

F.No.8-1/2026-(Health & OTC)
Government of Pakistan
Ministry of National Health Services, Regulations & Coordination
Drug Regulatory Authority of Pakistan
Health & OTC Division
~*~*~*~*~*~

Islamabad, the 5th May, 2026

SUBJECT: - FINAL REMINDER - DECISION OF ENLISTMENT EVALUATION COMMITTEE (EEC) REGARDING PENDING ENLISTMENT APPLICATIONS

The Drug Regulatory Authority of Pakistan (DRAP), in accordance with its mandate under the DRAP Act, 2012, is committed to ensuring the safety, quality, and efficacy of Alternative Medicines and Health Products. Under the Alternative Medicines and Health Products (Enlistment) Rules, 2014, DRAP continues to regulate the enlistment of manufacturers, importers, and their respective products. Since 2019 the Division has published First-in First-out (FIFO) lists from time to time on the official website of DRAP. The Division of Health & OTC is currently disposing off applications received in February, 2026 as per FIFO.

2. While the EEC has successfully granted enlistment to a significant number of products, several applications remain deferred for submission of further documentation or clarification by applicant. Although these shortcomings were previously communicated, both by post and via DRAP's official website, many firms have yet to submit their responses. To facilitate the final disposal of these applications, this directive serves as a Final Opportunity for all applicants to submit their outstanding replies, clarifications, and missing documentation within thirty (30) days of the issuance of this directive.

3. To facilitate efficiency and transparency, DRAP has transitioned to a digital ecosystem. All submissions/responses to these deficiencies must be routed through the Case Management System (CMS) module of the eAPP portal (www.eapp.dra.gov.pk) using existing secure login credentials of respective applicant.

4. Please be advised that failure to provide the required information within this stipulated timeframe shall be construed as a lack of interest in pursuing the application. In such instances, EEC shall proceed to finalize the cases based on the available record, without further notice or recourse.

Additional Director (HOTC)
Health & OTC Division, DRAP
