysate reagent	Un-satisfactory
8	Control standard endotoxin	Un-satisfactory
9	Lal reagent water	Un-satisfactory

06. While CDL, Karachi submitted OOS investigation, the result was OOS is confirmed.

Technical Evaluation of the case:

- The product was declared sub-standard on the basis of results of Bacterial endotoxin.
- Endotoxin test performed by Gel Clot method both by firm and CDL as given in USP 43.
- The method is based on visual inspection of the sample after incubation for presence of gel or otherwise.

07. Proceedings and Decision of 326th Meeting of Registration Board.

Out of Specification (OOS) investigations and testing records submitted by M/s. Mediate Pharmaceutical (Pvt.) Ltd., Karachi and CDL, DRAP Karachi was presented before Registration Board.

After Through discussion about (OOS) Investigation report submitted by the firm and deliberation the case in detail and decided

1. not to accede the firm's request for appellate testing of this product and
2. to issue show cause notice under Section 42 of the Drugs Act, 1976 and rules framed thereunder, for suspension / cancellation of product Sterile water for injection (ampoule) Registration # 053244 manufactured by M/s. Mediate Pharmaceutical (Pvt.) Ltd., Karachi and called for personal hearing before Registration Board in this instant case.

In view of Board's decision, they were called for personal hearing.

08. Proceedings and Decision of 329th Meeting of Registration Board.

Mr. Muzammil Mehmood Khan, Quality Control Manager of Ms. Mediate Pharmaceutical (Pvt.) Ltd., Karachi was appeared before the Board. He submitted the same stance mentioned in their OOS report.

Board asked about non satisfactory results of OOS performed by firm, self-audit report and water system qualification for which he did not provide any justifiable reply.
Registration Board after thorough discussion and considering the facts of the case along with another similar case of decided:

- *Suspension of the Registration of Sterile Water for injection, Registration No. 053244 under section 42 of the Drugs Act, 1976 and rules framed thereunder, for six months or till verification of Root Cause Analysis (RCA) and Corrective and Preventive Action (CAPA) by a panel with satisfactory report; whichever is later.*
- *Submission of RCA and CAPA by the firm.*
- *Product Specific Inspection including verification of RCA and CAPA by panel of inspectors/experts to be nominated by Director QA/LT.*

Panel Inspection Report:

09. Panel conducted the PSI of sterile water for injection 5ml Batch no. W-20017 and W-20024 on 25-10-2023. Panel mentioned in report that they evaluated key documents in detail to determine possible chance of failure or OOS or gaps and during inspection panel also noticed that the firm had kept suspended the manufacturing of WFI as per Registration Board's decision.

- Respective BMR of Batch 0. W-20017 & W-020024 of Water for Injection 5ml.
- Re-Air balancing report of 2nd floor Air Handling Unit (AHU No. 09 & 14) by a third party Technocratics Pvt. Ltd., conducted after failure.
- HEPA Filter Integrity retest Report by Technocratics Pvt. Ltd.,
- Re-validation Report of Passivation Process for WFI Loop System and Storage Tank by Technocratics Pvt. Ltd.,
- Re-validation report of Dry Heat Sterilizers
- Re-validation report of Autoclave
- Revised validation Protocol for Re-Qualification of distilled water plant.
- Revised Validation protocol for Bacterial Endotoxin Test for water for injection readdressed.
- All other relevant record and SOPs for determining the possible chances of contamination into the sterile products.
- Repeat test results including raw data of TOC analyzer, Conductivity & pH meter reports that also included the in-depth review of their BET Kits, methods and preparation and handling of samples, sterility testing SOPs records and equipment's validation and calibration records.
- PC IR lab report of respective batch (copy enclosed).
- Root Cause Analysis (RCA) Reports (Copy enclosed).

10. Firm mentioned in **conclusion of their CAPA** that keeping in view the decision of registration board they had conducted the following **possible root causes** of the problem:

- Review of Respective BMR of Batch NO. W-20017 & W-20024 of Water for Injection 5ml.
- Air balancing report of 2nd floor air handling Unit (AHU No. 09 & 14) by a third party Technocratic Pvt. Ltd.,
- HEPA Filter Integrity Test Report by Technocratic Pvt. Ltd
- Validation Report of Passivation Process for WFI Loop System and Storage Tank by Technocratic Pvt. Ltd.
- Validation report of Dry Heat Sterilizers
- Validation report of Autoclave
- Validation Protocol for Re-Qualification of distilled water plant.
- Validation protocol for Bacterial Endotoxin Test for water for injection.
- All other relevant record and SOP's for determining the possible chances of contamination into the sterile products.
- Repeat test results including raw data of TOC analyzer, Conductivity, Biological and chemical indicators & pH meters' report that also included the in-depth review of their BET Kits, methods and preparation and handling of samples, sterility testing SOPs records and equipment's validation and calibration records.
- PCSIR lab report of respective batches used in Endotoxin test Method validation of sterile water for injection with interval period of one month in manufacturing dates, their reports shows the consistency in Area of manufacturing & Results.

11. **Conclusion of the panel** is mentioned below:

"Keeping in view of above mentioned facts, the panel unanimously recommends that their suspended registration of Water for Injection (Reg. No. 053244) may be resumed with the

condition to retest their first batch of Water for Injection again for better safety and quality of the products manufactured by the firm."

Proceedings and Decision of 336th Meeting of Registration Board.

The Board after considering the facts of the case and after thorough deliberations and keeping in view recommendation of panel of experts in it inspection report dated 25.10.2023 decided:

i. "To resume the production of Sterile Water for injection, Registration No. 053244 of M/s. Mediate Pharmaceutical (Pvt.) Ltd., Karachi.
ii. Firm shall inform area FID to take sample from 1st commercial batch for the purpose of test/analysis by CDL Karachi and sale of the product is subject to the standard report by the Central Drugs Laboratory, Karachi."

Case No. 05: MANUFACTURE & SALE OF SUB-STANDARD LEFIN PEDIATRIC SUSPENSION, REG. NO. 000404, BATCH NO. 332V, MANUFACTURED BY M/S. LEAMA CHEMI PHARMA (PVT) LTD. PESHAWAR.

The Federal Inspector of Drug Peshawar inspected the premises of M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar on 12-08-2021 wherein the sample of drug along with other drugs were taken for the purpose of test/analysis on prescribed Form-3.

Name of Product	Manufactured by	Reg. no.	Batch no.	Mfg. Date	Exp. Date	CDL Results
Lefin Pediatric Suspension (Paracetamol)	M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar.	000404	332V	06/21	05/23	Sub-Standard on the basis of Assay.

02. Results of CDL on the basis of which samples under reference has been declared as Substandard quality are reproduced as under:-

S.No.	Test	Acceptance Criteria	Result	Reference
1.	Description	Pink coloured suspension in ambered glass bottles.	Complies.	Mfg. Specs.
2.	Identification	The identification test must identify Paracetamol.	Complies.	BP 2020
4.	**Assay** Paracetamol. (Label Claim 120mg/5ml)	95.0% to 105.0%	**70.45%- Does not comply.**	BP 2020

Remarks: *The sample is of **"Sub-Standard"** quality under the Drugs Act, 1976.*

03. FID has sent the explanation letter to explain their position dated 26-10-2021 regarding the violation of Drug Act 1976 and DRAP Act 2012.

04. The firm has submitted their reply dated 29-11-2021, wherein they requesting for retesting of product Lefin Pediatric Suspension Batch no. 332V.

05. The agenda of "Handling requests of Appellate Testing- Guidance document for registration Board" was discussed in 313th meeting of Registration Board. The Board after thorough deliberations and considering the facts of the case decided as:

i. The firm will provide OOS investigation and complete testing record of the concerned batch along with scientific justifications/grounds with the request of Appellate testing under section 22(4) of the Drugs Act 1976.
ii. Federal Government Analyst, Karachi will provide OOS investigation and complete testing record of such reports.
iii. Registration Board advised QA&LT Division to present all cases of Appellate Testing with these both set of documents along with technical report of the case.

06. The firm's response received dated 14-02-2022. Firm has submitted testing method on UV and it seems that assay method on HPLC was added afterwards as document show did not show serial No. on HPLC method.

07. CDL submitted the response dated 15-03-2021 wherein they mentioned: OOS is validated.

08. Technical Evaluation of the case:

i. The product was declared substandard by CDL on the basis of assay.
ii. CDL performed the test as per BP 2020.
iii. Testing method of firm was not a control document.
iv. HPLC was not standard method, they mentioned UV for assay in testing method.

v. Firm performed assay on HPLC dated 10-12-2021 while the parameters i.e mobile phase, standard preparation, sample preparation, wavelength, flow rate was not as per BP 2020.

Parameters	BP Parameters	CDL parameters	Firm's Parameters
Flow rate	1.5ml/min	1.5ml/min	1ml/min
Column temperature	35	35	-
Detection wavelength	245nm	245nm	256nm
Inject volume	50ul	50ul	10ul

vi. Audit trail was not provided by firm.

vii. Data is not time stamped hence data integrity cannot be verified.

09. Proceedings of 317th Meeting of Registration Board.

Out of Specification (OOS) investigations and testing records submitted by M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar and CDL, DRAP Karachi was presented before Registration Board. The Board deliberated the case in detail as follows:

i. Registration Board considered the case of M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar requested for Appellate testing. In compliance to the decision of 313th meeting of Registration Board, the firm and CDL were asked to submit Out of specification (OOS) investigation vide office letter dated 23-12-2021. The firm submitted the response dated 14-02-2022. Firm has submitted testing method on UV and it seems that assay method on HPLC was added afterwards as document does not show serial No. on HPLC method. While CDL submitted the response dated 15-03-2022 wherein they mentioned: OOS is validated.

ii. Review of documents revealed that the product "Lefin Pedriatic Suspension" (Reg# 015203) was registered vide letter No.F.3-3/97-Reg.II(M-125) dated27th June 1997 and no specification was mentioned in registration letter. Later on the subject product was included in BP specifications while the firm is still manufacturing and testing the product per manufacturer specifications. Further in 197th meeting of Registration Board held on 3-4th May 2006, the Board decided as:

> "All the firms shall adopt the specifications mentioned in the official pharmacopoeias for all the formulation except those drugs not included in the official pharmacopoeias. For these drugs manufacturers may adopt their own specifications till the inclusion of that formulation in the official pharmacopoeias. after this decision firms will not be allowed to adopt their own specifications for the drugs, which are included in any of the official pharmacopoeias, listed in the Section 3 of Drugs Act, 1976."

10. Decision: Keeping in view position narrated above the Board concluded that the firm is still manufacturing/testing the said product as per manufacturer specifications despite of the fact that it is included in the official pharmacopoeia (BP). Therefore, Board did not accede the firm's request of appellate testing. Thus, the Board decided to issue show cause notice for suspension/cancellation/ prosecution in Drug Court of the subject cited drug to M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar and called them for personal hearing before Registration Board.

11. Decision of 317th meeting of Registration Board had been communicated vide letter No. F.03-30/2022-QC (317-RB) dated 21-06-2022.

12. Firm has replied vide Ref. No. Nil dated 30-06-2022 wherein they provided HPLC analysis and requested to accept the same. Firm was called for personal hearing in 320th meeting of Registration Board.

13. Proceedings and Decision of 331st Meeting of Registration Board.

- Mr. Irfan Wahid, QCM (CNIC# 17301-1469985-7) and M. Ibrar Khalid, Production In charge (CNIC# 17301-1666657-5) appeared before the Board. They said that they performed the assay by UV spectroscopy and after the substandard report received they performed the assay by HPLC method.
- "Registration Board after considering the facts of the case and thorough deliberations decided to suspend the registration of the said product for six (06) months or till the verification of root cause analysis, Corrective and preventive action (CAPA) by the firm and verification of aforementioned points and Product Specific Inspection by following panel whichever is later.
  - Director DTL Peshawar.
  - Additional Director, DRAP, Peshawar"

14. FID, Peshawar submitted PSI report vide letter no. F.11-22/2024-Leama-DRAP-137. Inspection was conducted on 20.07.2023 against DRAP letter for verification of CAPA of substandard Lefin suspension Batch no. 332V, however the firm was given further recommendations to implement CAPA in

letter in spirit. The firm's management requested for some time and panel agreed for 3-month time for implementing of CAPA.

15. Panel checked and evaluated following parameters:

S.No.	Panel Questions	Firm's Reply	Panel Views/ Comments
1.	Did the firm identified quality risks associated their product for sub-standard results or Root cause Analysis was performed?	The firm's technical persons stated that one of the problem is frequent change of vendors resulting in stability issued of the product. The firm has devised vendor qualification SOP (Annex-VI) and fixed new source of API as Citi Pharmaceuticals Lahore.	Root cause is identified by the firm and necessary SOP has been devised/ implemented for the fixing source of API followed by further proceedings as per product development on new source of API. Three trial batches B. 001, 002 and 003 are placed on stability studies.
2.	Did the firm has vendor qualification procedure?	SOP is devised/ implemented.	Since the RC was identified as non-qualification of vendor, the firm has now implemented the SOP for source fixation of Paracetamol API. The firm has fixed the source of API as Citi Pharma, Lahore
3.	How CAPA was prepared?	New vendor API is used for the product and results were in compliance. The firm also informed that they have used official testing method now and results of product are in compliance.	CAPA was implemented with new formulation development limited to trial batches. The firm plan to resume commercial batches after permission from DRAP and has agreed/ committed for conducting stability studies on commercial batches as and when manufactured. The official testing method (BP 2023) for product is also adopted by the firm.
4.	Any change in the formulation has taken place?	The firm informed that they have changed the formulation.	The has also changed the formulation having following amendments (Addition of Sorbitol 70%). The trial batch reports indicate analytical results in limit. The is also advised to ensure testing of Sorbitol excipient for EG/ DEG in solvents or get sample tested from authorized labs to ensure their safety.
5.	If formulation is changed, stability study was conducted and what was stability testing protocol?	Three trial batches has been manufactured by the firm and placed on stability studies. Testing data indicated the product is stable.	The firm has adopted pharmacopeial testing method (B.P 2023) and followed all the steps provided in their SOP for new testing method. The firm is also directed to ensure testing of impurities EG/DEG in solvents or get sample tested from authorized labs to ensure their safety.
6.	The firm was asked to present any other	The firm has provided following documents. 1. Vendor Qualification.	Scientific data/ product testing record has neem provided by the

	relevant documents for evaluation.	2. Trial batches stabilities 3. Product development 4. Root cause analysis 5. Change control	firm to accept the CAPA plan of the firm.

16. In conclusion, the panel was of the view that the firm has taken necessary steps for CAPA implementation. The management of the firm had given commitment to conduct stability studies on commercial batches as and when allowed by DRAP for commercial scale production. Further, the firm was also directed to adopt proper change control, risk evaluation of all the changes to be implemented and review of their CAPA to ensure its effectiveness.

17. **The panel recommended resumption of production of Lefin pediatric suspension with condition of adoption of change control, risk evaluation, CAPA review and all the further steps to ensure the quality of their product.**

Proceedings and Decision of 336th Meeting of Registration Board.

The Board after considering the facts of the case, keeping in view recommendations of panel of experts in its report dated 20.07.2023 and after thorough deliberations decided:

i. "To resume the production of Lefin Pedriatic Suspension, Registration No. 015203 of M/s. Leama Chemi Pharma (Pvt) Ltd. Peshawar.
ii. Firm shall inform area FID to take sample from 1st commercial batch for the purpose of test/analysis by CDL Karachi and sale of the product is subject to the standard report by the Central Drugs Laboratory, Karachi."

Case No. 06: SUBSTANDARD ESPEZAR CAPSULE MFG. BY AVANT PHARMACEUTICALS (PVT.) LTD., HUB, BALOCHISTAN.

01. Federal Government Analyst, CDL Karachi vide test report No. KQ-10-23000127 declared the batch A401 of product Espezar Tablet manufactured by M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub, as of substandard quality. Details of CDL test report are as under:

S.No.	Product	Mfg. by	Batch No.	CDL Test Result
01	Espezar Tablets	M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub Balochistan.	A401	Dissolution (Acid stage) **Does not comply** Assay 84.96% **Does not comply**

02. Firm was ordered to recall the defected batch of the product in question and Federal Inspector of Drugs-II Karachi was directed to investigate the matter and submit a comprehensive report in the matter. FID-II Karachi vide letter F. ARS-112-113/2023-FID-lI (K) dated 27-12-2023 submitted show-cause letter issued to firm by FID II Karachi, BMR of batch A401 of product Espezar Tablet and request of firm for appellate testing of their product under Section 22(4) of the Drugs Act, 1976.

03. Registration Board in its 313th decided as under:

"Proceedings and Decision of 313th Meeting of Registration Board.
The Board after thorough deliberations and considering the facts of the case decided as:
i. The firm will provide OOS investigation and complete testing record of the concerned batch along with scientific justifications/grounds with the request of Appellate testing under section 22(4) of the Drugs Act 1976.
ii. Federal Government Analyst, Karachi will provide OOS investigation and complete testing record of such reports.
iii. Registration Board advised QA&LT Division to present all cases of Appellate Testing with these both set of documents along with technical report of the case."

04. In the light of above-mentioned decision of the Board, the division of QA&LT vide letter F. No. 03-46/2023-QC requested the Federal Government Analyst CDL Karachi and M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub for the submission of OOS investigation as directed by the Board.

05. Summary of OOS investigation is given as under:

Summary of OOS investigation submitted by M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub.

M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub Balochistan in their reply has provided OOS investigation report wherein they have ruled out any chance of error in the testing of their product. Along with the said reply, the firm has annexed "Certificate of Analysis" and HPLC chromatograms of their retention sample and have concluded that no error was found in testing and the product complies with the innovator's specification.

Summary of OOS investigation submitted by Central Drugs Laboratory, Karachi.

Federal Government Analyst, CDL Karachi has also submitted that they have tested the product as per innovator's specifications and has provided detailed method for test/analysis. Moreover, in the provided OOS investigation report, FGA CDL Karachi has ruled out any possibility of error in the test/analysis method.

06. Proceedings and Decision of 336th Meeting of Registration Board.

Out of Specification (OOS) investigation provided by the firm and by Federal Government Analyst, CDL Karachi were presented before Registration Board. The Board deliberated on the OOS investigation and did not agreed with the OOS investigations submitted by the firm. The Board did not accede to request of the firm for appellate testing and decided to issue show cause notice to M/s. Avant Pharmaceuticals (Pvt.) Ltd., Hub Balochistan under Section 42 of the Drugs Act, 1976 and called them for personal hearing before Registration Board in its forthcoming meeting.

Meeting ended with a vote of thanks to and from the Chair
